Volume 40—Numbers 191-251

Pages 45157-60221

INDEX

XUM

This INDEX is based on a consolidation of contents entries appearing in the October–December issues of the FEDERAL REGISTER. It is published monthly, quarterly, and annually.

A GENERAL INDEX to the entire Code of Federal Regulations is available as of July 1 each year.

Numerical Finding Aids. CUMULATIVE LIST OF CFR SECTIONS AFFECTED is published monthly and is cumulated each month, keyed to the revision dates of the various CFR volumes. A CUMULATIVE LIST OF PARTS AFFECTED by entries in this INDEX appears at the end of this INDEX, together with a table of FEDERAL REGISTER pages and dates.

All FEDERAL REGISTER publications are available for purchase from the Superintendent of Documents, U.S. Government Printing Office, Wash. D.C. 20402.

Users and subscribers are invited to send their comments and suggestions to the Director, Office of the Federal Register, National Archives and Records Service, Wash. D.C. 20408. Inquiries may be made to either Loren Myers, Roy Nanovic, or Shirley Adams at area code 202–523–5227.

TABLE OF CONTENTS

Subjects	III
Agency entries	1
List of CFR Parts Affected	I
Federal Register Pages and Dates	IX

The following is a general subject guide designed to lead users to agencies which published material during the period covered by this INDEX.

SUBJECTS	AGENCIES IN THIS INDEX

Elanco Products Co.; tebuthiuron around sugarcane, 58686
EM Laboratories, Inc., Triforine Technical, 56477
Engineers Corps; diguat on Asiatic duckweed, 51081
Fisons Corp.; 2-ethoxy-2,3-dihydro-3,3 dimethyl-5-benzofuranyl on seed production grasses; correction, 46343
GAF Corp.; ethephon on tobacco, 50304
Great Lake Chemical Corp.; methyl bromide on tomatoes, etc., 54857
Heptachlor and chlordane; denial of applications, 55898
Merck & Co., Inc.; thiabendazole on sugar beets, 52083, 54961
Michigan Department of Agriculture; oxytetracycline hydrochloride on peaches, 46155, 49401
Mobil Chemical Co.; ethoprop on corn, etc., 59241
New York State Agricultural Experiment Station; oxytetracycline hydrochloride on peaches, 50305, 51493
Oklahoma Department of Agriculture; sodium chlorate on mung beans, 46343
PPG Industries, Inc.; sodium azide on potatoes, etc., 47532
Rohm & Haas Co.; 4-butyl-4H-1,2,4-triazole on wheat, 54860
Union Carbide Corp.; propionic acid on corn, 51495
Velsicol Chemical Corp.; insecticide on cockroaches, 54861
Vermont Department of Agriculture; diphacinone around apple orchards, 59478
Whitmoyer Laboratories, Inc.; HYLON, 59776

Wyoming Department of Agriculture; strychnine in rabid skunk control, 48714
Waste, solid; disposal project; American Cyanamid Corp. and former EPA employee; certification, 54856
Waste, solid; treatment, management, etc.:
Alternate techniques for best practicable treatment, 49598, 57240
Water pollution; effluent guidelines for certain point source categories:
Coal mining, 48712
Mineral mining, 48668
Ore mining and dressing, 51748
Water pollution control:
Nuclear facilities, discharges from; memorandum of understanding with NRC; policy statement, 60115
Water pollution control; discharge of pollutants:
Michigan, 47532
Missouri, 54462
Nevada, 48389
New York, 54462
North Carolina, 51493
Water quality, safe drinking water; determination; Edwards Underground Reservoir, San Antonio, Tex., 58344

Yankee Atomic Electric Power Co. et al., 56740

FEDERAL PREPAREDNESS AGENCY

Notices
International energy program; voluntary agreement and program; Caltex Petroleum Corp., 47218
Radiological incident emergency response planning; interagency responsibilities, 59494

FEDERAL PREVAILING RATE ADVISORY COMMITTEE

Notices
Meetings, 48549, 53439, 59493

FEDERAL RAILROAD ADMINISTRATION

Rules
State participation; certification, investigation, etc., 55508

Proposed Rules
Locomotive inspection test program; hearing, 47522

Notices
Meetings:
Railroad Operating Rules Advisory Committee, 48163, 58680
Petitions for exemptions, etc.:
Savannah State Docks Railroad Co., 47532

FEDERAL REGISTER OFFICE

Rules
CFR checklist; 1975 issuances, 45157, 51009, 55633
Clemency, Title 2, CFR; abolished, 52995

Notices
Directory of Federal regional structure; agency maps and tables, correction, 53314
"Federal Register—What it is and how to use it"; public briefings, 58898
Freedom of information index requirements; quarterly guide to agency material, 48748
0
Inflation impact statements; certification language and form, 48979
Privacy Act; table of dates and pages of publications, 48900, 49290

FEDERAL RESERVE SYSTEM

Rules
Authority delegations:
Director, Division of Banking Supervision and Regulation; registration statement, acceleration of effective date, 55635
Secretary of Board of Governors, 46093
Bank holding companies:
Registered securities, certain; transfer agent, 55634
Banks; reserve percentages, 60055
Banks, State; banking practices, 51179
Banks, State; securities, 50457, 52843
Credit by banks for purchasing or carrying margin stocks; put and call options; CFR correction, 59322
Credit by brokers and dealers:
Arranging for credit, 53379
Put and call options; CFR correction, 59322
Interest on deposits:
Definition, savings deposits, 46301
Penalty on withdrawal, 57663
Nondiscrimination on basis of sex or marital status consumer credit protection, 49298, 60055
Privacy Act; implementation, 45617
Reserves of member banks:
Definition, savings deposits, 46301, 48499
Reserve requirements, 49310
Truth in lending:
Consumer credit transactions; closing costs disclosure, 50507
Credit accounts; open end; correction, 45158
Fair credit billing; correction, 54424
Single-component finance charges; disclosure, 55634

Proposed Rules
Bank holding companies:
Automobile leasing; permissible activity, 53272
Purchase of redemption of own shares, 58866
Stock interests in foreign joint ventures, 60082
Banks, foreign activities:
Corporations engaged in foreign banking and financing: stock interests in foreign joint ventures, 60082
Stock interests in foreign joint ventures, 60082

Notices
Average predominant prime rate, Sept. 1975; determination, 48550
Federal Open Market Committee:
Domestic open market operations; authorization, 45581, 50154
Domestic policy directives, 48551, 52765, 58181
Federal recurring payments; delivery to financial institutions, 59786
Grandfather privileges, review; Valley Financial Services, Inc. et al., 57398
Insured banks; joint call for report of condition, 47214
Insured banks; joint proposal for revision of report of condition and report of income, 46399

Endangered and threatened species; critical habitat area determinations; fish, wildlife, and plants, 58308

Endangered and threatened species; fish, wildlife, and plants:
- Butterflies in Calif., 48139
- Crane, Mississippi sandhill; critical habitat; extension of time, 49348
- Fauna and flora, list of; additions; correction, 49347, 57221
- Salamander, Red Hills, 45175

Notices

Coyote damage control; cattle, sheep, and goats; report on emergency use of M-44 devices, 50739, 57225, 58871

Endangered species permits; applications, 45858, 47156, 47157, 47158, 47159, 47808, 47809, 47810, 48150, 49113, 49584, 50294, 50735, 50737, 50738, 51206, 52421, 52870, 52871, 54448, 54844, 54845, 54846, 54847, 54848, 54849, 55681, 55683, 55684, 55685, 55686, 57372, 57373, 57499, 57500, 58324, 58669, 58872, 59260

Environmental statements; availability, etc.:
- National Wildlife Refuge System, 54451, 59228

Marine mammal applications:
- Campbell, Howard W., 47161
- Laughlin, Thomas R., 51676

Marine mammals; waiver of moratorium; walrus, 59459

Navigable waters, proposals in or affecting; guidelines, 55810

Oil and gas exploration and development; territorial and inland navigable waters and wetlands; guidelines, 55804

Stamp contest; migratory bird hunting, 48535, 50549

FOOD AND DRUG ADMINISTRATION

Rules

Animal drugs, feeds, and related products:
- Ampicillin trihydrate boluses, 55849
- Applications; submission, 52609
- Bambermycins, 59726
- Carbadox and pyrantel tartrate, 45164, 57798
- Cephapirin sodium for intramammary infusion, 57454
- Chlortetracycline boluses, 57455, 58633
- Clopidol and chlortetracycline, 52723
- Clopidol-bacitracin methylene disalicylate, 52723
- Crufomate liquid, 52722
- Dichlorvos, 50258
- Furosemide injection, 60051
- Gentamicin Sulfate, 48676
- Ketamine hydrochloride injectable dosage forms, 59342
- Lincomycin, 58132
- Mebendazole paste, 60051
- Monensin, 58289
- N'-(2,4-Dimethylphenyl-N-(((2,4-dimethylphenyl) imino) methyl)-N-methylmethanimidamide; correction, 45165
- Nifurpirinol capsules, 60051
- Nystatin, neomycin, thiostrepton, and triamicinolone acetonide ointment, 48676
- Oxytetracycline hydrochloride injection, 48502
- Phenylbutazone tablets, 48675
- Stanozolol sterile suspension and tablets, 46101
- Tebuthiuron, 56425
- Trichlorfon oral liquid, 45164
- Tylosin, 53390, 57668, 60049, 60050, 60052
- Tylosin and sulfamethazine, 59726
- Virginiamycin, 52723
- 2,2-Dimethyl-1,3-benzodioxol-4-ol methylcarbamate, 45163
- 4-Amino-6-(1,1-dimethylethyl)-3-(methylthio)-1,2,4-triazin-t(4H)-one; pesticides, 55320

Biological products:
- Blood and blood products, manufacturing and standards; collection, processing, and storage, 53532, 55849
- Blood and blood products; registration of manufacturers and products, 52788
- Radioactive drugs; correction, 52361

Cosmetic products:
- Halogenated salicylanilides, 50527

Drug Listing Act of 1972; registration; NDA and HRI codes, 52000, 53997

Food additives:
- Acrylate-acrylamide resins, 54777
- Antioxidants and/or stabilizers for polymers, 49082, 60050
- Aspartame; stay of effective date, 56907
- Cane-sugar and beet-sugar mill microorganisms, 49573, 51625
- Citric acid, 49080
- Lactylic esters of fatty acids, 54777
- Paper and paperboard in contact with aqueous and fatty foods, 46099, 57209
- Polyethylene, oxidized, 47104
- Poly(tetramethylene terephthalate), 51034
- Resinous and polymeric coatings, 48675
- Resinous and polymeric coatings for polyolefin films, 52608
- Sanitizing solutions, 58852

Frozen desserts, mellorine; stay of identity standard, 59725

Glasses and sunglasses, use of impact-resistant lenses; labeling, 46099

Human drugs:
- Ampicillin trihydrate-probenecid capsules, 58288
- Ampicillin trihydrate-probenecid for oral suspension, 49083
- Antacid products; over-the-counter drugs; testing procedures, 48343
- Bleomycin sulfate, sterile, 52003, 53998
- Cephalexin monohydrate tablets, 49083
- Cephradine for injection; sterile cephradine, 51625
- Contraceptive, oral; patient labeling, 48918, 49574
- Erythromycin stearate for oral suspension, 49083
- Griseofulvin (ultramicrosize) tablets; correction, 45426
- Halogenated salicylanilides, 50527
- Insulin syringes; warning and caution statement, 46100, 48919, 58288
- Prescription drugs; reminder labeling and advertisements, 58794
- Rifampin-isoniazid capsules, 53997
- Streptosul-V Tablets; withdrawal of approval, 49594
- Tobramycin and tobramycin sulfate injection, 57796

Onion rings made from diced onions; common or usual names, 54536

Packaging and labeling; food, drugs, cosmetics, and devices, 57451, 57453

Pesticide tolerances in food:
- Tebuthiuron, 56425
- Thiabendazole, 52006
- 2, 4-Dichlorophenoxyacetic acid in potable water, 58287
- 2,2-Dimethyl-1,3-benzodioxol-4-ol methylcarbamate, 45163
- 4-Amino-6-(1,1-dimethylethyl)-3-(methylthio)-1,2,4-triazin-t(4H)-one, 55320

Potato chips made from dried potatoes; common or usual names, 54539

Privacy Act; implementation, 55839

Radiological health:
- Microwave ovens; concealed interlocks and insertion of objects, 52007

Salmon, Pacific, canned; identity standards and fill of container; confirmation of effective date, 57454

Seafood products; common or usual names, 54537

Sirups, table; identity standards; effective date confirmation; correction, 59725

Water, bottled; processing and bottling; stay of sampling and testing requirements, 51194

Proposed Rules

Animal drugs, feeds, and related products:
- Medicated feeds; manufacturing practice; extension of time, 47516
- Vegetable oil byproducts, industrial grade; prohibited substances; extension of time, 52738

Biological products:
- Blood; label statements distinguishing volunteer from paid donors, 53040, 54429
- Blood cells, reagent red; standards, 52621, 57688
- Blood grouping serum; standards, 52623, 57688
- Hepatitis B Surface Antigen, 46318
- Plasma, single-donor human; standards, 52619, 57688

Color additives, provisionally listed; postponement of closing dates, 53039

Food additives:
- Vinyl chloride polymers; extension of time, 50277

Fruits and vegetables, processed; drained weight standards and labeling, 52172, 54587, 57811

Human drugs:
- Contraceptive devices, intrauterine; labeling; extension of time, 48362
- Levodopa, 54252, 55869
- Methadone; procedures to deny or revoke applications to receive shipments, 52049
- Over-the-counter drugs; marketing status of recommended ingredients, 56675, 57811
- Over-the-counter drugs; testing of category III active ingredients, 49097
- Sleep-aid, daytime sedative, and stimulant over-the-counter drugs; monograph establishment, 57292

Peanut spread; common or usual name establishment, 51052

Privacy Act; implementation, 45190

Radiological health:
- Women of childbearing age; medical radiation exposure, 58151

Shellfish safety program; extension of time, 52051

Spreads, fruit-flavored sweetened; common or usual name establishment, 52616, 57688

Notices

Alcoholic beverages; labeling, 54455, 54456

Anesthesiology Panel's Classification Results Report; availability, 56709

Animal drugs:
- Chlormadinone acetate; withdrawal of approval, 60105
- Diethylstilbestrol, et al.; withdrawal of approval, 54455
- FAS Premix No. 1A; withdrawal of approval, 49595
- Iodinated casein; partial withdrawal, 53292
- Kymar Ointment; withdrawal of approval, 57510
- Nova-3 premix medicated; withdrawal of approval, 54456
- Pendistrin ointment; withdrawal of approval, 54456
- Streptosul-V Tablets; withdrawal of approval, 49594

Animal feeds, meat and poultry with drug, pesticide, and industrial chemical residues; memorandum of understanding with APHIS, 59769

See Arts and Humanities, National Foundation.

NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION

Rules
Consumer information regulations; tire quality grading standards, uniform, 57806
Environmental impacts; procedures for consideration, 52395
Motor vehicle safety standards:
Brake systems, air, 48512, 56898
Brake systems, hydraulic, 47789
Bus window retention and release, 48512
Fuel system integrity, 47790, 48352
Interior materials, flammability, 56667
Lamps, reflective devices, and associated equipment, 54426, 54427, 59349
Occupant crash protection; correction, 56667
School bus; definition, 60033
Seat belt assemblies, light trucks and mpv's; correction, 48512
Tires, new pneumatic, for passenger cars, 53033, 57687
Used components in manufacture of motor vehicle, 49340
Windshield zone intrusion, 53033
Organization and functions, 48352
Petition procedures for rulemaking, defect, and noncompliance; correction, 53032

Proposed Rules
Anthropomorphic test dummy; specifications; extension of time, 51059
Consumer information, 45200
Cost information reporting by motor vehicle manufacturers; correction, 50277
Defect and noncompliance responsibility, 56931
Defect notification and remedy; petitions for hearings, 56926
Motor vehicle safety standards:
Axle, gross weight rating; definition, 58152
Brake fluids, 56928
Brake hoses, 55365
Brake systems, air, 45200, 52856, 56920, 57690, 59222
Brake systems, hydraulic, 45200
Brake systems, motorcycle, 45200

INDEX

Electrical system integrity; extension of time, 51059
Occupant crash protection, 60075
School bus passenger seating and crash protection, 47141
Seat belt assemblies, Postal Service vehicles, 60075
Trailer manufacturing; used components, 58153
Motor vehicles and equipment; importation procedures, 54002
Vehicles manufactured in two or more stages, 45847, 55665

Notices
Bicycles, motorized; operational safety; inquiry, 55375
Defects, initial determinations; hearings, etc.:
Dodge truck wheel nuts; defect petition denied, 57710
Highway safety program; approval policy revision; agreement with FHwA, 54022
Meetings:
Motor Vehicle Safety National Advisory Council, 46150, 53056, 59236

CUMULATIVE LIST OF CFR SECTIONS AFFECTED

The CUMULATIVE LIST OF CFR SECTIONS AFFECTED is designed to lead users of the Code of Federal Regulations (CFR) to amendatory actions published in the Federal Register. It should be shelved with current CFR volumes. Entries are by CFR title, chapter, part, and section. Proposed rules are listed at the end of appropriate titles, except for Title 41, in which proposed rules follow each chapter.

(CHANGES JANUARY 2 THROUGH DECEMBER 31, 1975)

TITLE 1—GENERAL PROVISIONS | Page

Chapter II—Selective Service System

CUMULATIVE LIST OF CFR SECTIONS AFFECTED

The CUMULATIVE LIST OF CFR SECTIONS AFFECTED is designed to lead users of the Code of Federal Regulations (CFR) to amendatory actions published in the Federal Register. It should be shelved with current CFR volumes. Entries are by CFR title, chapter, part, and section. Proposed rules are listed at the end of appropriate titles, except for Title 41, in which proposed rules follow each chapter.

HOW TO USE THIS FINDING AID

The CFR is revised annually according to the following schedule:

Titles 1–16—as of Jan. 1
17–27—as of April 1
28–41—as of July 1
42–50—as of Oct. 1

To bring these regulations up to date, consult this CUMULATIVE LIST OF CFR SECTIONS AFFECTED for any changes, additions, or deletions published after the revision date of the volume you are using. Then check the CUMULATIVE LIST OF PARTS AFFECTED appearing at the front of the latest Federal Register for less detailed but timely changes published after the final date included in this publication.

ISSUES TO BE SAVED

There is no longer a single annual issue of the CUMULATIVE LIST OF CFR SECTIONS AFFECTED. Four publications must be saved: the December issue is the annual for Titles 1–16; the March issue is the annual for Titles 17–27; the June issue is the annual for Titles 28–41; the September issue is the annual for Titles 42–50.

PARALLEL TABLE OF STATUTORY AUTHORITIES AND RULES

A table is included after Title 50 which contains references to the U.S. Code sections cited as authority for CFR regulations added or revised during the calendar year.

TABLE OF FEDERAL REGISTER ISSUE PAGES AND DATES

A table is included at the end of this publication which identifies the inclusive page numbers and corresponding dates for the period covered.

INDEXES

An INDEX to the daily Federal Register is published monthly, quarterly, and annually for the calendar year. A separate volume, the GENERAL INDEX to the entire Code of Federal Regulations, is revised as of July 1 each year.

INQUIRIES AND SUGGESTIONS

This publication was prepared under the editorial direction of Rose Steinman, with Uriel Schoenbach and Carol Blanchard as Chief Editors. INQUIRIES, telephone 202–523–5227.

SUGGESTIONS concerning this and other publications of the Office will be welcomed by Fred J. Emery, Director, Office of the Federal Register, National Archives and Records Service, Washington, D.C. 20408.

TITLE 10—ENERGY

Chapter I—Nuclear Regulatory Commission

NRC and Energy Research and Development Administration (Chapter III, below) are the successor agencies to Atomic Energy Commission.

Chapter heading revised; Parts 0–170 retained as amended ---- 8774
0 Nomenclature changes ---- 8774
0.735–3 (c) through (h) revised ---- 8775
(d)(2) and (g) corrected ---- 20268
0.735–4 (a) through (d) revised; (i) removed ---- 8775
0.735–5 (a) revised ---- 8775

Page

0.735–21 (b)(1) through (5) amended ---- 8775
0.735–22 (b) revised ---- 8775
0.735–23 (d) and (e)(1) revised ---- 8775
0.735–26 (c) and (d) amended ---- 8775
0.735–27 Amended ---- 8775
0.735–28 (a) footnote, (e)(9) and (f) amended; (b)(2), (e)(10) and (h) revised ---- 8775
(i) amended ---- 50704
0.735–29 Heading and (a) introductory text revised; (a)(1) removed; (a)(2) redesignated (a)(1) and new (a)(2) added ---- 8776
0.735–30 (m) amended ---- 50704
0.735–40 (b) revised; (d) amended ---- 8776
(e) amended ---- 50704
0.735–49 (a) amended ---- 8776
0 Annex B amended ---- 8776
1 Removed ---- 8776
1.127 Added ---- 1230
2 Authority citation revised ---- 8776
Nomenclature changes ---- 8776, 8777
2.1 Revised ---- 8776
2.4 Introductory text, (d), (i) and (j) revised; (e) amended; (f) and (1) removed; (o) and (r) added ---- 8777
2.104 (c) revised ---- 2973
2.110 Added ---- 2976
2.111 Added ---- 8777
2.300—2.310 (Subpart C) Removed ---- 8777
2.400—2.407 (Subpart D) added ---- 2976
2.600—2.607 (Subpart F) Removed ---- 8777
2.704 (b), (c) (d), and (e) revised ---- 51996
(c) corrected ---- 53379
2.720 (h)(2)(i), (ii) and (iii) revised ---- 2973
2.721 (b) revised ---- 51996
2.744 (d) and (g) revised; (e) removed ---- 2973
2.752 (a) footnote amended ---- 8777
2.760a Revised ---- 2974
2.780 Amended ---- 2974
(e) amended ---- 8776
2.785 (b) redesignated as (b)(1); (b)(2) added ---- 2974
(a), (c) and (d) revised ---- 8777
2.790 Nomenclature changes ---- 7894
(a)(1) and (8) revised; (d) amended ---- 7894
2.905 (a), (e), and (h) revised ---- 44124
2.914 Removed ---- 44125

2 Appendix A amended ---- 2974, 8777, 51996
3 Removed ---- 8777
4 Authority citation revised ---- 8777
Nomenclature changes ---- 8778
4.1 Revised ---- 8778
4.3 (i) revised ---- 8778
4.4 Revised ---- 8778
4.23 Removed ---- 8778
4.25 Removed ---- 8778
4.45 Amended ---- 8778
4.51 (e) and (f) amended ---- 8778
4.64 Amended ---- 8778
4.75 (a) amended ---- 8778
4.81 Revised ---- 8778
4.93 Revised ---- 8778
4 Appendix A amended ---- 8778
6 Removed ---- 8778
7 Revised ---- 8778
9 Nomenclature changes ---- 7894
Authority citation revised ---- 44484
9.1 Nomenclature changes ---- 7894
Revised ---- 44484
9.1a Added ---- 44485
9.2 (a) and (c) amended; (d) revised; (e) redesignated as (f); new (e) and (g) added ---- 7894
Revised ---- 44485
9.3—9.16 (Subpart A) Heading revised ---- 44485
9.3 Removed ---- 7894
Added ---- 44485
9.3a Added ---- 44485
9.5 (a) (1) and (7) revised; (b) and (c) redesignated as (c) and (d); new (b) added ---- 7894
9.7 Revised ---- 7894
9.8—9.10 Revised ---- 7895
9.11—9.16 Added ---- 7895
9.50—9.95 (Subpart B) Added ---- 44485
Appendix A amended ---- 7897
Appendix A nomenclature changes ---- 7894
10 Authority citation revised ---- 8781
Nomenclature changes ---- 8781, 8782
Redesignated as Part 710 (Chapter III) ---- 8795
10.1 Amended ---- 44125
10.2 (b) revised ---- 44125
10.5 (b) through (e) revised ---- 8781
(a) amended ---- 44125
10.10 (c) amended ---- 8782
10.11 (a)(3) and (b)(3) and (4) revised ---- 8782
10.28 (a) amended ---- 8782
10.34 (b) and (c) amended ---- 8782
10.38 Removed ---- 8782
11 Removed ---- 8782

14.1 (b) revised ---- 8782
14.2 (b) revised ---- 8782
14.6 Revised ---- 8782
14.8 Revised ---- 8782
14.9 Amended ---- 8782
19 Authority citation revised ---- 8782
19.1 Revised ---- 8783
19.2 Revised ---- 8783
19.3 (b) amended ---- 8783
19.5 Revised ---- 8783
19.11 (c) revised ---- 8783
19.13 Amended ---- 8783
19.16 Amended ---- 8783
19.17 Amended ---- 8783
19.30 Amended ---- 8783
19.32 Added ---- 8783
20 Authority citation amended ---- 8783
Nomenclature changes ---- 8783
20.1 (a) revised, (c) amended ---- 8783
(c) revised ---- 58847
20.2 Revised ---- 8783
20.3 (a)(11) revised; (a)(18) added ---- 8783
(a)(4) revised ---- 42558
20.5 (b) removed ---- 50705
20.7 Revised ---- 8783
20.207 Revised ---- 26679
20.407 (a), (b) and (b) footnote amended ---- 8783
(a)(3) amended ---- 50704
20.408 Amended ---- 8783
20.601 Revised ---- 8784
20 Appendix D nomenclature changes ---- 8784
Appendix D revised ---- 42558
Appendix B amended ---- 50705
25 Removed ---- 44125
30 Authority citation revised ---- 8784
Nomenclature changes ---- 8784, 8785
30.1 Revised ---- 8784
30.4 (a–1) added; (c) and (k) revised ---- 8784
30.6 Amended ---- 8784
30.11 (a) footnote 2 removed; (b) revised ---- 8784
30.12 Revised ---- 8784
30.32 (a) revised ---- 8785
(a) amended ---- 50704
30.35 Removed ---- 8785
30.41 (b)(1) and (5) amended; (b)(2) revised ---- 8785
30.55 (b) amended; footnote removed ---- 8785
30.62 Heading revised; text amended ---- 8785
30.63 Revised ---- 8785

31 Nomenclature changes 8785
31.5 (b) and (c)(3), (5), (7), and (8) amended 8785, 14085
31.8 (a), (b), and (c) amended; footnote added 8785
31.10 (a) and (b) amended 8785
31.11 (b) and (c) amended; (d)(2) footnote added 8785
32 Nomenclature changes 8785, 8786
32.51 (a)(3)(iii) footnote added 8785
32.54 (a) footnote revised 8785
32.58 Footnote added 8786
32.70 (c) footnote added 8786
32.71 (d) footnote added 8786
33.12 Amended 8786
34.3 Amended 8786
34.25 (d) amended 8786
34.31 (a)(2) amended 8786
35 Nomenclature changes 8786
35.14 (b)(1), (2), (3), and (5), (d)(4), and (f)(1) amended; (b)(2)(iii) and (3)(iii) revised 8786
35.31 Amended 8786
35.100 (a)(3), (4), and (13), (b)(21) and (c)(3)(viii) revised; (c)(3)(ix) added 3210B
(b)(23) redesignated as (b)(24) and new (b)(23) added 3210B
(d)(1) and (f)(7) amended; (f)(8) added 26680
36 Nomenclature changes 8786
36.2 Revised 8786
36.11 Amended 8786
37 Removed 42558
40 Authority citation revised 8786
Nomenclature changes 8786, 8787
40.1 (b) revised 8786
40.4 (a–1) added; (e) and (m) revised 8787
40.5 Amended 8787
40.11 Revised 8787
40.14 (a) footnote removed; (b) revised 8787
40.31 (a) amended 8787
40.47 Removed 8787
40.64 (a), (b), and (c) amended; footnote removed 8787
40.65 Added 53230
40.81 Revised 8787
50 Authority citation revised 8788
Nomenclature changes 8788, 8789, 8790
50.1 Revised 8788
50.2 (l) revised; (w) added 8788
50.4 Revised 8788
50.11 Revised 8788
50.12 (a) footnote removed; (b) revised 8789
50.30 (a) revised 8789
50.34a (a) amended 19442
(a) revised 58847
50.36a (a)(2) amended 8789
(b) amended 19442
Amended 58847
50.42 Footnote amended 8789
50.46 (a)(2)(ii) through (vi) and (3) revised 8789
50.54 (l–1) and (q) amended 8789
50.57 (d) removed 8790
50.60 Removed 8790
50.101 Amended 8790
50.102 Revised 8790
50.103 (a)(2) revised 8790
50.110 Revised 8790
50 Appendix B amended 3210D
Appendixes N and O added 2977
Appendix I added 19442
Appendix I amended 40818, 58847
51 Nomenclature changes 8790
51.20 (g) added 1008
(g)(3) and (g) table corrected 2978
(e) Table S–3 amended 31594
(g) Table S–4 amended 31594
51.23 (a) revised 1009
55 Authority citation amended 8790
Nomenclature changes 8790
55.1 Amended 8790
55.2 Revised 8790
55.4 (e) amended 8790
55.5 Revised 8790
55.10 (a) introductory text, (5) and (6) amended 8790
55.12 (a) amended 8790
55.20 Amended 8790
55.22 (a) amended 8790
55.25 Amended 8790
55.31 (e) amended 8790
55.50 Revised 8790
55.60 (b) and note amended 8791
55.61 Removed 8791
60 Removed 8791
70 Authority citation revised 8791
Nomenclature changes 8791, 8792
70.1 (b) revised 8791
70.4 (a–1) added; (h) revised; (p) removed 8791
70.5 Amended 8791
70.11 Revised 8791, 14085
Corrected 16047
70.14 (a) footnote removed; (b) revised 8791, 14086
70.19 (a), (b) and (c)(3) amended; (c)(2) footnote added 8792

Nomenclature changes 8792
73.2 (q) added 8792
(r) added 52841
73.4 Revised 8792
73.6 Revised 52841
73.36 (c)(2) and (e) amended 8793
(c)(3) and (e) revised 52841
73.72 Added 52841
73.80 Revised 8793
73 Appendix A amended 8793
Appendix A revised 42558
80 Removed 8793
81 Authority citation amended 8793
Nomenclature changes 8793
81.1 Revised 8793
81.3 Revised 8793
81.13 (b) amended 8793
81.52 Revised 8793
81.61—81.83 Sections and undesignated center headings removed 8793
83 Removed 8793
95 Removed 44125
100 Authority citation amended 8793
100.2 (a) amended 8793
100.11 (b)(2) and note amended 8793
(a)(3) revised 26527
110 Removed 8793
115 Removed 8793
130 Removed 8793
140 Authority citation amended 8793
Nomenclature changes 8793
140.3 (g) revised 8793
140.5 Revised 8794
140.11 (a)(4) amended 7082
140.82 (b) revised; (b) footnote removed 8794
140.84 (b)(1) amended 8794
140.91 Appendix A amended 7082
140.92 Appendix B amended 7082
140.93 Appendix C amended 7082
140.94 Appendix D amended 7082
140.95 Appendix E amended 7082
150 Authority citation amended 8794
Nomenclature changes 8794
150.4 Revised 8794
160 Authority citation amended 8794
160.1 Amended 8794
160.2 Revised 8794
161 Removed 8794
170 Heading revised; authority citation amended 8794
170.1 Amended 8794
170.3 (g)(3) revised 8794
170.5 Revised 8794
170.12 Amended 8794

Chapter II—Federal Energy Administration

202.1—202.10 (Subpart A) Revised 11707
204.1 Amended 42339
204.3 (a) amended 42339
204.4 Removed 42339
204.5 (a) revised and redesignated as (a)(1); (a)(2) added 42339
205.1 Revised 36555
205.2 Amended 36555, 36761
205.12 (a)(9) added 36555
205.13 (a)(5) revised 28446
(a)(13) added 36555
205.29 Added 4771, 6767
205.39 (a) revised 4771, 6767
205.50—205.58 (Subpart D) Appendix added 36556
205.50 (a) revised 36555
205.54 (e) added 36555
205.55 (a)(1) and (b)(2) revised 36555
205.70 Revised 36557
205.100 Revised 36557
205.101 Revised 36557
205.106 (a)(1) revised 36557
205.172 (a) revised 36557
205.190—205.195 (Subpart O) Heading revised 26680
205.190 (a) revised 26680, 36557
205.194 Revised 26380
205.195 Revised 26681, 40142
205.196 Added 26681
205.197 Added 36761

97.21—97.35 ..... 1232, 3577, 3578, 3761, 4647, 5494, 6642, 7628, 8545, 8546, 10452, 11713, 12649, 13479, 14893, 16300, 17141, 18164, 18165, 18978, 18979, 20069 20070, 21027, 22827, 23844, 24182, 24997, 26022, 26023, 27016, 28606, 29071, 30106, 30934, 32320, 33199, 34335, 36763, 39496, 39497, 41093, 42342, 43020, 44127, 44128, 45421, 48120, 48121, 49568, 50520, 51622, 51623, 53004, 53996, 53997, 55313, 57205, 57687, 58625, 59724, 60040
103.1 (c)(4) revised; (c)(7) and (d) added 17142
103.3 (a) revised, (d) added 5141
(e) added 17142
(d)(3) amended 26673
(d)(3) removed 57667
103.4 Added 5141
103.5 Removed 48466
103.7 (b)(6) revised 17142
103.19 (a) and (c) revised 58285
(a) corrected 58850
103.23 (c) and (d) added 5141
(c) amended 26673
(c), (d), and (e) removed 57667
103.25 Revised 5141
103.31 (b) revised 58285
103.33 Heading, introductory text, and (a) revised; (c)(3) added 58285
103.37 Added 58285
121 Special FAA Reg. 30 added 57445
121.288 Time extended 7436
Removed 49096
121.303 (d)(2) amended; (d)(3) added 55314
121.319 (a)(1) removed; (b)(5)(ii) and (iv) revised 42186
121.360 Revised 19638
Heading, (a) and (b) revised; (f) and (g) added 42185
(a) amended; (h) added 50707
(d) revised 55314

(CHANGES JANUARY 2 THROUGH DECEMBER 31, 1975)

121.538 (c)(2) and (3) amended; (c)(4) added 17552
(c)(2), (3), and (4) effective date postponed 25802
121.538a Added 10173
121.575 (b) revised 17552
(b) effective date postponed 25802
121.584 Added 17552
Effective date postponed 25802
121.585 Revised 17552
Effective date postponed 25802
121.697 (c) and (d) revised; (e) added 44541
121 Appendix A amended 1039
123 Special FAA Reg. 30 added 57445
129.25 Added 29274
129.27 Added 29274
135 Special FAA Reg. 30 added 57445
135.2 (a) amended; (e) revised 21705
139.1 (b) (4) and (5) added 11714
171.13 (b) amended 36110
171.33 (b) amended 36110
171.53 (b) amended 36110
171.117 (b) amended 36110
171.163 (b) amended 36110
171.213 (b) amended 36110
171.251—171.275 (Subpart I) Added 36110
171.265 (b) and (g) corrected 41093
(j) corrected 43719

Chapter II—Civil Aeronautics Board

201.4 (d) added 37182
207.11 (b)(9) and (c)(7) added 34088
207.18 Removed 49771
208 Technical correction 51180
208.6 (b)(8) and (c)(7) added 34088
208.41 Removed 49771
211.1 Revised 28077
211.2 Revised 28078
211.4 Revised 28078
211.5 (e) added 37182
212.8 (a)(9) and (b)(7) added 34088
212.16 Removed 49771
214.7 (a)(6) and (b)(6) added 34088
214.9d Removed 49771
216.4 (a) revised 23844
217.1 Amended 28078
217.2 Revised 28078
217.6 (a) revised 28078
(b)(1) through (9) CFR correction 33435
(b)(10) and (11) added; (g) revised 48502
221.165 (b)(2) revised 37183
222.2 Revised 25585

Page
223 Recodified to include the provisions of Parts 223, 224, and 233 as Subparts A, B, and C, respectively, and revised 18415
Corrected 18979
223.24 (b) revised; (d) removed 60040
223.25 Revised 60040
224 Removed; provisions recodified as Subpart B of Part 223 18415
227 Removed 24998
228 Appendix note amended 26023
228.1 Revised 43886
228.4 (h) revised 2797
233 Removed; provisions recodified as Subpart C of Part 223 18419
239 CAB Form 239 amended 1040
239.1 Amended 1040
239.6 (j) revised 1040
239.7 (c), (d), (e), and (f) revised 1040
240.1 (a) and (c) revised 27017
(d) removed 27017
(c) revised; eff. 1-8-76 58850
240.2 Revised 27017
241 Sec. 22(a) tables revised 16652, 42855
Sec. 23 amended 16654
Sec. 24 amended 16654
Sec. 25 amended 48502
Sec. 35 amended 48502
249.2 Amended 49771
249.9 (a) revised 49771
250 Technical correction 6347
250.2 Revised 4410
261.9 Added 37183
287.3a Revised; time extended 19639
288 Technical correction 58449
288.7 (a) and (d) amended 1040, 5757, 10174, 14894, 19639, 23845, 28450, 46098
(a) and (d) revised 3583
(a) corrected 8073, 10663, 24518
Special temporary regulation 5758
Technical corrections 6642, 20612
(b) table revised 18774, 28078
(a)(1) and (d)(2) amended 56853
288.8 Revised 3584
288.10 (b) revised 3584
(b) table corrected 5142
296 Revised 28080
296.83 (a)(4) corrected 30634
297 Removed 28087
298 Revised 42855
298.42 (c) footnote 8 corrected 48122
302.4 (a) revised 37184
302.1101 Revised 10968
302.1109 Revised 10968
310.5 Revised 7241

310.7 Revised 10663
310.9 Revised 10663
310.10 Added 10664
310a Added 45104
311.43 (b) through (h) revised 10664
312 Added 37190
312.12 (a) revised 59426
312.20 Appendix A corrected 43211
372.24 (a) (2) (ii) (f) revised 52355
372a.5 Removed 13205
372a.25 (a) revised 1233
(b) (2) (vii) revised 42742
372a.50 (c) removed 49772
373.15 (b) (2) (viii) revised 52355
373.17 Removed 49772
373.20 (Subpart C) Subpart and Section headings and text revised 43719
373 Appendix B removed 43719
375.40 (a) revised 23070
377 Revised 24998
378.16 (b) (2) (viii) revised 52355
378.16a Removed 49772
378.20 (Subpart C) Subpart and Section headings and text revised 43719
378 Appendix B removed 43719
378a Added 34100
378a.2 Amended 51417
378a.25 (b) (1) revised 50520
378a.30 (j) corrected 41093
378a.31 (c) revised 36764
(b) (2) (ix) revised 50521
(b) (2) (viii) revised 52356
378a.40 Revised 51417
378a.44 Added 51417
378a.50 (b) and (c) revised 50521
378a.102 Amended 41093
378a.107 (a) revised 50521
378a Appendix A added 36765
Appendixes B, C, and D added 50521
385 Technical correction 44128
385.12 (d) added 7241
(e) added 45106
385.13 (ff) corrected 4300
(v) introductory text, (v) (2), (cc) and (ff) revised; (ii) added 40816
(v) corrected 44128
385.22 (e) added 27018
385.24 Added 45106
385.25 Added 45106
389.11 (a) revised 7242
389.14 Revised 7242
389.22 (b) revised 19810, 20613
(c) revised 20613
389.23 (b) revised 20613
389.25 (h) and (j) revised; (m) added 34106
399.2 Introductory text amended 6643
399.14 Revised 28087
399.16 (b) revised 3409
399.31 Revised 6643
399.32 Revised 6643
399.33 Revised 6643
399.34 Removed; provisions revised and redesignated as § 223.9 18419
399.45 Removed 6773
399.84 Added 4907
399.110 (Subpart J) Removed 37184

Chapter III—National Transportation Safety Board

Chapter removed; redesignated as 49 CFR Chapter VIII and revised 30106
400 Revised 14572
Redesignated as 49 Part 800 and revised 30232
401 Appendix A added 7250
Revised 14574
Redesignated as 49 Part 801 and revised 30232
405 Redesignated as 49 Part 805 and revised 30239
421 Redesignated as 49 Part 821 and revised 30243
425 Revised 14578
Redesignated as 49 Part 825 and revised 30248
430 Redesignated as 49 Part 830 and revised 30249
431 Redesignated as 49 Part 831 and revised 30250
435 Redesignated as 49 Part 835 and revised 30253
440 Redesignated as 49 Part 845 and revised 30254

Chapter V—National Aeronautics and Space Administration

1204.501 Revised 48121
1204.600—1204.608 (Subpart 6) Removed 48122
1206 Revised 7244
1206.500—1206.504 (Subpart 5) Revised 54240
1206.702 (a) revised 54240
1209.400—1209.405 (Subpart 4) Revised 30465
1212 Added 43668

(CHANGES JANUARY 2 THROUGH DECEMBER 31, 1975)

4.12 (a)(5) revised 55838
4.20 (c) table amended 21027
4.21 (b)(14) removed 21027
(b)(17) added 34586
4.22 Amended 44542
4.61 (b)(11) revised; footnote removed 24518
4.65a Added 24518
4.80a (d) revised 31928
4.81 (g) amended 58852
4.81a (a) amended 58852
4.93 (b)(1) and (2) amended 21028
(b)(1) amended 23846
4.94 (b) amended 32742
6.1 (a) revised 15387
6.2 (d)(1) and (3)(ii) amended 15387
(a) amended; (b) revised 33203
6.14 Added 33204
6.25 Added 15387
10 Authority citation revised 43021
10.2 Removed 43021
10.11—10.24 Heading and text added 43021
10.20 Corrected 45163
10.53 (b) amended 36116, 41420

Page

10.59 (f) amended 31752, 31753, 47761
10.66 (a)(3) and (c) revised 44319
10.151—10.153 Undesignated center heading revised 31753
10.152 Heading revised; text amended 31753
10.153 (b), (d)(2) and (3), and (f) revised 31753
10.171—10.178 Revised; undesignated center heading added 60047
12.1 (b) revised 32321
12.2 Removed 32321
12.3 Revised 32321
12.6 Added 36767
12.110—12.117 Added 32321
22.20a Amended 14749
24.4 (f)(1) revised; (h)(1) amended 51420
24.14 (a) and (b) amended 24519
111.19 (b) revised 31754
112.11 (a)(4)(iii) revised 41084
113.26 (a) amended 14750
123.4 (b) revised 19813
127.4 Added 28790
127.14 (a) revised 28790
133.3 (b) revised 28790
133.5 (d) revised 28791
133.6 (b) revised 28791
133.7 (a)(3) revised 28791
133.13 (b) revised 28791
133.33 (b) revised 28791
133.35 (b)(2) revised 28791
133.36 (b) revised 28791
133.37 (a)(3) revised 28791
141.61 (c) removed 36116
(f)(1) revised 57796
141.89 Amended 44129
143.21 (i) added 44542
143.23 Introductory text revised 19813
145.2 (c) revised 59725
145.32 Revised 31753
146.21 (c)(2) revised 36116
148.87 (b) amended 41084
151.11 Amended 27444
151.46 Revised 27022
151.64 Revised 23458
151.71 (b) revised 23458
151.72 (b) revised 23458
152.14 Removed 31928
152.15 Removed 31928
152.16 Amended 31928
153.43 Amended 14591, 20617, 53384
159.47 (f) table amended 21719, 21720, 55638, 55639
159.56 Removed 31928
162.2 Amended 21932
171.1 (a)(1) revised 43894
171.12 (b) amended 43488

TITLE 50—WILDLIFE AND FISHERIES

Chapter I—United States Fish and Wildlife, Service, Department of the Interior

17 Footnote 12 added ... 47506
17.11 (i) amended ... 47506
Table corrected ... 53399, 53400
17.21 (f)(2) corrected ... 53400
17.22 (a)(6) corrected ... 53400
17.23 (b)(4)(ii) corrected ... 53400, 58307
17.40 (a)(1)(i)(B) and (b)(1)(v) corrected ... 53400
17.42 (a)(2)(iv) and (c) corrected ... 53400
17.45 Heading corrected (erroneously designated as § 17.46) ... 53400
Corrected ... 58307
17.48 Heading corrected ... 53400
18.23 (c) and (d) redesignated (d) and (e); new (c) added ... 59444
18.32 Added ... 59442
18.51—18.58 (Subpart F) Added ... 59442
20.26 Added ... 52852
20.104 (b) table corrected ... 46311
20.105 (e) and (f) tables corrected ... 46311
(a) and (c) tables corrected ... 47137
(e) amended ... 48682
(f) table corrected ... 48682
(e) corrected ... 50044
(e) footnote 1 corrected ... 54572
28.28 Amended ... 51199, 52852, 53400, 54572, 55351, 55352, 55353, 56445, 56669, 57219, 57459–57461, 58148, 59205, 59348, 59444

520 ... 57692

PARALLEL TABLE OF STATUTORY AUTHORITIES AND RULES

(Additions to CFR Finding Aids Volume, Table 1; January—December 1975)

This table lists the sections of the U.S. Code which were added to the CFR Finding Aids Volume, Table 1 as a result of new citations of authority carried in the *Federal Register* from January through December 1975. Recent legislation not yet assigned within the U.S. Code is carried by public law number at the end of the list.

In order to determine the *Federal Register* page numbers of the parallel CFR citations, users should consult the Cumulative List of CFR Sections Affected, above.

List of Public Laws

NOTE: No acts approved by the President were received by the Office of the Federal Register for inclusion in today's LIST OF PUBLIC LAWS.

ATTENTION: Questions, corrections, or requests for information regarding the contents of this issue only may be made by dialing 202–523–5286. For information on obtaining extra copies, please call 202–523–5240. To obtain advance information from recorded highlights of selected documents to appear in the next issue, dial 202–523–5022.

federal register

Area Code 202 Phone 523–5240

Published daily, Monday through Friday (no publication on Saturdays, Sundays, or on official Federal holidays), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, under the Federal Register Act (49 Stat. 500, as amended; 44 U.S.C., Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive orders and Federal agency documents having general applicability and legal effect, documents required to be published by Act of Congress and other Federal agency documents of public interest.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $5.00 per month or $50 per year, payable in advance. The charge for individual copies is 75 cents for each issue, or 75 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

list of cfr parts affected

The following numerical guide is a list of the parts of each title of the Code of Federal Regulations affected by documents published in today's issue. A cumulative list of parts affected, covering the current month to date, follows beginning with the second issue of the month.

A Cumulative List of CFR Sections Affected is published separately at the end of each month. The guide lists the parts and sections affected by documents published since the revision date of each title.

rules and regulations

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

Title 5—Administrative Personnel

CHAPTER I—CIVIL SERVICE COMMISSION

PART 213—EXCEPTED SERVICE

Department of Defense

Section 213.3306 is amended to show that one position of Special Assistant to the Deputy Assistant Secretary (Comptroller) is revoked.

Effective December 15, 1975.

Section 213.3306(a) (66) is amended as set out below:

§ 213.3306 Department of Defense.

(a) *Office of the Secretary.* • • •

(66) [Reserved.]

(5 U.S.C. 3301, 3302; EO 10577, 3 CFR 1954–1958 Comp., p. 218)

UNITED STATES CIVIL SERVICE COMMISSION,
[SEAL] JAMES C. SPRY,
Executive Assistant to the Commissioners.

[FR Doc.75–33615 Filed 12–12–75;8:45 am]

PART 213—EXCEPTED SERVICE

Department of Defense

Section 213.3306 is amended to show that one position of Staff Assistant (Interdepartmental Activities) to the Assistant to the President for National Security Affairs is excepted under Schedule C.

Effective December 15, 1975.

Section 213.3306(a) (73) is added as set out below:

§ 213.3306 Department of Defense.

(a) *Office of the Secretary.* • • •

(3) One Staff assistant (Interdepartmental Activities) to the Assistant to the President for National Security Affairs.

(5 U.S.C. 3301, 3302; EO 10577, 3 CFR 1954–1958 Comp., p. 218)

UNITED STATES CIVIL SERVICE COMMISSION,
[SEAL] JAMES C. SPRY,
Executive Assistant to the Commissioners.

Title 7—Agriculture

SUBTITLE A—OFFICE OF THE SECRETARY

PART 2—DELEGATIONS OF AUTHORITY BY THE SECRETARY OF AGRICULTURE AND GENERAL OFFICERS OF THE DEPARTMENT

Delegation of Authority to the Administrator, Farmers Home Administration

Part 2, Subtitle A, Title 7, Code of Federal Regulations is amended to revise the delegations of authority to the Administrator, Farmers Home Administration, to limit his authority to provide financing under section 306(a) (1) of the Consolidated Farm and Rural Development Act, and to exclude from his authority the authority to assist volunteer fire departments which was erroneously deleted, as follows:

Section 2.70(a) (1) is revised to read as follows:

§ 2.70 Administrator, Farmers Home Administration.

(a) • • •

(1) Administration of the Consolidated Farm and Rural Development Act (Act) except (i) financing under section 306 (a) (1) of the Act, 7 U.S.C. 1926 (a) (1), of any rural electrification or telephone systems or facilities other than supplemental and supporting structures if they are not eligible for Rural Electrification Administration financing; (ii) the authority contained in section 342 of the Act, 7 U.S.C. 1013a; and (iii) the authority contained in section 306(a) (13) of the Act, 7 U.S.C. 1926(a) (13). This delegation includes the authority to collect, service, and liquidate loans made or insured by the Farmers Home Administration or its predecessor agencies, the Farm Security Administration, the Emergency Crop and Feed Loans Offices of the Farm Credit Administration, the Resettlement Administration, and the Regional Agricultural Credit Corporation of Washington, D.C.

Effective Date: December 15, 1975.

WILLIAM H. WALKER III,
Assistant Secretary for Rural Development,

DECEMBER 9, 1975.

[FR Doc.75–33730 Filed 12–12–75;8:45 am]

CHAPTER IX—AGRICULTURAL MARKETING SERVICE (MARKETING AGREEMENTS AND ORDERS; FRUITS, VEGETABLES, NUTS), DEPARTMENT OF AGRICULTURE

[Navel Orange Reg. 356, Amdt. 1]

PART 907—NAVEL ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

Limitation of Handling

This regulation increases the quantity of California-Arizona Navel oranges that may be shipped to fresh market during the weekly regulation period December 5–11, 1975. The quantity that may be shipped is increased due to improved market conditions for Navel oranges. The regulation and this amendment are issued pursuant to the Agricultural Marketing Agreement Act of 1937, as amended, and Marketing Order No. 907.

§ 907.656 Navel Orange Regulation 356.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 907, as amended (7 CFR Part 907), regulating the handling of Navel oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), and upon the basis of the recommendations and information submitted by the Navel Orange Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such Navel oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

V40241 DEC 15 75 XUM

(2) The need for an increase in the quantity of oranges available for handling during the current week results from changes that have taken place in the marketing situation since the issuance of Navel Orange Regulation 356 (40 FR 56670). The marketing picture now indicates that there is a greater demand for Navel oranges than existed when the regulation was made effective. Therefore, in order to provide an opportunity for handlers to handle a sufficient volume of Navel oranges to fill the current market demand thereby making a greater quantity of Navel oranges available to meet such increased demand, the regulation should be amended, as hereinafter set forth.

(3) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after publication thereof in the FEDERAL REGISTER (5 U.S.C. 553) because the time intervening between the date when information upon which this amendment is based became available and the time when this amendment must become effective in order to effectuate the declared policy of the act is insufficient, and this amendment relieves restriction on the handling of Navel oranges grown in Arizona and designated part of California.

(b) *Order, as amended.* The provisions in paragraph (b)(1) (i) and (iii) of § 907.656 (Navel Orange Regulation 356) (40 FR 56670) are hereby amended to read as follows:

"(i) District 1: 1,520,000 cartons:
"(iii) District 3: 80,000 cartons."

(Secs. 1–19, 48 Stat. 31, as amended; 7 U.S.C. 601–674)

Dated: December 10, 1975.

CHARLES R. BRADER,
Acting Director, Fruit and Vegetable Division Agricultural Marketing Service.

[FR Doc.75-33654 Filed 12-12-75;8:45 am]

Title 12—Banks and Banking

CHAPTER III—FEDERAL DEPOSIT INSURANCE CORPORATION

SUBCHAPTER A—PROCEDURE AND RULES OF PRACTICE

[25011]

PART 303—APPLICATIONS, REQUESTS, AND SUBMITTALS

Delegation of Authority To Act on Certain Applications

1. Section 303.11 of the rules and regulations of the Federal Deposit Insurance Corporation (12 C.F.R. § 303.11) provides for the delegation of authority from the Corporation's Board of Directors (hereinafter the "Board") to the Director of the Corporation's Division of Bank Supervision and, where confirmed in writing by the Director of the Division of Bank Supervision, to the Corporation's Regional Directors, to act on certain applications and requests from insured State nonmember banks.

2. The Board has decided to amend § 303.13 of the rules and regulations of the Federal Deposit Insurance Corporation which provides for other delegations matters pursuant to Sections 17 and 17A of authority. The amendment delegates authority to the Director of the Division of Bank supervision and, where confirmed in writing by the Director, to the Regional Directors, to act on disclosure of the Securities Exchange Act of 1934 (15 U.S.C. 78) and Part 341 of the Corporation's rules and regulations in this chapter.

3. Section 303.13 is amended to read as follows:

§ 303.13 Other delegations of authority.

* * * * *

(b) *Disclosure law and regulations.* Except as provided in paragraph (c) of this section, the Board of Directors has delegated to the Director of the Division of Bank Supervision, or, where confirmed in writing by the Director of the Division of Bank Supervision, to the Regional Director of the Region in which the applicant bank is located, the authority on behalf of the Board of Directors to act on disclosure matters under and pursuant to sections 12, 13, 14, 17 and 17A of the Securities Exchange Act of 1934 (15 U.S.C. 78) or Parts 335 and 341 of the Corporation's rules and regulations in this chapter.

(c) *Limitations on delegation.* Authority to act on disclosure matters under paragraph (b) of this section is not delegated by the Board of Directors when such matters involve:

* * * * *

(5) Exemption from registration requirements pursuant to Section 17A(c)(1) of the Securities Exchange Act of 1934 (15 U.S.C. 78q-1(c)(1)).

4. The rule making procedures set forth in the Administrative Procedure Act (5 U.S.C. §§ 553 (b) and (d)) and the rules and regulations of the Federal Deposit Insurance Corporation (12 C.F.R. §§ 302.1, 302.2, and 302.5) with respect to notice, public participation, and deferred effective date were not followed in connection with these amendments because they constitute rules of internal Corporation practice and procedure and are not substantive in nature.

5. *Effective date.* These amendments shall become effective immediately.

By order of Board of Directors, December 9, 1975.

FEDERAL DEPOSIT INSURANCE CORPORATION,
[SEAL] ALAN R. MILLER,
Executive Secretary.

[FR Doc.75-33692 Filed 12-12-75;8:45 am]

Title 14—Aeronautics and Space

CHAPTER I—FEDERAL AVIATION ADMINISTRATION, DEPARTMENT OF TRANSPORTATION

[Docket No. 14877; Amdt. 39-2463]

PART 39—AIRWORTHINESS DIRECTIVES

Scheibe-Flugzeugbau Model Bergfalke II/55 and III Gliders

Amendment 39-2334 (40 FR 33008), AD 75-17-29, which requires replacement of a safety pin in the elevator control connection on certain Scheibe-Flugzeugbau Model Bergfalke II/55 and III gliders, references a manufacturer's service bulletin. After issuing Amendment 39-2334, the Federal Aviation Administration determined that the service bulletin was incorrectly identified in the text of the AD. The FAA has also determined that the replacement requires no special instructions and that reference to a service bulletin is not necessary. Therefore, the AD is being superseded by a new AD that requires the replacement of a safety pin in the elevator control connection with a washer and a cotter pin on certain Scheibe Bergfalke II/55 and III gliders without reference to a service bulletin.

Since this situation requires immediate adoption of this regulation, notice and public procedure hereon are impracticable and good cause exists for making this amendment effective in less than 30 days.

This amendment is made under the authority of Sections 313(a), 601, and 603 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, and 1423) and of Section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

In consideration of the foregoing and pursuant to the authority delegated to me by the Administrator (14 CFR § 11.89), § 39.13 of Part 39 is amended by adding the following new airworthiness directive:

SCHEIBE FLUGZEUBAU GMBH. Applies to Model Bergfalke II/55 and III gliders, certificated in all categories, equipped with loose connecting bolt between the elevator push-pull rod and elevator control lever.

Compliance is required as indicated, unless already accomplished.

To ensure a reliable elevator control connection, within the next 10 hours' time in service after the effective date of this AD, replace the safety pin (Fokker needle) at the connecting bolt between the elevator push-pull rod and the elevator control lever with an aviation quality washer and cotter pin.

This supersedes Amendment 39-2334 (49 FR 33008), AD 75-17-29.

This amendment becomes effective December 29, 1975.

Issued in Washington, D.C. on December 8, 1975.

J. A. FERRARESE,
Acting Director, Flight Standards Service.

[FR Doc.75-33621 Filed 12-12-75;8:45 am]

[Docket No. 15240; Amdt. 39-2464]

PART 39—AIRWORTHINESS DIRECTIVES

Britten Norman Ltd. Models BN-2A and BN-2A MK III Airplanes

There have been reports of the rivets that secure the mass balance clamp unit to certain ailerons becoming detached on Britten Norman BN-2A and BN-2A MK III airplanes that could result in the loss of the balance weights with possible resultant aileron flutter.

Since this condition is likely to exist or develop in other airplanes of the same type design, an airworthiness directive is being issued to require repetitive inspections of the mass balance clamp unit for looseness on certain BN-2A and BN-2A MK III airplanes and modification of the unit, if necessary.

Since this situation requires immediate adoption of this regulation, notice and public procedure hereon are impracticable and good cause exists for making this amendment effective in less than 30 days.

This amendment is made under the authority of Sections 313(a), 601, and 603 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, and 1423) and of Section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (14 CFR § 11.89), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

BRITTEN NORMAN, LTD. Applies to Britten Norman Models BN-2A (Islander) and BN-2A MK III (Trislander) airplanes, all series, certificated in all categories with ailerons P/N NB-24-301/302 (BN-2A), or P/N NB-24-379/380 (BN-2A MK III) installed, except those airplanes altered in accordance with Britten Norman Modification NB/M/627.

Compliance is required as indicated.

To detect detachment of rivets securing the mass balance clamp unit to certain ailerons and to prevent possible failure of the aileron mass balance attachment, accomplish the following:

(a) Prior to first flight of each day after the effective date of this AD, inspect the attachment of the aileron mass balance clamp unit for looseness in accordance with the "Inspection" paragraph of Britten Norman Service Bulletin No. BN-2/SB.67, dated October 24, 1973, or an FAA-approved equivalent.

(b) If loose attachments are found during an inspection required by paragraph (a) of this AD, before further flight, modify the aileron and the mass balance clamp unit in accordance with the "Rectification" paragraph of Britten Norman Service Bulletin No. BN-2/SB.67, dated October 24, 1973, or an FAA-approved equivalent.

(c) The inspections required by paragraph (a) of this AD may be discontinued upon the incorporation of the modification specified in paragraph (b) of this AD.

This amendment becomes effective December 29, 1975.

Issued in Washington, D.C., on December 8, 1975.

J. A. FERRARESE,
Acting Director, Flight Standards Service.

[FR Doc.75-33622 Filed 12-12-75;8:45 am]

[Docket No. 15241; Amdt. No. 39-2465]

PART 39—AIRWORTHINESS DIRECTIVES

Scottish Aviation Limited Model HP-137 MK.1 Jetstream Airplanes

Pursuant to the authority delegated to me by the Administrator (14 CFR § 11.89), an airworthiness directive was issued on October 24, 1975, and made effective immediately as to all known United States operators of Scottish Aviation Ltd. Model HP-137 MK.1 Jetstream Airplanes. The directive required the periodic inspection, reinforcement, and replacement, as necessary, of the outer flap assembly on Model HP-137 MK.1 Jetstream Airplanes.

Since it was found that immediate corrective action was required, notice and public procedure thereon were impracticable and contrary to the public interest and good cause existed for making the airworthiness directive effective immediately as to all known U.S. operators of Scottish Aviation Ltd. Model HP-137 MK.1 Jetstream Airplanes by individual telegrams dated October 24, 1975. These conditions still exist and the airworthiness directive is hereby published in the FEDERAL REGISTER as an amendment to § 39.13 of Part 39 of the Federal Aviation Regulations to make it effective as to all persons.

This amendment is made under the authority of sections 313(a), 601, and 603 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, and 1423), and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

SCOTTISH AVIATION LTD. Applies to Model HP-137 MK. 1 Jetstream airplanes, certificated in all categories.

For airplanes with 500 or more total landings, on the effective date of this AD, compliance is required before further flight, unless already accomplished within the last 50 landings, (except that the airplane may be flown in accordance with FAR §§ 21.197 and 21.199 to a base where the work can be performed, provided that the flaps remain in the fully retracted position for the duration of the flight) and thereafter at intervals not to exceed 50 landings since the last inspection.

For other airplanes, compliance is required prior to the accumulation of 500 total landings and thereafter at intervals not to exceed 50 landings since the last inspection.

To prevent possible flap separation from the airplane accomplish the following:

(a) Visually inspect the outer end of each outer flap for cracks along the lower flange of the end rib and rib doubler using a magnifying glass with a minimum of 5-power, or by using an FAA-approved equivalent method.

NOTE: During the inspection required by paragraph (a) particular attention should be paid to the bend of doubler and heel of rib flange.

(b) For access to the area to be inspected in accordance with paragraph (a) of this AD—

(1) Remove the four counter sunk head bolts from the outer flange and cut the four anchor nuts from the support pads; and

(2) Lift the support pads and cut the anchor nut rivets flush with the flange of the doubler.

(c) If cracks are found during the inspection required by paragraphs (a) and (b) of this AD, replace the affected outer flap assembly with a new or serviceable outer flap assembly of the same part number or an FAA-approved equivalent.

(d) Re-install the support pads and counter sunk bolts using stiff nuts, Kaylock EH10-3, or equivalent, and plain washers to replace anchor nuts.

NOTE: For future improved ease of access, it is permissible to reverse the three bolts on the flap hinge arm.

NOTE: It is requested that findings be reported to Chief, Aircraft Certification Staff, FAA European Region, AEU-100, APO New York, N.Y. 09667. (Reporting approved by Bureau of Budget under BOB No. 04-R-0174).

[Civil Aviation Authority (CAA), United Kingdom mandatory inspection message No. 77432, dated October 17, 1975, applies to this same subject.]

This amendment is effective on December 15, 1975, as to all persons except those persons to whom it was made immediately effective by telegram dated October 24, 1975, which contained this amendment.

Issued in Washington, D.C. on December 8, 1975.

J. A. FERRARESE,
Acting Director, Flight Standards Service.

[FR Doc.75-33623 Filed 12-12-75;8:45 am]

[Docket No. 14850; Amdt. 39-2466]

PART 39—AIRWORTHINESS DIRECTIVES

Pilatus Aircraft Ltd. Model PC-6/A Airplanes

A proposal to amend Part 39 of the Federal Aviation Regulations to include an airworthiness directive requiring reinforcement of the U-shaped channel of the engine mount to fuselage attachment on PC-6/A airplanes with Astazou engine installations manufactured by Pilatus Aircraft Ltd. was published in the FEDERAL REGISTER on August 1, 1975, (40 FR 32343).

Interested persons have been afforded an opportunity to participate in the making of the amendment. No objections were received.

This amendment is made under the authority of sections 313(a), 601, and 603 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, and 1423) and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (14 CFR 11.89), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

PILATUS AIRCRAFT LTD. Applies to Pilatus Model PC-6/A airplanes up to and including S/N 659 (all variants) with Astazou engine installations manufactured by Pilatus Aircraft Ltd.

NOTE: This AD does not apply to Pilatus Model PC-6/A airplanes manufactured by Fairchild Hiller.

Compliance required within the next 100 hours' time in service after the effective date of this AD, unless already accomplished.

To prevent failure of the engine mount to fuselage attachment, reinforce the U-channel, P/N 6201.992, by installing a steel plate, P/N 112.35.06.337, to each U-channel lug and rework the engine strut heads, P/N 6501.106, in accordance with paragraph 2.2 of Pilatus Aircraft Ltd. Service Bulletin No. 83A dated February 1971, or an FAA-approved equivalent.

This amendment becomes effective on January 14, 1976.

Issued in Washington, D.C., on December 8, 1975.

J. A. FERRARESE,
Acting Director, Flight Standards Service.

[FR Doc.75-33624 Filed 12-12-75;8:45 am]

V 40 241 DEC 15 75 XUM

[Docket No. 14880; Amdt. 39-2467]

PART 39—AIRWORTHINESS DIRECTIVES

British Aircraft Corporation BAC 1-11 200 and 400 Series Airplane

A proposal to amend Part 39 of the Federal Aviation Regulations to include an airworthiness directive requiring inspection and deactivation of oxygen systems until alterations are made on BAC 1-11 200 and 400 series airplanes was published in the FEDERAL REGISTER on August 6, 1975, (40 FR 33050).

Interested persons have been afforded an opportunity to participate in the making of the amendment. No objections were received. One comment noted that the reference to FAR 91.31 in the notice should be FAR 91.32, and the AD has been changed accordingly.

This amendment is made under the authority of sections 313(a), 601, and 603 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, and 1423) and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (14 CFR 11.89), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

BRITISH AIRCRAFT CORPORATION. Applies to BAC 1-11 200 and 400 series airplanes certificated in all categories, equipped with H.F. radio systems that do not have BAC Modifications PM 4412 Part (a) or Part (b) and Modification PM 4424 incorporated.

Compliance is required as indicated:

To prevent hazardous arcing at the H.F. antenna tuning unit connector post in the vicinity of the oxygen system, accomplish the following:

(a) Within the next 25 hours' time in service, after the effective date of this AD, comply with the following:

(1) Unless accomplished within the last 25 hours' time in service, inspect the H.F. antenna lead-in cable at the antenna, the antenna tuning unit (A.T.U.) connectors, the tuning unit and all adjacent wiring and oxygen piping in the immediate vicinity for signs of overheating damage or arcing, and replace damaged parts with parts of the same part numbers, or FAA-approved equivalent parts.

(2) Remove and discard the rubber overshoe fitted at the A.T.U. connector post.

(3) Attach a placard on the instrument panel in full view of the pilot reading:

"The passenger oxygen system control valve must remain in the OFF position. Conduct operations in accordance with FAR 121.329 or 91.32, as applicable."

(b) Repeat the inspection required by paragraph (a)(1) of this AD at intervals not to exceed 50 hours' time in service from the last inspection until paragraph (c) of this AD is complied with, at which time the inspection interval may be increased not to exceed 200 hours' time in service from the last inspection.

(c) The placard required by paragraph (a)(3) of this AD may be removed and the inspection interval prescribed in paragraph (b) may be established upon completion of the following:

(1) Compliance with the provisions of British Aircraft Corporation Alert Service Bulletin 23-A-PM 4346 dated April 5, 1971, paragraph numbers 3.1, 3.2, 3.3, 3.4, 3.5, 3.7, 3.8, 3.9, 4.3, 4.4, 4.5, or FAA-approved equivalents.

(2) Alteration of the oxygen system in accordance with BAC Modification PM 4412 Part (a) and Part (b), or an FAA-approved equivalent.

This amendment becomes effective on January 14, 1976.

Issued in Washington, D.C., on December 8, 1975.

J. A. FERRARESE,
Acting Director,
Flight Standards Service.

[FR Doc.75-33625 Filed 12-12-75;8:45 am]

[Docket No. 14884; Amdt. 39-2468]

PART 39—AIRWORTHINESS DIRECTIVES

British Aircraft Corporation Viscount Series 700 and 810 Airplanes

A proposal to amend Part 39 of the Federal Aviation Regulations to include an airworthiness directive requiring inspections for fatigue cracks and replacement and reworking of the landing flap torque shaft assemblies, as appropriate, on British Aircraft Corp. Viscount 700 and 810 series airplanes was published in the FEDERAL REGISTER on August 6, 1975 (40 FR 33049).

Interested persons have been afforded an opportunity to participate in the making of the amendment. No objections were received.

This amendment is made under the authority of Sections 313(a), 601, and 603 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, and 1423) and of Section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (14 CFR 11.89), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

BRITISH AIRCRAFT CORPORATION. Applies to British Aircraft Corp. (BAC) Viscount Model 700 and 810 series airplanes.

Compliance is required as indicated, unless already accomplished.

To prevent possible fatigue failure of the No. 1 and 2 landing flap torque shaft assemblies, accomplish the following:

(a) For No. 1 torque shaft assemblies (LH and RH), comply with the following:

(1) Torque tubes fitted to torque shaft assemblies for which total landings can be determined and which have accumulated in excess of 26,000 landings but not more than 28,000 landings on the effective date of this AD may remain in service for 2,000 additional landings with no special inspections after which time they must be replaced with new torque tubes of the same part number in accordance with paragraph (a)(5) of this AD.

(2) Torque tubes fitted to torque shaft assemblies for which the total landings can be determined and which have accumulated in excess of 28,000 landings on the effective date of this AD may be continued in service, subject to the inspection requirements of paragraph (a)(4) of this AD, for 2,000 additional landings after which they must be replaced with new torque tubes of the same part number in accordance with paragraph (a)(5) of this AD.

(3) Torque tubes fitted to torque shaft assemblies for which total landings cannot be determined must use in lieu thereof the total landings on the aircraft on which they are installed and comply with either paragraph (a)(1) or (a)(2) of this AD as applicable.

NOTE: If total landings on the aircraft are not known, an operator may substitute a value for total landings established by dividing the total aircraft hours by the average flight length for the particular aircraft, subject to the approval of the assigned FAA Inspector.

(4) Torque tubes fitted to torque shaft assemblies may remain in service for 2,000 additional landings in accordance with paragraph (a)(2) of this AD, subject to the following conditions:

(i) Within 50 landings after the effective date of this AD and thereafter at intervals not to exceed 50 landings until replaced in accordance with paragraph (a)(2) of this AD, inspect the torque tubes in accordance with 2.2.1 of Alert PTL No. 290 (700 series) or Alert PTL No. 158 (810 series), both dated August 23, 1972, or an FAA-approved equivalent. If any cracks are found in the torque tubes as a result of this inspection, before further flight, replace the torque tubes with new parts of the same part numbers in accordance with paragraph (a)(5) of this AD.

(ii) Within 500 landings from the effective date of this AD and thereafter at intervals not to exceed 500 landings until replaced in accordance with paragraph (a)(2) of this AD, remove the torque shaft assemblies and inspect and rework in accordance with paragraph 2.2.2 of Alert PTL No. 290 (700 series) or Alert PTL No. 158 (810 series), both dated August 23, 1972, or an FAA-approved equivalent. Where an inspection required by this paragraph coincides with an inspection interval specified in paragraph (a)(4)(1) of this AD, the inspection conducted in accordance with this paragraph is considered as showing compliance with the inspection required by paragraph (a)(4)(i) of this AD. If any cracks are found in the torque tubes or end fittings as a result of this inspection, replace cracked parts with new parts of the same part numbers in accordance with the assembly instructions specified in paragraph (a)(5) of this AD.

(5) Torque tubes replaced in accordance with any provisions of this AD must be assembled to the torque shaft assembly in accordance with figure 2 of Alert PTL No. 290 (700 series) or PTL No. 158 (810 series), both dated August 23, 1972, or an equivalent approved by the Chief, Aircraft Certification Staff, FAA, c/o American Embassy, APO New York 09667.

(6) Replacement torque tubes installed in accordance with the provisions of this AD must be replaced within 20,000 landings from new. Thereafter inspect replacement torque tubes in accordance with paragraph 2.3 of Alert PTL No. 290 (700 series) or Alert PTL No. 158 (810 series), both dated August 23, 1972, or an FAA-approved equivalent.

(b) For No. 2 torque shaft assemblies (LH and RH), comply with the following:

(1) For torque tubes fitted to torque shaft assemblies, for which total landings can be determined, within 500 landings after the effective date of this AD or before accumulating 28,500 landings, whichever occurs later, and thereafter at intervals not to exceed 500 landings, inspect the torque tubes in accordance with paragraph 2.4.1 of Alert PTL No. 290 (700 series) or Alert PTL No. 158 (810 series), both dated August 23, 1972, or an FAA-approved equivalent.

(2) Within 1,500 landings after the initial inspection required by paragraph (b)(1) of this AD, and thereafter at intervals not to exceed 2,000 landings from the last inspection, remove the torque shaft assemblies and inspect the torque tubes and end fittings for cracks in accordance with paragraph 2.4.2 of Alert PTL No. 290 (700 series) or Alert PTL No. 158 (810 series), both dated August 23, 1972, or an FAA-approved equivalent. Where an inspection required by this paragraph coincides with an inspection interval specified in paragraph (b)(1) of this AD, the inspection conducted in accordance with this paragraph is considered as showing compliance with the inspection required by paragraph (b)(1) of this AD.

(3) If cracks are found as a result of the inspections conducted in accordance with paragraphs (b)(1) or (b)(2) of this AD, before further flight, replace the cracked parts with new parts of the same part number. Where new torque tubes are installed as a result of the inspections specified in paragraphs (b)(1) and (b)(2) of this AD, the repetitive inspections required by paragraphs (b)(1) and (b)(2) must be initiated upon accumulating 28,000 landings on the new torque tubes.

(4) Torque tubes fitted to torque shaft assemblies for which the total landings cannot be determined, must use in lieu thereof the total landings of the aircraft on which they are installed for the purpose of complying with paragraph (b)(1) of this AD.

NOTE: If total landings of the aircraft are not known, an operator may substitute a value for total landings established by dividing the total aircraft hours by the average flight length for the particular aircraft, subject to the approval of the assigned FAA Inspector.

This amendment becomes effective on January 14, 1976.

Issued in Washington, D.C., on December 8, 1975.

J. A. FERRARESE,
Acting Director,
Flight Standards Service.

[Airspace Docket No. 75-WE-29]

PART 71—DESIGNATION OF FEDERAL AIRWAYS, AREA LOW ROUTES, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Transition Area

On November 3, 1975 a notice of proposed rule making was published in the FEDERAL REGISTER (40 FR 51058) stating that the Federal Aviation Administration was considering an amendment to Part 71 of the Federal Aviation Regulations that would alter the description of the Heber, Arizona Transition Area.

Interested persons were given 30 days in which to submit written comments, suggestions or objections. No objections have been received and the proposed amendment is hereby adopted without change.

Effective date. This amendment shall be effective 0901 g.m.t., January 29, 1976.

(Sec. 307(a) of the Federal Aviation Act of 1958, as amended, (49 U.S.C. 1348(a)), and of Sec. 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).)

Issued in Los Angeles, California on December 5, 1975.

JESS SPECKERT,
Acting Director, Western Region.

In § 71.181 (41 FR 440) the description of the Heber, Arizona transition area is amended to read as follows:

That airspace extending upward from 12,000 feet MSL bounded by a line beginning at latitude 34°39'00" N., longitude 111°39'00" W. to latitude 34°43'00" N., longitude 111°24'00" W., to latitude 34°43'00" N., longitude 110°20'00" W., thence south via longitude 110°20'00" W. to the north edge of V190N, thence west and southwest via the north and northwest edges of V190N to latitude 34°03'30" N., longitude 111°05'00" W. to latitude 34°10'00" N., longitude 111°30'00" W. to latitude 34°10'00" N., longitude 111°43'00" W., to point of beginning.

This amendment is proposed under the authority of Sec. 307(a) of the Federal Aviation Act of 1958, as amended, (49 U.S.C. 1348(a)), and of Sec. 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

Issued in Los Angeles, California on October 24, 1975.

Title 16—Commercial Practices

CHAPTER I—FEDERAL TRADE COMMISSION

SUBCHAPTER D—TRADE REGULATION RULES

PART 433—PRESERVATION OF CONSUMERS' CLAIMS AND DEFENSES

Correction

In FR Doc. 75-30759 appearing at page 53506 in the issue for Tuesday, November 18, 1975, make the following changes:

1. On page 53506 in the second column in § 433.2 and in paragraph (b) and the fifth line of the Notice, the word "SERVICE" should be "SERVICES".

2. On page 53512 in the second column and in the fourteenth line, insert the word "and" after the word "seller".

3. On page 53514 in the first column and in the last line of footnote 53, change the number "50" to "51".

4. On page 53514 in the second column the first line of footnote 71, change the name "Allan" to "Allen".

5. On page 53515 in the third column and in the second line of footnote 12, change the name "Schick" to "Shick".

6. On page 53516 in the first column and in the fourth line of footnote 32, change the name "Jeffery" to "Jeffrey".

7. On page 53517 in the second column and in the first line of footnote 25, change the name "Jeffery" to "Jeffrey"

8. On page 53518 in the second column and in the seventh line of the second full paragraph, change the word "through" to "thorough".

9. On page 53521 in the third column and in the third line of footnote 5, change the name "McElensey" to "McEleney".

10. On page 53522 in the second column and in the first line of footnote 36, change the name "Hickley" to "Hinckley".

11. On page 53522 in the second column and in footnote 39, change the number "756" to "75".

12. On page 53523 in the second column and in the eighth and ninth lines of the third full paragraph, change the word "disgarding" to "discarding".

13. On page 53526 in the second column and in footnote 9a, change the name "Huchinson" to "Hutchinson".

14. On page 53526 in the third column and in the second line of footnote 16, change the name "Süzane" to "Suzanne".

15. On page 53526 in the third column and in the ninth line of footnote 21, change the name "Eovalid" to "Eovaldi".

CHARLES A. TOBIN,
Secretary.

PART 433—PRESERVATION OF CONSUMERS' CLAIMS AND DEFENSES

Promulgation of Trade Regulation Rule and Statement of Basis and Purpose

Correction

In FR Doc.75-30759, appearing at page 53506 in the issue of Tuesday, November 18, 1975, the following changes should be made:

1. On page 53508, first column, third complete paragraph, in the second line "(UCC)" should read, "(U3C)".

2. On page 53509, first column, in footnote 19, the third line, "a" should read, "8".

3. On page 53510, third column, sixth complete paragraph, delete the second line in its entirety.

4. On page 53513, second column, footnote 23 should read, "Norm Sandon's Health Club, St. Louis, Missouri, Tr. 600-610 R. 1243-1258."

5. On page 53513, second column, footnote 37, second line, "Wahsington" should read, "Washington".

6. On page 53515, second column, seventh complete paragraph, twelfth line "individal" should read, "individual".

7. On page 53517, first column, in footnote 4, third line, "109" should read, "1109".

8. On page 53526, second column, in footnote 11, second line, change, "specific" to read, "specific"

Title 17—Commodity and Securities Exchanges

CHAPTER II—SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-11888]

PART 200—ORGANIZATION; CONDUCT AND ETHICS; AND INFORMATION AND REQUESTS

Amendment of Rules Delegating Authority To Grant Exemptions Under Rule 10a-1 Under the Securities Exchange Act of 1934

The Securities and Exchange Commission hereby announces the amendment of Section 200.30-3 (17 CFR 200.30-3) of the Commission's Statement of Organization; Conduct and Ethics; and Information and Requests to delegate to the Director of the Division of Market Regulation, to be performed by him or under his direction by such person or persons as may be designated from time to time by the Chairman of the Commission, until the Commission orders otherwise, the additional authority and function of granting exemptions under paragraph (f) of Rule 10a-1 (17 CFR 240.10a-1(f)).

V40241 DEC 15 75 XUM

The text of the amendment to the Commission's regulations with respect to delegated authority follows:

17 CFR 200.30–3 is amended by adding a new paragraph (a)(16) thereto to read as follows:

§ 200.30–3 Delegation of authority to Director of Division of Market Regulation.

(16) Pursuant to Rule 10a–1(f) [§ 240.10a–1(f)] to grant requests for exemptions from Rule 10a–1;

The Commission finds that the foregoing amendment relates solely to agency organization, procedure or practice and that notice and procedures under the Administrative Procedure Act (5 U.S.C. 553(b)(3)(B)) are unnecessary. Accordingly, the foregoing action, which was taken pursuant to Pub. L. 87–592, 76 Stat. 394 (15 U.S.C. 78d–1, 78d–2), becomes effective immediately.

By the Commission.

Dated: November 28, 1975.

[SEAL] GEORGE A. FITZSIMMONS, *Secretary.*

[FR Doc.75–33671 Filed 12–12–75;8:45 am]

Title 21—Food and Drugs

CHAPTER I—FOOD AND DRUG ADMINISTRATION, DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

SUBCHAPTER E—ANIMAL DRUGS, FEEDS, AND RELATED PRODUCTS

PART 558—NEW ANIMAL DRUGS FOR USE IN ANIMAL FEEDS

Subpart B—Specific New Animal Drugs for Use in Animal Feeds

LINCOMYCIN

The Commissioner of Food and Drugs has evaluated a supplemental new animal drug application (34–085V) filed by the Upjohn Co., Kalamazoo, MI 49001, proposing that finished feeds prepared from premixes containing lincomycin as the sole drug need not satisfy all the requirements of section 512(m) of the Federal Food, Drug, and Cosmetic Act. The supplemental application is approved, effective December 15, 1975.

Lincomycin as the sole drug premix meets the uniform criteria in 1971 Bureau of Veterinary Medicine memoranda for administrative waiver of the ministerial requirements of section 512(m) of the act. The pertinent provisions of the memoranda indicate that waiver is appropriate if:

1. The feeding of 1.5X to 2X level of the product in the finished feed does not have an impact on the tissue residue picture, i.e., an impact on an existing withdrawal period or tolerance.

2. The product is not a known carcinogen or is not classed with a family of known carcinogens.

3. Appropriate documentation covering animal safety is on file. This will not require additional data since this documentation is by definition a part of the new animal drug application (NADA).

4. The margin of safety to the animal and the consumer is such that the product label does not have to contain a statement such as "Use as the sole source of • • •."

5. Data are on file to demonstrate that the product is efficacious over the approved range. This data should generally satisfy current standards for the demonstration of efficacy.

6. Except under special circumstances, the product has been used at least 3 years in the target species without significant complaints related to or associated with it. Applications of this criterion require a review of the available Drug Experience Reports.

The 1971 memoranda make explicit that because waiver of the ministerial requirements of section 512(m) of the act is permitted only for specific efficacy claims or at specific levels of the drugs, distinct products with corresponding labeling for those claims or levels should exist. This is necessary to cover those premixes that can be made into finished feeds with various concentrations of drugs.

The foregoing criteria established in the 1971 memoranda constitute an interim agency policy that is under review. The Bureau of Veterinary Medicine is preparing a proposed regulation for publication in the FEDERAL REGISTER, based on the criteria listed above, governing waiver of the 512(m) requirements for the finished feed. In waiving the ministerial requirements of section 512(m), the agency has not waived the current good manufacturing practice regulations under Part 225 (21 CFR Part 225) for feed mills mixing such feeds.

In accordance with § 514.11(e)(2)(ii) (21 CFR 514.11(e)(2)(ii)) of the animal drug regulations, a summary of the safety and effectiveness of data and information submitted to support the approval of this application is released publicly. The summary is available for public examination at the office of the Hearing Clerk, Rm. 4–65, 5600 Fishers Lane, Rockville, MD 20852, Monday through Friday from 9 a.m. to 4 p.m., except on Federal legal holidays.

Therefore, under the Federal Food, Drug, and Cosmetic Act (sec. 512(i), 82 Stat. 347 (21 U.S.C. 360b(i))) and under authority delegated to the Commissioner (21 CFR 2.120), § 558.325 is amended by redesignating the present paragraph (e) as paragraph (f) and adding a new paragraph (e) to read as follows:

§ 558.325 Lincomycin.

• • • • • •

(e) *Special considerations.* Finished feeds containing lincomycin as the sole drug and conforming to the requirements of this section are not required to comply with the provisions of section 512(m) of the Federal Food, Drug, and Cosmetic Act.

• • • • • •

Effective date. This order shall be effective December 15, 1975.

(Sec. 512(i), 82 Stat. 347; 21 U.S.C. 360b(i).)

Dated: December 5, 1975.

C. D. VAN HOUWELING, *Director, Bureau of Veterinary Medicine.*

[FR Doc.75–33648 Filed 12–12–75;8:45 am]

CHAPTER II—DRUG ENFORCEMENT ADMINISTRATION, DEPARTMENT OF JUSTICE

PART 1308—SCHEDULES OF CONTROLLED SUBSTANCES

Exempt Chemical Preparations

The Acting Administrator of the Drug Enforcement Administration has received applications pursuant to Section 1308.23 of Title 21 of the Code of Federal Regulations requesting that several chemical preparations containing controlled substances be granted the exemptions provided for in Section 1308.24 of Title 21 of the Code of Federal Regulations.

The Acting Administrator hereby finds that each of the following chemical preparations and mixtures is intended for laboratory, industrial, education, or special research purposes, is not intended for general administration to a human being or other animal, and either (a) contains no narcotic controlled substances and is packaged in such a form or concentration that the package quantity does not present any significant potential for abuse, (b) contains either a narcotic or non-narcotic controlled substance and one or more adulterating or denaturing agents in such a manner, combination, quantity, proportion or concentration, that the preparation or mixture does not present any potential for abuse, or (c) the formulation of such preparation or mixture incorporates methods of denaturing or other means so that the controlled substance cannot in practice be removed, and therefore the preparation or mixture does not present any significant potential for abuse. The Acting Administrator further finds that exemption of the following chemical preparations and mixtures is consistent with the public health and safety as well as the needs of researchers, chemical analysts, and suppliers of these products.

Therefore, pursuant to section 202(d) of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 812(d)), and under the authority vested in the Attorney General by sections 301 and 501(b) of the Act (21 U.S.C. 821 and 871(b)) and delegated to the Administrator of the Drug Enforcement Administration by Section 0.100 of Title 28 of the Code of Federal Regulations (see FR 18380, July 2, 1973), and further, having been duly designated as Acting Administrator by Order No. 607–75 of the Attorney General, dated May 30, 1975, in accordance with the authority stated therein, and pursuant to the authority delegated to the Acting Administrator by Section 0.132(d) of Title 28 of the Code of Federal Regulations, the Acting Administrator of the Drug Enforcement Administration hereby orders that Part 1308 of Title 21 of the Code of Federal Regulations be amended as follows:

a. By amending § 1308.24(i) by adding the following chemical preparations.

§ 1308.24 Exempt chemical preparations.

• • • • •

(i) • • •

INTEREST RATES APPLICABLE TO MORTGAGE INCREASES BETWEEN INITIAL AND FINAL ENDORSEMENT

Mortgage Insurance

On February 13, 1975, a document was published in the FEDERAL REGISTER (40 FR 6647) as an interim rule which amended Parts 205, 207, 213, 220, 221, 232, 235, 236, 242, and 244 of Title 24 of the Code of Federal Regulations (and Parts 227, 231, and 234 through incorporation by reference) to provide that the interest rate on an increase in a mortgage over and above the amount which the Secretary committed to insure at initial endorsement may be at the maximum interest rate allowable at the time of the Secretary's approval of the increase. Interested persons were given 60 days to comment before publication of the final rule. No comments were received.

However, due to wide fluctuations in the maximum interest rate permitted by HUD during recent months, situations have arisen where mortgagees were unwilling to fund mortgage increases at interest rates less than the greater of that in effect at the time of (1) initial endorsement of the mortgage, (2) the application for the increase, or (3) the approval by HUD of the increase. These situations occur when interest rates decline from the time of the initial endorsement or the application for increase in mortgage amount to the time of the HUD approval of the increase. However, the interim rule did not take into account the situation of a rate declining between initial endorsement of the mortgage and approval of the increased mortgage amount.

The positive effect desired by the interim rule only applies in a mortgage market in which interest rates are increasing. Therefore, the final rule, in order to have the desired effect of making the funding of mortgage increases possible, is designed to apply in the mortgage market in which interest rates are either increasing or decreasing.

This final rule takes into account the fluctuations in the mortgage market so that the purpose of the interim rule to make mortgage increases possible will be accomplished.

The Department has determined that an Environmental Impact Statement is not required with respect to this rule. The Finding of Inapplicability is available for inspection at the Office of the Rules Docket Clerk, Office of the General Counsel, Room 10245, Department of Housing and Urban Development, 451 Seventh Street SW., Washington, D.C. 20410.

Accordingly, Subchapter B is amended to read as follows:

PART 205—MORTGAGE INSURANCE FOR LAND DEVELOPMENT

Subpart A—Eligibility Requirements

A new paragraph is added to the end of § 205.50 to read as follows:

§ 205.50 Maximum interest rate.

• • • • • •

The amount of any increase approved by the Commissioner in the mortgage amount between initial and final endorsement in excess of that which the Commissioner had committed to insure at initial endorsement, shall bear interest at the rate agreed upon by the mortgagor and the mortgagee which rate shall not exceed the greater of: (a) the maximum interest rate established by the Secretary and in effect at the time the mortgage was initially endorsed, (b) the maximum interest rate established by the Secretary and in effect at the time the application for a mortgage increase was received by the Commissioner, or (c) the maximum interest rate established by the Secretary and in effect at the time the increase is approved by the Commissioner.

PART 207—MULTIFAMILY HOUSING MORTGAGE INSURANCE

Subpart A—Eligibility Requirements

A new paragraph (c) is added to § 207.7 to read as follows:

§ 207.7 Maximum interest rate.

• • • • • •

(c) The amount of any increase approved by the Commissioner in the mortgage amount between initial and final endorsement in excess of that which the Commissioner had committed to insure at initial endorsement, shall bear interest at the rate agreed upon by the mortgagor and the mortgagee which rate shall not exceed the greater of: (1) the maximum interest rate etsblished by the Secretary and in effect at the time the mortgage was initially endorsed, (2) the maximum interest rate established by the the Secretary and in effect at the time the application for a mortgage increase was received by the Commissioner, or (3) the maximum interest rate established by the Secretary and in effect at the time the increase is approved by the Commissioner.

V 40 241 DEC 15 75 XUM

PART 213—COOPERATIVE HOUSING MORTGAGE INSURANCE

Subpart A—Eligibility Requirements—Projects

A new paragraph (c) is added to § 213.10 to read as follows:

§ 213.10 Maximum interest rate.

* * * * *

(c) The amount of any increase approved by the Commissioner in the mortgage amount between initial and final endorsement in excess of that which the Commissioner had committed to insure at initial endorsement, shall bear interest at the rate agreed upon by the mortgagor and the mortgagee which rate shall not exceed the greater of: (1) the maximum interest rate established by the Secretary and in effect at the time the mortgage was initially endorsed, (2) the maximum interest rate established by the Secretary and in effect at the time the application for a mortgage increase was received by the Commissioner, or (3) the maximum interest rate established by the Secretary and in effect at the time the increase is approved by the Commissioner.

PART 220—URBAN RENEWAL MORTGAGE INSURANCE AND INSURED IMPROVEMENT LOANS

Subpart C—Eligibility Requirements—Projects

A new paragraph (c) is added to § 220.576 to read as follows:

§ 220.576 Maximum interest rate.

* * * * *

(c) The amount of any increase approved by the Commissioner in the mortgage amount between initial and final endorsement in excess of that which the Commissioner had committed to insure at initial endorsement, shall bear interest at the rate agreed upon by the mortgagor and the mortgagee which rate shall not exceed the greater of: (1) the maximum interest rate established by the Secretary and in effect at the time the mortgage was initially endorsed, (2) the maximum interest rate established by the Secretary and in effect at the time the application for a mortgage increase was received by the Commissioner, or (3) the maximum interest rate established by the Secretary and in effect at the time the increase is approved by the Commissioner.

PART 221—LOW COST AND MODERATE INCOME MORTGAGE INSURANCE

Subpart C—Eligibility Requirements—Moderate Income Projects

A new paragraph (c) is added to § 221.518 to read as follows:

§ 221.518 Maximum interest rate.

* * * * *

(c) The amount of any increase approved by the Commissioner in the mortgage amount between initial and final endorsement in excess of that which the Commissioner had committed to insure at initial endorsement, shall bear interest at the rate agreed upon by the mortgagor and the mortgagee which rate shall not exceed the greater of: (1) the maximum interest rate established by the Secretary and in effect at the time the mortgage was initially endorsed, (2) the maximum interest rate established by the Secretary and in effect at the time the application for a mortgage increase was received by the Commissioner, or (3) the maximum interest rate established by the Secretary and in effect at the time the increase is approved by the Commissioner.

PART 232—NURSING HOMES AND INTERMEDIATE CARE FACILITIES MORTGAGE INSURANCE

Subpart A—Eligibility Requirements

A new paragraph (c) is added to § 232.29 to read as follows:

§ 232.29 Maximum interest rate.

* * * * *

(c) The amount of any increase approved by the Commissioner in the mortgage amount between initial and final endorsement in excess of that which the Commissioner had committed to insure at initial endorsement, shall bear interest at the rate agreed upon by the mortgagor and the mortgagee which rate shall not exceed the greater of: (1) the maximum interest rate established by the Secretary and in effect at the time the mortgage was initially endorsed, (2) the maximum interest rate established by the Secretary and in effect at the time the application for a mortgage increase was received by the Commissioner, or (3) the maximum interest rate established by the Secretary and in effect at the time the increase is approved by the Commissioner.

PART 235—MORTGAGE INSURANCE AND ASSISTANCE PAYMENTS FOR HOME OWNERSHIP AND PROJECT REHABILITATION

Subpart D—Eligibility Requirements—Rehabilitation Sales Projects

A new paragraph is added to the end of § 235.540 to read as follows:

§ 235.540 Maximum interest rate.

* * * * *

The amount of any increase approved by the Commissioner in the mortgage amount between initial and final endorsement in excess of that which the Commissioner had committed to insure at initial endorsement, shall bear interest at the rate agreed upon by the mortgagor and the mortgagee which rate shall not exceed the greater of: (a) the maximum interest rate established by the Secretary and in effect at the time the mortgage was initially endorsed, (b) the maximum interest rate established by the Secretary and in effect at the time the application for a mortgage increase was received by the Commissioner, or (c) the maximum interest rate established by the Secretary and in effect at the time the increase is approved by the Commissioner.

PART 236—MORTGAGE INSURANCE AND INTEREST REDUCTION PAYMENTS FOR RENTAL PROJECTS

Subpart A—Eligibility Requirements for Mortgage Insurance

A new paragraph is added at the end of § 236.15 to read as follows:

§ 236.15 Maximum interest rate.

* * * * *

The amount of any increase approved by the Commissioner in the mortgage amount between initial and final endorsement in excess of that which the Commissioner had committed to insure at initial endorsement, shall bear interest at the rate agreed upon by the mortgagor and the mortgagee which rate shall not exceed the greater of: (a) the maximum interest rate established by the Secretary and in effect at the time the mortgage was initially endorsed, (b) the maximum interest rate established by the Secretary and in effect at the time the application for a mortgage increase was received by the Commissioner, or (c) the maximum interest rate established by the Secretary and in effect at the time the increase is approved by the Commissioner.

PART 242—MORTGAGE INSURANCE FOR HOSPITALS

Subpart A—Eligibility Requirements

A new paragraph is added to the end of § 242.33 to read as follows:

§ 242.33 Maximum interest rate.

* * * * *

The amount of any increase approved by the Commissioner in the mortgage amount between initial and final endorsement in excess of that which the Commissioner had committed to insure at initial endorsement, shall bear interest at the rate agreed upon by the mortgagor and the mortgagee which rate shall not exceed the greater of: (a) the maximum interest rate established by the Secretary and in effect at the time the mortgage was initially endorsed, (b) the maximum interest rate established by the Secretary and in effect at the time the application for a mortgage increase was received by the Commissioner, or (c) the maximum interest rate established by the Secretary and in effect at the time the increase is approved by the Commissioner.

PART 244—MORTGAGE INSURANCE FOR GROUP PRACTICE FACILITIES

Subpart A—Eligibility Requirements

A new paragraph (c) is added to § 244.45 to read as follows:

§ 244.45 Maximum interest rate.

* * * * *

(c) The amount of any increase approved by the Commissioner in the mortgage amount between initial and final endorsement in excess of that which the Commissioner had committed to insure at initial endorsement, shall bear interest at the rate agreed upon by the mortgagor and the mortgagee which rate shall not exceed the greater of: (1) the maximum interest rate established by the Secretary and in effect at the time the mortgage was initially endorsed, (2) the maximum interest rate established by the Secretary and in effect at the time the application for a mortgage increase was received by the Commissioner, or (3) the maximum interest rate established by the Secretary and in effect at the time the increase is approved by the Commissioner.

Effective date. These amendments are effective on December 15, 1975.

(Sec. 7(d) Department of Housing and Urban Development Act (42 U.S.C. 3535(d)).

It is hereby certified that the economic and inflationary impacts of this regulation have been carefully evaluated in accordance with OMB Circular A-107.

DAVID S. COOK,
Assistant Secretary for Housing Production and Mortgage Credit-Federal Housing Commissioner.

[FR Doc.75-33680 Filed 12-12-75;8:45 am]

Title 25—Indians

CHAPTER I—BUREAU OF INDIAN AFFAIRS, DEPARTMENT OF THE INTERIOR

SUBCHAPTER U—ELECTRIC POWER SYSTEM

PART 233—SAN CARLOS INDIAN IRRIGATION PROJECT, ARIZONA

Revision and Rates

DECEMBER 5, 1975.

This notice is published in the exercise of rulemaking authority delegated by the Secretary of the Interior to the Commissioner of Indian Affairs by 230 DM 2. The authority to issue regulations is vested in the Secretary of the Interior by 5 U.S.C. 301 and sections 463 and 465 of the Revised Statutes (25 U.S.C. 2 and 9).

Beginning on page 42884 of the September 17, 1975, FEDERAL REGISTER (40 FR 42884), there was published a notice of proposed rulemaking to revise Part 233 of Subchapter U, Chapter I, Title 25 of the Code of Federal Regulations. The purpose of the proposed revision is to provide additional power revenue to meet the increased cost of purchased power and to meet the increased cost of operating and maintaining the power system. The revision was proposed pursuant to the authority contained in section 5 of the Act of June 7, 1924 (43 Stat. 475, 476), and the Act of March 7, 1928 (45 Stat. 200, 210).

The public was given until October 17, 1975, to submit written comments, suggestions, or objections regarding the proposed revision.

After consideration of all such relevant matter presented by interested persons, the revision as so proposed is hereby adopted with the following changes:

1. In paragraph (c) of § 233.51, the phrase, "$4 per month" is changed to read "$4.50 per month." This change was made to remedy a typographical error in the printing of proposed rates.

2. After the first sentence in section 233.53(a) the paragraph shall read: "The Project will own and operate the lighting system and provide normal lamp replacement. Other maintenance and repairs shall be made at customer's expense." This change was made for the sake of clarity.

Effective date. These regulations shall become effective January 14, 1976. (Catalog of Federal Domestic Assistance Program No. 15.106, Indian Lands—Irrigation, Construction, Maintenance, Operation and Related Power Systems.)

MORRIS THOMPSON,
Commissioner of Indian Affairs.

AUTHORITY: The provisions of this Part 233 issued under Sec. 5, 43 Stat. 476, 45 Stat. 210, 211; 5 U.S.C. 301.

§ 233.1 Effective date; changes.

The regulations in this part are approved for the conduct of the electric power system of the San Carlos Project, Arizona, referred to in this part as the Project. The regulations in this part shall become effective with the first billings made after the first day of the second calendar month which begins after the date of publication in the FEDERAL REGISTER. The regulations in this part are subject to change by the proper authority and such changes shall apply to all contracts then and thereafter in effect.

§ 233.2 Authority of Project Engineer.

The Project Engineer is responsible for the operation of the electric power system and the enforcement of the regulations in this part. He is authorized to carry out and enforce the regulations either directly or through the Power Manager or other Project employees designated by him.

§ 233.3 Disputes.

Any aggrieved party may file with the Project Engineer a written complaint regarding the application of the regulations. Within fifteen days after its receipt, the Project Engineer shall render a written decision thereon and serve a copy thereof on the aggrieved party. Within fifteen days from receipt of such decision, the aggrieved party may take an appeal to the Commissioner of Indian Affairs who shall render his decision within sixty days and his decision shall be final. Pending the determination of an appeal, electric service shall be continued, except in cases which the question of the existence of dangerous conditions on the premises of the consumer is involved, provided the consumer pays the amount of each bill for electric service prior to the time when it becomes delinquent. If the question of the amount of the bill is involved in an appeal, the consumer shall be deemed to have paid the bill under protest and the payment shall be held in a special deposit account until the final decision has been made.

§ 233.4 Applications; contracts.

In order to contract for the delivery of power, a written application for service under this part accompanied by the required cash deposit and guarantee of the required minimum revenues to the Project, shall be filed with the Project Engineer. Upon acceptance by him, the application will become a contract. In general, such application will be accepted where service lines exist. When special terms and conditions are involved in contracting for service, the Project Engineer shall require the execution of a form of contract in which such terms and conditions are fully set forth. Each contract involving the construction of a new extension shall be for a period of at least one year, but if the consumer vacates the premises, he shall be liable for the unpaid guaranteed revenue only to the extent that it is not liquidated by the succeeding occupant of the premises. The Project Engineer is authorized to reject applications which he deems to be adverse to the best interests of the Project.

§ 233.5 Deposits.

A cash deposit in an amount equal to twice the estimated monthly bill, but in no case less than $30.00 will be required from each applicant. Any cash deposit, less the amount of any unpaid bills, shall be refunded after the termination of service. Before extensions are constructed each applicant must deposit an amount sufficient to cover his portion of the required minimum charges for a period of not less than one year, and must otherwise establish his credit and satisfy the Project Engineer of his intention to take service and his ability to meet the guarantee.

§ 233.6 Extensions.

(a) The length of an extension constructed at the expense of the Project shall not exceed the following:

	Feet
In urban areas:	
Single-phase extensions	100
3-phase extensions	80
In rural areas:	
Single-phase extensions	330
3-phase extensions	210

(b) The length of an extension shall include the horizontal length of both the primary and secondary circuits exclusive

V40241 DEC 15 75 XUM

of the service drops. Insofar as practicable, all extensions shall be constructed along established highways. The prospective consumer, or consumers, shall furnish or procure satisfactory rights-of-way necessary for the lines and other facilities of the Project incidental to the furnishing of service. The Project Engineer may decline to construct any extension which, in his opinion, will be excessive in cost, or detrimental to the best interest of the Project, or for which funds are not available.

§ 233.7 Installation or extension financed by consumer.

If funds, material or labor are not otherwise available for an installation or extension, or if an extension to a prospective consumer will require new construction beyond the distances specified in § 233.6, the consumer or prospective consumer may, after executing an appropriate contract satisfactory to the Project Engineer, construct the needed installation or extension, or deposit funds estimated to be sufficient to pay for the construction. Such installations or extensions shall be built in accordance approved by the Project Engineer. All extensions when constructed shall be and remain the property of the United States.

§ 233.8 Temporary service.

Temporary service refers to service to circuses, bazaars, fairs, construction works, and other activities or businesses of such a nature that service to the premises occupied by them will probably be discontinued within five months. An applicant for temporary service shall be required to deposit with the Project Engineer a sum of money equal to the estimated cost of installing and removing the necessary facilities and also an additional sum equal to the estimated bill for electrical service: *Provided, however,* That such additional sum need not be greater than three times the estimated monthly bill. After termination of service, there shall be refunded any amount remaining on deposit, in excess of the actual cost of installing and removing facilities, plus the unpaid amount of bills for electric power and energy, as determined by the Project Engineer.

§ 233.9 Type of service.

Service for lights and the usual domestic and other appliances, including motors of less than seven and one-half horsepower shall be single phase, nominally 115 or 230 volts and two or three wire, except when special approval for another type of service has been obtained from the Project Engineer. Three-phase service at suitable voltage may be furnished for motor installations of seven and one-half horsepower and over, provided a three-phase circuit of the required voltage and capacity is available where the service is desired. All service will be sixty cycle.

§ 233.10 Service connections.

On each new service the consumer shall provide and maintain a service entrance at a location convenient to the lines of the project, and all connections from the service entrance to the meter base and from the meter base to the main line circuit breaker or distribution center. The meter will be furnished by the United States. The meter socket will be furnished and installed by the consumer and in a suitable location, preferably on the outside of the building, or service pole, where the meter will be accessible to the meter reader at all times. Except for underground service installations, the meter socket shall not be more than 7 feet nor less than 5 feet above the ground or floor. For underground service installations, the meter shall be mounted a minimum of 3 feet above the ground or floor. The entire service installation must be satisfactory to the project engineer and must conform to the provisions then in force of the National Electrical Code of the National Board of Fire Underwriters for Electric Wiring and Apparatus. When alterations of a consumer's premises make it necessary to move an existing meter loop, the consumer may be required to install a meter socket in the new loop, located in conformity with the stipulations of this section. When an inspection is required by municipal ordinance, the project engineer shall require a certificate of inspection and approval by the municipal inspector before connecting a new service.

§ 233.11 Connection methods.

Service to a consumer's premises will ordinarily be supplied by means of overhead conductors. A consumer may at his own expense provide for an underground service. Such a underground service must be installed in accordance with the provisions of the National Electrical Code and shall be terminated on the pole at a location and in the manner directed by the Project Engineer. No connection from the circuits of the Electrical Power System to a consumer's service entrance shall be made except by the Project or its agents.

§ 233.12 Multiple meter installations.

In the case of new installations in multiple-occupancy buildings such as apartment houses in connection with which more than one meter in a building is required, the meters shall be assembled at one central location. Each meter shall be clearly marked so as to make it possible to identify the consumer.

§ 233.13 Consumer responsibility.

The consumer shall furnish, install and maintain at his own risk and expense in good and safe condition all protective devices, electric wires, lines, machinery, apparatus, and appliances which may be required or used for receiving and consuming electric energy obtained from the Project. The consumer shall be responsible for conforming to the regulations of the National Board of Fire Underwriters and to any other regulations applicable to his installation.

§ 233.14 Change of equipment.

In the event that a consumer proposes to make any material change in the amount, size or character of the electrical equipment installed on his premises, he shall immediately give written notice of his intention to the Project Engineer.

§ 233.15 Apparatus detrimental to service.

The Project Engineer may refuse to supply loads of a character detrimental to the system, or to service to other consumers, and he may require the installation of suitable corrective devices.

§ 233.16 Motor starting equipment.

Motors having a rated capacity of three horsepower or more shall be provided with such starting and overload equipment as may be required by the Project Engineer.

§ 233.17 Service discontinued.

The Project Engineer may discontinue electric service to any consumer who shall continue to use appliances or apparatus detrimental to the Electric Power System after he has been notified to correct the condition and has failed to do so within a reasonable time.

§ 233.18 Bills for service.

Meters will normally be read and bills for electric service will be rendered at regular intervals. Payments by consumers should be made in person or remitted by check or money order, payable to the order of the Treasurer of the United States, and mailed to the designated office of the Project.

§ 233.19 Special bills.

Special bills, removal bills, bills for temporary service, bills rendered when premises are vacated or bills rendered to persons discontinuing services are due on representation.

§ 233.20 Connect, reconnect, and accounting charges.

A nonrefundable service establishment fee of $7.50 will be charged each time the Project is requested to establish or reestablish electric service to the customer's delivery point. The charge will be included in and rendered with the first month's bill for electricity after connection or reconnection service. An accounting charge of $5 will be made when a check is returned unpaid by a bank because of insufficient funds or other reasons. This charge will be in addition to any other applicable charges and will appear on the next month's bill for electricity.

§ 233.21 Delinquent bills.

Bills for electric service will be delinquent if not paid on or before the tenth day following the date of issue of a bill showing arrears. When such delinquency occurs, the Project Engineer shall discontinue service and service shall not be restored until the consumer has paid all bills then due plus a reconnection charge of $10.00 and had made the deposit required under § 233.5. Discontinuance of service for delinquency shall not relieve the consumer of liability for minimum monthly payments guaranteed by him under his contract.

§ 233.22 Discontinuance by consumer.

Notice of his desire to have service disconnected shall be given by the consumer at least two days in advance. In the absence of such notice the consumer will be held liable for payment of all electrical energy furnished to such vacated premises until service is discontinued. Final bills may be paid by application of the consumer's guarantee deposit to the extent that they are covered thereby. Any surplus remaining in the deposit will be returned to the consumer after the contract is terminated. Where the deposit is insufficient, the consumer will be billed for the difference which shall be immediately due and payable.

§ 233.23 Fraud; tampering.

Service shall be discontinued by any consumer, or to any premises at any time when, in the opinion of the Project Engineer, such action is necessary to protect against abuse, fraud, or theft. Tampering or in any way interfering with meters, transformers, poles, conductors, or any part of the property of the Project is prohibited and is subject to prosecution pursuant to law.

§ 233.24 Compensation of employees.

All employees are strictly forbidden to demand or accept any personal compensation for services rendered to a consumer, or any gratuity by reason of rendition of services.

§ 233.25 Hardship cases.

The Project Engineer may relax temporarily strict enforcement of a regulation when in his judgment such enforcement would work undue hardship upon a consumer, but all such cases shall be reported promptly to the Commissioner of Indian Affairs with an explanation by the Project Engineer of the reasons for taking such action. The Commissioner of Indian Affairs may cancel the action taken by the Project Engineer.

§ 233.26 Interruptions to service.

The United States will furnish energy continuously so far as reasonable diligence will permit. But the United States, its officers, agents or employees, assume no liability for damages due to interruptions of service to the consumer.

§ 233.27 Contingent upon appropriations.

All contracts are subject to appropriations made by Congress from year to year of monies sufficient to perform the work or render the service provided therein. No liability shall accrue against the United States by reason of the lack of appropriations.

§ 233.51 Rate Schedule No. 1—Residential Rate.

(a) *Application of Schedule.* This schedule is applicable to single phase or three-phase service for residences and small, noncommercial users. Unless specifically permitted by the contract, use must be limited to the consumer's own premises and power supplied must not be resold. If more than one meter is required by the customer's installation or for the customer's convenience, bills will be independently calculated for each meter.

(b) *Monthly rate.* (1) $4.50, which includes the use of 50 kilowatt hours.

(2) 5 cents per kilowatt for the next 100 kilowatt hours.

(3) 3 cents per kilowatt hour for the next 350 kilowatt hours.

(4) 1.5 cents per kilowatt hour for all additional kilowatt hours.

(c) *Minimum bill.* The minimum bill shall be $4.50 per month except when a higher minimum bill is stipulated in the contract.

(d) *Fuel adjustment.* An adjustment shall be added to each KWH used equal to the estimated average fuel adjustment (rounded to the nearest $.0001) paid by the Project to Project's power suppliers.

§ 233.52 Rate Schedule No. 2—General rate.

(a) *Application of schedule.* This schedule is applicable to single phase or three-phase electric service for all purposes except residences and small, noncommercial users. Unless specifically permitted by the contract, use must be limited to the consumer's premises and the power supplied must not be resold. If more than one meter is required by the customer's installation, or for the customer's convenience, bills will be independently calculated for each meter.

(b) *Monthly rate.* (1) First 50 kilowatt hours, four dollars and fifty cents.

(2) 5 cents per kilowatt hour for the next 350 kilowatt hours.

(3) 3 cents per kilowatt hour for the next 600 kilowatt hours.

(4) 1.6 cents per kilowatt hour for the next 9000 kilowatt hours.

(5) When use is 10,000 kilowatt hours or more: First 10,000 kilowatt hours $184. Additional kilowatt hours at 1.6 cents per kilowatt hour.

(6) Less a credit of 0.3 cents per kilowatt hour for each kilowatt hour above 200 times the billing demand (50 KW min).

(c) *Minimum bill.* The minimum bill shall be $1.00 per month per kilowatt of billing demand, except where the customers requirements are of a distinctly recurring seasonal nature. Then the minimum monthly bill shall not be more than an amount sufficient to make the total charges for the twelve (12) months ending with the current month, equal to twelve times the highest monthly minimum computed for the same twelve month period. However, no monthly billing shall be less than $4.50.

(d) *Contract demand.* Each contract for 50 KW or over shall state the number of kilowatts which the customer expects to require and desires to have reserved for his service. This quantity is called the contract demand.

(e) *Actual demand.* The actual demand for any month shall be the average amount of power used during the period of 15 consecutive minutes when such average is the greatest for the month as determined by suitable meters, or, if meters are unavailable, the actual demand shall be connected load or such portion of the connected load as the Project Engineer may determine to be appropriate based on available information as to the customers use of connected lights, appliances, and equipment, or from check metering.

(f) *Billing demand.* The billing demand for a month shall be the contract demand or the actual demand for the month, whichever is greater.

(g) *Fuel adjustment.* An adjustment shall be added to each KWH used equal to the estimated average fuel adjustment (rounded to the nearest $.0001) paid by the Project to Project's power suppliers.

§ 233.53 Rate Schedule No. 3—Street and Area Lighting.

(a) *Application.* This rate schedule applies to service for yard lighting, lighting streets, alleys, thoroughfares, parks, schoolyards, industrial areas, parking lots, and similar areas where dusk-to-dawn service is desired. The Project will own and operate the lighting system and provide normal lamp replacement. Other maintenance and repairs shall be made at customer's expense.

(b) *Monthly rate.* (1) Lamps:

	Each		
	1	2 to 5	5 or more
200 watts or less, incandescent (2,800 lumens or less)	3	3.00	3
175 watts mercury vapor (approximately 6,500 lumens)	5	4.50	4
250 watts mercury vapor (approximately 10,000 lumens)	6	5.50	5
400 watts mercury vapor (approximately 18,000 lumens)	8	7.00	6

The minimum term of a service contract will be 12 months, payable in advance. The advance payment may be waived in special cases by the Project Engineer. Installation charges, the cost of wood poles or special steel, aluminum, or other supports, special fixtures, and the cost of underground service, will be charged as determined by the Project Engineer.

Title 26—Internal Revenue

CHAPTER I—INTERNAL REVENUE SERVICE, DEPARTMENT OF THE TREASURY

[T.D. 7391]

PART 1—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1953

Credit for Purchase of New Principal Residence

Correction

In FR Doc. 75-32440 appearing at page 55849 in the issue of Tuesday, December 2, 1975, the following changes should be made:

(1) On page 55852 in § 1.44-2(a) in the third line, the date "March 23, 1975" should read "March 26, 1975".

(2) On page 55854 in § 1.44-4(a)(3) in the second line, the reference to "(d) and (c) of this section," should be "(b) and (c) of this section,".

Title 29—Labor

CHAPTER V—WAGE AND HOUR DIVISION, DEPARTMENT OF LABOR

PART 602—THE LEATHER, LEATHER GOODS AND RELATED PRODUCTS INDUSTRY IN PUERTO RICO

Wage Order

Pursuant to sections 5, 6, and 8 of the Fair Labor Standards Act of 1938 (52 Stat. 1062, 1064, as amended (29 U.S.C. 205, 206, 208)), including the Fair Labor Standards Amendments of 1974 (Pub. L. 93-259; 84 Stat. 35), and Reorganization Plan No. 6 of 1950 (3 CFR 1949-53 Comp., p. 1004), and by means of Administrative Order No. 638 (40 F.R. 18519), the Secretary of Labor appointed and convened Industry Committee No. 127-C for the Leather, Leather Goods and Related Products Industry in Puerto Rico, referred to the Committee the question of the minimum rate or rates of wages to be paid under sections 6 (a), (b) and (c) of the Act to such employees, and gave notice of a hearing to be held by the Committee.

Subsequent to an investigation and a hearing conducted pursuant to the notice, the Committee has filed with the Administrator of the Wage and Hour Division of the Department of Labor a report containing its findings of fact and recommendations with respect to the matters referred to it.

Accordingly, as authorized and required by section 8 of the Fair Labor Standards Act of 1938, Reorganization Plan No. 6 of 1950, and 29 CFR 511.18, the recommendations of Industry Committee No. 127-C are hereby published, revising §§ 602.1 and 602.2 of Part 602, Title 29, Code of Federal Regulations. The increases in future wage rates prescribed by section 6(c) of the 1974 Fair Labor Standards Amendments are set forth in this wage order.

As revised, §§ 602.1 and 602.2 read as follows:

§ 602.1 Definition.

The Leather, Leather Goods and Related Products Industry in Puerto Rico is defined as follows: (a) The curing, tanning, or other processing of hides, skins, leather, or furs, and the manufacture of products therefrom; the manufacture from artificial leather, fabric, plastics, paper or paperboard, or similar materials of trunks, suitcases, brief cases, wallets, billfolds, coin purses, card cases, key cases, cigarette cases, watch straps, pouches, tie cases, toilet kits, checkbook covers, sport and athletic gloves and mittens, belts (except fabric belts), and like articles; and the manufacture of baseballs, softballs, footballs and basketballs covered with leather, artificial leather, fabric, plastics, or similar materials: *Provided, however,* That the industry shall not include any product or activity included in the jewelry and miscellaneous products manufacturing industry; the women's outerwear, needlework, and miscellaneous fabricated textile products industry; the rubber footwear industry; the non-rubber footwear industry; the gloves and mittens industry; or the rubber and fabricated plastic products industry, as defined in the wage orders for those industries in Puerto Rico.

§ 602.2 Wage rates.

Wages at rates not less than those prescribed in this section shall be paid under section 6(c) of the Fair Labor Standards Act of 1938 by every employer to each of his employees in each of the classifications in the industry who in any workweek is engaged in commerce or in the production of goods for commerce or is employed in an enterprise engaged in commerce or in the production of goods for commerce as those terms are defined in section 3 of the Act.

(a) *Pre-1961 coverage classifications:* The classifications in this paragraph (a) apply to all activities in the industry to which Section 6 of the Act would have applied prior to the Fair Labor Standards Amendments of 1961.

(1) *Hide curing classification.* (i) The minimum wage for this classification is $1.975 an hour effective until April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(ii) This classification is defined as the salting and other curing of hides and skins and operations incidental thereto, except when such operations are performed as an integral and continuous part of leather tanning.

(2) *Belts classification.* (i) The minimum wage for this classification is $1.975 an hour effective until April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(ii) This classification is defined as the manufacture of apparel belts made of leather, artificial leather, plastics, paper or paperboard, or similar materials (except fabric).

(3) *Baseballs and softballs classification.* (i) The minimum wage for this classification is $1.825 an hour effective until April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(ii) This classification is defined as the manufacture of baseballs and softballs covered with leather, artificial leather, fabric, plastics or similar materials.

(4) *Sporting and athletic goods.* (i) The minimum wage for this classification is $1.865 an hour effective until April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(ii) This classification is defined as the manufacture of sporting and athletic goods other than baseballs and softballs.

(5) *Other products and activities classification.* (i) The minimum wage for this classification is $1.80 an hour effective until April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(ii) This classification is defined as the manufacture of all products and activities not included in any other pre-1961 coverage classification in the industry.

(b) *1961 coverage classification.* (1) The minimum wage for this classification is $2.00 an hour effective until April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976, and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(2) This classification is defined as all activities in the industry which were brought within the purview of Section 6 of the Act solely by reason of the Fair Labor Standards Amendments of 1961.

(c) *1966 coverage classification.* (1) The minimum wage for this classification is $1.975 an hour effective until April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(2) This classification is defined as all activities in the industry to which Section 6 of the Act applies solely by reason of the Fair Labor Standards Amendments of 1966.

(Secs. 5, 6, 8, 52 Stat. 1062 and 1064, as amended; 29 U.S.C. 205, 206, 208).

Effective date. The effective date of this revision is December 31, 1975.

Signed at Washington, D.C. this 10th day of December, 1975.

WARREN D. LANDIS,
Acting Administrator, Wage and Hour Division, U.S. Department of Labor.

PART 603—THE GLOVES AND MITTENS INDUSTRY IN PUERTO RICO

Wage Order

Pursuant to sections 5, 6, and 8 of the Fair Labor Standards Act of 1938 (52

Stat. 1062, 1064, as amended (29 U.S.C. 205, 206, 208)), including the Fair Labor Standards Amendments of 1974 (Pub. L. 93-259; 84 Stat. 35), and Reorganization Plan No. 6 of 1950 (3 CFR 1949-53 Comp., p. 1004), and by means of Administrative Order No. 638 (40 F.R. 18519), the Secretary of Labor appointed and convened Industry Committee No. 127-D for the Gloves and Mittens Industry in Puerto Rico, referred to the Committee the question of the minimum rate or rates of wages to be paid under sections 6 (a), (b) and (c) of the Act to such employees, and gave notice of a hearing to be held by the Committee.

Subsequent to an investigation and a hearing conducted pursuant to the notice, the Committee has filed with the Administrator of the Wage and Hour Division of the Department of Labor a report containing its findings of fact and recommendations with respect to the matters referred to it.

Accordingly, as authorized and required by section 8 of the Fair Labor Standards Act of 1938, Reorganization Plan No. 6 of 1950, and 29 CFR 511.18, the recommendations of Industry Committee No. 127-D are hereby published, revising § 603.2 of Part 603, Title 29, Code of Federal Regulations. The increases in future wage rates prescribed by section 6 (c) of the 1974 Fair Labor Standards Amendments are set forth in this wage order.

As revised, § 603.2 reads as follows:

§ 603.2 Wage rates.

Wages at rates not less than those prescribed in this section shall be paid under section 6(c) of the Fair Labor Standards Act of 1938 by every employer to each of his employees in each of the classifications in the industry who in any workweek is engaged in commerce or in the production of goods for commerce or is employed in an enterprise engaged in commerce or in the production of goods for commerce as those terms are defined in section 3 of the Act.

(a) *Pre-1961 coverage classifications:* The classifications in this paragraph (a) apply to all activities in the industry to which Section 6 of the Act would have applied prior to the Fair Labor Standards Amendments of 1961.

(1) *Hand-sewing on fabric and leather gloves classification.* (i) The minimum wage for this classification is $1.32 an hour effective until December 31, 1975. Under section 6(c) the rate will be increased to $1.38 an hour on January 1, 1976, by $0.12 an hour on May 1, 1976 and by $0.15 an hour on May 1, 1977 and on May 1 of each subsequent year until the mainland rate is reached (sections 6(c)(2) and 6(c)(3)).

(ii) This classification is defined as the operations of hand-sewing, hand-embroidering, hand-embellishing, ornamental hand-stitching, hand-drawing of threads, and similar hand operations involving decorative effects on fabric and leather gloves (gloves or mittens manufactured from woven or knitted fabric or leather or from leather in combination with other material), except mending, repairing, sewing of labels, tacking, and similar operations on fabric or leather gloves that are wholly or chiefly machine-sewn.

(2) *Other products and activities classification.* (i) The minimum wage for this classification is $1.91 an hour effective until April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(ii) This classification is defined as all products and activities not included in the other pre-1961 coverage classification.

(b) *1961 coverage classification.* (1) The minimum wage for this classification is $1.91 an hour effective until April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(2) This classification is defined as all activities of employees covered by Section 6 of the Act only by reason of the Fair Labor Standards Amendments of 1961.

(c) *1966 coverage classification.* (1) The minimum wage for this classification is $1.91 an hour effective until April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(2) This classification is defined as all activities of employees covered by section 6 of the Act only by reason of the Fair Labor Standards Amendments of 1966.

(Secs. 5, 6, 8, 52 Stat. 1062 and 1064, as amended; 29 U.S.C. 205, 206, 208).

Effective date. This revision is effective December 31, 1975.

Signed at Washington, D.C. this 10th day of December, 1975.

WARREN D. LANDIS,
Acting Administrator, Wage and Hour Division, U.S. Department of Labor.

PART 608—THE HANDKERCHIEF, SCARF, AND ART LINEN INDUSTRY IN PUERTO RICO

Wage Order

Pursuant to sections 5, 6, and 8 of the Fair Labor Standards Act of 1938 (52 Stat. 1062, 1064, as amended (29 U.S.C. 205, 206, 208)), including the Fair Labor Standards Amendments of 1974 (Pub. L. 93-259; 84 Stat. 35), and Reorganization Plan No. 6 of 1950 (3 CFR 1949-53 Comp., p. 1004), and by means of Administrative Order No. 638 (40 FR 18519), the Secretary of Labor appointed and convened Industry Committee No. 128-B for the Handkerchief, Scarf, and Art Linen Industry in Puerto Rico, referred to the Committee the question of the minimum rate or rates of wages to be paid under sections 6 (a), (b) and (c) of the Act to such employees, and gave notice of a hearing to be held by the Committee.

Subsequent to an investigation and a hearing conducted pursuant to the notice, the Committee has filed with the Administrator of the Wage and Hour Division of the Department of Labor a report containing its findings of fact and recommendations with respect to the matters referred to it.

Accordingly, as authorized and required by section 8 of the Fair Labor Standards Act of 1938, Reorganization Plan No. 6 of 1950, and 29 CFR 511.18, the recommendations of Industry Committee No. 128-B are hereby published, revising § 608.2 of Part 608, Title 29, Code of Federal Regulations. The increases in future wage rates prescribed by sections 6 (a), (b) and (c) of the 1974 Fair Labor Standards Amendments are set forth in this wage order.

As revised, § 608.2 reads as follows:

§ 608.2 Wage rates.

Wages at rates not less than those prescribed in this section shall be paid under section 6(c) of the Fair Labor Standards Act of 1938 by every employer to each of his employees in each of the classifications in the industry who in any work-week is engaged in commerce or in production of goods for commerce or is employed in an enterprise engaged in commerce or in the production of goods for commerce as those terms are defined in section 3 of the Act.

(a) *Pre-1961 coverage classifications:* The classifications for which pre-1961 coverage apply to all activities in the industry to which section 6 of the Fair Labor Standards Act would have applied prior to the Fair Labor Standards Amendments of 1961.

(1) *Oblong scarves classification:* (i) The minimum wage for this classification is $2.00 an hour for the period ending April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1, of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(ii) This classification is defined as all work in the handkerchief, scarf, and art linen industry in Puerto Rico on oblong scarves.

(2) *Other products and activities classification:* (i) The minimum wage for this classification is $1.40 an hour for the period ending April 30, 1976. Under section is $2.00 an hour for the period end- $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(ii) This classification is defined as all products and activities not included in the oblong scarves classification of pre-1961 coverage.

(b) *1961 coverage classification.* (1) The minimum wage for this classification is $2.10 an hour for the period ending December 31, 1975. Since the mainland rate has been attained, the rate specified in section 6(a)(1) now applies, namely, $2.30 an hour after December 31, 1975 (section 6(c)(5)):

V 40 241 DEC 15 75 XUM

(c) *1966 coverage classification.* (1) The minimum wage for this classification is $2.00 an hour for the period ending December 31, 1975. Since the mainland rate has been attained, the rates specified in section 6(b) now apply, namely, $2.20 an hour during the year ending December 31, 1976; and $2.30 an hour thereafter (section 6(c)(5)).

(Secs. 5, 6, 8, 52 Stat. 1062 and 1064, as amended; 29 U.S.C. 205, 206, 208).

Effective date. This revision is effective December 31, 1975.

Signed at Washington, D.C. this 10th day of December, 1975.

WARREN D. LANDIS,
Acting Administrator, Wage and Hour Division, U.S. Department of Labor.

[FR Doc.75-33741 Filed 12-12-75;8:45 am]

PART 609—THE WOMEN'S AND CHILDREN'S UNDERWEAR AND WOMEN'S BLOUSE INDUSTRY IN PUERTO RICO

Wage Order

Pursuant to sections 5, 6, and 8 of the Fair Labor Standards Act of 1938 (52 Stat. 1062, 1064, as amended (29 U.S.C. 205, 206, 208)), including the Fair Labor Standards Amendments of 1974 (Pub. L. 93-259; 84 Stat. 35), and Reorganization Plan No. 6 of 1950 (3 CFR 1949-53 Comp., p. 1004), and by means of Administrative Order Nos. 638 (40 F.R. 18519) and 639 (40 F.R. 40537), the Secretary of Labor appointed and convened Industry Committee No. 128-A for the Women's and Children's Underwear and Women's Blouse Industry in Puerto Rico, referred to the Committee the question of the minimum rate or rates of wages to be paid under section 6 (a), (b) and (c) of the Act to such employees, and gave notice of a hearing to be held by the Committee.

Subsequent to an investigation and hearing conducted pursuant to notice, the Committee has filed with the Administrator of the Wage and Hour Division of the Department of Labor a report containing its findings of fact and recommendations with respect to the matters referred to it.

Accordingly, as authorized and required by section 8 of the Fair Labor Standards Act of 1938, Reorganization Plan No. 6 of 1950, and 29 CFR 511.18, the recommendations of Industry Committee No. 128-A are hereby published, revising § 609.2 of Part 609 Title 29, Code of Federal Regulations. The increases in future wage rates prescribed by sections 6 (a), (b) and (c) of the 1974 Fair Labor Standards Amendments are set forth in this wage order.

As revised, § 609.2 reads as follows:

§ 609.2 Wage rates.

Wages at rates not less than those prescribed in this section shall be paid under section 6(c) of the Fair Labor Standards Act of 1938 by every employer to each of his employees in each of the classifications in the industry who in any workweek is engaged in commerce or in the production of goods for commerce or is employed in an enterprise engaged in commerce or in the production of goods for commerce as those terms are defined in section 3 of the Act.

(a) *Pre-1961 coverage classification.* (1) The minimum rate for this classification is $1.84 an hour for the period ending April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(b) *1961 coverage classification.* (1) The minimum wage for this classification is $2.10 an hour for the period ending December 31, 1975. Since the mainland rate has been attained, the rate specified in section 6(a)(1) now applies, namely, $2.30 an hour after December 31, 1975 (section 6(c)(5)).

(c) *1966 coverage classification.* (1) The minimum wage for this classification is $2.00 an hour for the period ending December 31, 1975. Since the mainland rate has been attained, the rates specified in section 6(b) now apply, namely, $2.20 an hour during the year ending December 31, 1976; and $2.30 an hour thereafter (section 6(c)(5)).

(Secs. 5, 6, 8, 52 Stat. 1062 and 1064, as amended; 29 U.S.C. 205, 206, 208).

Effective date. This revision is effective December 31, 1975.

Signed at Washington, D.C. this 10th day of December, 1975.

WARREN D. LANDIS,
Acting Administrator, Wage and Hour Division, U.S. Department of Labor.

PART 610—THE CHILDREN'S DRESS AND RELATED PRODUCTS INDUSTRY IN PUERTO RICO

Wage Order

Pursuant to sections 5, 6, and 8 of the Fair Labor Standards Act of 1938 (52 Stat. 1062, 1064, as amended (29 U.S.C. 205, 206, 208)), including the Fair Labor Standards Amendments of 1974 (Pub. L. 93-259; 84 Stat. 35), and Reorganization Plan No. 6 of 1950 (3 CFR 1949-53 Comp., p. 1004), and by means of Administrative Order No. 638 (40 F.R. 18519), the Secretary of Labor appointed and convened Industry Committee No. 128-D for the Children's Dress and Related Products Industry in Puerto Rico, referred to the Committee the question of the minimum rate or rates of wages to be paid under sections 6 (a), (b) and (c) of the Act to such employees, and gave notice of a hearing to be held by the Committee.

Subsequent to an investigation and hearing conducted pursuant to the notice, the Committee has filed with the Administrator of the Wage and Hour Division of the Department of Labor a report containing its findings of fact and recommendations with respect to the matters referred to it.

Accordingly, as authorized and required by section 8 of the Fair Labor Standards Act of 1938, Reorganization Plan No. 6 of 1950, and 29 CFR 511.18, the recommendations of Industry Committee No. 128-D are hereby published, revising § 610.2 of Part 610, Title 29, Code of Federal Regulations. The increases in future wage rates prescribed by sections 6 (a), (b) and (c) of the 1974 Fair Labor Standards Amendments are set forth in this wage order.

As revised, § 610.2 reads as follows:

§ 610.2 Wage rates.

Wages at rates not less than those prescribed in this section shall be paid under section 6(c) of the Fair Labor Standards Act of 1938 by every employer to each of his employees in each of the classifications in the industry who in any workweek is engaged in commerce or in the production of goods for commerce or is employed in an enterprise engaged in commerce or in the production of goods for commerce as those terms are defined in section 3 of the Act.

(a) *Pre-1961 coverage classification.* (1) The minimum wage for this classification is $2.05 an hour for the period ending April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1, of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(b) *1961 coverage classification.* (1) The minimum wage for this classification is $2.10 an hour for the period ending December 31, 1975. Since the mainland rate has been attained, the rate specified in section 6(a)(1) now applies, namely, $2.30 an hour after December 31, 1975 (section 6(c)(5)).

(c) *1966 coverage classification.* (1) The minimum wage for this classification is $1.98 an hour for the period ending April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(Secs. 5, 6, 8, 52 Stat. 1062 and 1064, as amended; 29 U.S.C. 205, 206, 208).

Effective date. The effective date of this revision is December 31, 1975.

Signed at Washington, D.C. this 10th day of December, 1975.

WARREN D. LANDIS,
Acting Administrator, Wage and Hour Division, U.S. Department of Labor.

PART 611—THE SWEATER AND KNIT SWIMWEAR INDUSTRY IN PUERTO RICO

Wage Order

Pursuant to sections 5, 6, and 8 of the Fair Labor Standards Act of 1938 (52 Stat. 1062, 1064, as amended (29 U.S.C. 205, 206, 208)), including the Fair Labor Standards Amendments of 1974 (Pub. L. 93-259; 84 Stat. 35), and Reorganization Plan No. 6 of 1950 (3 CFR 1949-53 Comp., p. 1004), and by means of Administrative Order No. 638 (40 F.R. 18519), the Secretary of Labor appointed and convened Industry Committee No. 128-F for the Sweater and Knit Swimwear Industry in Puerto Rico, referred to the Committee the question of the minimum rate or rates of wages to be paid under sections 6 (a), (b) and (c) of the Act to such employees, and gave notice of a hearing to be held by the Committee.

Subsequent to an investigation and a hearing conducted pursuant to the notice, the Committee has filed with the Administrator of the Wage and Hour Division of the Department of Labor a report containing its findings of fact and recommendations with respect to the matters referred to it.

Accordingly, as authorized and required by section 8 of the Fair Labor Standards Act of 1938, Reorganization Plan No. 6 of 1950, and 29 CFR 511.18, the recommendations of Industry Committee No. 128-F are hereby published, revising § 611.2 of Part 611, Title 29, Code of Federal Regulations. The increases in future wage rates prescribed by section 6(c) of the 1974 Fair Labor Standards Amendments are set forth in this wage order.

As revised, § 611.2 reads as follows:

§ 611.2 Wage rates.

(a) Wages at rates not less than those prescribed in this section shall be paid under section 6(c) of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the industry who in any workweek is engaged in commerce or in the production of goods for commerce or is employed in an enterprise engaged in commerce or in the production of goods for commerce as those terms are defined in section 3 of the Act.

(b) The minimum wage for this industry is $1.98 an hour for the period ending April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(Secs. 5, 6, 8, 52 Stat. 1062 and 1064, as amended; 29 U.S.C. 205, 206, 208).

Effective date. The effective date of this revision is December 31, 1975.

Signed at Washington, D.C. this 10th day of December, 1975.

WARREN D. LANDIS,
Acting Administrator, Wage and Hour Division, U.S. Department of Labor.

PART 612—THE WOMEN'S OUTERWEAR, NEEDLEWORK, AND MISCELLANEOUS FABRICATED TEXTILE PRODUCTS INDUSTRY IN PUERTO RICO

Wage Order

Pursuant to sections 5, 6, and 8 of the Fair Labor Standards Act of 1938 (52 Stat. 1062, 1064, as amended (29 U.S.C. 205, 206, 208)), including the Fair Labor Standards Amendments of 1974 (Pub. L. 93-259; 84 Stat. 35), and Reorganization Plan No. 6 of 1950 (3 CFR 1949-53 Comp., p. 1004), and by means of Administrative Order No. 638 (40 F.R. 18519), the Secretary of Labor appointed and convened Industry Committee No. 128-E for the Women's Outerwear, Needlework, and Miscellaneous Fabricated Textile Products Industry in Puerto Rico, referred to the Committee the question of the minimum rate or rates of wages to be paid under sections 6 (a) (b) and (c) of the Act to such employees, and gave notice of a hearing to be held by the Committee.

Subsequent to an investigation and a hearing conducted pursuant to the notice, the Committee has filed with the Administrator of the Wage and Hour Division of the Department of Labor a report containing its findings of fact and recommendations with respect to the matters referred to it.

Accordingly, as authorized and required by section 8 of the Fair Labor Standards Act of 1938, Reorganization Plan No. 6 of 1950, and 29 CFR 511.18, the recommendations of Industry Committee No. 128-E are hereby published, revising §§ 612.1 and 612.2 of Part 612, Title 29, Code of Federal Regulations. The increases in future wage rates prescribed by section 6(c) of the 1974 Fair Labor Standards Amendments are set forth in this wage order.

As revised, §§ 612.1 and 612.2 read as follows:

§ 612.1 Definition.

The Women's Outerwear, Needlework, and Miscellaneous Fabricated Textile Products Industry in Puerto Rico is defined as follows: The manufacture from any material of women's and girls' outerwear (except scarves, blouses, and girls' dresses) and all other apparel and apparel furnishings and accessories made by knitting, crocheting, cutting, sewing, embroidering, or other processes; and the manufacture of all textile products and the manufacture of like articles in which a synthetic material in sheet form is the basic component: *Provided, however,* That the industry shall not include any product or activity included in the jewelry and miscellaneous products manufacturing industry; the textile mill products industry; or any of the other apparel industries in Puerto Rico as defined in the wage orders for those industries in Puerto Rico.

§ 612.2 Wage rates.

Wages at rates not less than those prescribed in this section shall be paid under section 6(c) of the Fair Labor Standards Act of 1938 by every employer to each of his employees in each of the classifications in the industry who in any workweek is engaged in commerce or in the production of goods for commerce or is employed in an enterprise engaged in commerce or in the production of goods for commerce as those terms are defined in section 3 of the Act.

(a) *Pre-1966 coverage classification.* (1) The minimum wage for this classification is $2.00 an hour for the period ending April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(2) This classification is defined as all activities in the industry to which section 6 of the Act would have applied prior to the Fair Labor Standards Amendments of 1966.

(b) *1966 coverage classification.* (1) The minimum wage for this classification is $1.99 an hour for the period ending April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(2) This classification is defined as all activities in the industry to which section 6 of the Act applies solely by reason of the Fair Labor Standards Amendments of 1966.

(Secs. 5, 6, 8, 52 Stat. 1062 and 1064, As Amended; 29 U.S.C. 205, 206, 208).

Effective date. The effective date of this revision is December 31, 1975.

Signed at Washington, D.C., this 10th day of December, 1975.

WARREN D. LANDIS,
Acting Administrator, Wage and Hour Division, U.S. Department of Labor.

PART 614—THE CORSETS, BRASSIERES, AND ALLIED GARMENTS INDUSTRY IN PUERTO RICO

Wage Order

Pursuant to sections 5, 6, and 8 of the Fair Labor Standards Act of 1938 (52 Stat. 1062, 1064, as amended (29 U.S.C. 205, 206, 208)), including the Fair Labor Standards Amendments of 1974 (Pub. L. 93-259; 84 Stat. 35), and Reorganization Plan No. 6 of 1950 (3 CFR 1949-53 Comp., p. 1004), and by means of Administrative Order No. 638 (40 F.R. 18519), the Secretary of Labor appointed and convened Industry Committee No. 128-C for the Corsets, Brassieres, and Allied Garments Industry in Puerto Rico, referred to the Committee the question of the minimum rate or rates of wages to be paid under sections 6 (a), (b) and (c) of the Act of such employees, and gave notice of a hearing to be held by the Committee.

Subsequent to an investigation and hearing conducted pursuant to the notice, the Committee has filed with the Administrator of the Wage and Hour Division of the Department of Labor a report containing its findings of fact and recommendations with respect to the matters referred to it.

Accordingly, as authorized and required by section 8 of the Fair Labor Standards Act of 1938, Reorganization Plan No. 6 of 1950, and 29 CFR 511.18, the recommendations of Industry Committee No. 128-C are hereby published, revising § 614.2 of Part 614, Title 29, Code of Federal Regulations. The increases in future wage rates prescribed by sections

Plan No. 6 of 1950 (3 CFR 1949-53 Comp., p. 1004), and by means of Administrative Order No. 638 (40 F.R. 18519), the Secretary of Labor appointed and convened Industry Committee No. 128-F for the Sweater and Knit Swimwear Industry in Puerto Rico, referred to the Committee the question of the minimum rate or rates of wages to be paid under sections 6 (a), (b) and (c) of the Act to such employees, and gave notice of a hearing to be held by the Committee.

Subsequent to an investigation and a hearing conducted pursuant to the notice, the Committee has filed with the Administrator of the Wage and Hour Division of the Department of Labor a report containing its findings of fact and recommendations with respect to the matters referred to it.

Accordingly, as authorized and required by section 8 of the Fair Labor Standards Act of 1938, Reorganization Plan No. 6 of 1950, and 29 CFR 511.18, the recommendations of Industry Committee No. 128-F are hereby published, revising § 611.2 of Part 611, Title 29, Code of Federal Regulations. The increases in future wage rates prescribed by section 6(c) of the 1974 Fair Labor Standards Amendments are set forth in this wage order.

As revised, § 611.2 reads as follows:

§ 611.2 Wage rates.

(a) Wages at rates not less than those prescribed in this section shall be paid under section 6(c) of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the industry who in any workweek is engaged in commerce or in the production of goods for commerce or is employed in an enterprise engaged in commerce or in the production of goods for commerce as those terms are defined in section 3 of the Act.

(b) The minimum wage for this industry is $1.98 an hour for the period ending April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(Secs. 5, 6, 8, 52 Stat. 1062 and 1064, as amended; 29 U.S.C. 205, 206, 208).

Effective date. The effective date of this revision is December 31, 1975.

Signed at Washington, D.C. this 10th day of December, 1975.

WARREN D. LANDIS,
Acting Administrator, Wage and Hour Division, U.S. Department of Labor.

PART 612—THE WOMEN'S OUTERWEAR, NEEDLEWORK, AND MISCELLANEOUS FABRICATED TEXTILE PRODUCTS INDUSTRY IN PUERTO RICO

Wage Order

Pursuant to sections 5, 6, and 8 of the Fair Labor Standards Act of 1938 (52 Stat. 1062, 1064, as amended (29 U.S.C. 205, 206, 208)), including the Fair Labor Standards Amendments of 1974 (Pub. L. 93-259; 84 Stat. 35), and Reorganization Plan No. 6 of 1950 (3 CFR 1949-53 Comp., p. 1004), and by means of Administrative Order No. 638 (40 F.R. 18519), the Secretary of Labor appointed and convened Industry Committee No. 128-E for the Women's Outerwear, Needlework, and Miscellaneous Fabricated Textile Products Industry in Puerto Rico, referred to the Committee the question of the minimum rate or rates of wages to be paid under sections 6 (a) (b) and (c) of the Act to such employees, and gave notice of a hearing to be held by the Committee.

Subsequent to an investigation and a hearing conducted pursuant to the notice, the Committee has filed with the Administrator of the Wage and Hour Division of the Department of Labor a report containing its findings of fact and recommendations with respect to the matters referred to it.

Accordingly, as authorized and required by section 8 of the Fair Labor Standards Act of 1938, Reorganization Plan No. 6 of 1950, and 29 CFR 511.18, the recommendations of Industry Committee No. 128-E are hereby published, revising §§ 612.1 and 612.2 of Part 612, Title 29, Code of Federal Regulations. The increases in future wage rates prescribed by section 6(c) of the 1974 Fair Labor Standards Amendments are set forth in this wage order.

As revised, §§ 612.1 and 612.2 read as follows:

§ 612.1 Definition.

The Women's Outerwear, Needlework, and Miscellaneous Fabricated Textile Products Industry in Puerto Rico is defined as follows: The manufacture from any material of women's and girls' outerwear (except scarves, blouses, and girls' dresses) and all other apparel and apparel furnishings and accessories made by knitting, crocheting, cutting, sewing, embroidering, or other processes; and the manufacture of all textile products and the manufacture of like articles in which a synthetic material in sheet form is the basic component: *Provided, however,* That the industry shall not include any product or activity included in the jewelry and miscellaneous products manufacturing industry; the textile mill products industry; or any of the other apparel industries in Puerto Rico as defined in the wage orders for those industries in Puerto Rico.

§ 612.2 Wage rates.

Wages at rates not less than those prescribed in this section shall be paid under section 6(c) of the Fair Labor Standards Act of 1938 by every employer to each of his employees in each of the classifications in the industry who in any workweek is engaged in commerce or in the production of goods for commerce or is employed in an enterprise engaged in commerce or in the production of goods for commerce as those terms are defined in section 3 of the Act.

(a) *Pre-1966 coverage classification.* (1) The minimum wage for this classification is $2.00 an hour for the period ending April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(2) This classification is defined as all activities in the industry to which section 6 of the Act would have applied prior to the Fair Labor Standards Amendments of 1966.

(b) *1966 coverage classification.* (1) The minimum wage for this classification is $1.99 an hour for the period ending April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(2) This classification is defined as all activities in the industry to which section 6 of the Act applies solely by reason of the Fair Labor Standards Amendments of 1966.

(Secs. 5, 6, 8, 52 Stat. 1062 and 1064, As Amended; 29 U.S.C. 205, 206, 208).

Effective date. The effective date of this revision is December 31, 1975.

Signed at Washington, D.C., this 10th day of December, 1975.

WARREN D. LANDIS,
Acting Administrator, Wage and Hour Division, U.S. Department of Labor.

PART 614—THE CORSETS, BRASSIERES, AND ALLIED GARMENTS INDUSTRY IN PUERTO RICO

Wage Order

Pursuant to sections 5, 6, and 8 of the Fair Labor Standards Act of 1938 (52 Stat. 1062, 1064, as amended (29 U.S.C. 205, 206, 208)), including the Fair Labor Standards Amendments of 1974 (Pub. L. 93-259; 84 Stat. 35), and Reorganization Plan No. 6 of 1950 (3 CFR 1949-53 Comp., p. 1004), and by means of Administrative Order No. 638 (40 F.R. 18519), the Secretary of Labor appointed and convened Industry Committee No. 128-C for the Corsets, Brassieres, and Allied Garments Industry in Puerto Rico, referred to the Committee the question of the minimum rate or rates of wages to be paid under sections 6 (a), (b) and (c) of the Act of such employees, and gave notice of a hearing to be held by the Committee.

Subsequent to an investigation and hearing conducted pursuant to the notice, the Committee has filed with the Administrator of the Wage and Hour Division of the Department of Labor a report containing its findings of fact and recommendations with respect to the matters referred to it.

Accordingly, as authorized and required by section 8 of the Fair Labor Standards Act of 1938, Reorganization Plan No. 6 of 1950, and 29 CFR 511.18, the recommendations of Industry Committee No. 128-C are hereby published, revising § 614.2 of Part 614, Title 29, Code of Federal Regulations. The increases in future wage rates prescribed by sections

V40241 DEC 15 75 XUM

6 (a), (b) and (c) of the 1974 Fair Labor Standards Amendments are set forth in this wage order.

As revised, § 614.2 reads as follows:

§ 614.2 Wage rates.

Wages at rates not less than those prescribed in this section shall be paid under section 6(c) of the Fair Labor Standards Act of 1938 by every employer to each of his employees in each of the classifications in the industry who in any workweek is engaged in commerce or in the production of goods for commerce or is employed in an enterprise engaged in commerce or in the production of goods for commerce as those terms are defined in section 3 of the Act.

(a) *Pre-1961 coverage classification.* (1) The minimum rate for this classification is $1.98 an hour for the period ending April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(b) *1961 coverage classification.* (1) The minimum wage for this classification is $2.10 an hour for the period ending December 31, 1975. Since the mainland rate has been attained, the rate specified in section 6(a) (1) now applies, namely, $2.30 an hour after December 31, 1975 (section 6(c)(5)).

(c) *1966 coverage classification.* (1) The minimum wage for this classification is $2.00 an hour for the period ending December 31, 1975. Since the mainland rate has been attained, the rates specified in section 6(b) now apply, namely $2.20 an hour during the year ending December 31, 1976; and $2.30 an hour thereafter (section 6(c)(5)).

(Secs. 5, 6, 8, 52 Stat. 1062 and 1064, as amended; 29 U.S.C. 205, 206, 208).

Effective date. The effective date of this revision is December 31, 1975.

Signed at Washington, D.C., this 10th day of December, 1975.

WARREN D. LANDIS,
Acting Administrator, Wage and Hour Division U.S. Department of Labor.

PART 615—THE MEN'S AND BOYS' CLOTHING AND RELATED PRODUCTS INDUSTRY IN PUERTO RICO

Wage Order

Pursuant to sections 5, 6, and 8 of the Fair Labor Standards Act of 1938 (52 Stat. 1062, 1064, as amended (29 U.S.C. 205, 206, 208)), including the Fair Labor Standards Amendments of 1974 (Pub. L. 93-259; 84 Stat. 35), and Reorganization Plan No. 6 of 1950 (3 CFR 1949-53 Comp., p. 1004), and by means of Administrative Order No. 638 (40 F.R. 18519), the Secretary of Labor appointed and convened Industry Committee No. 127-A for the Men's and Boys' Clothing and Related Products Industry in Puerto Rico, referred to the Committee the question of the minimum rate or rates of wages to be paid under sections 6 (a), (b) and (c) of the Act to such employees, and gave notice of a hearing to be held by the Committee.

Subsequent to an investigation and a hearing conducted pursuant to the notice, the Committee has filed with the Administrator of the Wage and Hour Division of the Department of Labor a report containing its findings of fact and recomendations with respect to the the matters referred to it.

Accordingly, as authorized and required by section 8 of the Fair Labor Standards Act of 1938, Reorganization Plan No. 6 of 1950, and 29 CFR 511.18, the recommendations of Industry Committee No. 127-A are hereby published, revising §§ 615.1 and 615.2 of Part 615, Title 29, Code of Federal Regulations. The increases in future wage rates prescribed by section 6(c) of the 1974 Fair Labor Standards Amendments are set forth in this wage order.

As revised, §§ 615.1 and 615.2 read as follows:

§ 615.1 Definition.

The Men's and Boys' Clothing and Related Products Industry in Puerto Rico is defined as follows:

The manufacture from any material of men's and boys' clothing, furnishings, accessories, and related products: *Provided, however,* That the industry shall not include the manufacture of handle made straw hats, gloves, hosiery, footwear, belts (except fabric), sweaters, handkerchiefs, scarves, mufflers, or any product or activity included in the children's dress and related products industry in Puerto Rico; the military hats and caps industry in Puerto Rico; or in the women's and children's underwear and women's blouse industry in Puerto Rico.

§ 615.2 Wage rates.

Wages at rates not less than those prescribed in this section shall be paid under section 6(c) of the Fair Labor Standards Act of 1938 by every employer to each of his employees in each of the classifications in the industry who in any workweek is engaged in commerce or in the production of goods for commerce or is employed in an enterprise engaged in commerce or in the production of goods for commerce as those terms are defined in section 3 of the Act.

(a) *Pre-1961 coverage classifications:* The classifications in this paragraph (a) apply to all activities in the industry to which Section 6 of the Act would have applied prior to the Fair Labor Standards Amendments of 1961.

(1) *Work clothing and separate trousers classification.* (i) The minimum wage for this classification is $1.92 an hour effective until April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(ii) This classification is defined as the manufacture of men's, youths' and boys' work shirts, pants, and other work clothing and washable service apparel, and separate trousers and slacks.

(2) *Military-style hats and caps classification.* (i) The minimum wage for this classification is $1.95 an hour effective until April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(ii) This classification is defined as the manufacture of military-style hats and caps.

(3) *Other products and activities classification.* (i) The minimum wage for this classification is $1.85 an hour effective until April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(ii) This classification is defined as all products and activities not included in the other pre-1961 coverage classifications.

(b) *1961 coverage classification.* (1) The minimum wage for this classification is $1.85 an hour effective until April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(2) This classification is defined as all activities of employees covered by Section 6 of the Act only by reason of the Fair Labor Standards Amendments of 1961.

(c) *1966 coverage classifications:* The classifications in this paragraph (c) apply only to those activities in the industry to which Section 6 of the Act applies solely by reason of the Fair Labor Standards Amendments of 1966.

(1) *Trousers classification.* (i) The minimum wage for this classification is $1.92 an hour effective until April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(ii) This classification is defined as the manufacture of men's, youths' and boys' work pants and separate trousers and slacks.

(2) *Other products and activities classification.* (i) The minimum wage for this classification is $1.95 an hour effective until April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(ii) This classification is defined as all products and activities not included in other 1966 coverage classifications.

(Secs. 5, 6, 8, 52 Stat. 1062 and 1064, as amended; 29 U.S.C. 205, 206, 208.)

Effective date. The effective date of this revision is December 31, 1975.

Signed at Washington, D.C. this 10th day of December, 1975.

WARREN D. LANDIS,
Acting Administrator, Wage and Hour Division, U.S. Department of Labor.

[FR Doc.75-33747 Filed 12-12-75;8:45 am]

PART 687—THE HOSIERY INDUSTRY IN PUERTO RICO

Wage Order

Pursuant to sections 5, 6, and 8 of the Fair Labor Standards Act of 1938 (52 Stat. 1062, 1064, as amended (29 U.S.C. 205, 206, 208)), including the Fair Labor Standards Amendments of 1974 (Pub. L. 93-259; 84 Stat. 35), and Reorganization Plan No. 6 of 1950 (3 CFR 1949-53 Comp., p. 1004), and by means of Administrative Order No. 638 (40 F.R. 18519), the Secretary of Labor appointed and convened Industry Committee No. 127-B for the Hosiery Industry in Puerto Rico, referred to the Committee the question of the minimum rate or rates of wages to be paid under sections 6 (a), (b) and (c) of the Act to such employees, and gave notice of a hearing to be held by the Committee.

Subsequent to an investigation and a hearing conducted pursuant to the notice, the Committee has filed with the Administrator of the Wage and Hour Division of the Department of Labor a report containing its findings of fact and recommendations with respect to the matters referred to it.

Accordingly, as authorized and required by section 8 of the Fair Labor Standards Act of 1938, Reorganization Plan No. 6 of 1950, and 29 CFR 511.18, the recommendations of Industry Committee No. 127-B are hereby published, revising §§ 687.1 and 687.2 of Part 687, Title 29, Code of Federal Regulations. The increases in future wage rates prescribed by section 6(c) of the 1974 Fair Labor Standards Amendments are set forth in this wage order.

As revised, §§ 687.1 and 687.2 read as follows:

§ 687.1 Definition.

The Hosiery Industry in Puerto Rico is defined as follows: (a) The manufacture and processing of hosiery, including, among other processes, the knitting, seaming, looping, dyeing, clocking, and all phases of finishing hosiery, but not including the manufacture or processing of yarn or thread.

§ 687.2 Wage rates.

Wages at rates not less than those prescribed in this section shall be paid under section 6(c) of the Fair Labor Standards Act of 1938 by every employer to each of his employees in each of the classifications in the industry who in any workweek is engaged in commerce or in the production of goods for commerce or is employed in an enterprise engaged in commerce or in the production of goods for commerce as those terms are defined in section 3 of the Act.

(a) *Pre-1966 coverage classifications.* The classifications in this paragraph (a) apply to all activities in the industry to which section 6 of the Act would have applied prior to the Fair Labor Standards Amendments of 1966.

(1) *Women's hosiery classification.* (i) The minimum wage for this classification is $1.88 an hour for the period ending April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(ii) This classification is defined as the manufacture and processing of women's hosiery, both seamless and full-fahioned, including among other processes knitting, seaming, looping, dyeing, clocking, and all phases of finishing.

(2) *Other hosiery classification.* (i) The minimum wage for this classification is $1.67 an hour for the period ending April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(ii) This classification is defined as the manufacture of all other hosiery, including men's and children's hosiery and women's socks, and involving such processes as knitting, seaming, looping, dyeing, clocking, and all phases of finishing.

(b) *1966 coverage classifications.* The classifications in this paragraph (b) apply only to those activities in the industry to which section 6 of the Act applies solely by reason of the Fair Labor Standards Amendments of 1966.

(1) *Women's hosiery classification.* (i) The minimum wage for this classification is $1.88 an hour for the period ending April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(ii) This classification is defined as the manufacture and processing of women's hosiery, both seamless and full-fashioned, including among other processes knitting, seaming, looping, dyeing, clocking, and all phases of finishing.

(2) *Other hosiery classification.* (i) The minimum wage for this classification is $1.695 an hour for the period ending April 30, 1976. Under section 6(c) the rate will be increased by $0.15 an hour on May 1, 1976 and on May 1 of each subsequent year until the mainland rate is reached (section 6(c)(2)).

(ii) This classification is defined as all activities in the hosiery industry, except those activities included in the women's hosiery classification.

(Secs. 5, 6, 8, 52 Stat. 1062 and 1064, as amended; 29 U.S.C. 205, 206, 208).

Effective date. This revision is effective December 31, 1975.

Signed at Washington, D.C. this 10th day of December, 1975.

WARREN D. LANDIS,
Acting Administrator, Wage and Hour Division, U.S. Department of Labor.

CHAPTER XVII—OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION, DEPARTMENT OF LABOR

PART 1902—STATE PLANS FOR THE DEVELOPMENT OF STATE STANDARDS

Procedures for Determinations Under Section 18(e) of the Occupational Safety and Health Act of 1970

Correction

In FR Doc. 75-31836 appearing at page 54780 in the issue of Wednesday, November 26, 1975, the following corrections should be made:

1) On page 54784 in the first column, in § 1902.37(b)(10) the following words should be added to complete the fifth line, "adequate information to support any".

2) In the same column, in § 1902.37 (b)(14) the following words should be added to complete the fourth line, "State has taken the appropriate and".

Title 33—Navigation and Navigable Waters

CHAPTER I—COAST GUARD, DEPARTMENT OF TRANSPORTATION

SUBCHAPTER NN—DEEPWATER PORTS

[CGD 75-002]

LICENSING PROCEDURES AND DESIGN CONSTRUCTION, EQUIPMENT AND OPERATIONS

Requirements; Corrections

In FR Doc. 75-29866 beginning at page 52539 in the FEDERAL REGISTER of Monday, November 10, 1975, the following changes are made:

1. On page 52558 in § 148.205(a), "(G-CMC/82)" is corrected to read "(G-CMC/81)" and "Room 8234" is corrected to read "Room 8117".

2. On page 52563 the first paragraph of Appendix A is corrected to read as follows:

APPENDIX A: ENVIRONMENTAL REVIEW CRITERIA FOR DEEPWATER PORTS

I *Authority.* • • • By amendment of Part 1 of Title 49, Code of Federal Regulations (49 CFR 1.46(t)), dated April 25, 1975, the Secretary delegated to the Commandant of the Coast Guard the responsibility to establish such criteria (40 FR 20088-20089). (49 CFR 1.46(t) is presently redesignated as 49 CFR 1.46(s) (40 FR 43901-43906)).

3. On page 52573 § 150.117 is corrected by deleting paragraph (f) from the section.

4. On page 52574 in § 150.207(c)(4)(iv) the words "Voice communications" are corrected to read "Voice radiotelecommunications".

Dated: December 3, 1975.

O. W. SILER,
Admiral,
U.S. Coast Guard Commandant.

Correction

In FR Doc. 75-29866 appearing at page 52540 in the issue for Monday, November

V40241 DEC 15 75 XUM

10, 1975, the following changes should be made:

1. On page 52543, the third column, the first complete paragraph, the seventh line, the first word which presently reads "chartered" should read "charted".

2. In the same column, under the paragraph designated "3", the second line, the word "chartered" should read "charted".

3. On page 52547, the middle column, the third line from the bottom should be deleted.

4. On the same page, the third column, after the fifth line from the bottom, the following phrase should be added: "OPEC embargo but the August–November".

5. On page 52556, the first column, the paragraph designated "(g)", the first line which presently reads "(g) *Water.* (1) Evidence that the re-" should read "(g) *Water.* Evidence that the re-".

6. The paragraph immediately following which is presently designated "(2)" should be designated "(g–1)".

7. On page 52557, the middle column, the paragraph designated "(4)", the fourth line, the word "signal" should be inserted between the words "fog" and "apparatus".

8. On the same page, the third column, the paragraph designated "(ii)", the third line, the word "throughout" should read "throughputs".

9. On page 52574, the first column, the fourth line, the word "trailing" should read "training".

10. On page 52577, the third column, under § 150.425(a), the last line which presently reads "the safety and life and property." should read "the safety of life and property."

11. On page 52578, the middle column, the heading above the right column of the table, the phrase which presently reads "decibel Angstrom" should read "dBA".

Title 43—Public Lands: Interior

CHAPTER II—BUREAU OF LAND MANAGEMENT

APPENDIX—PUBLIC LAND ORDERS

[Public Land Order 5551; A-057654]

ALASKA

Revocation of Public Land Order No. 2789; Partial Revocation of Public Land Order No. 5353

By virtue of the authority vested in the Secretary of the Interior by section 4 of the Act of May 24, 1928, 45 Stat. 729; 49 U.S.C. 214, and sections 14(h)(3) and 22(h)(4) of the Alaska Native Claims Settlement Act of December 18, 1971, 85 Stat. 688 (hereinafter referred to as the Act), it is ordered as follows:

1. Public Land Order No. 2789 of October 15, 1962, which withdrew lands for use of the Federal Aviation Agency (now the Federal Aviation Administration) in the maintenance of an air navigation facility, is hereby revoked in its entirety. The lands are described as follows:

WOODY ISLAND, KODIAK AREA

Beginning at a point where line 1–2 of U.S. Survey 484 intersects mean high tide of St. Paul Harbor, thence: S. 34°57′ E., 2.50 chains to Corner No. 2, U.S. Survey 484; S. 54°54′ W., 2.17 chains to Corner No. 3, U.S. Survey 484; S. 41°41′ E., 5.34 chains to Corner No. 4, U.S. Survey 484; N. 88°10′ E., 2.79 chains to Corner No. 5, U.S. Survey 484; S. 55°25′ W., 4.77 chains to Corner No. 1, U.S. Survey 603; Tract B; S. 76°45′ W., 2.21 chains to Corner No. 4, U.S. Survey 603, Tract B; S. 76°45′ W., approximately 3.7 chains to mean high tide of St. Paul Harbor, thence northeasterly along the line of mean high tide approximately 15 chains to the point of beginning.

Containing about 6.75 acres.

2. By virtue of the authority vested in the Secretary of the Interior by section 22(h)(4) of the Act, the Secretary has determined that none of the lands described in paragraph 1 are subject to selection by the village of Ouzinkie, Woody Island, or Anton Larsen Bay, or any other Native village or regional corporation under any provisions of said Act because of their location within 2 miles of the boundary of the city limits of Kodiak, as set forth in section 22(1) of the Act, and any withdrawals of the lands for such selection are hereby terminated.

3. Public Land Order No. 5353 of July 17, 1973, which withdrew lands pursuant to Executive Order No. 10355, from all forms of appropriation under the public land laws pending determination of the eligibility of the village of Woody Island, is hereby revoked as to the lands described in paragraph 1.

4. All of the lands described in paragraph 1 are hereby made available for withdrawal by the Secretary of the Interior for possible selection by the Natives of Kodiak in accordance with section 14(h) of the Act and regulations 43 CFR 2650.6 and 2653.7.

5. The lands described in paragraph 1 are withdrawn by Public Land Order No. 5418 of March 25, 1974, for classification and protection of the public interest.

6. Prior to any conveyance of the lands described in paragraph 1, the lands shall be subject to administration by the Secretary of the Interior under the applicable laws and regulations, and his authority to make contracts and to grant leases, permits, rights-of-way, or easements shall not be impaired by this order. Applications for leases under the Mineral Leasing Act, as amended, 30 U.S.C. 181–287 (1970), will be rejected until this order is modified or the lands are appropriately classified to permit mineral leasing.

JACK O. HORTON,
Assistant Secretary of the Interior.

DECEMBER 10, 1975.

[Public Land Order 5552; A-024227]

ALASKA

Partial Revocation of Public Land Orders No. 1245 and No. 5353

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952 (17 F.R. 4831), it is ordered as follows:

1. Public Land Order No. 1245 of November 3, 1955, which withdrew lands for use of the United States Coast Guard as a loran station is hereby revoked so far as it affects the following described lands:

KODIAK ISLAND

MILLER POINT, SPRUCE CAPE AREA

Beginning at Corner No. 5 U.S. Survey 3101, on line 1–5 U.S. Survey 1682, thence north a distance of 2,477.42 feet, approximately along the existing fence line, to Corner No. 1, M.C. of U.S. Survey 1682, thence south 46°47′00″ E., approximate distance 2,072 feet to the mean high tide line, thence meandering southwesterly along the mean high tide line to a point which is also Corner No. 6 M.C. of U.S. Survey 3101, thence north 89°49′ W., approximate distance 863.28 feet to Corner No. 5, U.S. Survey No. 3101 along the existing fence line to the point of beginning, containing 51 acres more or less.

2. Public Land Order No. 5353 of July 17, 1973, which withdrew lands pursuant to Executive Order No. 10355, from all forms of appropriation under the public land laws pending determination of the eligibility of the village of Woody Island, is hereby revoked as to the lands described in paragraph 1.

3. All of the lands described in paragraph 1 are hereby made available for withdrawal by the Secretary of the Interior for possible selection by the Natives of Kodiak in accordance with section 14(h) of the Act and regulations 43 CFR 2650.6 and 2653.7.

4. The lands described in paragraph 1 are withdrawn by Public Land Order No. 5418 of March 25, 1974, for classification and protection of the public interest.

5. Prior to any conveyance of the lands described in paragraph 1, the lands shall be subject to administration by the Secretary of the Interior under the applicable laws and regulations, and his authority to make contracts and to grant leases, permits, rights-of-way, or easements shall not be impaired by this order. Applications for leases under the Mineral Leasing Act, as amended, 30 U.S.C. 181–287 (1970), will be rejected until this order is modified or the lands are appropriately classified to permit mineral leasing.

JACK O. HORTON,
Assistant Secretary of the Interior.

DECEMBER 10, 1975.

[Public Land Order 5553; AA-5949, AA-8357]

ALASKA

Public Land Order No. 17 Revoked; Partial Revocation of Public Land Order No. 5353

By virtue of the authority contained in section 4 of the Act of May 24, 1928, 45 Stat. 729; 49 U.S.C. 214, and by virtue of the authority vested in the Secretary of the Interior by sections 14(h)(3) and 22(h)(4) of the Alaska Native Claims Settlement Act of December 18, 1971, 85 Stat. 704, 714 (hereinafter referred to as the Act), it is ordered as follows:

1. Public Land Order No. 17 of July 21, 1942, which withdrew lands for the Civil Aeronautics Administration for air navigation facilities, known as Air Navigation Site Withdrawal No. 179, is hereby revoked in its entirety. The lands are described as follows:

TRACT 1

Beginning at Corner No. 15 of U.S. Survey No. 626 on Woody Island in the Kodiak Group, located in approximate latitude 57°46′50″ N., longitude 152°20′30″ W. thence by metes and bounds, N. 48°46′ E., 723.0 feet; N. 43°15′E., 822.0 feet; N. 28°00′ E., 800.0 feet; east 860.0 feet, to a point on the shoreline on the east side of Woody Island:

Southerly 13,200.0 feet, along shore of Chiniak Bay at mean high tide to Corner No. 4 of U.S. Survey No. 1674; north 1,585.32 feet along east boundary of U.S. Survey No. 1674 to Corner No. 5 thereof; west 242.22 feet, along north boundary of U.S. Survey No. 1674 to Corner No. 6 thereof; N. 37°45′ E., 1,267.0 feet, along southeast boundary of U.S. Survey No. 626; N. 52°15′ W., 3,007.6 feet; N. 37°45′ E., 3,285.0 feet, to point of beginning, containing 728 acres.

TRACT 2

A right-of-way 100 feet wide for an access roadway the centerline of which is described as follows:

Beginning at a point on the west boundary of the tract above described, from which Corner No. 15 of U.S. Survey No. 626 bears N. 37°45′ E., 3,065.0 feet, thence by metes and bounds: N. 47°52′ W., 285.0 feet; S. 60°15′ W., 213.8 feet; S. 89°59′ W., 158.8 feet; S. 89°25′ W., 201.8 feet; S. 76°13′ W., 459.8 feet; S. 74°33′ W., 493.8 feet; N. 48°47′ W., 144.8 feet; N. 31°09′ W., 166.8 feet; N. 66°14′ W., 84.8 feet; N. 10°12′ E., 201.8 feet; N. 01°30′ E., 368.8 feet; N. 66°58′ W., 663.8 feet; N. 35°07′ W., 214.8 feet; N. 27°33′ E., 275.0 feet; to a point near the east end of the board walk to the dock on the shore of St. Paul Harbor, containing 9 acres.

2. By virtue of the authority vested in the Secretary of the Interior by section 22(h)(4) of the Act, the Secretary has determined that none of the lands described in paragraph 1 which are within 2 miles of the city of Kodiak are subject to selection by any Native village or regional corporation under any provisions of said Act because of their location within 2 miles of the boundary of the city limits of Kodiak, as set forth in section 22(1) of the Act, and any withdrawals of the lands for such selection are hereby terminated.

3. Public Land Order No. 5353 of July 17, 1973, which withdrew lands pending determination of the eligibility of the village of Woody Island, is hereby revoked as to the lands described in paragraph 1 of this order, which are within 2 miles of the city of Kodiak.

4. All of the lands described in paragraph 1 which are within 2 miles of the city of Kodiak are hereby made available for withdrawal by the Secretary for possible selection by the Natives of Kodiak in accordance with section 14(h) of the Act and regulations 43 CFR 2650.6 and 2653.7.

5. The lands described in paragraph 1 which are within 2 miles of the city of Kodiak are withdrawn by Public Land Order No. 5180, as amended, for classification and protection of the public interest. All of the lands described in paragraph 1 which are outside of a line 2 miles from the boundary of the city of Kodiak are within the section 11(a) withdrawal for the village of Woody Island.

6. Prior to any conveyance of the lands described in paragraph 1, the lands shall be subject to administration by the Secretary of the Interior under the applicable laws and regulations, and his authority to make contracts and to grant leases, permits, rights-of-way or easements shall not be impaired by this order. Applications for leases under the Mineral Leasing Act, as amended, 30 U.S.C. 181–287 (1970) will be rejected until this order is modified or the lands are appropriately classified to permit mineral leasing.

JACK O. HORTON,
Assistant Secretary of the Interior.

DECEMBER 10, 1975.

[Public Land Order 5554; AA-9106]

ALASKA

Withdrawal of Lands for Selection by the Natives of Kodiak, Inc.

By virtue of the authority vested in the Secretary of the Interior by section 14(h) of the Alaska Native Claims Settlement Act of December 18, 1971, 85 Stat. 688, 704 (hereinafter referred to as the Act), it is ordered as follows:

1. Subject to valid existing rights, the following described public lands are hereby withdrawn from all forms of appropriation under the public land laws, including the mining laws (30 U.S.C. Ch. 2), and from mineral leasing under the Mineral Leasing Act of February 25, 1920, as amended, 30 U.S.C. 181–287 (1970), and are hereby reserved so that the Natives of Kodiak, Inc., may select from these lands under section 14(h)(3) of the Act:

SEWARD MERIDIAN

T. 22 S., R. 18 W. (fractional),
Secs. 2 thru 11, 13 thru 36.
T. 22 S., R. 19 W. (fractional).
T. 23 S., R. 18 W. (fractional).
T. 27 S., R. 19 W.,

KODIAK ISLAND

MILLER POINT, SPRUCE CAPE AREA

(Former Coast Guard Loran Station)

Beginning at Corner No. 5, U.S. Survey 3101, on line 1–5 U.S. Survey 1682, thence north a distance of 2,477.42 ft., approximately along the existing fence line, to Corner No. 1, M.C. of U.S. Survey 1682, thence south 46°47′00″ E., approximate distance 2,072 ft. to the mean high tide line, thence meandering southwesterly along the mean high tide line to a point which is also Corner No. 6 M.C. of U.S. Survey 3101, thence north 89°49′ W., approximate distance 863.28 ft. to Corner No. 5, U.S. Survey No. 3101 along the existing fence line to the point of beginning.
T. 27 and 28 S., R. 19 W. (fractional),

Those parts of the following described lands lying within two miles of the boundary of the city limits of Kodiak:

TRACT 1

Beginning at Corner No. 15 of U.S. Survey No. 626 on Woody Island in the Kodiak Group, thence N. 48°45′ E., 723.0 ft.; N. 43°15′ E., 822.0 feet; N. 28°00′ E., 800.0 feet; east 860.0 feet, to a point on the shoreline on the east side of Woody Island; southerly 13,200.0 feet along shore of Chiniak Bay at mean high tide to Corner No. 4 of U.S. Survey No. 1674; North 1,585.32 feet along east boundary of U.S. Survey No. 1674 to Corner No. 5 thereof; west 242.22 feet, along north boundary of U.S. Survey No. 1674 to Corner No. 6 thereof; N. 37°45′ E., 1,267.0 feet, along southeast boundary of U.S. Survey No. 626; N. 52°15′ W., 3,007.6 feet; N. 37°45′ E., 3,285.0 feet to point of beginning.

TRACT 2

A right-of-way 100 feet wide for an access roadway the centerline of which is described as follows:

Beginning at a point on the west boundary of the tract above described, from which Corner No. 15 of U.S. Survey No. 626 bears N. 37°45′ E., 3,065.0 feet, thence N. 47°52′ W., 285.0 feet; S. 60°15′ W., 213.8 feet; S. 89°59′ W., 158.8 feet; S. 89°25′ W., 201.8 feet; S. 76°13′ W., 459.8 feet; S. 74°33′ W., 493.8 feet; N. 48°47′ W., 144.8 feet; N. 31°09′ W., 166.8 feet; N. 66°14′ W., 84.8 feet; N. 10°12′ E., 201.8 feet; N. 01°30′ E., 368.8 feet; N. 66°58′ W., 663.8 feet; N. 35°07′ W., 215.8 feet; N. 27°33′ E., 275.0 feet; to a point near the east end of the board walk to the dock on the shore of St. Paul Harbor.
T. 28 S., R. 19 W. (fractional),
Beginning at a point where line 1–2 of U.S. Survey 484 intersects mean high tide of St. Paul Harbor, thence, S. 34°57′ E., 2.50 chains to Corner No. 2, U.S. Survey 484; S. 54°54′ W., 2.17 chains to Corner No. 3, U.S. Survey 484; S. 41°41′ E., 5.34 chains to Corner No. 4, U.S. Survey 484; N. 88°10′ E., 2.79 chains to Corner No. 5, U.S. Survey 484; S. 55°25′ W., 4.77 chains to Corner No. 1, U.S. Survey 603, Tract B; S. 76°45′ W., 2.21 chains to Corner No. 4, U.S. Survey 603, Tract B; S. 76°45′ W., approximately 3.7 chains to mean high tide of St. Paul Harbor, thence, northeasterly along the line of mean high tide approximately 15 chains to the point of beginning.

The areas described aggregate approximately 46,080 acres, of which the Natives of Kodiak, Inc., may select no more than 23,040 acres.

2. Prior to the conveyance of any of the lands withdrawn by this order, the lands remain subject to administration by the Secretary of the Interior or the Secretary of Agriculture, as applicable, under applicable laws and regulations and their authority to make contracts and to grant leases, permits, rights-of-way, or easements shall not be impaired by this withdrawal. Applications for leases under the Mineral Leasing Act, as amended, 30 U.S.C. 181–287 (1970), shall be rejected until this order is modified or the lands are appropriately classified to permit mineral leasing.

JACK O. HORTON,
Assistant Secretary of the Interior.

[Public Land Order 5557]

ALASKA

Amendment of Public Land Order No. 5170, as Amended

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952 (17 F.R. 4831) and pursuant to sections 11(a)(3) and 22(h)(4) of the Alaska Native Claims Settlement Act of December 18, 1971, 85 Stat. 688, 696, 714 (hereinafter referred to as the Act); it is ordered as follows:

1. Public Land Order No. 5170 of March 9, 1972, as amended by Public Land Order No. 5395 of September 14, 1973, and Public Land Order 5450 of November 26, 1974, which withdrew lands for selection under section 12 of the Act by the village corporations and regional corporation for the approximate area covered by the operations of the Bering Straits Association, is hereby further amended to add to subparagraph e of paragraph 1 of said order, the following described lands:

KATEEL RIVER MERIDIAN

PROTRACTED DESCRIPTION

T. 5 S., R. 40 W., S½ (fractional).
Containing approximately 1,410 acres.

2. By virtue of the authority vested in the Secretary of the Interior by section 22(h)(4) of the Act, and in reliance upon a resolution filed by the Teller Native Corporation, relinquishing any right to select the lands described in paragraph 1, the withdrawal under section 11(a)(1) of the Act for the village of Teller is hereby terminated as to the lands described in paragraph 1 of this order.

3. The purpose of this order is to delete certain lands from the section 11(a)(1) withdrawal for the village of Teller and add those lands to the deficiency withdrawal for the village of King Island.

4. Prior to any conveyance of the lands described in paragraph 1 of this order, the lands shall be subject to administration by the Secretary of the Interior under the applicable laws and regulations, and his authority to make contracts, to grant leases, permits, rights-of-way, or easements shall not be impaired by this order. Applications for leases under the Mineral Leasing Act, as amended, 30 U.S.C. 181–287 (1970), will be rejected until this order is modified or the lands are appropriately classified to permit mineral leasing.

DECEMBER 10, 1975.

JACK O. HORTON,
Assistant Secretary of the Interior.

Title 46—Shipping

CHAPTER IV—FEDERAL MARITIME COMMISSION

[No. 72-41]

PART 551—TRUCK DETENTION AT THE PORT OF NEW YORK

Postponement of Effective Date

Final rules in this proceeding adopting General Order 35 were published in the FEDERAL REGISTER November 10, 1975 (40 FR 52385) to be effective December 10, 1975. Counsel for the New York Terminal Conference and the NYSA–ILA Contract Board have now requested a 180-day extension of the effective date, citing difficulties involved in amending tariffs to conform to the new rules and the need to educate personnel of those affected by the rules. Counsel for Middle Atlantic Conference oppose the requests.

We are of the opinion that additional time to comply with the rules is needed, but are confident such compliance will not require the full six months requested. Accordingly, it is ordered that the final rules in this proceeding shall be effective April 8, 1976. Tariffs required to be filed by these rules shall be filed sufficiently in advance of the effective date to meet applicable notice requirements.

By the Commission.

[SEAL] FRANCIS C. HURNEY,
Secretary.

[FR Doc.75-33734 Filed 12-12-75;8:45 am]

Title 47—Telecommunication

CHAPTER I—FEDERAL COMMUNICATIONS COMMISSION

[Docket No. 20467; RM-2403]

PART 73—RADIO BROADCAST SERVICES

FM Broadcast Stations; Table of Assignments; Green Bay, Wis.

1. The Commission now considers the substitution of FM Channel 253 for FM Channel 252A at Green Bay, Wisconsin, and modification of the license of Green Bay Broadcasting Company ("WDUZ") to specify operation on Channel 253 in place of Channel 252A, as proposed in the *Notice*, 40 Fed. Reg. 20651, adopted herein on April 29, 1975. WDUZ, petitioner in this proceeding and licensee of WDUZ(AM) and WDUZ–FM at Green Bay, commented in support of the proposal. No one else has commented, nor has anyone objected to the proposal.

2. Green Bay (pop. 87,809), seat of Brown County (pop. 158,244), now has three full-time AM stations, a Class A FM station licensed to petitioner, and a Class C FM station licensed to one of the other AM licensees. It is a major city engaged in paper manufacturing, food processing, agricultural trading, and shipping.

3. FM Channel 253 was assigned to Green Bay in our original FM Table of Assignments,[1] but was later removed and replaced by Channel 252A because mileage separation limits required 253 to be located 38 miles from Green Bay.[2] Present assignments and other circumstances now permit a Channel 253 transmitter to be located as close as 12 miles to Green Bay. WDUZ asserts that restoration of Channel 253 to Green Bay will eliminate the intermixture of Class C and Class A stations at Green Bay which operate on the two channels assigned there. Furthermore, WDUZ comments that a new service would be provided to substantial areas.

4. WDUZ complied with our request for new *Roanoke Rapids* and *Anamosa*[3] showings using the site specified in its supplemental petition. Based on a 100 kW station with an antenna 500 feet above average terrain, WDUZ shows no first FM service, but a second FM service to 612 persons in an area of 81 square miles. This would also be the second full-time aural service to this area, which now receives only a religious format FM station from Suring, Wisconsin. WDUZ states that upgrading its present facility from Class A to Class C will increase its signal to serve an additional 3,434 miles in which 276,962 persons reside.

5. As discussed in the *Notice*, the proposal does not have a significant effect on future channel assignments for surrounding communities because of the ample number of channels that are available. Adoption of the proposal would not require any other changes in the Table of Assignments.

6. We find merit in WDUZ's arguments. Adoption of the proposal would result in a new service to substantial areas, a second aural service to an underserved area, and elimination of intermixture at Green Bay. Our reasons for removing Channel 253 no longer exist. The population of the Green Bay area is in excess of other communities with Class C stations, and our Class A assignments are usually reserved for smaller towns.[4] WDUZ has made a sufficient showing that Green Bay is in need of another Class C assignment, and that its proposal would be in the public interest.

7. We therefore find that it is in the public interest to replace Channel 252A at Green Bay, Wisconsin, with Channel 253 and to modify the license of Green Bay Broadcasting Company for WDUZ–FM to specify operation on Channel 253 in place of Channel 252A. No Show Cause Order is necessary because petitioner itself sought the modification. Canadian concurrence has been received for the change in assignment at Green Bay, Wisconsin.

8. Authority for the action taken herein is contained in Sections 4(i), 5(d)(1), 303, 307(b) and 316 of the Communications Act of 1934, as amended, and Section 0.281(b)(6) of the Commission's Rules.

§ 73.202 [Amended]

9. In view of the foregoing facts and public interest finding, it is ordered, That, effective January 15, 1976, the FM Table of Assignments, Section 73.202(b) of the Commission's Rules, is amended, insofar as the city listed below is concerned, to read as follows:

City:	*Channel No.*
Green Bay, Wisconsin	253, 266

10. It is further ordered, That effective January 15, 1976, the license held by Green Bay Broadcasting Company for Station WDUZ–FM, Green Bay, Wisconsin, IS MODIFIED to specify operation on Channel 253 in lieu of Channel 252A subject to the following conditions:

(a) The licensee shall inform the Commission in writing by no later than January 15, 1976, of its acceptance of this modification.

(b) The licensee may continue to operate on Channel 252A under its outstanding authorization until it is ready to operate on the new frequency.

(c) The licensee shall submit to the Commission by February 16, 1976, all necessary information complying with the applicable technical rules for modification of authorization to cover the operation of Station WDUZ–FM on Channel 253 at Green Bay, Wisconsin.

(d) Ten days prior to commencing operation on Channel 253, the licensee shall submit the same measurement data normally required in an application for an FM broadcast station license.

(e) The licensee shall not commence operation on Channel 253 until the Commission specifically authorizes it to do so.

11. It is further ordered, That this proceeding (Docket 20467, RM–2403) is terminated.

(Secs. 4, 5, 303, 307, 48 stat., as amended, 1066, 1068, 1082, 1083; 47 U.S.C. 154, 155, 303, 307.)

Adopted: December 3, 1975.

Released: December 9, 1975.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] WALLACE E. JOHNSON,
Chief, Broadcast Bureau.

[FR Doc.75-33695 Filed 12-12-75;8:45 am]

[FCC 75-1318]

PART 89—PUBLIC SAFETY RADIO SERVICES

PART 93—LAND TRANSPORTATION RADIO SERVICES

Order

1. On July 2, 1974, the Commission allocated the channel 157.450 MHz to the Special Emergency Radio Service for one way paging operations (Docket 19880, FCC–74–707 published in the Federal Register on July 16, 1974). However, the Commission action did not delete the reference to this channel in the section it was previously listed under. (Available previously for developmental operation in the Land Transportation Radio Services).

2. On May 28, 1975, the Commission allocated the frequency 159.480 MHz to the Petroleum Radio Service for oil spill operations. (Docket 20027, FCC 75–611 published in the Federal Register on June 10, 1975). Again the action taken did not delete reference to this channel in the section it was previously listed under. (Available previously for developmental operation in the Public Safety and Land Transportation Radio Services).

3. This Order is issued to correct the rules by deleting § 89.101(f) and by deleting the two frequency bands 157.450–157.4625 and 159.480–159.4875 MHz in § 93.204(b). Persons authorized for developmental operations on these channels may continue to operate for the balance of their license term.

4. Inasmuch as this Order is to clarify an action previously taken, the prior notice and effective date provisions of the Administrative Procedure Act (5 U.S.C. 553) do not apply. Authority for this amendment is contained in Sections 4(i) and 303(r) of the Communications Act of 1934 as amended, and in § 0.231(d) of the Commission's Rules and Regulations.

5. Accordingly, it is ordered, effective December 17, 1975, that §§ 89.101(f) and 93.204(b) are amended as set forth below.

[1] *Third Report, Memorandum Opinion and Order*, 40 F.C.C. 747 (1963).

[2] *San Diego, California*, 29 Fed. Reg. 7463 (1964).

[3] 9 F.C.C. 2d 672 (1967) and 46 F.C.C. 2d 520 (1974), respectively.

[4] See § 73.206(a)(2), F.C.C. Rules.

V40241 DEC 15 75 XUM

(Secs. 4, 303, 48 Stat., as amended, 1066, 1082; 47 U.S.C. 154, 303.)

Adopted: December 2, 1975.

Released: December 8, 1975.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] VINCENT J. MULLINS,
Secretary.

I. Part 89 of the Commission's Rules is amended as follows:

§ 89.101 [Amended]

1. Section 89.101 is amended by deleting paragraph (f) and adding the word Reserved.

II. Part 93 of the Commission's Rules is amended as follows:

1. Section 93.204(b) is revised as follows, and the frequency bands 157.450–157.4625 and 159.480–159.4875 MHz are deleted.

§ 93.204 Frequencies available for assignment.

* * * * *

(b) The frequency band 33.00–33.01 MHz is available for assignment to base stations and mobile stations in any of the Land Transportation Radio Services for developmental operation only, using any type of emission other than pulsed emission. The bandwidth occupied by the emission of each such station must be contained at all times within the assigned frequency band.

[FR Doc.75-33606 Filed 12-12-75;8:45 am]

[FCC 75-1317]

PART 95—CITIZENS RADIO SERVICE
PART 97—AMATEUR RADIO SERVICE
Order Regarding Canadian Applications

In the matter of amendment of Parts 95 and 97 of the Commission's Rules to eliminate the requirement for the furnishing of a United States address by certain Canadian applicants requesting permission to operate a radio station in the United States.

1. Under the terms of two agreements between the United States and Canada (TIAS No. 2508 and No. 6931), Canadian citizens licensed in the Canadian Amateur, General, and Land Mobile Radio Services are permitted, under prescribed terms and conditions, to operate their radio stations in the United States.

2. The Rules are being amended to reflect the intent of these agreements by permitting Canadian licensees in the Amateur and General Radio Services to make application for permits to operate their stations in the United States without furnishing the Commission with an address in the United States to which correspondence and documents may be directed.

3. The amendments adopted herein are procedural in nature, and hence, the prior notice, procedure, and effective date provisions of the Administrative Procedure Act, 5 U.S.C. §553, are not applicable.

4. In view of the foregoing, IT IS ORDERED, effective December 17, 1975, that Parts 95 and 97 are amended as set forth below. Authority for this amendment appears in sections 4(i) and 303 of the Communications Act of 1934, as amended.

(Secs. 4, 303, 48 Stat., as amended, 1066, 1082; 47 U.S.C. 154, 303.)

Adopted: December 2, 1975.

Released: December 8, 1975.

FEDERAL COMMUNICATIONS COMMISSION.
[SEAL] VINCENT J. MULLINS,
Secretary.

Parts 95 and 97 of Chapter 1 of Title 47 of the Code of Federal Regulations are amended as follows:

1. Section 95.14 is revised to read as follows:

§ 95.14 Mailing address furnished by licensee.

Except for applications submitted by Canadian citizens pursuant to agreement between the United States and Canada (TIAS No. 2508 and No. 6931), each application shall set forth and each licensee shall furnish the Commission with an address in the United States to be used by the Commission in serving documents or directing correspondence to that licensee. Unless any licensee advises the Commission to the contrary, the address contained in the licensee's most recent application will be used by the Commission for this purpose.

2. Section 97.42 is revised to read as follows:

§ 97.42 Mailing address furnished by licensee.

Except for applications submitted by Canadian citizens pursuant to agreement between the United States and Canada (TIAS No. 2508 and No. 6931), each application shall set forth and each licensee shall furnish the Commission with an address in the United States to be used by the Commission in serving documents or directing correspondence to that licensee. Unless any licensee advises the Commission to the contrary, the address contained in the licensee's most recent application will be used by the Commission for this purpose.

[FR Doc.75-33697 Filed 12-12-75;8:45 am]

Title 50—Wildlife and Fisheries
CHAPTER I—U.S. FISH AND WILDLIFE SERVICE, DEPARTMENT OF THE INTERIOR
PART 28—PUBLIC ACCESS, USE AND RECREATION
Chincoteague National Wildlife Refuge

The following special regulations are issued and are effective during the period January 1, 1976 through December 31, 1976.

§ 28.28 Special regulations, public access, use, and recreation; for individual wildlife refuge areas.

VIRGINIA

CHINCOTEAGUE NATIONAL WILDLIFE REFUGE

Entry into the refuge is permitted between the hours of 4:00 a.m. to 10:00 p.m. daily for the purposes of sightseeing, nature study, wildlife observation, photography, hiking, beachcombing, sunbathing, and fishing, including clamming and crabbing, as posted. Swimming and surfing are permitted along the entire refuge beach. Lifeguards are not provided. Entry into the refuge by boat is permitted at the designated public use area at Tom's Cove Hook and Assateague Point.

Operation of registered motor vehicles and bicycles is permitted on designated access roads, trails, and parking areas. Riding of horses and other saddle animals is permitted only along the shoulder of the access road to the Coast Guard crossover and thence along the beach southward from that point. Off-road travel by oversand vehicles is permitted only on designated routes within the public use area at Tom's Cove Hook. Pets must remain in vehicles at all times.

Fishermen who hold special overnight beach-fishing permits issued jointly by the Superintendent, Assateague Island National Seashore, and the Refuge Manager, Chincoteague National Wildlife Refuge, may remain on the refuge between the hours of 10:00 p.m. and 4:00 a.m. on the dates for which such permit is issued.

Organized youth-group and backpack camping is permitted by advance reservation only in National Park Service operated campsites located on the refuge. Permits may be obtained from the Superintendent, Assateague Island National Seashore.

Picnicking is permitted at Tom's Cove Hook in areas designated by the National Park Service.

The possession of any drugs or substances, or immediate precursors, identified in Schedules I, II, III, IV, or V of Part B of the Controlled Substances Act, 21 U.S.C. 812, or any drugs or substances added to these schedules pursuant to the terms of the Act, is prohibited on the refuge unless such drugs or substances were obtained in accordance with law. Presence in the refuge when under the influence of a controlled substance to a degree that may endanger oneself or another person or property, or may interfere with another person's enjoyment of the refuge is prohibited.

The refuge, comprising approximately 9,840 acres, is delineated on a map available from the Refuge Manager, Chincoteague National Wildlife Refuge, P.O. Box 62, Chincoteague, Virginia 23336, and from the Regional Director, U.S. Fish and Wildlife Service, Post Office and Courthouse Building, Boston, Massachusetts 02109.

The provisions of this special regulation supplement the regulations which govern recreation on wildlife refuge areas generally, which are set forth in Title 50, Code of Federal Regulations, Part 28, and are effective through December 31, 1976.

WILLIAM C. ASHE,
Acting Regional Director
U.S. Fish and Wildlife Service.

DECEMBER 5, 1975.

[FR Doc.75-33660 Filed 12-12-75;8:45 am]

PART 33—SPORT FISHING
National Bison Range

The following special regulations are issued and are effective on date of publication in the Federal Register.

§ 33.5 Special regulations; sport fishing, for individual wildlife refuge areas.

MONTANA

NATIONAL BISON RANGE

Sport fishing on the National Bison Range, Moiese, Montana, is only permitted along the portions of the Jocko River as posted. These open areas are delineated on maps available at refuge headquarters, one-half mile east of Moiese, Montana. Sport fishing shall be in accordance with all applicable State regulations.

The provisions of this special regulation supplement the regulations which govern fishing on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 33, and are effective through December 31, 1976.

NINEPIPE NATIONAL WILDLIFE REFUGE

(Headquarters National Bison Range, Moiese, Montana)

Sport fishing is permitted in accordance with special regulations. Entire refuge is open from July 15, until beginning of waterfowl hunting season, and before July 15, on west and north shore lines from picnic area to Allentown bridge, except central portion of north shore (nine-tenths of a mile), as posted. Entire refuge is closed during migratory waterfowl hunting season. Ice fishing is permitted after the closure of waterfowl hunting season until March 1. Sport fishing shall be in accordance with all applicable State regulations.

The provisions of this special regulation supplement the regulations which govern fishing on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 33, and are effective through December 31, 1976.

Special Regulations: Ninepipe National Wildlife Refuge.

1. Off shore islands are closed to fishing and trespass.
2. Use of boats is prohibited.
3. Vehicles must be parked at designated areas.
4. Motorized travel on the ice is prohibited.
5. No ice fishing shelters may be left overnight.

PABLO NATIONAL WILDLIFE REFUGE

(Headquarters National Bison Range, Moiese, Montana)

Sport fishing is closed on Pablo Reservoir during the migratory waterfowl hunting season. It is open during the balance of the year, in accordance with special regulations, on the north and east shore lines from inlet canal to south end of dam as posted. Ice fishing is permitted after the closing of the waterfowl hunting season. Sport fishing shall be in accordance with all applicable State regulations.

The provisions of this special regulation supplement the regulations which govern fishing on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 33, and are effective through December 31, 1976.

Special Regulations: Pablo National Wildlife Refuge.

1. Off shore islands are closed to fishing and trespass.
2. Use of boats is prohibited.
3. Vehicles must be parked at designated areas.
4. Motorized travel on the ice is prohibited.
5. No ice fishing shelters may be left overnight.

NORTHWEST MONTANA WATERFOWL PRODUCTION AREAS

(Headquarters National Bison Range, Moiese, Montana)

Flathead Lake Waterfowl Production Area and Smith Lake Waterfowl Production Area are open to sport fishing in accordance with all applicable State regulations. Fishing from shore is prohibited from March 1, to July 15, on lands within the boundary of posted Waterfowl Production Areas. All islands at the mouth of the Flathead River are closed to trespass except during the waterfowl hunting season.

The provisions of this special regulation supplement the regulations which govern fishing on wildlife refuge areas generally which are set forth in Title 50, Code of Federal Regulations, Part 33, and are effective through December 31, 1976.

Special regulations: Northwest Montana Waterfowl Production Areas.

1. Vehicle travel is permitted only on designated roads and parking areas.

SWAN RIVER NATIONAL WILDLIFE REFUGE

(Headquarters National Bison Range, Moiese, Montana)

Sport fishing is permitted on those parts of the Swan River and Swan Lake which lie within the boundaries of Swan River National Wildlife Refuge. Fishing from shore within the refuge is prohibited from March 1, to July 15. Fishing will be in accordance with all applicable State regulations.

MARVIN R. KASCHKE,
Refuge Manager, National
Bison Range, Moiese, Montana.

DECEMBER 8, 1975.

[FR Doc.75-33661 Filed 12-12-75;8:45 am]

V 40 241 DEC 15 75 XUM

proposed rules

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF THE TREASURY

Customs Service

[19 CFR Parts 142 and 158]

SPECIAL PERMITS FOR IMMEDIATE DELIVERY PRIOR TO ENTRY

Proposed Amendments Regarding Fresh Produce Arriving From Canada or Mexico

Notice is hereby given that under the authority of R.S. 251, as amended (19 U.S.C. 66), and sections 448, 484, 506, 552, 553, 623, and 624, 46 Stat. 714, as amended, 722, as amended, 732, as amended, 742, as amended, 759, as amended (19 U.S.C. 1448, 1484, 1506, 1552, 1553, 1623, 1624), it is proposed to amend sections 142.2 and 158.11 of the Customs Regulations (19 CFR 142.2, 158.11) to provide a special procedure in connection with the entry of fresh fruits and vegetables arriving from a contiguous foreign country. Under this procedure, special permits for immediate delivery could be issued for fresh fruits and vegetables arriving from Canada or Mexico, even though a portion thereof is subsequently to be entered for immediate transportation without appraisement or for transportation and exportation to a foreign country.

At the present time, facilities do not always exist directly at the border for the examination and sorting of fresh fruits and vegetables which arrive by truck from a contiguous foreign country (primarily Mexico). Consequently, the merchandise must be taken to an examination point away from the border for sorting and determining which portion is to be entered for domestic consumption at the port of importation or at some other domestic port and which portion is to transit the United States in bond for exportation to a foreign country (primarily Canada). The provisions of Part 142 of the Customs Regulations (19 CFR Part 142), relating to special permits for immediate delivery prior to entry, have been interpreted to require that merchandise released pursuant to a special permit for immediate delivery subsequently be entered either for consumption, warehouse, or appraisement. However, pursuant to sections 448(b), 552, and 553 of the Tariff Act of 1930, as amended (19 U.S.C. 1448(b), 1552, and 1553), it has been determined that merchandise for which a special permit for immediate delivery prior to entry is issued may subsequently be entered for immediate transportation without appraisement or for transportation and exportation, provided the revenue will not be endangered.

The proposed amendment to §142.2(b) of the Customs Regulations (19 CFR 142.2(b)), as set forth below, would permit fresh fruits and vegetables arriving from a contiguous foreign country (1) to be released under a special permit for immediate delivery for examination at the importer's premises within the limits of the port of importation, but removed from the border area, (2) to be examined and sorted at those premises, with the portion without commercial value being segregated in accordance with the provisions of § 158.11(b) of the Customs Regulations (19 CFR 158.11(b)), and (3) to be thereafter entered either for consumption, for immediate transportation without appraisement to another port of entry, or for transportation and exportation to a foreign country. The merchandise would be transported from the border to the importer's premises either in the same vehicles in which the merchandise crossed the border or in other vehicles provided by the importer. Appropriate stipulations regarding all of the activities prior to entry would be incorporated in the bond required by § 142.4 of the Customs Regulations (19 CFR 142.4) as a condition of the special permit for immediate delivery. The merchandise for which the special permit is issued would be considered to remain in Customs Custody.

To reflect this procedure, it is proposed to amend §142.2(b) of the Customs Regulations, relating to the issuance of special permits for immediate delivery for merchandise arriving from Canada or Mexico, by placing the provisions presently contained in that paragraph in a separate subparagraph (1), and by adding new provisions in subparagraph (2). It is also proposed to amend § 158.11 (b) (1) of the Customs Regulations to include an appropriate reference to the procedure to be set forth in § 142.2(b).

Accordingly, it is proposed to amend paragraph (b) of §142.2 of the Customs Regulations (19 CFR 142.2(b)) and paragraph (b) (1) of §158.11 of the Customs Regulations (19 CFR 158.11(b)(1)) to read as set forth below:

§ 142.2(b) is revised to read as follows:

§ 142.2 Application for special permit for immediate delivery.

. . . . . .

(b) *Merchandise from Canada or Mexico.* (1) *When the customhouse is closed.* In the case of merchandise arriving from Canada or Mexico when the customhouse is closed and destined to places other than the port of arrival, the application and the evidence of the right to make a entry may be submitted to the chief Customs officer on duty and a special permit may be issued for immediate release, provided the applicant has on file in the customhouse a term bond in accordance with § 142.4(b) or (c).

(2) *Fresh fruits and vegetables.* Applications for special permits for immediate delivery may be made for the transportation of fresh fruits and vegetables for human consumption arriving from Canada or Mexico to the importer's premises within the port of importation, but removed from the area immediately contiguous to the border, under an appropriate stipulation to the bond provided for in § 142.4. The fresh fruits and vegetables shall be transported in the vehicles in which the merchandise crossed the border, or, if transshipment is necessary, in vehicles provided by the importer, to the importer's premises. The produce may be examined at the importer's premises, those portions without commercial value segregated in accordance with the provisions of § 158.11(b) of this chapter, and the balance entered for consumption or transported in bond under an entry for immediate transportation without appraisement or an entry for transportation and exportation. Merchandise for which a special permit has been issued under the provisions of this paragraph shall be considered to remain in Customs custody.

Section 158.11(b)(1) is revised to read as follows:

§ 158.11 Merchandise completely worthless at time of importation.

. . . . . .

(b) . . .

(1) An application for such allowance shall be filed with the district director on Customs Form 4315 in duplicate, within 96 hours after the unlading of the merchandise and before any of the shipment involved has been removed from the pier (or other area permitted under § 142.2(b)(2) of this chapter) pursuant to the entry permit.

. . . . . .

Prior to the adoption of the foregoing proposal, consideration will be given to any relevant data, views, or arguments which are submitted to the Commissioner of Customs, Attention: Regulations Division, Washington, D.C. 20229, and received on or before January 14, 1976.

Written material or suggestions submitted will be available for public inspection in accordance with § 103.8(b) of the Customs Regulations (19 CFR 103.8(b)) at the Regulations Division, Headquarters, United States Customs Service, Washington, D.C., during regular business hours.

LEONARD LEHMAN,
Acting Commissioner of Customs.

Approved: December 8, 1975.

DAVID R. MACDONALD,
Assistant Secretary of the Treasury.

[FR Doc.75-33716 Filed 12-12-75;8:45 am]

DEPARTMENT OF AGRICULTURE

Farmers Home Administration

[7 CFR Part 1822]

[FmHA Instruction 444.4]

FARM LABOR HOUSING LOAN POLICIES

Procedures and Authorizations

Notice is hereby given that the Farmers Home Administration has under consideration revisions to Sections 1822.72 and 1822.73 of Subpart C of Part 1822, Title 7, Code of Federal Regulations (31 FR 14148) to eliminate requirements that County Committees certify eligibility of Labor Housing loan applicants.

Interested persons are invited to submit written comments, suggestions, data, or arguments to the Office of the Chief, Directives Management Branch, Farmers Home Administration, U.S. Department of Agriculture, Room 6316, South Building, Washington, D.C. 20250, on or before January 14, 1976. Written comments received on or before January 14, 1976 will be considered before final action is taken on this proposal. Copies of all written comments received will be available for examination by interested persons at the Office of the Chief, Directives Management Branch during regular business hours (8:15 a.m.–4:45 p.m.).

As proposed, § 1822.72(c) is revised as follows:

§ 1822.72 Final preparation and processing of loan docket.

. . . . . .

(c) *County Committee certification.* County Committees will not be used to review Labor Housing loan applications.

. . . . . .

Section 1822.73(b)(1) is removed as follows:

§ 1822.73 Loan approval.

. . . . . .

(b) *Loan approval official's responsibility.*

. . . . . .

(1) [Removed]

. . . . . .

(42 U.S.C. 1480; delegation of authority by the Secretary of Agriculture, 7 CFR 2.23; delegation of authority by the Assistant Secretary for Rural Development, 7 CFR 2.70)

Date: December 8, 1975.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Food and Drug Administration

[21 CFR Part 1000]

[Docket No. 75N-0340]

MEDICAL RADIATION EXPOSURE OF WOMEN OF CHILDBEARING AGE

Advance Notice of Proposed Guideline Publication

The Commissioner of Food and Drugs announces that proposed guidelines are to be developed for medical radiation exposure of women of childbearing age. Comments and data are to be submitted before February 13, 1976, to: Division of Compliance, Bureau of Radiological Health (HFX-440), 5600 Fishers Lane, Rockville, MD 20852.

The Bureau of Radiological Health of the Food and Drug Administration (FDA) announces that studies of certain diagnostic x-ray and nuclear medicine practices are to be undertaken to determine those actions that may be taken to minimize unnecessary ionizing radiation exposure of the developing human embryo and fetus. In these studies, efforts will be made to collect sufficient information to provide a basis for appropriate radiation protection guidelines for use by the clinician. Comments are invited on this subject and possible guidelines that may be developed.

The FDA, through the Bureau of Radiological Health and under authority of the Radiation Control for Health and Safety Act of 1968 (Pub. L. 90-602, 42 U.S.C. 263b et seq.) conducts and supports research, training, and operational activities to minimize unnecessary exposure of the public to electronic product radiation. In carrying out the purposes of the act, the Commissioner is authorized to make such recommendations relating to the control of electronic product

V40241 DEC 15 75 XUM

radiation as he considers appropriate (section 356(b)(1)(A)). In this capacity and under the authority of section 301 of the Radiation Control for Health and Commissioner is considering the development of guidelines that would provide recommendations to health practitioners and others concerning the exposure of women of childbearing age to ionizing radiation for diagnostic purposes. These recommendations are intended to minimize unnecessary exposure of developing human embryos and fetuses to ionizing radiation that results from radiological examinations. As used in this advance notice of proposed rule making, the term "radiological" includes both x-ray and nuclear medicine procedures used in medicine for diagnosis of disease or injury.

These guidelines would be among several which will be proposed by the Commissioner concerning the hazards and control of electronic product radiation or radiation from other sources. Some of these guidelines may be established for areas or activities inappropriate for mandatory control. However, they will be developed in cooperation with national scientific and technical authorities and representatives of professional, public, and private groups that have an interest and knowledge in the field. The guidelines will therefore represent a consensus of expert opinion upon which individual practitioners and allied health personnel can rely. These guidelines, which will provide guidance on techniques for reducing unnecessary exposure to electronic product or other sources of radiation such as nuclear medicine procedures, would be implemented through educational programs and cooperative activities with professional organizations and State health agencies. This advance notice is being issued pursuant to the FDA's policy of early public participation in guideline development activities.

It presently appears that general guidance can be provided which is appropriate for all types of diagnostic procedures. Thus, as presently contemplated, the proposed guidelines would provide recommendations regarding ionizing radiation exposure from both x-ray examinations and diagnostic procedures employing radiopharmaceuticals or other sources of ionizing radiation. However, should the information developed during this study or from comments received as a result of this advance notice indicate that nuclear medicine or other non-x-ray procedures require different recommendations, appropriate guidelines may be developed for each type of procedure, and they may be published separately.

Interested persons are invited to participate in developing the proposed guidelines by submitting written comments or data on the subject. Communications on the proposed guidelines should be sent to the address noted above. Comments received on or before February 13, 1976 will be considered by the Commissioner before the proposed guidelines are written. When a determination is made on their content, the guidelines will be published in the FEDERAL REGISTER as proposals and public comment will be invited. Comments received after February 13, 1976, will be considered with the public comment on the proposed guidelines and will be used in revising the proposed guidelines.

To assist the Commissioner in this study and the development of useful guidelines, detailed scientific and technical data, as well as comments or suggestions, supported by detailed rationale and justification are solicited on the following questions:

1. Is it advisable to schedule nonemergency radiological examinations of the abdomen of women of childbearing age only during the early part of the menstrual cycle? If such scheduling is appropriate, should this be done only when the examination could be deferred until term if a pregnancy is observed or suspected at the time the examination is scheduled to occur?

2. Is it feasible to modify radiological examinations of known or possibly pregnant women, e.g., fewer views, different technique factors, to reduce exposure of the embryo or fetus? If so, under what circumstances? To what extent does this result in an unacceptable loss of diagnostic information?

3. Is it advisable to recommend to institutions that the physician ordering the examination indicate on the referral slip whether or not the patient is or could be pregnant?

4. Is it advisable to recommend to institutions that the physician ordering the examination indicate on the referral slip whether he would be satisfied with a limited study, i.e., modified from the routine manner of performance, on a patient known or suspected to be pregnant?

5. For which abdominal x-ray examinations could fetal shielding be employed without compromising the diagnostic value of the radiograph?

6. To what extent do pelvimetry examinations affect decisionmaking in the management of delivery?

7. How much radiation exposure is received by the embryo or fetus from various diagnostic nuclear medicine procedures?

8. With what frequency are nuclear medicine diagnostic procedures performed on women of childbearing age?

9. How useful is nuclear medicine placental scanning in the medical management of pregnant women?

Individuals or organizations wishing to provide information on these questions or other relevant topics for use in the development of the guidelines, or wishing to receive information made public on the development of these guidelines, should send their comments or addresses to the address noted above.

As part of this program, the Bureau of Radiological Health will prepare a technical overview report which will include an analysis of the current recommendations regarding medical radiation exposure of women. This report will summarize information on the benefits and limitations of the current recommendations, review the most recent scientific data relating to this question, and suggest a possible alternative approach. When completed, this technical overview report will be published and made available to interested parties, and it will serve as the basis for further discussion leading to appropriate guidelines for general clinical use.

When developed, the guidelines will be codified as voluntary recommendations in a new Subart C of Part 1000 of Chapter I of Title 21 of the Code of Federal Regulations. Subpart C, "Guidelines and Recommendations," is being established (see the FEDERAL REGISTER of September 16, 1975 (40 FR 42749)) to provide wide dissemination and a permanent record of these radiation protection recommendations.

This advance notice of proposed guideline publication is issued under the authority of the provisions of the Public Health Service Act as amended by the Radiation Control for Health and Safety Act of 1968 (sec. 356, 82 Stat. 1174–1176 (42 U.S.C. 263d)) and under authority delegated to the Commissioner (21 CFR 2.120).

Dated: December 8, 1975.

SAM D. FINE,
Associate Commissioner for Compliance.

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[49 CFR Part 571]

[Docket No. 75-32; Notice 1]

FEDERAL MOTOR VEHICLE SAFETY STANDARDS

Definition of "Gross Axle Weight Rating"

This notice proposes to amend the definition of "Gross axle weight rating" and "GAWR" to require that the rating be established for 60-mph speeds or the vehicle's maximum operational speed, whichever is lower.

"Gross axle weight rating" is defined in 49 CFR § 571.3 as "the value specified by the vehicle manufacturer as the load-carrying capacity of a single axle system, as measured at the tire-ground interfaces." The GAWR value on the vehicle's certification label indicates the strength of the axle systems, as a measure of the loads that the vehicle may safely carry. Some of the safety standards depend on specific GAWR values for their application. For example, Standard No. 121, *Air Brake Systems* (49 CFR 571.121), has immediate application to trucks, buses, and trailers with GAWR values under 24,000 pounds, but does not apply to vehicles with GAWR values in excess of 24,000 pounds until September 1, 1976. Some manufacturers have been attempting to qualify for the later effective date of Standard No. 121 by certifying a vehicle at a speed less

than its maximum operational speed in order to place a higher GAWR value on the certification label. However, the operator of such a vehicle may drive it at normal highway speeds. If the vehicle is loaded in conformance with the reduced-speed GAWR value shown on the certification label, operation at higher speeds will effectively overload the vehicle with respect to its brake system, thereby creating a safety hazard. The NHTSA has no objection to the inclusion of reduced-speed GAWR values in the operation manual or on labels other than the certification label. However, in order to ensure safe operation of the vehicle at normal highway speeds, the certification label should contain the vehicle's GAWR rating at its maximum operational speed.

The NHTSA has determined that the maximum operational speed of a vehicle for purposes of determining the GAWR value should be 60 mph or the vehicle's maximum attainable speed, whichever is less. In arriving at this determination, the NHTSA considered several factors, including general vehicle capabilities, current speed limits, and the unqualified tire rating given by the Tire and Rim Association at 60 mph. In light of the foregoing, it is proposed that Part 571 of Title 49, Code of Federal Regulations, "Federal Motor Vehicle Safety Standards", be amended in part to read as follows:

§ 571.3(b) is amended as follows:

§ 571.3 Definitions.

• • • • • •

(b) • • •

"Gross axle weight rating" or "GAWR" means the value specified by the vehicle manufacturer as the load-carrying capacity of a single anxle system on the vehicle, as measured at the tire-ground interfaces, when the vehicle is operating at any speed up to 60 mph or up to the vehicle's maximum attainable speed, whichever is less.

• • • • • •

Interested persons are invited to submit comments on the proposal. Comments should refer to the docket number and be submitted to: Docket Section, National Highway Traffic Safety Administration, Room 5108, 400 Seventh Street SW., Washington, D.C. 20590. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on the comment closing date indicated below will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. However, the rulemaking action may proceed at any time after that date, and comments received after the closing date and too late for consideration in regard to the action will be treated as suggestions for future rulemaking. The NHTSA will continue to file relevant material as it becomes available in the docket after the closing date, and it is recommended that interested persons continue to examine the docket for new material.

Comment closing date: January 29, 1976.

Proposed effective date: Date of publication of final rule.

(Sec. 103, 119, Pub. L. 89-563, 80 Stat. 718 (15 U.S.C. 1392, 1407); delegations of authority at 49 CFR 1.50 and 49 CFR 501.8)

Issued on December 9, 1975.

ROBERT L. CARTER,
Associate Administrator Motor Vehicle Programs.

[FR Doc.75-33714 Filed 12-12-75;8:45 am]

[49 CFR Part 571]

[Docket No. 75-9; Notice 03]

USED COMPONENTS IN TRAILER MANUFACTURING

This notice proposes the addition of a new paragraph to 49 CFR 571.7, *Applicability*, to specify the conditions under which a trailer assembled by combining new materials with a used running gear assembly will be considered used for the purposes of the motor vehicle safety standards, associated regulations, and the National Traffic and Motor Vehicle Safety Act.

A running gear assembly is the axle or axles, wheels, suspension and related components sometimes known as a "bogie" that support the frame and upper portions of the trailer. A number of persons, including Bertolini Engineering Company and the Monon Trailer Company (Monon), have asked the National Highway Traffic Safety Administration to reconsider its letter interpretations of what constitutes the manufacture of a new trailer when a used running gear assembly from an existing vehicle is involved. Until now, the NHTSA has recognized the commercial practice of refurbishing wrecked or badly worn trailers by permitting "repair" without recertification to new standards if, at a minimum, the running gear and main frame structural members of the existing trailer are used in the rebuilding operation. A recent amendment of Part 571 permits the use of "glider kits" in truck assembly without recertification if, at a minimum, the engine, transmission, and drive axle(s) of the assembled vehicle are not new, and at least two of these components were taken from the same vehicle.

Several letters from trailer manufacturers and the Monon petition argue that the requirement for both a used running gear and main frame members does not adequately reflect the common practice of manufacturing trailers without separate main frame members that can be salvaged for reuse. More often, "monocoque" van and some tank trailer construction utilizes the walls of the cargo container as the load-bearing structural members in place of separate frame rails.

Monon Trailer Company has petitioned for reconsideration of the present NHTSA position so that a used running gear assembly alone may be used in the assembly of a trailer without considering it to be newly-manufactured and therefore required to meet the standards. The petition argues that the value of the running gear assembly has always been sufficiently large to justify rebuilding operations of this nature. The company estimates that between 10 and 30 percent of its production has traditionally been the rebuilding of trailers using only the running gear assembly from the existing trailer. Monon points out that the rebuilding business typically falls to the smaller manufacturers and that the impossibility of rebuilding to Standard No. 121 specifications would mean the loss of most of this business. It argues that use of the running gear alone is directly comparable to the use of drive train components alone in the use of glider kits to rebuild powered vehicles.

A petition from Bertolini Engineering Company asks for limited relief of the same nature.

The Monon petition recognizes the possibility that unrestricted reuse of running gear assemblies could develop into a pervasive practice throughout the industry to evade the requirements of the air brake standard. To prevent this possibility, the petition suggests that the identity of the original trailer be continued in the refurbished trailer, that the original trailer be no more than 8 years old, and that the rebuilt trailer be sold only to the owner of the trailer from which it was rebuilt. Monon suggests also that compliance be required with regard to all new components and that the running gear be required as a minimum in the rebuilding operation. The company points out that the previous-owner requirement accords with Internal Revenue Service requirements for excise tax treatment. Additionally the 8-year criterion is intended to agree with certain industrial practices on the rebuilding of trailers.

The NHTSA has received the views of others on the economic considerations that enter into these rebuilding operations. The agency has also indicated with regard to Standard No. 121 that it would monitor the effect of the standard with a view to reducing its costs where possible without loss of significant safety benefit. The NHTSA tentatively concludes that reuse of running gear assemblies is economically justified to the degree that they have been reutilized in the past.

Therefore the agency proposes a revision of its position in this area to permit limited rebuilding of trailers from new material other than the running gear assembly without the requirement of recertification.

As safeguards against evasion of the air brake standard, the agency proposes an 8-year limit on the use of running gear assemblies for rebuilding operations. Additionally, the requirement that the trailer be sold to the original owner under its original identity would be included to prevent large-scale evasion of the standard by parties who might at-

V 40 241 DEC 15 75 XUM

tempt to recycle old, unreliable equipment that would normally be junked.

In consideration of the foregoing, it is proposed that a new paragraph (f) be added to 49 CFR 571.7, *Applicability*, to read as follows:

§ 571.7 Applicability.

* * * * *

(f) *Combining new and used components in trailer manufacture.* When new materials are used in the assembly of a trailer, the trailer will be considered newly manufactured for purposes of paragraph (a) of this section, the application of the requirements of this chapter, and the Act, unless, at a minimum, the trailer running gear assembly (axle(s), wheels, braking, suspension and components for attachment to the frame) is not new, and was taken from an existing trailer—

(1) Whose date of production is less than 8 years earlier than that of the reassembled vehicle;

(2) Whose identity is continued in the reassembled vehicle with respect to model, year, vehicle identification number, and any other documentation incident to the vehicle's reassembly and registration; and

(3) That is owned or leased by the user of the reassembled vehicle.

Interested persons are invited to submit comments on the proposal. Comments should refer to the docket number and be submitted to: Docket Section, National Highway Traffic Safety Administration, Room 5108, 400 Seventh Street SW., Washington, D.C. 20590. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on the comment closing date indicated below will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. However, the rulemaking action may proceed at any time after that date, and comments received after the closing date and too late for consideration in regard to the action will be treated as suggestions for future rulemaking. The NHTSA will continue to file relevant material as it becomes available in the docket after the closing date, and it is recommended that interested persons continue to examine the docket for new material.

Comment closing date: January 29, 1976.

Proposed effective date: Date of publication of final rule in the FEDERAL REGISTER.

(Sec. 103, 119, Pub. L. 89-563, 80 Stat. 718 (15 U.S.C. 1392, 1407); delegations of authority at 49 CFR 1.50 and 49 CFR 501.8).

Issued on December 9, 1975.

ROBERT L. CARTER,
Associate Administrator
Motor Vehicle Programs.

[FR Doc.75-33715 Filed 12-12-75;8:45 am]

FEDERAL MARITIME COMMISSION

[46 CFR Part 503]

[Docket No. 75-59]

RECORD OF IDENTIFIABLE PERSONAL INFORMATION

Access

Notice is hereby given that the Federal Maritime Commission proposes to amend Title 46 of the Code of Federal Regulations, Part 503, Subpart G implementing the provisions of the Privacy Act of 1974 (5 U.S.C. 552(a), P.L. 93-579). The amendments proposed herein are designed to further clarify the Commission's Rules as they relate to the protection of the personal privacy of individuals identified in records maintained by the Commission.

Section 503.64 presently states that:

Upon request for information made in accordance with section 503.63 of this subpart, the Assistant Managing Director or his delegate shall within a reasonable period of time furnish in writing to the requesting party notice of the existence or non-existence of any records described in such requests.

Section 503.65(c)(1) (i) and (ii) presently states:

(1) Upon request made in accordance with this section, the Assistant Managing Director or his delegate shall: (i) Determine whether or not such requests shall be granted;

(ii) Make such determination and provide notification within a reasonable period of time after receipt of such requests.

In order to provide a more specific time limitation within which the Commission must respond to a request for information concerning a record, or a request for access to a record, it is proposed that both section 503.64 and section 503.65(c)(1) (i) and (ii) be rewritten to include a ten day period for response (excluding Saturdays, Sundays, and legal public holidays).

Section 503.65(c)(2) now states that:

If access to a record is denied because such information has been compiled by the Commission in reasonable anticipation of a civil or criminal action or proceeding, the Assistant Managing Director shall notify the individual of such determination and his right to judicial appeal under 5 U.S.C. 552a(g).

To clarify this section, the phrase "or for any other reason" has been added in order to broaden the scope of available judicial review when access to a record has been denied.

Therefore, pursuant to section 4 of the Administrative Procedure Act (5 U.S.C. 553) and the Privacy Act of 1974 (5 U.S.C. 552a(f), P. L. 93-579), Title 46 of the Code of Federal Regulations Part 503, Subpart G is proposed to be amended as follows:

1. Section 503.64 is revised to read as follows:

§ 503.64 Commission procedure on requests for information.

Upon request for information made in accordance with section 503.63 of this subpart, the Assistant Managing Director or his delegate shall within ten days (excluding Saturdays, Sundays, and legal public holidays) furnish in writing to the requesting party notice of the existence or non-existence of any records described in such requests.

2. Section 503.65(c) is revised as follows:

§ 503.65 Commission determination of requests for access.

* * * * *

(1) Upon the request made in accordance with this section, the Assistant Managing Director or his delegate shall:

(i) Determine whether or not such requests shall be granted;

(ii) Make such determination and provide notification within ten days (excluding Saturdays, Sundays, and legal public holidays) after receipt of such requests.

(iii) Notify the individual that fees for reproducing copies will be made in accordance with section 503.69.

(2) If access to a record is denied because such information has been compiled by the Commission in reasonable anticipation of a civil or criminal action or proceeding, or for any other reason, the Assistant Managing Director shall notify the individual of such determination and his right to judicial appeal under 5 U.S.C. 552a(g).

Interested parties may participate in this rulemaking by filing with the Secretary, Federal Maritime Commission, 1100 L Street NW., Washington, D.C. 20573, on or before January 14, 1976, an original and 15 copies of their views and arguments pertaining to the proposed amendments. All suggestions for changes in text should be accompanied by drafts of the language thought necessary to accomplish the desired change and should be supported by statements and arguments relating the proposed change to the Privacy Act of 1974.

By the Commission.

[SEAL] FRANCIS C. HURNEY,
Secretary.

[FR Doc.75-33769 Filed 12-12-75;8:45 am]

SECURITIES AND EXCHANGE COMMISSION

[17 CFR Parts 240 and 249]

[Rel. No. 34-11874; File Nos. S7-585, S7-586]

SECURITIES INFORMATION PROCESSORS

Extension of Comment Periods

On September 23, 1975 the Commission announced in Release No. 34-11673 [40 FR 45422] the adoption of Rule 11Ab2-1 and related Form SIP to provide for the registration of securities information processors pursuant to Section 11A(b) of the Securities Exchange Act of 1934. The Commission also requested in Release No. 34-11673 that interested parties comment upon Rule 11Ab2-1, Form SIP, proposed rules 11Ab2-2, 3 and 11Ab5-1 (S7-585) and on the need to require the registration of nonexclusive securities information processors (S7-586) [40 FR 45448]. The comment periods on the matters enumerated in Release No. 34-11673 have each elapsed.

The Commission is aware, however, that interested parties have requested additional time within which to comment upon these matters. Further, the Commission finds that the opportunity to receive additional comments would be in the public interest and may aid the Commission in exercising its regulatory authority with respect to securities information processors.

Accordingly, the Commission in Release No. 34-11874, 40 FR 56987, ordered the public comment periods established by Release No. 34-11673 extended to and including December 22, 1975.

By the Commission.

[SEAL] GEORGE A. FITZSIMMONS,
Secretary.

NOVEMBER 26, 1975.

[FR Doc.75-33670 Filed 12-12-75;8:45 am]

As discussed more fully in Release No. 5627,[2] this rulemaking proceeding is being conducted in response to the order and opinion of Judge Charles R. Richey in "Natural Resources Defense Council v. Securities and Exchange Commission," 389 F. Supp. 689 (D.D.C., 1974). Counsel have submitted to the Court a joint estimate of the time required to complete the rulemaking proceeding, and a draft order based thereon.[3] Whether or not the district court has the authority to impose on the Commission a deadline respecting rulemaking activities, the Commission will attempt to complete this proceeding, and issue final regulations, within a relatively short period after the close of the comment period announced in Release No. 5627.

Accordingly, the Commission wishes to advise interested persons that it is unlikely that the Commission will grant an extension of the January 12, 1976, comment deadline. Further, the staff may not follow the practice, sometimes employed, of informally holding the proceeding open and considering comments received, after the announced comment deadline, but during the period of staff review of public submissions. The Commission requests, in addition, that interested persons submit their comments as far in advance of January 12, 1976, as possible.

The rulemaking proposals announced in Release No. 5627 would, among other things, require registrants to provide as an exhibit to certain documents filed with the Commission, a list of their most recently filed "environmental compliance reports" which indicate that they have not met any applicable environmental standard established pursuant to a federal statute.

For example, under the Federal Water Pollution Control Act, 33 U.S.C. 1151, *et seq.*, the Environmental Protection Agency ("EPA") and, in certain cases, the states, administer the National Pollutant Discharge Elimination System. See 40 C.F.R. 124, 125. Sources of water pollution are required under that program to obtain a discharge permit, and to establish a schedule for compliance pursuant to its terms. The source must report at specified intervals whether it has met the compliance schedule. Further, if for any reason the source fails to comply with maximum effluent limitations specified in its permit, a report describing that occurrence must, within five days, be filed with the EPA Regional Administrator or the state. Permittees are also required to file discharge monitoring reports on a quarterly basis indicating the volume and composition of discharges.

Similarly, under the Clean Air Act, 42 U.S.C. 1857, *et seq.*, new sources of air emissions in certain categories are required to monitor and summarize excess emission data and report it to EPA. See 40 C.F.R. pt. 60. Further, EPA has recently required states to submit implementation plans which prescribe monitoring and reporting requirements for certain classes of existing air pollution sources. See 40 CFR pt. 51. EPA also has authority, pursuant to Section 114 of the Clean Air Act, to require special reports as appropriate. The EPA Office of Mobile Source Pollution has proposed regulations requiring auto manufacturers to report information concerning pollution-related defects.

To date, relatively few comments have been received with respect to the proposed rule and, for this reason, the Commission hereby again requests the views of all interested persons. In addition, it is requested that registrants who are planning to comment, identify and briefly describe the types, number and content of "environmental compliance reports" filed by them within the last 12 months. This information will be helpful in assessing various aspects of the proposed rule, including the costs and burdens which would be involved.

By the Commission.

[SEAL] GEORGE A. FITZSIMMONS,
Secretary.

ENVIRONMENTAL AND SOCIAL DISCLOSURE

Supplemental Information Regarding Request for Public Comment on Rulemaking Proposals

On October 14, 1975, the Securities and Exchange Commission issued Securities Act Release No. 5627,[1] which contained the Commission's conclusions in its public proceeding concerning possible disclosure of environmental, equal employment, and other socially significant matters. That release also invited public comment on certain Commission rulemaking proposals concerning disclosure of registrants' compliance with certain existing environmental standards.

SECRETARY OF STATE'S ADVISORY COMMITTEE ON PRIVATE INTERNATIONAL LAW

Study Group on Hotelkeepers' Liability

A meeting of the Study Group on Hotelkeepers' Liability, a subgroup of the Secretary of State's Advisory Committee on Private International Law, will take place on Thursday, February 5, 1976, at the United States Mission to the United Nations, 799 United Nations Plaza, New York. The meeting, which will begin at 10:00 a.m., will be open to the public.

The purpose of the meeting is to discuss hotelkeepers' liability.

Members of the general public may attend up to the limits of the capacity of the meeting room and participate in the discussion subject to instructions of the Chairman.

Entrance to the United States Mission building is controlled and entry will be facilitated if arrangements are made in advance of the meeting. It is requested that prior to February 5, 1976, members of the general public who plan to attend the meeting inform their name and affiliation and address to Mr. Robert E. Dalton, Office of the Legal Adviser, Department of State; the telephone number is area code 202, 632-2107.

Dated: December 1, 1975.

ROBERT E. DALTON,
Executive Director.

SHIPPING COORDINATING COMMITTEE

United States National Committee for the Prevention of Marine Pollution; Meeting

The working group on segregated ballast in existing tankers of the United States National Committee for the Prevention of Marine Pollution, a subcommittee of the Shipping Coordinating Committee, will hold an open meeting at 9:30 a.m. on Wednesday, January 7, 1976, in Room 7202 of the Department of Transportation, 400 Seventh Street, S.W., Washington, D.C.

The purpose of the meeting will be to

—discuss proceedings at the Fourth Session of the Intergovernmental Maritime Consultative Organization's (IMCO) Marine Environment Protection Committee (MEPC)

—review the study understaken by certain Member States of IMCO

—further discuss the U.S. study in light of recent IMCO activities

Requests for further information on the meeting should be directed to Captain F. P. Schubert, United States Coast Guard. He may be reached by telephone on (area code 202) 426-2010.

The Chairman will entertain comments from the public as time permits.

DEPARTMENT OF THE TREASURY

[Dept. Circ. 570, 1975 Rev., Supp. No. 6]

Fiscal Service

SECURITY MUTUAL CASUALTY CO.

Surety Companies Acceptable on Federal Bonds; Termination of Authority

Notice is hereby given that the certificate of authority issued by the Treasury to Security Mutual Casualty Company, Chicago, Illinois, under Sections 6 to 13 of Title 6 of the United States Code, to qualify as an acceptable surety on Federal bonds is hereby terminated, effective this date.

The company was last listed as an acceptable surety on Federal bonds at 40 FR 29256, July 10, 1975.

Bond-approving officers of the Government should, in instances where such action is necessary, secure new bonds in lieu of bonds executed by Security Mutual Casualty Company.

Dated: December 8, 1975.

DAVID MOSSO,
Fiscal Assistant Secretary.

Office of the Secretary

[Public Debt Series No. 35-75]

TREASURY NOTES OF SERIES G-1979

Dated and Bearing Interest From Jan. 6, 1976; Due Dec. 31, 1979

DECEMBER 10, 1975.

I. INVITATION FOR TENDERS

1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites tenders on a yield basis for $2,000,000,000, or thereabouts, of notes of the United States, designated Treasury Notes of Series G-1979. The interest rate for the notes will be determined as set forth in Section III, paragraph 3, hereof. Additional amounts of these notes may be issued at the average price of accepted tenders to Government accounts and to Federal Reserve Banks for themselves and as agents of foreign and international monetary authorities. Tenders will be received up to 1:30 p.m., Eastern Standard time, Monday, December 22, 1975, under competitive and noncompetitive bidding, as set forth in Section III hereof.

II. DESCRIPTION OF NOTES

1. The notes will be dated January 6, 1976, and will bear interest from that date, payable on a semiannual basis on June 30 and December 31, 1976, and thereafter on June 30 and December 31 in each year until the principal amount becomes payable. They will mature December 31, 1979, and will not be subject to call for redemption prior to maturity.

2. The income derived from the notes is subject to all taxes imposed under the Internal Revenue Code of 1954. The notes are subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but are exempt from all taxation

now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The notes will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer notes with interest coupons attached, and notes registered as to principal and interest, will be issued in denominations of $1,000, $5,000, $10,000, $100,000 and $1,000,000. Book-entry notes will be available to eligible bidders in multiples of those amounts. Interchanges of notes of different denominations and of coupon and registered notes, and the transfer of registered notes will be permitted.

5. The notes will be subject to the general regulations of the Department of the Treasury, now or hereafter prescribed, governing United States notes.

III. TENDERS AND ALLOTMENTS

1. Tenders will be received at Federal Reserve Banks and Branches and at the Bureau of the Public Debt, Washington, D.C. 20226, up to the closing hour, 1:30 p.m., Eastern Standard time, Monday, December 22, 1975. Each tender must state the face amount of notes bid for, which must be $1,000 or a multiple thereof, and the yield desired, except that in the case of noncompetitive tenders the term "noncompetitive" should be used in lieu of a yield. In the case of competitive tenders, the yield must be expressed in terms of an annual yield, with two decimals, e.g., 7.11. Fractions may not be used. Noncompetitive tenders from any one bidder may not exceed $500,000.

2. Commercial banks, which for this purpose are defined as banks accepting demand deposits, and dealers who make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions with respect to Government securities and borrowings thereon, may submit tenders for account of customers provided the names of the customers are set forth in such tenders. Others will not be permitted to submit tenders except for their own account. Tenders will be received without deposit from banking institutions for their own account, Federally-insured savings and loan associations, States, political subdivisions or instrumentalities thereof, public pension and retirement and other public funds, international organizations in which the United States holds membership, foreign central banks and foreign States, dealers who make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions with respect to Government securities and borrowings thereon, and Government accounts. Tenders from others must be accompanied by payment of 5 percent of the face amount of notes applied for.

3. Immediately after the closing hour tenders will be opened, following which public announcement will be made by the Department of the Treasury of the amount and yield range of accepted bids. Those submitting competitive tenders will be advised of the acceptance or rejection thereof. In considering the acceptance of tenders, those with the lowest yields will be accepted to the extent required to attain the amount offered. Tenders at the highest accepted yield will be prorated if necessary. After the determination is made as to which tenders are accepted, an interest rate will be established at the nearest ⅛ of one percent necessary to make the average accepted price 100.000 or less. That will be the rate of interest that will be paid on all of the notes. Based on such interest rate, the price on each competitive tender allotted will be determined and each successful competitive bidder will be required to pay the price corresponding to the yield bid. Price calculations will be carried to three decimal places on the basis of price per hundred, e.g., 99.923, and the determinations of the Secretary of the Treasury shall be final. The Secretary of the Treasury expressly reserves the right to accept or reject any or all tenders, in whole or in part, including the right to accept tenders for more or less than the $2,000,000,000 of notes offered to the public, and his action in any such respect shall be final. Subject to these reservations, noncompetitive tenders for $500,000 or less without stated yield from any one bidder will be accepted in full at the average price (in three decimals) of accepted competitive tenders.

IV. PAYMENT

1. Settlement for accepted tenders in accordance with the bids must be made or completed on or before January 6, 1976, at the Federal Reserve Bank or Branch or at the Bureau of the Public Debt, Washington, D.C. 20226. Payment must be in cash, in other funds immediately available to the Treasury by January 6, 1976, or by check drawn to the order of the Federal Reserve Bank to which the tender is submitted, or the United States Treasury if the tender is submitted to it, which must be received at such Bank or at the Treasury no later than: (1) Wednesday, December 31, 1975, if the check is drawn on a bank in the Federal Reserve District of the Bank to which the check is submitted, or the Fifth Federal Reserve District in the case of the Treasury, or (2) Monday, December 29, 1975, if the check is drawn on a bank in anotner district. Checks received after the dates set forth in the preceding sentence will not be accepted unless they are payable at a Federal Reserve Bank. Payment will not be deemed to have been completed where registered notes are requested if the appropriate identifying number as required on tax returns and other documents submitted to the Internal Revenue Service (an individual's social security number or an employer identification number) is not furnished. In every case where full payment is not completed, the payment with the tender up to 5 percent of the amount of notes allotted shall, upon declaration made by the Secretary of the Treasury in his discretion, be forfeited to the United States.

V. GENERAL PROVISIONS

1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive tenders, to make such allotments as may be prescribed by the Secretary of the Treasury, to issue such notices as may be necessary, to receive payment for and make delivery of notes on full-paid tenders allotted, and they may issue interim receipts pending delivery of the definitive notes.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

WILLIAM E. SIMON,
Secretary of the Treasury.

[Public Debt Series No. 34-75]

TREASURY NOTES OF SERIES P-1977

Dated and Bearing Interest From December 31, 1975; Due December 31, 1977

DECEMBER 10, 1975.

I. INVITATION FOR TENDERS

1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites tenders on a yield basis for $2,500,000,000, or thereabouts of notes of the United States designated Treasury Notes of Series P-1977. The interest rate for the notes will be determined as set forth in Section III paragraph 3 hereof. Additional amounts of these notes may be issued at the average price of accepted tenders to Government accounts and to Federal Reserve Banks for themselves and as agents of foreign and international monetary authorities. Tenders will be received up to 1:30 p.m., Eastern Standard time, Tuesday, December 16, 1975, under competitive and noncompetitive bidding, as set forth in Section III hereof. The 7 percent Treasury Notes of Series H-1975, maturing December 31, 1975, will be accepted at par in payment, in whole or in part, to the extent tenders are allotted by the Treasury.

II. DESCRIPTION OF NOTES

1. The notes will be dated December 31, 1975, and will bear interest from that date, payable semiannually on June 30 and December 31, 1976, and June 30 and December 31, 1977. They will mature December 31, 1977, and will not be subject to call for redemption prior to maturity.

2. The income derived from the notes is subject to all taxes imposed under the Internal Revenue Code of 1954. The notes are subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but are exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or

V 40241 DEC 15 75 XUM

any of the posssesions of the United States, or by any local taxing authority.

3. The notes will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer notes with interest coupons attached, and notes registered as to principal and interest, will be issued in denominations of $5,000, $10,000, $100,000 and $1,000,000. Book-entry notes will be available to eligible bidders in multiples of those amounts. Interchanges of notes of different denominations and of coupon and registered notes, and the transfer of registered notes will be permitted.

5. The notes will be subject to the general regulations of the Department of the Treasury, now or hereafter prescribed, governing United States notes.

III. TENDERS AND ALLOTMENTS

1. Tenders will be received at Federal Reserve Banks and Branches and at the Bureau of the Public Debt, Washington, D.C. 20226, up to the closing hour, 1:30 p.m., Eastern Standard time, Tuesday, December 16, 1975. Each tender must state the face amount of notes bid for, which must be $5,000 or a multiple thereof, and the yield desired, except that in the case of noncompetitive tenders the term "noncompetitive" should be used in lieu of a yield. In the case of competitive tenders, the yield must be expressed in terms of an annual yield, with two decimales, e.g., 7.11. Fractions may not be used. Noncompetitive tenders from any one bidder may not exceed $500,000.

2. Commercial banks, which for this purpose are defined as banks accepting demand deposits, and dealers who make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions with respect to Government securities and borrowings thereon, may submit tenders for account of customers provided the names of the customers are set forth in such tenders. Others will not be permitted to submit tenders except for their own account. Tenders will be received without deposit from banking institutions for their own account. Federally-insured savings and loan associations, States, political subdivisions or instrumentalities thereof, public pension and retirement and other public funds, international organizations in which the United States holds membership, foreign central banks and foreign States, dealers who make primary markets in Government securities and report daily to the Federal Reserve Bank of New York their positions with respect to Government securities and borrowings thereon, and Government accounts. Tenders from others must be accompanied by payment (in cash or 7 percent Treasury Notes of Series H–1975 which will be accepted at par) of 5 percent of the face amount of notes applied for.

3. Immediately after the closing hour tenders will be opened, following which public announcement will be made by the Department of the Treasury of the amount and yield range of accepted bids. Those submitting competitive tenders will be advised of the acceptance or rejection thereof. In considering the acceptance of tenders, those with the lowest yields will be accepted to the extent required to attain the amount offered. Tenders at the highest accepted yield will be prorated if necessary. After the determination is made as to which tenders are accepted, an interest rate will be established at the nearest ⅛ of 1 percent necessary to make the average accepted price 100.000 or less. That will be the rate of the interest that will be paid on all of the notes. Based on such interest rate, the price on each competitive tender allotted will be determined and each successful competitive bidder will be required to pay the price corresponding to the yield bid. Price calculations will be carried to three decimal places on the basis of price per hundred, e.g., 99.923, and the determinations of the Secretary of the Treasury shall be final. The Secretary of the Treasury expressly reserves the right to accept or reejct any or all tenders, in whole or in part, including the right to accept tenders for more or less than the $2,500,000,000 of notes offered to the public, and his action in any such respect shall be final. Subject to these reservations, noncompetitive tenders for $500,000 or less without stated yield from any one bidder will be accepted in full at the average price (in three decimals) of accepted competitive tenders.

IV. PAYMENT

1. Settlement for accepted tenders in accordance with the bids must be made or completed on or before December 31, 1975, at the Federal Reserve Bank or Branch or at the Bureau of the Public Debt. Payment must be in cash, 7 percent Treasury Notes of Series H–1975 (interest coupons dated December 31, 1975, should be detached), in other funds immediately available to the Treasury by December 31, 1975, or by check drawn to the order of the Federal Reserve Bank to which the tender is submitted, or the United States Treasury if the tender is submitted to it, which must be received at such Bank or at the Treasury no later than: (1) Monday, December 29, 1975, if the check is drawn on a bank in the Federal Reserve District of the Bank to which the check is submitted, or the Fifth Federal Reserve District in case of the Treasury, or (2) Tuesday, December 23, 1975, if the check is drawn on a bank in another district. Checks received after the dates set forth in the preceding sentence will not be accepted unless they are payable at a Federal Reserve Bank. Payment will not be deemed to have been completed where registered notes are requested if the appropriate identifying number as required on tax returns and other documents submitted to the Internal Revenue Service (an individual's social security number or an employer identification number) is not furnished. In every case where full payment is not completed, the payment with the tender up to 5 percent of the amount of notes allotted shall, upon declaration made by the Secretary of the Treasury in his discretion, be forfeited to the United States. When payment is made with notes, a cash adjustment will be made to or required of the bidder for any difference between the face amount of nates submitted and the amount payable on the notes allotted.

V. ASSIGNMENT OF REGISTERED NOTES

1. Registered notes tendered as deposits and in payment for notes allotted hereunder are not required to be assigned if the notes are to be registered in the same names and forms as appear in the registrations or assignments of the notes, surrendered. Specific instructions for the issuance and delivery of the notes, signed by the owner or his authorized representative, must accompany the notes presented. Otherwise, the notes should be assigned by the registered payees or assignees thereof in accordance with the general regulations governing United States securities, as hereinafter set forth. When the new notes are to be registered in names and forms different from those in the inscriptions or assignments of the notes presented the assignment should be to "The Secretary of the Treasury for Treasury Notes of Series P–1977 in the name of (name and taxpayer identifying number)." If notes in coupon form are desired, the assignment should be to "The Secretary of the Treasury for coupon Treasury Notes of Series P–1977 to be delivered to _____." Notes tendered in payment should be surrendered to the Federal Reserve Bank or Branch or to the Bureau of the Public Debt, Washington, D.C. 20226. The notes must be delivered at the expense and risk of the holder.

VI. GENERAL PROVISIONS

1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive tenders, to make such allotments as may be prescribed by the Secretary of the Treasury, to issue such notices as may be necessary, to receive payment for and make delivery of notes on full-paid tenders allotted, and they may issue interim receipts pending delivery of the definitive notes.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

POLICY PLANS ADVISORY PANEL

Establishment, Organization and Functions

In accordance with the provisions of Pub. L. 92-463, Federal Advisory Committee Act, notice is hereby given that the Policy Plans Advisory Panel has been found to be in the public interest in connection with the performance of duties imposed on the Department of Defense by law. The Office of Management and Budget has also reviewed the justification for this advisory Committee and concurs with its establishment.

The nature and purpose of the Policy Plans Advisory Panel is indicated below:

The purpose of the Policy Plans Advisory Panel is to support the Deputy Assistant Secretary of Defense (Policy Plans and National Security Council Affairs), Office of the Assistant Secretary of Defense (International Security Affairs), in identifying key national security planning issues. The Panel will achieve this objective by (1) analyzing the substantive issues involved in the Policy Plans and National Security Council work underway at any particular time; (2) examining additional areas worthy of effort; and (3) evaluating the pertinency, quality and value of the ongoing work. The Panel will also undertake specific assignments connected with efforts to resolve national security problems and will itself carry out such analyses as directed by the Deputy Assistant Secretary or the Director, Policy Plans and National Security Council Affairs.

Bureau of Reclamation

[Act of June 17, 1902, 32 Stat. 388, as amended or supplemented; No. 92]

YUMA IRRIGATION PROJECT, ARIZONA-CALIFORNIA RESERVATION DIVISION, CALIFORNIA

Public Notice of Annual Operation and Maintenance Charges and Annual Water Rental Charges

NOVEMBER 7, 1975.

1. *Annual Operation and Maintenance Charges for Lands Under Public Notice, Reservation Division.* The minimum annual operation and maintenance charge for calendar year 1976 and thereafter until further notice against all lands of the Reservation Division under public notice shall be $21.50 per irrigable acre, whether water is used or not, payment of which will entitle the water user (may be landowner, lessee, and/or water right applicant or holder) to 8 acre-feet of water per acre on certain sandy areas shown on the list attached to Public Notice No. 72, dated December 1, 1955, as amended February 16, 1956, and to 5 acre-feet of water per irrigable acre on all other lands of the Division under Public Notice. Additional water, if available, will be furnished at the rate of $5.50 per acre-foot payable in advance. Credit equivalent to the amount paid for additional water unused prior to the end of any calendar year will be applied against the minimum charges for water for the following calendar year. No credit will be given for water purchased during any calendar year at the minimum charge but undelivered at the end of said calendar year.

The minimum annual operation and maintenance charge per calendar year for each parcel of land under public notice containing less than 1 acre shall be $21.50.

Where in the opinion of the Project Manager, Yuma Projects Office, it may be done without interference with other project requirements, upon written request filed in advance by a water user who is not delinquent in the payment of any operation and maintenance charges, water will be furnished free of charge for reclaiming lands by the usual methods; *Provided, however,* That lands for which free water was served during the preceding calendar year will not again be served free water in the absence of evidence satisfactory to the Project Manager that although the water so served free of charge during such preceding year was applied to the lands in sufficient quantities over a period of not more than 3 months, the results accomplished during such preceding year were not satisfactory.

All minimum annual operation and maintenance charges shall be due and payable on January 1, 1976, and on January 1 of each year thereafter.

2. *Annual Water Rental Charges for Other Lands, Reservation Division.* Irrigation water will be furnished during the calendar year 1976 and thereafter until further notice for lands in the Reservation Division not under Public Notice which can be irrigated from the present distribution system without further construction expense by the Bureau, upon a rental basis under approved applications at the following rates:

A. The minimum annual charge shall be $21.50 per irrigable acre, payment of which will entitle the applicant to 8 acre-feet of water per acre on certain sandy areas listed in Public Notice No. 86, Supplement No. 1, dated July 10, 1970, and to 5 acre-feet of water per irrigable acre on all other lands in the Division not under Public Notice.

B. Additional water, if available, will be furnished at the rate of $5.50 per acre-foot.

All charges shall be payable in advance of the delivery of water. Credit will be given for additional water paid for but not used.

3. *Damages and Termination of Water Deliveries.* Upon failure of any water user in the Reservation Division, including for purposes of this paragraph only, lessees of Indian lands, to comply with the regulations for ordering and delivery of irrigation water in the Division, or to pay any bill rendered by the United States for costs of extra maintenance of or repairs to the irrigation and drainage systems of the Reservation Division of the Yuma Project which are required as a result of faulty irrigation practices of the water user, all as established and determined by the Project Manager after consultation with the water user, the United States reserves the right to withhold the delivery of water to the lands of any water user who is in default thereof, or to stop the delivery of water thereto if water is being so delivered during any period in which said user is in violation of the provisions of the regulations, or has failed to pay said bills.

4. *Penalties.* On all payments not made on or before the due dates, there shall be added on the following day a penalty of one-half of one percent of the amount unpaid and a like penalty of one-half of one percent of the amount unpaid on the first day of each calendar month thereafter so long as such default shall continue.

5. *Place of Payment.* All payments should be made to the Bureau of Reclamation, Office of Project Manager, Yuma Projects Office, Yuma, Arizona, or mailed to Bureau of Reclamation, P.O. Bin 5569, Yuma, Arizona 85364.

R. A. OLSON,
Acting Regional Director.

National Park Service

WAKEFIELD NATIONAL MEMORIAL ASSOCIATION

Intention To Issue Concession Permit

Pursuant to the provisions of Section 5 of the Act of October 9, 1965 (79 Stat. 969; 16 U.S.C. 20), public notice is hereby given that after January 14, 1975, the Department of the Interior, through the Superintendent, George Washington Birthplace National Monument, proposes to issue a concession permit to Wakefield National Memorial Association authorizing it to provide concession facilities and services for the public at George Washington Birthplace for a period of one year from January 1, 1976, through December 31, 1976.

An assessment of the environmental impact of this proposed action has been made, and it has been determined that it will not significantly affect the quality of the environment and that it is not a major Federal action having a significant impact on the environment under the National Environmental Policy Act of 1969. The environmental assessment may be reviewed in the Office of the Superintendent, George Washington Birthplace National Monument, Washington's Birthplace, Virginia.

The foregoing concessioner has performed its obligations under the expired permit to the satisfaction of the National Park Service, and therefore, pursuant to the Act cited above, is entitled to be given preference in the renewal of the permit and in the negotiation of a new contract. However, under the Act cited above, the Secretary is also required to consider and evaluate all proposals received as a result of this notice. Any proposal to be considered and evaluated must be submitted on or before January 14, 1975.

Interested parties should contact the Superintendent, George Washington Birthplace National Monument, Washington's Birthplace, Virginia, for information as to the requirements of the proposed permit.

Dated: December 12, 1975.

PHILIP O. STEWART,
Acting Associate Director,
National Park Service.

[FR Doc.75-33620 Filed 12-12-75;8:45 am]

WEIN AIR ALASKA

Intention To Extend Concession Contract

Pursuant to the provisions of Section 5 of the Act of October 9, 1965 (79 Stat. 969; 16 U.S.C. 20), public notice is hereby given that after January 14, 1975 the Department of the Interior, through the Director of the National Park Service, proposes to extend the concession contract with Wein Air Alaska, Inc., authorizing it to provide concession facilities and services for the public at Katmai National Monument for a period of one (1) year, from January 1, 1976, through December 31, 1976.

An assessment of the environmental impact of this proposed action has been made, and it has been determined that it will not significantly affect the quality of the environment and that it is not a major Federal action having a significant impact on the environment under the National Environmental Policy Act of 1969. The environmental assessment may be reviewed in the Office of the Regional Director, Pacific Northwest Region, Fourth and Pike Building, Seattle, Washington 98101.

The foregoing concessioner has performed its obligations under the expired contract to the satisfaction of the National Park Service, and therefore, pursuant to the Act first cited above, is entitled to be given preference in the renewal of the contract and in the negotiation of a new contract. However, under the Act cited above, the Secretary is also required to consider and evaluate all proposals received as a result of this notice. Any proposal to be considered and evaluated must be submitted on or before January 14, 1975.

Interested parties should contact the Assistant Director of Concessions Management, National Park Service, Washington, D.C. 20240, for information as to the requirements of the proposed action.

Dated: November 28, 1975.

PHILIP O. STEWART,
Acting Associate Director,
National Park Service.

DEPARTMENT OF AGRICULTURE

Office of the Secretary

SAMUEL R. McKELVIE NATIONAL FOREST GRAZING ADVISORY BOARD

Intent To Establish

The Department of Agriculture proposes to establish the Samuel R. McKelvie National Forest Grazing Advisory Board for the period ending January 5, 1977, under Forest Service regulation 36 CFR 231.10.

This is to be a local advisory board of the Forest Service to provide National Forest range users a means for the collective expression of their views and recommendations concerning the management and administration of the Samuel R. McKelvie National Forest grazing lands and to develop local interest and responsibility in better range management.

The Assistant Secretary for Conservation, Research and Education determined that establishment of this board is necessary and in the public interest in connection with duties imposed on the Department by law.

Comments of interested persons concerning establishment of this board may be submitted to the Forest Supervisor of the Nebraska National Forest, 270 Pine Street, Chadron, Nebraska 69337, on or before December 30, 1975.

All written submissions made pursuant to this notice will be available for public inspection in the Forest Supervisor's office during regular business hours (7 CFR 1.27(b)).

THOMAS C. NELSON,
Acting Chief.

DECEMBER 9, 1975.

Soil Conservation Service

CADRON CREEK WATERSHED PROJECTS, ARKANSAS

Availability of Draft Environmental Impact Statement

Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969; Part 1500 of the Council on Environmental Quality Guidelines (38 FR 20550, August 1, 1973); and Part 650 of the Soil Conservation Service Guidelines (39 FR 19650, June 3, 1974); the Soil Conservation Service, U.S. Department of Agriculture, has prepared a draft environmental impact statement for the Cadron Creek Watershed Projects, Cleburne, Conway, Faulkner, Van Buren, and White Counties, Arkansas, USDA-SCS-EIS-WS-(ADM)-76-1-(D)-AR.

The draft environmental impact statement concerns a plan for watershed protection, flood prevention, and recreation on three adjacent watersheds for which individual work plans have been developed. They are North Fork Cadron Creek, East Fork Cadron Creek; and Lower Cadron Creek. The planned works of improvement include the accelerated application of conservation land treatment measures, 15 floodwater retarding structures, and public recreation development at Woolly Hollow State Park. The planned flood prevention measures will reduce flooding on 24,002 acres. The recreational development will provide 125,480 annual recreational days.

A limited supply of the draft environmental impact statement is available at the following location to fill single copy requests:

Soil Conservation Service, USDA, 700 West Capitol, Little Rock, Arkansas 72201.

Copies of the draft environmental impact statement have been sent for comments to various federal, state, and local agencies as outlined in the Council on Environmental Quality Guidelines. Comments are also invited from others having knowledge of or special expertise on environmental impacts.

Comments concerning the proposed action or requests for additional information should be addressed to M. J. Spears, State Conservationist, Soil Conservation Service, Post Office Box 2323, Little Rock, Arkansas 72203.

Comments must be received on or before February 2, 1976, in order to be considered in the preparation of the final environmental impact statement.

(Catalog of Federal Domestic Assistance Program Number 10.904, National Archives Reference Services.)

Dated: December 5, 1975.

JOSEPH W. HAAS,
Deputy Administrator for Water Resources Soil Conservation Service.

DEPARTMENT OF COMMERCE

Domestic and International Business Administration

DEFINITIONS SUBCOMMITTEE OF THE NUMERICALLY CONTROLLED MACHINE TOOL TECHNICAL ADVISORY COMMITTEE

Partially Closed Meeting

Pursuant to the provisions of the Federal Advisory Committee Act, 5 U.S.C. App. I (Supp. IV, 1974), notice is hereby given that a meeting of the Definitions Subcommittee of the Numerically Controlled Machine Tool Technical Advisory Committee will be held on Tuesday, January 13, 1976, at 3:30 p.m. in Room 1851, Main Commerce Building, 14th and Constitution Avenue, N.W., Washington, D.C.

The Numerically Controlled Machine Tool Technical Advisory Committee was initially established on January 3, 1973. On December 20, 1974, the Acting Assist-

V40241 DEC 15 75 XUM

ant Secretary for Administration approved the recharter and extension of the Committee for two additional years, pursuant to Section 5(c)(1) of the Export Administration Act of 1969, as amended, 50 U.S.C. App. Section 2404(c)(1) and the Federal Advisory Committee Act. The Definitions Subcommittee of the Numerically Controlled Machine Tool Technical Advisory Committee was initially established on July 10, 1973. On July 15, 1975, the Director, Office of Export Administration, approved the reestablishment of this Subcommittee pursuant to the charter of the Committee.

The Committee advises the Office of Export Administration, Bureau of East-West Trade, with respect to questions involving technical matters, world-wide availability and actual utilization of production and technology, and licensing procedures which may affect the level of export controls applicable to numerically controlled machine tools, including technical data related thereto, and including those whose export is subject to multilateral (COCOM) controls. The Definitions Subcommittee was formed to provide universally acceptable numerically controlled nomenclature for machine tool systems.

The Subcommittee meeting agenda has four parts:

GENERAL SESSION

(1) Opening remarks by the Subcommittee Chairman.
(2) Presentation of papers or comments by the public.
(3) Further review of current definitions.

EXECUTIVE SESSION

(4) Discussion of matters properly classified under Executive Order 11652, dealing with the U.S. and COCOM control program and strategic criteria related thereto.

The public will be permitted to attend the General Session, at which a limited number of seats will be available. To the extent time permits members of the public may present oral statements to the Subcommittee. Written statements may be submitted at any time before or after the meeting.

With respect to agenda item (4), the Acting Assistant Secretary of Commerce for Administration, with the concurrence of the delegate of the General Counsel, formally determine on November 25, 1975, pursuant to section 10(d) of the Federal Advisory Committee Act that the matters to be discussed in the Executive Session should be exempt from the provisions of the Act relating to open meetings and public participation therein, because the Executive Session will be concerned with matters listed in 5 U.S.C. 552(b)(1), i.e., it is specifically required by Executive Order 11652 that they be kept confidential in the interest of the national security. All materials to be reviewed and discussed by the Subcommittee during the Executive Session of the meeting have been properly classified under the Executive Order. All Subcommittee members have appropriate security clearances.

Copies of the minutes of the open portion of the meeting will be available upon written request addressed to the Freedom of Information Officer, Domestic and International Business Administration, Room 3100, U.S. Department of Commerce, Washington, D.C. 20230.

For further information, contact Mr. Charles C. Swanson, Director, Operations Division, Office of Export Administration, Domestic and International Business Administration, Room 1620, U.S. Department of Commerce, Washington, D.C. 20230, telephone: A/C 202-967-4196.

In accordance with paragraph (4) of the Order of the United States District Court for the District of Columbia in *Aviation Consumer Action Project, et al.* v. *C. Langhorne Washburn, et al.*, September 10, 1974, as amended, September 23, 1974 (Civil Action No. 1838-73), the Complete Notice of Determination to close portions of the series of meetings of the Numerically Controlled Machine Tool Technical Advisory Committee and of any subcommittees thereof is published elsewhere in this issue.

Dated: December 1, 1975.

LAWRENCE J. BRADY,
Acting Director, Office of Export Administration, Bureau of East-West Trade, U.S. Department of Commerce.

[FR Doc.75-33683 Filed 12-12-75;8:45 am].

ELECTRONIC INSTRUMENTATION TECHNICAL ADVISORY COMMITTEE

Partially Closed Meeting

Pursuant to the provisions of the Federal Advisory Committee Act, 5 U.S.C. App. I (Supp. IV, 1974), notice is hereby given that a meeting of the Electronic Instrumentation Technical Advisory Committee will be held on Tuesday, January 13, 1976, Room 3817, 9:30 a.m., Main Commerce Building, 14th and Constitution Avenue, N.W., Washington, D.C.

The Electronic Instrumentation Technical Advisory Committee was initially established on October 23, 1973. On October 7, 1975, the Acting Assistant Secretary for Administration approved the recharter and extension of the Committee for two additional years, pursuant to Section 5(c)(1) of the Export Administration Act of 1969, as amended, 50 U.S.C. App. section 2404(c)(1) and the Federal Advisory Committee Act.

The Committee advises the Office of Export Administration, Bureau of East-West Trade, with respect to questions involving technical matters, world-wide availability and actual utilization of production and technology, and licensing procedures which may affect the level of export controls applicable to electronic instrumentation, including technical data related thereto, and including those whose export is subject to multilateral (COCOM) controls.

The Committee meeting agenda has five parts:

GENERAL SESSION

(1) Opening remarks by the Chairman.
(2) Presentation of papers or comments by the public.
(3) Discussion of on-going Committee work programs.
(4) Discussion regarding new members and new Chairman.

EXECUTIVE SESSION

(5) Discussion of matters properly classified under Executive Order 11652, dealing with the U.S. and COCOM control program and strategic criteria related thereto.

The public will be permitted to attend the General Session, at which a limited number of seats will be available. To the extent time permits members of the public may present oral statements to the Committee. Written statements may be submitted at any time before or after the meeting.

With respect to agenda item (5), the Acting Assistant Secretary of Commerce for Administration, with the concurrence of the delegate of the General Counsel, formally determined on September 29, 1975, pursuant to section 10(d) of the Federal Advisory Committee Act that the matters to be discussed in the Executive Session should be exempt from the provisions of the Act relating to open meetings and public participation therein, because the Executive Session will be concerned with matters listed in 5 U.S.C. 552(b)(1), i.e., it is specifically required by Executive Order 11652 that they be kept confidential in the interest of the national security. All materials to be reviewed and discussed by the Committee during the Executive Session of the meeting have been properly classified under the Executive Order. All Committee members have appropriate security clearances.

Copies of the minutes of the open portion of the meeting will be available upon written request addressed to the Freedom of Information Officer, Domestic and International Business Administration, Room 3100, U.S. Department of Commerce, Washington, D.C. 20230.

For further information, contact Mr. Charles C. Swanson, Director, Operations Division, Office of Export Administration, Domestic and International Business Administration, Room 1620, U.S. Department of Commerce, Washington, D.C. 20230, telephone: A/C 202/967-4196.

In accordance with paragraph (4) of the Order of the United States District Court for the District of Columbia in *Aviation Consumer Action Project, et al.*, v. *C. Langhorne Washburn, et al.*, September 10, 1974, as amended, September 23, 1974 (Civil Action No. 1838-73), the Complete Notice of Determination to close portions of the series of meetings of the Electronic Instrumentation Technical Advisory Committee and of any subcommittees thereof is hereby published.

Dated: December 9, 1975.

LAWRENCE J. BRADY,
Acting Director, Office of Export Administration, Bureau of East-West Trade, U.S. Department of Commerce.

Notice of Determination

In response to written requests of representatives of a substantial segment of the electronic industry, the Electronic Instrumentation Technical Advisory Committee was established by the Secretary of Commerce pursuant to Section 5(c)(1) of the Export Administration Act of 1969, 50 U.S.C. App. Section 2404(c)(1) (Supp. III, 1973), as amended, Public Law No. 93-500, Section 5(b) (October 29, 1974), to advise the Department of Commerce with respect to questions involving technical matters, worldwide availability, and actual utilization of production and technology, and licensing procedures which may affect the level of export controls applicable to electronic instrumentation, including technical data related thereto, and including those whose export is subject to multilateral (COCOM) controls.

The Committee, which currently has twelve members representing industry and eight members representing government agencies, will terminate no later than October 23, 1977, unless extended by the Secretary of Commerce or his designee. All members of the Committee have the appropriate security clearance.

The Committee's activities are conducted in accordance with the provisions of Section 5(c)(1) of the Export Administration Act of 1969, as amended, the provisions of the Federal Advisory Committee Act, 5 U.S.C. App. I (Supp. III, 1973), and Office of Management and Budget Circular A-63 (Revised), Advisory Committee Management, effective May 1, 1974. Section 10 of the Federal Advisory Committee Act provides, among other things, that the meetings of advisory committees are to be open to the public, and to public participation, unless the head of the agency (or his delegate) to which the committee reports determines in writing that all; or some portion, of the agency of the meeting of the Committee is concerned with matters listed in Section 552(b) of Title 5 of the United States Code.

Section 552(b)(1) of Title 5, United States Code, provides that information may be withheld from the public if it concerns matters specifically required by Executive Order to be kept secret in the interest of national security or foreign policy, and are in fact properly classified pursuant to such Executive Order.

Notices of Determination authorizing the closing of meetings, or portions thereof, of the Electronic Instrumentation Technical Advisory Committee and its formal subcommittees, dealing with security classified matters, were approved on March 12, 1974 for the Committee's first meeting on April 9, 1974; on April 25, 1974 for the meeting of May 9, 1974; and on May 28, 1974, covering a series of meetings for the period May 28, 1974 through January 3, 1975; and on December 16, 1974 for a series of meetings from January 4, 1975 through October 22, 1975.

In order to provide advice to the Department under the terms of its charter, the Committee and formal subcommittees thereof will continue to hold a series of meetings dealing with the matters set forth in the first paragraph of this Determination. These meetings will include discussions of the COCOM control list as it relates to the commodities and technical data under its purview, and with the foreign availability of these commodities and technical data. In addition, the Committee and its formal subcommittees will be preparing recommendations for the Department's consideration relating to the U.S. Government's negotiating position on COCOM-related matters. Much of the information relating to the COCOM control list, as well as proposed changes, is now or will be security classified for national security or foreign policy reasons, pursuant to Executive Order No. 11652, 3 CFR 339 (1974). In order for the Committee and its formal subcommittees to provide required advice to the U.S. Government, it will be necessary to provide the Committee and its formal subcommittees with such classified material. Therefore, the portions of the series of meetings of the Committee and of subcommittees thereof that will involve discussions of matters specifically authorized under criteria established by an executive order to be kept secret in the interest of national security or foreign policy and are in fact properly classified pursuant to such executive order, must be closed to the public. The remaining portions of the series of meetings will be open to the public.

Accordingly, I hereby determine, pursuant to Section 10(d) of the Federal Advisory Committee Act that those portions of the series of meetings of the Committee and of any subcommittees thereof, dealing with the aforementioned classified materials shall be exempt, for the period October 23, 1975, to October 22, 1976, from the provisions of Section 10(a)(1) and (a)(3), relating to open meetings and public participation therein, because the Committee and subcommittee discussions will be concerned with matters listed in Section 552(b)(1) of Title 5, United States Code. The remaining portions of the meetings will be open to the public.

Dated: September 29, 1975.

GUY W. CHAMBERLIN,
Assistant Secretary for Administration, Acting.

Dated: September 30, 1975.

DANIEL GARBERN,
Acting General Counsel.

Economic Development Administration

WRAPPER TOBACCO

Study of the Producing Firms

SUMMARY

The U.S. Department of Commerce has conducted a study of the wrapper tobacco industry as required by section 264 of the Trade Act of 1974. It has attempted to determine the number of firms in the industry which have been or are likely to be certified as eligible to apply for adjustment assistance and the extent to which the orderly adjustment of the firms may be facilitated through the use of existing programs. Such a study by the Department is required whenever the U.S. International Trade Commission makes an "escape-clause" investigation under section 201 of the Trade Act.

The Commission reported to the President on November 5, 1975, the results of its investigation to determine whether increased imports of wrapper tobacco represents a substantial cause (or threat) of injury to the domestic industry producing like or directly competitive products. The Commission made a unanimous negative determination, primarily on the basis that a marked decline in United States production and consumption of large cigars, the major product using wrapper tobacco, is more important than increased imports as a cause of any serious injury that may have occurred to the domestic producers of wrapper tobacco.

There are currently a total of approximately 77 domestic growers of shade-grown wrapper tobacco, including 55 growers in southwestern Georgia and the central part of northern Florida and 22 in the Connecticut River Valley of Connecticut and Massachusetts. The tobacco from the two areas, grown under tents of light-weight cloth, has distinct characteristics caused by differences in varieties, soil, and climatic conditions. Wrapper tobacco is used by cigar makers as the smooth outer wrapping of large cigars, i.e., those that weigh more than three pounds per thousand. Domestic production of large cigars rose in the 1960's and then declined sharply in the 1970's as production of small, cigarette-size cigars grew rapidly. Output in 1974 amounted to 6.5 million large cigars, or 32 percent less than the 1964 output, and the decline continued in 1975, with an annual rate of les than 6 billion units in January-August 1975.

To be certificated eligible to apply for adjustment assistance, a firm must demonstrate that increased imports of like or directly competitive articles contributed importantly to declines in sales or production, or both, and separation, or threat of separation of the firm's workers. U.S. imports of wrapper tobacco, chiefly from Nicaragua, Honduras and the Cameroon Republic, increased by 69 percent between 1970 and 1974 to 977,300 pounds, valued at $3.8 million. Imports in the first seven months of 1975 rose 27 percent over the comparable period of 1974 to 728,300 pounds. Increases have also been recorded in terms of imports relative to domestic production.

As of the date of this report, none of the wrapper tobacco growers has petitioned the Department of Commerce for certification of eligibility to apply for adjustment assistance and the Department has no means of determining which of the producers could qualify for certification. However, it is possible that a petitioning firm could be certified, even though the industry of which it is a member received a negative determination on a section 201 investigation by the International Trade Commission. In determining whether imports "contributed importantly" among possible causes for worker separation and decreases in sales or production for a petitioning firm, the influence of imports as a cause would be considered by the Department on the basis of the totality and inter-relationship of all possible causes affecting the operations of the individual firm. The "contributed importantly" criterion which must be met for the firm to be certified is somewhat less stringent than the "substantial cause" criterion which is required for a positive determination in an industry investigation.

Under the program of adjustment assistance for firms authorized by the Trade Act, financial assistance to certified firms may take the form of direct loans and loan guarantees, and technical assistance, to enable a firm to

V40241 DEC 15 75 XUM

establish a competitive position in the same or a different industry. Financial assistance may be used for the acquisition, construction, installation, modernization, expansion or conversion of fixed assets, or for working capital necessary for a firm to implement its adjustment plan. Technical assistance may be used for management and operational assistance, feasibility studies and related research to aid in developing and implementing a firm's recovery plan.

Firms may also benefit indirectly from financial assistance available to trade-impacted communities under provisions of the Trade Act in a manner similar to the public works, business development and Title IX programs administered by the Department's Economic Development Administration ("EDA") pursuant to the *Public Works and Economic Development Act of 1965*. These other programs of EDA provide business development loans to assist firms in certain designated areas identified on the basis of adverse employment factors; loans and grants to states, local governments and nonprofit organizations for acquiring, developing and improving public works and public service facilities; and grants to states and local areas for a comprehensive program of adjustment to an actual or threatened economic dislocation or adjustment problem.

Other Federal programs which might be of interest to growers of wrapper tobacco include those administered by the Farmers Home Administration, Department of Agriculture, of guaranteed loans to operators of family farms, either to make more efficient use of their land, labor and other resources; or to assist farmers in enlarging, improving and purchasing family farms, and to refinance debt so as to place the farming operation on a sound basis.

Additional information about the adjustment assistance program and copies of the report, *Prospects for Adjustment Assistance for Producers of Wrapper Tobacco*, are available from the Office of Public Affairs, Economic Development Administration, Room 7019, U.S. Department of Commerce, Washington, D.C. 20230 (telephone 202/967-5113).

JACK W. OSBURN, JR.,
Chief Trade Act Certification Division Office of Planning and Program Support.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Food and Drug Administration

[Docket No. 75N-0202; DESI 366]

PROTOKYLOL HYDROCHLORIDE INJECTION AND EPINEPHRINE SUSPENSION IN OIL FOR INJECTION

Notice of Opportunity for Hearing on Proposal To Withdraw Approval of New Drug Applications or Pertinent Parts Thereof

A notice (DESI 366) was published in the FEDERAL REGISTER of July 11, 1972 (37 FR 13564), in which the Food and Drug Administration announced the following conclusions: that protokylol hydrochlorids for injection is less than effective (probably effective) for the symptomatic relief of acute and chronic bronchial asthma and for bronchospasm associated with emphysema, chronic bronchitis, and bronchiectasis; that it lacks substantial evidence of effectiveness for pulmonary fibrosis; and that epinephrine oil suspension is less than effective (probably effective) for symptomatic treatment of bronchial asthma, urticaria, angioedema, and hay fever. No additional data to support effectiveness were submitted and this notice proposes to withdraw approval of the drug products described below. Persons wishing to request a hearing may do so on or before January 14, 1976.

1. NDA 366; Adrenalin in Oil for injection containing epinephrine in suspension; formerly marketed by Parke, Davis and Co., Joseph Campau at the River, Detroit, MI 48232.

2. NDA 1-225; Epinephrine Suspension (in oil); formerly marketed by Endo Laboratories, Inc., 1000 Stewart Ave., Garden City, NY 11533.

3. That part of NDA 11-469 pertaining to Caytine Injection, an aqueous solution containing protokylol hydrochloride; Lakeside Laboratories, Division of Richardson-Merrell, Inc., 1707 E. North Ave., Milwaukee, WI 53203.

Sus-Phrine Suspension, an aqueous suspension of epinephrine (NDA 7-942), was also included in the July 11, 1972 DESI announcement. Data which were submitted for this product are under review and conclusions concerning it will be published in a future issue of the FEDERAL REGISTER.

Both Endo Laboratories, holder of NDA 1-225 for Epinephrine Suspension (in oil) and Parke, Davis and Co., holder of NDA 366 for Adrenalin in Oil have, by letters of August 2, 1972 and October 31, 1975, respectively, waived opportunity for a hearing, stating that those products are no longer being marketed. The purpose of naming those two products in this notice is to offer an opportunity for hearing to persons who manufacture or distribute a drug product which is identical, related, or similar to them, as defined in 21 CFR 310.6. Upon expiration of the time allowed for requesting a hearing, a final order will be published withdrawing approval of NDA 1-225 and NDA 366.

On the basis of all of the data and information available to him, the Director of the Bureau of Drugs is unaware of any adequate and well-controlled clinical investigation, conducted by experts qualified by scientific training and experience, meeting the requirements of section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355) and 21 CFR 314.111(a)(5), demonstrating the effectiveness of the drug products.

Therefore, notice is given to the holder(s) of the new drug application(s) and to all other interested persons that the Director of the Bureau of Drugs proposes to issue an order under section 505 (e) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(e)), withdrawing approval of the new drug application(s) (or if indicated above, those parts of the application(s) providing for the drug product(s) listed above) and all amendments and supplements thereto on the ground that new information before him with respect to the drug product(s), evaluated together with the evidence available to him at the time of approval of the application(s), shows there is a lack of substantial evidence that the drug product(s) will have the effect it purports or is represented to have under the conditions of use prescribed, recommended, or suggested in the labeling.

In addition to the holder(s) of the new drug application(s) specifically named above, this notice of opportunity for hearing applies to all persons who manufacture or distribute a drug product which is identical, related, or similar to a drug product named above, as defined in 21 CFR 310.6. It is the responsibility of every drug manufacturer or distributor to review this notice of opportunity for hearing to determine whether it covers any drug product he manufactures or distributes. Any person may request an opinion of the applicability of this notice to a specific drug product he manufactures or distributes that may be identical, related, or similar to a drug product named in this notice by writing to the Food and Drug Administration, Bureau of Drugs, Division of Drug Labeling Compliance (HFD-310), 5600 Fishers Lane, Rockville, MD 20852.

In addition to the ground(s) for the proposed withdrawal of approval stated above, this notice of opportunity for hearing encompasses all issues relating to the legal status of the drug products subject to it (including identical, related, or similar drug products as defined in § 310.6) e.g., any contention that any such product is not a new drug because it is generally recognized as safe and effective within the meaning of section 201(p) of the act or because it is exempt from part or all of the new drug provisions of the act pursuant to the exemption for products marketed prior to June 25, 1938, contained in section 201(p) of the act, or pursuant to section 107(c) of the Drug Amendments of 1962; or for any other reason.

In accordance with the provisions of section 505 of the act (21 U.S.C. 355) and the regulations promulgated thereunder (21 CFR 310, 314), the applicant(s) and all other persons subject to this notice pursuant to 21 CFR 310.6 are hereby given an opportunity for a hearing to show why approval of the new drug application(s) should not be withdrawn and an opportunity to raise, for administrative determination, all issues relating to the legal status of a drug product named above and of all identical, related, or similar drug products.

If an applicant or any other person subject to this notice pursuant to 21 CFR 310.6 elects to avail himself of the opportunity for a hearing, he shall file (1) on or before January 14, 1976, a written notice of appearance and request for hearing, and (2) on or before February 13, 1976, the data, information, and analyses on which he relies to justify a hearing, as specified in 21 CFR 314.200. Any other interested person may also submit comments on this notice. The procedures and requirements governing this notice of opportunity for hearing, a notice of appearance and request for hearing, a submission of data, information, and analyses to justify a hearing, other comments, and a grant or denial of hearing, are contained in 21 CFR 314.200.

The failure of an applicant or any other person subject to this notice pursuant to 21 CFR 310.6 to file timely written appearance and request for hearing as required by 21 CFR 314.200 constitutes an election by such person not to avail himself of the opportunity for a hearing concerning the action proposed with respect to such drug product and a waiver of any contentions concerning the legal status of any such drug product. Any such drug product may not thereafter lawfully be marketed, and the Food and Drug Administration will initiate appropriate regulatory action to remove such drug products from the market. Any new drug product marketed without an approved NDA is subject to regulatory action at any time.

A request for a hearing may not rest upon mere allegations or denials, but must set forth specific facts showing that there is a genuine and substantial issue of fact that requires a hearing. If it conclusively appears from the face of the data, information, and factual analyses in the request for the hearing that there is no genuine and substantial issue of fact which precludes the withdrawal of approval of the application, or when a request for hearing is not made in the required format or with the required analyses, the Commissioner will enter summary judgment against the person(s) who requests the hearing, making findings and conclusions, denying a hearing.

All submissions pursuant to this notice shall be filed in quintuplicate with the Hearing Clerk, Food and Drug Administration, Rm. 4-65, 5600 Fishers Lane, Rockville, MD 20852.

All submissions pursuant to this notice, except for data and information prohibited from public disclosure pursuant to 21 U.S.C. 331(j) or 18 U.S.C. 1905, may be seen in the office of the Hearing Clerk Monday through Friday from 9 a.m. to 4 p.m., except on Federal legal holidays.

This notice is issued pursuant to provisions of the Federal Food, Drug, and Cosmetic Act (secs. 505, 52 Stat. 1052-1053, as amended; 21 U.S.C. 355), and under authority delegated to the Director of the Bureau of Drugs (21 CFR 2.121).

Dated: December 5, 1975.

J. RICHARD CROUT,
Director, Bureau of Drugs.

[Docket No. 75N-0357]

OTC DRUG REVIEW PANEL ON ANTACID DRUG PRODUCTS

Availability of Certain Transcripts of Closed Sessions

On March 20, 1974, Dr. Sidney Wolfe, Director of the Health Research Group, filed suit in the United States District Court for the District of Columbia to obtain copies of verbatim transcripts of closed sessions of the over-the-counter (OTC) drug review panel on antacid drug products. *Wolfe* v. *Weinberger*, No. 74-454. The suit was based on the Freedom of Information Act (5 U.S.C. 552) and the Federal Advisory Committee Act (5 U.S.C. App. I). The Food and Drug Administration had denied access to the transcripts on the ground that they reflected internal deliberations of the antacid panel, and so were exempt from disclosure under both statutes pursuant to exemption 5 of the Freedom of Information Act (5 U.S.C. 552(b)(5)).

On October 31, 1975, the District Court (Richey, J.) ordered the transcripts to be produced. The court held that the transcripts are not exempt under 5 U.S.C. 552(b)(5). However, since all but one of the panel's meetings had occurred before January 5, 1973, the court expressly declined to reach any issue involving the Federal Advisory Committee Act, which was not effective until that date.

For this reason, and because the issue of the availability of exemption 5 to close deliberative sessions of advisory committees (and, by implication, to protect advisory committee transcripts) under the Federal Advisory Committee Act is presented in a case now pending in the United States Court of Appeals for the District of Columbia Circuit (*Aviation Consumer Action Project* v. *Washburn*, No. 75-1086), the Government has decided not to appeal the District Court's decision in *Wolfe* v. *Weinberger*. Moreover, the transcripts at issue were made available to the staff of the Subcommittee on Intergovernmental Relations and Human Resources of the House Committee on Government Operations. As a result, substantial portions of the transcripts about which some controversy had developed were introduced into the public record of hearings held before the subcommittee on May 9 and 12, 1975.

Accordingly, although no appeal of the narrow ruling in *Wolfe* will be taken, and the antacid panel's transcripts are therefore now available, the Commissioner of Food and Drugs does not regard the decision as necessitating a modification in existing policy, and where necessary and appropriate, will continue to authorize the closing of the deliberative portions of advisory committee meetings pursuant to exemption 5. The basis for this policy has been set forth numerous times; see, e.g., Notice of Meetings of Food and Drug Administration Advisory Committees published in the FEDERAL REGISTER of February 5, 1973 (38 FR 3345, 3347). The Department of Justice has advised the Food and Drug Administration that, because the decision in *Wolfe* is explicitly not based on the Federal Advisory Committee Act, the agency may adhere to its existing policy and, if necessary, defend that policy in court.

Dated: December 8, 1975.

SAM D. FINE,
Associate Commissioner for Compliance.

Health Resources Administration

MEETINGS

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Public Law 92-463), announcement is made of the following National Advisory bodies scheduled to assemble during the month of January 1976:

Name: National Advisory Council on Health Professions Education.

Date and Time: January 6-7, 1976, 8:30 a.m.

Place: Conference Room Number 6, Building 31, National Institutes of Health, 9000 Rockville Pike, Bethesda, Maryland 20014.

Open on January 6, 8:30 a.m.—10:30 a.m.

Closed remainder of meeting.

Purpose: The Council advises the Secretary with respect to the administration of programs of financial assistance for the health professions and makes recommendations based on its review of applications requesting such assistance.

Agenda: During the open portion of the meeting, the Council will receive general announcements, discuss pending legislation, review past minutes and set future meeting dates. During the closed session the Council will meet for the purpose of considering applications for Federal assistance submitted under the Dental Health Training of Auxilliary Management, the Dental Health Continuing Education, and the Special Project Preceptorship Training Programs, and will not be open to the public in accordance with the provisions set forth in section 552(b)(5) and (6), Title 5, U.S. Code and the Determination by the Administrator, Health Resources Administration, pursuant to Public Law 92-463.

Anyone wishing to obtain a roster of members, minutes of meeting, or other relevant information should contact Mrs. Lynn Stevens, Room 4C-02, Building 31, National Institutes of Health, 9000 Rockville Pike, Bethesda, Maryland 20014, Telephone (301) 496-6601.

Name: Health Services Research Study Section.

Date and Time: January 11-14, 1976, 9:00 a.m.

Place: Connecticut Room—3rd Floor, Holiday Inn—Bethesda, 8130 Wisconsin Avenue, Bethesda, Maryland 20014.

V 40241 DEC 15 75 XUM

Closed on January 11 (Sunday).

Open on January 12, 9:00 a.m.—10:00 a.m.

Closed remainder of meeting.

Purpose: The Study Section is charged with the initial review of grant applications for Federal assistance in the program areas administered by the National Center for Health Services Research.

Agenda: The open session of the meeting will be devoted to a business meeting covering administrative matters and reports. During the closed session the Study Section will be reviewing research grant applications for Federal assistance, relating to the delivery, organization, and financing of health services, and will not be open to the public in accordance with provisions set forth in section 552(b)(5) and (6), Title 5, U.S. Code and the Determination by the Administrator, Health Resources Administration, pursuant to Public Law 92–463.

Anyone wishing to obtain a roster of members, minutes of meeting, or other relevant information should contact Mr. Hoke Glover, Room 15–19, Parklawn Building, 5600 Fishers Lane, Rockville, Maryland 20852, Telephone (301) 443–2920.

Name: Health Services Developmental Grants Study Section.

Date and Time: January 18–21, 1976, 1:00 p.m.

Place: Sir Francis Drake Hotel, 450 Powell Street, San Francisco, California 94102.

Open on January 18, 1:00 p.m.—2:00 p.m.

Closed remainder of meeting.

Purpose: The Study Section is charged with the initial review of grant applications for Federal assistance in the program areas administered by the National Center for Health Services Research.

Agenda: The Study Section, during the open session, will review the Administrative Report, Minutes, establish future meeting dates and discuss other related general matters. The Study Section, during the closed session, will be reviewing research grant applications for Federal assistance, and will not be open to the public in accordance with the provisions set forth in section 552(b)(5) and (6), Title 5, U.S. Code and the Determination by the Administrator, Health Resources Administration, pursuant to Public Law 92–463.

Anyone wishing to obtain a roster of members, minutes of meeting, or other relevant information should contact Mr. David McFall, Room 15–19, Parklawn Building, 5600 Fishers Lane, Rockville, Maryland 20852, Telephone (301) 443–2930.

Name: Health Care Technology Study Section.

Date and Time: January 18–21, 1976, 2:00 p.m.

Place: January 18, New Jersey Room, Holiday Inn-Bethesda, 8130 Wisconsin Avenue, Bethesda, Maryland 20014.

Place: January 19–21, Conference Room "G", Parklawn Building, 5600 Fishers Lane, Rockville, Maryland 20852.

Closed on January 18 (Sunday).

Open January 19, 9:00 a.m.—10:00 a.m.

Closed remainder of meeting.

Purpose: The Study Section is charged with the initial review of grant applications for Federal assistance in the program areas administered by the National Center for Health Services Research.

Agenda: The open session of the meeting will be devoted to a business meeting covering administrative matters and reports. During the closed session, the Study Section will be reviewing research grant applications for Federal assistance, relating to the delivery, organization, and financing of health services, and will not be open to the public in accordance with the provisions set forth in section 552(b)(5) and (6), Title 5, U.C. Code and the Determination by the Administrator, Health Resources Administration, pursuant to Public Law 92–463.

Anyone wishing to obtain a roster of members, minutes of meeting, or other relevant information should contact Mr. Jonathan Bromberg, Room 15–19, Parklawn Building, 5600 Fishers Lane, Rockville, Maryland 20852, Telephone (301) 443–2920.

Agenda items are subject to change as priorities dictate.

Dated: December 5, 1975.

JAMES A. WALSH,
Associate Administrator for Opertaions and Management.

[FR Doc.75–33646 Filed 12–12–75;8:45 am]

TASK FORCE ON ANNUAL REPORT ON THE NATION'S HEALTH

Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Public Law 92–463), announcement is made of the following National Advisory body scheduled to assemble during the month of January 1976:

Name: Task Force on Annual Report on the Nation's Health—United States National Committee on Vital and Health Statistics.

Date and Time: January 13–14, 1976, 9:30 a.m.

Place: Conference Room 8–08, Parklawn Building, 5600 Fishers Lane, Rockville, Maryland 20852.

Open for entire session.

Purpose: The United States National Committee on Vital and Health Statistics assists and advises on an annual report on the state of the Nation's health, its health services, their costs and distributions, and to make proposals for improvement of the Nation's health statistics and health information systems.

Agenda: The annual report on the Nation's Health as mandated by Public Law 93–353, will be reviewed by members of the National Committee. The report identifies problems and issues and clarifies the nature of the complex relationships surrounding the problems of health care and its organization.

Anyone wishing to obtain a roster of members, minutes of meeting, or other relevant information should contact Mr. James A. Smith, Room 8–21, Parklawn Building, 5600 Fishers Lane, Rockville, Maryland 20852, Telephone (301) 443–1470.

Dated: December 8, 1975.

JAMES A. WALSH,
Associate Administrator for Operations and Management.

[FR Doc.75–33647 Filed 12–12–75;8:45 am]

Office of the Secretary

COMMUNITY HEALTH CENTERS

Delegation of Authority

Notice is hereby given that the following delegation and redelegations have been made, with authority for further redelegation, under section 330 of the Public Health Service Act, as added by section 501 of Pub. L. 94–63, providing for Community Health Centers:

1. Delegation from the Secretary to the Assistant Secretary for Health of all authorities vested in the Secretary of Health, Education, and Welfare by section 330 of the Public Health Service Act with the exception of authority to issue regulations.

2. Redelegation from the Assistant Secretary for Health to the Regional Health Administrators of authority under section 330 of the Public Health Service Act for grants within their respective regions other than grants that are national or multi-regional in scope.

3. Redelegation from the Assistant Secretary for Health to the Administrator, Health Services Administration of all authorities under sections 330 of the Public Health Service Act except those specifically redelegated to the Regional Health Administrators.

This redelegation includes authority for grants that are national or multi-regional in scope.

The above delegation and redelegations were effective on November 25, 1975.

Dated: December 3, 1975.

THOMAS S. MCFEE,
Acting Assistant Secretary for Administration and Management.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Federal Disaster Assistance Administration

[FDAA–490–DR; NFD–313]

HAWAII

Notice of Major Disaster and Related Determinations

Pursuant to the authority vested in the the Secretary of Housing and Urban Development by the President under Executive Order 11795 of July 11, 1974, and delegated to me by the Secretary under Department of Housing and Urban Development Delegation of Authority, Docket No. D–74–285; and by virtue of the Act of May 22, 1974, entitled "Disaster Relief Act of 1974" (88 Stat. 143); notice is hereby given that on December 7, 1975, the President declared a major disaster as follows:

I have determined that the damage in certain areas of the State of Hawaii resulting from earthquakes, seismic sea waves, and volcanic action beginning about November 29, 1975, is of sufficient severity and magnitude to warrant a major disaster declaration under Public Law 93–288. I therefore declare that such a major disaster exists in the State of Hawaii.

Notice is hereby given that pursuant to the authority vested in the Secretary of Housing and Urban Development under Executive Order 11795, and delegated to me by the Secretary under Department of Housing and Urban Development Delegation of Authority, Docket No. D–74–285, I hereby appoint Mr. Robert C. Stevens, HUD Region IX, to act as the Federal Coordinating Officer for this declared major disaster.

I do hereby determine the following area of the State of Hawaii to have been adversely affected by this declared major disaster:

The County of: Hawaii

(Catalog of Federal Domestic Assistance No. 14.701, Disaster Assistance.)

Dated: December 8, 1975.

THOMAS P. DUNNE,
Administrator, Federal Disaster Assistance Administration.

[FR Doc.75–33679 Filed 12–12–75;8:45 am]

3. In said Answer the Respondent requested a hearing on the allegations contained in the Notice of Proceedings and Opportunity for Hearing.

4. Therefore, pursuant to the provisions of 15 U.S.C. 1706(d) and 24 CFR 1720.160(d), IT IS HEREBY ORDERED that a public hearing for the purpose of taking evidence on the questions set forth in the Notice of Proceedings and Opportunity for Hearing will be held before Judge James W. Mast, in Room 7146, Department of HUD, 451 7th Street, SW., Washington, D.C., on January 21, 1976, at 10:00 a.m.

The following time and procedure is applicable to such hearing: All affidavits and a list of all witnesses are requested to be filed with the Hearing Clerk, HUD Building, Room 10150, Washington, D.C. 20410 on or before January 7, 1976.

6. The Respondent is HEREBY NOTIFIED that failure to appear at the above scheduled hearing shall be deemed a default and the proceedings shall be determined against Respondent, the allegations of which shall be deemed to be true, and an ORDER Suspending the Statement of Record, herein identified, shall be issued pursuant to 24 CFR 1710.45(b)(1).

This Notice shall be served upon the Respondent forthwith pursuant to 24 CFR 1720.440.

By the Secretary.

Dated: December 4, 1975.

JAMES W. MAST,
Administrative Law Judge.

[FR Doc.75–33675 Filed 12–12–75;8:45 am]

Office of Interstate Land Sales Registration

[Docket No. N–75–464]

BEAVER LAKE

Notice of Hearing

In the matter of Beaver Lake, OILSR No. 0–1331–32–3(A–K) Doc. No. 75–245–IS. Pursuant to 15 U.S.C. 1706(d) and 24 CFR 1720.160(d) notice is hereby given that:

1. Beaver Lake Corporation, Robert L. Gerlach, President, its officers and agents, hereinafter referred to as "Respondent," being subject to the provisions of the Interstate Land Sales Full Disclosure Act (Pub. Law 90–448) (15 U.S.C. 1701 et seq.), received a Notice of Proceedings and Opportunity for Hearing issued October 29, 1975, which was sent to the developer pursuant to 15 U.S.C. 1706(d), 24 CFR 1710.45(b)(1) and 1720.125 informing the developer of information obtained by the Office of Interstate Land Sales Registration alleging that the Statement of Record and Property Report for Beaver Lake, located in Cass County, Nebraska, contain untrue statements of material fact or omit to state material facts required to be stated therein or necessary to make the statements therein not misleading.

2. The Respondent filed an Answer received November 19, 1975, in response to the Notice of Proceedings and Opportunity for Hearing.

3. In said Answer the Respondent requested a hearing on the allegations contained in the Notice of Proceedings and Opportunity for Hearing.

4. Therefore, pursuant to the provisions of 15 U.S.C. 1706(d) and 24 CFR 1720.160(d), IT IS HEREBY ORDERED that a public hearing for the purpose of taking evidence on the questions set forth in the Notice of Proceedings and Opportunity for Hearing will be held before Judge James W. Mast, in Room 7146, Department of HUD, 451 7th Street, SW., Washington, D.C., on January 21, 1976, at 10:00 a.m.

The following time and procedure is applicable to such hearing: All affidavits and a list of all witnesses are requested to be filed with the Hearing Clerk, HUD Building, Room 10150, Washington, D.C., 20410 on or before January 7, 1976.

6. The Respondent is HEREBY NOTIFIED that failure to appear at the above scheduled hearing shall be deemed a default and the proceedings shall be determined against Respondent, the allegations of which shall be deemed to be true, and an ORDER Suspending the Statement of Record, herein identified, shall be issued pursuant to 24 CFR 1710.45(b)(1).

This Notice shall be served upon the Respondent forthwith pursuant to 24 CFR 1720.440.

By the Secretary.

Dated: December 4, 1975.

JAMES W. MAST,
Administrative Law Judge.

[Docket No. N–75–467]

PINEHURST

Notice of Hearing

In the matter of Pinehurst, OILSR No. 0–1644–38–36, 0–1644–38–36(A) Docket No. 75–218–IS. Pursuant to 15 U.S.C. 1706(d) and 24 CFR 1720.160(d) notice is hereby given that:

1. Pinehurst Incorporated, William C. Brent, Chairman of the Board, its officers and agents, hereinafter referred to as "Respondent," being subject to the provisions of the Interstate Land Sales Full Disclosure Act (Pub. Law 90–448) (15 U.S.C. 1701 et seq.), received a Notice of Proceedings and Opportunity for Hearing issued October 6, 1975, which was sent to the developer pursuant to 15 U.S.C. 1706(d), 24 CFR 1710.45(b)(1) and 1720.125 informing the developer of information obtained by the Office of Interstate Land Sales Registration alleging that the Statement of Record and Property Report for Pinehurst, located in Moore County, North Carolina, contain untrue statements of material fact or omit to state material facts required to be stated therein or necessary to make the statements therein not misleading.

2. The Respondent filed an Answer received October 30, 1975, in response to the Notice of Proceedings and Opportunity for Hearing.

[Docket No. N–75–465]

SALT FORK CAMPGROUNDS

Notice of Hearing

In the matter of Salt Fork Campgrounds, OILSR No. 0–3125–41–30, 0–3125–41–30(A) Doc. No. 75–242–IS. Pursuant to 15 U.S.C. 1706(d) and 24 CFR 1720.160(d) notice is hereby given that:

1. Salt Fork Campgrounds, Inc., Ray Melton, President, its officers and agents, hereinafter referred to as "Respondent," being subject to the provisions of the Interstate Land Sales Full Disclosure Act (Pub. Law 90–448) (15 U.S.C. 1701 et seq.), received a Notice of Proceedings and Opportunity for Hearing issued October 15, 1975, which was sent to the developer pursuant to 15 U.S.C. 1706(d), 24 CFR 1710.45(b)(1) and 1720.125 informing the developer of information obtained by the Office of Interstate Land Sales Registration alleging that the Statement of Record and Property Report for Salt Fork Campgrounds, located in Ohio state, contain untrue statements of material fact or omit to state material facts required to be stated therein or necessary to make the statements therein not misleading.

2. The Respondent filed an Answer received October 30, 1975, in response to the Notice of Proceedings and Opportunity for Hearing.

V40241 DEC 15 75 XUM

3. In said Answer the Respondent requested a hearing on the allegations contained in the Notice of Proceedings and Opportunity for Hearing.

4. Therefore, pursuant to the provisions of 15 U.S.C. 1706(d) and 24 CFR 1720.160(d), IT IS HEREBY ORDERED that a public hearing for the purpose of taking evidence on the questions set forth in the Notice of Proceedings and Opportunity for Hearing will be held before Judge James W. Mast, in Room 7146, Department of HUD, 451 7th Street, SW., Washington, D.C., on January 20, 1976, at 10:00 a.m.

The following time and procedure is applicable to such hearing: All affidavits and a list of all witnesses are requested to be filed with the Hearing Clerk, HUD Building, Room 10150, Washington, D.C., 20410 on or before January 6, 1976.

6. The Respondent is HEREBY NOTIFIED that failure to appear at the above scheduled hearing shall be deemed a default and the proceedings shall be determined against Respondent, the allegations of which shall be deemed to be true, and an ORDER Suspending the Statement of Record, herein identified, shall be issued pursuant to 24 CFR 1710.45(b)(1).

This Notice shall be served upon the Respondent forthwith pursuant to 24 CFR 1720.440.

By the Secretary.

Dated: December 4, 1975.

JAMES W. MAST,
Administrative Law Judge.

[Docket No. N-75-466]

YOGI BEAR JELLYSTONE PARK CAMP RESORT

Notice of Hearing

In the matter of Yogi Bear Jellystone Park Camp Resort, OILSR No. 0-3524-41-37, 0-3524-41-37(A), Doc. No. 75-241-IS. Pursuant to 15 U.S.C. 1706(d) and 24 CFR 1720.160(d) notice is hereby given that:

1. Land Unlimited, Inc., B. J. Bryant, President, its officers and agents, hereinafter referred to as "Respondent," being subject to the provisions of the Interstate Land Sales Full Disclosure Act (Pub. Law 90-448) (15 U.S.C. 1701 et seq.), received a Notice of Proceedings and Opportunity for Hearing issued October 15, 1975, which was sent to the developer pursuant to 15 U.S.C. 1706(d), 24 CFR 1710.45(b)(1) and 1720.125 informing the developer of information obtained by the Office of Interstate Land Sales Registration alleging that the Statement of Record and Property Report for Yogi Bear Jellystone Park Camp Resort, located in Ohio State, contain untrue statements of material fact or omit to state material facts required to be stated therein or necessary to make the statements therein not misleading.

2. The Respondent filed an Answer received October 31, 1975, in response to the Notice of Proceedings and Opportunity for Hearing.

3. In said Answer the Respondent requested a hearing on the allegations contained in the Notice of Proceedings and Opportunity for Hearing.

4. Therefore, pursuant to the provisions of 15 U.S.C. 1706(d) and 24 CFR 1720.160(d), IT IS HEREBY ORDERED that a public hearing for the purpose of taking evidence on the questions set forth in the Notice of Proceedings and Opportunity for Hearing will be held before Judge James W. Mast, in Room 7146, Department of HUD, 451 7th Street, SW., Washington, D.C., on January 19, 1976, at 10:00 a.m.

The following time and procedure is applicable to such hearing: All affidavits and a list of all witnesses are requested to be filed with the Hearing Clerk, HUD Building, Room 10150, Washington, D.C., 20410 on or before January 5, 1976.

6. The Respondent is HEREBY NOTIFIED that failure to appear at the above scheduled hearing shall be deemed a default and the proceedings shall be determined against Respondent, the allegations of which shall be deemed to be true, and an ORDER Suspending the Statement of Record, herein identified, shall be issued pursuant to 24 CFR 1710.45(b)(1).

This Notice shall be served upon the Respondent forthwith pursuant to 24 CFR 1720.440.

By the Secretary,

Dated: December 4, 1975.

JAMES W. MAST,
Administrative Law Judge.

DEPARTMENT OF TRANSPORTATION

[Docket No. EX74-4; Notice 4]

AM GENERAL CORP.

Petition for Temporary Exemption From Motor Vehicle Safety Standard

AM General Corporation of Detroit, Michigan, has been granted an exemption until February 1, 1976, of its temporary exemption from Motor Vehicle Safety Standard No. 103, *Windshield Defrosting and Defogging Systems*.

Notice of the company's petition was published on October 10, 1975, (40 FR 47826) and an opportunity afforded for comment.

On August 26, 1974, notice was published in the FEDERAL REGISTER (39 FR 30853) of AM General's petition to manufacture 300 electric delivery vans for the U.S. Postal Service without windshield defrosting systems. The basis of the petition was that an exemption would facilitate the development and field evaluation of a low-emission motor vehicle. The Administrator granted AM General's petition on November 7, 1974 (39 FR 39439), issuing an exemption. Because "numerous 'in-house' and vendor oriented problems have slowed down our anticipated monthly production schedule" and "a safety related defect . . . has further delayed production of these vehicles," AM General "found it impossible to finish production of the remaining vehicles by the deadline of November 1, 1975" and requested an extension of its exemption to February 1, 1976.

No comments were received on the petition.

The vehicles for which AM General Corporation seeks an extension of its exemption are those that it intended to produce under the original exemption and represent the completion of its contract with the US Postal Service. Therefore, there is no valid reason not to allow it to do so.

In consideration of the foregoing, the Administrator finds that an extension of NHTSA Exemption No. 74-4 would facilitate the development and field evaluation of a low emission motor vehicle, and that such extension would be in the public interest and consistent with the objectives of the National Traffic and Motor Vehicle Safety Act. Accordingly, NHTSA Exemption No. 74-4, from 49 CFR 571.103, Motor Vehicle Safety Standard No. 103, *Windshield Defrosting and Defogging Systems*, is hereby extended to February 1, 1976.

(Sec. 3, Pub. L. 92-548, 86 Stat. 1159 (15 U.S.C. 1410); delegation of authority at 49 CFR 1.50.)

Issued on December 10, 1975.

JAMES B. GREGORY,
Administrator.

RED CARPET FLYING SERVICE AND MOUNTAIN AIR AVIATION, INC.

Order Designating Applications for Consolidated Hearing on Stated Issues

In the matter of applications of Red Carpet Flying Service, Walla Walla, Washington (Docket No. 20635; File No. 59-A-L-85) and Mountain Air Aviation, Inc., Walla Walla, Washington (Docket No. 20636; File No. 20-A-L-95) For an aeronautical advisory station to serve the Walla Walla City-County Airport, Walla Walla, Washington.

1. Red Carpet Flying Service (hereinafter called Red Carpet) and Mountain Air Aviation, Inc. (hereinafter called Mountain Air) have each filed a new application for authority to operate an aeronautical advisory station at the same airport. Since § 87.251(a) of the Commission's rules provides that only one aeronautical advisory station may be authorized at a landing area, the above-captioned applications are mutually exclusive. Accordingly, it is necessary to designate the applications for comparative hearing in order to determine which application should be granted. Except for the issues specified herein, each applicant is otherwise qualified.

2. In view of the foregoing, IT IS ORDERED, That pursuant to the provisions of § 309(e) of the Communications Act of 1934, as amended, and § 0.331 of the Commission's rules, the above-captioned applications ARE HEREBY DESIGNATED FOR HEARING IN A CONSOLIDATED PROCEEDING at a time and place to be specified in a subsequent Order on the following comparative issues: (a) to determine which applicant would provide the public with better aeronautical advisory service based on the following considerations:

(1) Location of the fixed-base operation and proposed radio station in relation to the landing area and traffic patterns;

(2) Hours of operation;

(3) Personnel available to provide advisory service;

(4) Experience of applicant and employees in aviation and aviation communications;

(5) Ability to provide information pertaining to primary and secondary communications as specified in § 87.257 of the Commission's rules.

(6) Proposed radio system including control and dispatch points; and

(7) The availability of the radio facilities to other fixed-base operators.

(b) To determine in light of the evidence adduced on the foregoing issues which of the applications should be granted.

3. *It is further ordered*, That to avail themselves of an opportunity to be heard, Red Carpet and Mountain Air, pursuant to § 1.221(c) of the Commission's rules, in person or by attorney, shall within 20 days of the mailing of this Order, file with the Commission, in triplicate, a written appearance stating an intention to appear on the date set for hearing and present evidence on the issues specified in this Order. Failure to file a written appearance within the time specified may result in dismissal of the application with prejudice.

Adopted: November 21, 1975.

Released: November 25, 1975.

[SEAL] CHARLES A. HIGGINBOTHAM,
Chief, Safety and Special Radio Services Bureau.

FEDERAL HOME LOAN BANK BOARD

[No. 75-1104]

CONSERVATOR

Notice of Appointment

DECEMBER 10, 1975.

Whereas, by the Federal Home Loan Bank Board Resolution No. 75-1099 dated December 10, 1975, the Federal Home Loan Bank Board, acting under the authority conferred upon it by Section 5(d)(6) of the Home Owners' Loan Act of 1933, as amended (12 U.S.C. 1464 (d)(6)), appointed a Conservator for Popular Federal Savings and Loan Association, Miami, Florida; and

Whereas, Section 547.4 of the Rules and Regulations for the Federal Savings and Loan System (12 CFR 547.4) requires that a certified copy of notice of such action be mailed to the Association, and that notice of such action also be filed forthwith for publication in the FEDERAL REGISTER;

Now, therefore, be is resolved, that the Secretary to the Board is directed to file the following notice for publication in the FEDERAL REGISTER, and to mail said notice by certified mail to the address of record of Popular Federal Savings and Loan Association, Miami, Florida:

Notice is hereby given that on December 10, 1975, the Federal Home Loan Bank Board by Resolution No. 75-1099 appointed Francis O. Betzold, as Conservator for Popular Federal Savings and Loan Association, Miami, Florida, pending further disposition of said Association and its affairs, and, as such Conservator, to have an exercise all the powers, rights and privileges, and assume and perform all of the duties and responsibilities, of a Conservator accorded or imposed by and subject to the provision of law, the Rules and Regulations for the Federal Savings and Loan System, and orders issued by the Federal Home Loan Bank Board.

By the Federal Home Loan Bank Board.

FEDERAL MARITIME COMMISSION

PORT AUTHORITY OF NEW YORK AND NEW JERSEY, ET AL.

Notice of Agreement Filed

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1100 L Street NW., Room 10126; or may inspect the agreement at the Field Offices located at New York, N.Y., New Orleans, Louisiana, San Francisco, California, and Old San Juan, Puerto Rico. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C. 20573, on or before January 5, 1976. Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they desire to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a statement describing the discrimination or unfairness with particularity. If a violation of the Act or detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

PORT AUTHORITY OF NEW YORK AND NEW JERSEY, SEA-LAND SERVICE, INC. AND PUERTO RICO MARITIME SHIPPING AUTHORITY

Notice of Agreement Filed by:

E. J. Sheppard, Esquire, Morgan, Lewis and Bocklus, 1800 M Street NW., Washington, D.C. 20036.

Agreement No. T-3036-1, between Port Authority of New York and New Jersey (Authority), Sea-Land Service, Inc., (Sea-Land) and Puerto Rico Maritime Shipping Authority (PRMSA), modifies the parties' basic agreement which provides for the sublease from Sea-Land to PRMSA of certain facilities located in Elizabeth, New Jersey. The purpose of the modification is: (1) to delete section 8(c) in its entirety; (2) decrease the amount of the basic rental; and (3) make other minor technical changes.

By Order of the Federal Maritime Commission.

Dated: December 10, 1975.

FRANCIS C. HURNEY,
Secretary.

FEDERAL POWER COMMISSION

[Rate Schedule Nos. 79, etc.]

AMOCO PRODUCTION CO., ET AL.

Rate Change Filings

DECEMBER 8, 1975.

Take notice that the producers listed in the Appendix attached hereto have filed proposed increased rates to the applicable new gas national ceiling based on the interpretation of vintaging concepts set forth by the Commission in its Opinion No. 699-H, issued December 4, 1974. Pursuant to Opinion No. 699-H the rates, if accepted, will become effective as of the date of filing.

The information relevant to each of these sales is listed in the Appendix.

Any person desiring to be heard or to make any protest with reference to said filings should on or before December 19, 1975, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). A protest will not serve to make the protestant a party to the proceeding. Any party wishing to become a party to a proceeding must file a petition to intervene in accordance with the Commission's Rules.

KENNETH F. PLUMB,
Secretary.

[Docket No. RP76-18]

ARKANSAS LOUISIANA GAS CO.

Order Denying Motion for Reconsideration

DECEMBER 8, 1975.

On October 31, 1975 Arkansas Louisiana Gas Company (Arkla) filed an Answer to Petition to Intervene and Protest of Arkansas-Missouri Power Company and Motion for Consideration of Order requesting the Commission to suspend the proposed change in rates for transportation service[1] for one day rather than five months as ordered. Arkansas-Missouri Power Company (Ark-Mo) filed an Answer to Motion for Reconsideration on November 7, 1975.

Arkla contends that "no justification can be given for a five-month suspension." However, the holding in *Municipal Light Boards of Reading and Wakefield* v. *F.P.C.*, 450 F.2d 1341 (D.C. Cir. 1971) indicates that the length of suspension is a non-reviewable and discretionary determination of the Commission. Moreover, our Order of October 31, 1975 stated, *inter alia*, that the following issues should be given "careful consideration" by the parties to this proceeding: "propriety of charging Ark-Mo on the basis of system-wide transportation and storage costs, the claimed increases in wages and employee benefits, materials and supplies expenses, and the claimed overall return of 12.23%." Based on our review and reconsideration of Arkla's filing and motion we have concluded that a five-month suspension was justified.

Arkla asserts in its motion that because the Commission failed to address the issue of the justness and reasonableness of the existing transportation charge of 3.56 cents per Mcf we "implicitly recognize that the 3.56 cents per Mcf rate is too low".

This assertion clearly misinterprets our order. Under the Natural Gas Act, the Commission's power to suspend is limited to "new schedules" filed by any natural gas company after thirty days notice to the Commission and the public. Section 4 (d) and (e) of the Act, 15 U.S.C. §§ 717c(d) and (e). By suspending a proposal, we make no decision concerning the justness and reasonableness of an existing rate. Accordingly, our Order of October 31, 1975 in this proceeding does not address the issue of Arkla's existing rate, but relates to the propriety of Arkla's proposed rate.

The Commission finds. Good cause exists to deny Arkla's Motion for Reconsideration.

[1] Second Revised Sheet No. 44 and First Revised Sheet No. 47 to First Revised Volume No. 2 of Arkla's FPC Gas Tariff.

V40241 DEC 15 75 XUM

The Commission orders. (A) Arkla's Motion for Consideration is hereby denied.

(B) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[FR Doc.75-33631 Filed 12-12-75;8:45 am]

[Docket No. ER76-311]

CENTRAL ILLINOIS PUBLIC SERVICE CO.

Proposed Changes in FPC Electric Service Tariffs

DECEMBER 8, 1975.

Take notice that Central Illinois Public Service Company (Company) on December 1, 1975, tendered for filing changes in its FPC Electric Tariffs proposing to revise (1) Rate Schedule W-1 for wholesale elecric service to electric cooperatives, (2) Rate Schedule W-2 for wholesale electric service to municipal customers purchasing their total requirements and (3) Service Schedule W-3 for wholesale electric service to customers purchasing partial requirements to supplement their own generation. Company also filed a new service agreement with Mt. Carmel Public Utility Co. which provides that the charges for service under the agreement will be based upon Company's Service Schedule W-3. The proposed tariff changes would increase revenues from jurisdictional sales and service by an aggregate of $2,881,424.42 based on calendar year 1975.

Company proposes to make the tariff changes effective January 1, 1976, for some customers and for other customers upon the expiration of the various effective periods for the rates and charges currently specified in the agreements between the Company and those customers.

Company states that the proposed tariff revisions contain an upward adjustment in the rate level to more adequately reflect current and anticipated economic conditions. Company states further that the proposed revisions to Rate Schedule W-1 resulted from a settlement which was reached after extended negotiations.

Copies of the filing were served upon Company's jurisdictional customers.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's Rules of Practice and Procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before December 19, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.75-33632 Filed 12-12-75;8:45 am]

[Docket No. C 176-254]

GENERAL AMERICAN OIL COMPANY OF TEXAS, ET AL.

Application

DECEMBER 8, 1975.

Take notice that on November 4, 1975, American General Oil Company of Texas (Operator), *et al.*, Meadows Building, Dallas, Texas 75206, filed in Docket No. CI76-254 an application pursuant to Section 7(b) of the Natural Gas Act for permission and approval to abandon the sale for resale of natural gas in interstate commerce from the Lawson Field, Acadia Parish, Louisiana, to Texas Gas Transmission Corporation (Texas Gas), all as more fully set forth in the application on file with the Commission and open to public inspection.

Applicant states that the reserves dedicated to the contract on file as its FPC Gas Rate Schedule No. 73 are depleted and that the well has been plugged and abandoned. Applicant states further that the leases covered by the contract have expired and have been released.

It is also stated that Texas Gas has agreed not to object to the abandonment of the subject sale on the condition Applicant grant Texas Gas the exclusive option to purchase any gas which may ever be produced in the future from the properties by Applicant, which option Applicant states it is unwilling to grant although it has no present intention of acquiring an interest in said properties. It is further stated that Texas Gas also insists on said condition as a condition precedent to its concurrence in contract termination.

Any person desiring to be heard or to make any protest with reference to said application should on or before December 19, 1975, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[Docket No. CI76-354]

GENERAL AMERICAN OIL COMPANY OF TEXAS, ET AL.

Application

DECEMBER 8, 1975.

Take notice that on November 4, 1975, General American Oil Company of Texas (Operator), *et al.* (Applicant), Meadows Building, Dallas, Texas 75206, filed in Docket No. CI76-254 an application pursuant to Section 7(b) of the Natural Gas Act for permission and approval to abandon sales for resale of natural gas in interstate commerce from the Lawson Field, Acadia Parish, Louisiana, to Texas Gas Transmission Corporation (Texas Gas), all as more fully set forth in the application on file with the Commission and open to public inspection.

Applicant states that the reserves dedicated to the contract on file as its FPC Gas Rate Schedule No. 81 are depleted and that the well has been plugged and abandoned. Applicant states further that the leases covered by the contract have expired and have been released. It is also stated that Texas Gas has agreed not to object to the abandonment of the subject sales on the condition that Applicant grant Texas Gas the exclusive option to purchase any gas which may ever be produced in the future from the properties by Applicant, which option Applicant states it is unwilling to grant although it has no present intention of acquiring an interest in said properties. It is further stated that Texas Gas also insists on said condition as a condition precedent to its concurrence in contract termination.

Any person desiring to be heard or to make any protest with reference to said application should on or before December 18, 1975, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not

serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[Docket No. RP73-17 (PGA76-1)]

GRANITE STATE GAS TRANSMISSION, INC.

Proposed Changes in Rates Pursuant to Purchased Gas Adjustment Provision

DECEMBER 8, 1975.

Take notice that Granite State Gas Transmission, Inc. (Granite State), on December 1, 1975, tendered for filing Tenth Revised Sheet No. 3A and Substitute Tenth Revised Sheet No. 3A in its FPC Gas Tariff, Original Volume No. 1, containing proposed changes in rates to be effective January 1, 1976.

According to Granite State, the instant filing is made pursuant to a purchased gas cost adjustment provision in its tariff, previously approved by the Commission on December 14, 1972, in Docket No. RP73-17 and the proposed changes, submitted on alternate sheets, reflect alternate changes in the cost of gas purchased from its sole supplier, Tennessee Gas Pipeline Company, a Division of Tenneco, Inc., which Tennessee has proposed to make effective January 1, 1976.

Granite State further states that its proposed purchased gas cost changes are applicable to its sales to Northern Utilities, Inc. (Northern) which is Granite State's sole jurisdictional customer. According to Granite State, the annual effect on Northern of the proposed rates contained on Tenth Revised Sheet No. 3A is $152,604 and the annual effect of the proposed rates contained on Substitute Tenth Revised Sheet No. 3A is $167,633. Both estimates are based on purchases from Tennessee and sales to Northern for the twelve months ended October 31, 1975.

According to Granite State, copies of the filing were served upon Northern and the regulatory commissions of the States of Maine and New Hampshire.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before December 23, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[Docket No. ER76-265]

MISSISSIPPI POWER & LIGHT CO.

Agreement

DECEMBER 8, 1975.

Take notice that on November 18, 1975, Mississippi Power & Light Company (MP&L) tendered for filing an Agreement for Municipal Wholesale Electric Service dated October 21, 1975, providing for delivery of power to the City of Itta Bena, Mississippi (City). This Agreement incorporates MP&L's Rate Schedule MW-13 (Revised) which is presently effective, subject to refund, pending the outcome of the proceeding in Docket No. E-9058.

MP&L requests that the Agreement become effective on the date initial service may actually be rendered. MP&L states it will advise the Commission of that date.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before December 19, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[Docket No. ER76-17]

OHIO POWER CO.

Order Extending Procedural Dates and Requiring Submission of Data

DECEMBER 8, 1975.

On July 21, 1975, Ohio Power Company (Ohio) tendered for filing a proposed rate increase to Wheeling Electric Company, a corporate affiliate. On August 29, 1975, the Commission accepted the proposed tariff sheets for filing and suspended their effectiveness until November 1, 1975. By order of November 6, 1975, the procedural dates in this docket were extended five weeks. This was done in response to Staff's motion asking for a twelve week extension, which motion was opposed by Ohio.

On November 13, 1975, Staff filed this motion asking for a further extension of procedural dates and asking the Commission to set a date for Ohio to submit a response to Staff's data request of October 31, 1975. Staff points out that the requested data is necessary for Staff to prepare testimony and accordingly it will need time to evaluate the data after it is submitted. Ohio's response indicates that they will serve a response to Staff's data request but they oppose a further extension of time.

Our review of this motion indicates that the public interest will best be served by granting Staff's motion for extending procedural dates and fixing a date certain for submission of the data.

The Commission finds. The granting of Staff's motion will be in the public interest and it should be granted.

The Commission orders. (A) The motion of Staff is granted.

(B) Ohio shall respond to Staff's data request on or before December 12, 1975.

(C) The procedural dates in this proceeding are extended as follows:

Service of Staff Testimony, January 13, 1976.
Service of Intervenor Testimony, February 3, 1976.
Service of Company Rebuttal, February 24, 1976.
Hearing, March 9, 1976.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[FR Doc.75-33637 Filed 12-12-75;8:45 am]

[Docket No. R-472]

OHIO RIVER PIPELINE CORP.

Request for Waiver

DECEMBER 8, 1975.

Request for waiver of requirements to file Form 16 Reports in accordance with Order Nos. 489 and 523.

By Order Nos. 489 and 523 issued in Docket No. R-472 on August 24, 1973, and February 6, 1975, respectively, the Commission promulgated § 260.12 of Statements and Reports (Schedules), (18 CFR 260.12), which requires interstate natural gas pipeline companies

V40241 DEC 15 75 XUM

making sales of natural gas for resale in interstate commerce to file a semi-annual report of gas supply, requirements and curtailments, designated as FPC Form No. 16.

Ohio River Pipeline Corporation (Ohio), a Class A pipeline company, has requested, by letter dated September 18, 1975, that it be granted a waiver of the reporting requirements of § 260.12. Ohio purchases all of its natural gas from Texas Gas Transmission Corporation (Texas Gas) and sells all of its gas to Indiana Gas Corporation (Indiana). Ohio's gas supply, requirements and curtailments are reflected in the FPC Form No. 16 filed by Texas Gas.

Ohio also has requested that it be exempted from filing FPC Form No. 17. By letter from the Secretary dated November 10, 1972, the Commission staff requested that natural gas companies file FPC Form No. 17. The language of the aforementioned letter requests that such information, a *Monthly Report of Natural Gas Pipeline Curtailments*, be submitted. The report is one generated by the staff and not by direction of the Commission. The filing of Form No. 17 is voluntary. Since it is filed on a voluntary basis, no exemption from filing the Form is required.

The Commission finds. (1) Ohio has demonstrated good cause for the waiver of the reporting requirements of § 260.12 of Statements and Reports (Schedules).

(2) A waiver of the reporting requirements of FPC Form No. 17 is not necessary because such filing is not mandatory.

The Commission orders. (A) The request of Ohio for a waiver of the reporting requirements of Form No. 16 under Order No. 489 and 523 is granted, subject to further review should its operations change in the future.

(B) The request for waiver of Form No. 17 is rejected as unnecessary.

By the Commission.

[SEAL] KENNETH F. PLUMB, *Secretary.*

[FR Doc.75-33642 Filed 12-12-75;8:45 am]

[Docket No. ER76-282]

OKLAHOMA GAS AND ELECTRIC CO.

Amended Fuel Clause

DECEMBER 8, 1975.

Take notice that on November 24, 1975, Oklahoma Gas and Electric Company (OG&E) tendered for filing an amended Fuel Cost Adjustment clause which replaces the Fuel clause in its standard rate schedules PN-1 and PN-2. This amended clause affects 26 FPC Rates of OG&E.

OG&E requests an effective date of January 1, 1976, for this clause.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before December 19, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB, *Secretary.*

[FR Doc.75-33638 Filed 12-12-75;8:45 am]

[Docket No. ER76-283]

OKLAHOMA GAS AND ELECTRIC CO.

Agreement

DECEMBER 8, 1975.

Take notice that on November 24, 1975, Oklahoma Gas and Electric Company (OG&E) tendered for filing an Agreement between it and Red River Valley Rural Electric Association, dated July 23, 1975, which provides for wholesale electric service at a new point of delivery, called the Wolfe Creek point.

OG&E states that this Agreement will be under its Standard Rural Electric Cooperative Rate Schedule, PN-2 which is its standard schedule for service to Rural Electric Cooperatives. OG&E also included a Fuel Cost Adjustment clause to conform to the requirements of § 35.14 of the Commission's Regulations as amended by Order No. 517.

OG&E requests an effective date of July 24, 1975, and that the notice requirement be waived to allow this date.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before December 19, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB, *Secretary.*

[FR Doc.75-33639 Filed 12-12-75;8:45 am]

[Docket No. CI73-617]

PIONEER PRODUCTION CORP.

Order Granting Petition for Special Relief

NOVEMBER 21, 1975.

On March 6, 1974, Pioneer Production Corporation (Pioneer) filed in Docket No. CI73-617 a petition for special relief from the Hugoton-Anadarko Area rate ceiling pursuant to Opinion No. 586[1] and § 1.7 (b) of the Commission's Rules of Practice and Procedure (18 CFR 1.7(b)) for a sale of natural gas to Northern Natural Gas Company (Northern) from the McQuiddy No. 1 and McQuiddy No. 2 wells located in Hemphill County, Texas.

Pioneer owns a 25% working interest in the McQuiddy No. 1 and No. 2 wells. By letter orders of August 30, 1973 and March 1, 1974, the Commission issued temporary certificates authorizing pioneer to sell its interest in the gas produced from the subject wells to Northern at the applicable area rate ceiling for new gas of 21.5 cents per Mcf pursuant to a gas sales contract dated February 27, 1973 and designated as Pioneer's FPC Gas Rate Schedule No. 43. In its petition for special relief Pioneer stated that the operator of the wells had entered into an agreement with a compression contractor for compression of the gas from the two wells in order that the gas could be delivered against the pressures in Northern's lines. Pioneer requested that the Commission grant it special relief from the area rate ceiling and allow Pioneer to collect either (a) 5 cents per Mcf for compression charges as provided by its contract with Northern, or (b) the amount actually incurred by Pioneer for compression charges.

Following the issuance of Opinion No. 699 and subsequent orders in Docket No. R-389-B, Pioneer filed for rate increases to the nationwide rate as established by Opinion No. 699-H for its sales from the subject wells to Northern. Subsequently, on June 2, 1975, Pioneer filed an amended petition for special relief in Docket No. CI73-617, seeking special relief from the nationwide rate, and again requesting that the Commission authorize Pioneer to collect either 5 cents per Mcf or the amounts actually incurred by Pioneer for compression charges. Pioneer avers that it cannot economically continue to absorb its compression costs and still maintain service.

Notice of Pioneer's petition for special relief was issued on March 14, 1974, and appeared in the Federal Register on March 21, 1974, at 39 FR 10666. No protests or petitions to intervene have been filed.

Pioneer's contract with Northern provides for Northern to pay 5 cents per Mcf to Pioneer in the event that Pioneer must compress the gas produced from the subject wells. Consequently, Pioneer is entitled to receive no more than 5 cents per Mcf for compression charges.

In seven previous special relief proceedings involving only expenditures for compression facilities,[2] we granted relief based on consideration of the incremental cost of compression and the additional reserves recoverable as a result thereof. In this proceeding Pioneer seeks similar relief, i.e., an increase in its current rate to correspond to the added expense of compression.

Based on its analysis of data submitted by Pioneer, Staff estimates that 103.869 Mcf remain to be produced as of July 1, 1975, and concludes that, based on the incremental cost of compression, Pioneer is entitled to collect 5 cents per Mcf for compression costs in addition to the national rate it is currently collecting. After a careful review of the costs to be incurred and the reserves to be recovered, we conclude that it is in the public interest to grant Pioneer's amended petition.[3]

The Commission orders. (A) Pioneer's amended petition for special relief filed June 2, 1975, is hereby granted.

(B) Pioneer is authorized to collect an additional 5.0 cents per Mcf at 14.65 psia, in addition to the national rate it is collecting pursuant to Opinion No. 699-H, for gas produced from the McQuiddy No. 1 and No. 2 wells, effective on the date that Pioneer files an appropriate notice of rate change filing pursuant to § 154.94 of the Commission's Regulations under the Natural Gas Act (18 CFR Section 154.94).

By the Commission.

[SEAL] KENNETH F. PLUMB, *Secretary.*

[FR Doc.75-33629 Filed 12-12-75;8:45 am]

[Docket No. CP75-306, etc.]

TEXAS EASTERN TRANSMISSION CORP., ET AL.

Texas Eastern Transmission Corp., Trunkline Gas Co. (Docket No. CP75-306); Texas Eastern Transmission Corp., United Gas Pipe Line Co., (Docket No. CP67-26); Texas Eastern Transmission Corp., (Docket No. CP73-297); Texas Eastern Transmission Corp., Tennessee Gas Pipeline Co., a Division of Tenneco, Inc. (Docket No. CP75-355); Texas Eastern Transmission Corp. (Docket No. G-6508).

Findings and Order After Statutory Hearing Consolidating Applications, Granting Permission and Approval To Abandon, Issuing Certificate of Public Convenience and Necessity, Amending Orders and Granting Interventions

NOVEMBER 21, 1975.

On April 15, 1975, Texas Eastern Transmission Corporation (Texas Eastern) filed in Docket No. CP75-306 an application pursuant to section 7(b) of the Natural Gas Act for permission and approval to abandon a portion of its interstate gas transmission facilities for the purpose of using such abandoned facilities in connection with the transportation of petroleum products.

In order to implement the proposed pipeline conversion, Texas Eastern, in conjunction with several other interstate pipelines, has filed four related applications requesting exchange and/or construction authorization to enable Texas Eastern to continue service from existing sources of gas supply or exchange gas now connected to its Provident City—Beaumont line proposed to be abandoned in Docket No. CP75-306.

Texas Eastern requests authorization in Docket No. CP75-306 to abandon approximately 202 miles of its Provident City—Beaumont pipeline along with 6,200 horsepower of compression at two compressor stations located along said pipeline. Texas Eastern states that after grant of abandonment it will transfer the Provident City—Beaumont line to its Products Pipeline Division for use as a common carrier of petroleum products. Texas Eastern intends to reconnect gas supplies currently being transported through its Provident City—Beaumont line by reconnection to Texas Eastern's parallel 30-inch McAllen pipeline or connection to the systems of other interstate pipeline companies with whom it proposes to engage in exchange arrangements. Texas Eastern proposes to charge the total cost of such reconnections, estimated at $605,000, to its Products Pipeline Division and will not include such costs in Texas Eastern's rate base. Texas Eastern further proposes to remove the net depreciated cost of the facilities to be abandoned from its gas plant in service account and transfer such costs to its Products Pipeline Division.[1]

To implement the proposed reallocation of existing gas supply along the pipeline to be abandoned in Docket No. CP 75-306 the following applications and amendments have been filed.

1. On June 4, 1975, Texas Eastern and Tennessee Gas Pipeline Company, a Division of Tenneco, Inc. (Tennessee) filed in Docket No. CP75-355 a joint application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity to construct and operate interconnections on three of Tennessee's pipelines, the 6-inch Nader pipeline in Colorado County, Texas, the 6-inch Bonus-Frnka pipeline in Wharton County, Texas, and the 30-inch No. 1 pipeline in Wharton County, Texas. Applicants state that the facilities to be constructed (1.88 miles of 3-inch pipeline, valves and taps) would consist of three interconnections that would be connected to five existing sources of gas supply. Texas Eastern proposes to deliver to Tennessee approximately 550 Mcf of gas per day at the proposed taps under an existing exchange agreement on an Mcf-for-Mcf basis as authorized by the certificate issued in Docket No. CP63-177 on March 18, 1963, as amended February 7, 1974. Tennessee would redeliver an equal volume of gas at existing points of interconnection that are mutually agreeable.

Volumes to be delivered and redelivered are limited to 1,500 Mcf per day. The estimated cost of the facilities is $257,321 which would be borne by Texas Eastern's Products Pipeline Division as part of the cost of conversion of the Provident City—Beaumont pipeline to common carrier products service.

2. On June 6, 1975, Texas Eastern filed in Docket No. CP73-297 a petition to amend the order of the Commission issued December 10, 1973, as amended August 23, 1974, to authorize the construction and operation of additional facilities for the previously authorized exchange of gas with Natural Gas Pipeline Company of America (Natural). Texas Eastern states that pursuant to an agreement with Natural dated November 17, 1972, as amended February 6, 1974, and December 3, 1974, Natural delivers gas to Texas Eastern at a point near Texas Eastern's 16-inch Provident City-Beaumont pipeline and that Texas Eastern redelivers an equivalent volume at the intersection of Natural's 12-inch Chocolate Bayou Lateral and Texas Eastern's 30-inch McAllen Line in Brazoria County, Texas.

Texas Eastern proposes that the deliveries from Natural made at its Provident City-Beaumont pipeline delivery point (proposed to be abandoned in Docket No. CP75-306) be authorized to be made to Texas Eastern's Provident City-Blessing 24-inch pipeline in Lavaca County, Texas. To effectuate the proposed change, Texas Eastern proposes to construct and operate 2.5 miles of 3-inch pipeline, a tap and a valve at an estimated cost to the Products Pipeline Division of $156,150.

3. On June 3, 1975, Texas Eastern and Trunkline Gas Company (Trunkline)

[1] 44 F.P.C. 761 (1970).

[2] Barnwell, Inc., Docket No. CI72-654 (issued August 2, 1973); Petro-Lewis Corp., Docket No. RI74-43 (issued January 10, 1974) Texas Pacific Oil Co., Docket No. RI74-49 (issued January 10, 1974); Mapco, Inc., Docket No. RI74-123 (issued February 7, 1974); T. L. Nutt, Docket No. RI74-78 (issued March 18, 1974); Suburban Propane Corp., Docket No. RI74-111 (issued April 4, 1974); American Petrofina Company of Texas (Operator), *et al.*, Docket No. RI75-17, RI75-19, (issued March 3, 1975).

[3] The rate increase that we herein authorize Pioneer to collect does not take into account any effect on Pioneer's tax liability resulting from the repeal of the percentage depletion allowance by the Tax Reduction Act of 1975.

[1] Texas Eastern states that the total gross amount of investment attributable to the facilities proposed to be abandoned is $13,183,700, and indicates that removal of the net depreciated cost of the facilities from its gas plant in service account will result in a reduction in Texas Eastern's net rate base of $2,831,900.

V40241 DEC 15 75 XUM

filed in Docket No. G–6508 a joint petition to amend further the order issued on January 3, 1956, as amended June 1, 1970, in said docket by deleting therefrom authorization to exchange natural gas and operate facilities therefor at an interconnection of their pipelines in Wharton County, Texas. Petitioners have agreed to delete the Wharton exchange point from their exchange agreement while agreeing that in all other respects the exchange agreement will remain unchanged. Petitioners state that the subject exchange point is on the pipeline proposed to be abandoned in Docket No. CP75–306 and that because of depletion of gas it has been inactive for a number of years. Petitioners propose to continue their exchange agreement using the remaining authorized delivery points.

4. On June 26, 1975, Texas Eastern and United Gas Pipe Line Company (United) filed in Docket No. CP67–26 a joint petition to amend the order of the Commission issued on July 22, 1969, as amended, by deleting therefrom authorization to exchange natural gas at an authorized exchange point near Beaumont, Jefferson County, Texas. The petition states that although Petitioners are authorized to exchange gas at a point near Beaumont, that permission and approval to abandon facilities were granted United by the Commission on August 14, 1970, in Docket No. CP70–103 (44 FPC 292). United no longer has facilities at the authorized point of exchange and said point is included in that portion of Texas Eastern's system proposed to be abandoned in Docket No. CP75–306.

In order to convert its existing natural gas pipeline into products transportation service Texas Eastern proposes in Docket No. CP75–306 to abandon the following facilities:

(1) 16.21 miles of 16-inch pipeline No. 23, looping the Wilcox Trend pipeline No. 21, terminating at the Provident City junction, located in Lavaca County Texas;

(2) 109.05 miles of 16-inch pipeline No. 5, Provident City to Baytown, located in Lavaca, Colorado, Wharton, Fort Bend, Galveston and Harris Counties, Texas;

(3) 61.58 miles of 20-inch pipeline No. 8, Baytown to Beaumont, located in Harris, Chambers, and Jefferson Counties, Texas;

(4) 2,200 H.P. Booth Compressor Station located on the 16-inch pipeline No. 5 in Fort Bend County, Texas;

(5) 4,000 H.P. Hankamer Compressor Station (Station B) located on the 20-inch pipeline No. 8 in Chambers County, Texas; and

(6) 15.6 miles of gathering line and miscellaneous facilities.

In order to reconnect existing sources of supply, Texas Eastern proposes the following changes be made on its system:

(1) On the 16-inch line No. 23 loop west of Provident City reconnect the 6-inch Salem, 8-inch North Morales, and Blohm Laterals to the 16-inch line No. 21;

(2) On the 16-inch line No. 5, Provident City to Baytown;

(a) Gas supply sources, M&R 581, 1647, 1515, 1611, 1656, will be reconnected to the system of Tennessee for exchange.[3]

(b) Relocate a delivery of gas (M&R 1633) made for the account of Natural Gas Pipeline Company of America for exchange.[4]

(c) Eliminate an exchange interconnection with Trunkline. Applicant states that this small volume exchange point has been inactive for some time and that Trunkline has agreed that any future use of this exchange location is doubtful.[5]

(3) On the 20-inch line No. 8, Baytown to Beaumont:

(a) Reconnect supply sources 207, 210, 393, 233, 228 to the 30-inch McAllen pipeline No. 16;

(b) Eliminate the exchange point M&R 076, for exchange deliveries to United. Applicant states that this small volume exchange point has been inactive for some time and that United has agreed that any future use of this exchange location is doubtful.[6]

Texas Eastern asserts that its proposed abandonment and consequent conversion of the subject facilities are justified by the perceived benefit of gas customers from the optimization of available capacity, by reduction in the cost of service with no effect on the level of service to existing gas customers, and by the perceived benefit to the markets served by the products pipeline.

The application by Texas Eastern in Docket No. CP75–306 was noticed on April 25, 1975, with protests or petitions to intervene due by May 16, 1975. A petition for leave to intervene was filed by Natural Gas Pipeline Company of America (Natural) on May 16 and on May 19 a late petition to intervene was filed by Public Service Electric and Gas Company (Public Service).

The application by Texas Eastern in Docket No. CP73–297 was noticed on June 17, 1975, with protests or petitions to intervene due by July 7, 1975. On June 27 Natural filed a petition for leave to intervene in Docket Nos. CP73–297 and CP75–306 in support of both applications.

The applications in Docket Nos. G–6508, CP67–26 and CP75–355 were noticed on June 19, July 7, and June 20, 1975, respectively. No petitions to intervene or notices of intervention have been filed in said dockets.

On July 7, 1975, Texas Eastern filed a motion for consolidation and request for expeditious action in Docket Nos. CP75–306, CP75–355, CP73–297, G–6508 and CP67–26. Texas Eastern submits consolidation is appropriate inasmuch as the authorizations sought in these applications are related to, and necessitated only by the abandonment application in Docket No. CP75–306. The motion further urges expedited hearing and determination in these hearings to allow the midwestern and northeastern market served by Texas Eastern's Products Pipeline to benefit by conversion by the 1975–76 heating season. On July 11, 1975, Tennessee filed a motion in support of consolidation and expeditious action.

On September 17, 1975, Texas Eastern filed a motion pursuant to the provisions of Section 1.17 of the Commission's Rules of Practice and Procedure, for expedited consideration and decision on its application in Docket No. CP75–306 or alternatively for interim authorization to convert 61.58 miles of 20-inch pipeline and related facilities to liquid transportation service pending hearings on its application. In support of its motion, Texas Eastern alleges that grant of abandonment and conversion by early to mid-October 1975 will make the Btu equivalent of more than 200,000 Mcf of gas per day available to energy users in the Midwest and Northeast during the 1975–76 heating season while resulting in no reduction in level of natural gas deliveries. The motion alleges that the Commission's Uniform System of Account (Paragraph 5F of Gas Plant Instructions 1, Chap. 1, 18 CFR § 201) requires that the pipeline be transferred at its depreciated original cost and that by following this procedure there will result a reduction in Texas Eastern's cost of service and consequently its rates. Texas Eastern estimates that 18 months would be required for it to acquire the necessary right-of-way and construct new facilities to provide capacity equal to that of the proposed pipeline after conversion.

Alternatively, Texas Eastern requests that the Commission issue an order on an interim basis and pending final decision, authorization to convert to liquid transportation service 61.59 miles of 20-inch pipeline from Baytown to Beaumont. Texas Eastern states that this will provide 50,000 barrels per day capacity from the Houston-Baytown-Texas City

[3] Authorization for such exchange sought in application filed in Docket No. CP75–355.

[4] Amendment to existing authorization sought in Docket No. CP73–297.

[5] Amendment to existing authorization sought in Docket No. G–6508.

[6] Amendment to existing authorization sought in Docket No. CP76–26.

[7] Texas Eastern's Products Pipeline Division operates a 3,263 mile common carrier products pipeline system transporting refined petroleum products. The main line of the products system extends from Beaumont, Texas to Lebanon, Ohio. The pipeline to be abandoned in Docket No. CP75–306 is proposed to be utilized as a common carrier to transport petroleum products from refineries and other sources of supply in the Texas Gulf Coast area (including the Houston, Baytown-Texas City refinery complex area) to Texas Eastern's Beaumont terminal for further transportation to the Midwestern and Northeastern markets. The requested conversion will make an additional 50,000 barrels per day capacity available to transport petroleum products. The Btu equivalent of 50,000 barrels of No. 2 fuel oil is approximately 300,000 Mcf per day of 1,000 Btu gas while 50,000 barrels of butane is equivalent to approximately 222,000 Mcf of gas and 50,000 barrels of butane is equivalent to approximately 190,000 Mcf of gas.

refinery area for deliveries to the Midwest and Northeast.[7]

Due to the interrelated nature of the applications in Docket Nos. G–6508, CP67–26, CP73–297, CP75–355 and CP75–306 it is appropriate to consolidate said filings.

The record indicates that there is only approximately 6,400 Mcf of gas per day available to Texas Eastern's 16 and 20-inch Provident City-Beaumont pipeline. Of this volume, 600 Mcf of gas per day can be reconnected to adjacent pipelines through exchange arrangements with other pipeline companies. The remaining 5,800 Mcf of gas per day can be reconnected to Texas Eastern's parallel 30-inch McAllen pipeline. It appears that Texas Eastern's 30-inch McAllen line has sufficient excess capacity to accommodate this volume of gas as well as other gas supplies which may be developed adjacent to those lines.

Since gas service will continue after abandonment of the Provident City-Beaumont pipeline without impairing natural gas service we will authorize abandonment and the related certificate applications at this time to allow Texas Eastern to convert said line to transport much needed petroleum products to the Midwestern and Northeastern markets for the 1975–76 heating season. We do so, however, on a conditional basis reserving the issues of appropriate transfer value and proper accounting procedure for later determination.

This Commission has the authority to require a transfer at a price other than net undepreciated original cost.[8] The Uniform Systems of Accounts does not require transfer of the Provident City-Beaumont pipeline at its depreciated original cost. The Uniform Systems of Accounts is but an instrument to be used by the Commission in meeting its statutory obligation of granting abandonment only when and under such conditions that the public convenience or necessity is served. We therefore put Texas Eastern on notice that we reserve the issues of proper transfer value and accounting.[9] We may ultimately find that Texas Eastern's proposed transfer value is proper and so order or that transfer should be made at some value above or below net undepreciated book value. Similarly we may authorize Texas Eastern's proposed accounting for said transfer or find that some different accounting procedure is necessary such as one which might flow any transfer value in excess of net undepreciated book value to the natural gas consumer.

At a hearing held on November 12, 1975, the Commission on its own motion received and made a part of the record in this proceeding all evidence, including the application and exhibits thereto, submitted in support of the authorization sought herein, and upon consideration of the record,

The Commission finds: (1) It is necessary and appropriate that the applications in Docket Nos. G–6508, CP67–26, CP73–297, CP75–355 and CP75–306 should be consolidated.

(2) Participation by Natural Gas Pipeline Company of America and Public Service Electric and Gas Company in this proceeding may be in the public interest.

(3) Applicants, Texas Eastern Transmission Corporation, Trunkline Gas Company, United Gas Pipe Line Company, and Tennessee Gas Pipeline Company, a Division of Tenneco, Inc. are "natural-gas companies" within the meaning of the Natural Gas Act.

(4) The facilities hereinbefore described, as more fully described in the application, are used in the transportation and sale of natural gas in interstate commerce subject to the jurisdiction of the Commission, and the abandonment thereof is subject to the requirements of Subsection (b) of section 7 of the Natural Gas Act.

(5) The abandonment proposed by Applicants are permitted by the public convenience or necessary and should be approved as hereinafter ordered.

(6) The proposed facilities hereinbefore described, as more fully described in the application in this proceeding, are to be used in the transportation of natural gas in interstate commerce subject to the jurisdiction of the Commission, and the construction and operation thereof by Applicants are subject to the requirements of subsections (c) and (e) of section 7 of the Natural Gas Act.

(7) Applicants are able and willing properly to do the acts and to perform the service proposed and to conform to the provisions of the Natural Gas Act and the requirements, rules and regulations of the Commission thereunder.

(8) The construction and operation of facilities by Applicants are required by the public convenience and necessity and certificates therefor should be issued as hereinafter ordered and conditioned.

(9) It is necessary and appropriate to require Texas Eastern to file a separate accounting proposal within six months after abandonment, which proposal shall require Commission approval.

The Commission orders. (A) Certificates of public convenience and necessity are issued authorizing Applicants in Docket Nos. CP75–355 and CP75–306 to construct and operate the proposed facilities as hereinbefore described, all as more fully described in the application in this proceeding, upon the terms and conditions of this order.

(B) The certificates issued by paragraph (A) above and the rights granted thereunder are conditioned upon Applicants' compliance with all applicable Commission regulations under the Natural Gas Act and particularly the general terms and conditions set forth in paragraphs (a), (c)(3), (c)(4), (e), (f) and (g) of § 157.20 of such Regulations.

(C) The facilities authorized by paragraph (a) above shall be constructed and placed in actual operation, as provided by paragraph (b) of § 157.20 of the Regulations under the Natural Gas Act, within one year of the date of this order.

(D) The orders issued in Docket Nos. G–6508 and CP67–26 are further amended by allowing abandonment of the facilities and service hereinbefore described, all as more fuly described in the applications in this proceeding. In all other respects said orders shall remain in full force and effect.

(e) Permission for and approval of the abandonment by Applicant of the facilities in Docket No. CP75–306 hereinbefore described, as more fully described in the application are granted subject to Applicant's filing a separate accounting proposal within six months after abandonment, which proposal shall require Commission approval.

(f) The order issuing a certificate of public convenience and necessity in Docket No. CP73–297 is further amended authorizing the construction and operation of additional facilities as hereinbefore described, all as more fully described in the application. In all other respects said order shall remain in full force and effect.

(G) Texas Eastern shall notify the Commission of its acceptance of a certificate of public convenience and necessity and abandonment authorization as conditioned in Docket No. CP75–306 within 30 days. Applicants shall advise the Commission of the dates of abandonment within 10 days thereof.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[FR Doc.75–33630 Filed 12–12–75;8:45 am]

[8] Plant Instruction No. 5 of the Commission's Uniform System of Accounts provides that when gas plant constituting an operating unit or system is sold, the difference between the net undepreciated book value of the property sold and the consideration received should be recorded in Account 421.1, Gain on Disposition of Property, *unless otherwise ordered by the Commission.* (Emphasis added) There is nothing in the Uniform System of Accounts which prohibits a transfer at a value in excess of net undepreciated book value of the property. In fact if the Commission deemed it appropriate the Commission could "otherwise order" that the difference between the net undepreciated book value of the line and a transfer value in excess of that be treated as, in effect, a reduction in expense to Texas Eastern's gas customers.

[9] In an order issued in Florida Gas Transmission Company, Docket No. CP74–192 on February 10, 1975, we ordered a formal hearing to develop a record, *inter alia*, regarding: "the full cost of the proposed products pipeline, including necessary conversion costs, as compared to the full cost of a new such pipeline, in order to determine the propriety of the sale to an affiliate company at depreciated original cost of jurisdictional facility for conversion to a non-jurisdictional use; . . .".

[Docket No. ER76–269]

UNION ELECTRIC CO.

Letter Agreement

DECEMBER 8, 1975.

Take notice that on November 20, 1975, Union Electric Company (Union) ten-

V40241 DEC 15 75 XUM

dered for filing a letter Agreement dated September 24, 1975, between Union and Associated Electric Cooperative, Inc. (Associated). Union states the Agreement modifies the provisions of the Interchange Agreement dated March 27, 1968, between Associated and Union by providing for a new delivery point between the parties and establishing charges to be paid for use of Union's facilities.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8 and 1.10). All such petitions or protests should be filed on or before December 19, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[FR Doc.75-33640 Filed 12-12-75;8:45 am]

[Docket No. ER76-295]

UNITED ILLUMINATING CO.

Termination

DECEMBER 8, 1975.

Take notice that on November 26, 1975, the United Illuminating Company (the Company) filed a notice that the initial rate schedule submitted to the Commission on September 12, 1975 by the Company (Docket No. ER76-120) providing for the sale of power by the Company to the City of Holyoke, Massachusetts Gas and Electric Department (Holyoke) pursuant to a contract dated as of August 1, 1975, (the Contract) has terminated by its own terms effective October 31, 1975.

The Company states that the reason for the termination is that the Contract, by Paragraph 2 thereof, provided that it would "expire at 11:59 P.M. on the date prior to the effective date of that certain Agreement" pursuant to which Holyoke would purchase a joint ownership interest in the Company's New Haven Harbor Station Unit No. 1 (the Unit). The Contract was limited to the wholesale sale of electric energy for the brief period of time commencing with the commercial operation of the Unit and ending when Holyoke could complete its financing program to enable it to purchase a joint ownership share in the Unit. Holyoke completed its financing program by the sale of revenue bonds on October 29, 1975 and purchased a joint ownership share in the Unit on November 1, 1975.

The Company requests that the Commission order this notice be effective as of October 31, 1975.

A copy of this notice has been mailed to the City of Holyoke, Massachusetts Gas and Electric Department.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before December 17, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[Docket Nos. RI76-73 and RI76-74]

MARATHON OIL CO. ET AL.

Hearing on and Suspension of Proposed Changes in Rates, and Allowing Rate Changes To Become Effective Subject to Refund [1]

DECEMBER 5, 1975.

Respondents have filed proposed changes in rates and charges for jurisdictional sales of natural gas, as set forth in Appendix A hereof.

The proposed changed rates and charges may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is in the public interest and consistent with the Natural Gas Act that the Commission enter upon hearings regarding the lawfulness of the proposed changes, and that the supplements herein be suspended and their use be deferred as ordered below.

The Commission orders: (A) Under the Natural Gas Act, particularly Sections 4 and 15, the Regulations pertaining thereto [18 CFR, Chapter I], and the Commission's Rules of Practice and Procedure, public hearings shall be held concerning the lawfulness of the proposed changes.

(B) Pending hearings and decisions thereon, the rate supplements herein are suspended and their use deferred until date shown in the "Date Suspended Until" column. Each of these supplements shall become effective, subject to refund, as of the expiration of the suspension period without any further action by the Respondent or by the Commission. Each Respondent shall comply with the refunding procedure required by the Natural Gas Act and Section 154.102 of the Regulations thereunder.

(C) Unless otherwise ordered by the Commission, neither the suspended supplements, nor the rate schedules sought to be altered, shall be changed until disposition of these proceedings or expiration of the suspension period, whichever is earlier.

By the Commission.

[SEAL] KENNETH F. PLUMB,
Secretary.

[1] Does not consolidate for hearing or dispose of the several matters herein.

[2] Unless otherwise stated, the pressure base is 15.025 lb/in²a.
[3] Subject to British thermal unit adjustment.
[4] Includes previously allowed double tax in order to recoup past taxes.
[5] Not used.
[6] Corrects filing submitted Aug. 29, 1975, which was suspended until Apr. 1, 1976, in Docket No. RI76-30.
[7] Not used.
[8] Unless otherwise stated, the rate shown is the total rate, inclusive of any applicable British thermal unit adjustment and tax.

Texaco's proposed rate filing corrects a previously filed increase which was suspended for five months until April 1, 1976 in Docket No. RI76-30. This filing reflects a reduction in the rates originally requested. However, these rates and the original rates both exceed the applicable Opinion No. 658 are ceiling rate and the corrected filing is suspended until April 1, 1976 in the existing proceeding in Docket No. RI76-30.

The remaining proposed rate increases exceed the applicable area ceiling rate established in Opinion No. 658 and are suspended for five months.

[Docket Nos. RI76-66, et al.]

TEXACO INC. ET AL.

Hearing on and Suspension of Proposed Changes in Rates, and Allowing Rate Changes To Become Effective Subject to Refund [1]

NOVEMBER 21, 1975.

Respondents have filed proposed changes in rates and charges for jurisdictional sales of natural gas, as set forth in Appendix A hereof.

The proposed changed rates and charges may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is in the public interest and consistent with the Natural Gas Act that the Commission enter upon hearings regarding the lawfulness of the proposed changes, and that the supplements herein be suspended and their use be deferred as ordered below.

The Commission orders: (A) Under the Natural Gas Act, particularly Sections 4 and 15, the Regulations pertaining thereto [18 CFR, Chapter I], and the Commission's Rules of Practice and Procedure, public hearings shall be held concerning the lawfulness of the proposed changes.

(B) Pending hearings and decisions thereon, the rate supplements herein are suspended and their use deferred until date shown in the "Date Suspended Until" column. Each of these supplements shall become effective, subject to refund, as of the expiration of the suspension period without any further action by the Respondent or by the Commission. Each Respondent shall comply with the refunding procedure required by the Natural Gas Act and Section 154.102 of the Regulations thereunder.

(C) Unless otherwise ordered by the Commission, neither the suspended supplements, nor the rate schedules sought to be altered, shall be changed until disposition of these proceedings or expiration of the suspension period, whichever is earlier.

By the Commission.

The proposed increases for production from wells which are subject to Opinion No. 699, as amended, contained in Supplement Nos. 25 and 21 to Amoco's Rate Schedule Nos. 193 and 233, respectively, reflect the 1.0¢ increase in the base national rate effective January 1, 1976, as provided by Section 2.56(a)(3) of Opinion No. 699–H, and they are accepted to be effective on January 1, 1976.

The other rate increases exceed the applicable area ceiling established in Opinion No. 658 and they are suspended for five months.

[FR Doc.75–33593 Filed 12–12–75;8:45 am]

[Docket Nos. AR61–2; AR69–1, *et al.* Docket Nos. RP67–10; RP69–41]

TEXAS GAS TRANSMISSION CORP.

Proposed Refund Plan

DECEMBER 4, 1975.

Take notice that on November 20, 1975, Texas Gas Transmission Corporation (Texas Gas) tendered for filing its proposed plan for the flow-through of refunds received from producers pursuant to Opinion No. 598 in Docket Nos. AR61–2 and AR69–1, *et al.* Texas Gas states that the refunds, totaling $200,453, are applicable to gas purchases from various producers[1] during the period October 1, 1968 to January 11, 1970 in Docket No. RP–67–10 and the period January 12, 1970 to December 31, 1970 in Docket No. RP69–41. Texas Gas proposes to flow-through these refunds by crediting the balance in its Purchase Gas Cost Clearing Account pursuant to Section 23.10(c) of its FPC Gas Tariff, Third Revised Volume No. 1.

Texas Gas states that a copy of this filing was sent to all its jurisdictional customers.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with Sections 1.8 and 1.10 of the Commission's rules of practice and procedure. All such petitions or protests should be filed on or before December 18, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[1] See Appendix A for a list of companies receiving refunds.

FEDERAL RESERVE SYSTEM

FEDERAL OPEN MARKET COMMITTEE

Domestic Policy Directive

In accordance with § 271.5 of its rules regarding availability of information, there is set forth below the Committee's Domestic Policy Directive issued at its meeting held on October 21, 1975.[1]

The information reviewed at this meeting suggests that output of goods and services—which had turned up in the second quarter—increased sharply further in the third quarter. In recent months retail sales have been maintained at the higher levels reached in early summer, and industrial production has strengthened progressively. Nonfarm payroll employment continued to expand in September, and the unemployment rate edged down from 8.4 to 8.3 percent. In September, as in August, average wholesale prices of industrial commodities rose somewhat faster than earlier in the year, in part because of increases in prices of energy products; prices of farm and food products rose sharply in September. The advance in average wage rates in recent months has remained somewhat less rapid than in 1974 and early 1975.

After rising further in late September, the exchange value of the dollar against leading foreign currencies has declined to about its mid-September level. In August the U.S. foreign trade surplus increased as agricultural exports rose. Bank-reported private capital movements showed a further net inflow, while U.S. liabilities to foreign official agencies declined again.

M_1 rose slightly on the average in September but declined in the latter part of the month and in early October. From the second to the third quarter, however, M_1 grew at a 6.9 per cent annual rate. Inflows of consumer-type time and savings deposits to banks and to nonbank thrift institutions continued to moderate in September, reflecting in part the attractiveness of alternative investments, and growth in M_2 and M_3 slowed further. Although conditions in markets for State and local government securities continued to be adversely affected by New York's financial problems, most short- and long-term interest rates have declined in recent weeks. On October 15 the Board of Governors announced a reduction of member bank reserve requirements on long-term time deposits.

In light of the foregoing developments, it is the policy of the Federal Open Market Committee to foster financial conditions that will encourage continued economic recovery, while resisting inflationary pressures and contributing to a sustainable pattern of international transactions.

To implement this policy, while taking account of developments in domestic and international financial markets, the Committee seeks to achieve bank reserve and money market conditions consistent with moderate growth in monetary aggregates over the months ahead.

By order of the Federal Open Market Committee, December 9, 1975.

ARTHUR L. BROIDA,
Secretary.

[1] The Record of Policy Actions of the Committee for the meeting of October 21, 1975, is filed as part of the original document. Copies are available on request to the Board of Governors of the Federal Reserve System, Washington, D.C. 20551.

[FR Doc.75–33681 Filed 12–12–75;8:45 am]

INDEPENDENT FINANCIAL, LTD.

Formation of Bank Holding Company

Independent Financial, Ltd., Brown Deer, Wisconsin, has applied for the Board's approval under section 3(a)(1) of the Bank Holding Company Act (12 U.S.C. 1842(a)(1)) to become a bank holding company through acquisition of 80 per cent of more of the voting shares of The Brown Deer Bank, Brown Deer, Wisconsin. The factors that are considered in acting on the application are set forth in section 3(c) of the Act (12 U.S.C. 1842(c)).

The application may be inspected at the office of the Board of Governors or at the Federal Reserve Bank of Chicago. Any person wishing to comment on the application should submit views in writing to the Reserve Bank, to be received not later than December 29, 1975.

Board of Governors of the Federal Reserve System, December 4, 1975.

[SEAL] GRIFFITH L. GARWOOD,
Assistant Secretary of the Board.

INTERIM COMPLIANCE PANEL (COAL MINE HEALTH AND SAFETY)

APPLICATIONS FOR RENEWAL PERMITS, ELECTRIC FACE EQUIPMENT STANDARD

Opportunity for Public Hearing

Applications for Renewal Permits for Noncompliance with the Electric Face Equipment Standard prescribed by the Federal Coal Mine Health and Safety Act of 1969 have been received for items of equipment in underground coal mines as follows:

ICP Docket No. 4195–000, DILSTON CORPORATION, Mine No. 3, Mine ID No. 15 01549 0, Grundy, Virginia, ICP Permit No. 4195–004—R–2 (Bailey 4-Wheel Tractor, I.D. No. 4), ICP Permit No. 4195–007—R–2 (Bailey 4-Wheel Tractor, I.D. No. 7).

In accordance with the provisions of § 504.7(b) of Title 30, Code of Federal Regulations, notice is hereby given that

V 40 241 DEC 15 75 XUM

requests for public hearing as to an application for a renewal permit may be filed within 15 days after publication of this notice. Requests for public hearing must be filed in accordance with 30 CFR Part 505 (35 FR 11296, July 15, 1970), as amended, copies of which may be obtained from the Panel upon request.

A copy of each application is available for inspection and requests for public hearing may be filed in the office of the Correspondence Control Officer, Interim Compliance Panel, Room 800, 1730 K Street NW., Washington, D.C. 20006.

GEORGE A. HORNBECK,
Chairman, Interim Compliance Panel.

DECEMBER 5, 1975.

INTERNATIONAL JOINT COMMISSION—UNITED STATES AND CANADA

ROSEAU RIVER DRAINAGE

Public Hearings

The International Joint Commission, a permanent Canada and United States body established under the Boundary Waters Treaty of 1909, will hold public hearings on the Main Report of the International Roseau River Engineering Board at the times and places noted below.

The studies were made pursuant to a Reference from the two Governments dated January 16, 1929. The original Reference had not been fully reported upon by the Commission in its Interim Report dated June 8, 1929, and no final report was made. Various measures for land drainage and flood control had been undertaken independently by the two countries in the years between the Commission's Interim Report and the reconstitution of the present Board in the summer of 1971.

Therefore, on August 26, 1971, the Commission directed the Board to determine:

(a) The effect of the control works set in place along the river since 1929;

(b) What co-ordinated plan or plans could provide effective use and control of the water;

(c) What the effects of the plan or plans would be on the environment and on flood flows in both the Roseau and Red Rivers;

(d) What additional works and/or measures would be required by these plans, what their cost would be and how the costs should be allocated between the two countries.

The purpose of these public hearings is to receive the views and advice of the public on the Board's report to assist the Commission in preparation of its final report to the Governments of Canada and the United States on the Reference. The hearings are international in nature and irrespective of the location in which they are held, the citizens of both the United States and Canada are invited to attend and participate.

Anyone wishing to present views on the substance of the report, either on his own behalf or as a representative of others, will be given an opportunity to do so. Statements may be given orally or in writing. Allocation of time may be required for oral statements; therefore, witnesses should be prepared to summarize written statements. Written statements may be of any length. If written statements are submitted, it is requested that, if possible, thirty (30) copies be provided for the Commission's use. Additional copies may be deposited with the Secretaries for representatives of the news media and others present. Also, where possible, advance notice of persons or parties wishing to make a statement would be appreciated by the Commission.

Copies of the report may be obtained from the Secretaries of the Commission or from:

Mr. P. A. Fischer, U.S. Army Corps of Engineers, 1135 U.S. Post Office and Custom House, St. Paul, Minnesota 55101.

TIMES AND PLACES OF HEARINGS

2:00 p.m., January 13, 1976, Municipal Auditorium, Roseau, Minnesota.

W. A. Bullard, Secretary, U.S. Section, International Joint Commission, Room 200, 1717 H Street NW., Washington, D.C. 20440, Stop 86, Telephone: 202/296-2142.

11:00 a.m., January 14, 1976, Community Centre, Dominion City, Manitoba.

D. G. Chance, Secretary, Canadian Section, International Joint Commission, Room 850, 151 Slater Street, Ottawa, Ontario, K1P 5H3, Telephone: 613/992-2945.

WILLIAM A. BULLARD,
Secretary, U.S. Section, International Joint Commission.

D. G. CHANCE,
Secretary, Canadian Section, International Joint Commission.

DECEMBER 11, 1975.

[FR Doc.75-33879 Filed 12-12-75;8:45 am]

INTERNATIONAL TRADE COMMISSION

[No. 337-TA-5]

CHAIN DOOR LOCKS

Notice of Prehearing Conference

Notice is hereby given that the United States International Trade Commission will hold a prehearing conference in connection with investigation No. 337-TA-5, Chain Door Locks, on Tuesday, January 6, 1976, at 10:00 a.m., EST, in Room 206 of the United States International Trade Commission Building, 701 E Street, Northwest, Washington, D.C. 20436.

The proposed agenda for the prehearing conference is: 1. Stipulation to proposed Commission Rules (40 FR 46173, Sept. 2, 1975) for this investigation, and to evidence of record.

2. The scope of a proposed additional hearing.

3. A proposed protective order (to be furnished prior to the prehearing conference) and distribution of material submitted in confidence to the parties.

4. Collection of additional economic data.

5. Discussion as to proposed witnesses.

6. Discussion of dates relevant to the hearing.

7. Any other matters mentioned in documents served in accordance with the paragraph below.

To include additional items on the prehearing conference agenda, each participant should serve written proposals on the presiding officer and all parties before December 30, 1975.

Parties with like interests will be grouped and a spokesman appointed for their common interests at the prehearing conference.

At the conference the participants should be prepared to discuss problems involved in the proceeding, procedural and substantive, and should be authorized to make commitments with respect thereto. Among the specific items to be discussed within the framework of the agenda listed above are: stipulations as to facts, authentication of documents, future procedural dates, including dates for the service of direct and rebuttal evidence, dates for trial briefs and dates for the hearing.

Failure to attend the prehearing conference may result in waiver of your right to receive data or to object to rules, dates, or procedure ordered at such conference, or object to stipulations entered into by the parties.

Issued: December 9, 1975.

[SEAL] MYRON R. RENICK,
Administrative Law Judge.

NUCLEAR REGULATORY COMMISSION

[Docket No. P-564-A]

PACIFIC GAS AND ELECTRIC CO.

Receipt of Partial Application for Construction Permits and Facility License: Time for Submission of Views on Antitrust Matters

Pacific Gas and Electric Company (the applicant), pursuant to section 103 of the Atomic Energy Act of 1954, as amended, has filed one part of an application, dated August 14, 1975, in connection with their plans to construct and operate two reactors in Stanislaus County, California. The portion of the application filed contains the information requested by the Attorney General for the purpose of an antitrust review of the application as set forth in 10 CFR Part 50, Appendix L.

The remaining portions of the application consisting of an Environmental Report and the Preliminary Safety Analysis Report (PSAR) pursuant to § 2.101 of Part 2, are expected to be filed in September 1976 and April 1977, respectively. Upon receipt of the remaining portions of the application dealing with radiological health and safety and environmental matters, separate notices of receipt will be published by the Commission including an appropriate notice of hearing.

A copy of the partial application will be available for public inspection at the Commission's Public Document Room, 1717 H Street, NW., Washington, D.C. 20555, and at the Local Public Document Room, Stanislaus County Free Library, 1500 I Street, Modesto, California 95345. Docket No. P-564-A has been assigned to the application and it should be referenced in any correspondence relating to it.

Any persons who wishes to have his views on the antitrust matters of the application presented to the Attorney General for consideration should submit such views to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Chief, Office of Antitrust and Indemnity, Office of Nuclear Reactor Regulation, on or before January 30, 1976.

Dated at Bethesda, Md., this 21st day of November 1975.

For the Nuclear Regulatory Commission.

A. SCHWENCER,
Chief, Light Water Reactors Branch 2-3, Division of Reactor Licensing.

[FR Doc.75-32094 Filed 11-28-75;8:45 am]

POWER AUTHORITY OF THE STATE OF NEW YORK

[Docket No. 50-549]

Receipt of Partial Application for Construction Permit and Facility License; Time for Submission of Views on Antitrust Matters

Power Authority of the State of New York (the applicant), pursuant to Section 103 of the Atomic Energy Act of 1954, as amended, has filed a part of an application dated July 25, 1975, in connection with their plans to construct and operate a reactor in Greene County, New York, Greene County Nuclear Power Plant (the facility), will be a pressurized water reactor designed for operation at 3600 thermal megawatts with a net electrical output of approximately 1273 megawatts. This portion of the application filed contains the information requested by the Attorney General for the purpose of an antitrust review of the application as set forth in 10 CFR Part 50, Appendix L.

In addition, the general information portion of the application and the Environmental Report were docketed on September 15, 1975, but without the full Preliminary Safety Analysis Report in accordance with 10 CFR 2.101. The Preliminary Safety Analysis Report was tendered but initially rejected and is expected to be re-submitted for docketing in the near future. A separate notice of receipt for this remaining portion will be published at that time. A notice of hearing is also being published separately dealing with radiological health and safety and environmental matters.

Copies of the individual portions of the application, as noted above, are available for public inspection at the Commission's Public Document Room, 1717 H Street NW., Washington, D.C. 20555, and at the Catskill Public Library, Franklin Street, Catskill, New York 12414.

Docket No. 50-549-A has been assigned to this antitrust portion of the application and it should be referenced in any corespondence relating to it. Any person who wishes to have his views on the antitrust matters of the application presented to the Attorney General for consideration should submit such views to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Chief, Office of Antitrust and Indemnity, Office of Nuclear Reactor Regulation, on or before February 6, 1976.

Dated at Bethesda, Maryland, this 19th day of November 1975.

For the Nuclear Regulatory Commission.

A. SCHWENCER,
Chief, Light Water Reactors Branch 2-3, Division of Reactor Licensing.

[FR Doc.75-32702 Filed 12-3-75;8:45 am]

[Docket No. 50-317]

BALTIMORE GAS AND ELECTRIC CO.

Notice of Issuance of Amendment to Facility Operating License

Notice is hereby given that the U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment No. 11 to Facility Operating License No. DPR-53, issued to Baltimore Gas and Electric Company (the licensee), which revised Technical Specifications for operation of the Calvert Cliffs Nuclear Power Plant Unit 1 (the facility) located in Calvert County, Maryland. The amendment was effective as of November 30, 1975.

The amendment incorporates an exemption from the requirements of Section III.D.3 of Appendix J of 10 CFR Part 50. It changes the Technical Specifications for the facility to extend the first retest interval of approximately 47% of the containment isolation valves until the next plant shutdown and cooldown following issuance of this amendment, but no later than December 30, 1975.

The application complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendment. The Commission also concluded that the granting of the exemption from the requirements of Section III.D.3 of Appendix J for the above-referenced test is authorized by law and will not endanger life or property or the common defense and security and is otherwise in the public interest. Prior public notice of this amendment is not required since the amendment does not involve a significant hazards consideration.

For further details with respect to this action, see (1) the application for amendment dated November 18, 1975, (2) the letter from the Director of the Nuclear Reactor Regulation to Baltimore Gas and Electric Company (issued concurrently with this Notice), (3) Amendment No. 11 to License No. DPR-53, with Change No. 10, and (4) the Commission's related Safety Evaluation. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street, NW., Washington, D.C., and at the Calvert County Library, Prince Frederick, Maryland 20678. A single copy of items (2), (3) and (4) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Reactor Licensing.

Dated at Bethesda, Maryland, this 4th day of December, 1975.

For the Nuclear Regulatory Commission.

DENNIS L. ZIEMANN,
Chief, Operating Reactors Branch No. 2, Division of Reactor Licensing.

[FR Doc.75-33686 Filed 12-12-75;8:45 am]

[Docket No. 50-298]

NEBRASKA PUBLIC POWER DISTRICT

Notice of Issuance of Amendment to Facility License

Notice is hereby given that the U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment No. 15 to Facility Operating License No. DPR-46, issued to the Nebraska Public Power District (the licensee), which revised Technical Specifications for operation of the Cooper Nuclear Station (the facility) located in Nemaha County, Nebraska. The amendment is effective as of its date of issuance.

This amendment revises the Administrative Controls Section of the Technical Specifications for the facility to change the record retention period (for principal maintenance activities and reportable occurrences) from "for the life of the plant" to "for at least five years" consistent with current requirements.

The application for the amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendment. Prior public notice of this amendment is not required since the amendment does not involve a significant hazards consideration.

For further details with respect to this action, see (1) the application for amendment dated September 9, 1975, (2) Amendment No. 15 to License No. DPR-46, with Change No. 18 and (3)

V40241 DEC 15 75 XUM

the Commission's concurrently issued Safety Evaluation. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street, NW., Washington, D.C. and at the Auburn Public Library, 1118–15th Street, Auburn, Nebraska 68305. A copy of items (2) and (3) may be obtained upon request addressed to the United States Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Reactor Licensing.

Dated at Bethesda, Maryland, this 2nd day of December, 1975.

For the Nuclear Regulatory Commission.

DENNIS L. ZIEMANN,
Chief, Operating Reactors Branch No. 2, Division of Reactor Licensing.

[FR Doc.75-33687 Filed 12-12-75;8:45 am]

[Docket No. 50-277]

PHILADELPHIA ELECTRIC CO., ET AL.

Notice of Issuance of Amendment to Facility Operating License

Notice is hereby given that the U.S. Nuclear Regulatory Commission (the Commission) has issued Amendment No. 15 to Facility Operating License No. DPR–44 issued to Philadelphia Electric Company, Public Service Electric & Gas Company, Delmarva Power and Light Company, and Atlantic City Electric Company, which revised Technical Specifications for operation of the Peach Bottom Atomic Power Station Unit 2, located in Peach Bottom, York County, Pennsylvania. The amendment is effective as of its date of issuance.

The amendment modifies the provisions in the Technical Specifications relating to Limiting Conditions for Operation associated with the Emergency Core Cooling System (ECCS) and Reactor Core Power Distribution Limits; and provides for modification of the ECCS to improve its performance in accordance with the licensees' application for amendment dated July 9, 1975.

The application for the amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations. The Commission has made appropriate findings as required by the Act and the Commission's rules and regulations in 10 CFR Chapter I, which are set forth in the license amendment. Notice of Proposed Issuance of Amendment to Facility Operating License in connection with this action was published in the FEDERAL REGISTER on August 18, 1975 (40 FR 34647). No request for a hearing or petition for leave to intervene was filed following notice of the proposed action.

For further details with respect to this action, see (1) the application for amendment dated July 9, 1975, September 10, October 30, November 7, 18 and 20, 1975, (2) Amendment No. 15 to License No. DPR–44, with Change No. 15, (3) the Commission's related Safety Evaluation, and (4) the Commission's Negative Declaration dated November 21, 1975 (which is also being published in the FEDERAL REGISTER) and associated Environmental Impact Appraisal. All of these items are available for public inspection at the Commission's Public Document Room, 1717 H Street, NW., Washington, D.C. and at the Martin Memorial Library, 159 E. Market Street, York, Pennsylvania 17401.

A copy of items (2) and (3) may be obtained upon request addressed to the U.S. Nuclear Regulatory Commission, Washington, D.C. 20555, Attention: Director, Division of Reactor Licensing.

Dated at Bethesda, Maryland, this 28th day of November, 1975.

For the Nuclear Regulatory Commission.

D. M. ELLIOTT,
Acting Chief Operating Reactors Branch No. 3 Division of Reactor Licensing.

[FR Doc.75-33688 Filed 12-12-75;8:45 am]

[Docket No. 50-277]

PHILADELPHIA ELECTRIC CO.

Negative Declaration

The U.S. Nuclear Regulatory Commission (the Commission) has reviewed a change to the Appendix A Technical Specifications of Facility Operating License DPR–44 as proposed by the licensee, Philadelphia Electric Company. This change would authorize the licensee to operate the Peach Bottom Atomic Power Station Unit 2 in York County, Pennsylvania, with certain revisions to the present limiting conditions for operation as specified in Appendix A of the referenced license. These revisions would result from implementing the Acceptance Criteria for the Emergency Core Cooling Systems for Light Water Power Reactors (ECCS) as specified in § 50.46 of Part 50 CFR. No revisions to the Environmental Technical Specifications (Appendix B) were requested in connection with the proposed action.

The proposed action would be carried out in conjunction with a planned shutdown for the purpose of correcting a channel box wear problem within the reactor core. The proposed ECCS action would result in a reduced power level of no more than 15 percent for no more than 12 months.

The Commission's Division of Reactor Licensing has evaluated the expected environmental impact of the proposed change. On the basis of this appraisal, the Commission has concluded that an environmental impact statement is not warranted for this particular action. There would be no environmental impact attributable to the proposed action other than those impacts described in the Commission's Final Environmental Statement for Peach Bottom, Units 2 and 3, issued April 1973. The environmental impact appraisal is available for public inspection at the Commission's Public Document Room, 1717 H Street, NW., Washington, D.C., and at the Martin Memorial Library, 159 East Market Street, York, Pennsylvania.

Dated at Rockville, Maryland, this 21st day of November 1975.

For the Nuclear Regulatory Commission.

GORDON K. DICKER,
Chief Environmental Projects Branch 2 Division of Reactor Licensing.

[FR Doc.75-33689 Filed 12-12-75;8:45 am]

[Docket No. 50-277]

PHILADELPHIA ELECTRIC CO.

Order for Modification of License

I. Philadelphia Electric Company (PECO or Licensee) is the holder of Facility Operating License No. DPR–44 which authorizes operation of Peach Bottom Atomic Power Station Unit 2 (Unit 2 or the Facility) at steady-state reactor core power levels not in excess of 3295 megawatts thermal (rated power). The Facility is a boiling water reactor (BWR) located at the Licensee's site in Peach Bottom, York County, Pennsylvania.

II. 1. On July 23, 1975, the Nuclear Regulatory Commission (the Commission) issued an "Order for Modification of License" (40 FR 32179 of July 31, 1975) which confirmed a plan for limited additional operation of the facility. As explained in the Order of July 23, 1975, the Facility's channel box wear, as indicated by the noise-to-signal ratio recorded by the traversing incore probe (TIP), had exceeded the threshold for remedial action. The remedial action, confirmed by the Order, limited operation of the facility at not more than 40 percent of rated core flow and with a maximum fuel bundle power of 3.35 MWt. In addition, the Order permitted operation up to full flow and power for a brief period of time needed to collect flow vibration data and to conduct fuel preconditioning. The Order further stipulated that the Licensee was to shutdown the facility following approximately 45 equivalent full flow days from June 21, 1975 unless within that period certain specified tests have been completed which demonstrated the efficacy of the 40% flow limit.

2. By letter dated October 24, 1975, the Licensee proposed a plan, previously discussed with the NRC staff, setting forth a course of remedial action, which would allow operation with flow rates above 40 percent of rated flow and maximum bundle power above 3.35 MWt. The plan would involve shutdown of the reactor and appropriate replacement of worn channel boxes and plugging of the core support plate bypass holes. The reactor was shutdown on October 31, 1975, for visual inspection of the channel boxes and the necessary repairs.

3. By its letter dated September 29, 1975, the Licensee provided details relating to the fuel channel inspection program and the installation of core bypass flow plugs in the lower core plate and supplied analyses to demonstrate the adequacy of the procedures for plug installation. Additionally, by its letter dated October 24, 1975, the Licensee referenced modifications previously approved and implemented at the Duane Arnold and Vermont Yankee reactors.

4. On November 4, 1975, the Commission issued an "Order for Modification of License" (40 FR 52671 November 11, 1975) that approved the repair program and authorized the installation of bypass hole plugs in the facility's lower core plate. As discussed in the November 4, 1975 Order, the NRC staff concluded that the plugs will reduce the vibration of the instrument thimbles caused by flow through the bypass holes. By telecon on November 18, 1975, Philadelphia Electric Company confirmed that the licensee's inspection and repair program was completed. The inspection program resulted in the rejection of 128 channel boxes with unacceptable wear as defined in the repair program. These channel boxes were replaced. Eighty-four channel boxes with indications of wear, but within the criteria of the repair program, were also replaced. Philadelphia Electric Company also confirmed that all flow bypass holes in the core plate were plugged.

5. By letters dated November 7,[1] 18, and 20, 1975, the licensee provided analyses, including an emergency core cooling performance analysis, for reactor power operation with the plugs installed in the bypass holes. The November 7, 1975 letter supplemented letters of July 9, September 10, October 1 and 30, 1975 related to ECCS analyses.

6. The Commission's staff has reviewed the analyses submitted by the licensee on November 7, 1975 and supplements thereto to support operation with the bypass flow hole plugs installed. As discussed in the Commission's concurrently issued Safety Evaluation for Amendment No. 15 to the license the proposed operation with plugs will require modified limits relating to emergency core cooling system performance. The modified limits specified in the concurrently issued Amendment No. 15 would be based upon an evaluation of ECCS performance calculated in accordance with an acceptable evaluation model that conforms to the requirements of the Commission's regulations in 10 CFR § 50.46. The amendment would modify various limits established in accordance with the Commission's Interim Acceptance Criteria, and would, with respect to the facility, terminate the further restrictions imposed by the Commission's December 27, 1974 Order for Modification of License (40 FR 1772, January 9, 1975), and would impose instead, limitations established in accordance with the Commission's Acceptance Criteria for Emergency Core Cooling Systems for Light Water Nuclear Power Reactors, 10 CFR Section 50.46. The amendment would also revise the Technical Specifications to permit operation of the facility using operating limits based on the General Electric Thermal Analysis Basis (GETAB) and with the Low Pressure Coolant Injection System modified in accordance with the licensee's application for license amendment dated July 9, 1975 as supplemented.

It also should be noted that plugs identical to those to be used in Peach Bottom Unit 2 have been installed in the Cooper, Vermont Yankee, Duane Arnold and Pilgrim reactors. The plugs installed in Vermont Yankee were removed during a refueling operation after ten months of successful service. No abnormalities or loose pieces were reported. Vermont Yankee has since reinstalled the plugs.

7. Based on our review of the licensee's submittals of November 7, 18, and 20, 1975, and the prior related experience at the Pilgrim and Vermont Yankee reactors, the NRC staff concluded in its concurrently issued Safety Evaluation that operation of Peach Bottom Unit 2 in accordance with the additional restrictions set forth in Amendment No. 15 to the license would provide reasonable assurance that the public health and safety would not be endangered.

III. Accordingly, pursuant to the Atomic Energy Act of 1954, as amended, and the Commission's Rules and Regulations in 10 CFR Parts 2 and 50, *it is ordered*, That Facility Operating License No. DPR–44 is hereby amended by substituting the following provisions for the provisions set out in the Commission's Orders for Modification of License dated December 27, 1974 and November 4, 1975:

1. Operation of Peach Bottom Atomic Power Station Unit 2 with plugged bypass flow holes is hereby authorized subject to the conditions set forth in the concurrently issued Amendment No. 15 to the Facility License No. DPR–44 incorporating Change No. 15 to the Technical Specifications, and

2. A monitoring program using LPRM and TIP traces and available accelerometers on incore instrument guide tubes shall be performed for the purpose of detecting any instrument tube—channel box interaction.

For the Nuclear Regulatory Commission.

BEN C. RUSCHE,
Director, Office of Nuclear Reactor Regulation.

Dated at Bethesda, Maryland, this 28th day of November, 1975.

[FR Doc.75-33690 Filed 12-12-75;8:45 am]

[1] Copies of the November 7, 1975 filing by the Licensee are available for public inspection in the Commission's Public Document Room, 1717 H Street NW., Washington, D.C., and are being placed in the Martin Memorial Library, 189 E. Market Street, York, Pennsylvania.

ADVISORY COMMITTEE ON REACTOR SAFEGUARDS

Notice of Proposed Subcommittee and Full Committee Meetings

In order to provide advance information regarding proposed ACRS Subcommittee and full Committee meetings, the following preliminary schedule is being published. This preliminary schedule reflects the current situation, taking into account additional meetings which have been scheduled and meetings which have been postponed or cancelled since the last list of proposed Subcommittee and full Committee meetings published in FR Vol. 40, No. 223, pg. 53446, November 18, 1975. Those meetings that are definitely scheduled have had, or will have, an individual notice published in the FEDERAL REGISTER approximately 15 days (or more) prior to the meeting. Those Subcommittee meetings for which it is anticipated that there will be a portion or all of the meeting open to the public are indicated by an asterisk (*). It is expected that the sessions of the full Committee meeting designated by an asterisk (*) will be open in whole or in part to the public. Information as to whether a meeting has been firmly scheduled, cancelled, or rescheduled, or whether changes have been made in the agenda for the January 8–10, 1976 ACRS full Committee meeting can be obtained by a prepaid telephone call to the Office of the Executive Director of the Committee (telephone 202/634–1406, Attn: Mary E. Vanderholt) between 8:15 a.m. and 5:00 p.m. EST.

SUBCOMMITTEE MEETINGS

* *Diablo Canyon Nuclear Power Station, Units 1 and 2*, December 17, 1975, San Luis Obispo, CA. Postponed. Tentatively scheduled to be held February 20, 1976 in San Luis Obispo, CA.

* *Hartsville Nuclear Power Plant, Units 1, 2, 3, and 4*, December 17–18, 1975, Hartsville, TN. Postponed. Scheduled to be held February 26–27, 1976 in Nashville, TN.

* *Emergency Core Cooling Systems (ECCS)*, December 19, 1975. Washington, D.C., to discuss "A Critique of the Computer Safety Prediction Methods," by C. J. Hocevar. Notice published in Federal Register, Vol. 40, page 56500, December 3, 1975.

* *Emergency Core Cooling Systems (ECCS)*, December 20, 1975, Washington, D.C., to discuss the status of the review of Westinghouse Upper Head Injection (UHI). Notice published in Federal Register Vol. 40, page 56499, December 3, 1975.

* *General Electric Water Reactors*, December 29–30, 1975, Washington, D.C. to discuss on December 29 the design and performance of the Mark I, II, and III Pressure Suppression Containments, and to discus on December 20 the status of the General Electric Standard Safety Analysis Report (GESSAR). Notice published in Federal Register Vol. 40, page 57721, December 11, 1975.

* *Inspection and Enforcement Activities*, January 6, 1976, Chattanooga, TN. Postponed. Scheduled to be held January 23, 1976 in Chattanooga, TN.

* *Anticipated Transients Without Scram (ATWS)*, January 6, 1976, Washington, D.C., to continue the review of certain proposed reactor design changes for Class B plants, as proposed by reactor vendors.

V 40 241 DEC 15 75 XUM

Safeguards for Special Nuclear Material and Security of Nuclear Facilities, January 6, 1976, Washington, D.C., to discuss access control, diversion detection, and contingency planning.

• *D. C. Cook Nuclear Plant, Unit 1*, January 7, 1976, Washington, D.C. Postponed. Scheduled to be held February 4, 1976 in Washington, D.C.

• *Regulatory Guides*, January 7, 1976, Washington, D.C. Postponed. Scheduled to be held February 4, 1976 in Washington, D.C.

• *Safety of Operating Reactors*, January 7, 1976, Washington, D.C., to discuss how operating experiences is factored into continuing operation and new designs, and to obtain a report on operating experience.

• *Stone and Webster Standard Safety Analysis Report (SWESSAR)*, January 22, 1976, Washington, D.C., to review the application of the Stone and Webster Engineering Corporation for a preliminary design approval of its Standard Safety Analysis Report.

• *Inspection and Enforcement Activities*, January 23, 1976, Chattanooga, TN, to continue the discussion of third-party inspection and the roles of inspection and examination organizations in relation to nuclear safety.

• *Davis-Besse Nuclear Power Station, Unit 1*, January 29–30, 1976, Toledo, OH, to review the application of the Toledo Edison Company for an operating license.

• *North Anna Power Station Units 1 and 2*, February 3, 1976, *tentative*, Wash., D.C., to review the application of the Virginia Electric and Power Company for an operating license.

• *D. C. Cook Nuclear Plant, Unit 1*, February 4, 1976, Washington, D.C., to review the application of the Indiana-Michigan Electric Company for a permit to increase the power level of Unit 1.

• *Regulatory Guides*, February 4, 1976, Washington, D.C., to review working papers regarding future Regulatory Guides and proposed changes to existing Guides.

• *Sequoyah Nuclear Power Plant, Units 1 and 2*, February 12–13, 1976, *tentative*, Chattanooga, TN, to review the application of the Tennessee Valley Authority for an operating license.

• *Clinch River Breeder Reactor Plant*, February 18, 1976, Hanford, WA, and February 19, 1976, Los Angeles, CA, to discuss the research and development programs at the Hanford Engineering and Development Laboratory and the Atomics International Facility for liquid metal fast breeder reactors, particularly those aspects of interest relative to the Clinch River Breeder Reactor Plant.

• *Diablo Canyon Nuclear Power Station, Units 1 and 2*, February 20, 1976, *tentative*, San Luis Obispo, CA, to continue the review of the application of the Pacific Gas and Electric Company for an operating license.

• *Cherokee Nuclear Station, Units 1, 2, and 3*, February 20, 1976, Charlotte, NC, to review the application of the Duke Power Company for a permit to construct Units 1, 2, and 3.

• *Perkins Nuclear Station, Units 1, 2, and 3*, February 21, 1976, Charlotte, NC, to review the application of the Duke Power Company for a permit to construct Units 1, 2, and 3.

• *Washington Public Power Supply Systems, Projects 3 and 5*, February 24, 1976, Richland, WA, to review the application of the Washington Public Power Supply Systems to construct Projects 3 and 5.

• *Hartsville Nuclear Power Plant, Units 1, 2, 3, and 4*, February 27, 1976, Nashville, TN, to review the application of the Tennessee Valley Authority for a permit to construct Units 1, 2, 3, and 4.

FULL COMMITTEE MEETINGS

JANUARY 8–10, 1976

• Anticipated Transients Without Scram—Review of Proposed Design Changes for Light Water Reactors.

FEBRUARY 5–7, 1976

Agenda to be published later.

Dated: December 11, 1975.

SAMUEL J. CHILK,
Secretary of the Commission.

[FR Doc.33889 Filed 12–12–75;10:35 am]

NATIONAL SCIENCE FOUNDATION

ADVISORY COMMITTEE FOR SCIENCE EDUCATION

Meeting

In accordance with the Federal Advisory Committee Act, Pub. L. 92–463, the National Science Foundation announces the following meeting:

Name: Advisory Committee for Science Education. Date: January 5 and 6, 1976. Time: 9 a.m. each day. Place: Rm. 651, 5225 Wisconsin Avenue, NW., Washington, D.C. Type of meeting: Part Open—January 5—Closed; January 6—Open.

Contact person: Ms. Fran Watts, Staff Assistant, Science Education Directorate, National Science Foundation, Rm. W–600, Washington, D.C. 20550, telephone (202) 282–7930.

Summary minutes (open portion): May be obtained from the Committee Management Coordination Staff, Management Analysis Office, National Science Foundation, Rm. 248, Washington, D.C. 20550.

Purpose of advisory committee: To provide advice and recommendations concerning the impact of all Foundation activities (including research, scientific information; and international programs; as well as, specifically, "education" programs) relating to education in the sciences in U.S. schools, colleges and universities.

Agenda:

January 5—Closed

Science Education Directorate budget for fiscal year 1977.

January 6—Open

Review of Background and Status of Science for Citizens Program.

Recommendations and Development of Plans for Science for Citizens Program.

Reason for closing: The Committee will be reviewing and discussing internal budgetary plans for fiscal year 1977 that have been prepared by full-time officers of the Science Education Directorate.

Authority for closing: The Director of the National Science Foundation determined on December 4, 1975, that the portion of the meeting dealing with the fiscal year 1977 budget is within exemption 5 of Section 552(b), 5 U.S. Code, and should, therefore, be closed to the public. This determination was made in accordance with the provisions of Section 10(d) of Pub. L. 92–463.

GAIL A. MCHENRY,
Acting Committee Management Officer.

DECEMBER 10, 1975.

[FR Doc.75–33613 Filed 12–12–75;8:45 am]

ADVISORY PANEL FOR ENGINEERING MECHANICS

Open Meeting

In accordance with the Federal Advisory Committee Act, Pub. L. 92–463, the National Science Foundation announces the following:

Name: Advisory Panel for Engineering Mechanics. Date: January 7 and 8, 1976. Time: 9:00 a.m. to 5:00 p.m. each day. Place: Rm. 543, National Science Foundation, 1800 G Street NW., Washington, D.C. Type of meeting: Open.

Contact person: Dr. Michael P. Gaus, Head, Engineering Mechanics Section, Rm. 419, National Science Foundation, Washington, D.C. 20550, telephone (202) 632–5787.

Summary minutes: May be obtained from the Committee Management Coordination Staff, Management Analysis Office, Rm. 248, National Science Foundation, Washington, D.C. 20550.

Purpose of advisory panel: To provide advice and counsel concerning the status and new directions of Engineering Mechanics research.

Agenda:

January 7

9:00 a.m. Introduction.

9:30 a.m. Review: NSF Organization, Recent Changes in Engineering Mechanics Section, Overview of grant activity.

1.30 p.m. Interaction with other agencies.

2:30 p.m. Discussion: Should the Section Consider Supporting Technology Transfer Efforts.

3:30 p.m. Interdisciplinary Research.

4:30 p.m. Future Research Directions.

January 8

9:00 a.m. University - Industry Cooperation.

10:00 a.m. Future Research Directions (Continued).

2:30 p.m. Further Discussion of Agenda Items.

GAIL A. MCHENRY,
Acting Committee Management Officer.

DECEMBER 10, 1975.

OFFICE OF MANAGEMENT AND BUDGET

CLEARANCE OF REPORTS

List of Requests

The following is a list of requests for clearance reports intended for use in collecting information from the public received by the Office of Management and Budget on December 9, 1975 (44 U.S.C. 3509). The purpose of publishing this list in the FEDERAL REGISTER is to inform the public.

The list includes the title of each request received; the name of the agency sponsoring the proposed collection of information; the agency form number(s), if applicable; the frequency with which the information is proposed to be collected; the name of the reviewer or reviewing division within OMB, and an indication of who will be the respondents to the proposed collection.

Requests for extension which appear to raise no significant issues are to be approved after brief notice through this release.

Further information about the items on this daily list may be obtained from the Clearance Office, Office of Management and Budget, Washington, D.C. 20503 (202–395–4529), or from the Reviewer listed.

NEW FORMS

NATIONAL SCIENCE FOUNDATION:

Surveys of Scientific and Technical Manpower requirements in energy-related industries, single-time, energy related industries, Strasser, A., 395–5867.

U.S. CIVIL SERVICE COMMISSION:

Supplemental Form for Clerk Examination Annct., FR–3021, on occasion, entry on clerk list, Caywood, D. P., 395–3443.

UNITED STATES INTERNATIONAL TRADE COMMISSION:

Purchaser's Questionnaire—Iron Blues, single-time, purchasers of Iron Blues, Evinger, S. K., 395–3710.

Importer's Questionnaire—Iron Blues, single-time, importers, Evinger, S. K., 395–3710.

DEPARTMENT OF AGRICULTURE

Statistical Reporting Service: Application for Participation (Child Care Food Program), FNS–341, FNS–341–1, annually, Institutions Administration by FNS, Human Resources Division, Lowry, R. L., 395–3532.

DEPARTMENT OF COMMERCE

Bureau of Census:

Property transfer record sheet, TEX–30, single-time, Field Division Census Bureau, Ellett, C. A., 395–5867.

Real Estate sales survey, TEX–31, single-time, households involved in real estate transfers, Ellett, C. A., 395–5867.

Mobile home permit questionnaire, S–410, on occasion, permit issuing officials in local government, Sunderhauf, M. B., Maria Gonzales, 395–6140.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Health Services Administration:

Rural health initiative (RHI) reporting requirements, HSA1120, annually, ambulatory health care clinics, Lowry, R. L., 395–3772.

National Institute of Education: NIE Compensatory Education Study-District Survey I, NIE140, single-time, state and district officials, George Hall, 395–6140.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Housing Management: Survey of potential users of a data bank, single-time, research institutions, Community & Veterans Affairs Division, 395–3532.

Community Planning and Management: Housing element survey, comprehensive planning assistance, single-time, state planning directors, Community & Veterans Affairs Division, Sunderhauf, M. B., 395–3532.

DEPARTMENT OF JUSTICE

Departmental and other exemplary and promising projects recommendation: LEAA 2300/6, semi-annually, criminal justice program, Lowry, R. L., 395–3772.

DEPARTMENT OF LABOR

Bureau of International Labor Affairs: Foreign car impact study, ILAB 39, single-time, buyers of imported cars, Evinger, S. K., 395–3710.

DEPARTMENT OF THE INTERIOR

National Park Service: Dispersed winter recreation use patterns and visitor, attitudes at Crater Lake-Diamond Lake, Oregon, single-time, winter recreationists, Lowry, R. L., 395–3772.

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration: Consumer Services Survey—Hot Line, single-time, individuals, economics and general government division, Sunderhauf, M. B., 395–3451.

NO

United States International Trade Commission: Preliminary Survey to Establish Importers of Certain Dry Wall Screws, single-time, importers, Evinger, S. K., 395–3710.

REVISIONA

U.S. CIVIL SERVICE COMMISSION

Annuitant's Report of Annual Income: BRI 49–160, annually, disability annuitants, Caywood, D. P., 395–3443.

NATIONAL CREDIT UNION ADMINISTRATION

Annual Report for State-Chartered Credit Unions: NCUA 5306, annually, State chartered credit unions, Harry B. Sheftel.

State Central Credit Union Financial Statements: NCUA 5307, annually, State central credit unions, Harry B. Sheftel.

VETERANS ADMINISTRATION

Inquiry Concerning Applicant for Employment: FL 5 127, on occasion, supervisors and employers, Caywood, D. P., 395–3443.

Institutional Account For VA Beneficiaries: 27–4706B, on occasion, legal custodian, Caywood, D. P., 395–3443.

Claim For Health Benefits (SGLI and VGLI), 29–8283, on occasion, claimants, Caywood, D. P., 395–3443.

DEPARTMENT OF AGRICULTURE

Statistical Reporting Service: farm production expenditure survey, annually, farmers, Lowry, R. L., 395–3772.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Center For Disease Control: childhood lead poisoning prevention program and laboratory lead activity quarterly reports, CDC 7.21.1, CDC7.21.2, quarterly, lead poisoning programs, George Hall, 395–6140.

National Center For Education Statistics: upper division and post-baccalaureate enrollment by degree field, fall 1976, OE2300, annually, colleges and universities, George Hall, 395–6140.

Office of Education: institutional characteristics of colleges and universities: 1976–77, OE–2300–1, annually, colleges and universities, George Hall, 395–6140.

National Center for Education Statistics: Degrees and Other Formal Awards Conferred Between July 1, 1975 and June 30, 1976, OE2300–2.1, annually, George Hall, 395–6140.

National Center for Education Statistics: Financial Statistics of Institutions of Higher Education for Fiscal Year Ending 1976, OE2300–4, Annually, Colleges and Universities, George Hall, 395–6140.

EXTENSIONS

U.S. CIVIL SERVICE COMMISSION

JFA Qualifications Brief: CSC–994, on occasion, applicants for Federal jobs, Marsha Traynham, 395–4529.

JFA Education and Experience Questionnaire: CSC 994–A, on occasion, applicants for Federal employment, Marsha Traynham, 395–4529.

VETERANS ADMINISTRATION

Request to Vendor for Volume of Purchases by Veterans Canteen Service Field Offices: FL 10–195, annually, manufacturers, Marsha Traynham, 395–4529.

GENERAL SERVICES ADMINISTRATION

National Historical Sources Grant Program Financial Report: GSA2066, semi-annually, universities, historical societies, Peterson, M. O., 395–5631.

U.S. CIVIL SERVICE COMMISSION

Supplemental Qualifications Statement: Computer Specialist, CSC 972, on occasion, applicants for Federal employment, Caywood, D. P., 395–3443.

Trade Background Sheet: CSC 670, on occasion, applicants for Federal employment, Marsha Traynham, 395–4529.

DEPARTMENT OF AGRICULTURE

Statistical Reporting Service: Weekly Weather and Crop Report, weekly, county extension agents, Marsha Traynham, 395–4529.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Social and Rehabilitation Service: Statistical Report on Medical Care Recipients, Payments Services, SRSNCS2082, annually, state medicaid, Marsha Traynham, 395–4529.

National Institutes of Health: Medical Library Resources Project Grants, Library Data Sheets and Supplemental Instructions to, NIH 398 and 2006–1 applications, NIH–LM–6, on occasion, public and private non-profit organization, Lowry, R. L., 395–3772.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Housing Management: Designation of Rented Units—Section 3 Leased Housing, M.7430.1, on occasion, local housing authorities, Community and Veterans Affairs Division, 395–3532.

DEPARTMENT OF JUSTICE

Drug Enforcement Administration: application for registration (type B), DEA 225, Registered Under Controlled Substances Act, Marsha Traynham, 395–4520.

Drug Enforcement Administration: application for permit to maintain central

V40241 DEC 15 75 XUM

records, DEA 274, registered under Controlled Substances Act, Marsha Traynham, 395–4529.

Immigration and Naturalization Service, data relating to beneficiary of private bill, G–79A, on occasion, parties to private bills, Marsha Traynham, 395–4529.

PHILLIP D. LARSEN,
Budget and Management Officer.

[FR Do.75–33846 Filed 12–12–75;8:45 am]

CLEARANCE OF REPORTS

List of Requests

The following is a list of requests for clearance of reports intended for use in collecting information from the public received by the office of management and budget on December 5, 1975 (44 U.S.C. 3509). The purpose of publishing this list in the FEDERAL REGISTER is to inform the public.

The list includes the title of each request received; the name of the agency sponsoring the proposed collection of information; the agency form number(s), if applicable; the frequency with which the information is proposed to be collected; the name of the reviewer or reviewing division within OMB, and an indication of who will be the respondents to the proposed collection.

Requests for extension which appear to raise no significant issues are to be approved after brief notice through this release.

Further information about the items on this daily list may be obtained from the Clearance Office, Office of Management and Budget Washington, D.C. 20503 (202–395–4529), or from the reviewer listed.

NEW FORMS

ENERGY RESEARCH AND DEVELOPMENT ADMINISTRATION

Solar energy information request; ERDA–631SE, on occasion, solar energy professionals, Harry B. Sheftel.

DEPARTMENT OF AGRICULTURE

Statistical reporting service; esthetic evaluation of alternative timber, harvesting practices on the coram experimental forest, other (see SF–83), college students, Lowry, R. L., 395–3772.

DEPARTMENT OF COMMERCE

Economic Development Administration; Mail/on-site follow-on survey to form ED–110X, single-time, individuals, Strasser, A., Lowry, R. L., 395–5867.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Policy Development and Research: Congregate housing survey, single-time congregate housing residents, community and veterans affairs division, Sunderhauf, M. B., 395–3532.

REVISIONS

General Services Administration application claim for replacement housing (payment for tenants and certain others), GSA2685, on occasion, tenants, Harry B. Sheftel.

Application claims for moving costs and related expenses (families and individuals), GSA–2684, on occasion, individuals, Harry B. Sheftel.

VETERANS ADMINISTRATION

Data on property securing prior GI loan: 26–6377, on occasion, veterans, Caywood, D. P., 395–3443.

DEPARTMENT OF STATE (EXCL. AID AND ACTION)

Application for amendment of passport: DSP–19, on occasion, passport applicants, Harry B. Sheftel.

Application for passport by mail, DSP 82, on occasion, passport applicants, Harry B. Sheftel.

DEPARTMENT OF DEFENSE

Department of the Army (excluding Defense Civil Preparedness Agency); outline of financial and administrative control, on occasion, transportation industry, Sunderhauf, M. B., 395–6140.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE SOCIAL SECURITY ADMINISTRATION:

Application for supplementary security income (individual), SSA 8001, on occasion, individuals who apply for Supplementary Security Income, Caywood, D. P., 395–3443.

Application for supplemental security income (individual with spouse), SSA 8002, on occasion, individuals who apply for Supplemental Security Income, Caywood, D. P., 395–3443.

Application for supplemental security income (couple), SSA–8000, on occasion, individuals who apply for Supplemental Security Income, Caywood, D. P., 395–3443.

EXTENSIONS

DEPARTMENT OF STATE (EXCLUDING AID AND ACTION)

Report of birth (U.S.) citizens born abroad), FS–240, on occasion, citizen abroad, Marsha Traynham, 395–4529.

Birth affidavit: DSP–10A, on occasion, passport applicants, Marsha Traynham, 395–4529.

DEPARTMENT OF JUSTICE

Drug Enforcement Administration: Application for registration (type A), DEA 224, on occasion, registrants, Harry B. Sheftel.

DEPARTMENT OF LABOR

Bureau of Labor Statistics:

International Price Program—Import Price Information, BLS3007A, annually, U.S. Importers, Strasser, A., 395–5867.

International Commodity Price Information, BLS–2894A, annually, U.S. Exporters, Strasser, A., 395–5867.

PHILLIP D. LARSEN,
Budget and Management Officer.

[FR Doc.75–33847 Filed 12–12–75;8:45 am]

SECURITIES AND EXCHANGE COMMISSION

[Release No. 11916; (SR–MSRB–75–2)]

MUNICIPAL SECURITIES RULEMAKING BOARD

Order Approving Proposed Rule Change

DECEMBER 11, 1975.

In the matter of Municipal Securities Rulemaking Board, 1629 K Street, NW., Suite 700, Washington, D.C. 20006.

On November 5, 1975, the Municipal Securities Rulemaking Board (the "MSRB)" filed with the Commission, pursuant to Section 19(b) of the Securities Exchange Act of 1934 (the "Act") and Rule 19b–4 thereunder, copies of proposed Rule A–12. Proposed Rule A–12 provides for an initial assessment of $100 payable by each municipal securities broker and each municipal securities dealer, presently or hereafter registered with the Commission, to be paid to the MSRB not later than (1) December 15, 1975, or (2) ten days from the date of registration with the Commission, whichever shall occur later.

Notice of MSRB Rule A–12 together with the terms of substance of the proposed rule change was given by publication of a Commission Release (Securities Exchange Act Release No. 11809 (November 7, 1975)) and by publication in the FEDERAL REGISTER (40 FR 52896 (November 13, 1975)).

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to the MSRB, and in particular, the requirements of Section 15B of the Act. The Commission furthur finds that MSRB Rule A–12 should be approved on teh twenty-eighth day after the date of publication of notice of the filing thereof because, as a rule establishing a fee, it need not have been published prior to effectiveness and, further, because adequate time has been provided for public comment on the Rule in view of the relative simplicity of its terms and consequences.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act, for good cause found that the proposed rule change filed with the Commission on November 5, 1975 be approved.

By the Commission.

[SEAL] GEORGE A. FITZSIMMONS,
Secretary.

SMALL BUSINESS ADMINISTRATION

[License No. 04/04–5120]

COMMERCIAL INVESTMENT RESOURCES, INC.

Issuance of License To Operate as a Small Business Investment Company

On September 16, 1975, a notice was published in the FEDERAL REGISTER (40 FR 42804) stating that Commercial Investment Resources, Inc., located at 19 West Oxmoor Road, Birmingham, Alabama 35209, had filed an application with the Small Business Administration. pursuant to 13 CFR 107.102 (1975) for a license to operate as a small business investment company under the provisions of section 301(d) of the Small Business Investment Act of 1958, as amended.

Interested parties were given until the close of business October 1, 1975, to submit their comments to SBA. No comments were received.

Notice is hereby given that, having considered the application and all other pertinent information, SBA issued License No. 04/04–5120 to Commercial Investment Resources, Inc., on November 11, 1975, to operate as a small business investment company, pursuant to section 301(d) of the Act.

(Catalog of Federal Domestic Assistance Program No. 59.011, Small Business Investment Companies)

Dated: December 8, 1975.

JAMES THOMAS PHELAN,
Deputy Associate Administrator for Investment.

MOTOR CARRIER TRANSFER PROCEEDINGS

DECEMBER 15, 1975.

Application filed for temporary authority under Section 210a(b) in connection with transfer application under Section 212(b) and Transfer Rules, 49 C.F.R. Part 1132:

No. MC–FC–76193. (Correction) (DONALD L. KERBS, doing business as C & R TRUCK LINE—Transferee—DONALD L. KERBS AND NEAL J. LOVIN, doing business as 'C & R TRUCK LINE—Transferor—), on November 25, 1975, the above-entitled application was published in the FEDERAL REGISTER. The notice stated that Donald L. Kerbs, doing business as C & R Truck Line, intends to temporarily operate the motor carrier properties of Donald L. Kerbs and Neal J. Lovin, doing business as C & R Truck Line. This notice inaccurately described the nature of the transaction. In this proceeding Donald L. Kerbs, doing business as C & R Truck Line, intends to acquire the certificate of registration underlying, intrastate authority of Donald L. Kerbs and Neal J. Lovin doing business as C & R Truck Line.

By the Commission.

[SEAL] ROBERT L. OSWALD,
Secretary.

[Notice No. 141]

MOTOR CARRIER BOARD TRANSFER PROCEEDINGS

DECEMBER 15, 1975.

Synopses of orders entered by the Motor Carrier Board of the Commission pursuant to Sections 212(b), 206(a), 211, 312(b), and 410(g) of the Interstate Commerce Act, and rules and regulations prescribed thereunder (49 C.F.R. Part 1132), appear below:

NOTICES

Each application (except as otherwise specifically noted) filed after March 27, 1972, contains a statement by applicants that there will be no significant effect on the quality of the human environment resulting from approval of the application. As provided in the Commission's Special Rules of Practice any interested person may file a petition seeking reconsideration of the following numbered proceedings on or before January 5, 1975. Pursuant to Section 17(8) of the Interstate Commerce Act, the filing of such a petition will postpone the effective date of the order in that proceeding pending its disposition. The matters relied upon by petitioners must be specified in their petitions with particularity.

No. MC–FC–76161. By order of December 9, 1975, the Motor Carrier Board approved the transfer to Aurora Delivery, Inc., Anchorage, Alaska, of the operating rights in certificate No. MC–119402 (Sub-No. 2) issued June 19, 1970, to Ferman L. Strickland and Eileen Strickland doing business as Aurora Delivery, authorizing the transportation of general commodities (with the usual exceptions), (1) between Anchorage, Alaska, and Wasilla, Alaska, serving all intermediate points; and (2) between all points within 100 air miles of Anchorage, Alaska, which are north of a line drawn in an east-west direction through Anchorage, Alaska. A. Robert Hahn, Jr., 542 Second Avenue, Anchorage, Alaska 99501, attorney for applicants.

DEPARTMENT OF TRANSPORTATION

Coast Guard

[CGD 75 227]

MARINE SANITATION DEVICES

Certifications Granted

The purpose of this document is to notify interested persons that the Commandant, U.S. Coast Guard, has certified the design of certain marine sanitation devices or has authorized the manufacturer to label certain devices in accordance with the U.S. Coast Guard Marine Sanitation Device Regulations (33 CFR, Part 159).

When the Coast Guard determines that a device successfully satisfies the Design, Construction and Testing requirements of Subpart C of 33 CFR, Part 159, the manufacturer is authorized by the Coast Guard to label each device that he manufactures that is in all material respects substantially the same as the test device. This label serves as the purchaser's verification of the certification on such devices.

Existing equipment that is certified under 33 CFR 159.12 cannot be labelled under 33 CFR 159.16 as being certified. Because of this fact, purchasers of these devices are urged to request from the manufacturer or dealer a copy of the Coast Guard letter granting certification of the device. The "verification" column in the list below shows the date of the Coast Guard letter granting certification. A copy of the certification letter or this Notice should be retained by the owner of such equipment as evidence that the device has been certified by the Coast Guard.

(33 U.S.C. 1322, 49 CFR 1.46 (l) and (m)).

Dated: December 4, 1975.

W. M. BENKERT,
Rear Admiral, U.S. Coast Guard,
Chief, Office of Merchant Marine Safety.

FEDERAL ELECTION COMMISSION

■

INDEX OF NOTICES

Interim Guidelines, Proposed Regulations, Advisory Opinion Requests and Advisory Opinions

V40241 DEC 15 75 XUM

FEDERAL ELECTION COMMISSION

[Notice 1975-89]

INDEX OF NOTICES PUBLISHED IN THE "FEDERAL REGISTER" BY THE FEDERAL ELECTION COMMISSION

Today, the Federal Election Commission publishes an index for all *interim guidelines, proposed regulations, advisory opinion requests,* and *advisory opinions* which have been published by the Commission through November 19, 1975. This index includes numerical, subject matter, and publication date notation for each published item. In every case, the FEDERAL REGISTER notice number will be the common reference to each entry.

For a full text of any of the entries included in this index, you may write to the Information Office, Federal Election Commission, 1325 K Street NW., Washington, D.C. 20463, or call Area Code (202) 382-4733. When ordering any of these items, *please specify and order only by the Federal Register notice number.*

To follow regularly the activities of the Commission, you may refer directly to the FEDERAL REGISTER. With this index, every item published by the Commission can be located by *Federal Register notice number* in the FEDERAL REGISTER for the appropriate date. The FEDERAL REGISTER is available for inspection at any Public Library which is also a Federal depository, or by subscription through the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402. For subscribers to the FEDERAL REGISTER, a suggested method to follow the activities of the Commission is to keep Commission notices arranged chronologically by *Federal Register notice number* and use this index to locate any particular entry.

This index is divided into two general categories: (1) *Interim guidelines* and *proposed regulations;* and (2) *advisory opinion requests* and *advisory opinions.* A brief explanation of each category follows:

(1) *Interim guidelines and proposed regulations.* Under the Federal Election Campaign Act of 1971, as amended, (FECA, as amended) the Commission has power to prescribe suitable rules and regulations to carry out certain provisions and to formulate general policy for the administration of the Act. The FECA, as amended, prescribes that any rule or regulation which is proposed by the Commission must be submitted to the Congress for review (see 2 U.S.C. § 438 (c)). If the proposed regulation is not disapproved by Congress within 30 legislative days, it assumes the full force and effect of law as promulgated by the Commission.

Pending the completion of regulations to implement the Act, the Commission adopted an interim guideline procedure whereby a notice of general applicability is provided for certain matters which need immediate clarification. These *interim guidelines* serve as a basis upon which persons affected by the law can rely in making decisions during the period in which formal regulations are being developed.

This index lists the *interim guidelines* and the *proposed regulations* first, in the chronological order in which they have been published in the FEDERAL REGISTER, and second, in alphabetical order by subject matter.

(2) *Advisory opinion requests and advisory opinions.* The FECA, as amended, provides that upon the request of (a) any individual holding Federal office, (b) any candidate for Federal office, (c) any political committee, the Commission can render an *advisory opinion* as to whether any specific transaction or activity by that individual or committee would constitute a violation of the FECA, as amended (see 2 U.S.C. § 437f). Any person receiving an *advisory opinion* who acts in good faith in accordance with provisions and findings of the *advisory opinion* will be presumed to be in compliance with the Act.

This index lists the following:

(a) *Advisory opinion requests* (*AORs*) by number, in the order in which they are published;

(b) *Advisory opinions* (*AOs*) which have been issued by the Commission in response to these *AORs.* (Each *AO* number will correspond to its respective *AOR* number. Issuance of *AOs* by the Commission is not necessarily in the order in which the *AORs* have been published. Every *AOR* and corresponding *AO*, when issued, can be located by referring to its FEDERAL REGISTER *Notice Number*);

(c) *AORs* and *AOs* listed alphabetically by subject matter;

(d) Relevant sections of the U.S. Code with a reference to the *AOs* which deal with these sections; and

(e) A brief description of each *AO.*

(This is the first publication of this index. It will be published monthly. Its purpose is to assist those who have a current need to be up-to-date on Federal election campaign laws and policies issued by the Commission. The Commission welcomes comments on the format and contents of this index, and any suggestions for change to make it more beneficial to its users.)

Dated: December 4, 1975.

THOMAS B. CURTIS,
Chairman, for the
Federal Election Commission.

DESCRIPTIONS OF EACH ADVISORY OPINION

AO 1975-1 NATIONAL PARTY CONVENTIONS. Corporations may not make contributions to assist national party conventions except under limited circumstances.

AO 1975-2 MICHIGAN COMMITTEES. State committee and subordinate local party organizations may allocate expenditures among each other for purposes of the party spending limits.

AO 1975-3 REPUBLICAN CONGRESSIONAL COMMITTEE. Costs of printing or preparing matter sent under Congressional frank are not covered by contribution and expenditure limits.

AO 1975-4 DEMOCRATIC PARTY TELETHON. Endorsers or guarantors of loans to Democratic National Telethon are "contributors" subject to limits.

AO 1975-5 PRE-1973 DEBTS. Contribution and expenditure limits do not apply to cancellation of pre-1973 debts.

AO 1975-6 1973-1974 CAMPAIGN DEBTS. Only the limitation on expenditures from a candidate's personal funds apply to cancellation of 1973-1974 campaign debts.

AO 1975-7 CONGRESSIONAL OFFICE ACCOUNTS. Contributions and expenditures from office accounts are subject to limitations but contributions and expenditures from franking accounts are exempt.

AO 1975-8 HONORARIUMS. Designating honorariums to charity counts against limit on honorariums.

AO 1975-9 UNOPPOSED PRIMARY CANDIDATE. An unopposed primary is defined as an "election" for contribution/expenditure limitations.

AO 1975-10 INTERNAL TRANSFER OF CAMPAIGN FUNDS. Answers a series of questions on transfers between committees, either Federal or non-Federal.

AO 1975-11 DUAL CANDIDACIES. Defines applicability of limits of candidates running for two Federal offices simultaneously.

AO 1975-13 CHAMBER OF COMMERCE MONIES. Corporations cannot provide travel expenses to candidates.

AO 1975-14 CONTRIBUTIONS TO DEFRAY CONSTITUENT SERVICE EXPENSES. Corporations, national banks, and unions may not contribute to office accounts.

AO 1974-15 THE WALLACE CAMPAIGN ROYALTIES. Candidate George Wallace can receive royalty payments.

AO 1975-16 INCORPORATED ASSOCIATIONS. Incorporated associations cannot contribute to campaigns. Numerous campaign committee requirements explained.

AO 1975-17 PARTNERSHIP CONTRIBUTIONS. Partnerships are limited to $1,000, and each partner's share counts against his limit.

AO 1975-18 CONTINUOUS REPORTING OF PAST DEBTS. Committees with outstanding debts must continue to report.

AO 1975-20 POLITICAL EDUCATION COMMITTEES. Political committees may perform certain non-candidate-oriented activities without incurring contributions or expenditures.

AO 1975-21 LOCAL PARTY COMMITTEE ACCOUNTS. Sets forth an allocation formula to be used in determining the portion of expenses that may be paid from non-corporate sources and expenses that may be paid from corporate funds in States where such contributions are permitted.

AO 1975-22 TRANSFERS OF FUNDS. Transfers of funds from a Senatorial committee to a party organization are expenditures. AUTHORIZED EXPENDITURES. A person cannot be authorized to receive contributions but not be authorized to make expenditures.

V 40 241 DEC 15 75 XUM

AO 1975-26 EARMARKED CONTRIBUTIONS. Application of contribution limitations to earmarked campaign funds deposited with Senatorial campaign committees.

AO 1975-27 ATTORNEY AND ACCOUNTANT FEES. Attorney and accountant fees must be charged against expenditure limits. Contains dissenting opinion of two Commissioners.

AO 1975-28 STATUS OF POLITICAL COMMITTEES. Clarifies the status of political committees supporting a former candidate for the Presidency.

AO 1975-29 POLITICAL PARTIES. Applicability of contribution limitations to county committees.

AO 1975-30 OFFICE ACCOUNTS AND CONSTITUENT SERVICE FUNDS. A principal campaign committee may make expenditures to purchase newspaper subscriptions and to reimburse the candidate for travel expenses.

AO 1975-35 ORGANIZATION OF POLITICAL COMMITTEES. Individuals may serve as officers of more than one political committee.

AO 1975-37 INCORPORATED POLITICAL COMMITTEES. Committees organized solely for political purposes may incorporate.

AO 1975-40 REPORTING OF POLITICAL CONTRIBUTIONS. Political committees and candidates must report all contributions from all political committees no matter how small the amount.

AO 1975-41 INVESTMENT OR DEPOSIT OF CONTRIBUTIONS INTO SAVINGS ACCOUNTS. Committees may make internal transfers of funds between checking and savings accounts without listing transactions on the report.

AO 1975-45 MULTI-CANDIDATE COMMITTEES. Application of contribution limitations to multi-candidate committees.

AO 1975-47 CLARIFICATION OF AO 1975-1. Expenditures of corporate funds by host committee to attract a national party convention. Supplements AO 1975-1 and deals with the purposes for which national conventions host committees may make expenditures and the application of convention spending limitations to such expenditures.

AO 1975-51 OFFICE ACCOUNTS. Use of excess campaign funds to purchase Congressional office equipment. Use of computer terminal to aid in handling of Congressman's constituent mail.

AO 1975-52 STATE COMMITTEE AID TO RETIRE DEBTS. Extent to which a State Committee may assist a successful Federal candidate in retiring a 1974 election campaign debt.

AO 1975-57 REPAYMENT OF LOANS. Contributions to repay loans made before January 1, 1975 which were received prior to issuance of the Commission's Interim Guidelines on retiring past debts.

AO 1975-62 CONTRIBUTIONS TO DEFRAY FUNDRAISING COSTS. The portion of a donation which covers the actual costs of a fundraising dinner must be counted as a contribution.

AO 1975-64 FUNDRAISING EVENTS TO RETIRE DEBTS. A single fundraising function may be held to retire a 1972 campaign debt and a 1973-74 office account deficit.

AO 1975-67 CAMPAIGN BILLBOARDS. Use of name of campaign committee chairman and treasurer is not required on billboard signs.

AO 1975-74 CONTRIBUTION IN NON-ELECTION YEARS. A contribution made to a multi-candidate committee in a non-election year is not counted against the contributor's $25,000 aggregate limit for the election year.

AO 1975-77 ROYALTIES. Royalties from publication of a book are not an honorarium.

AO 1975-78 FUNDRAISING EXEMPTION. The 20% fundraising exemption applies broadly to fundraising costs, not just to the actual solicitation of contributions.

PART IV:

DEPARTMENT OF LABOR

Office of the Secretary

■

PRIVACY ACT OF 1974

Notice of Systems of Records

V40241 DEC 15 75 XUM

Department of Labor

Office of the Secretary

Privacy Act of 1974

Supplemental Notice of Proposed Systems of Records

Pursuant to the requirements of sections (e) (4) and (11) of the Privacy Act of 1974 (Pub. L. 93-579, 88 Stat. 1896), the Department of Labor hereby gives notice of the maintenance of systems of records designated DOL/OASA-6, DOL/OASA-8 and DOL/MA-14. These systems of records were in existence on September 27, 1975, and should have been published in the notice of proposed systems published by Department of Labor on September 8, 1975 (40 FR 41739), but due to administrative oversight, were inadvertently omitted from that notice. The routine uses set forth in the prefatory statement accompanying the initial publication of systems of records (40 FR 41739) applies to the newly designated systems of records contained herein and is hereby incorporated by reference. In addition, the Department proposes to amend the notice of systems of records designated DOL/MA-8 and DOL/MA-9 published in the Federal Register on September 8, 1975 (40 FR 41748).

Pursuant to sections (j) and (k) of the Privacy Act of 1974, it is proposed to adopt exemptions for two previously noticed systems of records, DOL/OASA-3 (40 FR 41750) and DOL/LMSA-1 (40 FR 47981). The reasons for, and the scope of the exemptions are set forth below.

The Department invites public comment on all parts of this notice. Interested persons are invited to submit written data, views and arguments to Seth Zinman, Associate Solicitor of Labor, Division of Legislation and Legal Counsel, Room N2428, New Department of Labor Building, 200 Constitution Avenue, N. W., Washington, D. C. 20210, on or before January 12, 1976. Written material received from the public through said date will be considered by the Department before taking action on a final notice. Submissions will be available for public inspection at the above address during normal working hours.

Signed in Washington, D. C. this 3rd day of December, 1975.

John T. Dunlop,
Secretary of Labor.

1. Notice is hereby given by the Department of Labor of its maintenance of the following systems of records: DOL/OASA-6 Executive Assignment System File DOL/OASA-8 Executive Candidacy Self-Nomination Application File DOL/MA-14 Corpsmember Personnel File

-DOL/LMSA1

System name: LMSE index cards Division of Enforcement.

System location: U.S. Department of Labor, 200 Constitution Avenue, N.W., Room N5416, Washington, D.C. 20216; all Area Offices.

Categories of individuals covered by the system: Union Officers, individuals investigated, and individuals interviewed.

Categories of records in the system: Primarily investigative material relating to investigations under the LMRDA-1959 and EO 11491.

Authority for maintenance of the system: LMRDA - 1959 and EO 11491.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Information is disclosed to other Federal, state and local law enforcement agencies; to various congressional committees; in the President's Anti-Organized Crime Program including but not limited to reports of investigation, reports of interview and memoranda relating to investigations and intelligence information.

Storage: Manual file.

Retrievability: By name of individual.

Safeguards: Cards are in roladex machine which is locked at night. In addition, cards are number-coded so that only an authorized employee can find a desired file.

Retention and disposal: Cards are retained indefinitely; files are kept for three years, at which time they are sent to Federal Records Center for two years, after which except for those records with historical value, they are destroyed.

System manager(s) and address: Acting Director, LMSE, U.S. Department of Labor, 200 Constitution Avenue, Room N5408, Washington, D.C. 20216.

Notification procedure: Mail all inquires to Systems Manager at above address.

Record access procedures: As above.

Contesting record procedures: As above.

Record source categories: Information compiled from interviews conducted during investigations, written complaints, and written reports received from other agencies.

Systems exempted from certain provisions of the act:

a. Criminal law enforcement. In accordance with paragraph 3 (j) (2) of the Privacy Act, information maintained in the system of records consisting of the card index and case files in the Division of Enforcement of the Office of Labor-Management Standards Enforcement which relates to criminal investigations is exempt from all provisions contained in 5 U.S.C. 552a except those requirements set forth in paragraphs (b), (c) (l) and (2), (e) (4) (A) through (F), (e) (6), (7), (9), (10) and (11), and paragraph (i) of the Act. Two of the three branches in the Division of Enforcement perform activities primarily relating to the enforcement of criminal laws including activities carried out under the provisions of the President's Anti-Organized Crime Program and Titles II, V, and VI of the Labor-Management Reporting and Disclosure Act of 1959, As Amended. The disclosure of information contained in the criminal investigative files, including the names of persons or agencies to whom the information has been transmitted, would substantially compromise the effectiveness of the Division's investigations. Knowledge of such investigations could enable subjects to take such action as is necessary to prevent detection of criminal activities, conceal evidence, or to escape prosecution. Disclosure of this information could lead to the intimidation of, or harm to, informants, witnesses, and their respective families, and could jeopardize the safety and well-being of investigative personnel and their families. The imposition of certain restrictions on the manner in which investigative information is collected, verified, or retained would impede significantly the effectiveness of the Divisions' investigatory activities, and in addition, may often preclude the apprehension and successful prosecution of persons engaged in criminal activity in the labor-management area.

b. Other law enforcement. In accordance with paragraph 3(k) (2) of the Privacy Act, investigatory material compiled for law enforcement purposes other than material declared exempt under paragraph 3(j) (2) of the Act, which is maintained in the card index and case files of the Division of Enforcement of the Office of Labor-Management Standards Enforcement is exempt from paragraphs (c) (3), (d), (e) (4) (G), (H) and (I), and paragraph (f) of 5 U.S.C. 552a. The disclosure of information contained in civil investigative files, including the names of persons or agencies to whom the information has been transmitted, would substantially compromise the effectiveness of the Division's investigations. Knowledge of such investigations would enable subjects to take such action as is necessary to prevent detection of illegal activities, conceal evidence, or otherwise escape civil enforcement action. Disclosure of this information could lead to the intimidation of, or harm to, informants, witnesses, and their respective families, and, in addition, could jeopardize the safety and well-being of investigative personnel and their families. The imposition of certain restrictions on the manner in which investigative information is collected, verified, or retained would also impede significantly the effectiveness of the Division's investigatory activities.

DOL/MA-8

System name: Job Corps Mainstream File

System location: Room 2821, GAO Bldg., 441 G. St., N.W., Washington, D.C.

Categories of individuals covered by the system: Job Corps enrollees

Categories of records in the system: Personal characteristics

Authority for maintenance of the system: 29 U.S.C. 911 et seq.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: None

Storage: Magnetic tape

Retrievability: Social Security number.

Safeguards: Unique data set name and volume serial number for the file.

Retention and disposal: File is cumulative from inception of Job Corps.

System manager(s) and address: Chief, Division of ADP Systems, Patrick Henry Building, Room 4410, 601 D. Street, N.W., Washington, D.C. 20213.

Notification procedure: Systems Manager at above address.

Record access procedures: As above

Contesting record procedures: As above

Record source categories: Job Corps Centers

DOL/MA-9

System name: Job Corps Placement File

System location: Room 2821, GAO Bldg., 441 G. St., N.W., Washington, D.C.

Categories of individuals covered by the system: Job Corps enrollees

Categories of records in the system: Personal characteristics

Authority for maintenance of the system: 29 U.S.C. 911 et seq.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: None.

Storage: Magnetic Tape

Retrievability: Name and Social Security number.

Safeguards: Restricted to only authorized personnel.

Retention and disposal: File is cumulative since inception of Job Corps

System manager(s) and address: Chief, Division of ADP Systems, Patrick Henry Building, Room 4410, 601 D. Street, N.W., Washington, D.C. 20213.

Notification procedure: Systems Manager at above address.

Record access procedures: As above

Contesting record procedures: As above

Record source categories: Job Corps Centers

DOL/MA-14

System name: Job Corpsmember Personnel File

System location: State Employment Agencies, private contract screening agencies, Job Corps Regional Offices, Job Corps Centers, Gatehouses (contract placement), and Federal Records Centers (FRC)

Categories of individuals covered by the system: Job Corps trainees

Categories of records in the system: Complete personnel file of each corpsmember with all pertinent papers including: pay, allowance, health, education, vocational training and any correspondence or other documents relating to individual corpsmembers status, assignment, promotion, discipline, investigation, or course participation

Authority for maintenance of the system: Economic Opportunity Act of 1964, as amended.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: None.

Storage: Locked file cabinet with policy of limited access.

Retrievability: File retrieved only by name.

Safeguards: Locked file cabinets with policy of very limited access

Retention and disposal: Standard Form 115 has been submitted to GSA/NARS requesting treatment as Federal personnel files under General Records Schedule 1, Item 1.

System manager(s) and address: Corpsmember Records Liaison Officer, Corpsmember Support Unit, Patrick Henry Building, Room 6122, 601 D. Street, N.W. Washington, D.C. 20213

Notification procedure: Regional Manpower Administration Office, or Systems Manager at above address.

Record access procedures: Systems Manager at above address.

Contesting record procedures: Same as access.

Record source categories: Pertinent personnel data received from various employment related sources.

-DOL/OASA-3

System name: General Investigations file

System location: Directorate of Audit and Investigations, OASA, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

Categories of individuals covered by the system: Employees, applicants, contractors, subcontractors, grantees, subgrantees, claimants, and individuals threatening DOL employees.

Categories of records in the system: Resolution of investigations of criminal or conduct violations, ongoing investigation files, and investigatory index card files.

Authority for maintenance of the system: EO11222 and Title 5 USC 301.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Federal, state, or local government agencies for civil, criminal or regulatory law enforcement; hiring or retention of employees, security clearance, letting of contracts, issuance of licenses, grant or other benefits.

Storage: Information in the system is stored in case files and on index file cards alphabetically keyed to records maintained in case files.

Retrievability: Information is retrieved by name of respondent.

Safeguards: Information is kept in file cabinets in a locked, secured room. Access by key is limited to Office of Investigations staff only.

Retention and disposal: No retention and disposal procedure exists for investigative files. However, a proposal has been submitted for National Archives (NARS) approval. This proposal calls for the transfer of investigative files to the Federal Records Center (FRC) five years after the end of the fiscal year in which the last action occurred. The files would be held in the FRC for ten years and then destroyed. Index cards would be retained permanently.

System manager(s) and address: Director of Audit and Investigations, OASA, U.S. Department of Labor, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

Notification procedure: Address inquiries to the Systems Manager above.

Record access procedures: Individuals desiring to contest or amend information maintained in the system should direct their requests to the Systems Manager listed above, stating clearly and concisely what information is being contested, the reasons for contesting it, and the proposed amendment to the information sought.

Contesting record procedures: Same as above.

Record source categories: The information contained in this system was received from individual complaints, witnesses, respondents, Federal, state, and local government records, and individual or company records.

Systems exempted from certain provisions of the act:

a. Criminal law enforcement: In accordance with paragraph 3(j) (2) of the Act, information maintained in the files of the Office of Investigations (OI) is exempt from all provisions set forth in 5 U.S.C 552a except those requirements contained in paragraphs (b), (c) (1) and (2), (e) (4) (A) through (F), (e) (6), (7), (9), (10) and (11), and paragraph (i). The primary function of OI is that of enforcement of the criminal laws within the meaning of 5 USC 552a (j) (2). The file maintained by OI contains information compiled in connection with such criminal investigations. The confidential nature of this information is essential to the conduct of effective investigations into alleged unlawful activity and crime conducive situations. Knowledge of OI investigations could enable subjects to take such action as is necessary to prevent detection of criminal activities, conceal evidence, or to escape prosecution. In addition, it could lead to the intimidation of, or harm to, sources, informants, witnesses and their respective families. While the information from this system is to be withheld, it will only be withheld to the extent necessary to protect the integrity of such investigations.

b. Other Law Enforcement: In accordance with paragraph 3(k) (2) of the Act, other investigatory material including certain material compiled from reciprocal investigations is exempt from the requirements set forth in paragraphs (c) (3) (d), (e) (4) (G), (H), and (I), and (f) of the Act until such time as a determination is made based upon such information, at which time the information will only be withheld to the extent necessary to protect the identity of a confidential source who has furnished information under an express promise that his or her identity would be held in confidence (or prior to September 27, 1975, under an implied promise that the source's identity would be protected). This exemption is necessary in order to protect the integrity of law enforcement investigations as well as to protect the identities of sources who would not otherwise provide information.

V40241 DEC 15 75 XUM

c. Protective service. In accordance with paragraph 3 (k) (3) of the Act, OI investigatory material maintained in connection with assisting the U.S. Secret Service (USSS) to provide protective services to the President of the United States or other individuals pursuant to section 3056 of Title 18 is exempt from paragraphs (c) (3), (d), (e) (4) (G), (H) and (I) and paragraph (f) of the Act. This exemption will enable OI to continue its support of the U.S. Secret Service without compromising the effectiveness of either agency's activity.

d. Contract investigations. In accordance with paragraph 3(k) (5) of the Act, investigatory material compiled in connection with contract investigations solely for the purpose of determining suitability, eligibility, or qualifications for a DOL contract is exempt from paragraphs (c) (3), (d) and (f) of the Act to the extent that disclosure of such material would reveal the identity of a confidential source when an express promise has been given to withhold the identity of the source (or prior to September 27, 1975, under an implied promise that the source's identity would not be revealed). This exemption is necessary for OI to collect information from certain sources who would otherwise be unwilling to provide information necessary to conduct such investigations.

-DOL/OASA-6

System name: Directorate of Personnel Management, Office of Executive Staffing, Executive Assignment System File.

System location: Department of Labor Building, Rm. N5478, 200 Constitution Avenue, Washington, D.C. 20210.

Categories of individuals covered by the system: Department of Labor executives/managers at supergrade levels.

Categories of records in the system: Personnel information concerning candidates and appointees of supergrade positions.

Authority for maintenance of the system: Federal Personnel Manual, Chapter 305.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: Disclosure to staff members of DOL operating administrative/personnel offices; other Federal agencies personnel offices; Civil Service Commission/Bureau of Executive Manpower.

Storage: Manual Files

Retrievability: Organizational location and name.

Safeguards: Files located in private office, locked when not in use.

Retention and disposal: Active files are retained during employment. Inactive files are retained by organization for historical/ comparative purposes.

System manager(s) and address: Assistant Director, Office of Executive Staffing, Rm. N5476, NDOL, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

Notification procedure: N/A

Record access procedures: As above

Contesting record procedures: N/A

Record source categories: Civil Service Commission Forms SF171, 915, 916, 917, 0F8; DOL 1-481.

-DOL/OASA-8

System name: Executive Candidacy Self-Nomination Application File.

System location: Department of Labor, Room C5327, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

Categories of individuals covered by the system: Executive Candidacy, Senior Executive Development Program (GS-14 and GS-15 participants).

Categories of records in the system: Self-nomination forms, assessment results, Merit Staffing Report, Supervisor's evaluation.

Authority for maintenance of the system: Secretary's Order 15-74 on education and career development in DOL; manual on Senior Executive Development program; FPM letter 412-2 on Executive Management and Development.

Routine uses of records maintained in the system, including categories of users and the purposes of such uses: None.

Storage: Manual file

Retrievability: By individual's name.

Safeguards: Other than once to selection panel, information is disclosed to affected individual at his/her request.

Retention and disposal: Records updated by participant sending in additions.

System manager(s) and address: Director, Office of Education and Career Development, U.S. Department of Labor, Room C5327, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

Notification procedure: As above

Record access procedures: As above

Contesting record procedures: As above

Record source categories: Self-nomination form, Merit Staffing Report, Supervisor's evaluation submitted at request of participant. Assessment reports, by contract, seen by participant.

OFFICE OF MANAGEMENT AND BUDGET

RESCISSIONS AND DEFERRALS

Cumulative Report

V40241 DEC 15 75 XUM

OFFICE OF MANAGEMENT AND BUDGET

CUMULATIVE REPORT ON RESCISSIONS AND DEFERRALS/DECEMBER 1975

This report is submitted in fulfillment of the requirements of section 1014 (e) of the Impoundment Control Act of 1974 (Pub. L. 93-344). Section 1014(e) provides for a monthly report listing all current year budget authority with respect to which, as of the first day of the month, a special message has been transmitted to the Congress.

This month's report gives the status as of December 1, 1975, of the rescissions and deferrals contained in the first eight special messages transmitted to the Congress for fiscal year 1976. These messages were transmitted to the Congress on July 1 and 25, September 10 and 24, October 3 and 20, November 18, and December 1, 1975.

RESCISSIONS (ATTACHMENT A)

During the month of November, two additional special messages were transmitted to Congress bringing the total number of pending rescissions to 19 ($2,127.7 million in budget authority).

DEFERRALS (ATTACHMENT B)

As of December 1, 1975, $3,354.7 million in 1976 budget authority was being deferred from obligation and another $87.7 million in 1976 obligations was being deferred from expenditure.

The 85 deferrals transmitted in the eight 1976 special messages are tabulated in Attachment B.

INFORMATION FROM SPECIAL MESSAGES

The six special messages containing information on each of the rescissions and deferrals covered by the cumulative report are contained in the FEDERAL REGISTERS of:

Wednesday, July 9, 1975 (Vol. 40, No. 132, Part V).
Wednesday, July 10, 1975 (Vol. 40, No. 147, Part II).
Monday, September 15, 1975 (Vol. 40, No. 179, Part V).
Monday, September 29, 1975 (Vol. 40, No. 189, Part V).
Wednesday, October 8, 1975 (Vol. 40, No. 196, Part VII).
Thursday, October 23, 1975 (Vol. 40, No. 206, Part III).
Thursday, November 20, 1975 (Vol. 40, No. 225, Part VI).
Thursday, December 4, 1975 (Vol. 40, No. 234, Part II).

JAMES T. LYNN,
Director.

EXECUTIVE OFFICE OF THE PRESIDENT
OFFICE OF MANAGEMENT AND BUDGET
WASHINGTON, D.C. 20503

DEC 10 1975

Honorable Nelson A. Rockefeller
President of the Senate
Washington, D.C. 20510

Dear Mr. President:

In accordance with Executive Order 11845 I am transmitting the cumulative report required by Section 1014(e) of the Congressional Budget and Impoundment Control Act of 1974. In accordance with that Act, the report is also being transmitted to the House and will be published in the Federal Register.

Sincerely yours,

James T. Lynn
Director

Enclosure

IDENTICAL LETTER SENT TO THE SPEAKER OF THE HOUSE OF REPRESENTATIVES.

federal register

Area Code 202 — Phone 523-5240

Published daily, Monday through Friday (no publication on Saturdays, Sundays, or on official Federal holidays), by the Office of the Federal Register, National Archives and Records Service, General Services Administration, Washington, D.C. 20408, under the Federal Register Act (49 Stat. 500, as amended; 44 U.S.C., Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). Distribution is made only by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

The FEDERAL REGISTER provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive orders and Federal agency documents having general applicability and legal effect, documents required to be published by Act of Congress and other Federal agency documents of public interest.

The FEDERAL REGISTER will be furnished by mail to subscribers, free of postage, for $5.00 per month or $50 per year, payable in advance. The charge for individual copies is 75 cents for each issue, or 75 cents for each group of pages as actually bound. Remit check or money order, made payable to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

There are no restrictions on the republication of material appearing in the FEDERAL REGISTER.

Title 3—The President

Executive Order 11891 • December 15, 1975

Providing for the Closing of Government Departments and Agencies on Friday, December 26, 1975

By virtue of the authority vested in me as President of the United States, it is hereby ordered as follows:

SECTION 1. All Executive departments, independent establishments, and other governmental agencies, including their field services, except as provided by Section 2 below, shall be closed, and employees thereof shall be excused from duty, on Friday, December 26, 1975, the day following Christmas Day.

SEC. 2. Section 1 of this Order shall not apply to those offices and installations, or parts thereof, in the Department of State, the Department of Defense, or other departments, independent establishments, and governmental agencies which the heads thereof determine should remain open for reasons of national security or defense or other public reasons, nor to employees thereof who in the judgment of their agency heads should be at their posts of duty for these reasons.

SEC. 3. Friday, December 26, 1975, shall be considered as falling within the scope of Executive Order No. 11582 and of 5 U.S.C. 5546 and 6103(b) and other similar statutes so far as they relate to the pay and leave of employees of the United States.

Gerald R. Ford

THE WHITE HOUSE,
December 15, 1975.

rules and regulations

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents. Prices of new books are listed in the first FEDERAL REGISTER issue of each month.

Title 4—Accounts

CHAPTER III—COST ACCOUNTING STANDARDS BOARD

PART 412—COST ACCOUNTING STANDARD FOR COMPOSITION AND MEASUREMENT OF PENSION COST

Effective Date

On September 24, 1975, a Cost Accounting Standard entitled Cost Accounting Standard for Composition and Measurement of Pension Cost was published in the Federal Register (40 FR 43873 et seq.).

The effective date of the Standard which was reserved in the September 24 publication is January 1, 1976 and § 412.-80(a) is therefore supplemented as follows:

§ 412.80 Effective date.

(a) The effective date of this Standard is January 1, 1976.

(84 Stat. 796, sec. 103; 50 U.S.C. app. 2168).

ARTHUR SCHOENHAUT,
Executive Secretary.

[FR Doc.75-33883 Filed 12-15-75;8:45 am]

Title 7—Agriculture

SUBTITLE A—OFFICE OF THE SECRETARY OF AGRICULTURE

PART 1—ADMINISTRATIVE REGULATIONS

Investigatory Subpoenas: Issuance and Service Pursuant to Statutes Administered by the Secretary of Agriculture

Section 1.29(a), Title 7, Code of Federal Regulations is revised to clarify the conditions under which subpoenas may be issued, and to make it clear that authority to issue subpoenas may not be redelegated by the head of a Department agency.

Accordingly, § 1.29(a) is revised to read as follows:

§ 1.29 Subpoenas relating to investigations under statutes administered by the Secretary of Agriculture.

(a) *Issuance of subpoena.* When the Secretary is authorized by statute to issue a subpoena in connection with an investigation being conducted by the Department, the attendance of a witness and the production of evidence relating to the investigation may be required by subpoena at any designated place, including the witness' place of business. Upon request of any representative of the Secretary involved in connection with the investigation, such subpoena may be issued by the Secretary, any Department official authorized pursuant to Part 2 of this title to administer the program to which the statute relates, or by the Director, Office of Investigation with respect to an investigation involving the Federal Meat Inspection Act (21 U.S.C. 601 et seq.) or the Poultry Products Inspection Act (21 U.S.C. 451 et seq.), if the official who is to issue the subpoena is satisfied as to the reasonableness of the grounds, necessity and scope thereof: *Provided, however,* That the authority to issue subpoenas may not be delegated or redelegated by the head of an agency.

* * * * *

Effective date. This revision shall become effective on December 16, 1975.

Done at Washington, D.C., this 11 day of December, 1975.

EARL L. BUTZ,
Secretary of Agriculture.

[FR Doc.75-33849 Filed 12-15-75;8:45 am]

CHAPTER II—FOOD AND NUTRITION SERVICE, DEPARTMENT OF AGRICULTURE

SUBCHAPTER A—CHILD NUTRITION PROGRAMS

[Amdt. 8]

PART 245—DETERMINING ELIGIBILITY FOR FREE AND REDUCED PRICE MEALS AND FREE MILK IN SCHOOLS

Nondiscretionary Regulations

In FR Doc. 75-32771 appearing on page 57206 in the issue of Monday, December 8, 1975, the heading should have appeared as set forth above.

In § 245.3(c), on page 57207, in the 12th line the word "child" was misspelled.

Title 9—Animals and Animal Products

CHAPTER I—ANIMAL AND PLANT HEALTH INSPECTION SERVICE, DEPARTMENT OF AGRICULTURE

SUBCHAPTER C—INTERSTATE TRANSPORTATION OF ANIMALS (INCLUDING POULTRY) AND ANIMAL PRODUCTS

PART 78—BRUCELLOSIS

Subpart D—Designation of Brucellosis Areas, Specifically Approved Stockyards, and Slaughtering Establishments

BRUCELLOSIS AREAS

The amendments delete the following areas from the list of Modified Certified Brucellosis Areas in § 78.21 and add such areas to the list designated as Noncertified Areas in § 78.22 because it has been determined that they no longer come within the definition of a Modified Certified Brucellosis Area in § 78.1(m): Adair County in Missouri; Adair County in Oklahoma; Angelina, Dawson, Galveston, Garza, Hardeman, Hopkins, Jasper, Morris, Red River, Shelby, Terry, Uvalde, Webb, and Zavala Counties in Texas.

The amendments delete the following areas from the list of Noncertified Areas in § 78.22 and add such areas to the list designated as Modified Certified Brucellosis Areas in § 78.21 because it has been determined that they again come within the definition of a Modified Certified Brucellosis Area in § 78.1(m): Beadle County in South Dakota; Harris, Liberty, McMullen, Robertson, and Upshur Counties in Texas.

The amendments delete the following areas from the list of Certified Brucellosis-Free Areas in § 78.20 and add such areas to the list designated as Noncertified Areas in § 78.22 because it has been determined that they no longer come within the definition of a Certified Brucellosis-Free Area in § 78.1(l): Jackson County in Illinois; Brewster County in Texas.

The amendments delete the following areas from the list of Noncertified Areas in § 78.22 and add such areas to the list designated as Certified Brucellosis-Free Areas in § 78.20 because it has been determined that they again come within the definition of a Certified Brucellosis-Free Area in § 78.1(l): Newton County in Texas.

The amendments delete the following areas from the list of Certified Brucellosis-Free Areas in § 78.20 and add such areas to the list designated as Modified Certified Brucellosis Areas in § 78.21 because it has been determined that they now come within the definition of a Modified Certified Brucellosis Area in § 78.1(m): Bannock County in Idaho, Reeves County in Texas.

The amendments delete the following areas from the list of Modified Certified Brucellosis Areas in § 78.21 and add such areas to the list designated as Certified Brucellosis-Free Areas in § 78.20 because it has been determined that they now come within the definition of a Certified Brucellosis-Free Area in § 78.1(l): Baca and Prowers Counties in Colorado; Fulton, Gallatin, and Woodford Counties in Illinois; Sequatchie County in Tennessee; Box Elder County in Utah.

Accordingly, §§ 78.20, 78.21, and 78.22 of Part 78, Title 9, Code of Federal Regulations, designating Certified Brucellosis-Free Areas, Modified Certified Brucellosis Areas, and Noncertified Areas, respectively, are amended to read as follows:

§ 78.20 Movement of bison for purposes other than slaughter.

(Secs. 4–7, 23 Stat. 32, as amended; secs. 1 and 2, 32 Stat. 791–792, as amended; sec. 3, 33 Stat. 1265, as amended; sec. 2, 65 Stat. 693; and secs. 3 and 11, 76 Stat. 130, 132; 21 U.S.C. 111–113, 114a–1, 115, 117, 120, 121, 125, 134b; 134f, 37 FR 28464, 28477; 38 FR 19141, 9 CFR 78.16.)

Effective date. The foregoing amendments shall become effective December 16, 1975.

The amendments impose certain restrictions necessary to prevent the spread of brucellosis in cattle and relieve certain restrictions presently imposed. They should be made effective promptly in order to accomplish their purpose in the public interest and to be of maximum benefit to persons subject to the restrictions which are relieved. It does not appear that public participation in this rulemaking proceeding would make additional relevant information available to the Department.

Accordingly, under the administrative procedure provisions of 5 U.S.C. 553, it is found upon good cause that notice and other public procedure with respect to the amendments are impracticable, unnecessary, and contrary to the public interest, and good cause is found for making them effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 11th day of December 1975.

PIERRE A. CHALOUX,
Acting Deputy Administrator, Veterinary Services, Animal and Plant Health Inspection Service.

Title 14—Aeronautics and Space

CHAPTER I—FEDERAL AVIATION ADMINISTRATION, DEPARTMENT OF TRANSPORTATION

[Docket No. 14848; Amdt. 39-2469]

PART 39—AIRWORTHINESS DIRECTIVES

Hawker Siddeley Aviation Ltd., DH/BH-125 Airplanes

A proposal to amend Part 39 of the Federal Aviation Regulations to include an airworthiness directive requiring modification to strengthen inboard flap structures on certain Hawker Siddeley DH/BH-125 airplanes, which have been damaged in a number of cases due to landing on heavily watered, or slush, or snow covered runways, was published in the FEDERAL REGISTER on August 1, 1975 (40 FR 32342).

Interested persons have been afforded an opportunity to participate in the making of the amendment. No objections were received.

This amendment is made under the authority of sections 313(a), 601, and 603 of the Federal Aviation Act of 1958 (49 U.S.C. 1354(a), 1421, and 1423) and of section 6(c) of the Department of Transportation Act (49 U.S.C. 1655(c)).

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (14 CFR 11.89), §39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

HAWKER SIDDELEY AVIATION LTD. Applies to DH-125 series 3AR, S/N 25/148 and 149; series 3ARA, S/N 25/151, 152, 153, 155, 156, 158, 159, and NA 700 through NA 710; series 400 A, S/N NA 711 through NA 752 airplanes and to BH-125 series 400 A, S/N NA 753 through NA 780; and series 600A, S/N 25/6001 through 6004, 6007, 6009, 6010, 6011, 6013, 6014, 6016, 6018, 6020, 6022 through 6026, 6032, 6034, 6038, 6040, 6044, 6046, 6047, and 6051 airplanes.

Compliance required within the next 100 hours' time in service after the effective date of this AD, unless already accomplished.

To prevent structural damage to the inboard end of the flaps which can result from landing on heavily watered, or slush, or snow covered runways, incorporate the structural modification to the inboard end of the flap (L/H & R/H) in accordance with the accomplishment instructions in Hawker Siddeley Aviation Ltd. Service Bulletin 27-112 (2426), Revision 1, dated March 11, 1975, or an FAA-approved equivalent.

This amendment becomes effective on January 15, 1976.

Issued in Washington, D.C., on December 9, 1975.

R. P. SKULLY,
Director, Flight Standards Service.

[FR Doc.75-33767 Filed 12-15-75;8:45 am]

[Docket HM-128; Amdt. No. 103-27]

PART 103—TRANSPORTATION OF DANGEROUS ARTICLES AND MAGNETIZED MATERIALS

Carriage of Certain Hazardous Materials on Cargo-Only Aircraft as Only Means of Transportation

The purpose of these amendments to 14 CFR Part 103 is to authorize certain materials, the air transportation of which is otherwise prohibited or restricted, to be transported by cargo-only aircraft subject to special handling and operational controls when other means of transport are not practicable.

On October 1, 1975, the Materials Transportation Bureau published a notice of proposed rulemaking on this subject (40 FR 45197) inviting public comments and announcing a public hearing for October 23, 1975, in Washington, D.C. All comments received have been given due consideration.

As a result of comments received, the following changes which the Bureau believes compatible with the basic proposal have been made in the proposed amendments in addition to language changes for clarification:

1. The introductory clause in § 103.33 is reworded to (1) make that section equally applicable to small aircraft and helicopters operating in remote areas of the United States outside Alaska as well as within Alaska, and (2) include other flammable liquids, such as alcohol, used as fuel.

2. In the table in § 103.37(a), the entry pertaining to electric blasting caps (more than 1000) Class A explosives is revised to allow them to be carried on the same aircraft with non-hazardous cargo if they are packaged in IME 22 cap containers.

3. In the table in § 103.37(a), the entry pertaining to electric blasting caps (1000 or less) is revised to allow them to be carried in IME 22 or MC 201 cap containers on the same aircraft with other hazardous cargo, except Class A or Class B explosives.

4. In the table in § 103.37(a), the entry pertaining to high explosives Class A is revised to allow them to also be carried on the same aircraft with certain other commercial blasting agents which are similar to high explosives, are difficult to initiate, and are presently authorized for carriage aboard cargo-only aircraft.

5. In § 103.37(b)(2) requiring advance permission from airports where hazardous materials covered by new § 103.37 are to be loaded or unloaded or where the aircraft is to land enroute, a new provision is added in recognition of the possibility of the aircraft being diverted to an alternate airport.

6. In § 103.37(b)(6), the written instructions to be provided to the pilot of a cargo-only aircraft scheduled to carry any of the special hazardous materials shipments authorized by these amendments are modified to include the name of the airport official[s] who have granted the required approval for the use of his airport facilities.

7. The proposed prohibition in § 103.37(c)(4)(ii) against smoking and flame or spark producing devices within 50 feet of aircraft loading or unloading flammable or combustible liquid bulk tanks is transferred to paragraph (b)(9) of that section so as to make the prohibition applicable to all loadings and unloadings of hazardous materials covered by new § 103.37.

The Bureau has not adopted a number of other recommendations for the reasons stated:

1. It was recommended that electric blasting caps in IME 22 or MC 201 cap containers be allowed to accompany any other hazardous or non-hazardous cargo. As stated above, the proposed amendment has been modified to allow Class A shipments (1000 or more) with other non-hazardous materials and Class C shipments (less than 1000) with hazardous materials exclusive of Class A or B explosives as well as with non-hazardous cargoes.

The Bureau is considering a broad review and possible revision of the regulations pertaining to the classification and packaging of blasting caps for all modes of transportation. Until that effort is completed, the Bureau is not prepared to issue a regulation that would authorize large quantities of blasting caps (*i.e.*, Class A) to be transported in the same aircraft with other hazardous materials such as flammable liquids, corrosive liquids, or oxidizing materials. The Bureau's primary concern in this regard is the possible adverse interaction that could occur even considering the high integrity of the IME 22 container system.

2. It was also recommended that Class A high explosives be allowed to accompany non-hazardous materials. The Bureau believes that shipments of these explosives should be made on an exclusive basis receiving the full attention of the loading, off-loading, and airborne cargo handling personnel, the only exception being those closely related materials which have been added to the high explosives entry in the § 103.37(a) table: These materials, as pointed out by several commentors, are also used in blasting operations and are generally handled and treated with the same consideration as high explosives. Any further relaxations in this regard can only be considered and the related circumstances evaluated on a case-by-case basis.

In consideration of the foregoing, 14 CFR Part 103 is amended as follows:

1. In § 103.19, paragraphs (a) and (c) are revised to read as follows:

§ 103.19 **Quantity limitations.**

(a) Except as provided in § 103.31(b) in the case of a small, single pilot, cargo-means of transportation are not available or impracticable, no person may only aircraft being used when other carry more than 150 pounds net weight of nonflammable compressed gas in any inaccessible cargo pit or bin on any aircraft.

• • • • •

(c) Except as provided in § 103.31(b) in the case of a small, single pilot, cargo-only aircraft being used when other means of transportation are not available or impracticable, no person may carry more than 50 pounds of any article that is subject to this part (other than an article specified in paragraph (a) or (b) of this section and magnetized materials) in any inaccessible cargo pit or bin of any aircraft.

• • • • •

2. Section 103.31(b) is revised to read as follows:

§ 103.31 **Cargo location.**

• • • • •

(b) Except in the case of a small, single pilot aircraft being used where other means of transportation are not available or impracticable, each person carrying materials acceptable only for cargo aircraft shall carry those articles in a location accessible to a crewmember in flight. When materials acceptable for cargo-only aircraft are carried on a small, single pilot, cargo-only aircraft being used where other means of transportation are not available or impracticable, they may be carried in a location that is not accessible to the pilot, subject to the following conditions:

(1) No person other than the pilot, an FAA inspector, the shipper or consignee of the material or a representative of the shipper or consignee so designated in writing, or a person necessary for handling the material may be carried on the aircraft.

(2) The pilot must be provided with written instructions on characteristics and proper handling of the material.

(3) Whenever a change of pilots occurs while the material is on board, the new pilot must be briefed under a hand-to-hand signature service provided by the operator of the aircraft.

• • • • •

3. In § 103.33 the heading and the introductory clause preceding paragraph (a) are revised; paragraph (c)(3) is added to read as follows:

§ 103.33 **Transportation of flammable liquid fuels in small, passenger-carrying aircraft.**

A small aircraft or helicopter operated entirely within the State of Alaska or into a remote area elsewhere in the United States may carry, in other than scheduled passenger operations, not more than 20 gallons of flammable liquid fuels—

• • • • • •

(c) • • •

(3) DOT Specification 17E containers of not more than 5 gallons capacity.

• • • • •

4. A new section 103.37 is added to read as follows:

§ 103.37 **Cargo-only aircraft; only means of transportation.**

(a) Notwithstanding § 103.9(a) (1) and (2), when means of transportation other than air are not available or are impracticable, hazardous materials listed in the following table may be carried on a cargo-only aircraft subject to the conditions stated in the table and in paragraph (b) and, when appropriate, paragraph (c) of this section:

Material description	Class	Conditions
Electric blasting caps (more than 1000).	Class A explosives..	Permitted only when no other cargo is aboard the aircraft. However, if the electric blasting caps are packed in an IME 22 container (*see* 49 CFR 171.7(d)(9)) they may be transported in the same aircraft with materials that are not classed as hazardous materials.
Electric blasting caps (1000 or less).	Class C explosives..	Permitted only when no other cargo is aboard the aircraft. However, if the electric blasting caps are packed in a DOT MC 201 container (49 CFR 178.318) or an IME 22 container (*see* 49 CFR 171.7(d)(9)) they may be transported in the same aircraft with materials other than Class A or Class B explosives.
Gasoline	Flammable liquid...	Permitted in metal drums having rated capacities of 55 gal or less. May not be transported in the same aircraft with materials classed as Class A, B, or C explosives, corrosive materials or oxidizing materials. Permitted in installed metal tanks each having a capacity of more than 110 gal subject to the conditions specified in paragraph (c) of this section.
High explosives	Class A explosives..	Limited to explosives to be used for blasting. Permitted only when no other cargo is aboard the aircraft or when being transported in the same aircraft with an authorized shipment of any one or more of the following materials to be used for blasting: Nitro carbo nitrate. Cordeau detonant fuse. Propellant explosive (solid) Class B [water gels only]. Propellant explosive (liquid) Class B [water gels only].
Oil, n.o.s.; petroleum oil; or petroleum oil, n.o.s.	Flammable liquid...	Permitted in metal drums having rated capacities of 55 gal or less. May not be transported in the same aircraft with materials classed as Class A, B, or C explosives, corrosive materials or oxidizing materials. Permitted in installed metal tanks each having a capacity of more than 110 gal subject to the conditions specified in paragraph (c) of this section.
Combustible liquid, n.o.s.	Combustible liquid.	Permitted in installed metal tanks each having a capacity of more than 110 gal subject to the conditions specified in paragraph (c) of this section.

(b) The following conditions apply to the carriage of hazardous materials performed under the authority of this section:

(1) No person other than a required flight crewmember, an FAA inspector, the shipper or consignee of the material or a representative of the shipper or consignee so designated in writing, or a person necessary for handling the material may be carried on the aircraft.

(2) The operator of the aircraft must have advance permission from the owner or operator of each manned airport where the material is to be loaded or unloaded or where the aircraft is to land while the material is on board. When the destination is changed after departure because of weather or other unforeseen circumstances, permission from the owner or operator of the alternate airport should be obtained as soon as practicable before landing.

(3) At any airport where the airport owner or operator or authorized representative thereof has designated a location for loading or unloading the material concerned, the material may not be loaded or unloaded at any other location.

(4) If the material concerned can create destructive forces or have lethal or injurious effects over an appreciable area as a result of an accident involving the aircraft or the material, the loading and unloading of the aircraft and its operation in takeoff, en route, and in landing must be conducted at a safe distance from heavily populated areas and from any place of human abode or assembly.

V 40 242 DEC 16 75 XUM

(5) If the aircraft is being operated by a holder of a certificate issued under Part 121, Part 127, or Part 135 of this title, operations must be conducted in accordance with conditions and limitations specified in the certificate holder's operations specifications or operations manual accepted by the FAA. If the aircraft is being operated under Part 91 of this title, operations must be conducted in accordance with an operations plan accepted and acknowledged in writing by the operator's FAA District Office.

(6) Each pilot of the aircraft must be provided written instructions stating the conditions and limitations of the operation being conducted and the name of the airport official[s] granting the advance permission required by the first sentence of subparagraph (2) of this paragraph.

(7) The aircraft and the loading arrangement to be used must be approved for safe carriage of the particular materials concerned by the FAA District Office holding the operator's certificate and charged with overall inspection of its operations, or the appropriate FAA District Office serving the place where the material is to be loaded.

(8) When Class A explosives are carried under the authority of this section, the operator of the aircraft shall obtain route approval from the FAA inspector in the operator's FAA District Office.

(9) During loading and unloading, no person may smoke, carry a lighted cigarette, cigar, or pipe, or operate any device capable of causing an open flame or spark within 50 feet of the aircraft.

(c) The following additional conditions apply to the carriage of flammable liquids and combustible liquids in metal tanks each having a capacity of more than 110 gallons under the authority of this section:

(1) The tanks and their associated piping and equipment and the installations thereof must have been approved under a supplemental type certificate.

(2) In the case of an aircraft being operated by a certificate holder, the operator shall list the aircraft and the supplemental type certificate approval information in its operating specifications. If the aircraft is being operated by other than a certificate holder, a copy of the supplemental type certificate must be carried on board the aircraft.

(3) The crew of the aircraft must be thoroughly briefed on the operation of the particular bulk tank system being used.

(4) During loading and unloading and thereafter until any remaining fumes within the aircraft are dissipated:

(i) Only those electrically operated bulk tank shutoff valves that have been approved under a supplemental type certificate may be electrically operated.

(ii) No engine or electrical equipment, avionic equipment, or auxiliary power units may be operated, except position lights in the steady position and equipment required by approved loading or unloading procedures, as set forth in the operator's operations manual, or for operators that are not certificate holders, as set forth in a written statement.

(iii) No person may fill a container, other than an approved bulk tank, with a flammable or combustible liquid or discharge a flammable or combustible liquid from a container, other than an approved bulk tank, while that container is inside or within 50 feet of the aircraft.

(iv) When filling an approved bulk tank by hose from inside the aircraft, the doors and hatches must be fully open to insure proper ventilation.

(v) Static ground wires must be connected between the storage tank or fueler and the aircraft, and between the aircraft and a positive ground device.

Since these amendments relieve restrictions and do not impose any new duties or obligations, they are being made effective in less than 30 days after publication in the FEDERAL REGISTER.

(49 U.S.C. 1472(h) (1), 49 CFR 1.53(h).)

Effective date: These amendments are effective on December 11, 1975.

Issued in Washington, D.C., on December 11, 1975.

JAMES T. CURTIS, Jr.,
Director, Materials Transportation Bureau.

In the Matter of Inter-Continental Services Corporation, a Corporation, and North American Credit Services, Inc., a Corporation, and Jerome E. Baker, Jerry L. Nickell, and James F. Bell, Individually and as Officers of said Corporations, and Ronald A. Green and Thomas F. Fangrow, Individually and as Officers of Inter-Continental Services Corporation, and Richard L. Wilson, Individually and as an Officer of North American Credit Services, Inc.

Consent order requiring two Shawnee Mission, Kans., debt collection agency affiliates, among other things to cease using legal-looking forms, letterheads or language that might deceive debtors or credit card holders, and making telephone misrepresentations. Further, the order limits the times during which the credit card holder or debtor may be called.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows: [1]

ORDER

It is ordered, That respondents Inter-Continental Services Corporation, a corporation, its successors and assigns, and its officers, and North American Credit Services, Inc., a corporation, its successors and assigns, and its officers, and Jerome E. Baker, Jerry L. Nickell and James F. Bell, individually and as officers of said corporations, and Ronald A. Green and Thomas F. Fangrow, individually and as officers of Inter-Continental Services Corporation, and Richard L. Wilson, individually and as an officer of North American Credit Services, Inc., and respondents' representatives, agents and employees, directly or through any corporation, subsidiary, division or other device, in connection with the collection of accounts or the retrieval of credit cards in or affecting commerce as "commerce" is defined by the Federal Trade Commission Act, do forthwith cease and desist from:

1. Representing, directly or by implication, that any legal action is being considered, will be taken, or has been taken, or using any forms, letters or other documents which simulate legal process.

2. Representing, directly or by implication, that respondents or their agents or employees are attorneys, or misrepresenting in any manner the position or function of any of respondents, their agents or employees.

3. Representing, directly or by implication, that the failure of any individual to pay amounts requested, or to take any other action, will result in garnishment of wages, attachment of any property, or will affect the individual's credit rating.

4. Communicating or threatening to communicate with any alleged debtor's employer or any other person not liable for the debt, other than the spouse or attorney of the alleged debtor, except by order of a court, or solely to locate an alleged debtor whose whereabouts are genuinely unknown by respondents: *Provided That,* in these circumstances, no mention of the alleged indebtedness is made.

5. Placing of any telephone call to any alleged debtor or to any individual from whom respondents wish to retrieve a credit card, in the time zone of such person, before the hour of 8:00 a.m. or after the hour of 9:00 p.m. on week days, including Saturdays; or before the hour of 11:00 a.m. or after the hour of 9:00 p.m. on Sundays unless permission is received from such person to so call.

[1] Copies of the Complaint, Decision and Order, filed with the original document.

6. Misrepresenting in any manner the consequences of individuals' or alleged debtors' failure to comply with any of respondents' requests or demands.

It is further ordered, That respondents maintain and make available records relative to complaints received by respondents involving the acts and practices prohibited by this order and which describe steps taken by respondents to investigate and dispose of said complaints. Said records shall be maintained for a period of six (6) months from the date such complaint is received, for inspection and copying by the Federal Trade Commission.

It is further ordered, That respondent corporations shall forthwith distribute a copy of this order to each of their operating divisions, to each of their branch offices, and to each of their customers.

It is further ordered, That respondents notify the Commission at least thirty (30) days prior to any proposed change in the corporate respondents such as dissolution, assignment or sale resulting in the emergence of a successor corporation, the creation or dissolution of subsidiaries or any other change in the corporations which may affect compliance obligations arising out of the order.

It is further ordered, That the individual respondents named herein promptly notify the Commission of the discontinuance of their present business or employment and of their affiliation with a new business or employment. Such notice shall include respondents' current business address and a statement as to the nature of the business or employment in which they are engaged as well as a description of their duties and responsibilities.

It is further ordered, That the respondents herein shall within sixty (60) days after service upon them of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which they have complied with this order.

The Decision and Order was issued by the Commission Nov. 14, 1975.

CHARLES A. TOBIN,
Secretary.

[FR Doc.75-33760 Filed 12-15-75;8:45 am]

[Docket No. C-2762]

PART 13—PROHIBITED TRADE PRACTICES, AND AFFIRMATIVE CORRECTIVE ACTIONS

Ira Sachs t/a Burglar King

Subpart—Corrective actions and/or requirements: § 13.533 Corrective actions and/or requirements; 13.533–20 Disclosures; 13.533–45 Maintain records; 13.533–45(k) Records, in general; 13.533–55 Refunds, rebates and/or credits. Subpart—Neglecting, unfairly or deceptively, to make material disclosure: § 13.1852 Formal regulatory and statutory requirements; § 13.1892 Sales contract, right-to-cancel provision; § 13.1905 Terms and conditions; 13.905–50 Sales contract.

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interprets or applies sec. 5, 38 Stat. 719, as amended; 15 U.S.C. 45)

In the Matter of Ira Sachs, an Individual, Trading and Doing Business as Burglar King

Consent order requiring a Chicago, Ill., door-to-door seller of burglar gates, among other things to cease violating provisions of the Trade Regulation Rule on Door-to-Door Sales (16 CFR 429) by failing to disclose to customers of their right to cancel contracts during a specified cooling-off period with full refund of any monies paid.

The order to cease and desist, including further order requiring report of compliance therewith, is as follows: [1]

ORDER

It is ordered, That respondent Ira Sachs, an individual, trading and doing business as Burglar King, or under any name or names, its successors and assigns and respondent's agents, representatives and employees, directly or through any corporation, subsidiary, division or other device, in connection with any door-to-door sale of consumer goods or services, as such sales are defined in the Federal Trade Commission Trade Regulation Rule Concerning a Cooling-Off Period Rule for Door-To-Door Sales (16 CFR 429.1) (hereinafter "the Commission Rule"), do forthwith cease and desist from:

1. Failing to furnish their buyers with a fully completed copy of the contract used in door-to-door sales, as such transactions are defined in the Rule, which contains in immediate proximity to the space reserved in the contract for the signature of the buyer a summary notice of the buyer's right to cancel in substantially the same form as that required in subsection (a) of the Commission's Rule.

2. Failing to inform each buyer orally at the time he signs the contract or purchases the goods or services of his right to cancel as required in subsection (e) of the Commission's Rule.

3. Including in their door-to-door contracts a confession of judgment clause.

4. Engaging in any act or practice which constitutes an unfair or deceptive act or practice pursuant to the Commission's Trade Regulation Rule entitled "Cooling Off Period for Door to Door Sales", effective June 7, 1974, 16 C.F.R. 429 (a copy of which is attached hereto as Appendix A), and any amendments thereto.

It is further ordered, That respondent deliver a copy of this order to cease and desist to all present and future personnel of respondent engaged in the door-to-door sale of the respondents' goods or services, as such transactions are defined in the Commission's Rule, and that respondent secure a signed statement acknowledging receipt of said order from each such person.

It is further ordered, That the respondent named herein promptly notify the Commission of the discontinuance of his present business or employment and of his affiliation with a new business or employment. Such notice shall include respondent's current business address and a statement as to the nature of the business or employment in which he is engaged as well as a description of his duties and responsibilities.

It is further ordered, That respondent notify the Commission at least thirty (30) days prior to any proposed change in the company ownership, such as dissolution, assignment or sale, the creation or dissolution of subsidiaries, incorporation, or any other change in the ownership which may affect compliance obligations arising out of the order.

It is further ordered, That respondent, in connection with the promotion, offering for sale, sale or distribution of any consumer goods or services included in this order, offer to cancel the sale of such goods or services and to refund immediately all monies paid by any customer who was procured by or involved a violation of any of the provisions of this Order; and make such cancellation and refund to any customer who so elects. Respondent shall maintain a list of the names and addresses of such customers requesting a cancellation of their contracts or a refund under the terms of this paragraph for a three (3) year period together with a record of the action taken in each case and make such records available for inspection by the Commission.

It is further ordered, That the respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report, in writing, setting forth in detail the form and manner in which they have complied with this order.

The Decision and Order was issued by the Commission Nov. 4, 1975.

CHARLES A. TOBIN,
Secretary.

[FR Doc.75-33761 Filed 12-15-75;8:45 am]

[1] Copies of the Complaint, Decision and Order, filed with the original document.

Title 21—Food and Drugs

CHAPTER I—FOOD AND DRUG ADMINISTRATION, DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

SUBCHAPTER B—FOOD AND FOOD PRODUCTS

[FAP6H5104/R 17; (FRL 469–2)]

PART 123—TOLERANCES FOR PESTICIDES IN FOOD ADMINISTERED BY THE ENVIRONMENTAL PROTECTION AGENCY

2,4-D

On October 28, 1975, the Environmental Protection Agency (EPA) announced (40 FR 50124) that the Department of the Army, Office of the Chief of Engineers (DAEN-CWO-R), Washington, DC 20314, had submitted a petition (FAP6H5104) which proposed that 21 CFR 123.100 be amended by establishing a food additive regulation permitting the use of the herbicide and plant regulator 2,4-dichlorophenoxyacetic acid (2,4-D) in potable water with a tolerance of 0.1 part per million. Residues would

V 40 242 DEC 16 75 XUM

result from the application of the dimethylamine salt of 2,4-D in water hyacinth control programs conducted by the Corps of Engineers or other Federal, State, or local public agencies in ponds, lakes, reservoirs, marshes, bayous, drainage ditches, canals, rivers and streams that are quiescent or slow moving. No comments were received by the Agency in response to this notice of filing.

The data submitted in the petition and other relevant material have been evaluated and it is concluded that the regulation should be established. The tolerance established by amending 21 CFR 123.100 will protect the public health.

Any person adversely affected by this regulation may, on or before January 15, 1976, file written objections with the Hearing Clerk, Environmental Protection Agency, 401 M St. SW, East Tower, Room 1019, Washington DC 20460. Such objections should be submitted in quintuplicate and specify both the provisions of the regulation deemed to be objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought.

Effective on December 16, 1975, Part 123, Subpart A, Section 123.100, is amended as set forth below.

(Section 409(c)(1) of the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 348(c)(1)])

Dated: December 9, 1975.

EDWIN L. JOHNSON,
Deputy Assistant Administrator for Pesticide Programs.

Section 123.100 is amended by revising the regulation to permit the use of 2,4-D in potable water in water hyacinth control programs as follows:

* * * * *

§ 123.100 2,4-D.

Tolerances are established for residues of the herbicide 2,4-D (2,4-dichlorophenoxyacetic acid) as follows:

2 parts per million in the milled fractions (except flour) derived from barley, oats, rye, and wheat to be ingested as food or to be converted to food. Such residues may be present therein only as a result of application to the growing crop of the herbicides identified in 40 CFR 180.142.

0.1 part per million (negligible residue) in potable water. Such residues may be present therein only:

(a) as a result of the application of the dimethylamine salt of 2,4-D to irrigation ditch banks in the Western United States in programs of the Bureau of Reclamation; cooperating water user organizations; the Bureau of Sport Fisheries, U.S. Department of the Interior; Agricultural Research Service, U.S. Department of Agriculture; and the Corps of Engineers, U.S. Department of Defense.

(b) as a result of the application of the dimethylamine salt of 2,4-D for water hyacinth control in ponds, lakes, reservoirs, marshes, bayous, drainage ditches, canals, rivers and streams that are quiescent or slow moving in programs of the Corps of Engineers or other Federal, State, or local public agencies.

(c) as a result of application of the dimethylamine salt of 2,4-D and the butoxyethanol ester of 2,4-D to the Fort Cobb Reservoir in central Oklahoma under an experimental use program which expires June 20, 1976. This program is to be conducted by the Bureau of Reclamation, U.S. Department of Interior. Residues remaining in potable water after June 20, 1976, will not be considered actionable if the pesticide is legally applied during the term and in accordance with provisions of the experimental permit/food additive tolerance.

* * * * *

[FR Doc.75-33869 Filed 12-15-75;8:45 am]

SUBCHAPTER D—DRUGS FOR HUMAN USE

[Docket No. 75N-0241]

PART 369—INTERPRETATIVE STATEMENT RE WARNINGS ON DRUGS AND DEVICES FOR OVER-THE-COUNTER SALE

Insulin Syringes; Recommended Warning and Caution Statement, Effective Date Extension

This order extends to July 6, 1976, the effective date of the requirement that all insulin syringe labeling carry a warning and caution statement.

In an amendment of § 369.30 (21 CFR 369.30), published in the FEDERAL REGISTER of October 6, 1975 (40 FR 46100), the Commissioner of Food and Drugs required that a warning and caution statement be added to the labeling of all insulin syringes after January 5, 1976. The order was based on a proposal published in the FEDERAL REGISTER of November 15, 1974 (39 FR 40301).

The Commissioner concludes, on the basis of information contained in petitions submitted to FDA requesting an extension of the effective date, and other relevant data, that the order of October 6, 1975 should be amended to provide for a 6-month extension of the effective date.

This extension would give manufacturers ample time to make changes in the labeling of individual syringes. Copies of the petitions are available for review at the office of the Hearing Clerk, Food and Drug Administration, Rm. 4-65, 5600 Fishers Lane, Rockville, MD 20852.

The Commissioner is aware, however, that manufacturers currently have the capacity to provide copies of the warning and caution statement with wholesale and retail packages of insulin syringes distributed in bulk. In most cases, this information could be distributed to the appropriate user (e.g., through a hospital or retail pharmacy), thus providing the user with the needed information during the interval between January 6, 1976, when the regulation was to become effective, and July 6, 1976, the new effective date.

As a condition to granting the extension, the Commissioner is requiring that after January 5, 1976, and until July 6, 1976, manufacturers provide copies of the warning and caution statement with wholesale and retail packages of insulin syringes distributed in bulk. The Commissioner will consider petitions requesting exceptions to this interim requirement, provided that the petitioner can substantiate a claim with sufficient data that compliance with this requirement would result in a substantial disruption of the supply of insulin syringes or would in any other way be detrimental to the public health.

Therefore, under the Federal Food, Drug, and Cosmetic Act (secs. 201(m), 502, 701(a), 52 Stat. 1041, 1050-1051 as amended, 1055 (21 U.S.C. 321(m), 352, 371(a))), and under authority delegated to the Commissioner (21 CFR 2.120), the effective date for the order amending § 369.30 is revised to read as follows:

Effective date. Manufacturers shall provide product inserts of the required labeling under this regulation with all wholesale and retail packages of insulin syringes distributed in bulk after January 5, 1976 and before July 6, 1976. The labeling of all individual insulin syringes introduced into interstate commerce after July 5, 1976 shall be in compliance with this regulation.

(Secs. 201(m), 502, 701(a), 52 Stat. 1041, 1050-1051, 1055 (21 U.S.C. 321(m), 352, 371(a)).)

Dated: December 10, 1975.

WILLIAM F. RANDOLPH,
Acting Associate Commissioner for Compliance.

[FR Doc.75-33773 Filed 12-15-75;8:45 am]

PART 440—PENICILLIN ANTIBIOTIC DRUGS

Ampicillin Trihydrate-Probenecid Capsules

The Commissioner of Food and Drugs has evaluated data submitted in accordance with regulations promulgated under section 507 of the Federal Food, Drug, and Cosmetic Act as amended (21 U.S.C. 357), with respect to approval of the antibiotic drug product, ampicillin trihydrate-probenecid capsules.

The Commissioner concludes that data supplied by the manufacturer concerning the subject antibiotic drug product are adequate to establish its safety and efficacy when used as directed in the labeling and that the regulations should be amended to provide for its certification, effective December 16, 1975.

Therefore, under the Federal Food, Drug, and Cosmetic Act (sec. 507, 59 Stat. 463, as amended (21 U.S.C. 357)) and under authority delegated to the Commissioner (21 CFR 2.120), Part 440 is amended by adding new § 440.107e to read as follows:

§ 440.107e Ampicillin trihydrate-probenecid capsules.

(a) *Requirements for certification—*

(1) *Standards of identity, strength, quality, and purity.* Ampicillin trihydrate-probenecid capsules are composed of ampicillin trihydrate and probenecid with or without one or more buffer substances, diluents, binders, lubricants, vegetable oils, colorings, and flavorings enclosed in a gelatin capsule. Each capsule contains ampicillin trihydrate equivalent to 389 milligrams of ampicillin and 111 milligrams of probenecid. Its ampicillin content is satisfactory if it is not less than 90 percent and not more than 120 percent of the number of milligrams of ampicillin that it is represented to contain. Its probenecid content is satisfactory if it is not less than 90 percent and not more than 110 percent of the number of milligrams of probenecid that it is represented to contain. Its moisture content is not less than 8.5 percent and not more than 13.0 percent. The ampicillin trihydrate used conforms to the standards prescribed by § 440.7(a)(1). The probenecid used conforms to the standards prescribed by the U.S.P.

(2) *Labeling.* In addition to the labeling requirements prescribed by § 432.5 of this chapter, this drug shall be labeled "ampicillin-probenecid capsules".

(3) *Requests for certification; samples.* In addition to complying with the requirements of § 431.1 of this chapter, each such request shall contain:

(i) Results of tests and assays on:

(A) The ampicillin trihydrate used in making the batch for potency, safety, loss on drying, pH, ampicillin content, concordance, crystallinity, and identity.

(B) The probenecid used in making the batch for all U.S.P. specifications.

(C) The batch for ampicillin content, probenecid content, and moisture.

(ii) Samples required:

(A) The ampicillin trihydrate used in making the batch: 10 packages, each containing approximately 300 milligrams.

(B) The batch: A minimum of 30 capsules.

(b) *Tests and methods of assay*—(1) *Ampicillin content.* Use any of the following methods; however, the results obtained from the microbiological agar diffusion assay shall be conclusive.

(i) *Microbiological agar diffusion assay.* Proceed as directed in § 436.105 of this chapter, preparing the sample for assay as follows: Place a representative number of capsules into a high-speed glass blender jar with sufficient 0.1*M* potassium phosphate buffer, pH 8.0 (solution 3), to give a stock solution of convenient concentration. Blend for 8 to 10 minutes. Remove an aliquot and further dilute with solution 3 to the reference concentration of 0.1 microgram of ampicillin per milliliter (estimated).

(ii) *Iodometric assay.* Proceed as directed in § 436.204 of this chapter, preparing the sample as follows: Place the contents of a representative number of capsules into a high-speed glass blender jar with sufficient distilled water to give a convenient concentration. Blend for 8 to 10 minutes. Filter through Whatman No. 2 filter paper. Further dilute an aliquot of the filtrate with distilled water to the prescribed concentration.

(2) *Probenecid content*—(i) *Preparation of standard solution.* Transfer approximately 25 milligrams of probenecid reference standard U.S.P., accurately weighed, to a 25-milliliter volumetric flask. Dissolve and dilute to volume with 1 percent aqueous sodium carbonate solution.

(ii) *Preparation of sample solution.* Place the contents of a representative number of capsules into a high-speed glass blender jar with 100 milliliters of 1 percent aqueous sodium carbonate solution for each capsule. Blend for 8 to 10 minutes. Filter a portion through Whatman No. 2 filter paper, discarding the first 10-milliliter portion of the filtrate.

(iii) *Procedure.* Transfer 2.0 milliliters of the clear filtrate to a 125-milliliter separatory funnel and add 8.0 milliliters of 1.0*N* hydrochloric acid. Extract the solution with four 20-milliliter portions of chloroform, filtering each extract into a 100-milliliter volumetric flask through a glass wool pledget and 6 grams of chloroform-washed anhydrous sodium sulfate. Wash the pledget and sodium sulfate with chloroform, dilute to volume with chloroform and mix. Treat 2.0 milliliters of the standard solution in the same manner. Using a suitable spectrophotometer equipped with a 1-centimeter cell and chloroform washed with 1 percent aqueous sodium carbonate solution as a blank, determine the absorbance of the sample and standard solutions at the peak near 257 nanometers.

(iv) *Calculations.* Calculate the probenecid content as follows:

$$\text{Milligrams probenecid per capsule} = \frac{\text{Absorbance of sample} \times \frac{\text{weight of standard in milligrams}}{\text{Absorbance of standard} \times 25} \times \text{percent purity of standard}}{}$$

$$\text{Milligrams probenecid per capsule} = \frac{\text{Absorbance of sample} \times \frac{\text{weight of standard in milligrams}}{\text{Absorbance of standard} \times 25} \times \text{percent purity of standard}}{}$$

(3) *Loss on drying.* Proceed as directed in § 436.200(a) of this chapter.

As the conditions prerequisite to providing for certification of the subject antibiotic drug product have been complied with and since the matter is noncontroversial in nature, notice and public procedure and delayed effective date are not prerequisites to this promulgation.

Effective date. This amendment shall become effective December 16, 1975.

(Sec. 507, 59 Stat. 463, as amended (21 U.S.C. 357))

Dated: December 10, 1975.

MARY A. MCENIRY,
Assistant to the Director for Regulatory Affairs, Bureau of Drugs.

[FR Doc.75-33772 Filed 12-15-75;8:45 am]

SUBCHAPTER E—ANIMAL DRUGS, FEEDS, AND RELATED PRODUCTS

PART 556—TOLERANCES FOR RESIDUES OF NEW ANIMAL DRUGS IN FOOD

PART 558—NEW ANIMAL DRUGS FOR USE IN ANIMAL FEEDS

Monensin

The Commissioner of Food and Drugs has evaluated a new animal drug application (95-735V) filed by Elanco Products Co., Division of Eli Lilly & Co., 740 South Alabama St., Indianapolis, IN 46206, proposing the safe and effective use of monensin in the feed of cattle. The new animal drug application also proposes that finished feeds prepared from a 20-gram-per-pound premix as the sole drug need not satisfy all the requirements of section 512(m) of the Federal Food, Drug, and Cosmetic Act. The application is approved, effective December 16, 1975.

Monensin as the sole drug premix meets the uniform criteria set forth in 1971 Bureau of Veterinary Medicine memoranda for administrative waiver of the ministerial requirements of section 512(m) of the act. The pertinent provisions of the memoranda indicate that waiver is appropriate if:

1. The feeding of 1.5X to 2X level of the product in the finished feed does not have an impact on the tissue residue picture, i.e., an impact on an existing withdrawal period or tolerance.

2. The product is not a known carcinogen or is not classed with a family of known carcinogens.

3. Appropriate documentation covering animal safety is on file. This will not require additional generation of data in that this documentation is by definition a part of the new animal drug application (NADA).

4. The margin of safety to the animal and safety to the consumer is such that the product label does not have to contain a statement such as "Use as the sole source of * * *".

5. Data are on file to demonstrate that the product is efficacious over the approved range. This data should generally satisfy current standards for the demonstration of efficacy.

6. Except under special circumstances, the product has been used at least 3 years in the target species without significant complaints related to or associated with it. Applications of this criterion require a review of the available Drug Experience Reports.

The memoranda make explicit that because waiver of the ministerial requirements of section 512(m) is permitted only for specific efficacy claims or at specific levels of the drugs, distinct products with corresponding labeling for those claims or levels should exist. This is necessary in order to cover those premixes that can be made into finished feeds with various concentrations of drugs.

The foregoing criteria established in the 1971 memoranda constitute an interim agency policy that is under review. The Bureau of Veterinary Medicine is preparing a proposed regulation for publication in the FEDERAL REGISTER, based on the criteria listed above, governing waiver of the 512(m) requirements for

V 40 242 DEC 16 75 XUM

the finished feed. In waiving the ministerial requirements of section 512(m), the agency has not waived the current good manufacturing practice regulations under Part 225 (21 CFR 225) for feed mills mixing such feeds.

The Commissioner is amending Part 558 to reflect this approval, and Part 556 to provide a tolerance for negligible residues of monensin in the edible tissues of cattle.

In accordance with § 514.11(e)(2)(ii) (21 CFR 514.11(e)(2)(ii)) of the animal drug regulations, a summary of the safety and effectiveness data and information submitted to support the approval of this application is released publicly. The summary is available for public examination at the office of the Hearing Clerk, Rm. 4–65, 5600 Fishers Lane, Rockville, MD 20852, Monday through Friday from 9 a.m. to 4 p.m., except on Federal legal holidays.

The Commissioner has carefully considered the environmental effects of the regulation and, because it does not significantly affect the quality of the human environment, has concluded that an environmental impact statement is not required. Copies of the FDA environmental impact assessment are on file with the Hearing Clerk, Food and Drug Administration, address noted above.

Therefore, under the Federal Food, Drug and Cosmetic Act (sec. 512(i), 82 Stat. 347 (21 U.S.C. 360b(i))), and under authority delegated to the Commissioner (21 CFR 2.120), Parts 556 and 558 are amended as follows:

1. In Part 556, by revising § 556.420 to read as follows:

§ 556.420 Monensin.

A tolerance of 0.05 part per million is established for negligible residues of monensin in the edible tissues of chickens and cattle.

2. In Part 558 by amending § 558.355 by adding new paragraph (b)(7), revising paragraphs (c) and (d), and adding new paragraph (f)(3) to read as follows:

§ 558.355 Monensin.

* * * * *

(b) * * *

(7) To 000986: 20 or 30 grams per lb., as monensin sodium, paragraph (f)(3).

(c) *Assay limits.* (1) Finished chicken feed not less than 75 percent nor more than 125 percent of labeled amount of monensin activity.

(2) Finished feeds for cattle:

(i) Feeds labeled as containing 5 to 10 grams of monensin activity per ton, not less than 80 percent nor more than 120 percent of labeled amount of monensin activity.

(ii) Feeds labeled as containing 10 to 30 grams of monensin activity per ton, not less than 85 percent nor more than 115 percent of labeled amount of monensin activity.

(d) *Special considerations.* (1) Finished chicken feed containing monensin as the mycelial cake shall bear an expiration date of 90 days after its date of manufacture.

(2) Finished cattle feeds containing 30 grams or less monensin sodium per ton shall bear an expiration date of 30 days after its date of manufacture.

(3) Finished cattle feeds manufactured from feed supplements that contain not more than 1,200 grams per ton of monensin and that comply with the provisions of paragraph (f)(3) of this section are not required to comply with the requirements of section 512(m) of the Federal Food, Drug, and Cosmetic Act.

(4) Finished cattle feeds manufactured from premixes containing 20 grams per pound of monensin and that comply with the requirements of paragraph (f)(3) of this section are not required to comply with the requirements of section 512(m) of the Federal Food, Drug, and Cosmetic Act.

* * * * *

(f) * * *

(3) *Cattle*—(i) *Amount per ton.* Monensin, 5–30 grams.

(ii) *Indications for use.* Improved feed efficiency.

(iii) *Limitations.* Feed only to cattle being fed in confinement for slaughter; feed continuously in finished feed; as monensin sodium; each animal must receive not more than 360 milligrams per day and not less than 50 milligrams per day.

Effective date. This regulation shall be effective December 16, 1975.

(Sec. 512(i), 82 Stat. 347 (21 U.S.C. 360b(i)))

Dated: December 10, 1975.

FRED J. KINGMA,
Acting Director, Bureau of Veterinary Medicine.

Title 35—Panama Canal

CHAPTER I—CANAL ZONE REGULATIONS

PART 5—PUBLIC LANDS; MILITARY RESERVATIONS, SUBPART B—MILITARY RESERVATIONS

Revision of Boundaries of Certain Military Reservations and Redesignation of Albrook Air Force Base as Albrook Air Force Station

This document amends the regulations describing the boundaries of two military reservations within the Canal Zone. The amendment transfers certain lands from the present Albrook Air Force Base to the Curundu Army Reservation because the subject lands have been declared surplus to the needs of the Department of the Air Force. In addition, the amendment redesignates Albrook Air Force Base as Albrook Air Force Station.

Part 5 of 35 CFR is amended as follows:

§ 5.26 [Amended]

1. In § 5.26(a), the portion of the text thereof commencing with the fifth unnumbered paragraph (which begins: S.15°28'20" E., 127.4 feet, along. . . .") and ending with all of the thirty-eighth unnumbered paragraph (which begins: "The above-described boundary line from monument No. 32–A. . . .") is deleted, and the following text is substituted therefor:

* * * * *

S. 15°28'20" E., 43.3 feet, along the eastern fence line of the Deer Park to an unmarked point called 35–1, located at right angles to, and 85 feet southeasterly from the centerline of Canfield Avenue;

Southwesterly, along a line parallel to and 85 feet southeasterly from the centerline of Canfield Avenue, to an unmarked point called 35–2, located on the east sidewall of the concrete paved ditch leading from Flood Control Dam No. 2;

Southerly, 1,870 feet, more or less, following the east sidewall of the above-mentioned paved ditch, to an unmarked point called 35–3, located on the prolongation of the east sidewall of an improved drainage ditch on the west side of Taxiway No. 1;

Southerly, 790 feet, more or less, along the prolongation of, and along the east sidewall of the improved drainage ditch, to an unmarked point called 35–4, located on the easterly sidewall of the improved ditch at its head;

Southerly, 800 feet, more or less, to an unmarked point called 35–5, located on the south sidewall of the concrete paved channel of the Maria Salas River where the said sidewall meets an existing headwall;

Southwesterly, 900 feet, more or less, along the south sidewall of the paved channel of the Maria Salas River, to an unmarked point called 35–6, located where the sidewall meets an existing concrete headwall approximately 60 feet north of Building No. 444;

Southwesterly, 100 feet, more or less, to an unmarked point called 35–7, located at the intersection of the prolongation of the east edge of Canfield Avenue with the west prolongation of the north face of Building No. 444;

Southwesterly, 2,850 feet, more or less, along the prolongation of, and along the east edge of Canfield Avenue, to monument "H", which is a 3-inch iron pipe set in concrete, located at the corner of a cyclone fence on the northeasterly side of Gaillard Highway;

The above-described boundary line from monument No. 34 to monument "H", inclusive, is common with the easterly boundary of Albrook Air Force Station (Parcel No. 2).

Along the above-mentioned cyclone fence, with the following courses, to monument "M";

S. 32°45'40" E., 507.7 feet, to monument "I", which is a 3-inch iron pipe set in concrete;

S. 20°14'30" E., 791.0 feet, to monument "J", which is a 3-inch iron pipe set in concrete;

S. 26°57'30" E., 300.2 feet, to monument "K", which is a 3-inch iron pipe set in concrete;

S. 34°35'40" E., 305.1 feet, to monument "L", which is a 3-inch iron pipe set in concrete;

S. 45°40'40" E., 265.2 feet, to monument "M", which is a 3-inch iron pipe set in concrete, the geodetic position of which is in latitude 8°57' N. plus 4,887.1 feet and longitude 79°33' W. plus 4,153.0 feet;

Easterly, parallel to, and 1.5 feet from the face of the above-mentioned cyclone fence, to monument "P", which is a 3-inch iron pipe set in concrete, located 1.5 feet southerly from the above-mentioned cyclone fence, the geodetic position of which is in latitude 8°57' N. plus 4,796.5 feet, and longitude 79°33' W. plus 3,406.7 feet;

Northeasterly, along a line parallel to, and 30 feet from the northwesterly edge of Gaillard Highway, passing through to the westerly side of the above-mentioned cyclone fence, to monument "Q", which is a 3-inch iron pipe set in concrete;

N. 40°17'50" E., 378.4 feet, to monument "R", which is a 3-inch iron pipe set in concrete;

N. 05°12'40" W., 20.4 feet, to monument "S", which is a 3-inch iron pipe set in concrete;

N. 39°04'50" E., 836.2 feet, to monument "T", which is a 3-inch iron pipe set in concrete;

N. 85°23'00" E., 57.4 feet, to monument "U", which is a 3-inch iron pipe set in concrete, located southwesterly from the southerly corner of the hangar situated southwesterly from the Civil Affairs Building, Ancon, C.Z., and is on the southerly boundary of Parcel No. 2, Fort Clayton Army Reservation;

N. 58°14'06" W., 227.6 feet, along the southwesterly edge of the concrete apron, southwesterly from the above-mentioned hangar, to monument No. 75.9, which is an iron rod set in concrete, located at the southwesterly edge of the above-mentioned apron;

N. 24°57'39" E., 148.2 feet, to monument No. 75–8, which is an iron rod set in concrete, located 15.0 feet westerly from the westerly corner of the above-mentioned hangar;

N. 32°22'09" E., 199.9 feet, along a line parallel to and 15.0 feet northwesterly from the northwesterly face of the above-mentioned hangar, to monument No. 75–7, which is a monel metal plug, located in a concrete sidewalk, and is 15.0 feet northwesterly from the northly corner of the above-mentioned hangar;

N. 38°19'54" E., 157.2 feet, to monument No. 75–6, which is an iron rod set in concrete, located 5.0 feet northerly from the northerly edge of the northerly concrete apron of the above-mentioned hangar;

S. 58°18'51" E., 53.6 feet, to monument No. 75–5, which is an iron rod set in concrete, located 5.0 feet northerly from the northerly edge of the above-mentioned apron;

S. 84°11'06" E., 49.2 feet, to monument No. 75–4, which is an iron rod set in concrete, located 5.0 feet northerly from the northerly edge of the above-mentioned apron, and is 250.0 feet southeasterly from the northwesterly edge of a concrete taxiway;

N. 39°47'24" E., 210.7 feet, along a line parallel to and 250.0 feet southeasterly from the above-mentioned taxiway to monument No. 75–3, which is a 1½-inch iron pipe set in concrete, located 250.0 feet southeasterly from the above-mentioned taxiway;

N. 39°46'25" E., 1,192.3 feet, along a line parallel to and 250.0 feet southeasterly from the above-mentioned taxiway, to monument No. 75–2, which is a 1½-inch pipe set in concrete;

N. 20°28'30" E., 670.3 feet, along a line parallel to and 250.0 feet southeasterly from the above-mentioned taxiway, to monument No. 75–1, which is a 1½-inch iron pipe set in concrete, located at the corner of a cyclone fence on the westerly side of Curundu Road;

S. 50°56'10" E., 561.9 feet, along the southwesterly side of the above-mentioned cyclone fence, to monument No. 75, which is a 1½-inch iron pipe set in concrete, located at the corner of the above-mentioned cyclone fence;

S. 49°48'50" E., 445.3 feet, to monument No. 74, which is a brass plug in a concrete road pavement;

S. 52°01'20" E., 192.3 feet, to monument No. 73, which is a 1½-inch iron pipe set in concrete, located at the corner of a cyclone fence on the westerly side of Curundu Road;

2. In § 5.26(a), the concluding sentence of the fifty-first unnumbered paragraph (which paragraph begins "northerly, along the centerline of the Rio Curundu . . ."), is revised to read as follows:

Point No. 72 is located at the southeast corner of Fort Clayton Army Reservation (Parcel No. 4).

3. In § 5.26(a), the concluding sentence of the sixty-eighth unnumbered paragraph (which paragraph begins: "Northwesterly, along the face of the above-mentioned cyclone fence . . .") is revised to read as follows:

Monument No. 41 is on the easterly boundary of Fort Clayton Army Reservation (Parcel No. 4).

4. In § 5.26(a), the sixty-ninth unnumbered paragraph) which begins: "The above-described boundary line . . .") is revised to read as follows:

The above-described boundary line from point No. 72 through monuments Nos. 71 to 41, inclusive, is common with the southerly boundary of Fort Clayton Army Reservation (Parcel No. 4).

5. In § 5.26(a), the concluding paragraph (which begins: "The area of Curundu Army Reservation . . .") is revised to read as follows:

The area of Curundu Army Reservation is 1355.0 acres, more or less, and is as shown on Canal Zone Government Drawing No. 6116–34, (Revision No. 9, dated February 4, 1975) entitled "Map Showing U.S. Army and U.S. Air Force Reservations—Fort Clayton, Corozal, Curundu and Albrook Air Force Base, Canal Zone", scale 1: 10,000, dated May 29, 1952, on file in the Office of the Governor of the Canal Zone, Balboa Heights, Canal Zone.

6. Section 5.26(b) is revised to read as follows:

(b) A right-of-way, through Curundu Army Reservation, over a strip of land 10 feet each side of the centerline of the railroad tracks, between monument "B" (Parcel No. 4) of Albrook Air Force Station and monument No. 74 of Curundu Army Reservation, is reserved for the Air Force.

7. The title and introductory paragraph of § 5.61 are revised to read as follows:

§ 5.61 Albrook Air Force Station.

The following-described areas of land, situated in the Canal Zone and designated as the Albrook Air Force Station, are reserved and set apart as, and assigned to the uses and purposes of, an Air Force reservation, under the jurisdiction and control of the Secretary of the Air Force but subject to § 5.82:

* * * * *

8. In § 5.61, the portion of the text thereof commencing with the twenty-first unnumbered paragraph of Parcel No. 2 (which begins: "S. 15°28'20" E., 127.4 feet, along the eastern fence . . .") and ending with all of the seventy-seventh unnumbered paragraph (which begins: N. 32°45'40" W., 507.7 feet to monument "H" . . .") is deleted and the following text is substituted therefor:

S. 15°28'20" E., 43.3 feet, along the eastern fence line of the Deer Park to an unmarked point called 35–1, located at right angles to, and 85 feet southeasterly from the centerline of Canfield Avenue;

Southwesterly, along a line parallel to and 85 feet southeasterly from the centerline of Canfield Avenue, to an unmarked point called 35–2, located on the east sidewall of the concrete paved ditch leading from Flood Control Dam No. 2;

Southerly, 1,870 feet, more or less, following the east sidewall of the above-mentioned paved ditch, to an unmarked point called 35–3, located on the prolongation of the east sidewall of an improved drainage ditch on the west side of Taxiway No. 1;

Southerly, 790 feet, more or less, along the prolongation of, and along the east sidewall of the improved drainage ditch, to an unmarked point called 35–4, located on the easterly sidewall of the improved ditch at its head;

Southerly, 800 feet, more or less, to an unmarked point called 35–5, located on the south sidewall of the concrete paved channel of the Maria Salas River where the said sidewall meets an existing headwall;

V 40 242 DEC 16 75 XUM

Southwesterly, 900 feet, more or less, along the south sidewall of the paved channel of the Maria Salas River, to an unmarked point called 35–6, located where the sidewall meets an existing concrete headwall approximately 60 feet north of Building No. 444;

Southwesterly, 100 feet, more or less, to an unmarked point called 35–7, located at the intersection of the prolongation of the east edge of Canfield Avenue with the west prolongation of the north face of Building No. 444;

Southwesterly, 2,850 feet, more or less, along the prolongation of, and along the east edge of Canfield Avenue, to monument "H", which is a 3-inch iron pipe set in concrete, located at the corner of a cyclone fence on the northeasterly side of Gaillard Highway;

The above-described boundary line from monument 32–A to monument "H", inclusive, is common with the western boundary of the Curundu Army Reservation.

9. In § 5.61, the concluding paragraph (which begins: "The total area of Albrook . . .") is revised to read as follows:

The total area of Albrook Air Force Station is 692.7 acres, more or less; Parcel No. 2 is 560.3 acres, more or less; Parcel No. 3 is 31.8 acres, more or less; Parcel No. 4 is 98.6 acres, more or less; and Parcel No. 6 is 2.01 acres; and is as shown on Canal Zone Government Drawing No. 6116–34 (Revision No. 9 dated February 4, 1975 entitled "Map Showing U.S. Army and U.S. Air Force Reservations—Fort Clayton, Corozal, Curundu, and Albrook Air Force Base, Canal Zone", scale 1:10,000, dated May 29, 1952, on file in the Office of the Governor of the Canal Zone, Balboa Heights, Canal Zone.

Effective Date: This amendment is effective November 1, 1975.

(2 C.Z.C: §§ 31, 33, 76A Stat. 7, 35 CFR 3.3(c))

H. R. PARFITT,
Governor of the Canal Zone.

Dated: October 14, 1975.

Approved:

MARTIN R. HOFFMANN,
Secretary of the Army.

PART 5—PUBLIC LANDS; MILITARY RESERVATIONS

Revision of Boundaries of Certain Military Reservations

This document amends the regulations describing the boundaries of a military reservation in the Canal Zone. The amendment removes certain lands from the Howard Air Force Base because the subject lands have been declared surplus to the needs of the Department of the Air Force.

§ 5.62 [Amended]

In 35 CFR Part 5, § 5.62(a) is amended as follows:

1. Parcel No. 3 is deleted in its entirety.

2. Parcel No. 4 is amended as follows: Immediately following the last paragraph of Parcel No. 4 (which begins: "S. 49°33'25" E., 2,170 feet, more or less, through . . .") add the following paragraphs:

The directions of the lines refer to the true meridian and the geodetic positions of all points refer to the Panama—Colon datum of the Canal Zone Triangulation system.

The total area of Howard Air Force Base is 6,775.1 acres, more or less, Parcel No. 1 contains an area of 4,258 acres, more or less and is shown on Canal Zone Government Drawing No. X–6121–47, Sheet 1 of 2, entitled, "Boundaries of Howard Air Force Base and Fort Kobbe Army Reservation." Parcel No. 2 contains an area of 2,488.8 acres, more or less, and is as shown on Canal Zone Government Drawing No. X–6121–47, Sheet 2 of 2, entitled "Boundary of Parcel No. 2, Howard Air Force Base." Parcel No. 4 contains an area of 26.3 acres, more or less, and is as shown on Canal Zone Government Drawing No. M–6117–46 (Revision No. 2, dated April 21, 1974) entitled "Fort Clayton Army Reservation." Drawing No. X–6121–47, Sheets 1 and 2, scale 1:10,000 dated May 13, 1969 and Drawing No. M–6117–46, scale 1:3,000, dated April 21, 1974 are on file in the Office of the Governor of the Canal Zone, Balboa Heights, Canal Zone.

* * * * *

Effective date: This amendment is effective November 1, 1975.

Title 40—Protection of the Environment

CHAPTER I—ENVIRONMENTAL PROTECTION AGENCY

SUBCHAPTER D—WATER PROGRAMS

[FRL 464–4]

PART 149—REVIEW OF PROJECTS AFFECTING SOLE SOURCE AQUIFERS

Edwards Underground Reservoir, Tex. Area; Interim Project Review Guidelines

Section 1424(e) of the Safe Drinking Water Act (Pub. L. 93–523) authorizes the Administrator to determine, on his own initiative or upon petition, that an area has an aquifer which is the sole or principal drinking water source for the area and which, if contaminated, would create a significant hazard to public health. No commitment for Federal financial assistance (through a grant, contract, loan guarantee, or otherwise) may then be entered into for any project which the Administrator determines may contaminate such aquifer through a recharge zone so as to create a significant hazard to public health.

Pursuant to Section 1424(e) of the Safe Drinking Water Act, the Administrator has determined that the San Antonio area has an aquifer, the Edwards Underground Reservoir, which is the principal source of drinking water for this area. The following interim guidelines describe the project review process applicable to major Federal financially assisted programs or actions which may affect the Edwards Underground Reservoir through the recharge zone as described in the Edwards Underground Reservoir Notice of Determination.

EPA does not wish to delay approval of numerous minor and some major Federal actions which have a negligible impact on ground water quality. Therefore, the Administrator will only review on his own motion those major programs or actions which in his judgment may have a significant impact on the safety of drinking water in the reservoir.

In general, the major Federal financially assisted programs or actions with which the EPA will be primarily concerned are those which in the opinion of the Regional Administrator are already subject to the provisions of the National Environmental Policy Act. EPA requests that Federal agencies originating projects which might contaminate the reservoir through the recharge zone, particularly if such projects involve hazardous or toxic materials, prepare an environmental impact statement, or a brief groundwater impact evaluation. Accordingly, review under Section 1424(e) will generally be carried out in conjunction with EPA's review of draft and final environmental impact statements as presently required. Citizens may still petition EPA to review projects other than those which the agency reviews on its own initiative. However, this Agency will not be concerned with reviewing minor actions having an insignificant impact on the quality of the reservoir such as individual home mortgage loans (i.e. Farmers Home Administration loans, Veterans Administration loans, and others). Ordinarily, the Regional Administrator will review a project upon his own initiative if he determines that it is significant enough to be subject to NEPA requirements and is located in the recharge zone; in such cases the Administrator requests that Federal agencies responsible for implementing the National Environmental Policy Act notify EPA of any projects for which they are planning to prepare environmental assessments or environmental impact statements and discuss in such evaluations the groundwater quality implications of such actions with respect to the recharge zone.

The streamflow source zone, as outlined in the Edwards Underground Reservoir Notice of Determination, is an area which drains into the recharge zone and contributes approximately 90% of the recharge flow to the reservoir. EPA will review projects in the streamflow source zone upon petition or on an exceptional basis only. A petition to review a project in this area must reasonably demonstrate that the impact of the project in the streamflow source zone will be of a magnitude such that it may have a significant impact on the quality of the Edwards Underground Reservoir through the recharge zone. Federal agencies financing major actions or programs on the streamflow source zone should, in their environmental assessments and environmental impact statements, discuss

the effect which such actions might have on the quality of any waters reaching the recharge zone.

Programs or actions for which environmental impact statements are not necessary but for which petitions under §149.4 of these regulations have been submitted and found to have merit will be reviewed by EPA after requesting the originating agency to prepare a brief groundwater impact evaluation.

EPA is working with other Federal agencies to develop procedures whereby EPA will be notified of proposed commitments for major programs or actions which could contaminate the Edwards Underground Reservoir. EPA's personnel reviewing draft and final EIS's have been instructed to include in future reviews notification to the responsible agency when EPA determines that a project is subject to 1424(e) review. Although the project review process cannot be delegated, EPA will rely to the maximum extent possible upon any existing State control mechanisms in protecting the groundwater quality of the Edwards Underground Reservoir.

EPA review of federally assisted projects applies only to future commitments for Fderal financial assistance; outstanding commitments are not affected by this determination, however, a renewal of a lapsed commitment for a project may subject that project to EPA review.

It should also be emphasized that the statute applies only to Federal financial assistance. Direct Federal actions, such as dredging performed by the Corps of Engineers, are not subject to review under § 1424(e). Some types of direct Federal action may be performed by contractors for the government. An example would be construction of roads on Federal lands by a contractor under the supervision of the Bureau of Public Roads. This also constitutes direct Federal action, as opposed to "Federal financial assistance", and it is for that reason not subject to review under § 1424(e).

Because these procedures must be effective immediately in order to allow project review to proceed in the San Antonio area, notice and comment upon these interim regulations is impracticable, and they shall be effective immediately upon publication in the FEDERAL REGISTER. However, the agency will consider any public comments hereon submitted within 60 days after publication.

A map outlining the recharge zone and streamflow source zone can be obtained from the address below. Public comments should be sent to the same address within sixty (60) days from the date of publication:

Environmental Protection Agency, Region VI, Water Division, 1600 Patterson Street, Suite 1100, Dallas, Texas 75201

After reviewing all public comments received and evaluating the agency's experience in the application of these interim guidelines to the Edwards Underground Reservoir, the EPA may revise these regulations or publish general regulations for the review of Federal financially assisted projects under 1424(e).

Dated: December 10, 1975.

RUSSELL E. TRAIN,
Administrator.

Subpart A—Edward Aquifer, San Antonio, Tex.

Sec.
149.1 Applicability.
149.2 Definitions.
149.3 Project review authority.
149.4 Submission of petitions.
149.5 Decision to review.
149.6 Notice of review.
149.7 Public hearing.
149.8 Decisions under 1424(e).
149.9 Resubmittal of redesigned projects.
149.10 Waiver of requirements.
149.11 Effect of decision by Administrator.

Subpart A—Edwards Aquifer, San Antonio, Texas

§ 149.1 Applicability.

This document sets forth, pursuant to Section 1424(e) and 1450 of the Public Health Service Act, as amended by the Safe Drinking Water Act, Pub. L. 93–523, interim guidelines relating to the review of major Federal financially assisted programs or actions which could potentially affect the quality of the Edwards Underground Reservoir through the recharge zone.

§ 149.2 Definitions.

As defined in these guidelines, and except as otherwise specifically provided, the term(s):

(a) "Act" means the Public Health Service Act, as amended by the Safe Drinking Water Act, P.L. 93–523.

(b) "Contaminant" means any physical, chemical, biological, or radiological substance or matter in water.

(c) "Recharge zone" means the area through which water enters the Edwards Underground Reservoir.

(d) "Administrator" or "Regional Administrator" means the Administrator or a Regional Administrator of the United States Environmental Protection Agency.

(e) "Person" means an individual, corporation, company, association, partnership, State, or municipality.

(f) "Project" means a major Federal financially assisted program or major Federal financially assisted action which may have a significant impact on the quality of the Edwards Underground Reservoir.

(g) "Streamflow source zone" means the upstream headwaters area of the Nueces, San Antonio and Guadalupe River basins where contaminants may enter the streams that replenish the Edwards Underground Reservoir through the recharge zone.

(h) "Significant hazard to public health" means any level of contaminant which causes or may cause the Edwards Underground Reservoir to exceed any maximum contaminant level set forth in any promulgated National Primary Drinking Water Standard (whether or not the 18 month period following promulgation prescribed in section 1412(b)(5) of the Act has passed with respect to such standard) at any point where the water may be used or which may otherwise have a serious adverse effect on the health of persons.

(i) "Commitment of Federal financial assistance" means a commitment by a Department, agency, or instrumentality of the Federal Government, through any authorized agent, to provide financial assistance through a contract, grant, loan guarantee or otherwise. Renewal of a commitment which the issuing agency determines has lapsed shall not constitute a new commitment unless the Regional Administrator determines that the project may have a significant impact upon a designated aquifer and that such impact has not previously been reviewed. The determination of the Federal agency issuing a commitment shall be conclusive with respect to the existence of such commitment.

§ 149.3 Project review authority.

(a) The Regional Administrator is hereby delegated the authority and assigned responsibility for carrying out the responsibilities assigned to the Administrator under Section 1424(e) of the Act, except the publication of a final determination that a project may contaminate the Edwards Underground Reservoir through a recharge zone so as to create a significant hazard to public health.

(b) Upon his own motion or upon petition, the Regional Administrator may review any project which he considers may potentially lead to contamination of the Edwards Underground Reservoir through its recharge zone so as to create a significant hazard to public health.

§ 149.4 Submission of petitions.

Any person may submit a petition requesting the Regional Administrator to review a project to determine if such project will contaminate the Edwards Underground Reservoir so as to create a significant hazard to public health. Any such petition shall identify:

(a) The name, address and telephone number of the individual, organization or other entity submitting the petition;

(b) A brief statement of the requesting person's interest in the Regional Administrator's determination;

(c) The name of the project and Federal agency involved;

(d) The potential contaminants involved;

(e) The means by which the contaminants might enter the reservoir;

(f) The potential cumulative impacts of the proposed project;

(g) A statement of applicable action already taken by State and local agencies including establishment of regulations to prevent contamination of the Edwards Underground Reservoir and why, in the petitioner's judgment, that action was inadequate;

(h) A statement of any actions taken under the National Environmental Policy Act and why, in the petitioner's judgment, that action was inadequate in regard to evaluation of potential effect on the reservoir.

V40242 DEC 16 75 XUM

§ 149.5 Decision to review.

(a) In determining whether to review a project on his own or in response to a petition, the Regional Administrator shall consider whether the project is:

(1) Located within a recharge zone, as defined by the Administrator in the Edwards Underground Reservoir Notice of Determination; or

(2) Of a nature that could directly or indirectly cause contamination of the Edwards Underground Reservoir.

(b) The Regional Administrator shall review any draft environmental impact statement provided by any other Federal agency to determine if the action involved may significantly affect groundwater quality and whether it is otherwise subject to review under Section 1424(e).

(c) The Regional Administrator may request such additional information from the petitioner as he deems necessary in determining whether to review a project.

(d) The Regional Administrator may consult with or request additional information from the Federal agency to which the project application has been made, and with the applicant through such agency, as well as with appropriate State and local agencies and other persons or entities as may be appropriate.

§ 149.6 Notice of review.

(a) Notice to Federal agency—The Regional Administrator shall notify the originating Federal agency in writing of any decision to review a project pursuant to Section 1424(e). The notification shall include:

(1) A description and identification of the project;

(2) A request for information. The nature and detail of information will depend upon the project's size and expected effects on public health;

(3) For projects subject to NEPA, a statement that (i) the Federal agency should endeavor to integrate its analysis and review into its broad environmental responsibilities under the National Environmental Policy Act (NEPA) (42 U.S.C. 4321) and (ii) that the Federal agency may attach the information requested by EPA to the detailed statement required under Section 102(2)(C) of NEPA and submit the package to EPA as part of the normal review process required by NEPA, if the Federal agency determines that NEPA applies to the project;

(4) For projects for which environmental impact statements are not appropriate but for which a citizen petition has been submitted and accepted, a statement that the Federal agency may prepare a groundwater impact evaluation of whether the proposed project may contaminate the Edwards Underground Reservoir through a recharge zone so as to create a significant hazard to public health.

(b) Notice to Public—The Regional Administrator shall provide public notice of a decision to formally review any project, either in response to a petition or his own motion, by such means as he deems appropriate. The notice shall set forth the availability for public review of all data and information available to the Regional Administrator and shall solicit comments, data and information with respect to the determination of impact under 1424(e).

(c) Period for review—The period for public comment shall be 30 days after public notice unless the Regional Administrator extends the period at his discretion or a public hearing is held pursuant to Section 149.7.

§ 149.7 Public hearing.

Where there is significant public interest therein, the Regional Administrator may hold a public hearing with respect to any project or projects to be reviewed. Public hearings held under this section should be coordinated, if possible, with other Federal agency public hearings held pursuant to their applicable laws and regulations. Any such hearing shall be conducted by the Regional Administrator or his designee in an informal, orderly, and expeditious manner. Where appropriate, limits may be placed upon the time allowed for oral statements, and statements may be required to be submitted in writing. The record will be held open for further public comment for seven (7) days following the close of the public hearing.

§ 149.8 Decision under 1424(e).

(a) As soon as practicable after the submission of public comments under Section 1424(e), information requested by the Environmental Protection Agency from the originating Federal agency, and on the basis of such information as is available to him, the Regional Administrator shall review the project taking the following factors into account:

(1) The extent of possible public health hazard by the project;

(2) Planning, design, construction, operation, maintenance and monitoring measures included in the project which could prevent or mitigate the possible health hazard;

(3) The extent and effectiveness of State or local controls over possible contaminant releases to the Edwards Underground Reservoir;

(4) The expected benefits of the project;

(5) The cumulative impacts of the proposed project.

(b) After reviewing the available information, the Regional Administrator shall

(1) Decline, on behalf of the Administrator, to make the requested determination; or

(2) Forward the available project information to the Administrator with his recommendation that the Administrator make the determination that a project may contaminate the reservoir through the recharge zone so as to create significant hazard to public health.

(c) After receiving the available information forwarded by the Regional Administrator, the Administrator shall:

(1) Decline to make such a determination; or

(2) Determine that the project may contaminate the reservoir through the recharge zone so as to create a significant hazard to public health.

(d) Notice of any decision by the Regional Administrator under subsection (b)(1) or by the Administrator under paragraph (c) of this section shall be published in the Federal Register. Such notice shall include a description of the proposed project, and a statement of the decision with an accompanying statement of facts and reasons.

§ 149.9 Resubmittal of redesigned projects.

If a project is redesigned in response to EPA's objections, the applicant for Federal funds or the grantor agency may petition the Regional Administrator to withdraw the determination that the project may contaminate the reservoir through the recharge zone so as to create a significant hazard to public health. Any such petition shall demonstrate how the project has been redesigned so as to justify the withdrawal of EPA's objections. If appropriate, the Regional Administrator may request public comments or hold an informal public hearing to consider the petition. After review of the pertinent information, the Regional Administrator may vacate the determination or may refuse to vacate the determination. The decision of the Regional Administrator shall be published in the Federal Register with an accompanying statement of reasons.

§ 149.10 Waiver of requirements.

The requirements of section 149.6 concerning notice and public comment may be waived by the Regional Administrator where for good cause he finds that the notice and public procedures are impracticable, unnecessary, or contrary to the public interest.

§ 149.11 Effect of decision by Administrator.

After publication of a decision that a proposed project may contaminate the Edwards Underground Reservoir through the recharge zone so as to create a significant hazard to public health, no commitment for Federal financial assistance may be entered into for such project. However, a commitment may be entered into, if authorized under another provision of law, to plan or design such project to assure that it will not so contaminate the reservoir.

SUBCHAPTER E—PESTICIDE PROGRAMS

[PP1E1046/R68; FRL 469-1]

PART 180—TOLERANCES AND EXEMPTIONS FROM TOLERANCES FOR PESTICIDE CHEMICALS IN OR ON RAW AGRICULTURAL COMMODITIES

2,4-D

On October 28, 1975, the Environmental Protection Agency published in the FEDERAL REGISTER (40 FR 50099) a notice of proposed rulemaking to amend 40 CFR 180.142 to establish tolerances for residues of the herbicide and plant regulator 2,4-dichlorophenoxyacetic acid (2,4-D) in or on the raw agricultural commodities fish and shellfish at 1.0 part per million (ppm) resulting from the application of its dimethylamine salt in water hyacinth control programs. Notice of the proposed rulemaking was published in response to a petition (PP 1E1046) submitted by the Department of the Army, Office of the Chief of Engineers [DAEN-CWO-F], Washington, DC 20314.

No comments or requests for referral to an advisory committee were received by the Agency. Therefore, based on the data submitted in the petition and other relevant material it is concluded that the tolerance established by amending 40 CFR 180.142 will protect the public health and that the proposed regulation should be adopted without change.

Any person adversely affected by this regulation may, on or before January 15, 1976, file written objections with the Hearing Clerk, Environmental Protection Agency, 401 M St. SW., East Tower, Room 1019, Washington, D.C. 20460. Such objections should be submitted in quintuplicate and specify both the provisions of the regulation deemed to be objectionable and the grounds for the objections. If a hearing is requested, the objections must state the issues for the hearing. A hearing will be granted if the objections are supported by grounds legally sufficient to justify the relief sought.

Dated: December 9, 1975.

EDWIN L. JOHNSON,
Deputy Assistant Administrator for Pesticide Programs.

Part 180, Subpart C, § 180.142, is amended by adding the new paragraph (f) to read as follows:

§ 180.142 2,4-D; tolerances for residues.

* * * * * *

(f) Tolerances are established for residues of 2,4-D(2,4-dichlorophenoxyacetic acid) from application of its dimethylamine salt for water hyacinth control in ponds, lakes, reservoirs, marshes, bayous, drainage ditches, canals, rivers and streams that are quiescent or slow moving in programs conducted by the Corps of Engineers or other Federal, State, or local public agencies at 1.0 part per million (ppm) in the crops and crop groupings listed in paragraph (c) above and at 1.0 ppm in or on the raw agricultural commodities fish and shellfish. Where tolerances are established at higher levels from other uses of the dimethylamine salt of 2,4-D on crops included within these commodity groups, the higher tolerances also apply to residues from the aquatic uses cited above.

Title 43—Public Lands: Interior

SUBTITLE A—OFFICE OF THE SECRETARY OF THE INTERIOR

PART 20—EMPLOYEE RESPONSIBILITIES AND CONDUCT

List of Employees Required To File Statements

In accordance with the provisions of 5 CFR 735.104, Appendix C to Part 20 of Title 43 of the Code of Federal Regulations is amended in its entirety to reflect current organizational designations and position titles. Additional positions are included based on the criteria approved by the Civil Service Commission June 18, 1975, and published on July 3, 1975 (40 FR 28288). As provided in 43 CFR 20.735-22(a)(1)-(5), the employees in the positions listed in this appendix shall file statements of employment and financial interests with the ethics counselors designated in 43 CFR 20.735-22(c)(1)-(7). These additions were approved by the Civil Service Commission on November 14, 1975 and are effective on December 16, 1975.

(E.O. 11222 of May 8, 1965; 3 CFR, 1964-1965, Comp.; 5 CFR 735.104; 43 CFR 735-22.)

JAMES T. CLARKE,
Assistant Secretary of the Interior.

Dated: December 9, 1975.

APPENDIX C

LIST OF EMPLOYEES REQUIRED TO FILE STATEMENTS

Secretary's Immediate Office

Executive Assistant to the Secretary, Washington, D.C.
Assistants to the Secretary (3), Washington, D.C.
Special Assistant to the Secretary (6), Washington, D.C.
Confidential Assistant to the Secretary (2), Washington, D.C.
Assistant to the Secretary and Director of Communications, Washington, D.C.
Special Assistants to the Secretary (Field Representatives (7):
Anchorage, Alaska.
Portland, Oregon.
San Francisco, California.
Albuquerque, New Mexico.
Atlanta, Georgia.
Boston, Massachusetts.
Denver, Colorado.
Assistant and Science Advisor to the Secretary, Washington, D.C.
Asaistant to the Secretary and Director of Office of International Activities, Washington, D.C.

Immediate Office of the Under Secretary

Deputy Under Secretary, Washington, D.C. (2)
Technical Assistant to the Under Secretary, Washington, D.C.
Assistant to the Under Secretary, Anchorage, Alaska

Ethics Counselors

Deputy Department Ethics Counselor, Washington, D.C.
Deputy Ethics Counselor, Office of the Secretary, Washington, D.C.
Deputy Bureau Ethics Counselors, Washington, D.C., Portland, Oregon, Tulsa, Oklahoma, Elberton, Georgia, Arlington, Virginia, Reston, Virginia (16)
Assistant Department Ethics Counselor, Washington, D.C.
Assistant Ethics Counselor, Office of the Secretary, Washington, D.C. (2)
Assistant Bureau Ethics Counselors, Washington, D.C., Portland, Oregon, Elberton, Georgia, Albuquerque, New Mexico, Twin Cities, Minnesota, Atlanta, Georgia, Boston, Massachusetts, Seattle, Washington, Spokane, Washington, Walla Walla, Washington, Arlington, Virginia, Reston, Virginia (21)

Office for Equal Opportunity

Director, Washington, D.C.
Assistant Director—Contract Compliance, Washington, D.C.
Assistant Director—Title VI Compliance, Washington, D.C.
Equal Opportunity Specialist—Contract Compliance, Washington, D.C. (2)
Equal Opportunity Specialist—Contract Compliance, Regional Offices (45)
Title VI Compliance Officer, Washington, D.C. (6)
Minority Business Enterprise Specialist, Washington, D.C. (3)

Office of Hearings and Appeals

Director, Washington, D.C.

BOARD OF CONTRACT APPEALS

Supervisory Attorney-Examiner (General) (Administrative Judge, Chief), Washington, D.C.
Attorney-Examiners (General) (Administrative Judges) (4), Washington, D.C.

BOARD OF INDIAN APPEALS

Supervisory Attorney-Adviser (General) (Administrative Judge, Chief), Washington, D.C.
Attorney-Advisers (General) (Administrative Judges) (2), Washington, D.C.

BOARD OF MINE OPERATIONS APPEALS

Supervisory Attorney-Adviser (General) (Administrative Judge, Chief), Washington, D.C.
Attorney-Advisers (General) (Administrative Judges) (2), Washington, D.C.

BOARD OF LAND APPEALS

Supervisory Attorney-Examiner (General) (Administrative Judge, Chief), Washington, D.C.
Attorney-Advisers (General) (Administrative Judges) (7), Washington, D.C.

ALASKA NATIVE CLAIMS APPEAL BOARD

Board Chairman, Anchorage, Alaska
Board Members (3), Anchorage, Alaska

HEARINGS DIVISION

Chief Administrative Law Judge, Washington, D.C.
Assistant Chief Administrative Law Judge (Regional)
Administrative Law Judges (Departmental) (14), Washington, D.C.
Administrative Law Judges (Regional (17)

Office of Territorial Affairs

Director, Office of Territorial Affairs, Washington, D.C.
Deputy Director, Office of Territorial Affairs, Washington, D.C.
Government Comptroller for the Virgin Islands, St. Thomas, Virgin Islands.
Auditor, (3), GS-14, St. Thomas, Virgin Islands
Auditor, (6), GS-13, St. Thomas and St. Croix, Virgin Islands.
Government Comptroller for Guam/TTPI, Agana, Guam.
Auditor, (1), GS-14, Guam
Auditor, (2), GS-13, Guam

V 40 242 DEC 16 75 XUM

Governor of American Samoa, Pago Pago, Tutuila, American Samoa.
Secretary of American Samoa, Pago Pago, Tutuila, American Samoa.
Attorney General, Pago Pago, Tutuila, American Samoa.
Director, Department of Financial Management, Pago Pago, American Samoa.
Chief Justice of American Samoa, Pago Pago, Tutuila, American Samoa.
Associate Justice of American Samoa, Pago Pago, Tutuila, American Samoa.
Director, Office of Material Management, Pago Pago, American Samoa.
High Commissioner of the Trust Territory, Saipan, Mariana Islands.
Deputy High Commissioner of the Trust Territory, Saipan, Mariana Islands.
Director of Resources and Development, Saipan, Mariana Islands.
Attorney General, Saipan, Mariana Islands.
Director of Finance, Saipan, Mariana Islands.
Chief Justice, Saipan, Mariana Islands.
Associate Justice, Palau, Western Caroline Islands.
Associate Justice, Majuro, Marshall Islands.
Associate Justice, Ponape, Eastern Caroline Islands.
District Administrator, Yap, Western Caroline Islands.
Special Assistant to High Commissioner for District Affairs, Saipan, Mariana Islands.
Special Assistant to High Commissioner for Legislative Affairs, Saipan, Mariana Islands.
Public Defender, Trust Territory of the Pacific Islands, Saipan, Mariana Islands.

Bureau of Indian Affairs

Deputy Commissioner, Washington, D.C.
Director, Office of Administration, Washington, D.C.
Chief, Audit Staff, Washington, D.C.
Chief, Division of Contracting, Washington, D.C.
Assistant Director, Support Services, Washington, D.C.
Property and Supply Officer, Administrative Services Center, Albuquerque, New Mexico.
Assistant Director, Management Services, Washington, D.C.
Chief, Division of Property Management, Washington, D.C.
Chief, Division of Facilities Engineering, Albuquerque, New Mexico.
Assistant Chief, Division of Facilities Engineering, Albuquerque, New Mexico.
Assistant Director, Financial Management, Washington, D.C.
Director, Office of Indian Services, Washington, D.C.
Director, Office of Indian Education Programs, Washington, D.C.
Director, Office of Tribal Resources Development, Washington, D.C.
Director, Office of Trust Responsibilities, Washington, D.C.
Area Director, Aberdeen, South Dakota.
Deputy Area Director, Aberdeen, South Dakota.
Area Property and Supply Officer, Aberdeen, South Dakota.
Superintendent, Cheyenne River Agency, Eagle Butte, South Dakota.
Superintendent, Crow Creek Agency, Ft. Thompson, South Dakota.
Superintendent, Fort Berthold Agency, New Town, North Dakota.
Superintendent, Fort Totten Agency, Ft. Totten, North Dakota.
Superintendent, Lower Brule Agency, Lower Brule, South Dakota.
Superintendent, Pine Ridge Agency, Pine Ridge, South Dakota.
Superintendent, Rosebud Agency, Rosebud, South Dakota.
Superintendent, Sisseton Agency, Sisseton, South Dakota
Superintendent, Standing Rock Agency, Fort Yates, North Dakota
Superintendent, Turtle Mountain Agency, Belcourt, North Dakota
Superintendent, Winnebago Agency, Winnebago, Nebraska
Superintendent, Yankton Agency, Wagner, South Dakota
Area Director, Albuquerque, New Mexico
Assistant Area Director, Administration, Albuquerque, New Mexico
Area Property and Supply Officer, Albuquerque, New Mexico
Contract Specialist, Albuquerque, New Mexico
Contract Management Engineer, Albuquerque, New Mexico
Superintendent, Jicarilla Agency, Dulce, New Mexico
Superintendent, Mescalero Agency, Ruidoso, New Mexico
Superintendent, Northern Pueblos Agency, Santa Fe, New Mexico
Superintendent, Ramah-Navajo Agency, Ramah, New Mexico
Superintendent, Southern Pueblos Agency, Albuquerque, New Mexico
Superintendent, Southern Ute Agency, Ignacio, Colorado
Superintendent, Ute Mountain Ute Agency, Towaoc, Colorado
Area Director, Anadarko, Oklahoma
Area Administrative Officer, Anadarko, Oklahoma
Superintendent, Anadarko Agency, Anadarko, Oklahoma
Superintendent, Concho Agency, El Reno, Oklahoma
Superintendent, Horton Agency, Horton, Kansas
Superintendent, Pawnee Agency, Pawnee, Oklahoma
Superintendent, Shawnee Agency, Shawnee, Oklahoma
Area Director, Billings, Montana
Assistant Area Director, Administration, Billings, Montana
Area Property and Supply Officer, Billings, Montana
Contract Specialist, Billings, Montana GS–12
Project Engineer, Flathead Irrigation Project, St. Ignatius, Montana
Superintendent, Blackfeet Agency, Browning, Montana
Superintendent, Crow Agency, Crow Agency, Montana
Superintendent, Flathead Agency, Ronan, Montana
Superintendent, Fort Belknap Agency, Harlem, Montana
Superintendent, Fort Peck Agency, Poplar, Montana
Superintendent, Northern Cheyenne Agency, Lame Deer, Montana
Superintendent, Rocky Boy's Agency, Box Elder, Montana
Superintendent, Wind River Agency, Ft. Washakie, Wyoming
Area Director, Eastern Area Office, Washington, D.C.
Superintendent, Cherokee Agency, Cherokee, North Carolina
Superintendent, Choctaw Agency, Philadelphia, Mississippi
Superintendent, Seminole Agency, Hollywood, Florida
Area Director, Juneau, Alaska
Assistant Area Director, Administration, Juneau, Alaska
Area Property and Supply Officer, Juneau, Alaska
Contract Specialist, Juneau, Alaska GS–12
Superintendent, Southeast Agency, Juneau, Alaska
Superintendent, Anchorage Agency, Anchorage, Alaska
Superintendent, Bethel Agency, Bethel, Alaska
Superintendent, Fairbanks Agency, Fairbanks, Alaska
Superintendent, Nome Agency, Nome, Alaska
Administrative and Special Representative (Liaison Officer, Seattle, Washington, Juneau Area), Seattle, Washington
Area Director, Minneapolis, Minnesota
Assistant Area Director, Minneapolis, Minnesota
Area Administrative Officer, Minneapolis, Minnesota
Contract Specialist, Minneapolis, Minnesota GS–12
Superintendent, Great Lakes Agency, Ashland, Wisconsin
Superintendent, Minnesota Agency, Bemidji, Minnesota
Superintendent, Red Lake Agency, Red Lake, Minnesota
Area Director, Muskogee, Oklahoma
Deputy Area Director, Muskogee, Oklahoma
Area Property and Supply Officer, Muskogee, Oklahoma
Contract Management Engineer, Muskogee, Oklahoma GS–12
Superintendent, Ardmore Agency, Ardmore, Oklahoma
Superintendent, Okmulgee Agency, Okmulgee, Oklahoma
Superintendent, Osage Agency, Pawhuska, Oklahoma
Superintendent, Miami Agency, Miami, Oklahoma
Superintendent, Tahlequah Agency, Tahlequah, Oklahoma
Superintendent, Talihina Agency, Talihina, Oklahoma
Superintendent, Wewoka Agency, Wewoka, Oklahoma
Area Director, Navajo Area, Window Rock, Arizona
Assistant Area Director, Administration (Navajo Area), Gallup, New Mexico
Area Property and Supply Officer, Navajo Area, Gallup, New Mexico
Contract Specialists, Navajo Area, Gallup, New Mexicvo (1) GS–13; (3) GS–12
Superintendent, Chinle Agency, Chinle, Arizona
Superintendent, Eastern Navajo Agency, Crownpoint, New Mexico
Superintendent, Fort Defiance Agency, Fort Defiance, Arizona
Superintendent, Shiprock Agency, Shiprock, New Mexico
Superintendent, Tuba City Agency, Tuba City, Arizona
Project Manager, Navajo Irrigation Project, Farmington, New Mexico
Area Director, Phoenix, Arizona
Assistant Area Director, Administration, Phoenix, Arizona
Area Property and Supply Officer, Phoenix, Arizona
Contract Specialists, Phoenix, Arizona (1) GS–12; (1) GS–13
General Engineer, San Carlos Irrigation Project, Coolidge, Arizona
Superintendent, Colorado River Agency, Parker, Arizona
Superintendent, Eastern Nevada Agency, Owyhee, Nevada
Superintendent, Fort Apache Agency, Whiteriver, Arizona
Superintendent, Hopi Agency, Keams Canyon, Arizona
Superintendent, Papago Agency, Sells, Arizona
Superintendent, Pima Agency, Sacaton, Arizona
Superintendent, Salt River Agency, Scottsdale, Arizona
Superintendent, San Carlos Agency, San Carlos, Arizona
Superintendent, Truxton Canyon Agency, Valentine, Arizona
Superintendent, Uintah and Ouray Agency, Ft. Ducheane, Utah
Superintendent, Western Nevada Agency, Stewart, Nevada
Area Director, Portland, Oregon

Assistant Area Director, Administration, Portland, Oregon
Area Property and Supply Officer, Portland, Oregon
General Engineer, Wapato Irrigation Project, Wapato, Washington
Contract Specialist, Portland, Oregon (1) GS–12
Superintendent, Colville Agency, Nespelem, Washington
Superintendent, Fort Hall Agency, Fort Hall, Idaho
Superintendent, Northern Idaho Agency, Lapwai, Idaho
Superintendent, Spokane Agency, Wellpinit, Washington
Superintendent, Umatilla Agency, Pendleton, Oregon
Superintendent, Warm Springs Agency, Warm Springs, Oregon
Superintendent, Western Washington Agency, Everett, Washington
Superintendent, Yakima Agency, Toppenish, Washington
Area Director, Sacramento, California
Area Administrative Officer, Sacramento, California
Contract Specialist, Sacramento, California (1) GS–12
Superintendent, Central California Agency, Sacramento, California
Superintendent, Hoopa Agency, Hoopa, California
Superintendent, Southern California Agency, Riverside, California
Field Representative, Palm Springs Area Field Office, Palm Springs, California

Office of the Solicitor

Deputy Solicitor, Washington, D.C. (2)
Special Assistants to the Solicitor, Washington, D.C. (2)
Associate Solicitors (5), Washington, D.C.
Assistant Solicitors (24), Washington, D.C.
Regional Solicitors (8)
Assistant Regional Solicitors (11)
Field Solicitors (17)
Administrative Management Assistant, Washington, D.C.

Assistant Secretary-Program Development and Budget

Deputy Assistant Secretary, Washington, D.C.
Director, Office of Policy Analysis
Assistant Director, Program Staff
Assistant Director, Economics

Office of Environmental Project Review

Director, Office of Environmental Project Review, Washington, D.C.
General Engineer (2), Washington, D.C.
Environmental Review Officer (2), Washington, D.C.

Office of Budget

Director, Washington, D.C.
Deputy Director, Washington, D.C.
Chief, Division of Financial Administration, Washington, D.C.

Office of Outer Continental Shelf Program Coordination

Director, Outer Continental Shelf Program Coordination Office, Washington, D.C.

Assistant Secretary—Management

Deputy Assistant Secretary—Management, Washington, D.C.
Special Assistant to the Assistant Secretary—Management, Washington, D.C.
Digital Computer Systems Administrator, Washington, D.C.
DIPS Project Leader, Washington, D.C.

Office of Audit and Investigation

Director, Washington, D.C.
Staff Assistant (Deputy Counselor), Washington, D.C.
Program Audit Manager, Washington, D.C. (4)
Manager, Division of Investigation, Washington, D.C.
Regional Audit Manager (3), (Washington, D.C.; Denver, Colorado; and Sacramento, California)
Regional Audit Supervisor (24), (Washington, D.C.; Denver, Colorado; Albuquerque, New Mexico; Sacramento, California; Portland, Oregon)
Auditor (21), GS–12, (Washington, D.C.; Denver, Colorado; Albuquerque, New Mexico; Sacramento, California; and Portland, Oregon)
Supervisory Auditor, Contract and Grant Audit, Washington, D.C.
Management Analyst, Washington, D.C.
Management Analyst, (2), GS–12 (Washington, D.C. and Denver, Colorado)
Investigators (General), (5), GS–13 and above, Washington, D.C.

Office of Aircraft Services

Director, Office of Aircraft Services, Boise, Idaho
Contracting and General Services Manager, Boise, Idaho.
Supervisory Contract Specialist, Boise, Idaho
Chief, Division of Technical Services, Boise, Idaho
Regional Director, Office of Aircraft Services, Anchorage, Alaska
Chief, Division of Technical Services, Anchorage, Alaska

Office of ADP Management

Director, Office of ADP Management
Staff Specialist: (4) Washington, D.C.
Specialist: (4) Washington, D.C.
Plans and Policy Officer
Systems and Equipment Review Analyst
Operations Review Analyst
ADP Resource Management Specialist

Office of Manpower Training and Youth Activities

Director, Office of Manpower Training and Youth Activities, Washington, D.C.
Division Manager, Administrative Division, Washington, D.C.
Division Manager, Operations Division, Washington, D.C.
Conservation Center Director, Ft. Simcoe, Washington

Office of Library Services

Library Director, Washington, D.C.

Office of Management Consulting

Director, Washington, D.C.
Assistant Director, General Management and Organization, Washington, D.C.
Assistant Director, Financial Systems, Washington, D.C.
Assistant Director, Applied Systems, Washington, D.C.
Assistant Director, Special Projects, Washington, D.C.

Office of Management Operations

Director, Washington, D.C.
Deputy Director, Washington, D.C.
Chief, Division of General Services, Washington, D.C.
Chief, Division of Printing and Publications

Office of Management Services

Director, Washington, D.C.
Assistant Director for Procurement, Washington, D.C.
Procurement Analyst, Washington, D.C. (2)
Grants Policy Specialist, Washington, D.C.
Procurement Analyst, Salt Lake City, Utah.
Staff Assistant for Analysis & Evaluation, Washington, D.C.

Office of Organization and Personnel Management

Director, Office of Organization and Personnel Management, Washington, D.C.
Chief, Division of Employee Development and Improvement, Washington, D.C.

Office of Secretarial Operations

Chief, Division of Fiscal Services, Washington, D.C.
Chief, Division of Personnel Services, Washington, D.C.
Chief, Branch of Personnel Operations (2), Washington, D.C.

Assistant Secretary—Congressional and Legislative Affairs

Deputy Assistant Secretary—Congressional and Legislative Affairs, Washington, D.C.
Assistant to the Secretary, Congressional Liaison, Washington, D.C.

Office of Legislation

Director, Office of Legislation, Washington, D.C.
Staff Assistant
Assistant Legislative Counsels

Office of Assistant Secretary—Energy and Minerals

Deputy Assistant Secretaries (4), Washington, D.C.
Staff—Assistant to Assistant Secretary (4), Washington, D.C.
Public Information Officer, Washington, D.C.
Administrator, Ocean Mining Administration, Washington, D.C.
Coal Policy Coordinator, Washington, D.C.
Executive Assistant, Washington, D.C.
Industrial Specialists (2), Washington, D.C.

Office of Research and Development

Director, Office of Research and Development, Washington, D.C.

Office of Minerals Policy Development

Director, Office of Minerals Policy Development, Washington, D.C.

BUREAU OF MINES

Director
Chief Mining Engineer
Chief, Office of Mineral Information
Officer in Charge, Audio Visual
Chief, Division of Public Information
Public Information Specialists, GS–13 and above
Chief, Division of Production and Distribution
Assistant to the Director for Congressional and Legislative Affairs

Staff Engineer, Reston, Virginia.
Administrative Officer EROS Program, Reston, Virginia.
Supervisory Operations Research Analyst, Reston, Virginia.
Computer Specialist, Reston, Virginia.
Environmental Planner, Reston, Virginia.
Operations Research Analyst, Reston, Virginia.
Remote Sensing Specialist, Bay St. Louis, Mississippi.
Physical Scientist (4), Reston, Virginia.
Administrative Officer, EROS Data Center, Sioux Falls, South Dakota.
Research Forester, Sioux Falls, South Dakota.
Supervisory Remote Sensing Specialist, Sioux Falls, South Dakota.
Chief, Branch of Professional Services, Sioux Falls, South Dakota.
General Engineer, Sioux Falls, South Dakota.
Physical Scientist, Sioux Falls, South Dakota.
Supervisory Geologist (2), Reston, Virginia.
Hydrologist (4), Reston, Virginia.
Geologist (5), Reston, Virginia.
Supervisory Physical Scientist, Reston, Virginia.
Deputy Assistant Director for Administration, Reston, Virginia.
Chief, Branch of Procurement and Contracts, Reston, Virginia.
Contract Specialist (12), Reston, Virginia. (5) GS–12
Management Officer, Reston, Virginia.
Supervisory Contract Specialist, Reston, Virginia.
Procurement Agent (2), Reston, Virginia. (2) GS–12
Management Officer, Lakewood, Colorado.
Supervisory Contract Specialist, Lakewood, Colorado.
Contract Specialist (2), Lakewood, Colorado. GS–12 (2)
Management Officer, Menlo Park, California.
Procurement Officer, Menlo Park, California.
Contract Specialist (3), Menlo Park, California. (2) GS–12
Assistant Chief, Computer Center Division, Reston, Virginia.
Assistant Chief for Operations, Conservation Division, Reston, Virginia.
Assistant Chief for Programs, Conservation Division, Reston, Virginia.
Assistant Chief for Resources Evaluation, Conservation Division, Reston, Virginia.
Assistant Regional Conservation Manager, Menlo Park, California.
Regional Conservation Manager, Menlo Park, California.
Assistant Regional Conservation Manager, Lakewood, Colorado.
Assistant Conservation Manager, Metairie, Louisiana.
Area Oil and Gas Supervisor—Resource Evaluation and Analysis, Metairie, Louisiana.
Assistant Oil and Gas Supervisor—Resource Evaluation and Analysis, Metairie, Louisiana.
Regional Conservation Manager, Washington, D.C.
Environmental Conservation Specialist, Reston, Virginia.
Environmental Specialist, Reston, Virginia. GS–12 (1)
Economist, Reston, Virginia.
Operating Accountant, Reston, Virginia. GS–12 (1)
Accountant, Reston, Virginia.
Accounting Assistant, Reston, Virginia. GS–12 (1)
Scientific Staff Assistant, Reston, Virginia.
Program Analysis Officer, Reston, Virginia.
Legal Staff Assistant (2), Reston, Virginia.
Mathematical Statistician, Reston, Virginia.
Administrative Officer, Reston, Virginia.
Supervisory Petroleum Engineer, Anchorage, Alaska.
Supervisory Physical Scientist, Anchorage, Alaska.
Geophysicist (4), Anchorage, Alaska. GS–12 (4)
Geologist (9), Anchorage, Alaska. GS–12 (7)
Petroleum Engineer (5), Anchorage, Alaska. GS–12 (2)
Petroleum Engineering Technician, Anchorage, Alaska. GS–12 (1)
Accounting and Administrative Officer, Anchorage, Alaska. GS–12 (1)
Supervisory Petroleum Engineer, Bakersfield, California.

Petroleum Engineer (2), Bakersfield, California. GS–12 (2)
Petroleum Engineering Technician (2), Bakersfield, California. GS–12 (2)
Supervisory Petroleum Engineer (3), Los Angeles, California.
Geologist (11), Los Angeles, California. GS–12 (4)
Research Geologist, Los Angeles, California.
Environmental Specialist, Los Angeles, California.
Petroleum Engineer (10), Los Angeles, California. GS–12 (7)
Petroleum Engineering Technician, Los Angeles, California. GS–12 (1)
Geophysicist (4), Los Angeles, California. GS–12 (3)
Mechanical Engineer, Los Angeles, California. GS–12 (1)
Supervisory Accountant, Los Angeles, California. GS–12 (1)
Accountant, Los Angeles, California. GS–12 (1)
Accounting Assistant (Mineral Royalties), Los Angeles, California. GS–12 (1)
Supervisory Mining Engineer (2), Menlo Park, California.
Supervisory Petroleum Engineer, Menlo Park, California.
Supervisory Physical Scientist (2), Menlo Park, California.
Supervisory Geologist (2), Menlo Park, California.
Supervisory Hydrologist, Menlo Park, California.
Mining Engineer (4), Menlo Park, California. GS–12 (3)
Geologist (13), Menlo Park, California. GS–12 (1)
Physical Scientist (5), Menlo Park, California. GS–12 (2)
Petroleum Engineer (5), Menlo Park, California. GS–12 (3)
Petroleum Engineering Technician, Menlo Park, California. GS–12 (1)
Mechanical Engineer, Menlo Park, California. GS–12 (1)
Chemical Engineer, Menlo Park, California. GS–12 (1)
Geophysicist, Menlo Park, California. GS–12 (1)
Industry Economist, Menlo Park, California. GS–12 (1)
Administrative Officer, Menlo Park, California. GS–12 (1)
Accounting Assistant (Mineral Royalties), Menlo Park, California. GS–12 (1)
Supervisory Petroleum Engineer, Santa Barbara, California.
Petroleum Engineer, Santa Barbara, California. GS–12 (1)
Petroleum Engineering Technician (6), Santa Barbara, California. GS–12 (6)
Supervisory Hydraulic Engineer, Denver, Colorado.
Geologist (16), Denver, Colorado. GS–12 (16)
Mining Engineer (2), Denver, Colorado. GS–12 (2)
Administrative Officer, Denver, Colorado. GS–12 (1)
Systems Accountant, Denver, Colorado. GS–12 (1)
Accounting Assistant (Typing), Denver, Colorado.
Supervisory Petroleum Engineer, Durango, Colorado.
Petroleum Engineer (2), Durango, Colorado. GS–12 (2)
Supervisory Mining Engineer, Grand Junction, Colorado.
Supervisory Physical Scientist, Grand Junction, Colorado.
Supervisory Hydrologist, Grand Junction, Colorado.
Environmental Specialist (Geology), Grand Junction, Colorado.
Environmental Specialist (Reclamation), Grand Junction, Colorado. GS–12 (1)
Physical Scientist, Grand Junction, Colorado.
Meteorologist, Grand Junction, Colorado.
Supervisory Mining Engineer (2), Lakewood, Colorado.
Supervisory Physical Scientist (2), Lakewood, Colorado.
Supervisory Geologist, Lakewood, Colorado.
Geologist (6), Lakewood, Colorado.
Physical Scientist (3), Lakewood, Colorado.
Hydraulic Engineer, Lakewood, Colorado.
Computer Systems Analyst, Lakewood, Colorado.
Petroleum Engineer (2), Lakewood, Colorado.
Staff Assistant for Oil and Gas, Lakewood, Colorado.
Staff Assistant for Programs, Lakewood, Colorado.
Staff Assistant for Environment, Lakewood, Colorado.
Staff Assistant for Mining, Lakewood, Colorado.
Mining Engineer (2), Pocatello, Idaho. GS–12 (1)
Supervisory Petroleum Engineer, Houma, Louisiana.
Petroleum Engineer (3), Houma, Louisiana. GS–12 (3)
Petroleum Engineering Technician (2), Houma, Louisiana. GS–12 (2)
Supervisory Petroleum Engineer, Lafayette, Louisiana.
Petroleum Engineer (5), Lafayette, Louisiana. GS–12 (5)
Petroleum Engineering Technician (8), Lafayette, Louisiana. GS–12 (8)
Geologist, Lafayette, Louisiana. GS–12 (1)
Geophysicist, Lafayette, Louisiana. GS–12 (1)
Supervisory Petroleum Engineer, Lake Charles, Louisiana.
Supervisory Petroleum Engineer (13), Metairie, Louisiana. GS–12 (4)
Supervisory Geologist (3), Metairie, Louisiana.
Supervisory Geophysicist (3), Metairie, Louisiana.
Geologist (37), Metairie, Louisiana. GS–12 (37)
Digital Computer Systems Administrator, Metairie, Louisiana.
Petroleum Engineer (42), Metairie, Louisiana. GS–12 (30)
Petroleum Engineering Technician (6), Metairie, Louisiana. GS–12 (6)
Mechanical Engineer (2), Metairie, Louisiana. GS–12 (2)
General Engineer, Metairie, Louisiana. GS–12 (1)
Electrical Engineer, Metairie, Louisiana. GS–12 (1)
Physical Science Technician, Metairie, Louisiana. GS–12 (1)
Helicopter Transportation Specialist, Metairie, Louisiana. GS–12 (1)
Administrative Officer, Metairie, Louisiana. GS–12 (1)
Supervisory Accountant (3), Metairie, Louisiana. GS–12 (3)
Accountant (2), Metairie, Louisiana. GS–12 (2)
Accounting Assistant (Mineral Royalties) (6), Metairie, Louisiana. GS–12 (6)
Auditor (2), Metairie, Louisiana. GS–12 (2)
Staff Assistant for Environmental Analysis, Metairie, Louisiana.
Staff Assistant for Programs, Metairie, Louisiana.
Staff Assistant for Operations and Regulation, Metairie, Louisiana.
Geophysicist (11), Metairie, Louisiana. GS–12 (11)
Supervisory Petroleum Engineer, Jackson, Mississippi.
Petroleum Engineer, Jackson, Mississippi. GS–12 (1)
District Mining Engineer, Rolla, Missouri.
Supervisory Petroleum Engineer, Billings, Montana.
Petroleum Engineer, Billings, Montana. GS–12 (1)
Supervisory Mining Engineer (2), Billings, Montana.
Mining Engineer, Billings, Montana. GS–12 (1)
Geologist (6), Billings, Montana. GS–12 (6)
Accounting Assistant (Mineral Royalties), Billings, Montana. GS–12 (1)
Supervisory Petroleum Engineer, Reno, Nevada.
Supervisory Petroleum Engineer, Artesia, New Mexico.
Petroleum Engineer, Artesia, New Mexico. GS–12 (1)
Supervisory Mining Engineer, Carlsbad, New Mexico.
Mining Engineer (3), Carlsbad, New Mexico. GS–12 (1)
Mining Inspector, Carlsbad, New Mexico. GS–12 (1)
Supervisory Petroleum Engineer, Farmington, New Mexico.
Petroleum Engineer, Farmington, New Mexico. GS–12 (1)
Geologist, Farmington, New Mexico.
Petroleum Engineering Technician, Farmington, New Mexico. GS–12 (1)
Supervisory Petroleum Engineer, Hobbs, New Mexico.
Petroleum Engineer, Hobbs, New Mexico. GS–12 (1)
Supervisory Petroleum Engineer (3), Roswell, New Mexico.
Petroleum Engineer (5), Roswell, New Mexico. GS–12 (3)
Supervisory Geologist (2), Roswell, New Mexico.
Geologist (3), Roswell, New Mexico. GS–12 (3)
Supervisory Accountant (2), Roswell, New Mexico. GS–12 (2)
Accountant, Roswell, New Mexico. GS–12 (1)
Accounting Assistant (Mineral Royalties) (2), Roswell, New Mexico. GS–12 (2)
Accounting Clerk (Mineral Royalties), Roswell, New Mexico. GS–12 (1)
Supervisory Mining Engineer, McAlester, Oklahoma.
Accounting Assistant (Mineral Royalties), McAlester, Oklahoma. GS–12 (1)
Supervisory Petroleum Engineer, Oklahoma City, Oklahoma.
Petroleum Engineering Technician (2), Oklahoma City, Oklahoma. GS–12 (2)
Supervisory Petroleum Engineer (2), Tulsa, Oklahoma.
Petroleum Engineer (2), Tulsa, Oklahoma. GS–12 (2)
Geologist (2), Tulsa, Oklahoma. GS–12 (1)
Supervisory Accountant (2), Tulsa, Oklahoma. GS–12 (2)
Supervisory Accounting Assistant (Mineral Royalties), Tulsa, Oklahoma. GS–12 (1)
Accounting Assistant (Mineral Royalties) (2), Tulsa, Oklahoma. GS–12 (2)
Supervisory Petroleum Engineer, Portland, Oregon.
Supervisory Hydraulic Engineer, Portland, Oregon.
Supervisory Petroleum Engineer (2), Salt Lake City, Utah.
Petroleum Engineer (2), Salt Lake City, Utah.
Supervisory Mining Engineer (2), Salt Lake City, Utah.
Supervisory Geologist, Salt Lake City, Utah.
Mining Engineer (4), Salt Lake City, Utah. GS–12 (4)
Geologist (4), Salt Lake City, Utah. GS–12 (3)
Accounting Assistant (Mineral Royalties), Salt Lake City, Utah. GS–12 (1)
Supervisory Petroleum Engineer (2), Reston, Virginia.
Supervisory Mining Engineer, Reston, Virginia.
Supervisory Physical Scientist (2), Reston, Virginia.

V40242 DEC 16 75 XUM

Supervisory Geologist (2), Reston, Virginia.
Mining Engineer (8), Reston, Virginia.
Geologist (5), Reston, Virginia. GS–12 (1)
Geophysicist, Reston, Virginia.
Physical Scientist (4), Reston, Virginia.
Hydraulic Engineer, Reston, Virginia.
Petroleum Engineer (5), Reston, Virginia. GS–12 (2)
Petroleum Engineering Technician, Tacoma, Washington.
Supervisory Petroleum Engineer (4), Casper, Wyoming.
Petroleum Engineer (8), Casper, Wyoming. GS–12 (7)
Supervisory Geologist (2), Casper, Wyoming.
Geologist (7), Casper, Wyoming. GS–12 (7)
Supervisory Accountant (2), Casper, Wyoming GS–12 (2)
Accountant, Casper, Wyoming. GS–12 (1)
Supervisory Accounting Assistant (Mineral Royalties), Casper, Wyoming. GS–12 (1)
Accounting Assistant (Mineral Royalties) (2), Casper, Wyoming. GS–12 (2)
Supervisory Petroleum Engineer, Newcastle, Wyoming.
Petroleum Engineer, Newcastle, Wyoming. GS–12 (1)
Supervisory Petroleum Engineer, Rock Springs, Wyoming.
Petroleum Engineer (2), Rock Springs, Wyoming. GS–12 (1)
Mining Engineer, Rock Springs, Wyoming.
Supervisory Petroleum Engineer, Thermopolis, Wyoming.
Petroleum Engineer, Thermopolis, Wyoming. GS–12 (1)
Supervisory Petroleum Engineer, Washington, DC.
Supervisory Mining Engineer, Washington, DC.
Supervisory Geologist, Washington, DC.
Geologist (3), Washington, DC. GS–12 (3)
Petroleum Engineer (2), Washington, DC.
Geophysicist (5), Washington, DC. GS–12 (4)
Deputy Chief Geologist, Reston, Virginia.
Deputy Chief Geologist for Program and Budget, Reston, Virginia.
Assistant Program Officer, Reston, Virginia.
Administrative Officer, Reston, Virginia.
Eastern Regional Geologist, Reston, Virginia.
Deputy Eastern Regional Geologist, Reston, Virginia.
Central Regional Geologist, Denver, Colorado.
Deputy Central Regional Geologist, Denver, Colorado.
Western Regional Geologist, Menlo Park, California.
Deputy Western Regional Geologist, Menlo Park, California.
Administrative Officer, Reston, Virginia.
International Activities Officer, Reston, Virginia.
Assistant to Office Chief, Reston, Virginia.
Mineral Attache Assistant, Reston, Virginia.
Circum-Pacific Specialist, Menlo Park, California.
Project Chief (Indonesia), Reston, Virginia.
Deputy Mission Chief (SAG), Jidda, Saudi Arabia.
Deputy Chief, Office of Environmental Geology, Reston, Virginia.
Administrative Officer, Reston, Virginia.
Staff Geologist, Reston, Virginia.
Chief, Branch of Eastern Environmental Geology, Reston, Virginia.
Staff Geologist, Reston, Virginia.
Chief, Branch of Kentucky Environmental Geology, Lexington, Kentucky.
Chief, Branch of Central Environmental Geology, Lakewood, Colorado.
Program Manager, Lakewood, Colorado.
Chief, Branch of Western Environmental Geology, Menlo Park, California.
Program Manager, Menlo Park, California.
Chief, Branch of Engineering Geology, Lakewood, Colorado.
Chief, Branch of Special Projects, Lakewood, Colorado.
Chief, Branch of Astrogeology, Menlo Park, California.
Chief, Branch of Paleontology and Stratigraphy, Washington, DC.
Deputy Chief, Office of Mineral Resources, Reston, Virginia.
Deputy Chief, Office of Mineral Resources—Wilderness Program, Reston, Virginia.
Staff Geologist, Denver Programs, Reston, Virginia.
Staff Geologist, Menlo Park Programs, Reston, Virginia.
Chief, Branch of Alaskan Geology, Menlo Park, California.
Chief, Branch of Western Mineral Resources, Menlo Park, California.
Chief, Branch of Exploration Research, Golden, Colorado.
Chief, Office of Resource Analysis, Reston, Virginia.
Chief, Branch of Central Mineral Resources, Denver, Colorado.
Chief, Branch of Eastern Mineral Resources, Reston, Virginia.
Geologist, Reston, Virginia.
Administrative Officer, Reston, Virginia.
Deputy Chief, Office of Scientific Publications, Reston, Virginia.
Chief, Branch of Seismic Engineering, San Francisco, California.
Chief, Branch of Seismicity and Risk Analysis, Golden, Colorado.
Chief, Branch of Seismology, Menlo Park, California.
Chief, Branch of Earthquake Tectonics, Menlo Park, California.
Supervisory Geophysicist, Albuquerque, New Mexico.
Chief, Office of Earthquake Studies, Reston, Virginia.
Deputy for Seismology, Reston, Virginia.
Deputy for Engineering, Reston, Virginia.
Deputy for Geology, Reston, Virginia.
Administrative Officer, Reston, Virginia.
Program Manager for Contracts, Menlo Park, California.
Deputy Chief for Geophysical Programs, Lakewood, Colorado.
Deputy Chief for Geothermal Research, Reston, Virginia.
Program Manager, Menlo Park, California.
Deputy Chief, Office of Geochemistry and Geophysics, Reston, Virginia.
Staff Geophysicist for Remote Sensing, Reston, Virginia.
Administrative Officer, Reston, Virginia.
Staff Geologist for Remote Sensing, Reston, Virginia.
Staff Botanist for Geochemistry and Geophysics, Reston, Virginia. GS–12 (1)
Chief, Branch of Experimental Geochemistry and Mineralogy, Reston, Virginia.
Chief, Branch of Theoretical and Applied Geophysics, Lakewood, Colorado.
Chief, Branch of Isotope Geology, Lakewood, Colorado.
Chief, Branch of Regional Geochemistry, Lakewood, Colorado.
Geophysicist, Lakewood, Colorado.
Supervisory Geophysicist, Lakewood, Colorado.
Staff Geologist for Resource Analysis, Reston, Virginia.
Principal Deputy to Chief, Office of Energy Resources, Reston, Virginia.
Contracts and Grants Officer, Reston, Virginia.
Deputy for Coal Resources, Reston, Virginia.
Deputy for Uranium-Thorium Deposits, Reston, Virginia.
Deputy for Oil and Gas Resources, Reston, Virginia.
Deputy for Marine Geology, Reston, Virginia.
Staff Geologist for Coastal Zone Program, Reston, Virginia.
Deputy for Outer Continental Shelf Environmental Studies, Reston, Virginia.
Administrative Officer, Reston, Virginia.
Chief, Branch of Oil and Gas Resources, Lakewood, Colorado.
Chief, Branch of Coal Resources, Reston, Virginia.
Chief, Branch of Chemical Resources, Lakewood, Colorado.
Chief, Branch of Uranium-Thorium Resources, Lakewood, Colorado.
Chief, Branch of Atlantic-Gulf of Mexico Geology, Woods Hole, Massachusetts.
Chief, Branch of Pacific-Arctic Geology, Menlo Park, California.
Associate Chief, Publications Division, Reston, Virginia.
Assistant Chief (Management and Administration), Publications Division, Reston, Virginia.
Deputy Assistant Chief (Management and Administration), Reston, Virginia.
Chief, Branch of Administrative Services, Reston, Virginia.
Assistant Chief (Research and Technical Coordination), Reston, Virginia.
Deputy Assistant Chief (Research and Technical Coordination), Reston, Virginia.
Printing Liaison Officer, Reston, Virginia.
Chief, Eastern Region, Reston, Virginia.
Assistant Chief, Eastern Region, Reston, Virginia.
Chief, Administrative Services, Eastern Region, Reston, Virginia.
Assistant Chief Administrative Services, Eastern Region, Reston, Virginia.
Chief, Branch of Technical Editing, Eastern Region, Reston, Virginia.
Chief, Branch of Cartography, Eastern Region, Reston, Virginia.
Chief, Branch of Printing, Eastern Region, Reston, Virginia.
Chief, Branch of Distribution, Eastern Region, Arlington, Virginia.
Chief, Branch of Exhibits, Eastern Region, Reston, Virginia.
Chief, Branch of Visual Services, Eastern Region, Reston, Virginia.
Chief, Central Region, Lakewood, Colorado.
Chief, Branch of Technical Editing, Central Region, Lakewood, Colorado.
Chief, Branch of Cartography, Central Region, Lakewood, Colorado.
Chief, Branch of Distribution, Central Region, Lakewood, Colorado.
Chief, Branch of Exhibits, Central Region, Lakewood, Colorado. GS–12 (1)
Chief, Western Region, Menlo Park, California.
Chief, Branch of Cartography, Western Region, Menlo Park, California.
Chief, Branch of Technical Editing, Western Region, Menlo Park, California.
Chief, Office of Research and Technical Standards, Reston, Virginia.
Chief, Special Mapping Center, Reston, Virginia.
Deputy Chief, Research and Technical Standards, Reston, Virginia.
Photographic Technologist, Reston, Virginia.
Civil Engineer, Reston, Virginia.
Research Specialist (5), Reston, Virginia.
Chief, Branch of Research and Design, Reston, Virginia.
Chief, Branch of Aerial Photography, Reston, Virginia.
Research Civil Engineer (2), Reston, Virginia.
Cartographer (3), Reston, Virginia. GS–12 (1)
Chief, Branch of Exhibits, Western Region, Menlo Park, Calif. GS–12 (1)
Cartographic Technician, Reston, Virginia GS–12 (1)
Chief, Branch of Field Surveys, Reston, Virginia.
Chief, Branch of Photogrammetry, Reston, Virginia.
Chief, Branch of Cartography, Reston, Virginia.
Assistant Chief Hydrologist for Operations, Reston, Virginia.

Regional Hydrologist, Menlo Park, California.
Supervisory Hydrologist (Delaware River Master), Reston, Virginia.
Supervisory Hydrologist, Tallahassee, Florida.
Supervisory Hydrologist, Lakewood, Colorado.
Hydrologist (2), Reston, Virginia.

Mining Enforcement and Safety Administration

Assistant Administrator—Plans, Assessments, and Management
Assistant Administrator—Coal Mine Health and Safety
Assistant Administrator—Metal and Nonmetal Mine Health and Safety
Assistant Administrator—Education and Training
Assistant Administrator—Technical Support
District Manager, Coal Mine Health and Safety, District 1, Wilkes-Barre, Pa.
District Manager, Coal Mine Health and Safety, District 2, Pittsburgh, Pa.
District Manager, Coal Mine Health and Safety, District 3, Morgantown, W. Va.
District Manager, Coal Mine Health and Safety, District 4, Mount Hope, W. Va.
District Manager, Coal Mine Health and Safety, District 5, Norton, Va.
District Manager, Coal Mine Health and Safety, District 6, Pikeville, Ky.
District Manager, Coal Mine Health and Safety, District 7, Barbourville, Ky.
District Manager, Coal Mine Health and Safety, District 8, Vincennes, Ind.
District Manager, Coal Mine Health and Safety, District 9, Denver, Colo.
District Manager, Metal and Nonmetal Mine Health and Safety, North Central District, Duluth, Minnesota
District Manager, Metal and Nonmetal Mine Health and Safety, Northeastern District, Pittsburgh, Pennsylvania
District Manager, Metal and Nonmetal Mine Health and Safety, Southeastern District, Birmingham, Alabama
District Manager, Metal and Nonmetal Mine Health and Safety, South Central District, Dallas, Texas
District Manager, Metal and Nonmetal Mine Health and Safety, Rocky Mountain District, Denver, Colorado
District Manager, Metal and Nonmetal Mine Health and Safety, Western District, Alameda, California
Chief, Office of Assessment
Chief, Division of Management Services
Chief, State Grant Program Office
Superintendent, National Mine Health and Safety Academy
Executive Assistant to the Administrator
Chief, Division of Health, Coal Mine Health and Safety
Chief, Division of Safety, Coal Mine Health and Safety
Chief, Division of Health, Metal and Nonmetal Mine Health and Safety
Chief, Division of Safety, Metal and Nonmetal Mine Health and Safety
Chief, Pittsburgh Technical Support Center
Chief, Denver Technical Support Center
Procurement Officer, Arlington, Virginia
Subdistrict Manager, Coal Mine Health and Safety, Monroeville, Pennsylvania
Subdistrict Manager, Coal Mine Health and Safety, Johnstown, Pennsylvania
Subdistrict Manager, Coal Mine Health and Safety, Mount Hope, West Virginia
Subdistrict Manager, Coal Mine Health and Safety, Princeton, West Virginia
Subdistrict Manager, Coal Mine Health and Safety, Madison, West Virginia
Subdistrict Manager, Coal Mine Health and Safety, Norton, West Virginia
Subdistrict Manager, Coal Mine Health and Safety, Richlands, Virginia
Subdistrict Manager, Coal Mine Health and Safety, Barbourville, Kentucky
Subdistrict Manager, Coal Mine Health and Safety, Madisonville, Kentucky
Subdistrict Manager, Coal Mine Health and Safety, Birmingham, Alabama
Subdistrict Manager, Coal Mine Health and Safety, Vincennes, Indiana
Subdistrict Manager, Coal Mine Health and Safety, St. Clairsville, Ohio
Subdistrict Manager, Coal Mine Health and Safety, Denver, Colorado
Subdistrict Manager, Coal Mine Health and Safety, Price, Utah
Subdistrict Manager, Coal Mine Health and Safety, McAlester, Oklahoma
Subdistrict Manager, Metal and Nonmetal Mine Health and Safety, Pittsburgh, Pennsylvania
Subdistrict Manager, Metal and Nonmetal Mine Health and Safety, Albany, New York
Subdistrict Manager, Metal and Nonmetal Mine Health and Safety, Birmingham, Alabama
Subdistrict Manager, Metal and Nonmetal Mine Health and Safety, Knoxville, Tennessee
Subdistrict Manager, Metal and Nonmetal Mine Health and Safety, Duluth, Minnesota
Subdistrict Manager, Metal and Nonmetal Mine Health and Safety, Vincennes, Indiana
Subdistrict Manager, Metal and Nonmetal Mine Health and Safety, Dallas, Texas
Subdistrict Manager, Metal and Nonmetal Mine Health and Safety, Rolla, Missouri
Subdistrict Manager, Metal and Nonmetal Mine Health and Safety, Denver, Colorado
Subdistrict Manager, Metal and Nonmetal Mine Health and Safety, Salt Lake City, Utah
Subdistrict Manager, Metal and Nonmetal Mine Health and Safety, Alameda, California
Subdistrict Manager, Metal and Nonmetal Mine Health and Safety, Seattle, Washington
Subdistrict Manager, Metal and Nonmetal Mine Health and Safety, Reno, Nevada
Subdistrict Manager, Metal and Nonmetal Mine Health and Safety, Phoenix, Arizona
All Supervisory Coal Mine Health and Safety Inspectors, GS–13 and above (139)
All Supervisory Metal and Nonmetal Mine Health and Safety Inspectors, GS–13 and above (16)
All Coal Mine Health and Safety Inspectors (1004) GS–12 (624) GS–11 (185) GS–9 (195)
All Metal and Nonmetal Health and Safety Inspectors (252) GS–12 (76) GS–11 (82) GS–9 (94)

Alaska Power Administration

Chief, Administrative Services Division, Juneau, Alaska.
Chief, Power Division, Juneau, Alaska.
Chief, Project Development Division, Juneau, Alaska.
Project Superintendent (Eklutna), Palmer, Alaska.
Project Superintendent (Snettisham), Juneau, Alaska.

BONNEVILLE POWER ADMINISTRATION

Public Information Officer, Portland, Oregon
Assistant to Chief Engineer, Computer Applications Staff, Division of Engineering and Construction, Portland, Oregon
BPA Project Manager, Portland, Oregon
Projects Engineer-Richland, Washington
General Engineer-Richland, Washington
General Services Manager, Vancouver, Washington
Assistant Head, Line Construction Section, Branch of Construction, Vancouver, Washington
Assistant Chief, Branch of Land, Portland, Oregon
Head, Appraisal Section, Branch of Land, Portland, Oregon
Head, Acquisitions Section, Branch of Land, Portland, Oregon
Head, Bids and Awards Unit, Branch of Materials and Procurement, Portland, Oregon
Head, Purchase Unit, Branch of Materials and Procurement, Portland, Oregon
Staff Assistant, Contract Management Section, Branch of Materials and Procurement, Portland, Oregon
Consultants (3), Branch of Control Engineering, Portland, Oregon
Head, Program Planning and Management Staff, Branch of Control Engineering, Portland, Oregon
Head, Technical Services Staff, Branch of Control Engineering, Portland, Oregon
Project Manager, Station Projects Unit A, Branch of Substation Design, Portland, Oregon
Project Manager, Station Projects Unit B, Branch of Substation Design, Portland, Oregon
Project Manager, Station Projects Unit C, Branch of Substation Design, Portland, Oregon
Project Manager, Station Projects Unit D, Branch of Substation Design, Portland, Oregon
Consultants (2), Branch of Transmission Design, Portland, Oregon
Assistant Administrative Manager, Portland, Oregon
Assistant Head, Disbursement Audit Section, Branch of Finance and Accounts, Portland, Oregon
Assistant Operation and Maintenance Manager, Portland, Oregon
Assistant to Operations and Maintenance Manager (Program Management), Portland, Oregon
Assistant Chief, Branch of System Operations, Portland, Oregon
District Manager, Kalispell District Office, Kalispell, Montana
District Manager, Eugene District Office, Eugene, Oregon
District Manager, Wenatchee District Office, Wentachee, Washington
District Manager, Idaho Falls District Office, Idaho Falls, Idaho
Assistant to Power Manager (Computer Applications), Portland, Oregon
Head, Requirements Section, Branch of Power Resources, Portland, Oregon

Defense Electric Power Administration

Administrator, Defense Electric Power Administration, Washington, D.C.

SOUTHEASTERN POWER ADMINISTRATION

Chief, Division of Fiscal Operations, Elberton, Georgia
Chief, Division of Power Sales, Elberton, Georgia
Chief, Division of Power Operations, Elberton, Georgia
Chief, Division of Administrative Management, Elberton, Georgia
Supervisory Cost Allocation, Rate and Repayment Specialist, Division of Fiscal Operations, Elberton, Georgia
Supervisory Electrical Engineer, Division of Power Sales, Elberton, Georgia
General Engineer, Division of Power Operations, Elberton, Georgia

SOUTHWESTERN POWER ADMINISTRATION

Administrator, Tulsa, Okla.
Deputy Administrator, Tulsa, Okla.
Director, Planning Staff, Tulsa, Okla.
Chief, Division of Power Marketing, Tulsa, Okla.
Chief, Division of Power Facilities, Tulsa, Okla.

VOL 40 242 DEC 16 75 XUM

Chief, Division of Administrative Management, Tulsa, Okla.
Electrical Engineer, Advisor to the Administrator, Tulsa, Okla.
Chief, Branch of Power Resources Production, Tulsa, Okla.
Chief, Branch of Power Operations, Tulsa, Okla.
Chief, Branch of Engineering, Tulsa, Okla.
Chief, Branch of Customer Service, Tulsa, Okla.
Chief, Branch of Finance and Accounts, Tulsa, Okla.
Chief, Branch of Personnel Management, Tulsa, Okla.
Chief, Branch of General Services, Tulsa, Okla.
Chief, Branch of Maintenance, Tulsa, Okla.
Chief, Branch of Power Contracts, Tulsa, Okla.
Area, Engineer, Muskogee, Okla.
Area, Engineer, Jonesboro, Ark.
Area, Engineer, Springfield, Mo.
Public Utilities Specialist (2), Tulsa, Okla.
Electrical Engineer (Power Systems), Planning Staff, Tulsa, Okla.

Assistant Secretary for Fish and Wildlife and Parks

Deputy Assistant Secretary, Washington, D.C. (2)
Special Assistant, Washington, D.C. (3)

National Park Service

Deputy Director—Washington, D.C.
Assistant to the Director—Washington, D.C.
Assistant to the Director for Public Affairs—Washington, D.C.
Associate Directors—Washington, D.C. (4)
Assistant Directors—Washington, D.C. (7)
Deputy Associate Director, Administration—Washington, D.C.
Deputy Associate Director, Legislation—Washington, D.C.
President, National Park Foundation
Chief Scientist—Washington, D.C.
Chief, Planning and Program Policy—Washington, D.C.
Chief, Division of Contracting and Property Management—Washington, D.C.
Chief, Concessions Division—Washington, D.C.
Chief, Land Acquisition Division—Washington, D.C.
Chief, Grants Division—Washington, D.C.
Chief, Finance Division—Washington, D.C.
Chief, Systems Design Division—Washington, D.C.
Chief, Organization and Methods Division—Washington, D.C.
Chief, Federal, State, and Private Liaison Division—Washington, D.C.
Chief, Programming and Budget Division—Washington, D.C.
Chief, Program Controls Division—Washington, D.C.
Chief, Natural Resources Division—Washington, D.C.
Chief, Youth Conservation Division—Washington, D.C.
Chief, Visitor Services Division—Washington, D.C.
Chief, Interpretation Division—Washington, D.C.
Chief, Professional Publications Division—Washington, D.C.
Chief, Interagency Archeological Services Division—Washington, D.C.
Chief, National Register Division—Washington, D.C.
Chief, Environmental Quality Division—Washington, D.C.
Chief, Maintenance Division—Washington, D.C.
Chief Architect (Historical)—Washington, D.C.
Supervisory Architect—Washington, D.C.
Hydrologist—Washington, D.C.
Supply Management Officer—Washington, D.C.
Supervisory Appraiser—Washington, D.C.
Appraisers—Washington, D.C.
Appraisers, GS–13 and above (10)
Realty Officers and Specialists, GS–13 and above (27)
Chief, Branch of Coordination and Control—Washington, D.C.
Concessions Analysts, GS–13 and above (2)—Washington, D.C.
Concessions Analysts and Specialists, GS–13 and above (6)
Regional Directors (8)
Director, National Capital Parks—Washington, D.C.
Deputy Regional Directors (8)
Deputy Director, National Capital Parks—Washington, D.C.
Associate Directors, Regions and National Capital Parks (33)
Regional Chiefs, Division of Contracting and Property Management (8)
Manager, Denver Service Center—Denver, Colorado
Associate Manager, Denver Service Center—Denver, Colorado
Deputy Associate Manager, Denver Service Center—Denver, Colorado
Manager, Harpers Ferry Center, Harpers Ferry, West Virginia
Deputy Manager, Harpers Ferry Center—Harpers Ferry, West Virginia
Administrative Officer, Harpers Ferry Center—Harpers Ferry, West Virginia
Superintendents, GS–13 and above (93)
Assistant Superintendents, GS–13 and above (10)
Regional Chiefs, Division of Finance (7)
Administrative Officers, GS–13 and above (10)

CHAPTER I—COAST GUARD, DEPARTMENT OF TRANSPORTATION

MARINE INVESTIGATION REGULATIONS

Disclosure of Records and Information

CFR Correction

In 46 CFR Parts 1–29, Revised as of October 1, 1975 the following corrections are made:

1. Sections 4.13–5 thru 4.13–40 appearing on page 36 and corresponding table of contents entries on page 29 should be deleted.

2. Sections 5.50–5 and 5.50–10 appearing on page 63, and corresponding table of contents entries on page 39 should be deleted.

3. Sections 14.15–5 thru 14.15–15 appearing on page 146, and corresponding table of contents entries on page 141 should be deleted.

Title 47—Telecommunication

CHAPTER I—FEDERAL COMMUNICATIONS COMMISSION

[FCC 75–1289]

PART 0—COMMISSION ORGANIZATION

Delegations of Authority to the Chief, Common Carrier Bureau; Correction

1. In the Order, FCC 75–1151, 56 FCC 2d —, (released October 21, 1975), (40 FR 50035) the Commission adopted procedural modifications of § 0.291 of the Commission's rules with the respect to Delegations of Authority to the Chief, Common Carrier Bureau. The following corrections are intended to clarify the extent of authority delegated.

1. At paragraph 1, line 5: delete parenthetical phrase.

2. At paragraph 1, line 9, after ". . . Commission.": insert "The proposal continues the delegation of joint authority to the Chief, Common Carrier Bureau and to the Chief, Safety and Special Radio Services Bureau to act upon applications involving common carrier matters in the maritime mobile service, aeronautical mobile service and in the fixed service in Alaska.

Adopted: November 25, 1975.

Released: December 1, 1975.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] VINCENT J. MULLINS,
Secretary.

[Docket No. 20444; RM No. 2430; FCC 75–1316]

PART 91—INDUSTRIAL RADIO SERVICES

Industrial Communications Emergency Plan

Correction

In FR Doc. 75–33344, appearing on page 57684 in the issue of Thursday, December 11, 1975, make the following correction on page 57685: In the first column, the two lines immediately above the heading "Subpart Q—Emergency Communications" should read "B. New Subpart Q is added to Part 91 as follows:".

Title 49—Transportation

CHAPTER I—MATERIALS TRANSPORTATION BUREAU, DEPARTMENT OF TRANSPORTATION

PART 103—TRANSPORTATION OF DANGEROUS ARTICLES AND MAGNETIZED MATERIALS

Carriage of Certain Hazardous Materials on Cargo-Only Aircraft as Only Means of Transportation

CROSS REFERENCE: For a document issued by the Materials Transportation Bureau, Department of Transportation, see FR document 75–33834, appearing elsewhere in this issue.

Title 50—Wildlife and Fisheries

CHAPTER I—UNITED STATES FISH AND WILDLIFE SERVICE, DEPARTMENT OF THE INTERIOR

SUBCHAPTER B—TAKING, POSSESSION, TRANSPORTATION, SALE, PURCHASE, BARTER, EXPORTATION, AND IMPORTATION OF WILDLIFE

PART 17—ENDANGERED AND THREATENED WILDLIFE AND PLANTS

Reclassification of the American Alligator and Other Amendments; Correction

In FR Doc. 75–31134 appearing at page 53399 in the FEDERAL REGISTER of Tuesday, November 18, 1975, the following changes should be made:

1. Item number 21 is corrected to read "section 17.45 Special rules—snails and clams [Reserved]".

2. Item number 24 is corrected to read "On page 44425, section 17.23(b)(4)(ii) is corrected to read "Became binding prior to the date when the notice of a review of the status of the species or the notice of proposed rulemaking proposing to list such wildlife as endangered was published in the FEDERAL REGISTER, whichever is earlier;".

Dated: December 10, 1975.

GEORGE W. MILIAS,
Acting Director,
U.S. Fish and Wildlife Service.

proposed rules

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF THE INTERIOR

U.S. Fish and Wildlife Service

[50 CFR Part 17]

ENDANGERED AND THREATENED WILDLIFE AND PLANTS

Proposed Determination of Critical Habitat for Snail Darter, American Crocodile, Whooping Crane, California Condor, Indiana Bat and Florida Manatee

The Director, United States Fish and Wildlife Service, hereby issues a proposed rulemaking which would determine critical habitat for six endangered species, pursuant to section 7 of the Endangered Species Act of 1973 [16 U.S.C. 1531–1543]. An interpretation of the term critical habitat was published by the Fish and Wildlife Service and the National Marine Fisheries Service in the FEDERAL REGISTER of April 22, 1975 [40 FR 17764–17765], and a notice of intent to determine critical habitat for five of the six species named below was published by the Fish and Wildlife Service in the FEDERAL REGISTER of May 16, 1975 [40 FR 21499–21500].

The areas delineated below do not necessarily include the entire critical habitat of any of the name species, and modifications to critical habitat descriptions may be proposed in the future. In accordance with section 7 of the Endangered Species Act of 1973, all Federal departments and agencies would be required to insure that actions authorized, funded, or carried out by them do not result in the destruction or modification of the critical habitat of the six named species found within the areas delineated below.

It is recognized that some of the delineated areas are large and may contain man-made structures, settlements, and other localities that are not of primary use to the species involved. It should be stressed, however, that this is only a proposed rulemaking that is setting forth the outer parameters of the critical habitat areas in question, and that based upon the comments received and additional studies conducted by the Fish and Wildlife Service, the final rulemaking will exclude those settlements and structures devoid of critical habitat significance.

Until the issuance of additional guidelines, all Federal departments and agencies should, in accordance with section 7 of the Endangered Species Act, consult with the Secretary of the Interior with respect to any actions which might reasonably be expected to affect critical habitat within the delineated areas.

BASIS FOR DETERMINATION

SNAIL DARTER (*Percina (Imostoma)* SP.)

Tennessee. Critical habitat for the snail darter extends from river mile 0.5 to river mile 17 of the Little Tennessee River, Loudon County, Tennessee. River miles 0.5 thorugh 17 are shown on a map entitled "Tellico Project," prepared by the Tennessee Valley Authority (TVA), Bureau of Water Control Planning, August 1965 (map 65–MS–453 K 501). River mile 17 is two river miles below the U.S. Highway 411 bridge over the Little Tennessee River, and is near Rose Island; river mile 0.5 on the Little Tennessee River is one half mile upstream from its confluence with the Tennessee River. Presently, this section of river is the only known existing habitat of the snail darter. In portions of this area, certain conditions exist which are required by the species, and the disruption of these conditions would lead to decline or extinction of the snail darter.

AMERICAN CROCODILE (*Crocodylus acutus*)

Florida. All land and water within the following boundary: beginning at the easternmost tip of Turkey Point, Dade County, on the coast of Biscayne Bay; thence southeastward along a straight line to Christmas Point at the southernmost tip of Elliot Key; thence southwestward along a line following the shores of the Atlantic Ocean side of Old Rhodes Key, Palo Alto Key, Anglefish Key, Key Largo, Plantation Key, Windley Key, Upper Matecumbe Key, Lower Matecumbe Key, and Long Key, to the westernmost tip of Long Key; thence northward along a straight line to the termination of the main Everglades National Park road at Flamingo; thence to a point ten road miles northeastward along the main Everglades National Park road; thence northeastward along a straight line to the point of beginning. The delineated area must be considered an absolute minimum amount of critical habitat for the American crocodile in Florida. The current population of the State, with only 200 to 300 individuals, is concentrated in this area and is dependent upon the included habitat of Florida Bay and associated brackish marshes, swamps, creeks, and canals. All known breeding females, of which there are less than ten in Florida, inhabit and nest in the delineated area.

Whooping Crane (*Grus americana*)

Texas. An area of land, water, and airspace with a boundary as follows: beginning at a point where Texas State Highway 35 crosses the Refugio-Aransas county line; thence eastward along the Refugio-Aransas county line to the point at which this line reaches San Antonio Bay; thence northeastward across San Antonio Bay to the western-most tip of Swan Point, Calhoun County; thence southeastward along a straight line drawn through the westernmost tip of Vanderveer Island on the south side of Espiritu Santo Bay and through Matagorda Island to the point at which the line reaches the coast of the Gulf of Mexico; thence southwestward along the outer shores of Matagorda and St. Joseph Islands to a point five statute miles southwest of Cedar Bayou; thence northwestward to the point at which the Texas State Highway 35 bridge over Aransas Bay reaches the Lamar Peninsula; thence northward along Texas State Highway 35 to the point of beginning. This area is the only wintering site of the last surviving wild population of whooping cranes. The population is entirely dependent on this area and on the food supplies, cover and isolation that it provides.

Oklahoma. Salt Plains National Wildlife Refuge, Alfalfa County. This area provides an important stopping site on the migration route of the whooping crane. A number of the birds are known to have utilized the site during most years of the last decade.

Kansas. Quivira National Wildlife Refuge, Stafford, Reno, and Rice Counties; and Cheyenne Bottoms State Waterfowl Management Area, Barton County. These areas provide important stopping sites on the migration route of the whooping crane. A number of the birds are known to have utilized each of the sites during most years of the last decade.

Nebraska. An area of land, water, and airspace with a boundary as follows: beginning at the junction of U.S. Highway 283 and U.S. Highway 30 at Lexington, Dawson County; thence eastward along U.S. Highway 30 to its junction with U.S. Highway 281 near Grand Island, Hall County; thence southward along U.S. Highway 281 to its junction with U.S. Highway 136 at Red Cloud, Webster County; thence westward along U.S. Highway 136 to its junction with U.S. Highway 183 at Alma, Harlan County; thence northward along U.S. Highway 183 to its junction with U.S. Highway 34 at Holrege, Phelps County; thence westward along U.S. Highway 34 to its junction with Nebraska State Highway 23; thence northwestward along Nebraska State Highway 23 to its junction with U.S. Highway 283 at Elwood, Gosper

County; thence northward along U.S. Highway 283 to the point of beginning. This area of the Platte River Valley and wet prairie to the south forms the most important stopping site on the migration route of the whooping crane. Historical data show that this area, sometimes called the "Big Bend" area of the Platte River, was a focal point through which the whooping cranes passed before spreading out to their wintering grounds to the south and their breeding grounds to the north. There are more old records of the presence of the species here than in any other part of the migration route, and recent confirmed records indicate continued heavy use within the last few years. Available information indicates that the combination of the Platte River channel, and adjacent wet meadows, rainwater basins, and farmlands form a unique association of habitats that is the most valuable part of the entire migration route of the species. Reduction in the quality or size of this habitat association, especially in the water level of the area, could be expected to have an adverse effect on the surviving population of the species.

Idaho. Grays Lake National Wildlife Refuge, and all land and water within one mile of the boundaries of this refuge, Bonneville and Caribou Counties. This area is the site of an experimental project in which whooping crane eggs, taken from nests in Canada, were placed in the nests of sandhill cranes (*Grus canadensis*) at Grays Lake. It is hoped that the sandhill cranes will raise the whooping crane hatchlings to maturity, thereby establishing a new flock of whooping cranes in the wild.

Colorado. Monte Vista National Wildlife Refuge, Alamosa and Rio Grande Counties, and Alamosa National Wildlife Refuge, Alamosa and Conejos Counties. These areas are the most important stopping sites on the migration route of the sandhill cranes that are serving as "foster parents" of the whooping cranes hatched in the Grays Lake experiment.

New Mexico. All areas at or below 4,600 feet in elevation of Bosque del Apache National Wildlife Refuge, Socorro County. This area is the primary wintering ground of the sandhill cranes that are serving as "foster parents" of the whooping cranes hatched in the Grays Lake Experiment.

CALIFORNIA CONDOR (GYMNOGYTS CALIFORNICUS)

California. Sespe-piru Condor Area: an area of land, water, and airspace to an elevation of not less than 3,000 feet above the terrain, in Ventura and Los Angeles Counties, with the following components (San Bernardino Meridian): Sespe Condor Sanctuary, as delineated by Public Land Order 695 (January 1951); T4N R20W sec. 2, 5–10, N½ sec. 11; T4N R21W Sec. 1–3, 10–12 N¼ Sec. 13, N¼ Sec. 14, N¼ Sec. 15; T5N R18W Sec. 4–9, 18, 19, 30, 31, N½ Sec. 3, N½ Sec. 17; T5N R21W Sec. 1–4, 9–16, 21–28, 33–36; T6N R18W Sec. 7–11, 14–23, 26–35; T6N R19W Sec. 7–36; T6N R20W Sec. 8–36; T6N R21W Sec. 13–36; T6N R22W Sec. 3–26, 35, 36; T6N R23W Sec. 1–3, 10–14, 24, N½ Sec. 23; T7N R22W Sec. 31; T7N R23W Sec. 34–36. *Matilija Condor Area:* an area of land, water, and airspace to an elevation of not less than 3,000 feet above the terrain, in Ventura and Santa Barbara Counties, with the following components (San Bernardino Meridian): T5N R24W W½ Sec. 3, Sec. 4–11, 14, 15, N½ Sec. 16, N¼ Sec. 17; T5N R25W E½ Sec. 1, NE¼ Sec. 12; T5½N R24W Sec. 31–34; T6N R24W S½ Sec. 32, S½ Sec. 33, S½ Sec. 34. *Sisquoc-San Rafael Condor Area:* an area of land, water, and airspace to an elevation of not less than 3,000 feet above the terrain, in Santa Barbara County, with the following components (San Bernardino Meridian): T6N R26W Sec. 5, 6; T6N R27W Sec. 1, 2; T7N R26W Sec. 5–8, 17–20, 29–32; T7N R27W Sec. 1–14, 23–26, 35, 36, T7N R28W Sec. 1, 2, 11, 12; T8N R26W Sec. 19–22, 27–34; T8N R27W Sec. 19–36. *Hi Mountain-Beartrap Condor Areas:* areas of land, water, and airspace to an elevation of not less than 3,000 feet above the terrain in San Luis Obispo County, with the following components (Mt. Diablo Meridian): T30S R16E Sec. 13, 14, 23–26, SE¼ Sec. 11, S½ Sec. 12; T30S R17E Sec. 17–20, 29, 30; T31S R14E Sec. 1, 2, 11, 12, E½ Sec. 3, E½ Sec. 10, N½ Sec. 14, N½ Sec. 13; T31S R15E W½ Sec. 6, W½ Sec. 7, NW¼ Sec. 18. Sespe-Piru, Matilija, Sisquoc-San Rafael, and Hi Mountain-Beartrap condor areas, as described above, are considered critical for nesting and related year long activity.

Mt. Pinos Condor Area: an area of land, water, and airspace in Ventura and Kern Counties, with the following components (San Bernardino Meridian): T8N R21W W½ Sec. 5, Sec. 6, N½ Sec. 7, NW¼ Sec. 8, T8N R22W Sec. 1, 2, E½ Sec. 3, NE¼ Sec. 10, N½ Sec. 11, N½ Sec. 12; T9N R21W Sec. 31, 32, W½ Sec. 33; T9N R22W E½ Sec. 35, Sec. 36. *Blue Ridge Condor Area:* an area of land, water, and airspace in Tulare County, with the following components (Mt. Diablo Meridian): T19S R29E Sec. 5–9, 15–22, 27–30. The Mt. Pinos and Blue Ridge Condor areas, as described above, are considered critical for roosting.

Tejon Ranch: an area of land, water, and airspace in Kern County, with the following components (San Bernardino Meridian): R16W T10N, R17W T10N, R17W T11N, R18W T9N, R18W T10N, R19W T10N. *Kern County rangelands:* an area of land, water, and airspace in Kern County between California State Highway 65 and the western boundary of Sequoia National Forest, with the following components (Mt. Diablo Meridian): R29E T25S, R29E T26S, R30E T25S, R30E T26S. *Tulare County rangelands:* an area of land, water, and airspace in Tulare County between California State Highway 65, State Highway 198, and the western boundary of Sequoia National Forest, with the following components (Mt. Diablo Meridian): R28E T18S (all sections); R28E T19S (all sections); R28E T20S (all sections); R28E T21S Sec. 1–18; R29E T20S (all sections); R29E T21S Sec. 1–18. The Tejon Ranch, Kern County rangelands, and Tulare County rangelands, as described above, are considered critical for feeding and related activities. The Tejon Ranch is very important because it contains the only significant feeding habitat remaining in close proximity to the Sespe-Piru condor nesting area. In most cases condor feeding habitat is not so restricted as nesting and roosting sites, and only certain portions of the areas described above are needed at any one time. Because, however, the location of food is directly related to both condor distribution and reproductive success, substantial areas of open range, with adequate food, and limited development and disturbance, would have to be preserved in each delineated area in order to maintain the species.

INDIANA BAT (*Myotis sodalis*)

Illinois. Blackball Mine, La Salle County.

Indiana. Big Wyandotte Cave, Crawford County; Ray's Cave, Greene County.

Kentucky. Bat Cave, Carter County; Coach Cave, Edmonson County.

Missouri. Cave 021, Crawford County; Cave 009, Franklin County; Cave 017, Franklin County; Pilot Knob Mine, Iron County; Bat Cave, Shannon County; Cave 029, Washington County (numbers asigned by Division of Ecological Services, U.S. Fish and Wildlife Service, Region 6).

Tennessee. White Oak Blowhole Cave, Blount County.

West Virginia. Hellhole Cave, Pendleton County.

The precise localities of these caves and mines are on file with the U.S. Fish and Wildlife Service. Approximately 94 percent of the known Indiana bat population hibernates at these sites. The bats are entirely dependent on the shelter provided by these caves and mines during the winter. Their loss or subjection to excessive disturbance or modification would lead to the near or total extinction of the species. Riparian habitat is also believed to be essential to the bat for feeding and reproduction. These habitats are currently being evaluated and may be proposed in the future as critical habitat.

FLORIDA MANATEE (TRICHECHUS MANATUS)

Florida. Crystal River and its headwaters known as King's Bay, Citrus County; the Little Manatee River downstream from the U.S. Highway 301 bridge, Hillsborough County; the Manatee River downstream from the Lake Manatee Dam, Manatee County; the Myakka River downstream from Myakka River State Park, Sarasota and Charlotte Counties; the Peace River downstream from the Florida State Highway 760 bridge, De Soto and Charlotte Counties; Charlotte Harbor north of the Charlotte-Lee County line, Charlotte County; Caloosahatchee River downstream from the Florida State Highway 31 bridge, Lee County; all U.S. territorial waters

V40242 DEC 16 75 XUM

adjoining the coast and islands, and all connected bays and estuaries, and rivers from Gordon's Pass, near Naples, Collier County, southward to and including Whitewater Bay, Monroe County; all waters of Card, Barnes, Blackwater, Little Blackwater, Manatee, and Buttonwood Sounds between Key Largo, Monroe County, and the mainland of Dade County; Biscayne Bay, and all adjoining and connected lakes, rivers, canals, and waterways from the southern tip of Key Biscayne northward to and including Maule Lake, Dade County; all of Lake Worth, from its northernmost point immediately south of the intersection of U.S. Highway 1 and Florida State Highway A1A southward to its southernmost point immediately north of the town of Boynton Beach, Palm Beach County; the Loxahatchee River and its headwaters, Martin and West Palm Beach Counties; that section of the intracoastal waterway from the town of Sewalls Point, Martin County to Jupiter Inlet, Palm Beach County; the entire inland section of water known as the Indian River, from its northernmost point immediately south of the intersection of U.S. Highway 1 and Florida State Highway 3, Volusia County, southward to its southernmost point near the town of Seawalls Point, and the entire inland section of water known as the Banana River and all waterways between the Indian and Banana Rivers, Orange and Brevard Counties; the St. Johns River, including Lake George, and including Blue Springs and Silver Glen Springs from their points of origin to their confluences with the St. Johns River; that section of the Intracoastal Waterway from its confluence with the St. Marys River on the Georgia-Florida border to the Florida State Highway A1A bridge south of Coastal City, Nassau and Duval Counties.

The delineated areas contain the largest concentrations of manatees in the United States, and are the only areas that presently can be defined as having major dependent populations. The Crystal River and its King's Bay headwaters form one of the largest natural warm water resources for manatees. Up to 60 manatees possibly representing six to ten percent of the total population of the species in the United States, utilize this refugium during cold weather periods. The Little Manatee, Manatee, Myakka, and Peace rivers, and Charlotte Harbor all support large manatee concentrations. Manatees also utilize the Caloosahatchee River and associated coastal areas. The warm water discharge of the Florida Power and Light Company Ft. Meyers power plant into the Orange River, on the south bank of the Caloosahatchee River at Tice, is known to attract as many as 75 manatees during cold periods. The area off the coast of Collier and Monroe Counties, southwestern Florida, is the center of a large, but uncounted manatee population. This population is at least partially resident and is dependent on the extensive local growths of *Thalassia* and *Diplanthera* as a primary food resource. Concentrations of as many as 75 manatees are observed in Whitewater Bay. The waterway formed by Card, Barnes, Blackwater, and Buttonwood sounds may constiture the manatee's essential thoroughfare between Miami-Biscayne Bay and the lower Keys and Florida Bay.

PROCEDURES

The rule proposed in this notice will be followed by a more complete rulemaking on the entire subject of critical habitat. That rulemaking will codify, among other things, the criteria for determining critical habitat and general rules for Federal agencies. At the time that this future rulemaking is adopted, the specific determinations proposed here for these six species will become part of that rulemaking. In the interim, this special designation of critical habitat, upon final rulemaking, will be found in new §§ 17.81 through 17.86, under Subpart F—Critical Habitats, 50 CFR Part 17. This Subpart was proposed to be added to Part 17 by the proposed regulation for determining critical habitat for the Mississippi sandhill crane (40 FR 40521–40522, September 3, 1975).

PUBLIC COMMENTS SOLICITED

The Director intends that finally adopted rules be as responsive as possible to the conservation of the critical habitat of endangered and threatened species. The Director therefore desires to obtain the comments and suggestions of the public, other concerned government agencies, and private interests on these proposed rules.

Final promulgation of critical habitat regulations will take into consideration the comments received by the Director. Such comments and any additional information received may lead the Director to adopt final regulations that differ from this proposal.

SUBMITTAL OF WRITTEN COMMENTS

Interested persons may participate in this rulemaking by submitting written comments, preferably in triplicate, to the Director (FWS/LE), U.S. Fish and Wildlife Service, P.O. Box 19183, Washington, D.C. 20036. All relevant comments received no later than February 20, 1976, will be considered. The Service will attempt to acknowledge receipt of comments, but substantive responses to individual comments may not be provided. Comments received will be available for public inspection during normal business hours at the Service's Office in Suite 600, 1612 K Street NW., Washington, D.C.

Accordingly, it is hereby proposed to amend 50 CFR Part 17 to determine critical habitat for the following endangered species, as shown below.

Dated: November 12, 1975.

LYNN A. GREENWALT,
Director,
Fish and Wildlife Service.

1. Amend the proposed Subpart F, 50 CFR Part 17, by adding the following new §§ 17.81 through 17.86.

Subpart F—Critical Habitat

Sec.
17.81 Snail darter.
17.82 American crocodile.
17.83 Whooping crane.
17.84 California condor.
17.85 Indiana bat.
17.86 Florida manatee.

Subpart F—Critical Habitat

§ 17.81 Snail darter.

(a) The following area is critical habitat for the snail darter (*Percina (Imostoma)* sp.): From river mile 0.5 to river mile 17 of the Little Tennessee River, Loudon County, Tennessee, as shown on a map entitled "Tellico Project", prepared by Tennessee Valley Authority, Bureau of Water Control Planning, August 1965 (map 65–MS–453 K 501).

(b) Pursuant to section 7 of the act, all Federal agencies must take such action as is necessary to insure that actions authorized, funded, or carried out by them do not result in the destruction or modification of this critical habitat area.

§ 17.82 American crocodile.

(a) The following area is critical habitat for the American crocodile (*Crocodylus acutus*): All land and water within the following boundary in Florida: beginning at the easternmost tip of Turkey Point, Dade County, on the coast of Biscayne Bay; thence southeastward along a straight line to Christmas Point at the southernmost tip of Elliott Key; thence southwestward along a line following the shores of the Atlantic Ocean side of Old Rhodes Key, Palo Alto Key, Anglefish Key, Key Largo, Plantation Key, Windley Key, Upper Matecumbe Key, Lower Matecumbe Key, and Long Key, to the westernmost tip of Long Key; thence northward along a straight line to the termination of the main Everglades National Park road at Flamingo; thence to a point ten road miles northeastward along the main Everglades National Park road; thence northeastward along a straight line to the point of beginning.

(b) Pursuant to section 7 of the act, all Federal agencies must take such action as is necessary to insure that actions authorized, funded, or carried out by them do not result in the destruction or modification of this critical habitat area.

§ 17.83 Whooping crane.

(a) The following areas are critical habitat for the whooping crane (*Grus americana*):

(i) *Texas.* An area of land, water, and airspace within Texas with a boundary as follows: beginning at a point where Texas State Highway 35 crosses the Refugio-Aransas County line; thence eastward along the Refugio-Aransas county line to the point at which this line reaches San Antonio Bay; thence northeastward across San Antonio Bay to the

westernmost tip of Swan Point, Calhoun County; thence southeastward along a straight line drawn through the westernmost tip of Vanderveer Island on the south side of Espiritu Santo Bay and through Matagorda Island to the point at which the line reaches the coast of the Gulf of Mexico; thence southwestward along the outer shores of Matagorda and St. Joseph Islands to a point five statute miles southwest of Cedar Bayou; thence northwestward to the point at which the Texas State Highway 35 bridge over Aransas Bay reaches the Lamar Peninsula; thence northward along Texas State Highway 35 to the point of beginning.

(ii) *Oklahoma.* Salt Plains National Wildlife Refuge, Alfalfa County.

(iii) *Kansas.* Quivira National Wildlife Refuge, Stafford, Reno and Rice Counties; and Cheyenne Bottoms State Waterfowl Management Area, Barton County.

(iv) *Nebraska.* An area of land, water, and airspace within Nebraska with a boundary as follows: beginning at the junction of U.S. Highway 283 and U.S. Highway 30 at Lexington, Dawson County; thence eastward along U.S. Highway 30 to its junction with U.S. Highway 281 near Grand Island, Hall County; thence southward along U.S. Highway 281 to its junction with U.S. Highway 136 at Red Cloud, Webster County; thence westward along U.S. Highway 136 to its junction with U.S. Highway 183 at Alma, Harlan County; thence northward along U.S. Highway 183 to its junction with U.S. Highway 34 at Holrege, Phelps County; thence westward along U.S. Highway 34 to its junction with Nebraska State Highway 23; thence northwestward along Nebraska State Highway 23 to its junction with U.S. Highway 283 at Elwood, Gosper County; thence northward along U.S. Highway 283 to the point of beginning.

(v) *Idaho.* Grays Lake National Wildlife Refuge, and all land and water within one mile of the boundaries of this refuge, Bonneville and Caribou Counties.

(vi) *Colorado.* Monte Vista National Wildlife Refuge, Alamosa and Rio Grande Counties; and Alamosa National Wildlife Refuge, Alamosa and Conejos Counties.

(vii) *New Mexico.* All areas at or below 4,600 in elevation of Bosque del Apache National Wildlife Refuge, Socorro County.

(b) Pursuant to section 7 of the act, all Federal agencies must take such action as is necessary to insure that actions authorized, funded or carried out by them do not result in the destruction or modification of these critical habitat areas.

§ 17.84 California condor.

(a) The following areas in California are critical habitat for the California condor (*Gymnogyps californicus*):

(i) *Sespe-Piru Condor Area:* an area of land, water, and airspace to an elevation of not less than 3,000 feet above the terrain, in Ventura and Los Angeles Counties, with the following components (San Bernardino Meridian): Sespe Condor Sanctuary, as delineated by Public Land Order 695 (January 1951); T4N R20W Sec. 2, 5–10, N½ Sec. 11; T4N R21W Sec. 1–3, 10–12, N¼ Sec. 13, N¼ Sec. 14, N¼ Sec. 15; T5N R18W Sec. 4–9, 18, 19, 30, 31, N½ Sec. 3, N½ Sec. 17; T5N R21W Sec. 1–4, 9–16, 21–28, 33–36; T6N R18W Sec. 7–11, 14–23, 26–35; T6N R19W Sec. 7–36; T6N R20W Sec. 8–36; T6N R21W Sec. 13–36; T6N R22W Sec. 3–26, 35, 36; T6N R23W Sec. 1–3, 10–14, 24, N½ Sec. 23; T7N R22W Sec. 31; T7N R23W Sec. 34–36.

(ii) *Matilija Condor Area:* an area of land, water, and airspace to an elevation of not less than 3,000 feet above the terrain, in Ventura and Santa Barbara Counties, with the following components (San Bernardino Meridian): T5N R24W W½ Sec. 3, Sec. 4–11, 14, 15, N½ Sec. 16, N¼ Sec. 17; T5N R25W E½ Sec. 1, NE¼ Sec. 12; T5½N R24W Sec. 31–34; T6N R24W S½ Sec. 32, S½ Sec. 33, S½ Sec. 34.

(iii) *Sisquoc-San Rafael Condor Area:* an area of land, water, and airspace to an elevation of not less than 3,000 feet above the terrain, Santa Barbara County, with the following components (San Bernardino Meridian): T6N R26W Sec. 5, 6; T6N R27W Sec. 1, 2; T7N R26W Sec. 5–8, 17–20, 29–32; T7N R27W Sec. 1–14, 23–26, 35, 36, T7N R28W Sec. 1, 2, 11, 12; T8N R26W Sec. 19–22, 27–34; T8N R27W Sec. 19–36.

(iv) *Hi Mountain-Beartrap Condor Areas:* areas of land, water, and airspace to an elevation of not less than 3,000 feet above the terrain in San Luis Obispo County, with the following components (Mt. Diablo Meridian): T30S R16E Sec. 13, 14, 23–26, SE¼ Sec. 11, S½ Sec. 12; T30S R17E Sec. 17–20, 29, 30; T31S R14E Sec. 1, 2, 11, 12, E½ Sec. 3, E½ Sec. 10, N½ Sec. 14, N½ Sec. 13; T31S R15E W½ Sec. 6, W½ Sec. 7, NW¼ Sec. 18.

(v) *Mt. Pinos Condor Area:* An area of land, water, and airspace in Ventura and Kern Counties, with the following components (San Bernardio Meridian): T8N R21W W½ Sec. 5, Sec. 6, N½ Sec. 7, NW¼ Sec. 8; T8N R22W Sec. 1, 2, E½ Sec. 3, NE¼ Sec. 10, N½ Sec. 11, N½ Sec. 12; T9N R21W Sec. 31, 32, W½ Sec. 33; T9N R22W E½ Sec. 35, Sec. 36.

(vi) *Blue Ridge Condor Areas:* An area of land, water, and airspace in Tulare County, with the following components (Mt. Diablo Meridian): T19S R29E Sec. 5–9, 15–22, 27–30.

(vii) *Tejon Ranch:* an area of land, water, and airspace in Kern County, with the following components (San Bernardino Meridian): R16W T10N, R17W T10N, R17W T11N, R18W T9N, R18W T10N, R19W T10N.

(viii) *Kern County rangelands:* an area of land, water, and airspace in Kern County between California State Highway 65 and the western boundary of Sequoia National Forest, with the following components (Mt. Diablo Meridian): R29E T25S, R29E T26S, R30E T25S, R30E T26S.

(ix) *Tulare County rangelands:* an area of land, water, and airspace in Tulare County between California State Highway 65, State Highway 198, and the western boundary of Sequoia National Forest, with the following components (Mt. Diablo Meridian): R28E T18S (all sections); R28E T19S (all sections); R28E T20S (all sections); R28E T21S Sec. 1–18; R29E T20S (all sections); R29E T21S Sec. 1–18.

(b) Pursuant to section 7 of the act, all Federal agencies must take such action as is necessary to insure that actions authorized, funded, or carried out by them do not result in the destruction or modification of these critical habitat areas.

§ 17.85 Indiana bat.

(a) The following areas are critical habitat for the Indiana bat (*Myotis sodalis*):

(i) *Illinois.* The Blackball Mine, La Salle County.

(ii) *Indiana.* Big Wyandotte Cave, Crawford County; Ray's Cave, Greene County.

(iii) *Kentucky.* Bat Cave, Carter County; Coach Cave, Edmonson County.

(iv) *Missouri.* Cave 021, Crawford County; Cave 009, Franklin County; Cave 017, Franklin County; Pilot Knob Mine, Iron County; Bat Cave, Shannon County; Cave 029, Washington County [numbers assigned by Division of Ecological Services, U.S. Fish and Wildlife Service, Region 6].

(v) *Tennessee.* White Oak Blowhole Cave, Blount County.

(vi) *West Virginia.* Hellhole Cave, Pendleton County.

(b) Pursuant to section 7 of the act, all Federal agencies must take such action as is necessary to insure that actions authorized, funded, or carried out by them do not result in the destruction or modification of these critical habitat areas.

§ 17.86 Florida manatee.

(a) The following areas in Florida are critical habitat for the Florida manatee (*Trichechus manatus*): Crystal River and its headwaters known as King's Bay, Citrus County; the Little Manatee River downstream from the U.S. Highway 301 bridge, Hillsborough County; the Manatee River downstream from the Lake Manatee Dam, Manatee County; the Myakka River downstream from Myakka River State Park, Sarasota and Charlotte Counties; the Peace River downstream from the Florida State Highway 760 bridge, De Soto and Charlotte Counties; Charlotte Harbor north of the Charlotte-Lee county line, Charlotte County; Caloosahatchee River downstream from the Florida State Highway 31 bridge, Lee County; all U.S. territorial waters adjoining the coast and islands of Lee County; all U.S. territorial waters adjoining the coast and islands and all connected bays, estuaries, and rivers from Gordon's Pass, near Naples, Collier County, southward to and including Whitewater Bay, Monroe County; all waters of Card, Barnes, Blackwater, Little Blackwater, Manatee, and Buttonwood sounds between Key Largo, Monroe

V 40 242 DEC 16 75 XUM

County, and the mainland of Dade County; Biscayne Bay, and all adjoining and connected lakes, rivers, canals, and waterways from the southern tip of Key Biscayne northward to and including Maule Lake, Dade County; all of Lake Worth, from its northernmost point immediately south of the intersection of U.S. Highway 1 and Florida State Highway A1A southward to its southernmost point immediately north of the town of Boynton Beach, Palm Beach County; the Loxahatchee River and its headwaters, Martin and West Palm Beach Counties; that section of the intracoastal waterway from the town of Sewalls Point, Martin County to Jupiter Inlet, Palm Beach County; the entire inland section of water known as the Indian River, from its nothernmost point immediately south of the intersection of U.S. Highway 1 and Florida State Highway 3, Volusia County, southward to its southernmost point near the town of Sewalls Point, Martin County, and the entire inland section of water known as the Banana River and all waterways between the Indian and Banana rivers, Orange and Brevard Counties; the St. Johns River, including Lake George, and including Blue Springs and Silver Glen Springs from their points of origin to their confluences with the St. Johns River; that section of the Intracoastal Waterway from its confluence with the St. Marys River on the Georgia-Florida border to the Florida State Highway A1A bridge south of Coastal City, Nassau and Duval Counties.

(b) Pursuant to section 7 of the act, all Federal agencies must take such action as is necessary to insure that actions authorized, funded, or carried out by them do not result in the destruction or modification of the critical habitat area.

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

[FHWA Docket No. 75-9]

[23 CFR Part 750]

NATIONAL STANDARDS FOR DIRECTIONAL AND OFFICIAL SIGNS

Advance Notice of Proposed Rulemaking

The Federal Highway Administration is herein issuing an advance notice of proposed rulemaking in regard to the National Standards for Directional and Official Signs which the Department of Transportation has issued for signs along the Interstate and Federal-aid primary system containing directional information pertaining to, but not limited to, natural wonders, scenic and historical sites, pursuant to 23 U.S.C. § 131(c), as amended, at Subpart B, Part 750, Title 23, CFR, as amended.

The purpose of this advance notice of proposed rulemaking is to make available to the public and to solicit comments from interested parties on a study concerning the aforementioned subject.

Current standards permit signs of a maximum area of 150 square feet, with a maximum width of 20 feet and a maximum length of 20 feet. However, since the issuance of the National Standards, there has been substantial controversy as to the adequacy of the standards. Some believe that the standards are too restrictive, while others believe the standards are too generous. Attention has focused specifically on the height, width, area, number, and spacing of signs. To evaluate objectively the National Standards issued, the Federal Highway Administration, in cooperation with the National Bureau of Standards, investigated the effectiveness of signs erected in accordance with the standards. The completed study was made available to the public on October 17, 1975.

Copies of this study will be available after January 5, 1976, for inspection at all Regional and Division offices of the Federal Highway Administration and the Office of Chief Counsel, Room 4226, Federal Highway Administration, 400 7th Street SW., Washington, D.C. 20590. Copies are also available upon request from the foregoing office. The addresses of the Regional offices are as follows:

Federal Highway Administration—Region 1, Leo W. O'Brien Federal Building, Room 729, Clinton Avenue and North Pearl Street, Albany, New York 12207.
Federal Highway Administration—Region 3, George H. Fallon Federal Office Building, 31 Hopkins Plaza, Room 1633, Baltimore, Maryland 21201.
Federal Highway Administration—Region 4, Suite 200, 1720 Peachtree Road NW., Atlanta, Georgia 30309.
Federal Highway Administration—Region 5, 18209 Dixie Highway, Homewood, Illinois 60430.
Federal Highway Administration—Region 6, 619 Taylor Street, Fort Worth, Texas 76102.
Federal Highway Administration—Region 7, 6301 Rockhill Road, Kansas City, Missouri 64131, Mailing address: Post Office Box 19715, Kansas City, Missouri 64141.
Federal Highway Administration—Region 8, Post Office Box 25246, Building 40, Denver Federal Center, Denver, Colorado 80225.
Federal Highway Administration—Region 9, Two Embarcadero Center, Suite 530, San Francisco, California 94111, Mailing address: Post Office Box 7616, San Francisco, California 94120.
Federal Highway Administration—Region 10, Mohawk Building, Room 412, 222 SW. Morrison Street, Portland, Oregon 97204.
Federal Highway Administration—Region 15, 1000 North Glebe Road, Arlington, Virginia 22201 (Eastern Federal Highway Projects Office).

The Division offices are located in the State capitals, with the exception of those of Iowa and Maryland, which are located in Ames and Baltimore, respectively.

Data and comments on this advance notice of proposed rulemaking may be submitted to the Federal Highway Administration, Department of Transportation, Room 4226, Docket No. 75-9, 400 7th Street, SW., Washington, D.C. 20590. All written communications received by February 9, 1976, will be considered before final action is taken on this proposal. Three (3) copies of any data and comments should be submitted and reference made to Docket No. 75-9. Copies of comments received will be available for examination during normal business hours, 7:45 a.m. to 4:15 p.m., at the foregoing address.

This advance notice of proposed rulemaking is issued under the authority of 23 U.S.C. § 131 and § 315; 49 CFR 1.48.

Issued on: December 9, 1975.

J. R. COUPAL, JR.,
Deputy Administrator,
Federal Highway Administrator.

A summary of the study follows: The 1965 Highway Beautification Act made provisions for the establishment of effective control of outdoor advertising signs, displays, and devices which are visible from highways in the United States. In support of the Act, the Department of Transportation in 1969 issued National Standards for Directional and Other Official Signs. These standards apply to signs that contain directional information for attractions such as natural wonders, scenic and historical sites, and other activities deemed to be in the interest of the traveling public. Moreover, they pertain to signs located within 660 feet of the nearest edge of the right-of-way of the Interstate and Federal-aid primary system. They do not apply to signs erected on the highway right-of-way.

The standards have been controversial and have come under criticism from both commercial and environmental groups. Environmental groups have criticized the standards for being too liberal whereas commercial groups have objected to them for being too restrictive. Furthermore, private businesses that are permitted to erect directional information signs in the protected zone have criticized the standards on the grounds that they are inconsistent with the information processing requirements of the motorist. For example, The National Caves Association, an organization of privately owned and operated caverns, has criticized the standards on this basis.

The sign design constraints in the standards that have been most severely challenged concern the restrictions placed on sign height, width, area, number and spacing. The maximum sign dimensions permitted under the existing standards, including border and trim, but not supports are: area=150 square feet, height=20 feet, and width=20 feet. No more than three directional signs for a given activity and facing the same direction of travel may be located along any single approach route to the activity. No two signs may be spaced less than one mile apart and none can be located within 2,000 feet of an interchange or intersection. In addition, the signs have to be within 75 air miles of the activity for the Interstate System and within 50 air miles for the Primary System.

In response to the questions raised concerning the adequacy of the standards, the Office of Environmental Policy of the Federal Highway Administration (FHWA) requested the FHWA Office of Research to evaluate the standards on the basis of the needs of the motorist. Pursuant to this request the Office of

Research initiated a human factors evaluation of the existing standards. The National Bureau of Standards (NBS), under contract to FHWA, assisted in this evaluation by performing a review of the adequacy of the standards based on an analysis of pertinent literature and existing data. The results of the NBS review are documented in a report entitled, "An Overview of the Adequacy of National Standards for Directional and Other Official Signs." As a parallel effort the FHWA Office of Research also conducted a human factors staff study on the importance of sign location to driver information processing. The technical report presenting the results of this study is entitled, "A Laboratory Evaluation of Public Information Signs." Copies of both of these reports are included in the aforementioned study.

OBJECTIVE

The objective of this paper is to synthesize the results of the NBS review and FHWA staff study and summarize the important conclusions and recommendations. The primary question addressed in the analysis was: Are the present National Standards for Directional and Other Official Signs adequate in terms of the information processing requirements of the motorist? The secondary question concerned how the standards should be changed in the event they were found to be inadequate.

APPROACH

To address the question concerning the adequacy of the current standards, NBS completed a comprehensive literature search and review of the pertinent available data. In conjunction with the technical literature review, four experts were consulted whose published research dealt with subjects relevant to parts of the standards. The consultants performed a review of the standards and responded to questions on specific points. On the basis of the examination of the relevant technical material, two recently developed theoretical models dealing with driver information processing were identified as being applicable to the evaluation. Using these models, a theoretical analysis was performed on the standards. To provide a real world frame of reference for considering the results of the theoretical analysis, measurements were taken on signs in the field. This theoretical analysis is the primary basis for many of the conclusions and recommendations presented in the report.

In addition to the NBS work, two laboratory experiments were conducted by FHWA staff in the Office of Research. The experiments were designed to study the importance of sign angle of regard to driver information processing. The term "angle of regard" is used in this report to refer to the divergence angle between the direction of roadway travel and the driver's line of sight toward the sign. In the first experiment comparisons were made between the relative effectiveness of signs varying in size, message length, and angle of regard. The second experiment investigated the effects of different numbers and spacings of signs on driver performance. Both experiments employed a part-task simulator which provided measures of drivers' perception and comprehension of signing information, latitudinal and longitudinal control, and decision making at roadway junctures.

Theoretical Analysis. The two theoretical models that were determined by by NBS to be applicable to the question of adequacy of the standards were developed by King (1971) and Rockwell (1973). Both models consider the effects of vehicular velocity, perpendicular distance between the sign and roadway, sign width, number of words on the sign, and the angle of regard on the minimum viewing distance of a sign. There models assume ideal visibility conditions. The minimum viewing distance is the minimum line of sight distance at which the driver must begin reading a given sign in order to have enough time to adequately process all of its information. It is distinguished from the term, legibility distance, which refers to the maximum distance at which a sign can be read because of the characteristics of its letters and numbers. For a sign to be adequate from the point of view of the motorist, it must satisfy both legibility and viewing distance requirements.

The King model is based on empirical research done by others in the United States and Great Britain whereas Rockwell's model is based primarily on his own eye-movement experiments. Both models use the geometrics shown in Figure 1. The parameters used in the models are:

AB = minimum viewing distance.
AC = minimum distance required to search and acquire information from the sign (minimum information processing distance). AC is the product of the design speed and minimum information processing time of the motorist.
DE = width of roadway.
EF = perpendicular distance between the inner edge of the sign and the outer edge of the roadway.
FB = one half the sign width.
θ (theta) = maximum acceptable angle of regard which determines the last point where the driver can read the sign (terminal divergence angle).

The equations of the King and Rockwell models reduce to the following general form:

$$AB = \sqrt{(AC + (DE + EF + FB)\cot\theta)^2 + (DE + EF + FB)^2}$$

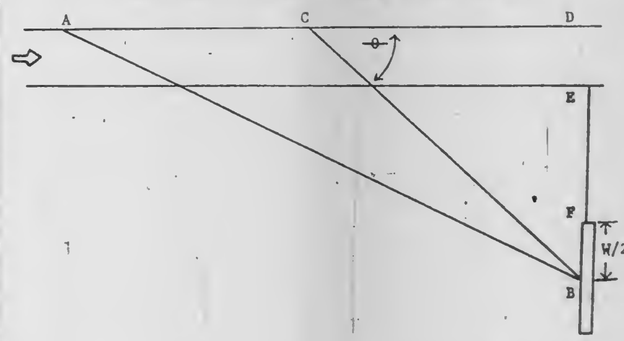

Figure 1. Geometrics used in theoretical models.

The difference between the two models pertains to the assumptions on which they are based. Although the mathematical form of the models reduce to an identical equation, the different assumptions of the models affect the values assigned to some of the parameters. There are two parameters affected by the assumptions, the minimum information processing distance (AC) and the terminal divergence angle θ. They will differ in value when the two models are compared.

The theoretical analysis performed by NBS consisted of comparing the legibility distances of signs designed according to the existing standards with their predicted minimum viewing distances as determined by the Rockwell and King models. The main premise of the analysis was that for a sign to meet the information processing requirements of the driver, its maximum legibility distance had to be greater or equal to its minimum viewing distance. In other words, a sign has to be capable of being read at the point (point A in Figure 1) where the driver must begin processing its information. The assumption is that if the motorist cannot begin reading the sign at its minimum viewing distance (point A) then he cannot finish reading it before he reaches the terminal divergence angle (point C in Figure 1). This is coupled with the assumption that the driver cannot adequate process informa-

V 40 242 DEC 16 75 XUM

tion on the sign beyond the terminal divergence angle. Therefore, for purposes of the analysis, the current standards were considered to be inadequate under the conditions where signs were not capable of being designed so that their maximum legibility distance was more or equal to their required viewing distance.

As part of the analysis, theoretical signs were designed for testing with the King and Rockwell models. This made it necessary to determine the maximum sign dimensions which could accommodate a worst case message in compliance with the standards. Signs were designed with the worst case message displayed in three different formats. The three formats presented the message in four, three, and two lines of text. Furthermore, five signs differing in letter case and line spacing characteristics were designed for each of the three formats. This brought the total number of types of theoretical signs that were tested against the models to 15. Presented in Figure 2 is one of the theoretical signs that was evaluated. It is a sign with the worst case message in four lines of text using upper and lower case letters.

An optimum height to width ratio had to be determined for each of the 15 theoretical signs so that each could be designed to fit in a 150 square foot area where neither the height nor width exceeded 20 feet. From the optimum height to width ratios, the actual height and width was calculated for each sign along with the resulting character height per line of text. Using the optimum character height, the legibility distances were then computed for each of the 15 theoretical signs.

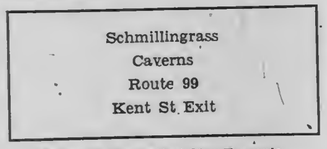

FIGURE 2. Theoretical Sign Example.

Having the maximum legibility distances for the 15 theoretical signs, optimally designed in compliance with the standards, comparisons were then possible between these values and the minimum viewing distances predicted by the King and Rockwell models as a function of perpendicular distance from the roadway edge. In addition, the sign dimensions for the equivalence point where maximum legibility distance and minimum viewing distance were equal were derived for each theoretical sign as a function of perpendicular distance. This latter analysis permitted an examination of what changes to the sign dimensions were required to maintain legibility and viewing distance requirements of signs located at various distances from the roadway.

Laboratory Experiments. The first laboratory experiment performed by FHWA staff concerned the effects of sign angle of regard, sign size, and message length on driver information processing. Thirty paid volunteers drove a part-task rolling road simulator and responded to sign stimuli located at 0, 14, 50, and 65 degrees relative to the roadway. These angles were chosen to represent signs positioned 0, 80, 370, and 660 feet from the pavement surface, respectively. Three sign sizes of 150, 375, and 600 square feet were simulated and two message lengths were used. One type of test sign had a short message (Deep Cave, Next Right). The other test sign had a long message (Natural Bridge Caverns, Next Exit Turn Right).

The simulator consisted of a modified AEtna driving unit, originally designed for driver training, and a moving roadway display. The simulated roadway was painted on a motor driven, back-lighted, 11 inch wide Mylar loop which the test driver viewed through a 6 x 2 inch viewing aperture. The roadway geometry varied in lateral position and provided destination choice points. Using the steering wheel and accelerator pedal control of the AEtna unit, subjects tracked the roadway and controlled its speed of movement.

Test signs were presented to the subjects by means of four 35mm projectors located behind 1 x 2 feet rear projection screens. The projection screens were positioned at 0, 14, 50 and 65 degrees relative to the driver's position and 10.6 feet from his eyes. Polarized filters were placed in front of each projector shutter to balance the light brightness between projectors, and the shutter opening on each projector was set for 0.5 seconds.

Each subject was instructed to drive the simulator and follow the test signs to a prescribed destination. They were told to ignore signs that were not relevant to their destination, but to push the dimmer switch in the AEtna cab with their foot when they identified a sign directing them to their destination. When they came to a junction in the road they were to take the appropriate direction indicated by the sign. The subjects were told to drive at their own pace.

The presentation of the signs in terms of the angle of regard, test slides, and irrelevant slides was programmed to be near random. The subjects completed three trials under each possible combination of size and angle of regard variables. On the three trials subjects were directed by the test signs to go right, left and straight ahead, respectively, at the roadway junctures. Half of the drivers, selected at random, were directed to the Deep Cave (short message) and half to Natural Bridge Caverns (long message). The order of sign presentation was changed halfway through the testing to counter balance the effects of learning.

The dependent variables for the experiment were (1) the subject's response latency to the test signs, (2) tracking variance in the vicinity of the test signs, (3) speed in the vicinity of the test signs, and (4) the number of correct choices at the roadway junctures.

The second laboratory experiment dealt with the relative effects of various numbers and spacings of signs on driver information processing. The number of test signs preceding each roadway juncture was varied between 2, 3, and 4 signs. Spacing variations included a condition where signs were spaced close together near the junction versus two conditions where the spacing distance was increased. In the second experiment all of the test signs were presented only in the two positions farthest from the road, 370 and 660 feet. Sign size was randomized and used. Otherwise, the conditions and measures were identical to those described for the first experiment.

RESULTS AND DISCUSSION.

Theoretical Analysis. The results of the NBS theoretical analysis will be presented and discussed first since they are the most germane to the central question of the evaluation. Only the most significant results will be covered here, however. The reader is referred to the original report for the complete details and results.

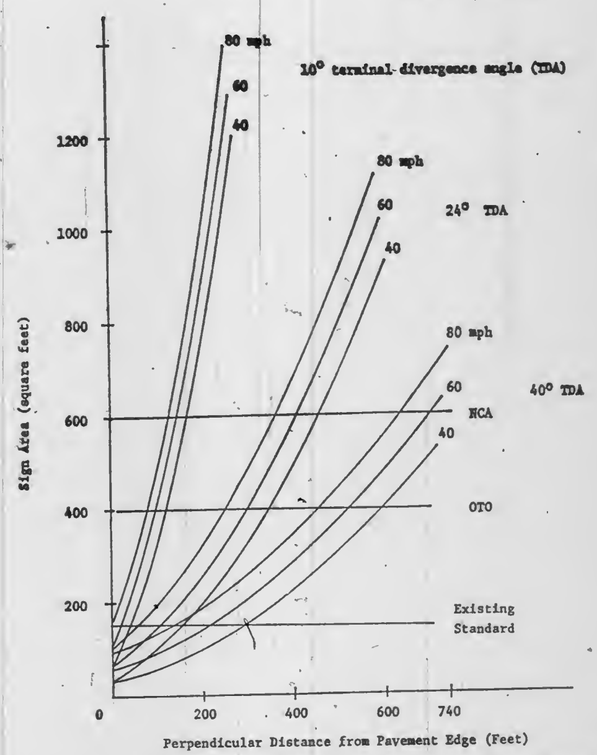

Figure 3. Required Sign Area as a function of Sign Location Parameters.

Perpendicular Distance from Pavement Edge (Feet)

Figure 3. Required Sign Area as a function of Sign Location Parameters.

Figure 3 summarizes the most important findings of the theoretical analysis. This figure shows the conditions under which the existing standard, in terms of the square footage limitation placed on total sign size, is adequate and inadequate. It also illustrates when the standards proposed by the FHWA Office of Traffic Operations (OTO) and the National Caves Association (NCA) are adequate and inadequate. The three lines drawn horizontally across the figure mark the sign area limitations under the existing standard, the proposed OTO standard, and the standard proposed by NCA. The areas below these lines depict the conditions under which these respective standards are adequate. The area above the lines show when they are inadequate.

Plotted along the vertical axis in Figure 3 is sign area in square feet and along the horizontal axis is the perpendicular distance in feet between the inner edge of the sign and the outer edge of the roadway. The curves show how the variables, vehicle speed and terminal divergence angle (angle of regard), affect required sign area as a function of a sign's perpendicular distance from the highway. The angle of regard values of 10, 24, and 40 degrees form three curve clusters in the figure with the lines in each cluster representing vehicular speed values of 40, 60, and 80 miles per hour.

It is apparent from Figure 3 that the existing standard, limiting the total sign area to 150 square feet, is not adequate for a large portion of the controlled 660 foot zone. For example, if the 40 mph/40° angle curve is examined, it can be seen that the existing standard becomes inadequate when a sign is placed greater than 300 feet from the edge of the highway. Similarly, the present standard is never adequate for the conditions represented by the 80 mph/10° angle curve.

It is important that the conditions represented by the curves in Figure 3 be clearly defined. As was pointed out earlier, in order for a given sign to satisfy the information processing requirements of the driver, it must be legible at its minimum viewing distance. Sign legibility is determined by many variables, but the most important one is letter size which in turn controls total sign size. On the other hand, minimum viewing distance is also affected by several variables the most critical of which are the perpendicular distance of the sign from the highway and its terminal divergence angle. Both of these variables affect the time afforded a driver to process the information on a sign. As expected the speed of the driver's vehicle is also important.

It comes down to the fact that the three major variables, sign distance from the roadway, terminal divergence angle, and the driver's speed combine to determine how large a sign must be to accommodate letter characters that are large enough to be adequately processed by the motorist. The curves in Figure 3 demonstrate how these variables relate to required sign size. It can be seen that as the terminal divergence angle increases from 10 to 40 degrees, the required sign size greatly decreases. Similarly, as the perpendicular distance between the sign and the roadway increases, much more sign area is needed. Increases in the speed at which the motorist is traveling also increases the necessary sign size:

In making the observation that the terminal angle of regard has a profound effect on required sign size, the question is raised concerning what value should be selected for this angle in determining the adequacy of the present standards. There is no evidence currently available that directly addresses this question. However, the FHWA laboratory work and work reported in Ewald and Mandelker (1971) permits some reasonable bounds to be placed on its value.

It can be argued that the 10 degree angle would be appropriate only under extreme conditions where the driver is heavily loaded in terms of visual input and demanding vehicular control actions. Such conditions exist for some urban area freeways which carry heavy traffic volumes where the interchanges are closely spaced and the driver is overloaded with visual information. As was pointed out in the NBS report, angles up to 10 degrees are within the limits that a driver can be expected to see and read roadside signs without head movement. Therefore, this angle is appropriate for the determination of sign sizes for extremely demanding driving conditions assuming line of sight requirements can be accommodated, but not as a basis for determining the overall adequacy of the present standards.

In terms of the most common driving conditions where the standards apply, it can be reasoned that a terminal divergence angle of 40 degrees is the maximum value that should be accepted. There are different views on this; e.g., Rockwell uses 30 degrees with his model. In the absence of any conclusive data, 40 degrees was considered the maximum acceptable angle to use in evaluating the present standard. It is compatible with the assumption that most of the traffic using signs where the standards apply will be moving on the average of 60 miles per hour. At 60 miles per hour, the driver can see clearly that detail which lies within an area of 110 to 1,400 feet ahead of the car and within an angle of 40 degrees (Ewald and Mandelker, 1971).

V 40 242 DEC 16 75 XUM

There are other assumptions upon which the values in Figure 3 are based. It is clear that the quantity of information on a sign and its design affects the curves in this figure. These curves represent a sign that can be thought of as a worst case in terms of the information content. The worst case sign used is like the one illustrated in Figure 2. It has seven words and numerals and the identification content part of the information contains 21 characters. Few if any signs are required that exceed this much content and can still conform to the content specifications of the standard. The sign represented by the curves in Figure 3 is also designed with four lines of text. This was done because all of the worst case signs designed with three and two lines of text violated the width specification of the standard when optimum height to width ratios were determined. Therefore, the optimal design of the worst case sign in terms of the existing standards for the maximum use of 150 square feet has four lines of text. In addition, the sign represented in Figure 3 has upper and lower case characters and 0.75 interline spacing.

The legibility distance per inch of character height used to determine the curves in Figure 3 was 49.8 feet per inch. This is the "rule of thumb" value used by highway engineers to estimate the legibility distances of right-of-way signs that exhibit upper and lower case series E type alphabets. The 15 theoretical signs developed by NBS were all designed on the basis of the series E alphabet characteristics. The 49.8 feet per inch legibility distance value represents a highway design driver with 20/23 visual acuity. The visual angle associated with this rule of thumb value is 1.15 minutes of arc. This means that the visual angle subtended by the stroke width of a series E type letter character on the retina of the driver's eye at 49.8 feet is 1.15 minutes of arc.

Different curves would be generated in Figure 3 for each of the 15 theoretical signs analyzed by NBS. This is because the spacing and upper and lower case characteristics of the letters affect the legibility distances of the signs. For example, signs that exhibit all upper case letters have a legibility distance of 43.0 feet per inch of character height. Therefore in terms of maximum exploitation of the standards, signs with upper and lower case characters are more effective than those with all upper case letters because they exhibit greater legibility distances. The sign used to generate the curves in Figure 3 has optimum legibility characteristics.

The final qualification that must be stated about the theoretical analysis relates to the characteristics of the model used to determine the minimum viewing distances that were in turn employed in the computation of the required sign size values shown in Figure 3. King's model was used to obtain the results illustrated in this figure. The predictions from his model appear to be more consistent with field observations in comparison with the Rockwell model. The minimum viewing distance values computed by means of the Rockwell model were substantially greater than those predicted by the King model. Consequently, larger required sign sizes were predicted by the Rockwell model as a function of vehicle velocity and perpendicular sign distance. The reader should not form the conclusion however that the findings of the King model were found to be valid whereas those of the Rockwell model were not. A systematic field evaluation was not conducted to validate these two models since this was beyond the scope of the project. As NBS pointed out in their report, it is impossible to ascertain the precise accuracy of the predicted minimum viewing distances without a thorough field evaluation.

On balance, the results of the theoretical analysis performed by NBS support the conclusion that the present sign size limitation standards are inadequate for the outer portion of the 660 foot control zone. When the standards are given the benefit of the doubt through the use of the King versus the Rockwell model, a 40 degree terminal divergence angle, and a highway design speed of 60 miles per hour, they fail to permit adequate sign designs beyond 200 feet from the highway. However, the sign size standards do allow the design of signs that can satisfy the information processing needs of the driver when they are located within 200 feet of the highway.

Laboratory Experiments. The results of the first laboratory experiment indicated that sign size and angle of regard had a significant effect on driver performance in the simulator. The accuracy of the navigational decisions made at roadway junctions decreased significantly the farther the signs were located from the edge of the roadway. This decrease in accuracy was attenuated, however, with the larger sign sizes. In addition, comparisons between the longer and shorter messages showed an overall lower decision accuracy when signs with longer messages were used.

Results on the speed of response measure in Experiment I revealed that drivers responded faster to short message signs than they did to long message signs and they also responded faster to those at close distances to the simulated highway as opposed to those farther away. Sign size also produced a significant effect on the driver's speed of response. However, faster response times were associated with the middle sized sign (375 square feet) rather than the largest (600 square feet).

There were significant findings on the driving speed and roadway tracking performance measures in the first experiment. Higher speeds were associated with signs close to the roadway, but sign size and message length had no effect on this measure. The amount of variability in the driver's steering (tracking) in the vicinity of the test signs showed that the largest steering variance was associated with the largest sign.

In general, the results from Experiment I showed a degradation in driver performance with signs located at greater distances from the roadway. This is consistent with the NBS theoretical analysis which showed a lack of adequacy in the size standard for signs located in the outer reaches of the controlled zone. For example, the NBS analysis indicated a failure in the size standard for signs greater than 100 feet from the highway assuming a highway design speed of 60 miles per hour and a terminal divergence angle of 24 degrees. The FHWA staff study revealed more than a 20 percent drop in driver navigational accuracy when the 150 square foot sign with seven words (long message) was moved from 80 to 370 feet from the roadway edge. These distances represented angles of regard of 14 and 50 degrees respectively. Since distances between 80 and 370 feet were not simulated in the FHWA staff study, it is not possible to ascertain the effects of signs positioned between 80 and 370 feet from the roadway on navigational decision accuracy. Nevertheless, the breakdown in driver performance associated with signs in compliance with the standards located in the outer two-thirds portion of the control zone, as predicted by the NBS analysis, was in general substantiated by the laboratory results.

More specifically, the NBS and FHWA studies agree that the present size standard is adequate within 80 feet from the highway edge. Even the more stringent, but ideally more acceptable, terminal divergence angle of 24 degrees at a design speed of 60 miles per hour is compatible with the current standard within 100 feet (see Figure 3). On the other hand, the laboratory work is in concert with the NBS analysis that a terminal divergence angle of 40 degrees is a maximum upper limit for purposes of determining the required viewing distance of signs. Therefore, it comes down to the fact that both the laboratory and theoretical analysis suggest that the existing size standard is definitely adequate within 100 feet of the roadway. And, that this standard probably diminishes in its adequacy from 100 feet until it can only at best be considered minimally acceptable at 200 feet from the highway.

With regard to the results from laboratory Experiment II, neither variations in the number or spacing of signs produced statistically significant results. As the number of signs was increased from two to four, there was no tendency for subjects to make more correct choices at the roadway junctures. Also, variations in sign spacing produced no identifiable trend. Accuracy was the same when signs were bunched near the juncture as it was when the signs were spread along the entire length of the roadway. The caveat with respect to these findings, however, is that number and spacing variables do not lend themselves well to the simulation technique used here. Therefore, these results must be accepted somewhat tentatively.

The four experts in traffic signing that were commissioned by NBS to provide a

critique of the adequacy of the standards expressed their views on standards pertaining to number and spacing of signs. None of the consultants found justification to increase the number of signs or change the minimum spacing between signs. They agreed that if for some reason the spacing was changed, the minimum distance between signs should never be less than 1500–2000 feet.

ENVIRONMENTAL PROTECTION AGENCY

[FRL 463–1]

[40 CFR Parts 51, 52]

STATE IMPLEMENTATION PLANS

Variances

On August 14, 1971 (36 FR 15486), the Administrator of the Environmental Protection Agency promulgated as 40 CFR Part 420, regulations for the preparation, adoption, and submittal of State Implementation Plans (SIPs) under section 110 of the Clean Air Act, as amended. These regulations were republished November 25, 1971 (36 FR 22398), as 40 CFR Part 51. Subsequent to this republication, numerous additions and changes have been made to the original requirements. The amendments proposed herein would further revise 40 CFR Part 51 by clarifying the requirements pertaining to variances to regulations which have been approved as part of a State Implementation Plan.

Background

In response to four appellate court decisions involving the question of variances, the Administrator on September 26, 1974 (39 FR 34533) promulgated new §§ 51.11(g) Legal Authority, 51.15(d) Compliance Schedules, 51.20 Attainment Dates for National Standards, and 52.26 Variances and Enforcement Orders to implement the court decisions. Also on that date the Agency promulgated a revised § 51.32(f).

As originally promulgated, § 51.32(f) permitted variances to be treated as plan revisions where the variance would not prevent attainment or maintenance of a national standard within the time specified in the plan. (See 38 FR 15958, June 19, 1973). This was true of variances that extended beyond an applicable attainment date as well as variances terminating prior to an applicable attainment date. However, on September 26, 1974, the section was revised to restrict the approvable term of a variance to the preattainment date period. As indicated above, this was done in consequence of four circuit court opinions. (For a more comprehensive narrative on the subject, see the Agency's Notice of Interim Variance Policy on Post Attainment Date Variances published on May 23, 1975, at 40 FR 22587). The Agency's rulemaking of September 26, 1974, (39 FR 34573) will not be pursued further.

One of these decisions, *NRDC et al, v. EPA*, 489 F. 2d 390 (CA 5, 1974), has since been overturned (on the variance issue) by the Supreme Court in *Train v. NRDC et al.*, (421 U.S. 60), 7 ERC 1735 (decided April 16, 1975). In its decision, the Supreme Court stated that EPA's original position on variances, i.e., that they were to be treated as a plan revision under § 110(a)(3), "was at least sufficiently reasonable that it should have been accepted by the reviewing courts." (7 ERC at 1739). In light of this pronouncement by the Supreme Court, EPA has decided to reinstate its original position on variances as reflected in the original § 51.32(f). The actions proposed herein accomplish this by withdrawing all conflicting regulations promulgated on September 26, 1974, and by reinstituting the substance of the original § 51.32(f). Also proposed herein is a new provision (§ 51.1(y)) which defines variances, and a new procedural provision (§ 51.34(a)) which emphasizes that, as is the case with all plan revisions that alter emission regulations or schedules, variances must be accompanied by a demonstration which shows that all requirements applicable to plan revisions have been met, and that such revisions and demonstrations are to be handled under the current procedures for submitting revisions to State Implementation Plans.

Definition of Variance

For the purpose of this regulation, the term variance is defined as the temporary deferral of a final compliance date for an individual source subject to an approved regulation, or a temporary change to an approved regulation as it applies to an individual source. Hence, it is assumed for purposes of these regulations, that a variance does not revise a source's underlying obligations; rather, that the variance merely alters the time frame within which the obligation must be satisfied. If the plan revision was such that the date was removed permanently or that the relaxed emission limit was continued as a new regulation, then the action would not be considered a variance.

As noted, Federally approved variances constitute revisions to the State Implementation Plans. Accordingly, the variance process must begin at the State level. All procedures set up by the State for variances would first have to be met by the source requesting the variance. If this were done and the State approved the variance request, the State would then have to submit the variance to the Administrator in the proper form following the procedures for submission of a plan revision. If the control strategy demonstration accompanying the submission showed that the variance would not interfere with attainment or maintenance of the national standards, then it would be approved by the Administrator. Otherwise, the variance would be disapproved. In this latter case, the State would have to seek recourse under § 110(f), or would have to revise its control strategy in some other manner, or take appropriate enforcement action. As noted by the Supreme Court, variances do not become part of an implementation plan until approved by EPA. (7 ERC at 1746.) Also, the pendency or granting of a variance at the State level does not, in itself, operate as a stay of Federal enforcement.

Implications of These Regulations

As explained above, the regulations proposed herein would treat any given variance as a plan revision. Under 40 CFR 51.8, any revision must, in order to be approvable, satisfy all requirements of 40 CFR Part 51. Of these requirements, the two most important are 40 CFR 51.4, which requires full public participation in the granting of the variances, and 40 CFR 51.12, 51.13, and 51.14, which require a demonstration that revisions to emission regulations or schedules will provide for sufficient emission reduction to ensure attainment and maintenance of the national standards.

Paragraph 51.4 requires at least one public hearing on the plan revision (variance), preceded by adequate notice of such hearing. Additionally, each local air pollution control agency within the region, and neighboring State(s) in the case of interstate AQCRs, must be notified of the variance request and the public must be given an opportunity to inspect the conditions of the variance.

By virtue of paragraphs 51.12, 51.13, and 51.14, a variance must be disapproved if it fails to provide for emission limitations necessary to attain and maintain the national standards.

Most States have considerable experience in developing control strategy demonstrations as described in 40 CFR 51. Additionally, the Environmental Protection Agency has published numerous Guidelines to assist States in analyzing ambient air quality data, and in assessing the potential impact of source emissions on that air quality.

A complete list of agency guidelines is available from the Environmental Protection Agency, Public Information Reference Unit, Room 2922 (EPA Library), 401 M Street, S.W., Washington, D.C. 20460. These guidelines are available from the Librarian of each EPA Regional Office. The guidelines which are most pertinent to the development and analysis of control strategy demonstrations are the following volumes of the technical series *Guidelines for Air Quality Maintenance Planning and Analysis:*

Volume 3: Control Strategies

Volume 5: Case Studies in Plan Development

Volume 10: Reviewing New Stationary Sources

The basis for Agency policy regarding approvability of plan revisions is the mandate in the Clean Air Act that the Administrator must approve implementation plans if they are adequate to attain and maintain the national standards, and therefore that he must disapprove plans which are not adequate to attain and maintain the national standards. The control strategy demonstration, which must be submitted in support of any revision to an emission regulation or schedule is the primary method by which the Administrator insures that this legislative mandate is accomplished.

V40242 DEC 16 75 XUM

The typical control strategy demonstration is a very detailed document which contains the latest available comprehensive data regarding air quality, emissions and ambient background levels which influence that air quality, the regulations which control the emissions, and the procedures which ensure that the national standards will be maintained in the future. These four basic elements form the basis for determining the approvability of the plan revision.

Development of a control strategy demonstration is time consuming and expensive, and therefore, is usually undertaken only when absolutely necessary. For a State to develop an adequate control strategy demonstration in support of most variances, the complete emission inventory for the affected area would have to be updated, because emissions inventories are normally not routinely maintained; the available ambient monitoring data for the past several years would have to be collected and evaluated; the impact of emissions from sources which have been approved for construction but which are not yet reflected in the ambient data would have to be assessed; and any impact of existing regulations which have not been implemented, in combination with anticipated growth, would have to be projected. These data, and the impact of the proposed plan revision, would then have to be incorporated into, in most cases, a sophisticated air quality simulation model (atmospheric dispersion model) to assess the adequacy of the total control strategy.

It is not necessarily required that the control strategy demonstration be submitted for the entire Air Quality Control Region. The area affected by an individual source is a function of many variables. Generally, if a variance is proposed for a source located within an Air Quality Maintenance Area (AQMA) designated pursuant to 40 CFR 51.12(f) the demonstration would have to include all sources located within the AQMA, as well as any other sources within the area affected by the source for which the variance is being requested. This is because designation of an area as an AQMA is a preliminary indication that the existing State Implementation Plan for that area is potentially inadequate to ensure maintenance of the national standards. In the Administrator's judgment, a more complete air quality analysis is therefore warranted in these areas. However, this requirement would not necessarily apply to those few AQMAS in which air quality is substantially superior to the national standards.

For sources not located in AQMAs, the control strategy demonstration would normally have to include only those sources located within the area affected by the source in question, plus those additional sources whose emissions impact on the affected area. The areas considered in different control strategy demonstrations would therefore vary widely depending upon many considerations. However, even for a very small source, the control strategy demonstration must consider all significant sources within at least 5 kilometers of the source in question.

SEQUENTIAL VARIANCE SUBMITTAL

It should also be noted that Agency policy regarding treatment of sequential SIP revisions is to rely upon the State to determine which sources should receive any "benefits" attending SIP revisions. This policy, as applied to variances, means that the Administrator will assess the approvability of variances in the order in which they are submited by the State. For example, if a State were to submit three variances in sequence, the Administrator would approve those variances in sequence so long as at each step, attainment and maintenance of standards were demonstrated. If the first two variance requests provided adequate demonstration, but the third did not (due to the impact of the first two), then the third variance would be disapproved. The Administrator would not assess whether, for example, the first variance should be disapproved in order to permit approval of the third.

Using this same example, if all three variances were submitted simultaneously, absent a requested ordering of preference, all three would be disapproved. The Administrator would treat such a submittal as a total package, and would not assess the relative merits of the individual variances, even though one or two of the variances might be approvable as individual revisions.

The Administrator will assess the approvability of a variance under the same criteria used to assess the approvability of any other revision to emission regulations or schedules, i.e., whether the variance would interfere with attainment or maintenance of national standards.

Finally, it should be noted that as worded, the September 26, 1974, regulations referred to all post-attainment deferral action, including both enforcement orders and variances. Since that time extensive regulations involving post-attainment orders have been proposed by the Agency under a new Part 65. (See 40 FR 14876.) Accordingly, the proposal which follows does not address State deferral action that would qualify as enforcement under Part 65, except to the extent that the State deferral action would qualify as a plan revision.

OPPORTUNITY FOR PUBLIC COMMENT

In response to the regulations promulgated and proposed on September 26, 1974, 13 separate industrial and utility petitioners filed § 307 petitions in five separate circuit courts. All of these actions have been stayed in light of the above-cited *Train* case and consequential representations by the Agency that the September 26, 1974 regulations would be revised. Accordingly, although it would be appropriate to publish the following regulations as final rulemaking since they merely reinstate previous Agency policy with no additional requirements, it is nevertheless deemed desirable to release them as proposed rulemaking. By doing so, it is anticipated that any concerns still harbored by the 13 petitioning parties referred to above can be resolved through the administrative process rather than by costly and time-consuming litigation. Also, the proposal will provide NRDC (and the other parties responsible for the four circuit court cases which precipitated the September 26, 1974 regulations) with an opportunity to comment on the way EPA has chosen to implement the Supreme Court's decision in *Train V. NRDC et al.*

All interested parties are invited to submit written comments on the proposed regulations set forth below. Comments should be submitted, preferably in triplicate, to the Environmental Protection Agency, Office of Air Quality Planning and Standards, Research Triangle Park, N.C. 27711, Attention: Mr. Schueneman. All relevant comments received on or before January 15, 1976, will be considered. Comments received by EPA will be available for inspection during normal business hours at the U.S. Environmental Protection Agency, Public Information Reference Unit, Room 2922 (EPA Library), 401 M Street, S.W., Washington, D.C. 20460. This notice of proposed rulemaking is issued under the authority of sections 110 and 301 of the Clean Air Act. (42 U.S.C. 1857c–5 and 1857g)

Dated: December 9, 1975.

RUSSELL E. TRAIN,
Administrator.

Part 51 of Title 40, Code of Federal Regulations, is proposed to be amended as follows:

1. In § 51.1 paragraph (y) is added as follows:

§ 51.1 Definitions.

* * * * *

(y) "Variance" means the temporary deferral of a final compliance date for an individual source subject to an approved regulation, or a temporary change to an approved regulation as it applies to an individual source.

§ 51.11 [Amended]

2. In § 51.11, paragraph (g) is revoked.

§ 51.15 [Amended]

3. In § 51.15, paragraph (d) is revoked.

4. In § 51.32 paragraph (f) is revised to read as follows:

§ 51.32 Request for 1-year postponement.

(f) Notwithstanding the requirements of this section, a State's implementation plan may be revised in accordance with § 51.6 to permit a source to comply after the applicable attainment date with an emission limitation of that plan if such plan, as revised, continues to provide for attainment and maintenance of the national standards as provided in §§ 51.12, 51.13, and 51.14.

5. In Subpart C, § 51.34 is added as follows:

§ 51.34 Variances.

(a) In order to be considered for approval as a revision to the State implementation plan, a variance must be submitted by the State in accordance with the requirements of § 51.6.

Part 52 of Title 40, Code of Federal Regulations, is proposed to be amended as follows:

§ 52.26 [Revoked]

6. Section 52.26 is revoked.

[FR Doc.75-33866 Filed 12-15-75;8:45 am]

[40 CFR Part 52]

[FRL 468-4]

APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

Kentucky: Proposal of Plan Revision

On August 15, 1974 (39 FR 29357), the Administrator took approval/disapproval action on the Kentucky plan to attain and maintain the national ambient air quality standards in that State, his earlier approval of the plan having been vacated by a decision of the U.S. Court of Appeals for the Sixth Circuit. Chapter VII of the plan, control regulations, was approved except for section 1(b) of AP-1, which was explicitly disapproved since it could be construed as permitting the use of intermittent controls in cases where continuous controls were available. Chapter IV, Control Strategy: Sulfur Dioxide and Particulates, and Chapter V, Control Strategy: Carbon Monoxide, Hydrocarbons, Photochemical Oxidants, Nitrogen Dioxide, were approved as justifying the regulations set forth as Chapter VII.

At that time, the Administrator encouraged the Kentucky Division of Air Pollution to re-examine its sulfur dioxide control strategy to determine if it could be modified without jeopardizing the attainment and maintenance of the national standards for that pollutant. Also, the regulations of Chapter VII, adopted in 1972, expired on June 30, 1975. Accordingly, the Kentucky agency has developed a new body of control regulations. These were formally adopted on July 2, 1975. On August 30, 1975, the new regulations were submitted to EPA as a proposed plan revision. In addition, the analytical material justifying the new regulations was incorporated into revisions to Chapters IV and V, and these have also been submitted as plan revisions. The hearing on the new regulations was held on April 15, 1975, following public notice in all air quality control regions in the Commonwealth of Kentucky. Therefore, all procedural requirements of 40 CFR Part 51 have been met. The purpose of this notice is to describe the major changes in the Kentucky plan and to request public comment thereon.

MAJOR CHANGES

1. Under 401 KAR 3:010, the Department for Natural Resources and Environmental Protection may now unilaterally issue compliance schedules.

2. Under 401 KAR 3:040, regulations concerning emissions of asbestos, mercury, beryllium, and beryllium rocket motor firing are added.

3. Under 401 KAR 3:050, emission limitations for additional new source categories are as follows: (a) Process operations, (b) asphalt concrete plants, (c) petroleum refineries, (d) storage vessels for petroleum liquids, (e) secondary lead smelters, (f) secondary brass and bronze ingot production plants, (g) iron and steel plants, (h) sewage treatment plants, (i) sources using organic solvents, (j) Kraft (sulfate) pulp mills, (l) ethylene producing plants, and (m) oil-effluent water separators.

Kentucky already has Federally approved regulations for new installations of five source categories. In the proposed regulations, a change has been made in the regulation covering new installations of indirect heat exchangers to allow boiler averaging between existing units and new units in order to calculate total allowable emissions. This is in conflict with 40 CFR Part 60, and where such conflict exists, Part 60 must prevail.

4. Under 401 KAR 3:060, emission limits for some categories of existing sources are changed. The major changes are: (a) NO_x regulations for indirect heat exchangers are dropped, (b) SO_2 emission limits for indirect heat exchangers are tightened for some units and relaxed for others, in accordance with the degree of control required to meet ambient standards, (c) emission rate averaging by boiler over an entire facility is allowed in regulating SO_2 emissions from indirect heat exchangers, (d) particulate regulations for sulfuric acid plants and sulfate pulp mills are added, (e) carbon monoxide limitations from processes and hydrocarbon limitations from solvent disposal/evaporation are dropped, and (f) regulations for some sources are now found under different headings.

5. The date for attaining primary and secondary ambient standards for sulfur dioxide is set at July 1, 1977, for the entire State.

Additionally, many changes in definitions, grouping, and codification have been made to improve the readability of the regulations and to improve their usefulness as reference materials.

Copies of the three proposed chapters are available for public inspection at the following locations:

Air Programs Branch, Environmental Protection Agency, Region IV, 1421 Peachtree Street, N.E., Atlanta, Georgia 30309
Kentucky Division of Air Pollution, U.S. 127 South, Frankfort, Kentucky 40601
Kentucky Division of Air Pollution, Appalachian Regional Office, 623 High Street, Room 22, Hazard, Kentucky 41701
Owensboro Regional Office, 311 W 2nd Street, Owensboro, Kentucky 42301
South Central Regional Office, 1032 College Street, Suite 202, Bowling Green, Kentucky 42101
Ashland Regional Office, 2106 29th Street, Ashland, Kentucky 41201
Cincinnati Regional Office, 7209 US 42, Florence, Kentucky 41402
Paducah Regional Office, 609 Kentucky Avenue, Paducah, Kentucky 42001

Interested persons are encouraged to submit written comments on the proposed plan revisions. These comments will be weighed carefully by EPA before the agency decides to approve or disapprove these changes in the Kentucky plan. Comments will be accepted on or before January 15, 1976. They should be addressed to: John Eagles, Air Programs Branch, Air and Hazardous Materials Division, Environmental Protection Agency, Region IV, 1421 Peachtree Street, N.E., Atlanta, Georgia 30309.

(42 U.S.C. 1857c-5(a))

Dated: December 8, 1975.

JACK E. RAVAN,
Regional Administrator.

[FR Doc.75-33758 Filed 12-15-75;8:45 am]

[40 CFR Part 52]

(FRL 468-8)

STATE IMPLEMENTATION PLANS

Air Pollution Emergency Plan for California

On August 14, 1971 (36 FR 15486), the Administrator promulgated regulations (originally designated 42 CFR 420.16, now designated 40 CFR 51.16) specifying minimum requirements for compliance with section 110(a)(2)(F)(v) of the Clean Air Act of 1970 (42 U.S.C. 1857c-5(a)(2)(F)(v)). These regulations required, as part of each State Air Quality Standards Implementation Plan (SIP), the establishment of an Air Pollution Emergency Episode Contingency Plan with at least two (2) stages for all Priority I and Priority II Air Quality Control Regions (AQCRs).

On October 23, 1971 (36 FR 20513), 40 CFR 51.16 was amended to include in paragraph (a), specific concentrations of pollutants "which would cause significant harm to the health of persons." Each state's Air Pollution Emergency Episode Contingency Plan is required to prevent these concentrations from occurring. The section was amended again on August 3, 1973 (38 FR 20835), by deleting paragraph (c), which had required the submittal of emission control action programs for each stationary source emitting 100 tons per year or more of any one pollutant.

On August 20, 1975 (40 FR 36330), 40 CFR 51.16(a) was revised to read that the significant harm level for photochemical oxidants is 1200 micrograms per cubic meter (0.6 ppm), for one-hour.

The SIP originally submitted by the State of California on February 21, 1972, did not contain comprehensive air pollution emergency contingency plans for any of California's Priority I or II AQCRs. The California SIP was therefore legally deficient in that it did not fulfill the requirements of 40 CFR 51.16. Furthermore, the episode plans contained in the rules and regulations of individual Air Pollution Control Districts within the State of California did not adequate meet the requirements of 40 CFR 51.16. The Administrator therefore, on May 31, 1972 (37 FR 10851), disap-

V 40 242 DEC 16 75 XUM

proved the episode contingency plan portion of the California SIP, as originally submitted (40 CFR 52.231).

On November 13, 1973 the State of California adopted a Comprehensive Air Pollution Emergency Contingency Plan. This plan set forth requirements and guidelines for the development of detailed episode contingency plans by individual Air Pollution Control Districts (APCDs) within the State. Many APCDs adopted the rules needed to establish and implement episode programs to be in keeping with the State Plan.

On February 6, 1974, the State of California submitted its comprehensive Air Pollution Emergency Contingency Plan and the implementing regulations of the affected APCDs to the Administrator as Chapter 4 of Revision 4 to the California SIP.

After careful consideration, the Regional Administrator, on June 26, 1974 (39 FR 23069), proposed a conditional approval of part of California's comprehensive Air Pollution Emergency Plan and proposed a disapproval for regions not covered by the plan. In addition, the State was requested to correct several technical deficiencies and submit all APCD rules, state procedures for air episodes under the Peacetime Emergency Plan, and improved procedures for interdistrict coordination. Because of this conditional approval/disapproval, the State of California has significantly revised their plan. During the past 18 months, the State has responded to the technical deficiencies and other conditions noted by EPA. Since August 6, 1975, EPA and the Air Resources Board (ARB) have been on a voluntarily developed compliance schedule leading towards federal approval of an air episode plan for the South Coast Air Basin (SCAB) of California. The schedule is the result of the lawsuit brought against EPA and the ARB by the California Lung Association, etc. et al. in the U.S. District Court for the Central District of California, Civil No. CV 75 1044 WPG. The complaint requests the Court to order EPA to promulgate and enforce an episode plan for the SCAB until a State Plan is approved and to order the ARB to revise that portion of the SIP dealing with air episodes.

On December 5, 1975 the Executive Officer of the California Air Resources Board submitted California's Air Pollution Emergency Plan as amended on October 21, 1975 to the Regional Administrator as a revision to the California SIP.

The Administrator hereby issues this notice setting forth the California Air Pollution Emergency Plan as proposed rulemaking, and advises the public that comments may be submitted on whether the emergency plan should be approved or disapproved as required by section 110 of the Clean Air Act. Only comments received on or before January 15, 1976 will be considered. The Administrator's decision to approve or disapprove the plan is based on whether it meets the requirements of section 110(a)(2)(F)(v) and EPA regulations in 40 CFR Part 51.

The plan provides the basis for taking action to prevent air pollution concentrations from reaching levels which could endanger or cause significant harm to the public health and to abate such concentrations should they occur. The plan is primarily applicable in the areas of California which do not meet air quality standards and where the potential exists for air pollution to reach concentrations at which emergency actions are necessary.

The plan provides for abatement action and specifies the minimum geographical areas of applicability and pollutants (sulfur dioxide, oxidants, carbon monoxide). If excessive concentrations of other pollutants occur or are predicted to occur similar abatement actions or other actions as appropriate shall be taken by the affected APCD after consultation with the ARB.

The plan provides for three episode stages. Specific levels and abatement actions are given. The stages can be declared on either attained or predicted levels. A "4th Stage" (Air Pollution Disaster) is declared whenever medical authorities or local officials determine that a substantial number of persons are suffering or are likely to suffer incapacitating effects from air pollution and analysis of the data indicates the condition is likely to continue or reoccur. This stage can be declared regardless of the measured concentrations.

The APCDs are responsible for declaring episodes but the ARB can declare an episode after consultation with the APCD if the affected APCD fails to declare it immediately and the ARB determines it is predicted or exists. The APCDs are required to adopt the necessary rules and regulations to implement the revised plan. The ARB can enforce the appropriate provisions of the APCD's regulations if the APCD does not take responsible action to abate the episode.

The state plan and local regulations require abatement plans for both stationary and mobile sources. The stationary source abatement plans are required for an industrial business or commercial establishment emitting 100 tons per year or more of hydrocarbons or any pollutant included in the plan. Traffic abatement plans are directed toward reducing the causes for vehicular traffic but may include direct controls and must include specific actions to be taken at each episode stage. The abatement plans are reviewed and approved by the APCD according to the criteria established by the ARB. Abatement plans must be submitted by the source within 45 days after notification, reviewed by the APCD and approved or disapproved within an additional 45 days. If disapproved, the plan must be revised and resubmitted within 30 days of the notice of disapproval. If the required plan is not submitted within this time limit, the applicant is considered to be in violation of the APCD's rules and regulations. Each APCD must prepare plans for inspection of sources subject to mandatory curtailment to assure compliance and to determine effects of curtailment.

The plan requires approved procedures for interdistrict and interbasin coordination and in the absence of approved procedures provides for the source area to seek relief from the ARB from implementing actions considered inappropriate. The time limit gives the source area one hour to determine the appropriateness of the requested actions and the ARB an additional hour after receiving the request to advise the source area on what actions must be taken.

The following actions are taken when Stage 1 is declared:

1. Issue health warning for sensitive persons.
2. Advise schools to discontinue strenuous activities by students.
3. Abatement Actions—

a. Initiate actions to reduce vehicular traffic.

b. If a sulfur oxide episode is declared, request specific sulfur oxide sources to reduce emissions.

When Stage 2 is declared:

1. Issue health warning to sensitive persons and those displaying reaction symptoms.
2. Suspend programs which involve physical exertion by participants using public parks or public recreation facilities. Programs with adult participants in scheduled athletic events with paid attendance are excepted.
3. Abatement Actions—

a. Prohibit the burning of combustible refuse.

b. Implement the OPCD traffic curtailment plan appropriate to the episode.

c. Implement the APCD stationary source plans appropriate to the episode. Affected industries will be advised to prepare for possible shutdown.

d. If a carbon monoxide episode is declared, where appropriate and when approved by local law enforcement officials advise motorists to turn off engines.

When Stage 3 is declared:

1. Issue warnings, describing protective measures.
2. Implement the source inspection plans.
3. Abatement actions—

a. Implement the traffic curtailment plans appropriate to the episode.

b. Implement the stationary source curtailment plans appropriate to the episode.

When an Air Pollution Disaster is declared, the Governor will order the institution of any health protection and abatement actions he considers appropriate. Examples of disaster abatement actions are given in the plan, as are recommended "self-help" actions for oxidant episodes.

Copies of California's Air Pollution Emergency Plan are available for public inspection during normal business hours at the Office of EPA, Region IX, 100 California Street, San Francisco, California 94111 and at EPA's Los Angeles Contact Office, Room 2037, 300 North Los Angeles Street, Los Angeles, California 90012 and in the Office of the California Air Resources Board, 1709 11th Street, Sacramento, California 95814 and at the Public Information Reference Unit EPA, 401 "M" Street SW., Washington, D.C. 20460.

Interested persons may participate in this rulemaking by submitting written comments, preferably in triplicate, to the Regional Administrator, Environmental Protection Agency, Region IX, 100 California Street, San Francisco, California 94111. Relevant comments received on or before January 15, 1976 will be considered and acknowledged. Comments received will be available during normal working hours at the Region IX Offices and at the Public Information Reference Unit.

(Section 110(a) of the Clean Air Act, as amended 42 U.S.C. 1857c-5(a))

Dated: December 8, 1975.

PAUL DE FALCO, JR.,
Regional Administrator.

[40 CFR Part 180]

[FRL 469-5; OPP-300008]

PESTICIDE PROGRAMS

Proposed Tolerances

At the request of several interested persons, the Administrator, Environmental Protection Agency, is proposing, pursuant to Section 408(e) of the Federal Food, Drug, and Cosmetic Act, to amend 40 CFR 180.1001 to exempt certain additional pesticide chemicals which are inert (or occasionally active) ingredients in pesticide formulations from tolerance requirements.

The inert (or occasionally active) ingredients concerned, and the persons requesting that the Administrator propose exemptions with respect to them are as follows:

Ethylene oxide adducts of 2,4,7,9-tetramethyl-5-decynediol, the ethylene oxide content averages 3.5, 10, or 30 moles.	Air Products and Chemicals, 1 Possumtown Rd., Piscataway NJ 08854.
α-Alkyl (C_{12}-C_{18}) ω-hydroxypoly(oxyethylene) block polymer with poly-(oxypropylene); polyoxyethylene content is 3-12 moles and polyoxypropylene content is 2-9 moles.	BASF Wyandotte Corp., Wyandotte MI 48192.
α,α - (Methylene(4 - (1,1,3,3 - tetramethylbutyl) - o - phenylene)} bis - ω - hydroxypoly (oxyethylene) having 6-7.5 moles of ethylene oxide per hydroxyl group.	Diamond Shamrock Chemical Co., Nopco Chemical Div., PO Box 2386R, Morristown NJ 07960.
Paraformaldehyde; propylene oxide.	Upjohn Co., Kalamazoo MI 49001.
Pigment Red 48.	Stauffer Chemical Co., 1200 S. 47th St., Richmond CA 94804.
Sodium O-phenylphenate.	Dow Chemical USA, 2030 Dow Center, Midland MI 48640.
Woolwax alcohols.	Thompson-Hayward Chemical Co., PO Box 2383, Kansas City KS 66110.
Zinc orthophosphate.	Leffingwell Chemical Co., Agricultural and Industrial Chemicals, PO Box 188, Brea CA 92621.
Phenol; polyvinyl chloride; 1,1,1-trichloroethane.	Animal Health Institute, Suite 1009, 1717 K St. NW., Washington DC 20006.

Based on available information on the chemistry and toxicity of these substances, as well as on a review of the history of their use, it has been found that when used in accordance with good agricultural practice, these substances are useful as adjuvants and do not pose a hazard. It has been concluded, therefore, that the proposed amendment to the regulations (40 CFR 180.1001) will protect the public health.

Any person who has registered or submitted an application for the registration of a pesticide under the Federal Insecticide, Fungicide, and Rodenticide Act which contains any of the ingredients listed herein may request, on or before January 15, 1976, that this proposal be referred to an advisory committee in accordance with section 408(e) of the Federal Food, Drug, and Cosmetic Act.

Interested persons are invited to submit written comments on the proposed regulation to the Federal Register Section, Technical Services Division (WH-569), Office of Pesticide Programs, Environmental Protection Agency, Room 401, East Tower, 401 M St. SW, Washington, D.C. 20460. Three copies of the comments should be submitted to facilitate the work of the Agency and others interested in inspecting them. The comments must be received by January 15, 1976 and should bear a notation indicating the subject [OPP-300008].

All written comments filed pursuant to this notice will be available for public inspection in the office of the Federal Register Section from 8:30 a.m. to 4:00 p.m. Monday through Friday.

(Section 408(e) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a(e)))

Dated: December 10, 1975.

JOHN B. RITCH, JR.,
Director,
Registration Division.

It is proposed that Part 180, Subpart D, § 180.1001 be amended by revising the item "Paraformaldehyde . . ." in paragraph (d) and by alphabetically inserting new items in paragraphs (c), (d), and (e) as follows:

§ 180.1001 Exemptions from the requirement of a tolerance.

. . . . . .

(c) . . .

Inert ingredients	Limits	Uses
Ethylene oxide adducts of 2,4,7,9-tetramethyl-5-decynediol, the ethylene oxide content averages 3.5, 10, or 30 moles.		Surfactants, related adjuvants of surfactants.

(d) . . .

Inert ingredients	Limits	Uses
α-Alkyl (C_{12}-C_{18}) ω-hydroxy-poly (oxyethylene) block polymer with poly (oxypropylene); poly-oxyethylene content 3-12 moles and polyoxypropylene content 2-9 moles.		Surfactants, related adjuvants of surfactants.
α,α-(methylene(4-(1,1,3,3-tetramethylbutyl)-o-phenylene)) bis-ω-hydroxypoly (oxyethylene) having 6-7.5 moles of ethylene oxide per hydroxyl group.		Surfactants, related adjuvants of surfactants.
Paraformaldehyde	Not more than 2 percent of pesticide formulation.	Preservative for formulation.
Pigment red 48	For seed treatment use only.	Dye.
Sodium o-phenylphenate.	Not more than 0.1 percent of pesticide formulation.	Preservative for formulation.
Woolwax alcohols		Safener.
Zinc orthophosphate		Plant nutrient and safener.

(e) . . .

Inert ingredients	Limits	Uses
Ethylene oxide adducts of 2,4,7,9-tetramethyl-5-decynediol, the ethylene oxide content averages 3.5, 10, or 30 moles.		Surfactants, related adjuvants of surfactants.
α,α(Methylene (4-(1,1,3,3-tetramethylbutyl)-o-phenylene))bis-ω-hydroxypoly (oxyethylene) having 6-7.5 moles of ethylene oxide per hydroxyl group.		Surfactants, related adjuvants of surfactants.
Paraformaldehyde	Not more than 2 percent of pesticide formulation.	Preservative for formulation.
Phenol		Solvent, co-solvent.
Polyvinyl chloride		Solid diluent, carrier.
Propylene oxide		Stabilizer.
1,1,1-trichloroethane		Solvent, co-solvent.

V 40 242 DEC 16 75 XUM

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Parts 81, 83]

[Docket No. 20638; FCC 75-1287]

MARINE UTILITY STATIONS AND SHIP STATIONS

Notice of Proposed Rule Making

In the Matter of Amendment of the rules to remove locality restrictions from Marine Utility stations and to modify the capabilities of ship stations to meet certain operational requirements of ships.

1. Notice of Proposed Rule Making is hereby given.

2. By this Notice, the Commission proposes to amend its rules to enhance the operational flexibility and usefulness of certain methods of ship communications. It proposes to do so in two ways: (1) by removal of locality restrictions from Marine Utility stations, and (2) by establishing "associated portable ship units" to permit the use of portable, low power units by the licensee of a ship station in association with the main ship station in circumstances where auxiliary equipment is used about the ship.

REMOVAL OF LOCALITY RESTRICTIONS ON MARINE UTILITY SHIP AND COAST STATIONS

3. A series of waiver requests has been received by the Commission seeking relief from the locality restrictions on marine utility ship and coast stations which are contained in §§ 81.3 (l) and (m); 83.2(h) and (i); and § 81.362(a) of the rules. The waived requests indicate that these restrictions unduly and unnecessarily hamper the operational usefulness of these stations and their continued retention does not appear to be necessary.

4. Accordingly, we propose to abolish these restrictions on marine utility stations by deleting the phrase "within a designated local area" from §§ 81.3 (l) and (m) and 83.2(h) and (i) of the rules and by deleting § 81.362(a) of the rules in its entirety as set forth below.

PROVISION FOR ASSOCIATED PORTABLE SHIP UNITS

5. There appears to be an operational requirement for the use of small, hand-held portable units in connection with a ship radio station which requirement is not currently met by utility stations or on-board communications. This operational requirement stems from the use of auxiliary equipment in the vicinity of the "mother ship". The auxiliary equipment is used on dinghies, launches, etc. in the vicinity of the mother ship.

6. Accordingly, we propose to provide for the use of such equipment to meet this operational requirement. In order to preclude improper uses of the proposed associated portable ship units, such as point to point communications on land or as a substitute for circumventing limited or public coast stations on land, this type of station must necessarily be carefully restricted. The restrictions on use of an associated portable ship unit are contained in the attached appendix and are intended to limit the use of the device to the legitimate needs of the vessel—commercial or non-commercial—and not to substitute for or displace communications which should be conducted in accordance with other provisions of Part 83 of the Commission's rules.

7. The proposed amendment as set forth below is issued pursuant to the authority contained in Section 303(r) of the Communications Act of 1934, as amended.

8. Pursuant to the applicable procedures set forth in Section 1.415 of the Commission's rules, interested persons may file comments on or before January 11, 1976, and reply comments on or before January 21, 1976. All relevant and timely comments will be considered by the Commission before final action is taken in this proceeding.

9. In accordance with the provisions of Section 1.419 of the Commission's rules, an original and 11 copies of all statements, briefs or comments shall be furnished the Commission. All comments received in response to this Notice of Proposed Rule Making, will be available for public inspection in the Docket Reference Room in the Commission's Offices in Washington, D.C.

Adopted: November 25, 1975.

Released: December 2, 1975.

FEDERAL COMMUNICATIONS COMMISSION,
[SEAL] VINCENT J. MULLINS,
Secretary.

Part 81 of Chapter I of Title 47 of the Code of Federal Regulations is amended as follows:

1. Section 81.3 (l) and (m) is amended by deleting the references to a designated local area as follows:

§ 81.3 Maritime mobile service.

* * * * *

(l) *Marine-utility coast station.* A coast station, readily portable for use as a limited coast station at unspecified points ashore.

(m) *Marine-utility ship station.* A ship station, readily portable for use as a limited ship station on mobile vessels.

* * * * *

§ 81.362 [Amended]

3. Section 81.362(a) is deleted and designated [Reserved].

2. Seciton 83.3 (h) and (i) is amended by deleting the references to a designated local area, as follows:

§ 83.3 Maritime mobile service.

* * * * *

(h) *Marine-utility ship station.* A ship station, readily portable for use as a limited ship station on mobile vessels.

(i) *Marine-utility coast station.* A coast station, readily portable for use as a limited coast station at unspecified points ashore.

* * * * *

4. Section 83.2(i) is amended to include reference to associated portable ship units as follows:

§ 83.2 General.

* * * * *

(i) *Ship station License.* A license authorizing the operation of a ship station, a survival craft station associated with a ship, a ship radionavigation station, or an associated portable ship unit or units for use in the vicinity of the ship with which it is associated.

* * * * *

5. Subpart G of Part 83 is amended by adding a new section as follows:

§ 83.166 Operational conditions on use of associated portable ship units.

Use of an associated portable ship unit is restricted as follows:

(a) It shall be operated only on the safety and calling frequency 156.8 MHz (Channel 16), and on commercial or non-commercial intership frequencies appropriate to the class of ship station with which it is associated.

(b) Except for safety purposes, it shall be used to communicate only with the ship station with which it is associated or with other associated ship portable units but portable units may not be used from or on shore.

(c) It shall be equipped to transmit on Channel 16 and at least one appropriate intership frequency.

(d) Calling shall occur on Channel 16 unless, by prearrangement, provision is made for calling and working on an intership frequency.

(e) Power is limited to one watt.

(f) The call sign of the ship station with which it is associated and an appropriate unit designator shall be used.

6. Section 83.103 is amended by adding a reference to associated ship portable units, as follows:

§ 83.103 Location of station.

All components of a station on board ship subject to this part, including the antenna(s), antenna supporting structures, and source(s) of power used to energize the station equipment, shall be located on board the vessel identified in the station license, even though the vessel be temporarily moored. For purposes of communication, no component of a ship station shall be connected by wire line directly or indirectly to any equipment, apparatus, or facilities which are not located entirely on board the vessel identified in the station license: Provided, That the limitations on this section shall not apply (a) when the station is being operated in an emergency under the provisions of § 83.75, (b) when it is necessary, while the ship is temporarily moored, to energize one or more components of a main installation or an emergency installation by means of a source of power not located on board the ship for the purpose of assuring compliance with any applicable safety radio requirement of law, or (c) to associated ship portable units which may be used in accordance with the conditions contained in Section 83.166 of this part.

notices

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF STATE

[CM-5/134]

NORTHWEST ATLANTIC FISHERIES ADVISORY COMMITTEE

Open and Closed Meeting

In accordance with section 10(d) of the Federal Advisory Committee Act, notice is given that the Northwest Atlantic Fisheries Advisory Committee to the U.S. Commissioners to the International Commission for the Northwest Atlantic Fisheries (ICNAF), will hold a meeting at 10:00 a.m., Tuesday, January 6, 1976, in room 307 of the John F. Kennedy Federal Building in Boston, Massachusetts. The morning session of the meeting will be open to the public, and the afternoon session will be closed to the public.

The meeting will be devoted to discussions on and development of the U.S. negotiating positon for the Special Meeting of ICNAF, particularly herring allocations off the U.S. east coast, to be held in Rome, Italy, January 21–26, 1976. Pursuant to section 4 of the Northwest Atlantic Fisheries Act of 1950, which provides that "the Advisory Committee . . . shall be given full opportunity to examine and to be heard on all proposed programs of investigation, reports, and recommendations of the United States Commissioners . . ." the members of the Advisory Committee will examine the possible positions to be taken by the U.S. Commissioners. During the afternoon session, this discussion will necessarily involve discussion of classified national security information, in part related to the Law of the Sea, the premature disclosure of which would adversely affect the ability of the U.S. negotiators at the Special Meeting to achieve U.S. fisheries and foreign policy objectives. As it has been determined that the afternoon session of the meeting will involve matters exempt from public disclosure under 5 U.S.C. 552(b)(1) and that the public interest requires that such discussions be withheld from disclosure, the afternoon session will not be open to the public.

Dated: December 10, 1975.

LEO N. SCHOWENGERDT, JR.,
Office of Fisheries Affairs.

[FR Doc.75-33765 Filed 12-15-75;8:45 am]

DEPARTMENT OF THE TREASURY

Customs Service

CHEESE FROM FINLAND

Preliminary Countervailing Duty Determination

On August 15, 1975, a "Notice of Receipt of Countervailing Duty Petition" was published in the Federal Register (40 FR 34423). The notice stated that a petition had been received alleging that payments and bestowals conferred by the Government of Finland upon the manufacture, production, or exportation of cheese constitute the payment or bestowal of a bounty or grant, directly or indirectly, within the meaning of section 303 of the Tariff Act of 1930, as amended (19 U.S.C. 1303).

On the basis of an investigation conducted pursuant to § 159.47(c) Customs Regulations (19 CFR 159.47(c)), it has been determined preliminarily that a bounty or grant is being paid or bestowed upon the manufacture, production, or exportation of cheese from Finland. Programs considered to be bounties or grants include a deficiency payment provided by the Government on milk which is designed to offset increases in milk production costs, export refunds provided by the Government to make up losses on sales of cheese exports, regional production assistance subsidies, milk transportation cost subsidies, and preferential financing for dairy plant modernization in developing regions.

It has been preliminarily determined, therefore, that imports of cheese from Finland benefit from the payment or bestowal of a bounty or grant, directly or indirectly, within the meaning of section 303 of the Tariff Act of 1930, as amended (19 U.S.C. 1303).

A final decision in this case is required before June 11, 1976. Before a final determination is made, consideration will be given to any relevant data, views or arguments submitted in writing with respect to this preliminary determination. Submissions should be addressed to the Commissioner of Customs, 1301 Constitution Avenue, N.W., Washington, D.C. 20229, in time to be received by his office on or before January 15, 1976.

This preliminary determination is published pursuant to section 303(a) of the Tariff Act of 1930, as amended (19 U.S.C. 1303(a)).

Approved: December 11, 1975.

VERNON D. ACREE,
Commissioner of Customs.

DAVID R. MACDONALD,
Assistant Secretary of the Treasury.

Office of the Secretary

POTASSIUM CHLORIDE (OTHERWISE KNOWN AS MURIATE OF POTASH) FROM CANADA

Tentative Determination To Modify or Revoke Dumping Finding

A finding of dumping with respect to potassium chloride, otherwise known as muriate of potash, from Canada was made in Treasury Decision 69-265 which was published in the FEDERAL REGISTER on December 19, 1969 (34 FR 19904).

After due investigation, it has been determined, tentatively, that potassium chloride exported by Cominco, Ltd., Vancouver, British Columbia, Canada, is not being, nor is likely to be sold, for export to the United States at less than fair value within the meaning of the Antidumping Act, 1921, as amended (19 U.S.C. 160 *et seq.*).

Statement of reasons on which this tentative determination is based. The investigation indicated that, with the exception of some sporadic sales for which dumping duties in *de minimis* amounts were assessed, all sales by Cominco, Ltd., for a period two years subsequent to the finding of dumping have been made at not less than fair value. Written assurances have been given that future sales of potassium chloride to the United States will be made at not less than fair value.

Accordingly, notice is hereby given that the Department of the Treasury intends to modify the finding of dumping with respect to potassium chloride from Canada to exclude potassium chloride produced and sold by Cominco, Ltd., from the finding.

In accordance with § 153.37, Customs Regulations (19 CFR 153.37), interested persons may present written views or arguments, or requests in writing that the Secretary of the Treasury afford an opportunity to present oral views.

Any requests that the Secretary of the Treasury afford an opportunity to present oral views should be addressed

V 40 242 DEC 16 75 XUM

to the Commissioner of Customs, 1301 Constitution Avenue, N.W., Washington, D.C. 20229, in time to be received by his office on or before December 26, 1975. Such requests must be accompanied by a statement outlining the issues to be discussed.

Any written views or arguments should likewise be addressed to the Commissioner of Customs in time to be received by his office not later than 30 days from the date of publication of this notice in the Federal Register. This notice is published pursuant to § 153.41(c) of the Customs Regulations (19 CFR 153.41(c)).

Dated: December 10, 1975.

DAVID R. MACDONALD,
Assistant Secretary of the Treasury.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

ENDANGERED SPECIES PERMIT

Receipt of Application for Amendment

A permit authorizing capture of not more than 25 INDIANA BATS (*Myotis sodalis*) for purposes of identification and release, was issued on November 11, 1974, to Mr. Todd L. Vogel, U.S. Fish and Wildlife Service, Kansas City, Missouri. The name of the permittee was changed to Area Manager, U.S. Fish and Wildlife Service, Kansas City, Missouri, on May 23, 1975, by amendment to the permit. A notice containing the application for the permit was published in the FEDERAL REGISTER on October 2, 1974 (39 FA 35582) soliciting public comments for a period of 30 days. A notice of the issuance of the permit was published on February 5, 1975 (40 FR 5380–81–82).

Under date of October 23, 1975, the Acting Area Director, U.S. Fish and Wildlife Service, Kansas City, Missouri, has submitted a request for amendment of the permit. Published herewith is that request. It is being considered pursuant to § 13.23, Title 50 Code of Federal Regulations (see 39 FR 1162).

OCTOBER 23, 1975.

To: Director, U.S. Fish & Wildlife Service (LE), Washington, D.C.
From: Acting Area Manager, U.S. Fish & Wildlife Service, Kansas City, Mo.
Subject: Amendment of U.S. Fish & Wildlife Permit (Endangered Species), No. PRT–8–31–C.

This supersedes our request for amendment of PRT–8–31–C dated August 13, 1975.

The cooperative study on Myotine bats in the Meramec Basin, Missouri, is being conducted under the authority of the subject permit.

In order to achieve the objectives of the study and to obtain data which will aid in recovery of the species, it will be necessary to capture and observe the bats in a number of different sites and situations. Bats will be captured with nets or traps in foraging areas and in or near cave entrances. Disturbances while bats are in hibernation will be held to a minimum, and hibernating bats will be tagged only when it is necessary to examine them for other purposes.

The following additional information is also provided for your information as required by 50 CFR 17.22.

(1) Indiana bat, *Myotis sodalis*, undesignated numbers, all ages, both males and females.

Activity sought be authorized by this amendment is described earlier in this memo and in the attached "Scope of Work."

(2) The wildlife sought to be covered by this permit is still in the wild.

(3) Only trained, knowledgable, professional biologists will be working under the authority of this permit. Methods selected for use in obtaining wildlife sought to be covered by this permit will be those demonstrated to be the least damaging and disruptive to the subject wildlife and least likely to cause their death or removal from the wild.

(4) N/A.

(5) Any wildlife covered by this permit that is accidentally killed during capture will be retained for scientific study by participants in the cooperative myotine bat study. Upon completion of the study, all such wildlife shall be submitted to the National Fish and Wildlife Laboratory, U.S. Fish and Wildlife Service, Washington, D.C.

(6) Applicant does not seek to have live wildlife covered by this permit as described in this subsection.

(7) Copies of contracts and agreements are attached.

(8) Justification has been provided earlier in this memo, in the attached "Scope of Work," and in original request for Fish and Wildlife Permit (Endangered Species) No. PRT–8–31–C.

JAMES W. SALYER.

APPENDIX A

SCOPE OF WORK

1. *General Description of Work:* The work to be accomplished by the Contractor consists of performing the necessary research and the writing of a report that will evaluate the status of myotine bats (with emphasis on the Indiana bat, *Myotis sodalis*) in the Meramec Park Lake project area and vicinity.

2. *Location of the Study Area:* The study area consists of all project fee and easement lands and any other lands deemed significant near the flood control pool (elevation 709 ft. m.s.l. for Meramec). Meramec Park Lake will be located on the Meramec River primarily in Crawford County. The dam will be constructed at mile 108.7. 40,700 acres will be obtained by fee and easement for project purposes. The normal pool elevation will be 675 ft. m.s.l.

3. *Work to be performed by the Contractor:* The Contractor shall complete the following phases of this study which will include those items listed under each phase:

a. Phase I: *Spring-Summer population and habitat analysis.* (1) Search for sites used by nursery colonies and other roosting groups in caves, trees, buildings or other suitable places in the study area. Identify species of myotine bats present and estimate numbers present. Determine population structure. Measure pertinent parameters of summer roosts.

(2) Investigate summer habitat and quantify if possible.

(3) Capture and band myotine bats, record species, sex, age, and reproductive condition. Estimate density and/or relative abundance of the populations of each species of myotine bat using the Meramec Park Lake project area and vicinity as well as the sex and age structure.

(4) Determine foraging habitat of each species (emphasis on *M. sodalis*). Gather food-habitat data as possible from guano.

b. *Phase II: Fall population and habitat analysis.* (1) Survey all known caves in the study area to locate caves being used by myotine bats for prehibernation activities such as mating and staging areas. Determine population parameters.

(2) Document shift of bats from breeding areas to hibernating and staging caves. Distinguish among caves.

c. *Phase III: Hibernating populations and habitat analysis.* (1) Locate all caves used by hibernating myotine bats on all fee and easement lands and on other lands that may be impacted. All available literature and knowledgeable persons should be consulted.

(2) Survey each cave for the presence of bats. Identify species of myotine bats present and estimate numbers and sex ratio by species. Estimate extent of habitat by measuring such parameters as described below in c–3.

(3) Measure the following parameters for each cave having myotine bats or evidence of them. Other parameters should be measured as necessary.

(a) Relative humidity.

(b) Air and rock temperature.

(c) Approximate *entrance elevation*, dimensions and other distinguishing characteristics of each cave. Important bat caves that are near the flood pool elevation will be surveyed by the St. Louis District.

(d) Temperature of bats.

(e) Evidence of disturbance or visitation.

(f) Presence of water.

(4) Search for summer banded animals to determine if animals summering in the areas also winter there.

d. *Phase IV: Spring-Summer population and habitat analysis:* (Same as Phase I). Reproductive activities will be carefully monitored.

e. *Phase V: Analysis of the Impact of Meramec Park Lake on myotine bats.* (1) For each species, discuss the impacts of the projects on each phase of their life history. All phases of construction and project operation are to be considered. These activities include, but are not necessarily limited to:

(a) Constructing Meramec Park Lake Dam.

(b) Constructing all other buildings, structures, and facilities.

(c) Construction and relocation of roads.

(d) Operation and maintenance of the project after construction.

(e) Any effects of change in climate immediately adjacent to the lake.

(f) Effect of planned recreational and other developments on land adjacent to the lake.

f. *Phase VI: Species Management.* Discuss methods that would assure the continuation of all myotine bat species in the project area, with emphasis on the Indiana bat (*Myotis sodalis*). These could include, but not necessarily be limited to, the preservation of existing habitat and a monitoring study to take place during and after construction to assess actual impact.

4. *Schedule of Work:* a. *Phase I.* The Contractor shall complete the field investigations for this phase between 1 July 1975 and 30 August 1975. A preliminary report (3 copies) describing findings of this phase shall be submitted to the Contracting Officer, the U.S. Fish and Wildlife Service, Kansas City Area Office and the Missouri Department of Conservation by 1 October 1975.

b. *Phase II.* The Contractor shall complete the field investigations for this phase between 1 September 1975 and 30 November 1975. A preliminary report (3 copies) describing findings of this phase shall be submitted to the Contracting Officer, the U.S. Fish and Wildlife Service, Kansas City Area Office and the Missouri Department of Conservation by 1 January 1976.

c. *Phase III.* The Contractor shall complete the field investigations for this phase between 1 December 1975 and 30 April 1976. A preliminary report (3 copies) describing findings of this phase shall be submitted to the Contracting Officer, the U.S. Fish and Wildlife Service, Kansas City Area Office and the Missouri Department of Conservation by 1 June 1976.

d. *Phase IV.* The Contractor shall complete field investigations for this phase between 1 May 1976 and 30 August 1976.

e. *Phases V, VI, and Preliminary Draft Report.* (1) The preliminary draft of the final report (3 copies of each) covering the entire study shall be submitted to the Contracting Officer, the U.S. Fish and Wildlife Service, Kansas City Area Office and the Missouri Department of Conservation by 1 November 1976.

(2) The Contracting Officer and the U.S. Fish and Wildlife Service and the Missouri Department of Conservation shall review and return the preliminary draft within 30 calendar days after its receipt.

f. *Final Report.* The Contractor shall submit three copies each of the final report to the Contracting Officer and U.S. Fish and Wildlife Service Area Office and the Missouri Department of Conservation within 30 calendar days after receipt in writing from the Contracting Officer and the U.S. Fish and Wildlife Service Area Office and the Missouri Department of Conservation of approval of the preliminary draft report and comments thereon. The Contracting Officer, the U.S. Fish and Wildlife Service and the Missouri Department of Conservation will make a thorough examination of the final report, and if it is found to comply with the requirements of the contract, it shall be accepted and the Contractor so notified.

g. In the event these schedules are exceeded due to causes beyond the control and without the fault or negligence of the Contractor, the contract will be modified in writing and the contract completion date will be extended one calendar day for each calendar day of delay.

h. During the duration of the study, the principal investigator shall submit an activity report monthly to the permittee, U.S. Fish and Wildlife Service, Kansas City Area Office, as required by the Endangered Species Act of 1973 (Public Law 93–205, Section 10).

i. The Contractor shall not release any material for publicity or publication before completion of the study without the prior written approval of the Contracting Officer, the U.S. Fish and Wildlife Service and the Missouri Department of Conservation. At the completion of the project, this study shall be available to the investigator for publication.

5. *Format of the Reports.* The Contractor shall have the final report manuscript typed on a good grade of bond paper, size 8 x 10½". The typing shall be double-spaced on one side of each sheet only. The margins shall be 1¼" top to bottom, 1" right hand and 1¼" left hand. All pages shall be numbered. The final manuscript shall include: (1) an abstract; (2) Table of Contents, including a list of tables and a list of figures; (3) description of the study area; (4) description of methods and techniques; (5) the body of the report; (6) literature cited; and (7) a summary. The Contractor shall submit the final manuscript to the Contracting Officer in triplicate.

All caves visited during this study shall be located on a U.S.G.S. quadrangle map (7.5 minute series if available; 15 minute otherwise). The caves shall be referred to by a coded numbering system that follows Werner (1974). All references to caves in the text of this report shall be in the same numbering system; no other names or numbers shall be used. The map and a key to the coding system shall be given to the Contracting Officer, the U.S. Fish and Wildlife Service and the Missouri Department of Conservation with the draft report, but they shall not be attached to the report. The key shall list code number, Missouri Speleological Survey number (if available) and common name.

In keeping with the spirit of the Endangered Species Act of 1973, this Notice is being published to allow public comments on the request for amendment. Interested persons may comment on the

V40242 DEC 16 75 XUM

amendment by submitting written data, views, or arguments, preferably in triplicate, to the Director (FWS/LE), U.S. Fish and Wildlife Service, Post Office Box 19183, Washington, D.C. 20036. All relevant comments received by January 15, 1976 will be considered.

Dated: December 11, 1975.

C. R. BAVIN,
Chief, Division of Law Enforcement, U.S. Fish and Wildlife Service.

COLORADO

Notice of Availability of Draft Environmental Statement

The draft environmental statement for the proposed construction and operation of an oil shale plant complex and related facilities in southwestern Colorado will be available to the public during the month of December.

The Bureau of Land Mangement invites your written comments within 60 days of this notice.

A limited number of copies are available upon request to Dale Andrus, State Director, Bureau of Land Management, Colorado State Office, Room 700, Colorado State Bank Building, 1600 Broadway, Denver, Colorado 80202.

Public reading copies will be available for review at the following locations:

BUREAU OF LAND MANAGEMENT OFFICES

Public Affairs Office, Bureau of Land Management, 18th and C Streets, NW., Washington, D.C. 20240
Colorado State Office, Bureau of Land Management, Room 700, Colorado State Bank Building, 1600 Broadway, Denver, Colorado 80202
Moab District Office, Bureau of Land Management, P.O. Box 970, Moab, Utah 84532
Grand Junction District Office, Bureau of Land Management, 223 Federal Office Building, Grand Junction, Colorado 81501
Utah State Office, Bureau of Land Management, Federal Building, 125 S. State Street, Salt Lake City, Utah 84111.

COUNTY COURTHOUSES

Grand County, Box 727, Moab, Utah 84532
Pitkin County, 506 E. Main, Aspen, Colorado 81611
Mesa County, 6th and Rood, Grand Junction, Colorado 81501
Garfield County, Glenwood Springs, Colorado 81601
San Juan County, Blanding, Utah 84511
Eagle County, P.O. Box 789, Eagle, Colorado 81631
Rio Blanco County, Meeker, Colorado 81641

PUBLIC LIBRARIES

Office of the Secretary

DEPARTMENTAL SEAL

Criteria for Use

This notice is issued in accordance with the provisions of 5 U.S.C. 552(a) (1) (E). The Department of the Interior directive related to seals and emblems, which was published in the FEDERAL REGISTER on October 17, 1969 (34 FR 16632), was recently revised by Departmental Manual Release Number 1809 dated November 13, 1975. The principal revision pertains to criteria for the use of the Departmental Seal published in subparagraph .1A(3), Chapter 4, Part 310 of the Department of the Interior Manual. The directive is published in its entirety below. The numbering system shown is that of the Departmental Manual.

Further information regarding this Notice may be obtained from the Director of Management Operations, Office of the Secretary, U.S. Department of the Interior, Washington, D.C. 20240, telephone 202-343-6716.

Date: December 8, 1975.

RICHARD R. HITE,
Deputy Assistant Secretary of the Interior.

DEPARTMENTAL MANUAL

.1 *Seals.*

A. *Departmental Seal.* The use of a seal by the Department of the Interior is authorized and required by the Act of August 24, 1912 (37 Stat. 498; 43 USC 1460 et seq.). The seal consists of a male buffalo with the head and body in a left position, standinig on a prairie, with mountains and a rising sun in the background, enclosed within two concentric circles, having the words "U.S. Department of the Interior" and the date "March 3, 1849" inscribed in the top and bottom arcs within these circles. A reproduction of the seal appears as Appendix 1.

(1) *Policy.* The seal stands as the visible symbol of the Department, and it may not be used in connection with any commercial or other unofficial enterprise without the written approval of the custodian of the seal.

(2) *Custody.* The Director of Management Operations is the custodian of the Departmental seal.

(3) *Use.* In accordance with the Act of August 24, 1912 (37 Stat. 498; 43 USC 1460 et seq.) the official seal shall be impressed on all Departmental official papers and documents which require certification or authentication except for those Bureaus and Offices which have an official seal authorized by statute for authentication and certification purposes. See 310 DM 4.1B and 310 DM 10.

a. All official documents and publications (314 DM 3) and all letterheads (314 DM 5) printed for official use shall bear the printed seal of the Department. The use of the seal on the Departmental flag and other flags is outlined in 310 D M5.

b. Requests for permission to use the seal for other purposes should be addressed to the Director of Management Operations. Each request should contain exact and explicit information as to the intended use of the seal, with full details as to the product, method of reproduction, and any other data which would be helpful in appraising such a request.

B. *Bureau and Office Seals.* Bureaus and offices having seals authorized by statute will issue directives governing the policy, custody and use of such seals.

.2 *Emblems.* The use of emblems or insignia, which are not authorized by statute, to symbolize a bureau or office mission must be approved by the appropriate program Assistant Secretary and the Assistant Secretary-Management. Appropriate design, relationship of symbolism to mission, suitability of intended use, and the need for further clearance that may be required by legislation or Executive Order will be considered before approval is granted.

RAISIN ADVISORY BOARD

Public Meeting

Under the Federal Advisory Committee Act (Pub. L. 92-463; 86 Stat. 770), notice is given of a meeting of the Raisin Advisory Board at 1:30 p.m., January 8, 1976, in the Forum of the Sheraton Inn, Freeway 99 and Clinton Avenue, Fresno, California.

The purpose of the meeting is to: Review production estimates for the 1975-76 crop year for natural Thompson Seedless and Dipped Seedless raisins; consider recommendations for final 1975-76 free and reserve percentages for those raisins; receive reports on amendments, operations, and weight conversion factors; and consider the need for amendment of the marketing order. The meeting will be open to the public.

The Raisin Advisory Board is established under the marketing agreement, as amended, and Order No. 989, as amended (7 CFR Part 898), regulating the handling of raisins produced from grapes grown in California. The marketing agreement and order are effective under the Agricultural Marketing Agreement Act of 1937, as amended (Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674).

The names of Board members, agenda, summary of the meeting and other information pertaining to the meeting may be obtained from Clyde E. Nef, Manager, Raisin Administrative Committee, 732 North Van Ness Street, Fresno, California 93720; telephone 209-268-5666.

Dated: December 10, 1975.

DONALD E. WILKINSON,
Administrator.

Rural Electrification Administration

ARIZONA ELECTRIC POWER COOPERATIVE, INC.

Proposed Loan Guarantee

Under the authority of Pub. L. 93-32 (87 Stat. 65) and in conformance with applicable agency policies and procedures as set forth in REA Bulletin 20-22 (Guarantee of Loans for Bulk Power Supply Facilities), notice is hereby given that the Administrator of REA will consider providing a guarantee supported by the full faith and credit of the United States of America for a loan in the approximate amount of $261,520,000 to Arizona Electric Power Cooperative, Inc., of Benson, Arizona. These loan funds will be used to finance a project consisting of two 175 MW coal-fired generating units, 56 miles of 230 kV transmission line, 25 miles of 345 kV transmission line, and 24 percent undivided ownership interest in Tucson Gas & Electric 345 kV transmission facilities.

Legally organized lending agencies capable of making, holding and servicing the loan proposed to be guaranteed may obtain information on the proposed project, including the engineering and economic feasibility studies and the proposed schedule for the advances to the borrower of the guaranteed loan funds from Mr. Dexter M. Smith, Manager, Arizona Electric Power Cooperative, Inc., P.O. Box 670, Benson, Arizona 85602.

In order to be considered, proposals must be submitted (on or before January 15, 1976) to Mr. Smith. The right is reserved to give such consideration and make such evaluation or other disposition of all proposals received, as Arizona Electric and REA deem appropriate. Prospective lenders are advised that the guaranteed financing for this project is available from the Federal Financing Bank under a standing agreement with the Rural Electrification Administration.

Copies of REA Bulletin 20-22 are available from the Director, Information Services Division, Rural Electrification Administration, U.S. Department of Agriculture, Washington, D.C. 20250.

Dated at Washington, D.C., this 10th day of December, 1975.

RICHARD F. RICHTER,
Acting Administrator, Rural Electrification Administration.

DEPARTMENT OF COMMERCE

Domestic and International Business Administration

LOUISIANA STATE UNIV.

Notice of Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651, 80 Stat. 897) and the regulations issued thereunder as amended (40 FR 12253 et seq., 15 CFR 701, 1975).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C. 20230.

Docket Number: 76-00066-33-46040. Applicant: Louisiana State University Medical Center, School of Medicine in Shreveport, 1501 Kings Highway, P.O. Box 3932, Shreveport, Louisiana 71130. Article: Electron Microscope, Model JEM 100B with accessories. Manufacturer: JEOL Ltd., Japan. Intended use of article: The article is intended to be used for the studies of normal and pathological (diseased) cells and tissues obtained in the course of diagnosis and/or treatment of patients and in the course of research using animals, and cell or tissue cultures (including normal and cancerous cells, nerve tissues from chick embryos and from control and drug-treated suckling rodents, normal and diseased arteries and blood vessels, and control and experimental cells and tissues in cultures). The experiments to be conducted include: (1) Quantitative analysis of myelin formation and nerve maturation; (2) Examination of surgical biopsies and post-mortem specimens for research and diagnostic purposes; (3) Studies of experimentally induced vascular lesions; and (4) Examination of tissues and fluids from patients and from animals by transmission and scanning electron microscopy. In addition, the article will be used by faculty, qualified graduate students, post-doctoral research fellows in the Department of Pathology, and resident staff from associated teaching hospitals. Graduate courses in Cellular Pathology, Cancer Diagnosis, and Renal and Hepatic Ultrastructure will include laboratory sessions.

Comments: No comments have been received with respect to this application. Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, is being manufactured in the United States. Reasons: The foreign article provides the capability for both transmission and scanning micrographs. The Department of Health, Education, and Welfare (HEW), in its memorandum dated November 11, 1975, advises that the capabilities described above are pertinent to the applicant's research studies. The most closely comparable domestic instrument is the Model EMU-4C electron microscope produced by Adam David Company. HEW further advises that the EMU-4C does not provide the pertinent combined transmission and scanning electron micrographs. We, therefore, find the EMU-4C is not of equivalent scientific value to the foreign article for such purposes as this article is intended to be used.

The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, which is being manufactured in the United States.

(Catalog of Federal Domestic Assistance Program No. 11.105, Importation of Duty-Free Educational and Scientific Materials.)

RICHARD M. SEPPA,
Director, Special Import Programs Division.

[FR Doc.75-33798 Filed 12-15-75;8:45 am]

V40 I242 DEC 16 75 XUM

PUBLIC HEALTH SERVICE HOSPITAL, STATEN ISLAND

Notice of Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89–651, 80 Stat. 897) and the regulations issued thereunder as amended (40 FR 12253 et seq., 15 CFR 701, 1975).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C. 20230.

Docket Number: 76–00052–33–46040. Applicant: U.S. Public Health Service Hospital, Bay Street & Vanderbilt Avenue, Staten Island, New York 10304. Article: Electron Microscope, Model EM 10A. Manufacturer: Carl Zeiss, West Germany. Intended use of article: The article is intended to be used for the examination of all structure and membrane features using the preparative techniques of sectioning and freeze fracture. Tissue will be derived from experiments in which physiological parameters of the toad urinary bladder and rat kidney have been measured. Also pathological specimens from human renal biopsies and other tissues will be examined with the article. Experiments will be conducted to describe the relationship between structure and function in epithelia. In particular the effect of vassopressin on membrane structure and the effect of extracellular volume expansion on the structure of renal epithelial tight junctions will be investigated.

Comments: No comments have been received with respect to this application. Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, was being manufactured in the United States at the time the foreign article was ordered (June 27, 1975). Reasons: The foreign article provides a guaranteed resolution of 3.5 Angstroms point to point (Å pt.) and a high resolution gonimeter stage which guarantees 5 Å pt. resolution, tilt up to ±45 degrees, and rotation through 360 degrees. The most closely comparable domestic instrument available at the time the foreign article was ordered was the Model EMU–4C supplied by Adam David Company (Adam David). The Model EMU–4C provides a guaranteed resolution of 5 Å pt. and a tilt stage which has ±3 degrees tilt and a guaranteed resolution of 8 Å pt. The Department of Health, Education, and Welfare (HEW) advises in its memorandum dated November 11, 1975 that the best resolution and a goniometer stage are pertinent to the applicant's intended purposes. In addition, HEW advises that the Model EMU–4C did not provide equivalent resolution or goniometer stage at the time the article was ordered. We, therefore, find that the Model EMU–4C was not of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used at the time the foreign article was ordered.

The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, which was being manufactured in the United States at the time the foreign article was ordered.

(Catalog of Federal Domestic Assistance Program No. 11.105, Importation of Duty-Free Educational and Scientific Materials.)

TEMPLE UNIVERSITY HOSPITAL

Notice of Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89–651, 80 Stat. 897) and the regulations issued thereunder as amended (40 FR 12253 et seq, 15 CFR 701, 1975).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C. 20230.

Docket number: 76–00068–35–54500. Applicant: Temple University Hospital, Dept. of Ophthalmology, 3400 North Broad Street, Philadelphia, Pa. 19140. Article: Ophthalmometer, Tonometer and **Slitlamp 900** (Cataract Detector). Manufacturer: Haag-Streit Co., Switzerland. Intended use of article: The article is intended to be used to correlate data in studies of pre and post operative results in cataract patients. This data will improve visual performance and rehabilitate patients after cataract or corneal surgery. The article will also be used to teach resident doctors and students how to examine patients before and after corneal and cataract surgery.

Comments: No comments have been received with respect to this application. Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, is being manufactured in the United States. Reasons: the foreign article provides the capability for stereoscopic vision, as well as, precision of control. The Department of Health, Education, and Welfare (HEW) advises in its memorandum dated November 11, 1975 that the combination described above for the article is pertinent to the applicant's intended purposes. HEW also advises that it knows of no domestic instrument of equivalent scientific value to the foreign article for the applicant's intended uses.

The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, which is being manufactured in the United States.

UNIVERSITY OF CALIFORNIA—LOS ANGELES

Notice of Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific artilce pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89–651, 80 Stat. 897) and the regulations issued thereunder as amended (40 FR 12253 et seq, 15 CFR 701, 1975).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C. 20230.

Docket number: 76–00070–65–90000. Applicant: University of California, Department of Chemistry, Los Angeles, California 90024. Article: Rotating Anode X-ray generator GX–20. Manufacturer: Elliott Automation Radar Systems Ltd., United Kingdom. Intended use of article: The article is intended to be used for single crystals in a long range program aimed at understanding enzymatic structure and regulation.

Comments: No comments have been received with respect to this application. Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, is being manufactured in the United States. Reasons: The foreign article provides a focused spot of minimal size (0.1 x 0.1 mm) and a rotating target for maximum x-ray beam intensity. The Department of Health, Education, and Welfare (HEW) advised in its memorandum dated November 11, 1975 that the capabilities described above are pertinent to the purposes for which the article is intended to be used. HEW also advised that it knows of no domestic instrument of equivalent scientific value to the foreign article for such purposes as the article is intended to be used.

The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, which is being manufactured in the United States.

(Catalog of Federal Domestic Assistance Program No. 11.105, Importation of Duty-Free Educational and Scientific Materials.)

[FR Doc.75–33801 Filed 12–15–75;8:45 am]

UNIVERSITY OF FLORIDA

Notice of Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89–651, 80 Stat. 897) and the regulations issued thereunder as amended (40 FR 12253 et seq., 15 CFR 701, 1975).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C. 20230.

Docket number: 76–00053–33–46040. Applicant: University of Florida, Dept. of Entomology, Institute of Food and Agricultural Sciences, 345 Archer Rd. Lab., Gainesville, Florida 32611. Article: Electron Microscope, Model HS–9. Manufacturer: Hitachi Ltd., Japan. Intended use of Article: The article is intended to be used for research in the following areas: (1) the ultrastructure, site of infection, and multiplication of a new complex microsporida associated with the imported fire ant and (2) the structure, multiplication, and translocation of insect viruses in various economic insect pests. The article will also be used in a number of graduate courses in entomology.

Comments: No comments have been received with respect to this application. Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, was being manufactured in the United States at the time the foreign article was ordered (March 19, 1975). Reasons: The foreign article is a relatively simple, easy to operate, medium resolution electron microscope designed for confident use by beginning students with a minimum of detailed programming. The article provides 6Å point to point resolution, an accelerating voltage of 75 kilovolts, and low distortion magnification from 500X through 100,000X plus 200X for scanning which permits an overlap of light and electron microscopy.

The most closely comparable domestic instrument available at the time the article was ordered was the Model EMU–4C supplied by the Adam David Company. The Model EMU–4C is a relatively complex instrument designed for use of an experienced operator which provides magnifications of 1400X to 240,000X with its standard pole piece and low distortion magnifications of 500X to 70,000X through the use of a low magnification pole piece. The Department of Health, Education, and Welfare (HEW) advises in its memorandum dated November 11, 1975 that the full magnification range of the article without a pole piece change and relative simplicity of operation are pertinent to the applicant's intended purposes. HEW also advises that the Model EMU–4C does not have an equivalent magnification range without a pole piece change and is more complex than the work requires. In addition, HEW advices that the Model PA–1 supplied by the Adam David Company was in development at the time the article was ordered. In this regard, we note that a prototype of the PA–1 was first shown by Adam David in November, 1974. The record shows that neither the Department nor its consultants have been able to determine or verify the capabilities of the PA–1 as of the date of this decision. Thus the Department does not have a sufficient basis for ruling that the Adam David Company was able to supply the PA–1 at the time the foreign article was ordered, or that it is the scientific equivalent of the foreign article.

We, therefore, find that the Model EMU–4C was not of equivalent scientific value to the foreign article for such purposes as the article is intended to be used at the time the article was ordered.

The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, which was being manufactured in the United States at the time the article was ordered.

[FR Doc.75–33802 Filed 12–15–75;8:45 am]

UNIVERSITY OF GEORGIA

Notice of Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89–651, 80 Stat. 897) and the regulations issued thereunder as amended (40 FR 12253 et seq., 15 CFR 701, 1975).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C. 20230.

Docket number: 76–00055–33–46040. Applicant: University of Georgia, Dept. of Botany, Athens, Georgia 30602. Article: Electron Microscope, Model EM 10A. Manufacturer: Carl Zeiss, West Germany. Intended use of article: The article is intended to be used in carrying out a variety of research projects which will include: (1) Studies of the development and reproduction of lower fungi, namely phycomycetes; (2) Elucidation of characteristics of higher plants which contribute to their capacity to both gain and lose carbon dioxide; (3) Studies of the changes in subcellular organization during encystment germination, growth and differentiation of the phycomycete *Blastocladiella emersonii;* (4) Investigation of the transport of organic compounds in plants, particularly with regard to the structural features of the cells involved in such transport; (5) Further studies of ascocarp development (Sporomia), conidium ontogeny (Aspergillus, Cunninghamella, Phoma, Pestalotia), and ascosporogenesis (Byssochlamys, Eleutherascus); (6) Research centered on the developmental biology of Volvox: (7) Determination of the complete life cycles of pyrenomycetous Ascomycetes, including developmental morphology of conidial and ascigerous states and substrate relationships of mycelium, particularly the host cell-fungus interactions of the biotrophic parasites; and (8) Studies concerning the various aspects of the biology of the Labyrinthulales and Thraustochytriales including their distribution, morphology, taxonomy and phylogenetic position.

Comments: No comments have been received with respect to this application. Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, was being manufactured in the United States at the time the foreign article was ordered (June 25, 1975). Reasons: The foreign article provides distortion free micrographs over a magnification range 100 to 200,000 × without a pole-piece change and a guaranteed resolution of 3.5 Angstroms point to point (Å pt.) The most closely comparable domestic instrument available at the time the foreign article was ordered was the Model EMU–4C electron microscope currently supplied by the Adam David Company (Adam David). The Model EMU–4C with its standard pole-piece, had a specified range from 1,400 to 240,000 magnifications. For survey and scanning, the lower end of this range could be reduced to 200 magnifications or less. But the continued reduction of magnification induced an increasingly greater distortion. The domestic manufacturer suggests in its literature on the Model EMU–4C that for highest quality, low magnification electron micrographs, an optional low magnificatoin pole-piece providing 500–70,000 × should be used. It is noted that changing the pole-piece on the Model EMU–4C requires a break in the vacuum of the column that induces the danger of contamination which would very likely lead to the failure of the experiments. The EMU–4C provided a guaranteed resolution of 5Åpt. The Department of Health, Education, and Welfare (HEW) advises in its memorandum dated November 11, 1975 that distortion free micrographs at low magnifications (100 ×) immediately followed by high magnification examinations at 200,000 × without a pole piece change and the additional resolution of the article are pertinent to the applicant's intended purposes. HEW also advises that the magnification range without pole piece change and the guaranteed resolution of the domestic Model EMU–4C was not scientifically equivalent to that of the foreign article for the applicant's intended use at the time the article was ordered.

We, therefore, find that the Model EMU–4C was not of equivalent scien-

V40242 DEC 16 75 XUM

tific value to the foregin article, for such purposes as this article is intended to be used at the time the foreign article was ordered.

The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, which was being manufactured in the United States at the time the article was ordered.

Director, Special Import Programs Divisions.

[FR Doc.75-33803 Filed 12-15-75;8:45 am]

UNIVERSITY OF WISCONSIN

Notice of Decision on Application for Duty-Free Entry of Scientific Article

The following is a decision on an application for duty-free entry of a scientific article pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Public Law 89-651, 80 Stat. 897) and the regulations issued thereunder as amended (40 FR 12253 et seq., 15 CFR 701, 1975).

A copy of the record pertaining to this decision is available for public review during ordinary business hours of the Department of Commerce, at the Office of Import Programs, Department of Commerce, Washington, D.C. 20230.

Docket number: 76-00065-33-46040. Applicant: University of Wisconsin, Department of Ophthalmology, School of Medicine, Madison, Wisconsin 53706. Article: Electron Microscope, Model Corinth 275 with Accessories. Manufacturer: AEI Scientific Apparatus Ltd., United Kingdom. Intended use of article: The article is intended to be used primarily for the investigation of the retina and the retinal vascular system in diabetic dog and human eyes in an effort to further clarify the pathogenesis of diabetic microvascular disease which often destroys vision and has become one of the leading causes of blindness.

The article will also be used by graduates and post-graduates as an integral part of their research work. The training of technicians will also play an important role in the teaching phase of the instrument use.

Comments: No comments have been received with respect to this application. Decision: Application approved. No instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, was being manufactured in the United States at the time the foreign article was ordered (June 26, 1975). Reasons: The foreign article provides both an open screen viewing which is available for direct measurement or tracing. The most closely comparable domestic instrument available at the time the article was ordered was the Model EMU-4C manufactured by the Adam David Company. The Model EMU-4C did not provide an open viewing screen for measurement and/or tracing.

The Department of Health, Education, and Welfare (HEW) advises in its memorandum dated November 11, 1975 that the open viewing screen of the foreign article is pertinent to the applicant's intended purposes. HEW also advises that the Model EMU-4C does not provide the pertinent open viewing screen.

We, therefore, find that the Model EMU-4C was not of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used at the time the article was ordered.

The Department of Commerce knows of no other instrument or apparatus of equivalent scientific value to the foreign article, for such purposes as this article is intended to be used, which was being manufactured in the United States at the time the article was ordered.

Domestic and International Business Administration

MANAGEMENT-LABOR TEXTILE ADVISORY COMMITTEE

Public Meeting

The Management-Labor Textile Advisory Committee will meet at 2:00 p.m. on January 21, 1976, in Room 6802, Department of Commerce, 14th & Constitution Avenue, NW., Washington, D.C. 20230.

The Committee, which is comprised of 39 members, was established by the Secretary of Commerce on April 23, 1962 to advise U.S. Government officials on problems and conditions in the textile and apparel industry and furnish information on world trade in textiles and apparel.

The agenda for the meeting will be as follows:

1. Review of import trends.
2. Implementation of textile agreements.
3. Report on conditions in the domestic market.
4. Other business.

A limited number of seats will be available to the public. The public will be permitted to file written statements with the Committee before or after each meeting. To the extent time is available at the end of the meetings, the presentation of oral statements will be allowed.

Copies of the minutes of the meetings will be made available on written request addressed to the DIBA Freedom of Information Officer, Freedom of Information Control Desk, Room 3100, U.S. Department of Commerce, Washington, D.C. 20230.

Further information concerning the Committee may be obtained from Arthur Garel, Director, Office of Textiles, U.S. Department of Commerce, Washington, D.C. 20230, telephone 202-967-5078.

Dated: December 11, 1975.

ALAN POLANSKY,
Deputy Assistant Secretary for Resources and Trade Assistance.

Maritime Administration

[Docket No. S-457, Sub. 1]

COVE TANKERS CORP.

Amended Notice of Application

Notice of Application for the above company, identified as Docket No. S-457, was published in the FEDERAL REGISTER on July 29, 1975 (40 FR 31823), indicating that Cove Tankers Corporation had filed an application with the Maritime Subsidy Board pursuant to Title VI (U.S.C. 1171-1183) of the Merchant Marine Act, 1936, as amended (Act), for an operating-differential subsidy agreement to expire December 31, 1975 (unless extended only for a subsidized voyage in progress on that date), to operate two tanker vessels, the SS Mount Explorer and the SS Mount Navigator, in the carriage of export bulk raw and processed agricultural commodities in the foreign commerce of the United States (U.S.) from ports in the U.S. to ports in the Union of Soviet Socialist Republics (U.S.S.R.). Liquid and dry bulk cargoes may be carried from U.S.S.R. and other foreign ports inbound to U.S. ports during voyages subsidized for carriage of export bulk raw and processed agricultural commodities to the U.S.S.R.

The application was approved on October 6, 1975. Such Notice is now being republished to delete the passage "(unless extended only for a subsidized voyage in progress on that date)" and substituting the phrase "(unless otherwise extended)". It is anticipated that this contract will be extended to December 31, 1976.

Full details concerning the U.S.-U.S.S.R. export bulk raw and processed agricultural commodities subsidy program, including terms, conditions and restrictions upon both the subsidized operators and vessels, appear in Title 46 of the Code of Federal Regulations, Part 294.

For purposes of section 605(c) of the Act, it should be assumed that, should the Board grant an extension to Cove's existing contract, the two vessels named above will continue to engage in the described trades, on a full-time basis, during the indicated time period. Under such approval each voyage must be approved for subsidy assistance prior to its commencement and the Board will act on such request(s) as an administrative matter for which there is no requirement for further section 605(c) Notice(s).

Any person having an interest in the extension of the contract, must on or before December 29, 1975, notify the board's Secretary, in writing, of his interest and of his position, and file a petition for leave to intervene in accordance with the Board's rules of practice and procedure (46 CFR Part 201). Each statement of interest and petition to intervene shall state whether a hearing is requested under section 605(c) of the Act and, with as much specificity as possible, the facts that the intervenor would undertake to prove at such hearing.

In the event a hearing under section 605(c) of the Act is ordered to be held with respect to the subject application, the purpose of such hearing will be to receive evidence relevant to (1) whether the effect of the extension of the contract would be to give undue advantage or be unduly prejudicial, as between citizens of the United States, in the operation of vessels in such essential service, and (2) whether in the accomplishment of the purposes and policy of the Act this contract should be extended to December 31, 1976.

If no request for hearing and petition for leave to intervene is received within the specified time, or if the Board determines that petitions for leave to intervene filed within the specified time do not demonstrate sufficient interest to warrant a hearing, the Board will take such action as may be deemed appropriate.

Date: December 11, 1975.

JAMES S. DAWSON, Jr.,
Secretary.

[FR Doc.75-33857 Filed 12-15-75;8:45 am]

National Oceanic and Atmospheric Administration

MARINE FISHERIES ADVISORY COMMITTEE

Meeting

Pursuant to Section 10(a)(2) of the Federal Advisory Committee Act, 5 U.S.C., Appendix I, notice is hereby given of a change in date by which written statements from the public will be accepted for consideration at the meeting of the Marine Fisheries Advisory Committee (MAFAC) Ad Hoc Subcommittee on the Role of the National Oceanic and Atmospheric Administration in Implementation of *U.S.* v. *Washington* (Ad Hoc Subcommittee on the Boldt Decision). The meeting will be held on December 16, 1975, in the Main Auditorium of the Auditorium of the NMFS Northwest Fisheries Center. Reference FEDERAL REGISTER, Volume 40, Number 210 at 50555, October 30, 1975, and Number 228 at 54600, November 25, 1975.

The following change is to be noted by interested members of the public. The period for receipt of written statements is extended to December 26, 1975, from November 28, 1975, as previously published. The change results from recent evidence that many concerned individuals who desire to file comments have not had the opportunity to prepare written statements by the November 28th closing date.

Dated: December 12, 1975.

ROBERT W. SCHONING,
Director,
National Marine Fisheries Service.

[FR Doc.75-33971 Filed 12-15-75;8:45 am]

Office of the Secretary

ECONOMIC ADVISORY BOARD

Notice of Meeting

A meeting of the Department of Commerce Economic Advisory Board will be held on Thursday, January 22, 1976 from 9:30 a.m. to 3:00 p.m. in Room 4832, Main Commerce Building, 14th Street and Constitution Avenue, N.W., Washington, D.C.

The Board was established by the Secretary of Commerce on October 5, 1967. The purpose of the Board is to advise the Secretary of Commerce on economic policy issues. The intended agenda for this meeting is as follows:

Discuss specific industry situations in terms of consumer spending, inventory, and capital spending.

Discuss monetary and fiscal policy and the near-term outlook for prices and interest rates.

Discuss the outlook for overall economic activity through 1976 in terms of output and employment.

A limited number of seats will be available to the public on a first-come, first-served basis. Public participation will be limited to requests for clarification of items under discussion. Additional statements or inquiries may be submitted to the chairman before or after the meeting. Persons desiring to attend the meeting should advise Mr. Dominic R. Quinn, telephone (202) 967-3884, by January 16, 1976.

Copies of the minutes will be available on request 30 days after the meeting.

Inquiries may be addressed to the Committee Control Officer, Mr. Dominic R. Quinn, Special Assistant to the Assistant Secretary for Economic Affairs, Room 4858, Department of Commerce, Washington, D.C., 20230, telephone (202) 967-3884.

JAMES L. PATE,
Assistant Secretary for Economic Affairs.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Alcohol, Drug Abuse, and Mental Health Administration

ADVISORY COMMITTEES

Meetings

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (5 U.S.C. Appendix I), announcement is made of the following National Advisory bodies scheduled to assemble during the month of January 1976:

MENTAL HEALTH SERVICES RESEARCH REVIEW COMMITTEE

January 5-7; 9 a.m.
Place d'Armes, 625 St. Ann Street, New Orleans, Louisiana
Open—January 5, 9-9:30 a.m.
Closed—Otherwise
Contact James Cumiskey, Parklawn Building, Room 11C-17, 5600 Fishers Lane, Rockville, Md. 20852, 301-443-3765

Purpose: The Committee is charged with the initial review of grant applications for Federal assistance in the program areas administered by the National Institute of Mental Health relating to mental health services research and makes recommendations to the National Advisory Mental Health Council for final review.

Agenda: From 9 to 9:30 a.m., January 5, the meeting will be open for discussion of administrative announcements and program developments. Otherwise, the Committee will be performing initial review of grant applications for Federal assistance and will not be open to the public in accordance with the determination by the Administrator, Alcohol, Drug Abuse, and Mental Health Administration, pursuant to the provisions of section 552(b)(5) and 552(b)(6), Title 5, U.S. Code and section 10(d) of Pub. L. 92-463 (5 U.S.C. Appendix I).

EPIDEMIOLOGIC STUDIES REVIEW COMMITTEE

January 8-9; 9 a.m.
Kalorama Conference Room, The Washington Hilton, Connecticut Avenue at Columbia Road, NW., Washington, D.C.
Open—January 8, 9-10:00 a.m.
Closed—Otherwise
Contact Lavinia Walsh, Parklawn Building, Room 10C-09, 5600 Fishers Lane, Rockville, Md. 20852, 301-43-3774

Purpose: The Committee is charged with the initial review of grant applications for Federal assistance in the program areas administered by the National Institute of Mental Health relating to research and training activities in the field of epidemiology and makes recommendations to the National Advisory Mental Health Council for final review.

Agenda: From 9 to 10:00 a.m., January 8, the meeting will be open for discussion of administrative announcements and program developments. Otherwise, the Committee will be performing initial review of grant applications for Federal assistance and will not be open to the public, in accordance with the determination by the Administrator, Alcohol, Drug Abuse, and Mental Health Administration, pursuant to the provisions of Section 552(b)(5), and 552(b)(6), Title 5 U.S. Code and section 10(d) of Pub. L. 92-463 (5 U.S.C. Appendix I).

V40242 DEC 16 75 XUM

EXPERIMENTAL PSYCHOLOGY RESEARCH REVIEW COMMITTEE

January 8–10; 9 a.m.
Cabinet Rom, Shoreham-Americana Hotel, Connecticut Avenue at Calvert Street, N.W., Washington, D.C.
Open—January 8, 9–9:30 a.m.
Closed—Otherwise
Contact Sally Connell, Parklawn Building, Room 10–95
5600 Fishers Lane, Rockville, Maryland 20852, 301–443–3936

Purpose: The Committee is charged with the initial review of grant applications for Federal assistance in the program areas administered by the National Institute of Mental Health relating to experimental psychology research and makes recommendations to the National Advisory Mental Health Council for final review.

Agenda: From 9 to 9:30 a.m., January 8, the meeting will be open for discussion of administrative announcements and program developments. Otherwise, the Committee will be performing initial review of grant applications for Federal assistance and will not be open to the public in accordance with the determination by the Administrator, Alcohol, Drug Abuse, and Mental Health Administration, pursuant to the provisions of section 552(b)(5) and 552(b)(6), Title 5 U.S. Code and section 10(d) of Pub. L. 92–463 (5 U.S.C. Appendix I).

NEUROPSYCHOLOGY RESEARCH REVIEW COMMITTEE

January 8–10; 9 a.m.
Parliament Room, Wellington Hotel. 2505 Wisconsin Avenue NW., Washington, D.C.
Open—January 8, 9–10 a.m.
Closed—Otherwise
Contact Eileen Nugent, Parklawn Building, Room 10C–06, 5600 Fishers Lane, Rockville, Md. 20852, 301–443–3942

Purpose: The Committee is charged with the initial review of grant applications for Federal assistance in the program areas administered by the National Institute of Mental Health relating to neuropsychology research and makes recommendations to the National Advisory Mental Health Council for final review.

Agenda: From 9 to 10 a.m., January 8, the meeting will be open for discussion of administrative announcements and program developments. Otherwise, the Committee will be performing initial review of grant applications for Federal assistance and will not be open to the public in accordance with the determination by the Administrator, Alcohol, Drug Abuse, and Mental Health Administration, pursuant to the provisions of sections 552(b)(5) and 552(b)(6), Title 5, U.S. Code and section 10(d) of Pub. L. 92–463 (5 U.S.C. Appendix I).

CLINICAL PROGRAM-PROJECTS RESEARCH REVIEW COMMITTEE

January 9–10; 9 a.m.
Marriott Key Bridge Hotel, Rosslyn, Virginia
Open—January 9, 9–10 a.m.
Closed—Otherwise
Contact Evelyn Cralle, Parklawn Building, Room 10C–25
5600 Fishers Lane, Rockville, Md. 20852, 301–443–4707

Purpose: The Committee is charged with the initial review of grant applications for Federal assistance in the program areas administered by the National Institute of Mental Health relating to clinical research and makes recommendations to the National Advisory Mental Health Council for final review.

Agenda: From 9 to 10 a.m., January 9, the meeting will be open for discussion of administrative announcements and program developments. Otherwise, the Committee will be performing initial review of grant applications for Federal assistance and will not be open to the public in accordance with the determination by the Administrator, Alcohol, Drug Abuse, and Mental Health Administration, pursuant to the provisions of section 552(b)(5) and 552(b)(6), Title 5 U.S. Code and section 10(d) of Pub. L. 92–463 (5 U.S.C. Appendix I).

EXPERIMENTAL AND SPECIAL TRAINING REVIEW COMMITTEE

January 14–16; 9 a.m.
Conference Room "C", Parklawn Building, Rockville, Maryland
Open—January 14, 9–9:30 a.m.
Closed—Otherwise
Contact Dr. Ralph Simon, Parklawn Building, Room 8C–02, 5600 Fishers Lane, Rockville, Md. 20852, 301–443–3893

Purpose: The Committee is charged with the initial review of grant applications for Federal assistance in the program areas administered by the National Institute of Mental Health relating to experimental and special mental health training projects and makes recommendations to the National Advisory Mental Health Council for final review.

Agenda: From 9 to 9:30 a.m., January 14, the meeting will be open for discussion of administrative announcements and program developments. Otherwise, the Committee will be performing initial review of grant applications for Federal assistance and will not be open to the public in accordance with the determination by the Administrator, Alcohol, Drug Abuse, and Mental Health Administration, pursuant to the provisions of sections 552(b)(5) and 552(b)(6), Title 5 U.S. Code and section 10(d) of Pub. L. 92–463 (5 U.S.C. Appendix I).

SOCIAL SCIENCES RESEARCH REVIEW COMMITTEE

January 14–16; 9 a.m.
Captain's Table Room, La Valencia Hotel, 1132 Prospect Street, LaJolla, California
Open—January 14, 9–9:30 a.m.
Closed—Otherwise

National Institutes of Health

AGING REVIEW COMMITTEE

Meeting

Pursuant to Pub. L. 92–463, notice is hereby given of the meeting of the Aging Review Committee, National Institute on Aging, on February 5, 1976, in Building 31C, Conference Room 8, National Institutes of Health, Bethesda, Maryland.

The meeting will be open to the public from 9:00 a.m. to 10:00 a.m. on February 5 for introductory remarks by Dr. Richard Greulich, Acting Director, National Institute on Aging, and Dr. Leroy Duncan, Chief, Adult Development and Aging Branch. Attendance by the public will be limited to space available.

In accordance with the provisions set forth in sections 552(b)(4), 552(b)(5), and 552(b)(6), Title 5, U.S. Code and section 10(d) of Pub. L. 92–463, the meeting will be closed to the public on February 5 from 10:00 a.m. to adjournment for the review, discussion and evaluation of individual initial pending, supplemental and renewal grant applications. The closed portion of the meeting will involve solely the internal expression of views and judgments of committee members on individual grant applications containing detailed research protocols, designs, and other technical information; financial data, such as salaries; and personal information concerning individuals associated with the applications.

Mrs. Suzanna Porter, Committee Management Officer, NAI, Building 31, Room 4B63, National Institutes of Health, Bethesda, Maryland, Area Code 301, 496–5345, will provide a summary of the meeting and a roster of committee members. Dr. Walter Spieth, Executive Secretary of the Aging Review Committee, NIA, Landow Building, Room A–710; National Institutes of Health, Bethesda, Maryland, Area Code 301, 496–1033, will furnish substantive program information.

(Catalog of Federal Domestic Assistance Program No. 13.317, National Institutes of Health.)

Dated: December 9, 1975.

NATIONAL CANCER INSTITUTES ADVISORY COMMITTEES

Meetings

Pursuant to Pub. L. 92-463, notice is hereby given of the meetings of committees advisory to the National Cancer Institute.

These meetings will be open to the public to discuss administrative details or other issues relating to committee business as indicated in the notice. Attendance by the public will be limited to space available. Some of these meetings will be closed as indicated below in accordance with the provisions set forth in sections 552(b)(4) and 552(b)(6) of Title 5, U.S. Code and section 10(d) of Pub. L. 92-463 for the review, discussion and evaluation of individual research contract proposals as indicated. The proposals contain information of a proprietary or confidential nature, including detailed research protocols, designs, and other technical information; financial data, such as salaries; and personal information concerning individuals associated with the proposals.

Mrs. Marjorie F. Early, Committee Management Officer, NCI, Building 31, Room 3A16, National Institutes of Health, Bethesda, Maryland 20014 (301/496-5708) will furnish summaries of the meetings and rosters of committee members upon request. Other information pertaining to the meeting can be obtained from the Executive Secretary indicated. Meetings are at the National Institutes of Health, 9000 Rockville Pike, Bethesda, Maryland 20014.

Name of Committee: Committee on Cytology Automation.
Dates: January 7-9, 1976, 8:30 a.m.
Place: Building 31C. Room: Conference Room 5, National Institutes of Health.
Times: Open—January 7, 8:30 a.m.-5:00 p.m. Open—January 8, 8:30 a.m.-12:00 noon. Closed—January 8, 1:00 p.m.-5:00 p.m. Closed—January 9, 9:00 a.m.-adjournment.
Agenda Open Portion: Presentation of current progress by contractors.
Closure reason: To Review Research Contract Proposals.
Executive Secretary: Dr. Bill Bunnag. Address: Building 10, Room 1A21, National Institutes of Health. Phone 301/496-5282.
Catalog of Federal domestic assistance number, 13.825.
Name of committee: Breast Cancer Diagnosis Committee.
Dates: January 8, 1976, 9:00 a.m.
Place: Holiday Inn, 8120 Wisconsin Avenue, Bethesda, Md., Versailles Room 1.
Times: Open:—January 8, 11:00 a.m. to adjournment. Closed:—January 8, 9:00 a.m. to 11:00 a.m.
Agenda/open portion: Discussion of Project Areas of Fiscal Year 1977 Program.
Closure reason: To Review Research Contract Proposals.
Executive secretary: Dr. Bernice T. Radovich. Address: Landow Building, Room B404, National Institutes of Health. Phone 301/496-6774.
Catalog of Federal domestic assistance number, 13.825.
Name of committee: Breast Cancer Epidemiology Committee.
Dates: January 8, 1976, 9:00 a.m.
Place: Holiday Inn, 8120 Wisconsin Avenue, Bethesda, Maryland, Versailles Room 2.
Times: Open:—January 8, 10:00 a.m.—adjournment. Closed:—January 8, 9:00 a.m.-10:00 a.m.
Agenda/open portion: Discussion of broad areas for future research.
Closure reason: To Review Research Contract Proposals.
Executive secretary: Dr. Elizabeth P. Anderson. Address: Landow Building, Room A406, National Institutes of Health. Phone 301/496-6718.
CATALOG OF FEDERAL DOMESTIC ASSISTANCE NUMBER, 13.825.
Name of committee: Breast Cancer Experimental Biology Committee.
Dates: January 8, 1976, 8:30 a.m.
Place: Building 31C ROOM: Conference Room 6, National Institutes of Health.
Times: Open:—January 8, 8:30 a.m.-9:30 a.m. Closed—January 8, 9:30 a.m.-adjournment.
Closure reason: To review research contract proposals.
Executive secretary: Dr. D. Jane Taylor. Address: Landow Building Room A422, National Institutes of Health. Phone 301/496-6718.
Catalog of Federal domestic assistance number, 13.825.
Name of committee: Breast Cancer Treatment Committee.
Dates: January 8, 1976, 8:30 a.m.
Place: Landow Building Room: C418, 7910 Woodmont Avenue, Bethesda, Maryland 20014.
Times: Open:—January 8, 8:30 a.m.-10:00 a.m. Closed:—January 8, 10:00 a.m.-Adjournment.
Closure reason: To review research contract proposals.

Executive secretary: Dr. Mary E. Sears. Address: Landow Building Room A404, National Institutes of Health. Phone: 301/496-6773.
Catalog of Federal domestic assistance number, 13.825.
Name of committee: Drug Development Committee.
Dates: January 9, 1976, 9:00 a.m.
Place: Blair Building, Room: 414, 8300 Colesville Road, Silver Spring, Maryland 20910.
Times: Open:—January 9, 9:00 a.m.-9:15 a.m. Closed:—January 9, 9:15 a.m.-adjournment.
Closure reason: To review research contract proposals.
Executive secretary: Mrs. Naomi FitzGibbon. Address: Blair Building Room 5A03, National Institutes of Health. Phone 301/-427-7337.
Catalog of Federal domestic assistance number, 13.825.
Name of committee: Temporary Committee for the Review of Data on Carcinogenicity of Cyclamate.
Dates: January 13, 1976, 9:00 a.m.
Place: Building 31C Room: Conference Room 10, National Institutes of Health.
Times: Open for the Entire Meeting.
Agenda: To review the preparation and progress of the Committee's report.
Executive secretary: Dr. James M. Sontag. Address: Landow Building Room: A-306, National Institutes of Health. Phone 301/-496-5471.
Name of committee: Diet, Nutrition and Cancer Program Advisory Committee.
Dates: January 13-14, 1976, 9:00 a.m.
Place: Building 31C Room: Conference Room 6, National Institutes of Health.
Times: Open for the Entire Meeting.
Agenda: To review developments in the Diet, Nutrition and Cancer Program.
Executive Secretary: Dr. Gio B. Gori. Address: Building 31 Room: 11A03, National Institutes of Health. Phone 301/496-6616.
Name of committee: Virus Cancer Program Scientific Review Committee A.

POPULATION RESEARCH COMMITTEE

Meeting

Pursuant to Pub. L. 92-463, notice is hereby given of the meeting of the Population Research Committee, National Institute of Child Health and Human Development, on January 15-16, 1976, in the Landow Building, Room C-418, 7910 Woodmont Avenue, Bethesda, Maryland.

The meeting will be open to the public from 9:00 a.m. to 10:30 a.m. on January 15 to discuss the program status, new developments and projections for population research center and program project applications. Attendance by the public will be limited to space available.

In accordance with the provisions set forth in sections 552(b)(4), 552(b)(5), and 552(b)(6), Title 5 U.S. Code and section 10(d) of Pub. L. 92-463, the meeting will be closed to the public on January 15 from 10:30 a.m. to adjournment on January 16 for the review, discussion and evaluation of individual initial pending and supplemental grant applications. The closed portion of the meeting will involve solely the internal expression of views and judgments of committee members on individual grant applications containing detailed research protocols, designs, and other technical information; financial data, such as salaries; and personal information concerning individuals associated with the applications.

Mrs. Marjorie Neff, Committee Management Officer, NICHD, Building 31, Room 2A-04, National Institutes of Health, Bethesda, Maryland, Area Code 301, 496-1848, will provide a summary of the meeting and a roster of committee members. Dr. William A. Sadler, Executive Secretary of the Population Research Committee, NICHD, Room C-733, Landow Building, National Institutes of Health, Bethesda, Maryland, Area Code 301, 496-6515, will furnish substantive program information.

(Catalog of Federal Domestic Assistance Program No. 13.317, National Institutes of Health.)

Dated: December 9, 1975.

SUZANNE L. FREMEAU,
Committee Management Officer, National Institutes of Health.

Office of Education

RIGHT TO READ READING ACADEMY PROGRAM

Notice of Closing Date for Receipt of Applications

Notice is hereby given that pursuant to the authority contained in the National Reading Improvement Program, Section 723 of Title VII Public Law 93–380 (20 U.S.C. 1963) applications are being accepted for new grants under the Right to Read Reading Academy Program. Applications must be received by the U.S. Office of Education Application Control Center on or before February 6, 1976.

A. APPLICATIONS SENT BY MAIL

An application sent by mail should be addressed as follows: U.S. Office of Education, Grant and Procurement Management Division, Application Control Center, 400 Maryland Avenue S.W., Washington, D.C. 20202, Attention: 13.533E. An application sent by mail will be considered to be received on time by the Application Control Center if:

(1) The application was sent by registered or certified mail not later than February 2, 1976, as evidenced by the U.S. Postal Service postmark on the wrapper or envelope, or on the original receipt from the U.S. Postal Service; or

(2) The application is received on or before the closing date by either the Department of Health, Education, and Welfare, or the U.S. Office of Education mail rooms in Washington, D.C. (In establishing the date or receipt, the Commissioner will rely on the time-date stamp of such mail rooms or other documentary evidence of receipt maintained by the Department of Health, Education, and Welfare, or the U.S. Office of Education).

B. HAND DELIVERED APPLICATIONS

An application to be hand delivered must be taken to the U.S. Office of Education Application Control Center, Room 5673, Regional Office Building Three, 7th and D Streets, S.W., Washington, D.C. 20202. Hand delivered applications will be accepted daily between the hours of 8:00 a.m. and 4:00 p.m. Washington, D.C. time except Saturdays, Sundays, or Federal holidays. Applications will not be accepted after 4:00 p.m. on the closing date.

C. AUTHORITY

The regulations applicable to this program include the Office of Education General Provisions Regulations (45 CFR Parts 100, 100a). Regulations governing the Reading Academy Program were published as a notice of proposed rulemaking in the FEDERAL REGISTER on December 4, 1975 (General Provisions, 45 CFR Part 162, Subpart A and Reading Academy Program, 45 CFR 162, Subpart E) and will govern the operation of this program when adopted in final and made effective.

D. PROGRAM INFORMATION AND FORMS

Information and application forms may be obtained from the Right to Read Program, U.S. Office of Education, Room 2108, 400 Maryland Avenue, S.W., Washington, D.C. 20202.

(20 U.S.C. 1963)

(Catalog of Federal Domestic Assistance Number 13.533, Right to Read Elimination of Illiteracy)

Dated: December 10, 1975.

T. H. BELL,
U.S. Commissioner of Education.

RIGHT TO READ SPECIAL EMPHASIS PROGRAM

Notice of Closing Date for Receipt of Applications

Notice is hereby given that pursuant to the authority contained in the National Reading Improvement Program, Section 721 of Title VII, Public Law 93–380, 20 U.S.C. 1961, applications are being accepted for contracts under the Right to Read Special Emphasis Program. Applications must be received by the U.S. Office of Education Application Control Center on or before February 27, 1976.

A. APPLICATIONS SENT BY MAIL

An application sent by mail should be addressed as follows: U.S. Office of Education, Grant Procurement Management Division, Application Control Center, 400 Maryland Avenue, S.W., Washington, D.C. 20202, Attention: 13.533H. An application sent by mail will be considered to be received on time by the Application Control Center if:

(1) The application was sent by registered or certified mail not later than February 23, 1976, as evidenced by the U.S. Postal Service postmark on the wrapper or envelope, or on the original receipt from the U.S. Postal Service; or

(2) The application is received on or before the closing date by either the Department of Health, Education, and Welfare, or the U.S. Office of Education mail rooms in Washington, D.C. (In establishing the date of receipt, the Commissioner will rely on the time-date stamp of such mail rooms or other documentary evidence of receipt maintained by the Department of Health, Education, and Welfare, or the U.S. Office of Education).

B. HAND DELIVERED APPLICATIONS

An application to be hand delivered must be taken to the U.S. Office of Education Application Control Center, Room 5673, Regional Office Building Three, 7th and D Streets SW., Washington, D.C. 20202. Hand delivered applications will be accepted daily between the hours of 8:00 a.m. and 4:00 p.m., Washington, D.C. time except Saturdays, Sundays, or Federal holidays. Applications will not be accepted after 4:00 p.m. on the closing date.

C. AUTHORITY

The regulations applicable to this program include the Office of Education General Provisions Regulations (45 CFR Parts 100, 100a). Regulations governing the Special Emphasis Projects were published as a notice of proposed rulemaking in the FEDERAL REGISTER on December 4, 1975 (General Provisions, 45 CFR Part 162, Subpart A and Special Emphasis Projects, 45 CFR Part 162, Subpart D) and will govern the operation of this program when adopted in final and made effective.

D. PROGRAM INFORMATION AND FORMS

Information and application forms may be obtained from the Right to Read Program, U.S. Office of Education, Room 2134, 400 Maryland Avenue, S.W., Washington, D.C. 20202.

(20 U.S.C. 1961)

(Catalog of Federal Domestic Assistance Number 13.533, Right to Read—Elimination of Illiteracy)

Dated: December 10, 1975.

RIGHT TO READ READING IMPROVEMENT PROJECTS

Notice of Closing Date for Receipt of Applications

Notice is hereby given that pursuant to the authority contained in the National Reading Improvement Program, Section 705 of Title VII, Public Law 93–380, 20 U.S.C. 1921, applications are being accepted for new grants under the Right to Read Reading Improvement Projects.

Applications must be received by the U.S. Office of Education Application Control Center on or before March 16, 1976.

A. APPLICATIONS SENT BY MAIL

An application sent by mail should be addressed as follows: U.S. Office of Education, Grant Procurement Management Division, Application Control Center, 400 Maryland Avenue S.W., Washington, D.C. 20202, Attention: 13.533G. An application sent by mail will be considered to be received on time by the Application Control Center if:

(1) The application was sent by registered or certified mail not later than March 11, 1976, as evidenced by the U.S. Postal Service postmark on the wrapper or envelope, or on the original receipt from the U.S. Postal Service; or

(2) The application is received on or before the closing date by either the Department of Health, Education, and Welfare, or the U.S. Office of Education mail rooms in Washington, D.C. (In establishing the date of receipt, the Commissioner will rely on the time-date stamp of such mail rooms or other documentary evidence of receipt maintained by the Department of Health, Education, and Welfare, or the U.S. Office of Education).

B. HAND DELIVERED APPLICATIONS

An application to be hand delivered must be taken to the U.S. Office of Education Application Control Center, Room 5673, Regional Office Building Three, 7th and D Streets, S.W., Washington, D.C. 20202. Hand delivered applications will be accepted daily between the hours of 8:00 a.m. and 4:00 p.m. Washington, D.C. time except Saturdays, Sundays, or Federal holidays. Applications will not be accepted after 4:00 p.m. on the closing date.

C. AUTHORITY

The regulations applicable to this program include the Office of Education General Provisions Regulations (45 CFR Parts 100, 100a). Regulations governing the Reading Improvement Projects were published as a notice of proposed rulemaking in the FEDERAL REGISTER on December 4, 1975 (General Provisions, 45 CFR Part 162, Subpart A and Reading Improvement Projects, 45 CFR Part 162, Subpart B) and will govern the operation of this program when adopted in final and made effective.

D. PROGRAM INFORMATION AND FORMS

Information and application forms may be obtained from the Right to Read Program, U.S. Office of Education, Room 2130, 400 Maryland Avenue, S.W., Washington, D.C. 20202 or phone 202–245–7950.

CITIZENS' ADVISORY COMMITTEE ON ENVIRONMENTAL QUALITY

MEETING

The Citizens' Advisory Committee on Environmental Quality will meet on January 16, 1976, at 10 a.m. in Room 500, 1700 Pennsylvania Avenue, NW., Washington, D.C.

The Committee advises the President and the Council on Environmental Quality on matters pertaining to environmental quality. The purpose of the meeting is to review pending Committee business and to consider Committee activities for the coming year. Subjects discussed will include the Committee's 1975 Report to the President and the Council on Environmental Quality and other publications, land use, conservation and recycling of paper, energy, the use of abandoned railroad rights of way and utility rights of way for recreation trails, and other current environmental issues.

The meeting will be open to the public. Persons planning to attend the meeting are requested to notify in writing or by telephone no later than January 13, 1976, Lawrence N. Stevens, Executive Director, Citizens' Advisory Committee on Environmental Quality, 1700 Pennsylvania Avenue, NW., Washington, D.C. 20006, telephone (202) 223-3040. Members of the public may file written statements with the Committee before or after the meeting. Persons wishing to speak at the meeting are requested to consult with the Executive Director no later than January 9, 1976.

Requests for information should be submitted to the Executive Director (address given above).

LAWRENCE N. STEVENS,
Executive Director, Citizens' Advisory Committee on Environmental Quality.

[FR Doc.75-33814 Filed 12-15-75;8:45 am]

CONSUMER PRODUCT SAFETY COMMISSION

NATIONAL ADVISORY COMMITTEE FOR THE FLAMMABLE FABRICS ACT

Notice of Meeting

Notice is given that a meeting of the National Advisory Committee for the Flammable Fabrics Act will be held on Tuesday, January 27, 1976 and Wednesday, January 28, 1976 in the 6th Floor Conference Room, Consumer Product Safety Commission, 1750 K Street, N.W., Washington, D.C.

The National Advisory Committee provides advice and recommendations on the Commission's proposals and plans for reducing the frequency and severity of burn injuries involving flammable fabrics.

Persons wishing to make oral or written presentations to the National Advisory Committee should notify the Secretary at least five (5) days in advance of the meeting.

The meeting is open to the public, however, space is limited. Further information concerning this meeting and specific agenda topics may be obtained from the Office of the Secretary, Consumer Product Safety Commission, Washington, D.C. 20207, phone (202) 634-7700.

Dated: December 10, 1975.

SHELDON D. BUTTS.
Acting Secretary.

[FR Doc.75-33809 Filed 12-15-75;8:45 am]

ENVIRONMENTAL PROTECTION AGENCY

[FRL 468-7]

BENDIX CORP.

Ambient Air Monitoring Reference and Equivalent Methods

Notice is hereby given that on November 3, 1975, the Environmental Protection Agency received an application from The Bendix Corporation, Process Instruments Division, Lewisburg, West Virginia, to determine if its Model 8501-5C and 8501-5CA carbon monoxide analyzers should be designated by the Administrator of the EPA as reference or equivalent methods under 40 CFR Part 53, promulgated February 18, 1975 (40 FR 7044). If, after appropriate technical study, the Administrator determines that either of these methods should be so designated, notice thereof will be given in a subsequent issue of the FEDERAL REGISTER.

WILSON K. TALLEY,
Assistant Administrator for Research and Development.

DECEMBER 5, 1975.

[FRL 468-1]

ENVIRONMENTAL IMPACT STATEMENTS AND OTHER ACTIONS IMPACTING THE ENVIRONMENT

Availability of Comments

Pursuant to the requirements of section 102(2)(C) of the National Environmental Policy Act of 1969, and section 309 of the Clean Air Act, as amended, the Environmental Protection Agency (EPA) has reviewed and commented in writing on Federal agency actions impacting the environment contained in the following appendices during the period of November 16, 1975 and November 30, 1975.

Appendix I contains a listing of draft environmental impact statements reviewed and commented upon in writing during this review period. The list includes the Federal agency responsible for the statement, the number and title of the statement, the classification of the nature of EPA's comments as defined in Appendix II, and the EPA source for copies of the comments as set forth in Appendix VI.

Appendix II contains the definitions of the classifications of EPA's comments on the draft environmental impact statements as set forth in Appendix I.

Appendix III contains a listing of final environmental impact statements reviewed and commented upon in writing during this review period. The listing includes the Federal agency responsible for the statement, the number and title of the statement, a summary of the nature of EPA's comments, and the EPA source for copies of the comments as set forth in Appendix VI.

Appendix IV contains a listing of final environmental impact statements reviewed but not commented upon by EPA during this review period. The listing includes the Federal agency responsible for the statement, the number and title of the statement, and the source of the EPA review as set forth in Appendix VI.

Appendix V contains a listing of proposed Federal agency regulations, legislation proposed by Federal agencies, and any other proposed actions reviewed and commented upon in writing pursuant to section 309(a) of the Clean Air Act, as amended, during the referenced reviewing period. The listing includes the Federal agency responsible for the proposed action, the title of the action, a summary of the nature of EPA's comments and the source for copies of the comments as set forth in Appendix VI.

Appendix VI contains a listing of the names and addresses of the sources of EPA reviews and comments listed in Appendices I, III, IV, and V.

Copies of the EPA Manual setting forth the policies and procedures for EPA's review of agency actions may be obtained by writing the Public Information Reference Unit, Environmental Protection Agency, Room 2922, Waterside Mall SW., Washington, D.C. 20460, telephone 202/755-2808. Copies of the draft and final environmental impact statements referenced herein are available from the originating Federal department or agency.

Dated: December 8, 1975.

PETER F. SMITH,
Acting Director, Office of Federal Activities.

APPENDIX II

DEFINITIONS OF CODES FOR THE GENERAL NATURE OF EPA COMMENTS

Environmental Impact of the Action

LO—Lack of Objection

EPA has no objections to the proposed action as described in the draft impact statement; or suggests only minor changes in the proposed action.

ER—Environmental Reservations

EPA has reservations concerning the environmental effects of certain aspects of the proposed action. EPA believes that further study of suggested alternatives or modifications is required and has asked the originating Federal agency to reassess these impacts.

EU—Environmentally Unsatisfactory

EPA believes that the proposed action is unsatisfactory because of its potentially harmful effect on the environment. Furthermore, the Agency believes that the potential safeguards which might be utilized may not adequately protect the environment from hazards arising from this action. The Agency recommends that alternatives to the action be analyzed further (including the possibility of no action at all).

Adequacy of the Impact Statement

Category 1—Adequate

The draft impact statement adequately sets forth the environmental impact of the proposed project or action as well as alternatives reasonably available to the project or action.

Category 2—Insufficient Information

EPA believes that the draft impact statement does not contain sufficient information to assess fully the environmental impact of the proposed project or action. However, from the information submitted, the Agency is able to make a preliminary determination of the impact on the environment. EPA has requested that the originator provide the information that was not included in the draft statement.

Category 3—Inadequate

EPA believes that the draft impact statement does not adequately assess the environmental impact of the proposed project or action, or that the statement inadequately analyzes reasonable available alternatives. The Agency has requested more information and analysis concerning the potential environmental hazards and has asked that substantial revision be made to the impact statement.

APPENDIX III.—*Final environmental impact statements for which comments were issued between Nov. 16 and 30, 1975*

Identifying No.	Title	General nature of comments	Source for copies of comments

[FRL 464-5]

EDWARDS UNDERGROUND RESERVOIR

Notice of Determination

Notice is hereby given that pursuant to section 1424(e) of the Safe Drinking Water Act (Pub. L. 93-523) the Administrator of the Environmental Protection Agency has determined that the Edwards Underground Reservoir is the principal source of drinking water for an area in or near San Antonio, Texas, supplying water to wells tapping the reservoir in Kinney, Uvalde, Medina, Atascosa, Bexar, Comal, Guadalupe, and Hays Counties and that, if the reservoir were contaminated, it would create a significant hazard to public health.

BACKGROUND

The Safe Drinking Water Act was enacted on December 16, 1974. Section 1424 (e) of the Act states: (e) If the Administrator determines, on his own initiative or upon petition, that an area has an aquifer which is the sole or principal drinking water source for the area and which, if contaminated, would create a significant hazard to public health, he shall publish notice of that determination in the FEDERAL REGISTER. After the publication of any such notice, no commitment for Federal financial assistance (through a grant, contract, loan guarantee, or otherwise) may be entered into for any project which the Administrator determines may contaminate such aquifer through a recharge zone so as to create a significant hazard to public health, but a commitment for Federal financial assistance may, if authorized under another provision of law, be entered into to plan or design the project to assure that it will not so contaminate the aquifer.

On January 3, 1975, several groups in the San Antonio area, the Sierra Club, League of Women Voters, and the Citizens for a Better Environment petitioned the Administrator "to declare the Edwards Aquifer to be such an aquifer as the statute had in mind." A Notice of Receipt of this petition, together with a request for comments, was published in the FEDERAL REGISTER on March 6, 1975. In response to the notice and request for comments, written comments were received from both the public and private sectors. On June 4, 1975, the EPA held a public hearing in San Antonio, Texas, to hear the views of interested persons on the Edwards Underground Reservoir issue.

On the basis of the substantial amount of information which is available to this Agency and that presented by the public, the Administrator has made the following findings, which are the basis for the determination noted above:

1. The Edwards Underground Reservoir is the principal source of high quality water for about 1 million people, including seventeen (17) cities and towns, five (5) military installations, and a large number of farms and ranches. Current water supply treatment practice is limited to minimal disinfection for drinking purposes and there is no alternative source of drinking water supply which could economically replace the Edwards Underground Reservoir.

2. The Reservoir is vulnerable to contamination through its recharge zone, particularly from streams crossing the zone. Since contamination of a ground water aquifer can be difficult or impossible to reverse, contamination of the Edwards Underground Reservoir would pose a significant hazard to those people dependent on the reservoir for drinking purposes.

The Agency has carefully reviewed both the available data pertaining to the Edwards Underground Reservoir and comments that were subsequently submitted in writing. Most speakers at the hearing expressed the view that the reservoir provided the sole source of drinking water for a large area in and around San Antonio and that there would be a danger to public health if it were contaminated.

Among the determinations which the Administrator must make in connection with the designation of an area under section 1424(e) is that the area's sole or principal source aquifer, "if contaminated, would create a significant hazard to public health . . ." EPA does not construe this provision to require a determination that projects planned or likely to be constructed will in fact create such a hazard; it is sufficient to demonstrate that approximately one million people depend on the Edwards Underground Reservoir as their principal source of drinking water, and that the Reservoir is vulnerable to contamination through its recharge zone. Obviously, threats to the quality of the drinking water supply for such a large population could create a significant hazard to public health.

In public comments, the view was often expressed that EPA should refrain from designating the Edwards Underground Reservoir because a system of local controls to prevent contamination already existed. While the existence and effectiveness of local controls are clearly relevant to the question of reviewing future federally assisted projects, section 1424(e) does not make designation contingent on the absence of State or local regulations. Therefore, these factors do not properly bear on the decision whether or not to designate the reservoir.

This notice is concerned with that section of the Edwards Aquifer which is referred to as the Edwards Underground Reservoir; this reservoir is a distinct hydrological unit within the Edwards Aquifer and it is the principal source of drinking water for the San Antonio Area.

The Edwards Underground Reservoir is that portion of a belt of permeable waterbearing rock formation that includes the Comanche Peak, Edwards and Georgetown limestones. It extends from near Brackettville in Kinney County eastward through Uvalde, Medina and Bexar counties and northeastward through Comal and to near Kyle in Hays county. The reservoir also underlies a small section of Atascosa, and Guadalupe and Kendall counties.

Section 1424(e) of the Act requires that after publication of the Administrator's decision, "no commitment for Federal financial assistance (through a grant, contract, loan guarantee, or otherwise) may be entered into for any project which the Administrator determines may contaminate such aquifer through a recharge zone so as to create a significant hazard to public health. . . ." The recharge zone is that area through which water enters into the reservoir. This recharge zone in the case of the Edwards Underground Reservoir is located where the reservoir outcrops in Kinney, Uvalde, Medina, Bexar, Comal and Hays counties, together with that area within the 100 year floodplain of Cibolo Creek, beginning at Herff Falls in Kendall county and continuing downstream to the main outcrop area of the reservoir.

There is an upstream headwaters area draining into the recharge zone and contributing over 90% of the recharge flow to the reservoir. This is the streamflow source zone. Since such a high percentage of the recharge flow to the reservoir originates in this area it could have a significant impact on the quality of the water in the reservoir. This streamflow source zone includes the headwaters of the Nueces, San Antonio, and Guadalupe River basins above the recharge zone. The area includes much of Edwards, Real, Bandera, Kerr, and Kendall counties and parts of Kinney, Uvalde, Medina, Bexar, Comal, Hays, Gillespie and Blanco counties within the watershed boundaries of the three basins.

The data upon which these findings are based are available to the public and may be inspected during normal business hours at the Office of the Environmental Protection Agency, Region VI, 1600 Patterson Street, Dallas, Texas 75201. It includes:

(1) A map outlining the Edwards Underground Reservoir, the recharge zone and the streamflow source zone;

(2) A copy of the transcript of the public hearing and copies of public comments;

(3) A technical support document for designation of the Edwards Underground Reservoir under 1424(e) of the Safe Drinking Water Act.

A copy of the above documentation is also available at the U.S. Environmental Protection Agency, Office of Public Affairs, 401 M Street, SW., Washington, D.C. 20460.

The EPA is issuing interim guidelines for the selective review of major federally financed programs or actions which may contaminate the Edwards Underground Reservoir through the recharge zone so as to create a significant hazard to public health.

EPA, Region VI, is working with the Federal agencies which may in the near future fund projects in the area of concern to EPA, to develop interagency procedures whereby EPA will be notified of proposed commitments for projects which could contaminate the San Antonio area's principal source aquifer. Although the project review process cannot be delegated, the Regional Administrator in Region VI will reply to the maximum extent possible upon any existing or future State and local control mechanisms in protecting the ground water quality of the Edwards Underground Reservoir.

Dated: December 10, 1975.

RUSSELL E. TRAIN,
Administrator.

PESTICIDE AND FOOD ADDITIVE PETITIONS

Notice of Filing

Pursuant to the provisions of Sections 408(d)(1) and 409(b)(5) of the Federal Food, Drug, and Cosmetic Act, the Environmental Protection Agency gives notice that the following petitions have been submitted to the Agency for consideration. The petitions and proposals are:

PP 6F1656. Atlantic & Pacific Research, Inc., PO Box 14366, N. Palm Beach FL 33403. Proposes amending 40 CFR 180 by establishing an exemption from the requirement of a tolerance for residues of the insecticide isobutylenebutene copolymers resulting from the use of the pesticide on growing crops. (Raw agricultural commodities not specified in petition.) Proposed analytical method for determining residues is a gravimetric procedure. PM11

PP 6F1702. Chemagro Agricultural Div., Mobay Chemical Corp., PO Box 4913, Kansas City MO 64120. Proposes amending 40 CFR 180.234 by establishing a tolerance for residues of the insecticide *0,0*-diethyl *0*-[4-(methylsulfinyl) phenyl] phosphorothioate in or on the raw agricultural commodities beans, except lima beans (green and dry) at 0.05 part per million (ppm) and bean forage and hay at 0.8 ppm. Proposed analytical method for determining residues is a thermionic emission gas chromatographic procedure. PM11

FAP 6H5110. CIBA-GEIGY Corp., Agricultural Div., PO Box 11422, Greensboro NC 27409. Proposes amending 21 CFR 123 and 561 by establishing regulations permitting the use of the insecticide 0,0-diethyl 0-(2-isophopyl-6-methyl-4-pyrimidinyl) phosphorothioate in spot and/or crack and crevice treatments in food handling establishments including food service, manufacturing, and processing establishments, such as restaurants, cafeterias, supermarkets, bakeries, breweries, dairies, meat slaughtering and packing plants and canneries, and in animal feed handling establishments, including feed manufacturing and processing establishments, such as stores, supermarkets, dairies, meat slaughtering and packing plants and canneries. PM15

Interested persons are invited to submit written comments on any petitions referred to in this notice to the Federal Register Section, Technical Services Division (WH-569), Office of Pesticide Programs, Environmental Protection Agency, Room 401 M St. SW., Washington, D.C. 20460. Three copies of the comments should be submitted to facilitate the work of the Agency and others interested in inspecting them. The comments should be submitted as soon as possible and should bear a notation indicating the number of the petition to which the comments pertain. Comments may be made at any time while a petition is pending before the Agency. All written comments filed pursuant to this notice will be available for public inspection in the office of the Federal Register Section from 8:30 a.m. to 4:00 p.m. Monday through Friday.

Dated: December 10, 1975.

JOHN B. RITCH, Jr.,
Director,
Registration Division.

FEDERAL ENERGY ADMINISTRATION

TRANSPORTATION ADVISORY COMMITTEE

Notice of Charter Amendment

Following consultation with the Office of Management and Budget, notice is hereby given to advise of a revision in the Charter of the Transportation Advisory Committee. The Charter was published in the September 2, 1975, issue of the FEDERAL REGISTER (40 FR 40202).

This amendment will revise the Charter to provide for the establishment of a subcommittee to the Committee; specifically, the Charter published September 2, 1975, is hereby amended by adding a new section B(9), to read as follows:

9. Subcommittees—The Transportation Advisory Committee shall have one subcommittee as follows:

a. The Executive Subcommittee. The objectives of this Subcommittee is to make recommendations to the parent Committee with respect to general transportation aspects of interests and problems related to the policy and implementation of programs to meet the continuing energy crisis.

The Subcommittee shall be comprised of such members of the parent Committee as may be determined by the Chairman of the parent Committee.

All actions of the Subcommittee shall be consistent with the provisions of B-1 through B-8.

The above amendment is effective immediately.

Issued at Washington, D.C. on Decem-11, 1975.

FRANK G. ZARB,
Administrator.

FEDERAL MARITIME COMMISSION

[Independent Ocean Freight Forwarder License No. 1266]

AIR MARITIME CORP.

Order of Revocation

By letter dated November 10, 1975, Air Maritime Corporation, P.O. Box 66346, O'Hare AMF, Chicago, Illinois 60666 was advised by the Federal Maritime Commission that independent Ocean Freight Forwarder License No. 1266 would be automatically revoked or suspended unless a valid surety bond was filed with the Commission on or before December 8, 1975.

Section 44(c), Shipping Act, 1916, provides that no independent ocean freight forwarder license shall remain in force unless a valid bond is in effect and on file with the Commission. Rule 510.9 of Federal Maritime Commission General Order 4, further provides that a license will be automatically revoked or suspended for failure of a licensee to maintain a valid bond on file.

Air Maritime Corporation has failed to furnish a valid surety bond.

By virtue of authority vested in me by the Federal Maritime Commission as set forth in Manual of Orders, Commis-

V 40242 DEC 16 75 XUM

sion Order No. 201.1 (Revised) § 5.01(c) (dated June 30, 1975);

It is ordered, That Independent Ocean Freight Forwarder License No. 1266, issued to Air Maritime Corporation, be returned to the Commission for cancellation.

It is further ordered, That Independent Ocean Freight Forwarder License No. 1266 be and is hereby revoked effective December 8, 1975.

It is further ordered, That a copy of this Order be published in the FEDERAL REGISTER and served upon Air Maritime Corporation.

LEROY F. FULLER,
Director, Bureau of Certification and Licensing.

[Independent Ocean Freight Forwarder License No. 1565]

JAMES L. NEGRON

Order of Revocation

By letter dated October 28, 1975, James L. Negron, 750 Parkview Circle, Elk Grove Village, Illinois 60007 was advised by the Federal Maritime Commission that Independent Ocean Freight Forwarder License No. 1565 would be automatically revoked or suspended unless a valid surety bond was filed with the Commission on or before November 30, 1975.

Section 44(c), Shipping Act, 1916, provides that no independent ocean freight forwarder license shall remain in force unless a valid bond is in effect and on file with the Commission. Rule 510.9 of Federal Maritime Commission General Order 4, further provides that a license will be automatically revoked or suspended for failure of a licensee to maintain a valid bond on file.

James L. Negron has failed to furnish a valid surety bond.

By virtue of authority vested in me by the Federal Maritime Commission as set forth in Manual of Orders, Commission Order No. 201.1 (Revised) § 5.01(c) (dated June 30, 1975);

It is ordered, That Independent Ocean Freight Forwarder License No. 1565, issued to James L. Negron, be returned to the Commission for cancellation.

It is further ordered, That Independent Ocean Freight Forwarder License No. 1565 be and is hereby revoked effective November 30, 1975.

It is further ordered, That a copy of this Order be published in the FEDERAL REGISTER and served upon James L. Negron.

LEROY F. FULLER,
Director, Bureau of Certification and Licensing.

[Independent Ocean Freight Forwarder License No. 1286-R]

ROS FORWARDING, INC.

Order of Revocation

By letter dated October 14, 1975, Ros Forwarding, Inc., 8420 N.W. 58th Street, Miami, Florida 33166 was advised by the Federal Maritime Commission that Independent Ocean Freight Forwarder License No. 1286-R would be automatically revoked or suspended unless a valid surety bond was filed with the Commission on or before November 13, 1975.

Section 44(c), Shipping Act, 1916, provides that no independent ocean freight forwarder license shall remain in force unless a valid bond is in effect and on file with the Commission. Rule 510.9 of Federal Maritime Commission General Order 4, further provides that a license will be automatically revoked or suspended for failure of a licensee to maintain a valid bond on file.

Ros Forwarding, Inc. has failed to furnish a valid surety bond.

By virtue of authority vested in me by the Federal Maritime Commission as set forth in Manual of Orders, Commission Order No. 201.1 (Revised) § 5.01(c) dated June 30, 1975);

It is ordered, That Independent Ocean Freight Forwarder License No. 1286-R, issued to Ros Forwarding, Inc., be returned to the Commission for cancellation.

It is further ordered, That Independent Ocean Freight Forwarder License No. 1286-R be and is hereby revoked effective November 13, 1975.

It is further ordered, That a copy of this Order be published in the FEDERAL REGISTER and served upon Ros Forwarding, Inc.

LEROY F. FULLER,
Director, Bureau of Certification and Licensing.

SEA-LAND SERVICE, INC. AND PUERTO RICO PORTS AUTHORITY

Notice of Agreement Filed

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1100 L Street, N.W., Room 10126; or may inspect the agreement at the Field Offices located at New York, N.Y., New Orleans, Louisiana, San Francisco, California, and Old San Juan, Puerto Rico. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C., 20573, on or before January 5, 1976. Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they desire to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a statement describing the discrimination or unfairness with particularity. If a violation of the Act or detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

Notice of Agreement Filed by:

Gary R. Edwards, Esquire, Ragan and Mason, 900 Seventeenth Street, NW., Washington, D.C. 20006.

Agreement No. T-3199, between Puerto Rico Ports Authority (Authority) and Sea-Land Service, Inc., (Sea-Land), provides for the lease by Authority to Sea-Land of Parcels A-1 and A-2 and the granting of berthing privileges at Berth E located at the Puerto Rico Port Development. The use of the premises shall be restricted to shoreside operations pertaining to Sea-Land's oceanborne common carrier service. As compensation, Sea-Land shall pay $94,724 per year as ground rental and $5,000 per year for the preferential use of Berth E. Rentals are subject to reestablishment by Authority after the expiration of the initial term, January 31, 1978. Sea-Land shall also pay wharfage charges normally assessed by Authority guaranteeing a minimum of $125,000 annually for all uses of the berth plus all other charges normally assessed. Wharfage payable to the Authority on cargo moving through the berth on vessels not operated by Sea-Land will be credited to Sea-Land's annual minimum wharfage guarantee.

By Order of the Federal Maritime Commission.

Dated: December 11, 1975.

FRANCIS C. HURNEY,
Secretary.

SEA-LAND SERVICE, INC., ET AL.

Notice of Agreement Filed

Notice is hereby given that the following agreement has been filed with the Commission for approval pursuant to section 15 of the Shipping Act, 1916, as amended (39 Stat. 733, 75 Stat. 763, 46 U.S.C. 814).

Interested parties may inspect and obtain a copy of the agreement at the Washington office of the Federal Maritime Commission, 1100 L Street, NW., Room 10126; or may inspect the agreement at the Field Offices located at New York, N.Y., New Orleans, Louisiana, San Francisco, California, and Old San Juan, Puerto Rico. Comments on such agreements, including requests for hearing, may be submitted to the Secretary, Federal Maritime Commission, Washington, D.C., 20573, on or before January 5, 1976. Any person desiring a hearing on the proposed agreement shall provide a clear and concise statement of the matters upon which they desire to adduce evidence. An allegation of discrimination or unfairness shall be accompanied by a statement describing the discrimination or unfairness with particularity. If a violation of the Act or detriment to the commerce of the United States is alleged, the statement shall set forth with particularity the acts and circumstances said to constitute such violation or detriment to commerce.

A copy of any such statement should also be forwarded to the party filing the agreement (as indicated hereinafter) and the statement should indicate that this has been done.

Notice of Agreement Filed by:

E. J. Sheppard, Esquire, Morgan, Lewis and Bockius, 1800 M Street, N.W., Washington, D.C. 20036.

Agreement No. T-3191, between Sea-Land Service, Inc., (Sea-Land), Puerto Rico Maritime Shipping Authority (PRMSA), and Puerto Rico Ports Authority (Authority), provides for the irrevocable option of Sea-Land to substitute itself for PRMSA on the same terms and conditions as set forth in an agreement between PRMSA and Authority (Agreement No. T-3210). Agreement No. T-3210 is an agreement whereby PRMSA has preferential rights at Berth F and is lessee of certain parcels located at Puerto Nuevo, San Juan, Puerto Rico. As compensation under Agreement No. T-3191, Sea-Land shall pay as rental that percentage of the total ground rental which would otherwise be payable by PRMSA as lessee plus fees which would be payable by PRMSA for the preferential use of Berth F and wharfage charges.

By Order of the Federal Maritime Commission.

Dated: December 11, 1975.

FEDERAL POWER COMMISSION

[Docket G-3113, *et al.*]

EXXON CORP. ET AL.

Applications for Certificates, Abandonment of Service and Petitions To Amend Certificates[1]

DECEMBER 8, 1975.

Take notice that each of the Applicants listed herein has filed an application or petition pursuant to Section 7 of the Natural Gas Act for authorization to sell natural gas in interstate commerce or to abandon service as described herein, all as more fully described in the respective applications and amendments which are on file with the Commission and open to public inspection.

Any person desiring to be heard or to make any protest with reference to said applications should on or before January 2, 1976, file with the Federal Power Commission, Washington, D.C. 20426, petitions to intervene or protests in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Persons wishing to become parties to a proceeding or to participate as a party in any hearing therein must file petitions to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure a hearing will be held without further notice before the Commission on all applications in which no petition to intervene is filed within the time required herein if the Commission on its own review of the matter believes that a grant of the certificates or the authorization for the proposed abandonment is required by the public convenience and necessity. Where a petition for leave to intervene is timely filed, or where the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or be represented at the hearing.

KENNETH F. PLUMB,
Secretary.

[1] This notice does not provide for consolidation for hearing of the several matters covered herein.

[14] Includes downward British thermal unit adjustment and an upward British thermal unit adjustment of 9.3600 cents/M ft³.
[15] Applicant is willing to accept national adjusted price if required by certificate.
[16] Includes upward adjustment of 9.360 cents per Mcf.
[17] Includes 8.0795 cents upward British thermal unit adjustment and 3.8679 cents tax reimbursement.
[18] Includes 0.53 cent upward British thermal unit adjustment.
[19] Applicant states that certain leases in both blocks are committed to the contract, but only as to gas attributable to applicant's interest that may be produced from any wells on applicant's Platform "A" or any replacement platform in Block 322.
[20] Includes 6.98 cents upward British thermal unit adjustment.
[21] Includes 11.5291 cents upward British thermal unit adjustment.
[22] Applicant states that sales of gas were made for 2 years under the certificate issued in Docket No. CI73-766 and that sales terminated Oct. 26, 1975.
[23] For sales heretofore made under Skelly Oil Co. FPC Gas Rate Schedule No. 188.
[24] Producing properties assigned or deleted.
[25] Non-productive.
[26] Well productive.
[27] For sales from July 14, 1974 through Aug. 11, 1975. Includes 4.0320 cents tax reimbursement and 0.3978 cent for gathering. Subject to upward and downward British thermal unit adjustment.
[28] For sales from Aug. 12, 1975. Includes 4.1127 cents tax reimbursement and 0.3978 cent for gathering. Subject to upward and downward British thermal unit adjustment.
[29] Being renoticed to show prices set forth in amendment of Oct. 24, 1975.

[Docket No. E-9092]

ARKANSAS-MISSOURI POWER CO.

Order Approving Settlement Agreements Upon Conditions

DECEMBER 9, 1975.

On August 28, 1975, Arkansas-Missouri Power Company (Ark-Mo) filed a motion in which it requested that the Commission approve two settlement agreements in the above referenced docket. Notice of Ark-Mo's filing was issued on September 9, 1975 with comments or protests due on or before September 17, 1975. The Commission Staff (Staff) has filed comments which support the settlement agreements.

This proceeding began on October 31, 1974 when Ark-Mo filed a general rate increase for sales to certain customers [1] and an increase in wheeling rates to certain other customers.[2] By orders issued November 29, 1974, January 23, 1975, and January 29, 1975 the Commission accepted for filing and suspended the rate increase to Missouri Utilities and Mississippi County Electric Cooperative. The Commission rejected the increase to Thayer and accepted the increases to the other customers effective on the date of the expiration of their respective contracts with Ark-Mo.

The general rate increase would have provided increased revenues of $86,380 based on a test year ending May 31, 1974. The settlement agreement concerning the wholesale sales customers reduces this amount to $78,173. The wheeling rate increase would have provided increased revenues of $58,320 to the Arkansas Cooperative and $34,125 to Mississippi County Cooperative based upon a test year ending May 31, 1974. The settlement agreement concerning wheeling rates reduces these amounts to $30,821 and $24,218, respectively. The settlement cost of service, capitalization, and rate of return are shown in Appendix A.

In addition to the rate reductions, the major elements of the settlement agreements are as follows:

WHOLESALE SALES

(1) Ark-Mo will retain the same form of rate schedule as originally filed except that Ark-Mo will file a fuel adjustment clause which conforms to Section 35.14 of Commission's Regulations as amended by Order No. 517.

(2) The rate increase shall become effective as to Gideon Anderson Lumber Company on August 1, 1975 and to Campbell on September 9, 1975.

(3) Refunds shall be made of amounts collected in excess of the settlement rates together with interest calculated at 9% per annum.

(4) The parties do not purport to settle any issues not expressly resolved by the settlement.

WHEELING CUSTOMERS

(1) Ark-Mo will charge uniform rates to the Arkansas Cooperative and the Mississippi County Cooperative.

(2) The form of the rate schedule as filed will be retained except that there will be a facilities charge for facilities installed to provide service to a particular customer.

(3) The rate increase to the Arkansas Cooperative shall become effective June 30, 1977.

(4) The Mississippi Cooperative will be credited with an amount equal to one-half of the increase between January 1, 1975 and June 30, 1977.

(5) Ark-Mo will refund any revenues collected in excess of the settlement rates together with interest calculated at 9% per annum.

(6) The parties do not intend to settle any matter not expressly resolved by the settlement agreement.

We note that Ark-Mo has, with respect to Gideon Anderson Lumber Company and Campbell, already filed superseding service agreements, which served as notices of termination of contractual service as required by Section 35.15 of the Commission's Rules and Regulations.

Our review of the settlement agreements show them to be just and reasonable and in the public interest. Accordingly, we shall approve them as conditioned below.

The Commission finds: The settlement agreements filed in this case are just and reasonable, in the public interest, and should be approved as conditioned below.

The Commission orders: (A) The settlement agreements filed in this proceeding are accepted and approved subject to the following conditions:

(1) Ark-Mo shall file within, thirty days, revised rate schedules reflecting the settlement agreements including the limited credit to Mississippi County Cooperative.

(2) The settlement rates shall become effective to Arkansas Electric Cooperative on June 30, 1977 provided that Ark-Mo file a superseding service agreement capable of serving as a notice of termination of contractual service as required by Section 35.15 of the Commission's rules and regulations.

(3) Ark-Mo shall file within thirty days a report of refunds of revenues collected in excess of the settlement rates together with interest calculated at the rate of 9% per annum.

(B) This order is without prejudice to any findings or orders which have been made or will hereafter be made by the Commission, and is without prejudice to any claims or contentions which may be made by the Commission, its Staff, Ark-Mo, or any party or person affected by this order, in any proceeding now pending or hereinafter instituted by or against Ark-Mo or any other person or party.

(C) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission. Commissioner Watt not participating.

[SEAL] KENNETH F. PLUMB, *Secretary.*

CITIES SERVICE GAS CO.

Further Extension of Procedural Dates

DECEMBER 9, 1975.

On November 26, 1975, The Midwest Gas Users Association filed a motion to extend the procedural dates fixed by order issued November 22, 1974, as most recently modified by notice issued November 7, 1975, in the above-designated proceeding.

Upon consideration, notice is hereby given that the procedural dates in the above proceeding are modified as follows:

Service of Intervenor Testimony, January 5, 1976.
Service of Company Rebuttal, February 23, 1976.
Hearing, March 2, 1976 (10 a.m., e.s.t.).

By direction of the Commission.

KENNETH F. PLUMB, *Secretary.*

[FR Doc.75-33777 Filed 12-15-75;8:45 am]

[1] Missouri Utilities Company, Gideon Anderson Lumber Company, and Cambell, Missouri.
[2] Thayer, Missouri, Arkansas Cooperative Corporation, Mississippi County Electric Cooperative, Inc.

[Docket No. CP75-129]

COLUMBIA GAS TRANSMISSION CORP.

Petition To Amend

DECEMBER 9, 1975.

Take notice that on November 6, 1975, Columbia Gas Transmission Corporation (Petitioner), 1700 MacCorkle Avenue, S.E., Charleston, West Virginia, 25314, filed in Docket No. CP75-129 a petition to amend the order of the Commission of March 25, 1975 (53 FPC ____), as amended, issuing a certificate of public convenience and necessity and permitting and approving abandonment pursuant to section 7(c) and (b) of the Natural Gas Act to include authorization to construct and operate alternative facilities to those heretofore authorized, all as more fully set forth in the petition to amend on file with the Commission and open to public inspection.

Petitioner alleges that by the order of March 25, 1975, it is authorized to construct and operate approximately 1.9 miles of 4-inch transmission pipeline and appurtenant regulating facilities and to abandon approximately 15.6 miles of multiple 8-inch and single 8-inch pipeline in Lancaster County, Pennsylvania. It is further alleged that in preparation for the construction, Petitioner contacted the private property owners along the authorized 4-inch pipeline route, for the purpose of obtaining the necessary rights-of-way and that Petitioner received eight definite refusals, one acceptance and two indefinite responses.

Petitioner states that it has determined that it would be more expedient to utilize an alternative pipeline route which would require the construction of approximately 2.3 miles of 4-inch pipeline and appurtenant regulating facilities. The alternative routing is also said to require the retention in service of a 3.9 miles segment of 8-inch pipeline for which permission and approval to abandon were granted. The segment to be retained is said to have been constructed in 1956 and to be suitable for continued operation.

The proposed construction would consist of approximately 2.0 miles of 4-inch pipeline and appurtenant facilities connecting the western terminus of the retained 3.9 mile segment of 8-inch pipeline with Petitioner's 20-inch pipeline. Petitioner states that 0.3 mile of 4-inch pipeline would be constructed from the eastern terminus of the retained 3.9 mile segment of 8-inch pipeline to the existing Lititz point of delivery. The proposed construction would permit Petitioner to abandon 11.7 miles of deteriorated multiple 8-inch pipeline, it is stated.

The total cost of the proposed facilities is estimated by Petition to be $160,000 to be financed with funds generated from internal sources.

Any person desiring to be heard or to make any protest with reference to said petition to amend should on or before December 29, 1975, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8

V40242 DEC 16 75 XUM

or 1.10) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

KENNETH F. PLUMB,
Secretary.

[Docket No. ER76-306]

HOLYOKE WATER POWER CO.

Termination of Rate Schedule

DECEMBER 9, 1975.

Take notice that on November 28, 1975, Holyoke Water Power Company (Holyoke) tendered for filing notice of termination of its Rate Schedule FPC No. 7, effective July 15, 1966. Holyoke states that this Rate Schedule was terminated April 30, 1968, in accordance with its terms.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before December 19, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[Docket No. ER76-290]

PUBLIC SERVICE COMPANY OF OKLAHOMA

Rate Schedule Change

DECEMBER 9, 1975.

Take notice that on November 24, 1975, the Public Service Company of Oklahoma (PSO) tendered for filing a letter agreement dated October 27, 1975 between PSO and Southwestern Electric Power Company (SWEPCO) amending Schedule RE, a supplement to the Interconnection Agreement between PSO and SWEPCO which is on file with the Commission as Supplement No. 19 to Rate Schedule FPC No. PSO 118. Schedule RE provides for replacement energy transactions between the systems of the two companies. Also filed with the Commission was a Certificate of Concurrence dated October 31, 1975, by SWEPCO.

PSO states that the change being made in the proposed amendatory letter agreement is the add-on portion of the rate when energy being supplied by the seller is purchased from another supplier and passes through the seller's system to the buyer. According to PSO, the rate for each kilowatt hour is the same rate previously accepted for filing under Schedule ES of the same Interconnection Agreement.

The effective date for the proposed change is January 1, 1976.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before December 19, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[Docket No. ER76-207]

SOUTHWESTERN ELECTRIC POWER CO.

Revisions to Previously Filed Rate Schedule Changes

DECEMBER 9, 1975.

Take notice that on November 24, 1975, Southwestern Electric Power Company (SWEPCO) tendered for filing certain revised sheets which are to replace those pages of the same title and page number filed in the above captioned docket on October 31, 1975. The earlier filing was noticed by the Commission on November 7, 1975.

SWEPCO states that the changes in the revised sheets are minor and do not affect the results contained in the original sheets.

Any person desiring to be heard or to protest said filing should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's rules of practice and procedure (18 CFR 1.8, 1.10). All such petitions or protests should be filed on or before December 19, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a petition to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

KENNETH F. PLUMB,
Secretary.

[Docket No. CP62-288, CP65-270, and CP70-204]

TEXAS GAS UTILITIES DIVISION

Petition To Amend

DECEMBER 9, 1975.

Take notice that on October 29, 1975, Texas Gas Utilities Division (Petitioner), Five Greenway Plaza East, Houston, Texas, filed in Docket Nos. CP65-270 and CP70-204 a petition to amend the orders of the Commission issued in said dockets pursuant to Section 3 of the Natural Gas Act for authorization to continue the exportation of natural gas authorized to be exported by its predecessor and in Docket No. CP62-288 to amend the permit issued pursuant to Executive Order No. 1085, all as more fully set forth in the petition to amend on file with the Commission and open to public inspection.

Petitioner states that its predecessor in interest, Texas Gas Utilities Company (TGUC), was authorized to export natural gas by orders of the Commission of May 3, 1966 (35 FPC 684), and March 25, 1970 (43 FPC 475), and that as successor, Petitioner has continued such operations. Petitioner states that TGUC was merged into Lo-Vaca Gathering Company and has been operating as a division thereof effective August 31, 1972. Petitioner does not propose any change in service or facilities from those that were authorized by the Commission.

Any person desiring to be heard or to make any protest with reference to said petition to amend should on or before December 19, 1975, file with the Federal Power Commission, Washington, D.C. 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's rules.

[Docket No. ER76-299]

CONNECTICUT LIGHT AND POWER CO. AND HARTFORD ELECTRIC LIGHT CO.

Notice of Termination

DECEMBER 9, 1975.

Take notice that on November 26, 1975, The Connecticut Light and Power Company (CL&P) and The Hartford Electric Light Company (HELCO) filed with the Commission a notice that the following rate schedules, effective November 1, 1974, were terminated in accordance with their terms on October 31, 1975:

Rate Schedule FPC No. CL&P 102; and Rate Schedule FPC No. HELCO 83.

CL&P and HELCO state that notice of the proposed termination has been served upon the Central Maine Power Company.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's Rules of Practice and Procedure. All such petitions or protests should be filed on or before December 19, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the procedinig. Any person wishing to become a party must file a petition to intervene. Copies of this application are on file with the Commission and are available for public inspection.

[Docket No. ER76-300]

CONNECTICUT LIGHT AND POWER CO. ET AL.

Notice of Termination

DECEMBER 9, 1975.

Take notice that on November 26, 1975, The Connecticut Light and Power Company (CL&P), The Hartford Electric Light Company (HELCO) and Western Massachusetts Electric Company (WMECO) filed with the Commission a notice that the following rate schedules, effective May 1, 1974, were terminated in accordance with their terms on October 31, 1974:

Rate Schedule FPC No. CL&P 91; Rate Schedule FPC No. HELCO 74; and Rate Schedule FPC No. WMECO 90.

CL&P, HELCO and WMECO state that notice of the proposed termination has been served upon New Bedford Gas and Edison Light Company.

Any person desiring to be heard or to protest said application should file a petition to intervene or protest with the Federal Power Commission, 825 North Capitol Street, NE., Washington, D.C. 20426, in accordance with §§ 1.8 and 1.10 of the Commission's Rules of Practice and Procedure. All such petitions or protests should be filed on or before December 19, 1975. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Secretary.

[FR Doc.75-33786 Filed 12-15-75;8:45 am]

[Docket No. E-9200]

UPPER PENINSULA POWER CO.

Order Approving Settlement Agreement

DECEMBER 9, 1975.

On December 30, 1974, Upper Peninsula Power Company (Uppco) tendered for filing proposed changes in its FPC Rate Schedule Nos. 2, 3, 6, 7, 12, 13, 14 and 15, for service to the Alger-Delta Cooperative Electric Association, the Ontagon County Rural Electrification Association, the Village of Baraga, the City of Gladstone, the Village of L'Anse, the City of Neagunee, all in Michigan, and to the Wisconsin-Michigan Power Company. The proposed changes would increase revenues from these jurisdictional customers by approximately $287,079, based on the 12-month period ended July 31, 1974.

By order issued January 30, 1975, the Commission accepted the proposed tariff changes for filing, suspended the rate increase for 30 days, to become effective March 2, 1975, subject to refund and set the matter for hearing. An untimely petition to intervene in this proceeding was filed on October 8, 1975, by the City of Gladstone.

In addition, the Commission, in the order of January 30, 1975, found that Uppco's proposed fuel cost adjustment clause did not fully comply with Order No. 517. On March 31, 1975, Uppco submitted a revised fuel cost adjustment clause which the Commission accepted for filing and approved by letter order dated April 24, 1975, and permitted to become effective as of March 2, 1975.

As a result of settlement conferences, Uppco, on September 12, 1975, filed a Settlement Agreement and a Motion for Approval of the Settlement Agreement.

The proposed agreement reduces Uppco's rate increase to its jurisdictional customers from $287,079, or a 21.2% increase reflected in Uppco's original filing to $200,020, or a 14.8% increase. The settlement increase will provide Uppco with a return on equity of 12.75% and an overall rate of return of 8.65%, based upon its capital structure of March 31, 1975.[1]

Notice of the proposed settlement agreement was issued on September 18, 1975, with comments due on or before October 14, 1975. Staff filed comments in support of the proposed settlement on October 14, 1975.

On October 8, 1975, the City of Gladstone, Michigan (Gladstone) filed a Petition To Intervene And Motion For Comprehensive Interchange Agreement. Therein, Gladstone requests that the Commission not terminate the docket in this proceeding even though it should approve the proposed settlement agreement, which Gladstone does not oppose. Rather, Gladstone petitions to intervene in this proceeding and requests that the

[1] The settlement cost of service and capitalization are set forth in Attachment A to this order.

V40242 DEC 16 75 XUM

docket remain open to consider its entitlement to purchase power pursuant to a comprehensive interchange agreement which it is currently attempting to negotiate with Uppco.

On October 22, 1975, Uppco filed its response to Gladstone's pleading wherein Uppco opposes Gladstone's petition to intervene in this proceeding and its request that the Commission order Uppco to enter into a comprehensive interchange agreement with Gladstone. Uppco contends Gladstone is seeking to enlarge the scope of the proceeding, in which the only issue heretofore has been the justness and reasonableness of Uppco's W-1 rate for firm wholesale sales. Moreover, Uppco states that Gladstone's requests should be denied in that it did not file a timely petition to intervene or attempt to participate in the settlement discussions and because Gladstone does not oppose the Commission's approving the proposed settlement agreement. Uppco further opposes Gladstone's request that the Commission should permit the docket in this proceeding to remain open to consider an interchange arrangement. Uppco asserts that should the docket be closed, Gladstone would not be prejudiced in negotiating an interchange arrangement with Uppco which the latter is willing to consider in good faith.

Our review of the proposed settlement, Staff's comments and the related record indicates that it is a reasonable and appropriate resolution of the issues in this proceeding in the public interest and that, accordingly, it should be adopted, as hereinafter ordered. Gladstone's October 8, 1975, petition to intervene and request that the Commission hold open the docket in this proceeding to consider ordering an interchange arrangement between Gladstone and Uppco should be granted as to the former request and denied as to the latter. The issue presented for consideration in this filing is whether or not the proposed settlement agreement provides for just and reasonable rates under the W-1 rate schedule for firm wholesale sales. Gladstone's petition addresses that issue insofar as Gladstone supports the proposed settlement agreement. Our action herein does not preclude Gladstone and Uppco from negotiating a comprehensive interchange agreement on their own motion. Moreover, Gladstone may file pursuant to Section 202(b) of the Federal Power Act for such relief as it may deem appropriate.

The Commission finds: (1) The proposed settlement of this proceeding as filed by Uppco with the Commission on September 12, 1975, is reasonable and proper and in the public interest in carrying out the provisions of the Federal Power Act and should be approved, as hereinafter ordered.

(2) Good cause exists to deny Gladstone's October 8, 1975, motion requesting the Commission to order Uppco to provide Gladstone a comprehensive interchange agreement.

(3) Gladstone's untimely petition to intervene in this proceeding should be granted.

The Commission orders: (A) The proposed settlement filed by Uppco on September 12, 1975, is incorporated herein by reference and made a part hereof, is approved, and adopted to be effective as of March 2, 1975.

(B) Within thirty days of the issuance of this order, Uppco shall file with the Commission a report of the payment of all refunds including 9% interest per annum thereon.

(C) Uppco shall file, within 30 days of the date of issuance of this order, rate schedules revised in accordance with the terms of the settlement agreement.

(D) Gladstone's October 8, 1975, motion requesting the Commission to order Uppco to provide Gladstone a comprehensive interchange agreement is hereby denied.

(E) Gladstone's untimely petition to intervene is granted subject to the rules and regulations of the Commission: *Provided, however,* That participation of such intervenor shall be limited to matters affecting asserted rights and interests as specifically set forth in the petition to intervene: And *provided, further,* That the admission of such intervenor shall not be construed as recognition by the Commission that they might be aggrieved because of any order or orders of the Commission entered in this proceeding.

(F) This order is without prejudice to any findings or orders which have been made or which may hereafter be made by the Commission, and is without prejudice to any claims or contentions which may be made by the Commission, its staff, Uppco, or by any other party or person affected by this order in any proceeding now pending or hereinafter instituted by or against Uppco or any other person or party.

(G) The Secretary shall cause prompt publication of this order in the FEDERAL REGISTER.

By the Commission.

[SEAL] KENNETH F. PLUMB, *Secretary.*

GENERAL ACCOUNTING OFFICE

REGULATORY REPORTS REVIEW

Receipt of Report Proposals

The following requests for clearance of reports intended for use in collecting information from the public were received by the Regulatory Reports Review Staff, GAO, on December 8, 1975. See 44 U.S.C. 3512(c) and (d). The purpose of publishing this list in the FEDERAL REGISTER is to inform the public of such receipt.

The list includes the title of each request received; the name of the agency sponsoring the proposed collection of information; the agency form number, if applicable; and the frequency with which the information is proposed to be collected.

Written comments on the proposed CAB forms are invited from all interested persons, organizations, public interest groups, and affected businesses. Because of the limited amount of time GAO has to review the proposed forms, comments (in triplicate) must be received on or before January 5, 1976, and should be addressed to Mr. Carl F. Bogar, Assistant Director, Office of Special Programs, United States General Accounting Office, Room 5216, 425 I Street, NW., Washington, D.C. 20548.

Further information may be obtained from Patsy J. Stuart of the Regulatory Reports Staff, 202–376–5425.

CIVIL AERONAUTICS BOARD

The Civil Aeronautics Board (CAB) has requested an extension no change clearance of Part 372a of the Board's Special Regulations dealing with travel group charters. The request includes Form 372a entitled CAB Travel Group Charter Passenger Name List, a reporting requirement entitled Post-flight Accounting Report, and a records retention requirement. Respondents number approximately 100 travel group charter organizations who complete an average of 10 forms and 10 post-flight reports annually. CAB estimates that each form 372a requires on hour to complete and each post-flight accounting report requires 15 minutes to complete.

NORMAN F. HEYL,
Regulatory Reports Review Officer.

GENERAL SERVICES ADMINISTRATION

COMMISSION ON GOVERNMENT PROCUREMENT

Executive Branch Position

Notice is given of the executive branch position with respect to Commission on Government Procurement Recommendations A–29 and A–46.

Recommendation A–29: "Establish procedures for a single final overhead settlement binding on all Federal contracts at a given contractor location." The executive branch has accepted this recommendation as its policy, which will be implemented by a Federal Management Circular.

Recommendation A–46: "Revise current debarment policies to provide for uniform treatment for comparable violations of the various social and economic requirements and to establish a broader range of sanctions for such violations." The executive branch has accepted this recommendation with a modification to include all statutory and administrative debarments and suspensions. The use of fines was ruled out, and a provision for contractor reinstatement upon demonstrated compliance is included in the executive branch position, which now reads as follows:

"Revise current debarment procedures to provide for uniform treatment for comparable violations and provide for reinstatement of a contractor's eligibility after he has demonstrated compliance."

An interagency task force is being established to recommend areas of implementation of this recommendation.

This notice is being published by direction of the Administrator for Federal Procurement Policy, Office of Management and Budget.

Dated at Washington, D.C. on December 3, 1975.

WILLIAM W. THYBONY,
Acting Associate Administrator.

[FR Doc.75-33833 Filed 12-15-75;8:45 am]

NATIONAL COMMISSION ON WATER QUALITY

PUBLIC HEARINGS

Notice is hereby given that the National Commission on Water Quality will hold a series of public hearings to review its draft report of the impacts of the Federal Water Pollution Control Act of 1972. This report, as required by Section 315 of the Act, assesses the total economic, social, and environmental effects of achieving or not achieving the effluent limitations and goals set forth (in the Act) for 1983.

The hearings will be held on the following dates and at the following locations beginning at 9:30 a.m.

Chicago, Ill	Jan. 10, 1976	Ceremonial Courtroom, Dirksen Bldg.
San Francisco, Calif.	do	Hyatt-Regency Hotel.
Fort Worth, Tex.	Jan. 12, 1976	Ramada Inn Central.
Boston, Mass	do	Statler Hilton.
Washington, D.C.	Jan. 19, 1976	New Executive Office Bldg.

Persons wishing to testify should register at least three days before the hearings by writing or calling Robert Hutchings, Office of Public Affairs, National Commission on Water Quality, Post Office Box 19266, Washington, D.C. 20036 (202–254–7806). Copies of the report may be obtained by writing or telephoning the above. Copies have also been placed in principal libraries in the United States.

Time limitations on oral testimony at the hearings may be established at the discretion of the Commission member chairing the hearings. Two copies of written testimony should be supplied to the Commission at the hearings. The hearing record will be held open until the close of business on February 6, 1976. The Commission requests that persons who are unable to participate in public hearings and who wish to do so, furnish comments directly to the Commission, attention Office of Public Affairs.

F. J. CLARKE,
Executive Director.

NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

National Endowment for the Humanities

ADVISORY COMMITTEE FELLOWSHIPS PANEL

Meeting

DECEMBER 2, 1975.

Pursuant to the provisions of the Federal Advisory Committee Act (Public Law 92–463) notice is hereby given that a meeting of the Fellowships Panel will be held in Washington, D.C., on January 5, 8, and 9, 1976, from 9:00 a.m. to 5:30 p.m.

The purpose of the meeting is to review Fellowships in Residence for College Teachers applications submitted to the National Endowment for the Humanities for 1976–1977 fellowship grants.

Because the proposed meeting will consider financial information and personnel and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, pursuant to authority granted me by the Chairman's Delegation of Authority to Close Advisory Committee Meetings, dated August 13, 1973, I have determined that the meeting would fall within exemptions (4) and (6) of 5 U.S.C. 552(b) and that it is essential to close the meeting to protect the free exchange of internal views and to avoid interference with operation of the Committee.

It is suggested that those desiring more specific information get in touch with the Advisory Committee Management Officer, Mr. John W. Jordan, 806 15th Street, NW.; Washington, D.C. 20506, or call area code 202–382–2031.

JOHN W. JORDAN,
Advisory Committee Management Officer.

[FR Doc.75-33769 Filed 12-15-75;8:45 am]

ADVISORY COMMITTEE FELLOWSHIPS PANEL

Meeting

DECEMBER 3, 1975.

Pursuant to the provisions of the Federal Advisory Committee Act (Pub. L. 92–463) notice is hereby given that a meeting of the Fellowships Panel will be held at Washington, D.C. on January 5, 7, 9, 10, and 16, 1976.

The purpose of the meeting is to review Summer Stipend applications submitted to the National Endowment for the Humanities for 1976 summer grants.

Because the proposed meeting will consider financial information and personnel and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, pursuant to authority granted me by the Chairman's Delegation of Authority to Close Advisory Committee Meetings, dated August 13, 1973, I have determined that the meeting will fall within exemptions (4) and (6) of 5 U.S.C. 552(b) and that it is essential to close the meeting to protect the free exchange of internal views and to avoid interference with operation of the Committee.

It is suggested that those desiring more specific information contact the Advisory Committee Management Officer, Mr. John W. Jordan, 806 15th Street, NW., Washington, D.C. 20506, or call area code 202–382–2031.

[Notice No. 142]

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

DECEMBER 11, 1975.

The following are notices of filing of applications for temporary authority under Section 210a(a) of the Interstate Commerce Act provided for under the provisions of 49 CFR § 1131.3. These rules provide that an original and six (6) copies of protests to an application may be filed with the field official named in the FEDERAL REGISTER publication no later than the 15th calendar day after the date the notice of the filing of the application is published in the FEDERAL REGISTER. One copy of the protest must be served on the applicant, or its authorized representative, if any, and the protestant must certify that such service has been made. The protest must identify the operating authority upon which it is predicated, specifying the "MC" docket and "Sub" number and quoting the particular portion of authority upon which it relies. Also, the protestant shall specify the service it can and will provide and the amount and type of equipment it will make available for use in connection with the service contemplated by the TA application. The weight accorded a protest shall be governed by the completeness and pertinence of the protestant's information.

Except as otherwise specifically noted, each applicant states that there will be no significant effect on the quality of the human environment resulting from approval of its application.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in the I.C.C. Field Office to which protests are to be transmitted.

MOTOR CARRIERS OF PROPERTY

No. MC 58549 (Sub-No. 22 TA), filed December 2, 1975. Applicant: CLINE MUNDY, doing business as, GENERAL MOTOR LINES, 1534 Granby St. NE., P.O. Box 5157, Roanoke, Va. 24012. Applicant's representative: Jerry D. Beard (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities* (except those of unusual value, Classes A and B explosives, household goods as defined by the Commission, commodities in bulk, and those requiring special equipment), between Warm Springs, Va., and Monterey, Va., over U.S. Highway 220, serving all intermediate points. Applicant intends to tack authority sought with that presently held in MC–58549 Sub 11, at Warm Springs, Va., and interline with other carriers at Roanoke and Martinsville, Va., for 180 days. Supporting shipper: Mauzy's, Monterey, Va. 24465. Send protests to: Danny R. Beeler, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 215 Campbell Ave SW., Roanoke, Va. 24011.

No. MC 87511 (Sub-No. 18TA), filed November 25, 1975. Applicant: SAIA MOTOR FREIGHT LINE, INC., P.O. Box 10157, Station One, Houma, La. 70360. Applicant's representative: A. Rex Joyner, P.O. Box 10338, Jefferson, La. 70181. Authority sought to operate as a *common carrier*, by motor vehicle, over regular routes, transporting: *General commodities*, serving the Superior Oil Plant Site near Junction of Louisiana Highway 14 and Louisiana 3056, as an off route point in connection with carrier's existing regular route authority. Applicant intends to tack its existing authority with MC 87511 and subs thereunder, for 180 days. Applicant has also filed an underlying ETA seeking up to 90 days of operating authority. Supporting shipper: The Superior Oil Company, P.O. Box 1521, Houston, Tex. 77001. Send protests to: Ray C. Armstrong, Jr., District Supervisor, 9038 Federal Bldg., 701 Loyola Ave., New Orleans, La. 70113.

V 40 242 DEC 16 75 XUM

No. MC 88161 (Sub-No. 90 TA), filed December 3, 1975. Applicant: INLAND TRANSPORTATION CO., INC., 6737 Corson Ave., South, Seattle, Wash. 98108. Applicant's representative: Stephen A. Cole (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Liquid resins*, in bulk, *and catalysts, polyurethane foam and glass fibre roving* in packages or containers, on the same vehicle, in combination for the same shipper, from Tacoma, Wash., to Caldwell and Wallace, Idaho, and Portland, Oreg., for 180 days. Supporting shipper: Reichhold Chemicals, Inc., P.O. Box 1482, Tacoma, Wash. 98401. Send protests to: L. D. Boone, Transportation Specialist, Bureau of Operations, Interstate Commerce Commission, 858 Federal Bldg., 915 Second Ave., Seattle, Wash. 98174.

No. MC 102478 (Sub-No. 5 TA), filed December 1, 1975. Applicant: BRIGHT BELT MOTOR LINES, INC., P.O. Box 237, Grifton, N.C. 28530. Applicant's representative: Jesse H. Wade (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Roofing and building materials, industrial asphalt*, from points in Carteret County, N.C. and the plantsite of Trumbull Asphalt Company, of Morehead City, N.C., to points in Pennsylvania, South Carolina, Virginia, and North Carolina, for 180 days. Applicant has also filed an underlying ETA seeking up to 90 days of operating authority. Supporting shipper: Trumbull Asphalt Company, Morehead City, N.C. 28557. Send protests to: Archie W. Andrews, District Supervisor, Interstate Commerce Commission, Bureau of Operations, P.O. Box 26896, Raleigh, N.C. 27611.

No. MC 107295 (Sub-No. 791 TA), filed December 2, 1975. Applicant: PRE-FAB TRANSIT CO., 100 South Main St., Farmer City, Ill. 61842. Applicant's representative: Duane Zehr (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Doors, door frames, windows, window frames, and millwork*, from Peru, Ill., to points in Connecticut, Delaware, the District of Columbia, Indiana, Iowa, Kentucky, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Virginia, West Virginia and Wisconsin, for 180 days. Supporting shipper: W. C. Wahlstrom, Secretary-Treasurer, Illinois Millwork Corporation, 1315 Water St., Peru, Ill. 61354. Send protests to: Harold C. Jolliff, District Supervisor, Interstate Commerce Commission, P.O. Box 2418, Springfield, Ill. 62705.

No. MC 108380 (Sub-No. 88 TA), filed November 26, 1975. Applicant: JOHNSTON'S FUEL LINERS, INC., P.O. Box 100, Newcastle, Wyo. 82701. Applicant's representative: Stockton and Lewis, The 1650 Grant St. Bldg., Denver, Colo. 80203. Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Creosote oil*, from Ironton, Utah, to Whitewood, S. Dak., for 180 days. Applicant has also filed an underlying ETA seeking up to 90 days of operating authority. Supporting shipper: Reilly Tar & Chemical Corporation, Box 1186, Provo, Utah 84601. Send protests to: Paul A. Naughton, District Superivsor, Interstate Commerce Commission, Room 1006 Federal Bldg. & Post Office, 100 East B St., Casper, Wyo. 82601.

No. MC 108449 (Sub-No. 388 TA), filed November 25, 1975. Applicant: INDIANHEAD TRUCK LINE, INC., 1947 West County Road C, St. Paul, Minn. 55113. Applicant's representative: W. A. Mylenbeck (same address as applicant). Authority sought to operate as a *common carrier*, by motor vehicle, over irregular routes, transporting: *Liquid fertilizer compounds*, in bulk, in tank vehicles, from Chemolite, Minn., to Prairie du Chien, Wis., for 180 days. Applicant has also filed an underlying ETA seeking up to 90 days of operating authority. Supporting shipper: Minnesota Mining & Manufacturing Company, 3M Center, St. Paul, Minn. 55101. Send protests to: Raymond T. Jones, District Supervisor, Interstate Commerce Commission, Bureau of Operations, 414 Federal Bldg. & U.S. Courthouse, 110 S. 4th St., Minneapolis, Minn. 55401.

No. MC 110563 (Sub-No. 162 TA), filed December 3, 1975. Applicant: COLDWAY FOOD EXPRESS, INC., P.O. Box 747, Ohio Bldg., Sidney, Ohio 45365. Applicant's representative: John L. Maurer (same address as applicant). [EX PARTE No. MC-43]

LEASE AND INTERCHANGE OF VEHICLES BY MOTOR CARRIERS

DECEMBER 11, 1975.

At a Session of the Interstate Commerce Commission, Motor Carrier Leasing Board, held at its office in Washington, D.C., on the 4th day of December, 1975.

It appearing, That a petition has been filed by Imperial Van Lines, Inc., (MC–65665 and MC–65665 Sub-No. 14G) and Martin Van Lines, Inc., (MC–112263), under temporary common control for waiver of paragraph (c) of section 1057.4 and paragraph (d) of section 1057.5 of the Lease and Interchange of Vehicles Regulations (49 CFR 1057), concerning equipment leased and interchanged between petitioners;

It further appearing, That petitioners have a jointly administered program applying the same standards of inspection and maintenance to equipment in accordance with the motor carrier safety regulations of the U.S. Department of Transportation;

It further appearing, That the U.S. Department of Transportation offers no objection to a grant of the relief sought based on an examination of petitioners' record;

It is ordered, That waiver of paragraph (c) of § 1057.4, be, and, it is hereby granted provided that the equipment is inspected on the day it is to be leased or interchanged and found to meet the requirement of the motor carrier safety regulations of the U.S. Department of Transportation and that petitioners remain in satisfactory compliance with those regulations and under common control.

It is further ordered, That waiver of paragraph (d) of § 1057.5 be, and, it is hereby denied.

By the Commission, Motor Carrier Leasing Board.

PART II:

FEDERAL ELECTION COMMISSION

ADVISORY OPINIONS AND REQUESTS

V 40 242 DEC 16 75 XUM

FEDERAL ELECTION COMMISSION

[Notice 1975–90]

ADVISORY OPINIONS

The Federal Election Commission announces the publication today of Advisory Opinions 1975–50, 1975–53, 1975–65, 1975–85 and 1975–93. The Commission's opinions are in response to questions raised by individuals holding Federal office, candidates for Federal office and political committees, with respect to whether any specific transaction or activity by such individual, candidate, or political committee would constitute a violation of the Federal Election Campaign Act of 1971, as amended, of Chapter 95 or 96 of Title 26, United States Code, or of Sections 608, 610, 611, 613, 614, 615, 616 or 617 of Title 18, United States Code.

The Commission points out that these advisory opinions should be regarded as interim rulings which are subject to modification by future Commission regulations of general applicability. In the event that a holding in either opinion is altered by the Commission's regulations, the persons to whom the opinions were issued will be notified.

ADVISORY OPINION 1975–50

APPLICABILITY OF 1974 AMENDMENTS; SCOPE OF CORPORATE CONTRIBUTION PROSCRIPTION IN SECTION 610

This advisory opinion is rendered under 2 U.S.C. § 437f in response to a request by the campaign committee of Jeff LaCaze, a former candidate for Federal office. The request was published as AOR 1975–50 in the September 3, 1975 FEDERAL REGISTER (40 FR 40678). No comments were received.

The request states that Mr. LaCaze was a candidate for the House of Representatives from the Sixth District of Louisiana. The results of the general election of November 5, 1974, were disputed and after litigation the State courts ordered a new election for January 7, 1975. Prior to the new election, the LaCaze Committee wrote to the Clerk of the House of Representatives, seeking, in essence, an opinion as to whether the 1974 campaign law amendments were applicable to the election and, in particular, to contributions and expenditures received between January 1–7, 1975. The response, contained in a telegram, quoted from a note to 2 U.S.C. § 437c, as amended in 1974, which stated in substance that until the qualification of all the members of the Federal Election Commission and its General Counsel and until the transfer provided for in the subsection, the Clerk of the House of Representatives shall continue to carry out his responsibilities under Title I and Title III of the Federal Election Campaign Act of 1971, as such Titles existed on the day before the enactment of the Act.

The LaCaze Committee asks whether the Advisory Opinion of the Commission as to the applicability of the 1974 Amendments to post-December 31, 1974 expenditures (AO 1975–6 in 40 FR 31316) applies in his particular situation. The Committee also seeks opinions as to the following unrelated issues: (a) whether accrued interest payments on 1974 promissory notes executed in connection with Mr. LaCaze's Congressional campaign, if paid in 1975, are subject to the contribution and expenditure limits of the 1974 Amendments to the Federal election campaign law; (b) whether 18 U.S.C. § 610 prohibits a corporation from forgiving or settling prior debts owed by a candidate to the corporation and, if not, whether such debts can be written off as bad debts.

The first question involves an apparently unique, individual situation and as such qualifies as an isolated exception to Advisory Opinion 1975–6. The telegram from the Clerk of the House of Representatives—although not specifically stating so—was clearly subject to an interpretation that the contribution and expenditure limitations set forth in Title I of the 1974 law were inapplicable to Mr. LaCaze. As such, given Mr. LaCaze's apparent good faith reliance on the telegram, it is the conclusion of the Commission that he cannot be held to be subject to the contravening Advisory Opinion of the Commission, which was published some seven months after his campaign was concluded. However, although Mr. LaCaze's debts will be treated as if they were subject to the 1971 Federal Election Campaign Act, all contributions made to retire them are subject to the restrictions set forth in Advisory Opinion 1975–82, approved by the Commission on December 2, 1975, (40 FR 57757).

With regard to the second question, a promissory note is in essence a "loan" or "advance" and hence comes within the meaning of the definition of "contribution", as it is set forth in 18 U.S.C. § 591(e)(1). Since the Commission has already concluded in AO 1975–6 (*supra*) that the contribution and expenditure limitations set forth in 18 U.S.C. §608 are, with the exception of a candidate's use of personal funds, inapplicable to an election campaign which occurred prior to January 1, 1975, it is clear that this conclusion also applies to promissory notes. Moreover, if the maker of a promissory note signed a commitment to make future interest payments then these payments may be dated back to the date the note was signed. If this date in Mr. LaCaze's case is prior to January 7, 1975, then it is the Commission's conclusion that the interest payments would not be covered by the 1974 Amendments to the Federal Election Campaign Act, even if the payments were made after January 7, 1975. However, this conclusion does not apply to interest payments made by the candidate himself. These would have to be counted toward the limitation set forth in 18 U.S.C. § 608(a)(1)(C). (See AO 1975–6, *supra*, as modified by AO 1975–82, *supra*.)

The final question concerns the application of 18 U.S.C. § 610 to the settlement or forgiveness of debts owed by a candidate or political committee to corporations. In general, a corporation may not forgive prior debts or settle these debts for less than the amount owed by the candidate or committee, because settlement or forgiveness of a corporate debt is a contribution under § 610. However, in certain extenuating circumstances (which shall be subject to Commission scrutiny on a case by case basis), settlement or forgiveness of such a corporate debt may not be considered a contribution under § 610 if a showing is made to the Commission that the corporate creditor has treated the outstanding debt of a candidate or political committee in a commercially reasonable manner.

Such a showing must include at least the following:

(1) That the initial extension of credit to the candidate or political committee was made in a manner and on terms similar to extensions of credit to a non-political debtor or in accordance with regulations prescribed by a regulatory Board or Commission pursuant to 2 U.S.C. § 451;

(2) That the candidate or political committee has undertaken an exhaustive effort to satisfy the outstanding debt; and

(3) The corporate creditor has pursued its remedies in a manner similar in intensity to that employed in pursuit of a non-political debtor.

The question of whether an uncollected debt owed by a candidate or political committee to a corporation may be written off by the corporation as a bad debt for income tax purposes does not involve issues falling within the statutory authority of the Commission.

The Commission notes that the limits in 18 U.S.C. § 608(a) applied to Mr. LaCaze's campaign even though he was not subject to the other limits in § 608 as added by the 1974 Amendments. This opinion does not address the question of whether Mr. LaCaze would be in violation of 18 U.S.C. § 608(a) if, having already expended up to the § 608(a) limit, he pays any State court judgments rendered against him personally for a campaign debt.

This advisory opinion is issued on an interim basis only pending promulgation by the Commission of rules and regulations or policy statements of general applicability.

ADVISORY OPINION 1975–53

APPLICATION OF LIMITATIONS ON CONTRIBUTIONS AND EXPENDITURES TO NOMINATION BY A PETITION EFFORT

This advisory opinion is rendered under 2 U.S.C. § 437f, in response to a request, published on September 3, 1975 (40 FR 40678), concerning the applicability of the limitations on contributions and expenditures, contained in 18 U.S.C. § 608, to the process by which a candidate is nominated for a ballot position in a general election via a petition effort. Written comments were invited but none were received.

The request raises three separate questions. First the request asks whether the limitation on expenditures contained in 18 U.S.C. § 608(c)(1)(C) applies to an independent candidate for the Senate who seeks to qualify for a ballot position in a general election through the gathering of petition signatures instead of seeking nomination in the party primary. The Commission is of the opinion that the limitations contained in such section do apply to a petition effort for nomination in the same manner in which they apply to candidates seeking nomination through a primary or other party selection route. 18 U.S.C. § 608(c)(1)(C) applies "in the case of any campaign for nomination for election by a candidate for the office of Senator" and is not limited by its terms to a primary election. Rather, the word campaign, as used in section 608(c)(1)(C) refers to the process by which the candidate seeks to qualify for a ballot position in a general election. Because the Commission sees a need to delineate the time when such a process ends and the general election campaign begins, it adopts the following guideline. With respect to individuals seeking a ballot position in a general election for Federal office without nomination by a party, a primary election shall be deemed to have occurred on the day prescribed by applicable State law as the last day to qualify for a position on the general election ballot or the date of the last major party primary election whichever is later. (See Proposed Disclosure Regulations, § 100.6(b)(2) adopted by the Commission on November 25, 1975). If a candidate makes expenditures during the "primary" period which are directed toward the general election, (such as buying television time to be used prior to the general election but after the close of the "primary" period) such expenditures will be charged against the candidate's general election expenditure limitation. Similarly, if a candidate incurs expenditures after the "primary" period which are directly related to his or her petition effort, these expenditures would be considered "primary" expenditures.

Second, the request asks whether, assuming an independent candidate is considered for purposes of the spending limitations in the same manner as a candidate for nomination in a primary, there are any restrictions on the funds used to qualify by petition other than those imposed by the Federal Election Campaign Act of 1971, as amended. It is the Commission's opinion that any expenditures made for the purpose of qualifying a candidate for election to Federal office through a petition effort may be made in the same amounts and in the same manner as funds expended to qualify for nomination by running in a primary election. The Commission is currently in the process of drafting regulations which will provide direction as to how to allocate the cost of materials to the primary and general election efforts, respectively.

Third, the Commission is requested to rule on the extent to which surplus funds not expended in a petition effort may be carried over into the general election campaign subsequent to the qualification for the general election ballot by the candidate.

The Commission is of the opinion that surplus funds remaining from a primary or petition campaign may be carried over and used in the general election so long as the general election limits on spending established by 18 U.S.C. § 608 are not exceeded. However, contributions ostensibly earmarked for the primary election or "primary" period in the instant case, which are received by the candidate after the primary election (period) will be treated as contributions for the general election unless at the time the contribution is received the amount of debts from the primary campaign exceeds the balance on hand in the primary election account. Only those post-primary contributions needed to retire the primary debt will be treated as made with respect to the primary election.

This advisory opinion is issued on an interim basis only pending promulgation by the Commission of rules and regulations or policy statements of general applicability.

ADVISORY OPINION 1975–65

CONTRIBUTION FROM IMMEDIATE FAMILY FOR SENATE CAMPAIGN

This advisory opinion is rendered under 2 U.S.C. § 437f, in response to a request for an advisory opinion from Congressman Alphonzo Bell which was published as AOR 1975–65 in the FEDERAL REGISTER, September 18, 1975 (40 FR 43162). Interested parties were given an opportunity to submit written comments regarding the request, but none were received.

Representative Bell presents two issues for determination by the Commission: (1) whether the spouses of his children and his wife's brother, sister and parents are members of his "immediate family" for the purpose of limits on contributions from family funds; (2) whether a member of a candidate's immediate family may contribute up to $1,000 (18 U.S.C. § 608(b)(1)) once the candidate has reached the ceiling on permissible expenditures from his or her family's personal funds.

I. MEMBERS OF IMMEDIATE FAMILY

18 U.S.C. § 608(a)(1) provides in pertinent part that:

No candidate may make expenditures from his personal funds, or the personal funds of his immediate family, in connection with his campaigns during any calendar year for nomination for election, or for election to Federal office in excess of, in the aggregate—

(A) $50,000, in the case of a candidate for the office of President or Vice President of the United States;

(B) $35,000, in the case of a candidate for the office of Senator * * * or

(C) $25,000, in the case of a candidate for the office of Representative * * *.

For the purposes of these limitations on contributions/expenditures from personal funds, the term "immediate family" has been unambiguously defined. According to the explicit language of § 608(a)(2),

"immediate family" means a candidate's spouse, and any child, parent, grandparent, brother or sister of the candidate, and the spouses of such persons.

Therefore, the brother, sister and parents of Representative Bell's wife are not regarded as members of his "immediate family," whereas the spouses of his children come within the purview of § 608(a)(2).

II. CONFLICT OF 18 U.S.C. §§ 608(a)(1) AND 608(b)(1)

Regarding the second issue raised, it is the opinion of the Commission that an immediate family member may contribute more than $1,000 to the related Federal candidate, provided the member does not exceed the $25,000 aggregate limit on contributions by an individual [18 U.S.C. § 608(b)(3)] and that the candidate does not surpass the ceiling on contributions and/or expenditures from personal or family funds [18 U.S.C. § 608(a)(1)].

On its face, the language of § 608(a)(1) clearly supports the view of the Commission. A candidate is permitted to make campaign expenditures no greater than the amount designated for the office sought "from his personal funds, *or the personal funds of his immediate family* * * *" The Appellate Court in *Buckley* v. *Valeo*, 519 F.2d 821, at 854 (D.C. Cir., 1975), upheld § 608(a) against constitutional challenge, interpreting it as serving "to relax the $1,000 per candidate contribution limit for a candidate and his immediate family."

§ 608(a) does not relax the $25,000 ceiling on all contributions in a calendar year, however. Each donation of a family member to the campaign of a related candidate must be credited against the § 608(b)(3) limit. A family member who has already made contributions aggregating $25,000 may not, therefore, contribute further to the related candidate.

A candidate, however, is not restricted by the § 608(b)(3) ceiling in drawing monies from personal funds in connection with his/her own campaigns. The language of § 608(a) on its face clearly overrides the application of the $25,000 aggregate contribution limits of § 608(b)(3) as to candidates for the offices of President, Vice President, Senator, or Representative from a state which is entitled to only one Representative [18 U.S.C. § 608(a)(1)(A)–(B)].

After a candidate reaches the appropriate § 608(a) aggregate limit, further contributions by any immediate family member are prohibited. If any family member wishes to further contribute to the candidate or to the candidate's campaign committee, the candidate or another family member who has previously given should request a refund in the same amount from the principal campaign committee in order not to violate § 608(a).

This advisory opinion is issued on an interim basis pending promulgation by the Commission of rules and regulations or policy statements of general applicability.

V 40 242 DEC 16 75 XUM

ADVISORY OPINION 1975–85

APPLICATION OF HONORARIUM LIMITATIONS TO THE ACCEPTANCE OF AN AWARD

This advisory opinion is rendered under 2 U.S.C. § 437f in response to a request for an advisory opinion which was submitted by Senator Hubert H. Humphrey, which was published as AOR 1975–85 in the November 4, 1975, FEDERAL REGISTER (40 FR 51355). Interested parties were given an opportunity to submit written comments relating to the request. No comments were received.

The request generally asks whether a monetary award given to a United States Senator in recognition of public service or special achievement, is to be treated as an honorarium, and thus limited by the provisions of 18 U.S.C. § 616. Specifically, the facts of the request are that Senator Hubert H. Humphrey has been selected as a 1975 recipient of the "Joseph Prize for Human Rights" which is given through the Anti-defamation League of B'nai B'rith. The prize includes a medal and a $5,000 monetary award. According to Mr. Gartner, Senator Humphrey is not required to make an appearance, speech or prepare an article for the Anti-defamation League in order to receive the prize. In addition, if Senator Humphrey is allowed to accept the award, he intends to donate the full amount for a charitable purpose.

It is provided in 18 U.S.C. § 616 that:

Whoever, while an elected or appointed officer or employee of any branch of the Federal Government—

(1) accepts any honorarium of more than $1,000 • • • for any appearance, speech or article; or

(2) accepts honorariums • • • aggregating more than $15,000 in any calendar year; shall be fined not less than $1,000 nor more than $5,000.

This provision clearly limits honoraria accepted for any appearance, speech, or article. The question then arises as to whether, for purposes of this section, money received as an award in recognition of public service or special achievement is to be treated as an honorarium. In this case the Commission concludes that the word "honorarium" should be read narrowly to reflect only the obvious intent of the statute, and should not be interpreted as including "an award." This view accords with the legislative history of 18 U.S.C. § 616 (120 CONG. REC. S. 18526 (daily ed. Oct. 8, 1974)) which shows a Congressional intent to limit only honoraria accepted in exchange for some action by a Federal official or employee, and shows no intent to provide a broad regulatory scheme which would govern all awards made to Federal officers and employees. It also may be helpful to note that an award is distinguished from an honorarium under the Internal Revenue Code, where an honorarium is treated as taxable income, but an award is excluded from gross income. 26 U.S.C. § 74; T.D. 6137, 1952–2 C.B. 27.

Thus it is the conclusion of the Commission that an award will not generally be treated as an honorarium for purposes of 18 U.S.C. § 616, if the award is made to an officer or employee of the Federal Government:

(1) Primarily in recognition of religious, charitable, scientific, educational, artistic, literary, or civic achievement;

(2) Based on a selection process with established criteria, and which process does not require the Federal officer or employee to apply for or compete for the award;

(3) Gratuitously under circumstances which make clear that the Federal officer or employee is not required to make an appearance or speech, or write an article as a condition for receiving the award; and

(4) Under circumstances where there is no significant evidence indicating that the award is made in lieu of an honorarium or a contribution.

The foregoing are not necessarily exhaustive of the criteria for distinguishing an award from an honorarium, but do provide pertinent guidance applicable to Senator Humphrey's particular situation.

In order to determine whether the "Joseph Prize for Human Rights" is an award, it is necessary for the Commission to examine the nature of this prize. The Commission has been informed that the Joseph Prize is an established international award which is presented annually, or as the occasion warrants, to those persons whose life's work has been the improvement of human relations and the preservation or growth of human rights. The Joseph Prize for Human Rights was established to promote the development of democratic institutions and practices which may enrich the human spirit. The Prize is intended to celebrate the efforts of current leaders who seek the establishment of human rights.

In light of the nature of the Joseph Prize and the Commission's policy distinction between an award and an honorarium, it is the opinion of the Commission that the Joseph Prize is a monetary award which does not constitute an honorarium. Thus it may be accepted by Senator Humphrey for his personal use, or donated by the Senator to a charity, without regard to the limitations on honoraria provided in 18 U.S.C. § 616.

This advisory opinion is issued only on an interim basis pending the promulgation by the Commission of rules and regulations, or policy statements, of general applicability.

ADVISORY OPINION 1975–93

DATE WHEN HONORARIUM RECEIVED

This advisory opinion is issued pursuant to 2 U.S.C. § 437f. The request was published on November 4, 1975 in the FEDERAL REGISTER, 40 FR 51357. Interested persons were invited to submit written comments. No comments were received.

This request was submitted by Congresswoman Bella S. Abzug. She states that in 1974 she contracted to speak at Chatham College for an honorarium of $2,000; that she fulfilled this engagement in November 1974 but was not paid until 1975. She asks two questions. First, whether she may accept the full $2,000 without violating 18 U.S.C. § 616. Second, whether the honorarium will count against the $15,000 aggregate limit in 1975 and, if so, what amount will be charged against that limit.

The Commission answers the first question in the affirmative and the second in the negative. Ms. Abzug's engagement in 1974 was made prior to the effective date of the Federal Election Campaign Act Amendments of 1974 and had she been paid in 1974 it would not have come within the restrictions of § 616. Therefore, the Commission will not consider Ms. Azbug's receipt of her agreed honorarium in 1975 as applicable to the $1,000 or $15,000 limits under 18 U.S.C. § 616.

This advisory opinion is rendered on an interim basis pending promulgation of final rules and regulations or policy statements of general applicability.

Dated: December 5, 1975.

VERNON W. THOMSON,
Commissioner,
Federal Election Commission.

[FR Doc.75-33569 Filed 12-15-75;8:45 am]

[Notice 1975–92, AOR 1975–112—AOR 1975–118]

ADVISORY OPINION REQUESTS

In accordance with the procedures set forth in the Commission's Notice 1975–4, published on June 24, 1975 (40 FR 26660), Advisory Opinion Requests 1975–112 through 1975–118 are published today.

Interested persons wishing to comment on the subject matter of any Advisory Opinion Request may submit written views with respect to such requests on or before December 26, 1975. Such submission should be sent to the Federal Election Commission, Office of General Counsel, Advisory Opinion Section, 1325 K Street, NW., Washington, D.C. 20463. Persons requiring additional time in which to respond to any Advisory Opinion Request will normally be granted such time upon written request to the Commission. All timely comments received by the Commission will be considered by the Commission before it issues an advisory opinion. The Commission recommends that comments on pending Advisory Opinion Requests refer to specific AOR number of the Request commented upon, and that statutory references be to the United States Code citations, rather than to the Public Law Citations.

AOR 1975–112: Payment by Bank of Travel Expenses of Members of Congress in Connection with a Bank-Sponsored Forum; Use of Political Action Committee Funds; Payment of Costs of Forum; Determination of Member's Candidacy (Request Edited by the Commission).

DEAR MR. CHAIRMAN: We would like to request an advisory opinion on the legality of our paying the travel expenses of Members of Congress appearing at Congressional Forums sponsored by [Security Pacific National Bank] as part of its Active Citizenship Today (ACT) program.

• • • • • •

• • • ACT has recently registered a political action committee with the Commission which will be available for employees wishing to make financial contributions to candidates for local, state and Federal office.

As part of our ACT educational effort, we have held a series of Congressional Forums for our branch managers in congressional districts where we have a significant number of offices. Managers of all branches located in a given Congressional District are invited to a dinner, paid for by the Bank, where they have the opportunity to meet the Congressman from that district and chat informally with him. Following dinner the Congressman makes brief remarks and then responds to questions from the audience for thirty to forty minutes. We emphasize that these Forums are private and off-the-record with no members of the press present and no media releases prepared either by us or the Congressman.

In the past, the Bank has paid or reimbursed the Member of Congress for travel expenses associated with appearances at these Congressional Forums. No honorarium is given. Commission Advisory Opinions 1975–8 and 1975–13 appear to raise questions about paying such travel expenses from corporate funds. We are particularly concerned about the language of AO 1975–8 relating to appearances before "substantial numbers of people, comprising a part of the electorate with respect to which the individual is a Federal candidate."

The following facts relate to the Congressional Forum program:

1. The dinner is by invitation only. Only Security Pacific employees are present. Remarks are off-the-record and no publicity release is made.

2. Only managers of branches within the physical confines of a given Congressional District are invited. The number attending is typically between 35 and 50.

3. Due to the commuting pattern in the Los Angeles area, many of the managers attending do not reside in the same Congressional District in which they work and therefore are not constituents of the Congressman appearing at the meeting. The number of non-constituents attending varies in each case depending on location and work arrangements.

4. At these meetings, the majority of time is spent in the question and answer session with the discussion focusing on legislative and governmental policy issues of interest to the attendees in their capacity as branch bank managers. Questions are not submitted for advance screening by the Congressman.

Given the foregoing facts, we would like to have answers to the following questions:

1. May the Bank pay or reimburse the travel expenses of the Congressman appearing at the Forum?

2. What constitutes a "substantial number of people" in the context of AO 1975–8?

3. If the answer to Question 1 is affirmative, must the Bank determine who among the invited managers actually reside in the District, and therefore are constituents, to determine whether or not such a payment from corporate funds may be legally made?

4. If the answer to Question 1 is negative, may such expenses be paid by the ACT employee contribution fund with such payments being reported as political contributions?

5. Is it legal for the Bank to pay from corporate funds the cost of the meeting room, meals and refreshments consumed at the meeting?

6. When should the determination as to the Congressman's declaration of candidacy be made? When our invitation is extended? When the Congressman appears and addresses the Forum? When payment for transportation and expenses are made?

7. Assuming that the Congressman is not a candidate, does the fact that while traveling to or from our Forum he addresses a political gathering or accepts a political contribution change the legality of the payment?

RICHARD F. MCADOO.

AOR 1975—113: Political Committee's Reimbursement For Personal Services (In-Kind Contributions). (Request Edited by the Commission).

DEAR CHAIRMAN CURTIS: [I request an advisory opinion on] • • • certain procedures which have been instituted by The President Ford Committee ("PFC") to assure that all personal services provided the PFC by (a) individuals, generally, and (b) by corporate, national bank, or labor organization employees, officials, or officers, specifically, are furnished in such a manner as to conform with the Federal election campaign law.

• • • • • •

[In our view, the Commission has previously indicated that] . . . under certain circumstances, an individual may engage in voluntary campaign activity during working hours on a compensatory time arrangement or basis without such personal services being considered an "in-kind" contribution. Absent a showing that such personal services were provided during the individual's personal time or that the organization will be reimbursed on a compensatory time basis, it would appear that the personal services would constitute an "in-kind" contribution to the political committee.

• • • • • •

• • • Before an individual is permitted to perform any personal services for the PFC, we will conduct review of the individual's employment status and, in particular, the nature and method of the individual's form of compensation. We intend to exclude from such compensation any indirect and normal fringe benefits paid by the individual's employer (e.g. medical, dental, disability, life and other forms of insurance, pension and stock option or savings plans), since such benefits are difficult to compute and any requirement that would mandate the exclusion of these benefits would unduly and unfairly penalize the individual for participating in the political arena. The wage or salary data will then be analyzed to determine the dollar value which may reasonably be considered an "in-kind" contribution and if that time spent on PFC business would not be made up within a reasonable period, a periodic reimbursement program will be established. In other words, if the individual is not volunteering on his own time or he does not plan to make up this time within a reasonable period, the PFC will reimburse the individual's employer for any salary or other direct compensation paid by that corporation, bank or labor organization. In effect, the individual will become an "independent contractor" for such purposes during the time the PFC reimburses his or her employer.

In order to illustrate the procedures which have been instituted, the following examples are hereby submitted.

First, Dean Burch, Esquire, a member of the Washington, D.C. law firm of Pierson, Ball and Dowd, provides personal services to the PFC on a volunteer basis. Mr. Burch, in his capacity as the Chairman of the PFC Advisory Board, spends approximately ten hours per week on PFC related matters. A portion of the services are provided during his normal work day. Therefore, pursuant to the proposed Title 2 regulations, Mr. Burch has agreed to make up such firm time within a reasonable period in order that it not be considered an "in-kind" contribution by Messrs. Pierson, Ball and Dowd. To actuate this program, Mr. Burch plans to supplement his normal working hours with extra, firm-related, work accomplished during his normal lunch hours, before and after normal working hours or weekends. Any identifiable administrative support provided (e.g. photocopying and telephone tolls), other than incidental support of a *de minimus* nature, will be reimbursed to his law firm by the PFC.

Second, the PFC has recently retained Mr. David Owen of Overland Park, Kansas, as its Great Plains Regional Coordinator. Mr. Owen, in addition to being a partner in a number of limited partnerships and an officer in a corporation, is the President and Chairman of the Board of the First National Bank of Shawnee Mission in Kansas. In return for his personal services, the bank compensates Mr. Owen with a yearly salary, insurance commissions, a car allowance

V40242 DEC 16 75 XUM

and normal medical/health fringe benefits.

Following the aforementioned reimbursement program, the PFC will reimburse the Shawnee Mission Bank an appropriate *pro rata* share of Mr. Owen's salary for the time he spends as our field coordinator. In addition to his salary, Mr. Owen receives a car allowance and a medical benefits program from the Shawnee Mission bank. However, as stated above, it is our position that this car allowance and the other fringe benefits should not be deemed an "in-kind" contribution and, therefore, need not be reimbursed by the PFC.

As previously noted, Mr. Owen has other business interests, specifically in the areas of real estate and cattle raising. He has informed us that he presently spends only 10 hours per week in connection with such other interests and that he plans to continue spending 10 hours per week of his spare time on these interests. Thus, no "in-kind" contribution will be deemed to have been made to the PFC by Mr. Owen's other businesses.

In conclusion, based on the aforementioned facts, • • • it is the position of the PFC that no "in-kind" contribution will be rendered by either the Shawnee Mission bank or Messrs. Pierson, Ball and Dowd, or any other individual, corporation, national bank or labor organization which compensates an employee such as Mr. Owen or Mr. Burch while such an individual provides personal services to the PFC.

• • • [T]he PFC hereby requests the Commission to render an Advisory Opinion with respect to whether the aforementioned specific transactions and activities, including the proposed PFC procedures and reimbursement program, are in accordance with the Federal election campaign laws.

• • • • •

ROBERT P. VISSER,
General Counsel

T. TIMOTHY RYAN,
Assistant General Counsel.

Source: Robert P. Visser, General Counsel, T. Timothy Ryan, Assistant General Counsel, President Ford Committee, 1828 L Street, NW., Suite 250, Washington, D.C. 20036. (November 26, 1975.)

AOR 1975–144: Application of Contribution and Spending Limits to Unauthorized Effort to Draft Presidential Candidate (Request edited by Commission).

This letter concerns an area in which clarification is needed from your Commission on the Federal Election Laws, as they were modified by the 1974 amendments.

Section 608(e) reads: *Expenditures relative to clearly identified candidate.* No person may make any expenditure (other than an expenditure made by or on behalf of a candidate within the meaning of subsection (c)(2)(B)) relative to a clearly identified candidate during a calendar year which, when added to all other expenditures made by such person during the year advocating the election or defeat of such candidate, exceeds $1,000.

Some of us are considering promoting the candidacy of United States Senator Hubert Humphrey, forming a Draft Humphrey for President Committee. . . . Senator Humphrey has declared that he is not a candidate and does not intend to become a candidate, though he would become a candidate if selected by the Democratic convention.

Polls show that among Democratic voters he now is the first choice. Yet if Section 608(e) would be applied to a committee formed to try to draft him, since he will not approve any expenditure or effort on his behalf on our part, in effect our voice would be muted. That clearly is not the intent of the law.

If such a limitation would apply to such committee activities, citizens will be effectively denied their right to express their choice for a possible nominee. Only announced or acknowledged candidates would be allowed to receive any organized support.

We could proceed on the assumption that Section 608(e) does not apply in our case since he is not a "clearly identified candidate" and I assume we would be living up to the letter of the law, though not its spirit.

From a technical standpoint that may be the correct answer, since he does not fall under the definition of candidate in Section 591(b):

A "candidate" means an individual who seeks nomination for election, or election, to a Federal office, whether or not such individual is elected, and, for purposes of this paragraph, an individual shall be deemed to seek nomination for election, or election, to Federal office if he has—

(1) Taken the action necessary under the law of a State to qualify himself for nomination for election, or election; or

(2) Received contributions or made expenditures, or has given his consent for any other person to receive contributions or make expenditures, with a view to bringing about his nomination for election, or election, to such office; . . .

If your Commission should rule that Section 608(e) is not applicable in our circumstance, we would comply with the spirit of the law and file detailed financial data with you.

I am not arguing that "draft" movements should be allowed to operate lavishly while an unannounced candidate waits silently in the wings, benefiting from the fiction that he or she is not a contestant for Federal office. However, on occasion, strong sentiment for an individual does build up, ouside the normal channels of the political process. An overly restrictive interpretation of the campaign expenditure provisions of the 1974 amendments would negate efforts to demonstrate to a potential candidate and his potential backers) that a certain level of support does exist. . . .

It seems to me your Commission must recognize both the intent of the law and its letter.

The intent of the law is to bring into the open our political processes, limit the amounts which can be spent, and under certain circumstances to make candidates eligible for matching funds.

A reasonable interpretation would appear to be a ruling by your Commission that

1. Committees which attempt to draft candidates for federal office are subject to the same reporting and acounting procedures as federal candidates.

2. The restriction to a $1,000 expenditure does not apply to a committee attempting to draft a candidate.

3. The "draft" mechanism cannot be used as a means to evade limitations on expenditures in behalf of a candidate.

4. Any money received by a "draft committee" cannot be considered for matching federal funding.

PAUL SIMON,
U.S. Congressman.

AOR 1975—115: Waiver of Reporting Requirements for a Local Political Committee (Request Edited by the Commission).

GENTLEMEN:

• • • • •

I represent the DuPage County Republican Central Committee, whose headquarters are at 224 South Washington Street, Wheaton, Illinois 60187. The Committee was granted a waiver of the requirement that it file periodic disclosure reports, by both the Clerk of the House of Representatives and the Secretary of the Senate. I [request an advisory opinion on whether] those waivers still hold.

The waivers were based on that section of the law exempting those committees whose activities, contributions and expenditures are substantially local in nature—in this case, primarily support of county and state officials and candidates.

However, the committee also supports two candidates for the U.S. House of Representatives, and a candidate for the U.S. Senate, within the county, as well as a presidential candidate, when he runs.

Federal law prohibits the making of contributions by corporations to candidates for Federal office. However, Illinois law does not prohibit corporate contributions to committees or candidates for county or state office.

The question, then, which arises • • • is this:

May the committee accept contributions from corporations, based on the waivers from the law granted to the committee, even though a portion of those contributions may, in fact, be ultimately spent on behalf of, or even be given to, candidates for Federal office?

THOMAS C. KELLEGHAN,
General Counsel.

AOR 1975—116: Registration and Reporting Requirements of County Committees (Request Edited by the Commission).

GENTLEMEN: The undersigned is Treasurer of the Oklahoma Republican State Committee ("State Committee"). • • • We are • • • requesting an advisory opinion concerning • • • procedures on reporting and disclosure of campaign funds [by] Federal nonregistered Oklahoma county committees • • •.

A non-registered county committee accept[s] contributions during a calendar year exceeding $1,000.00. Such contributions are made in the name of the county as well as the Oklahoma Republican Party but are not earmarked in any way, such as operating fund or candidate reserve fund. The county committee in turn transfers such contributions to the State Committee which in time transfers part of the state funds to a Federal candidate.

Does this procedure make a nonregistered county committee a political committee as defined by the Federal Campaign Act and subject to FEC registration and reporting?

HORACE K. CALVERT

AOR 1975—117: Application of Contribution and Expenditure Limitations to Political Committee's Mailing Project (Request Edited by the Commission).

DEAR CHAIRMAN CURTIS: • • • Young America's Campaign Committee is a political committee which is registered and has filed reports.

• • • • •

No member of the Board of Directors is engaged in any capacity in support of any person who is a candidate for nomination or election to the office of President or Vice-President of the United States.

Young America's Campaign Committee does not support any person for nomination or election to the office of President of the United States. The Committee does not seek contributions from anyone for the purpose of supporting a person for nomination or election to the office of President or Vice-President of the United States.

In October, the committee approved a project known as "Citizens Against Kennedy." In the early part of this month, the Committee made a mailing in the nature of the fund-raising appeal to approximately 61,000 addresses throughout the country. • • •

The Committee has neither sought nor obtained the consent nor approval with respect to the project known as "Citizens Against Kennedy" from any person seeking nomination or election to the office of President or Vice-President of the United States.

On the basis of all available evidence to the Committee, Senator Kennedy is not a candidate for nomination or election to the office of President of the United States.

In view of these circumstances and the facts which have been presented to you, the Committee asks for an advisory opinion with respect to whether • • • it is bound by any limitation on the receipt of contributions and the making of expenditures with respect to the Committee's project, known as "Citizens Against Kennedy."

RONALD ROBINSON.

AOR 1975—118: Establishment and Administration of Separate Segregated Fund by a Corporation (Request Edited by the Commission).

DEAR SIRS: This is a request for an advisory opinion pursuant to Section 437f of Title 2 of the U.S. Code.

Metropolitan Life Insurance Company ("Metropolitan") is a Federal contractor and intends to establish a separate segregated fund for political purposes as permitted under Sections 610 and 611 of Title 18 of the U.S. Code, as amended. It is contemplated that the fund will make contributions to candidates for Federal and local election, to committees supporting such candidates and for other political purposes. Prior to any solicitation or acceptance of contributions, the fund will register with the Commission. It will maintain all records and file all reports required under applicable Federal law and regulations.

Initially, all monthly paid employees of Metropolitan, the present minimum annual salaries in this group being $17,000, will be encouraged to become members of the fund, membership being automatic on their contributing thereto. Participation by other employees may later be solicited. Members will be permitted to designate the recipients of their contributions but they would be offered the option to permit the fund's officers—who are also the members of its Steering Committee—to designate the recipients of any funds which are not earmarked for specific candidates or purposes.

It is contemplated that a general solicitation will be made and payroll deductions will be permitted. Naturally, the decision to contribute or not will be purely voluntary and it will be stressed that no coercion may be brought to bear on any person to contribute.

I enclose proposed by-laws for the fund, together with membership and payroll deduction forms.

We would appreciate your opinion as to whether the fund, if operated along the lines described above and in the enclosures, accords with the requirements of applicable Federal law.

FEDERAL ELECTION COMMISSION

[Notice 1975–94]

ADVISORY OPINIONS

The Federal Election Commission announces the publication today of Advisory Opinions 1975–63 and 1975–75. The Commission's opinions are in response to questions raised by individuals holding Federal office, candidates for Federal office and political committees, with respect to whether any specific transaction or activity by such individual, candidate, or political committee would constitute a violation of the Federal Election Campaign Act of 1971, as amended, of Chapter 95 or Chapter 96 of Title 26, United States Code, or of Sections 608, 610, 611, 613, 614, 615, 616, or 617 of Title 18, United States Code.

The Commission points out that these advisory opinions should be regarded as interim rulings which are subject to modification by future Commission regulations of general applicability. In the event that a holding in either opinion is altered by the Commission's regulations, the persons to whom the opinions were issued will be notified.

ADVISORY OPINION 1975–63

HONORARIUMS TO FEDERAL OFFICEHOLDERS APPEARING AT NON-CAMPAIGN FUNDRAISER

This advisory opinion is rendered under 2 U.S.C. § 437f in response to a request for an advisory opinion which was submitted by "Womenfor," a registered political committee and published as AOR 1975–63 in the FEDERAL REGISTER for September 18, 1975. Interested parties were given an opportunity to submit written comments relating to the request. No comments were received.

The request poses the question of whether an honorarium paid to a Member of Congress for speaking at a fundraising luncheon sponsored by a registered political committee, must be treated as a political contribution. The request asks the same question with respect to the reimbursement of travel expenses to the speaker and to the speaker's spouse.

The Commission has been informed that the speaker was Representative Bella Abzug who appeared before a luncheon audience in California that was not comprised of her constituents. At the time of the luncheon (October 13,

V 40242 DEC 16 75 XUM

1975) Representative Abzug had become a candidate in New York for election to the U.S. Senate and re-election to the House of Representatives under the definition in 2 U.S.C. § 431(b) and 18 U.S.C. § 591(b).

A contribution is defined in 2 U.S.C. § 431(e) and 18 U.S.C. § 591(e) as a gift, subscription, loan, advance, deposit of money, or anything of value made for the purpose of "influencing the nomination for election or election of any person to Federal Office." Thus, in certain circumstances, an honorarium and accompanying travel expenses can also be a contribution. The Commission has expressly characterized an honorarium paid by a political committee as a contribution in those circumstances where: (1) the individual is a candidate for Federal office; and (2) the audience for the speech or appearance is comprised in substantial part of individuals from the electorate with respect to which the individual is a Federal candidate. See AO 1975–20, Part 7, 40 FR 45292 (October 1, 1975).

As the Commission's information on Womenfor's fundraising luncheon clearly shows that the speaker's audience was not a part of the electorate with respect to which she is a Federal candidate; neither the honorarium nor the reimbursement for actual travel expenses for the speaker and the speaker's spouse constitutes a contribution as defined in 2 U.S.C. § 431(e) and 18 U.S.C. § 591(e). Thus, the honorarium is subject only to the limitations of 18 US.C. § 616. Womenfor is a reporting political committee under the Act and is required to disclose the honorarium and travel expenses in the appropriate report to the Commission, even though these disbursements are not considered by the Commission as a "contribution" or "expenditure."

The Commission emphasizes that all situations where a political committee pays an honorarium and/or actual travel expenses to or on behalf of a Federal candidate are subject to examination or audit for any implications that the "honorarium" is in fact paid and treated by the recipient as made for the purpose of "influencing" the recipient's nomination or election to Federal office, 2 U.S.C. § 431 (e), (f) and 18 U.S.C. § 591 (e), (f). At a future date the Commission intends to establish additional criteria as to when an honorarium paid by a political committee will be treated as a "contribution" or "expenditure."

This advisory opinion is issued only on an interim basis pending the promulgation by the Commission of rules and regulations or policy statements of general applicability.

ADVISORY OPINION 1975–75

CONTRIBUTIONS FROM NONPROFIT INCORPORATED ORGANIZATIONS OF PROFESSIONALS

The Federal Election Commission issues this advisory opinion under 2 U.S.C. § 437f in response to a request submitted by the American Dental Political Action Committee (ADPAC). The request was published by the Commission in the FEDERAL REGISTER on October 1, 1975 (40 FR 45294). Interested persons were given an opportunity to submit comments relating to the request. No comments were received.

ADPAC is an unincorporated political committee which supports candidates for Federal office and which has registered as a political committee with the Commission. ADPAC inquires whether the Legislative Interest Committee of Illinois Dentists (LICID) is prohibited from making contributions by 18 U.S.C. § 610, and whether it may accept contributions from LICID. LICID is a nonprofit organization, incorporated for liability purposes only, whose only function in the past was to support candidates for the Illinois legislature. LICID now anticipates making contributions to and independent expenditures on behalf of Federal candidates.

The Commission previously issued an advisory opinion, AO 1975–16, which stated in part, that "If a non-profit organization is created expressly and exclusively to engage in political activities, however, and has incorporated for liability purposes only, the general prohibitions in Section 610 will not apply." Thus, the mere fact of LICID's incorporation does not prohibit it from making contributions and expenditures to or on behalf of Federal candidates.

However, in order to contribute to Federal candidates or political committees [as defined in 2 U.S.C. § 431(d) and 18 U.S.C. § 591(d)] LICID must comply with either of the following alternative courses of action. Compliance with one of the alternatives is necessary since some of LICID's funds are apparently paid or donated by corporations. The alternatives are:

(1) If LICID intends to make contributions to non-Federal and Federal candidates from one general fund, it must:

(a) File a Statement of Organization as a political committee under 2 U.S.C. § 433;

(b) Disclose the sources of all monies in its general fund in its first report required under 2 U.S.C. § 434;

(c) Return all monies, whether dues or contributions, which were paid or contributed in violation of relevant Federal law including 18 U.S.C. §§ 608, 610, 611, 613, 614, and 615, and thereafter refuse to accept such monies at any time;

(d) Report all receipts and disbursements, Federal or non-Federal, pursuant to 2 U.S.C. § 434 and the Commission's future regulations on disclosure.

(2) LICID may otherwise establish a separate Federal campaign committee for the purpose of making contributions or expenditures in connection with Federal elections, and ADPAC may receive contributions from this committee subject to the following:

(a) The separate committee may not receive contributions other than contributions designated by the donor for such committee or where the solicitation expressly states that such contribution will be used for Federal elections;

(b) All contributions to the committee will be subject to the limitations of 18 U.S.C. § 608(b) and the prohibitions of 18 U.S.C. §§ 610, 611, 613, 614 and 615;

(c) The committee may receive other contributions, in the form of transfers, only from another Federal campaign committee or political committee [2 U.S.C. § 431(d) and 18 U.S.C. § 591(d)];

(d) LICID shall file a Statement of Organization with the Commission and shall file reports of contributions received by and expenditures made from the Federal committee pursuant to 2 U.S.C. §§ 433, 434 and the Commission's future regulations on disclosure.

(e) LICID must pay the expenses of establishing, administering and soliciting contributions to the separate Federal campaign committee only from monies properly in this committee.

It should be noted, however, that although an incorporated non-profit political committee is not subject to the prohibitions of § 610, the treasurer and the chairman of such a political committee nevertheless remain personally responsible for carrying out their respective duties as contemplated by the Federal Election Campaign Act of 1971, as amended. The fact of incorporation does not absolve those officers of any liability imposed upon them under the Act, implementing regulations, and pertinent provisions of Title 18, United States Code.

This advisory opinion is issued on an interim basis pending promulgation by the Commission of rules and regulations or policy statements of general applicability.

Dated: December 10, 1975.

THOMAS B. CURTIS,
Chairman for the
Federal Election Commission.

PART III:

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Office of Education

UPWARD BOUND PROGRAM

SPECIAL SERVICES FOR DISADVANTAGED STUDENTS PROGRAM

TALENT SEARCH PROGRAM

Proposed Rules

V 40 242 DEC 16 75 XUM

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

Office of Education

[45 CFR Part 155]

UPWARD BOUND

Notice of Proposed Rulemaking

In accordance with section 503 of the Education Amendments of 1972 (Pub. L. 92-318) and pursuant to the authority contained in Title IV-A-4 of the Higher Education Act of 1965, as amended, (20 U.S.C. 1070d—1070d-1), the Commissioner of Education, with the approval of the Secretary of Health, Education, and Welfare, proposes to revise Part 155 of Title 45 of the Code of Federal Regulations, which governs the administration of the Upward Bound Program, to read as set forth below.

1. *Program purpose.* The Upward Bound Program, authorized by Section 417B of the Higher Education Act, is designed to generate skills and motivation necessary for success in education beyond high school for low-income students with inadequate secondary school preparation. Upward Bound projects provide a summer residential program during which participants receive (1) intensive instruction in basic communication skills, such as reading, public speaking and writing, mathematics and science, and (2) guidance and counseling with regard to educational and career opportunities. Such projects also provide, during the school year, tutoring and counseling services.

The goal of the program and projects funded under this part is to increase the academic performance and motivational levels of eligible enrollees so that such persons may complete secondary school and successfully pursue postsecondary educational programs.

2. *Section 503 procedures and effect.* Section 503 of the Education Amendments of 1972 requires the Commissioner to study all rules, regulations, guidelines, or other published interpretations or orders issued by him or by the Secretary after June 3, 1965, in connection with, or affecting, the administration of Office of Education programs; to report to the Committee on Labor and Public Welfare of the Senate and the Committee on Education and Labor of the House of Representatives concerning such study; and to publish in the FEDERAL REGISTER such rules, regulations, guidelines, interpretations, and orders, with an opportunity for public hearing on the matters so published. The regulations proposed below reflect the results of this study as it pertains to the Upward Bound Program. Upon publication of the revised Part 155 in final form, after comments and hearing, all preceding rules, regulations, guidelines, and other published interpretations and orders issued in connection with or affecting the Upward Bound Program will be superseded, effective 30 days after such publication.

3. *Effect of Office of Education general provisions regulations.* The proposed regulations do not include provisions relating to general fiscal and administrative matters which are covered in the overall Office of Education general provisions regulation, (45 CFR 100a).

4. *Citations of legal authority.* As required by section 431(a) of the General Education Provisions Act (20 U.S.C. 1232 (a)) and section 503 of the Education Amendments of 1972, a citation of statutory or other legal authority for each section of the regulations has been placed in parentheses on the line following the text of the section.

On occasion, a citation appears at the end of a subdivision of the section. In that case the citation is to all that appears in that section between the citation and the next preceding citation. When the citation appears only at the end of the section, it applies to the entire section.

5. *Opportunity for public hearing.* Pursuant to Section 503(c) of the Education Amendments of 1972, the Commissioner will provide interested parties an opportunity for a public hearing on these regulations. Hearings will be held in the following places on the dates below and will commence at 10:00 a.m. on each of the days specified.

a. Washington, D.C.

Auditorium—Regional Office Building Three, 7th and D Streets, S.W., Washington, D.C. 20202

Public hearing will be held on January 12, 1976.

b. Dallas Texas.

Room 1130–1132, 1200 Main Tower Building, Dallas, Texas 75202

Public hearing will be held on January 12, 1976.

c. San Francisco, California.

Room 15018, Federal Office Building, 450 Golden Gate Avenue, San Francisco, California 94102.

Public hearing will be held on January 12, 1976.
